The quantity of individual component materials required for each item shall be determined and maintained in a database. The total quantities of materials shall be determined by multiplying the quantities of component materials for each contract item of work by the total quantities of each contract item for each letting. The director is further authorized to take other actions reasonably required to implement the pro-

visions set forth in this chapter. Other actions authorized by this section include, but are not limited to, the adoption of rules and the joint procurement, with other member states, of goods and services in furtherance of the cooperative agreement.

**423.11 Agreement requirements.**

The director shall not enter into the agreement unless the agreement requires each state to abide by the following requirements:

1. *Uniform state rate.* The agreement must set restrictions to achieve more uniform state rates through the following:

- a. Limiting the number of state rates.
- b. Limiting the application of maximums on the amount of state tax that is due on a transaction.
- c. Limiting the application of thresholds on the application of state tax.

2. *Uniform standards.* The agreement must establish uniform standards for the following:

- a. The sourcing of transactions to taxing jurisdictions.
- b. The administration of exempt sales.
- c. The allowances a seller can take for bad debts.
- d. Sales and use tax returns and remittances.

3. *Uniform definitions.* The agreement must require states to develop and adopt uniform definitions of sales and use tax terms. The definitions must enable a state to preserve its ability to make policy choices not inconsistent with the uniform definitions.

4. *Central registration.* The agreement must provide a central, electronic registration system that allows a seller to register to collect and remit sales and use taxes for all member states.

5. *No nexus attribution.* The agreement must provide that registration with the central registration system and the collection of sales and

use taxes in the member states must not be used as a factor in determining whether the seller has nexus with a state for any tax.

6. *Local sales and use taxes.* The agreement must provide for reduction of the burdens of complying with local sales and use taxes through the following:

- a. Restricting variances between the state and local tax bases.
- b. Requiring states to administer any sales and use taxes levied by local jurisdictions within the state so that sellers collecting and remitting these taxes must not have to register or file returns with, remit funds to, or be subject to independent audits from local taxing jurisdictions.
- c. Restricting the frequency of changes in the local sales and use tax rates and setting effective dates for the application of local jurisdictional boundary changes to local sales and use taxes.

d. Providing notice of changes in local sales and use tax rates and of changes in the boundaries of local taxing jurisdictions.

7. *Monetary allowances.* The agreement must outline any monetary allowances that are to be provided by the states to sellers or certified service providers.

8. *State compliance.* The agreement must require each state to certify compliance with the terms of the agreement prior to joining and to maintain compliance, under the laws of the member state, with all provisions of the agreement while a member.

9. *Consumer privacy.* The agreement must require each state to adopt a uniform policy for certified service providers that protects the privacy of consumers and maintains the confidentiality of tax information.

10. *Advisory councils.* The agreement must provide for the appointment of an advisory council of private sector representatives and an advisory council of nonmember state representatives to consult with in the administration of the agreement.

2. A person shall not have any cause of action or defense under the agreement or by virtue of this state's entry into the agreement. A person may

##### **423.14 Sales and use tax collection.**

1. *a.* Sales tax, other than that described in paragraph “c”, shall be collected by sellers who are retailers or by their agents. Sellers or their agents shall, as far as practicable, add the sales tax, or the average equivalent thereof, to the sales price or charge, less trade-ins allowed and taken and when added such tax shall constitute a part of the sales price or charge, shall be a debt from consumer or user to seller or agent until paid, and shall be recoverable at law in the same manner as other debts.

*b.* In computing the tax to be collected as the result of any transaction, the tax computation must be carried to the third decimal place. Whenever the third decimal place is greater than four, the tax must be rounded up to the next whole cent; whenever the third decimal place is four or less, the tax must be rounded downward to a whole cent. Sellers may elect to compute the tax due on transactions on an item or invoice basis. Sellers

are not required to use a bracket system.

*c.* The tax imposed upon those sales of motor vehicle fuel which are subject to tax and refund under chapter 452A shall be collected by the state treasurer by way of deduction from refunds otherwise allowable under that chapter. The treasurer shall transfer the amount of such deductions from the motor vehicle fuel tax fund to the special tax fund.

2. Use tax shall be collected in the following manner:

*a.* The tax upon the use of all vehicles subject to registration or subject only to the issuance of a certificate of title or the tax upon the use of manufactured housing shall be collected by the county treasurer or the state department of transportation pursuant to sections 423.26 and 423.27. The county treasurer shall retain one dollar from each tax payment collected, to be credited to the county general fund.

*b.* The tax upon the use of all tangible personal property other than that enumerated in paragraph “a”, which is sold by a seller who is a retailer maintaining a place of business in this state, or by such other retailer or agent as the director shall authorize pursuant to section 423.30, shall be collected by the retailer or agent and remitted to the department, pursuant to the provisions of paragraph “e”, and sections 423.24, 423.29, 423.30, 423.32, and 423.33.

*c.* The tax upon the use of all tangible personal property not paid pursuant to paragraphs “a” and “b” shall be paid to the department directly by any person using the property within this state, pursuant to the provisions of section 423.34.

*d.* The tax imposed on the use of services enumerated in section 423.5 shall be collected, remitted, and paid to the department of revenue in the same manner as use tax on tangible personal property is collected, remitted, and paid under this subchapter.

*e.* All persons obligated by paragraph “a”, “b”, or “d”, to collect use tax shall, as far as practicable, add that tax, or the average equivalent thereof, to the purchase price, less trade-ins allowed and taken, and when added the tax shall constitute a part of the purchase price. Use tax which this section requires to be collected by a retailer and any tax collected pursuant to this section by a retailer shall constitute a debt owed by the retailer to this state. Tax which must be paid directly to the department, pursuant to paragraph “c” or “d”, is to be computed and added by the consumer or user to the purchase price in the same manner as this paragraph requires a seller to compute and add the tax. The tax shall be a debt from the consumer or user to the department until paid, and shall be recoverable at law in the same manner as other debts.

**423.15 General sourcing rules.**

All sellers obligated to collect Iowa sales or use tax shall use the standards set out in this section to determine where sales of products occur, excluding sales enumerated in section 423.16. These provisions apply regardless of the characterization of a product as tangible personal property, a digital good, or a service, excluding telecommunications services. This section only applies to determine a seller's obligation to pay or collect and remit a sales or use tax with respect to the seller's sale of a product. This section does not affect the obligation of a purchaser or lessee to remit tax on the use of the product to the taxing jurisdictions in which the use occurs. A seller's obligation to collect Iowa sales tax or Iowa use tax only occurs if the sale is sourced to this state. The application of whether Iowa sales tax applies to sales sourced to Iowa depends upon where the sale is consummated by delivery.

1. Sales, excluding leases or rentals other than leases or rentals set out in subsection 2, of products shall be sourced as follows:

a. When the product is received by the purchaser at a business location of the seller, the sale is sourced to that business location.

b. When the product is not received by the purchaser at a business location of the seller, the sale is sourced to the location where receipt by the purchaser or the purchaser's donee, designated as such by the purchaser, occurs, including the location indicated by instructions for delivery to the purchaser or donee, known to the seller.

c. When paragraphs "a" and "b" do not apply, the sale is sourced to the location indicated by an address for the purchaser that is available from the business records of the seller that are maintained in the ordinary course of the seller's business when use of this address does not constitute bad faith.

d. When paragraphs "a", "b", and "c" do not apply, the sale is sourced to the location indicated by an address for the purchaser obtained during the consummation of the sale, including the address of a purchaser's payment instrument, if no other address is available, when use of this address does not constitute bad faith.

e. When paragraphs "a", "b", "c", and "d" do not apply, including the circumstance where the seller is without sufficient information to apply the previous rules, then the location will be determined by the address from which tangible personal property was shipped, from which the digital good or the computer software delivered electronically was first available for transmission by the seller, or from which the service was provided disregarding for these purposes any location that merely provided the digital transfer of the product sold.

2. The lease or rental of tangible personal property, other than property identified in subsection 3 or section 423.16, shall be sourced as follows:

a. For a lease or rental that requires recurring periodic payments, the first periodic payment is sourced the same as a retail sale in accordance with the provisions of subsection 1. Periodic payments made subsequent to the first payment are sourced to the primary property location for each period covered by the payment. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. The property location shall not be altered by intermittent use at different locations, such as use of business property that accompanies employees on business trips and service calls.

b. For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subsection 1.

c. This subsection does not affect the imposition or computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis, or on the acquisition of property for lease.

3. The retail sale, including lease or rental, of transportation equipment shall be sourced the same as a retail sale in accordance with the provisions of subsection 1, notwithstanding the exclusion of lease or rental in that subsection. "Transportation equipment" means any of the following:

a. Locomotives or railcars that are utilized for the carriage of persons or property in interstate commerce.

b. Trucks and truck-tractors with a gross vehicle weight rating of ten thousand one pounds or greater, trailers, semitrailers, or passenger buses that meet both of the following requirements:

(1) Are registered through the international registration plan.

(2) Are operated under authority of a carrier authorized and certificated by the United States department of transportation or another federal authority to engage in the carriage of persons or property in interstate commerce.

c. Aircraft that are operated by air carriers authorized and certificated by the United States department of transportation or another federal or a foreign authority to engage in the carriage of persons or property in interstate or foreign commerce.

d. Containers designed for use on and component parts attached or secured on the items set forth in paragraphs "a" through "c".

1. For a lease or rental that requires recurring periodic payments, each periodic payment is sourced to the primary property location. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. This location shall not be altered by intermittent use at different locations.

1. Upon receipt of the MPU exemption form, the seller is relieved of all obligation to collect, pay, or remit the applicable tax and the purchaser shall be obligated to collect, pay, or remit the applicable tax on a direct pay basis.

2. A purchaser delivering the MPU exemption form may use any reasonable, but consistent and uniform, method of apportionment that is supported by the purchaser's business records as they exist at the time of the consummation of the sale.

3. The MPU exemption form will remain in effect for all future sales by the seller to the purchaser except as to the subsequent sale's specific apportionment that is governed by the principle of subsection 2 and the facts existing at the time of the sale until it is revoked in writing.

4. A holder of a direct pay tax permit under section 423.36 shall not be required to deliver an MPU exemption form to the seller. a. Upon receipt of the direct mail form, the seller is relieved of all obligations to collect, pay, or remit the applicable tax and the purchaser is obligated to pay or remit the applicable tax on a direct pay basis. A direct mail form shall remain in effect for all future sales of direct mail by the seller to the purchaser until it is revoked in writing.

b. Upon receipt of information from the purchaser showing the jurisdictions to which the direct mail is delivered to recipients, the seller shall collect the tax according to the delivery informa-

tion provided by the purchaser. In the absence of bad faith, the seller is relieved of any further obligation to collect tax on any transaction where the seller has collected tax pursuant to the delivery information provided by the purchaser.

2. If the purchaser of direct mail does not have a direct pay tax permit and does not provide the seller with either a direct mail form or delivery information, as required by subsection 1, the seller shall collect the tax according to section 423.15, subsection 1, paragraph "e". Nothing in this subsection shall limit a purchaser's obligation for sales or use tax to any state to which the direct mail is delivered.

**423.20 Telecommunications service sourcing.**

1. As used in this section:

a. "Air-to-ground radiotelephone service" means a radio service, as that term is used in 47 C.F.R. § 22.99, in which common carriers are authorized to offer and provide radio telecommunications service for hire to subscribers in aircraft.

b. "Call-by-call basis" means any method of charging for the telecommunications service where the price is measured by individual calls.

c. "Communications channel" means a physical or virtual path of communications over which signals are transmitted between or among customer channel termination points.

d. "Customer" means the person or entity that contracts with the seller of the telecommunications service. If the end user of the telecommunications service is not the contracting party, the end user of the telecommunications service is the customer of the telecommunications service, but this sentence only applies for the purpose of sourcing sales of the telecommunications service under this section. "Customer" does not include a reseller of a telecommunications service or for mobile telecommunications service of a serving carrier under an agreement to serve the customer outside the home service provider's licensed service area.

e. "Customer channel termination point" means the location where the customer either inputs or receives the communications.

f. "End user" means the person who utilizes the telecommunications service. In the case of an entity, "end user" means the individual who utilizes the service on behalf of the entity.

g. "Home service provider" means the same as that term is defined in the federal Mobile Telecommunications Sourcing Act, Pub. L. No. 106-252, 4 U.S.C. § 124(5).

h. "Mobile telecommunications service" means the same as that term is defined in the federal Mobile Telecommunications Sourcing Act, Pub. L. No. 106-252, 4 U.S.C. § 124(7).

i. "Place of primary use" means the street address representative of where the customer's use of the telecommunications service primarily occurs, which must be the residential street address or the primary business street address of the customer. In the case of mobile telecommunications service, "place of primary use" must be within the licensed service area of the home service provider.

j. "Postpaid calling service" means the telecommunications service obtained by making a payment on a call-by-call basis either through the use of a credit card or payment mechanism such as a bank card, travel card, credit card, or debit card, or by charge made to a telephone number which is not associated with the origination or termination of the telecommunications service. A "postpaid calling service" includes a telecommunications service that would be a prepaid calling service except it is not exclusively a telecommunications service.

k. "Prepaid calling service" means the right to access exclusively telecommunications services, which must be paid for in advance and which enables the origination of calls using an access number or authorization code, whether manually or electronically dialed, and that is sold in predetermined units or dollars of which the amount declines with use in a known amount.

l. "Private communication service" means a telecommunications service that entitles the customer to exclusive or priority use of a communications channel or group of channels between or among termination points, regardless of the manner in which such channel or channels are connected, and includes switching capacity, extension lines, stations, and any other associated services that are provided in connection with the use of such channel or channels.

m. "Service address" means one of the following:

(1) The location of the telecommunications equipment to which a customer's call is charged and from which the call originates or terminates, regardless of where the call is billed or paid.

(2) If the location in subparagraph (1) is not known, "service address" means the origination point of the signal of the telecommunications service first identified by either the seller's telecommunications system or in information received by the seller from its service provider, where the system used to transport such signals is not that of the seller.

(3) If the locations in subparagraphs (1) and (2) are not known, the "service address" means the location of the customer's place of primary use.

2. Sales of telecommunications services shall be sourced in the following manner:

a. Except for the defined telecommunications services in paragraph "c", the sale of telecommunications services sold on a call-by-call basis shall be sourced to one of the following:

(1) Each level of taxing jurisdiction where the call originates and terminates in that jurisdiction.

(2) Each level of taxing jurisdiction where the call either originates or terminates and in which the service address is also located.

b. Except for the defined telecommunications services in paragraph "c", a sale of telecommunications services sold on a basis other than a call-by-call basis is sourced to the customer's place of primary use.

c. Sale of the following telecommunications services shall be sourced to each level of taxing jurisdiction as follows:

(1) A sale of mobile telecommunications services other than air-to-ground radiotelephone service or prepaid calling service is sourced to the customer's place of primary use as required by the federal Mobile Telecommunications Sourcing Act.

(2) A sale of postpaid calling service is sourced to the origination point of the telecommunications signal as first identified by either of the following:

(a) The seller's telecommunications system.

(b) Information received by the seller from its service provider, where the system used to transport such signals is not that of the seller.

(3) A sale of prepaid calling service is sourced in accordance with section 423.15. However, in the case of a sale of mobile telecommunications services that is a prepaid telecommunications service, the rule provided in section 423.15, subsection 1, paragraph "e", shall include as an option the location associated with the mobile telephone number.

(4) A sale of a private telecommunications service is sourced as follows:

(a) Service for a separate charge related to a customer channel termination point is sourced to each level of jurisdiction in which such customer channel termination point is located.

(b) Service where all customer termination points are located entirely within one jurisdiction or level of jurisdiction is sourced in such jurisdiction in which the customer channel termination points are located.

(c) Service for segments of a channel between two customer channel termination points located in different jurisdictions and which segments of a channel are separately charged is sourced fifty percent in each level of jurisdiction in which the customer channel termination points are located.

(d) Service for segments of a channel located in more than one jurisdiction or levels of jurisdiction and which segments are not separately billed is sourced in each jurisdiction based on the percentage determined by dividing the number of customer channel termination points in such jurisdiction by the total number of customer channel termina-

tion points.

#### 423.21 Bad debt deductions.

1. For the purposes of this section, "bad debt" means an amount properly calculated pursuant to section 166 of the Internal Revenue Code then adjusted to exclude financing charges or interest, sales or use taxes charged on the purchase price, uncollectible amounts on property that remain in the possession of the seller until the full purchase price is paid, expenses incurred in attempting to collect any debt, and repossessed property.

2. In computing the amount of tax due, a seller may deduct bad debts from the total amount upon which the tax is calculated for any return. Any deduction taken or refund paid which is attributed to bad debts shall not include interest.

3. A seller may deduct bad debts on the return for the period during which the bad debt is written off as uncollectible in the seller's books and records and is eligible to be deducted for federal income tax purposes. For purposes of this subsection, a seller who is not required to file federal income tax returns may deduct a bad debt on a return filed for the period in which the bad debt is written off as uncollectible in the seller's books and records and would be eligible for a bad debt deduction for federal income tax purposes if the seller were required to file a federal income tax return.

4. If a deduction is taken for a bad debt and the seller subsequently collects the debt in whole or in part, the tax on the amount so collected must be paid and reported on the return filed for the period in which the collection is made.

5. A seller may obtain a refund of tax on any amount of bad debt that exceeds the amount of taxable sales within the period allowed for refund claims by section 423.47. However, the period allowed for refund claims shall be measured from the due date of the return on which the bad debt could first be claimed.

6. For the purposes of computing a bad debt deduction or reporting a payment received on a previously claimed bad debt, any payments made on a debt or account shall be applied first to the price of the property or service and tax thereon, proportionally, and secondly to interest, service charges, and any other charges.

#### 423.22 Taxation in another state.

If any person who causes tangible personal property to be brought into this state or who uses

in this state services enumerated in section 423.2 has already paid a tax in another state in respect to the sale or use of the property or the performance of the service, or an occupation tax in respect to the property or service, in an amount less than the tax imposed by subchapter II or III, the provisions of those subchapters shall apply, but at a rate measured by the difference only between the rate fixed by subchapter II or III and the rate by which the previous tax on the sale or use, or the occupation tax, was computed. If the tax imposed and paid in the other state is equal to or more than the tax imposed by those subchapters, then a tax is not due in this state on the personal property or service.

The director may, upon application, authorize the collection of the use tax by any seller who is a retailer not maintaining a place of business within this state and not registered under the agreement, who, to the satisfaction of the director, furnishes adequate security to ensure collection and payment of the tax. Such sellers shall be issued, without charge, permits to collect tax subject to any regulations which the director shall prescribe. When so authorized, it shall be the duty of foreign sellers to collect the tax upon all tangible personal

property sold, to the retailer's knowledge, for use within this state, in the same manner and subject to the same requirements as a retailer maintaining a place of business within this state. The authority and permit may be canceled when, at any time, the director considers the security inadequate, or that tax can more effectively be collected from the person using property in this state.

**423.31 Filing of sales tax returns and payment of sales tax.**

1. Each person subject to this section and section 423.36 and in accordance with the provisions of this section and section 423.36 shall, on or before the last day of the month following the close of each calendar quarter during which such person is or has become or ceased being subject to the provisions of this section and section 423.36, make, sign, and file a return for the calendar quarter in the form as may be required. Returns shall show information relating to sales prices including goods, wares, and services converted to the use of such person, the amounts of sales prices excluded and exempt from the tax, the amounts of sales prices subject to tax, a calculation of tax due, and any other information for the period covered by the return as may be required. Returns shall be signed by the retailer or the retailer's authorized agent and must be certified by the retailer to be correct in accordance with forms and rules prescribed by the director.

2. Persons required to file, or committed to file by reason of voluntary action or by order of the department, deposits of taxes due under this subchapter shall be entitled to take credit against the total quarterly amount of tax due such amount as shall have been deposited by such persons during that calendar quarter. The balance remaining due after such credit for deposits shall be entered on the return. However, such person may be granted an extension of time not exceeding thirty days for filing the quarterly return, upon a proper showing of necessity. If an extension is granted, such person shall have paid by the twentieth day of the month following the close of such quarter ninety percent of the estimated tax due.

3. The sales tax forms prescribed by the director shall be referred to as "retailers tax deposit". Deposit forms shall be signed by the retailer or the retailer's duly authorized agent, and shall be duly certified by the retailer or agent to be correct. The director may authorize incorporated banks and trust companies or other depositories authorized by law which are depositories or financial agents of the United States, or of this state, to receive any

sales tax imposed under this chapter, in the manner, at the times, and under the conditions the director prescribes. The director shall prescribe the manner, times, and conditions under which the receipt of the tax by those depositories is to be treated as payment of the tax to the department.

4. Every retailer at the time of making any return required by this section shall compute and pay to the department the tax due for the preceding period. The tax on sales prices from the sale or rental of tangible personal property under a consumer rental purchase agreement as defined in section 537.3604, subsection 8, is payable in the tax period of receipt.

5. Upon making application and receiving approval from the director, a parent corporation and its affiliated corporations that make retail sales of tangible personal property or taxable enumerated services may make deposits and file a consolidated sales tax return for the affiliated group, pursuant to rules adopted by the director. A parent corporation and each affiliate corporation that files a consolidated return are jointly and severally liable for all tax, penalty, and interest found due for the tax period for which a consolidated return is filed or required to be filed.

A business required to file a consolidated sales tax return shall file a form entitled "schedule of consolidated business locations" with its quarterly sales tax return that shows the taxpayer's consolidated permit number, the permit number for each Iowa business location, the state sales tax amount by business location, and the amount of state sales tax due on goods consumed that are not assigned to a specific business location. Consolidated quarterly sales tax returns that are not accompanied by the schedule of consolidated business locations form are considered incomplete and are subject to penalty under section 421.27.

6. If necessary or advisable in order to insure the payment of the tax, the director may require returns and payment of the tax to be made for other than quarterly periods, the provisions of this section or other provision to the contrary notwithstanding.

**423.32 Filing of use tax returns and payment of use tax.**

1. A retailer maintaining a place of business in this state who is required to collect or a user who is required to pay the use tax or a foreign retailer authorized, pursuant to section 423.30, to collect the use tax, shall remit to the department the amount of tax on or before the last day of the month following each calendar quarterly period. However, a retailer who collects or owes more than fifteen hundred dollars in use taxes in a month shall deposit with the department or in a depository authorized by law and designated by the direc-

tor, the amount collected or owed, with a deposit form for the month as prescribed by the director.

*a.* The deposit form is due on or before the twentieth day of the month following the month of collection, except a deposit is not required for the third month of the calendar quarter, and the total quarterly amount, less the amounts deposited for the first two months of the quarter, is due with the quarterly report on the last day of the month following the month of collection. At that time, the retailer shall file with the department a return for the preceding quarterly period in the form prescribed by the director showing the purchase price of the tangible personal property sold by the retailer during the preceding quarterly period, the use of which is subject to the use tax imposed by this chapter, and other information the director deems necessary for the proper administration of the use tax.

*b.* The return shall be accompanied by a remittance of the use tax for the period covered by the return. If necessary in order to ensure payment to the state of the tax, the director may in any or all cases require returns and payments to be made for other than quarterly periods. The director, upon request and a proper showing of necessity, may grant an extension of time not to exceed thirty days for making any return and payment. Returns shall be signed, in accordance with forms and rules prescribed by the director, by the retailer or the retailer's authorized agent, and shall be certified by the retailer or agent to be correct.

2. If it is reasonably expected, as determined by rules prescribed by the director, that a retailer's annual sales or use tax liability will not exceed one hundred twenty dollars for a calendar year, the retailer may request and the director may grant permission to the retailer, in lieu of the quarterly filing and remitting requirements set out elsewhere in this section, to file the return required by and remit the sales or use tax due under this section on a calendar-year basis. The return and tax are due and payable no later than January 31 following each calendar year in which the retailer carries on business.

3. The director, in cooperation with the department of management, may periodically change the filing and remittance thresholds by administrative rule if in the best interests of the state and taxpayer to do so.

### **423.33 Liability of persons other than retailers for payment of sales or use tax.**

1. *Liability of purchaser for sales tax.* If a purchaser fails to pay sales tax to the retailer required to collect the tax, then in addition to all of the rights, obligations, and remedies provided, the tax is payable by the purchaser directly to the de-

partment, and sections 423.31, 423.32, 423.37, 423.38, 423.39, 423.40, 423.41, and 423.42 apply to the purchaser. For failure to pay, the retailer and purchaser are liable, unless the circumstances described in section 421.60, subsection 2, paragraph "m", or section 423.45, subsection 4, paragraph "b" or "e", or subsection 5, paragraph "c" or "e", are applicable.

2. *Immediate successor liability for sales or use tax.* If a retailer sells the retailer's business or stock of goods or quits the business, the retailer shall prepare a final return and pay all sales or use tax due within the time required by law. The immediate successor to the retailer, if any, shall withhold a sufficient portion of the purchase price, in money or money's worth, to pay the amount of delinquent tax, interest, or penalty due and unpaid. If the immediate successor of the business or stock of goods intentionally fails to withhold the amount due from the purchase price as provided in this subsection, the immediate successor is personally liable for the payment of delinquent taxes, interest, and penalty accrued and unpaid on account of the operation of the business by the immediate former retailer, except when the purchase is made in good faith as provided in section 421.28. However, a person foreclosing on a valid security interest or retaking possession of premises under a valid lease is not an "immediate successor" for purposes of this section. The department may waive the liability of the immediate successor under this subsection if the immediate successor exercised good faith in establishing the amount of the pre-vious liability.

3. *Event sponsor's liability for sales tax.* A person sponsoring a flea market or a craft, antique, coin, or stamp show or similar event shall obtain from every retailer selling tangible personal property or taxable services at the event proof that the retailer possesses a valid sales tax permit or secure from the retailer a statement, taken in good faith, that property or services offered for sale are not subject to sales tax. Failure to do so renders a sponsor of the event liable for payment of any sales tax, interest, and penalty due and owing from any retailer selling property or services at the event. Sections 423.31, 423.32, 423.37, 423.38, 423.39, 423.40, 423.41, and 423.42 apply to the sponsors. For purposes of this subsection, a person sponsoring a flea market or a craft, antique, coin, or stamp show or similar event does not include an organization which sponsors an event less than three times a year or a state, county, or district agricultural fair.

All of the provisions of sections 423.32 and 423.33 with reference to the returns and payments shall be applicable to the returns and payments required by this section.

#### **423.35 Posting of bond to secure payment.**

The director may, when necessary and advisable in order to secure the collection of the sales or use tax, authorize any person subject to either tax, and any retailer required or authorized to collect those taxes pursuant to the provisions of section 423.14, to file with the department a bond, issued by a surety company authorized to transact business in this state and approved by the insurance commissioner as to solvency and responsibility, in an amount as the director may fix, to secure the payment of any tax, interest, or penalties due or which may become due from such person. In lieu of a bond, securities approved by the director, in an amount which the director may prescribe, may be deposited with the department, which securities shall be kept in the custody of the department and may be sold by the director at public or private sale, without notice to the depositor, if it becomes necessary to do so in order to recover any tax, interest, or penalties due. Upon the sale, the surplus, if any, above the amounts due under this chapter shall be returned to the person who deposited the securities.

#### **423.36 Permits required to collect sales or use tax — applications — revocation.**

1. A person shall not engage in or transact business as a retailer making taxable sales of tangible personal property or furnishing services within this state or as a retailer making taxable sales of tangible personal property or furnishing services for use within this state, unless a permit has been issued to the retailer under this section, except as provided in subsection 6. Every person desiring to engage in or transact business as a retailer shall file with the department an application for a permit to collect sales or use tax. Every application for a sales or use tax permit shall be made upon a form prescribed by the director and shall set forth any information the director may

require. The application shall be signed by an owner of the business if a natural person; in the case of a retailer which is an association or partnership, by a member or partner; and in the case of a retailer which is a corporation, by an executive officer or some person specifically authorized by the corporation to sign the application, to which shall be attached the written evidence of the person's authority.

2. To collect sales or use tax, the applicant must have a permit for each place of business in the state of Iowa. The department may deny a permit to an applicant who is substantially delinquent in paying a tax due, or the interest or penalty on the tax, administered by the department at the time of application. If the applicant is a partnership, a permit may be denied if a partner is substantially delinquent in paying any delinquent tax, penalty, or interest. If the applicant is a corporation, a permit may be denied if any officer having a substantial legal or equitable interest in the ownership of the corporation owes any delinquent tax, penalty, or interest.

3. The department shall grant and issue to each applicant a permit for each place of business in this state where sales or use tax is collected. A permit is not assignable and is valid only for the person in whose name it is issued and for the transaction of business at the place designated or at a place of relocation within the state if the ownership remains the same.

If an applicant is making sales outside Iowa for use in this state or furnishing services outside Iowa, the product or result of which will be used in this state, that applicant shall be issued one use tax permit by the department applicable to these out-of-state sales or services.

4. Permits issued under this section are valid and effective until revoked by the department.

5. If the holder of a permit fails to comply with any of the provisions of this subchapter or of subchapter II or III or any order or rule of the department adopted under those subchapters or is substantially delinquent in the payment of a tax administered by the department or the interest or penalty on the tax, or if the person is a corporation and if any officer having a substantial legal or equitable interest in the ownership of the corporation owes any delinquent tax of the permit-holding corporation, or interest or penalty on the tax, administered by the department, the director may revoke the permit. The director shall send notice by mail to a permit holder informing that person of the director's intent to revoke the permit and of the permit holder's right to a hearing on the matter. If the permit holder petitions the director for a hearing on the proposed revocation, after giving ten days' notice of the time and place of the hearing in accordance with section 17A.18, subsection 3, the matter may be heard and a decision rendered. The director may restore permits after revocation. The director shall adopt rules setting forth the pe-

riod of time a retailer must wait before a permit may be restored or a new permit may be issued. The waiting period shall not exceed ninety days from the date of the revocation of the permit.

6. Sellers who are not regularly engaged in selling at retail and do not have a permanent place of business, but who are temporarily engaged in selling from trucks, portable roadside stands, concessionaires at state, county, district, or local fairs, carnivals, or the like, shall report and remit the sales tax on a temporary basis, under rules the director shall provide for the efficient collection of the sales tax. This subsection applies to sellers who are temporarily engaged in furnishing services.

Persons engaged in selling tangible personal property or furnishing services shall not be required to obtain or retain a sales tax permit for a place of business at which taxable sales of tangible personal property or taxable performance of services will not occur.

7. The provisions of subsection 1, dealing with the lawful right of a retailer to transact business, as applicable, apply to persons having receipts from furnishing services enumerated in section 423.2, except that a person holding a permit pursuant to subsection 1 shall not be required to obtain any separate sales tax permit for the purpose of engaging in business involving the services.

8. *a.* Except as provided in paragraph “*b*”, purchasers, users, and consumers of tangible personal property or enumerated services taxed pursuant to subchapter II or III of this chapter or chapters 423B and 423E may be authorized, pursuant to rules adopted by the director, to remit tax owed directly to the department instead of the tax being collected and paid by the seller. To qualify for a direct pay tax permit, the purchaser, user, or consumer must accrue a tax liability of more than four thousand dollars in tax under subchapters II and III in a semimonthly period and make deposits and file returns pursuant to section 423.31. This authority shall not be granted or exercised except upon application to the director and then only after issuance by the director of a direct pay tax permit.

*b.* The granting of a direct pay tax permit is not authorized for any of the following:

(1) Taxes imposed on the sales, furnishing, or service of gas, electricity, water, heat, pay television service, and communication service.

(2) Taxes imposed under sections 423.26 and 423.27 and chapter 423C.

#### **423.37 Failure to file sales or use tax returns — incorrect returns.**

1. As soon as practicable after a return is filed and in any event within three years after the re-

turn is filed, the department shall examine it, assess and determine the tax due if the return is found to be incorrect, and give notice to the person liable for the tax of the assessment and determination as provided in subsection 2. The period for the examination and determination of the correct amount of tax is unlimited in the case of a false or fraudulent return made with the intent to evade tax or in the case of a failure to file a return.

2. If a return required by this subchapter is not filed, or if a return when filed is incorrect or insufficient and the maker fails to file a corrected or sufficient return within twenty days after the same is required by notice from the department, the department shall determine the amount of tax due from information as the department may be able to obtain and, if necessary, may estimate the tax on the basis of external indices, such as number of employees of the person concerned, rentals paid by the person, stock on hand, or other factors. The department shall give notice of the determination to the person liable for the tax. The determination shall fix the tax unless the person against whom it is assessed shall, within sixty days after the giving of notice of the determination, apply to the director for a hearing or unless the taxpayer contests the determination by paying the tax, interest, and penalty and timely filing a claim for refund. At the hearing, evidence may be offered to support the determination or to prove that it is incorrect. After the hearing the director shall give notice of the decision to the person liable for the tax.

3. The three-year period of limitation provided in subsection 1 may be extended by a taxpayer by signing a waiver agreement form to be provided by the department. The agreement shall stipulate the period of extension and the tax period to which the extension applies. The agreement shall also provide that a claim for refund may be filed by the taxpayer at any time during the period of extension.

Unpaid penalties and interest may be enforced in the same manner as the taxes imposed by this chapter.

The director or any duly authorized agent of the department may examine the books, papers, records, and equipment of any person either selling tangible personal property or services or liable for the tax imposed by this chapter, and investigate the character of the business of any person in order to verify the accuracy of any return made, or if a return was not made by the person, ascertain and determine the amount due under this chapter. 1. Notwithstanding any provision of this section which provides that all revenues derived from the use tax on motor vehicles, trailers, and motor vehicle accessories and equipment as collected pursuant to sections 423.26 and 423.27 shall be deposited and credited to the road use tax fund, eighty percent of the revenues shall be deposited and credited as follows:

*a.* Twenty-five percent of all such revenue, up to a maximum of four million two hundred fifty thousand dollars per quarter, shall be deposited into and credited to the Iowa comprehensive petroleum underground storage tank fund created in section 455G.3, and the moneys so deposited are a continuing appropriation for expenditure under

**423.45 Refunds — exemption certificates.**

1. If an amount of tax represented by a retailer to a consumer or user as constituting tax due is computed upon a sales price that is not taxable or the amount represented is in excess of the actual taxable amount and the amount represented is actually paid by the consumer or user to the retailer, the excess amount of tax paid shall be returned to the consumer or user upon notification to the retailer by the department that an excess payment exists.

2. If an amount of tax represented by a retailer to a consumer or user as constituting tax due is computed upon a sales price that is not taxable or the amount represented is in excess of the actual taxable amount and the amount represented is actually paid by the consumer or user to the retailer, the excess amount of tax paid shall be returned to the consumer or user upon proper notification to

the retailer by the consumer or user that an excess payment exists. "Proper" notification is written notification which allows a retailer at least sixty days to respond and which contains enough information to allow a retailer to determine the validity of a consumer's or user's claim that an excess amount of tax has been paid. No cause of action shall accrue against a retailer for excess tax paid until sixty days after proper notice has been given the retailer by the consumer or user.

3. In the circumstances described in subsections 1 and 2, a retailer has the option to either return any excess amount of tax paid to a consumer or user, or to remit the amount which a consumer or user has paid to the retailer to the department.

4. *a.* The department shall issue or the seller may separately provide exemption certificates in the form prescribed by the director, including certificates not made of paper, which conform to the requirements of paragraph "c", to assist retailers in properly accounting for nontaxable sales of tangible personal property or services to purchasers for a nontaxable purpose. The department shall also allow the use of exemption certificates for those circumstances in which a sale is taxable but the seller is not obligated to collect tax from the buyer.

*b.* The sales tax liability for all sales of tangible personal property and all sales of services is upon the seller and the purchaser unless the seller takes in good faith from the purchaser a valid exemption certificate stating under penalty of perjury that the purchase is for a nontaxable purpose and is not a retail sale as defined in section 423.1, or the seller is not obligated to collect tax due, or unless the seller takes a fuel exemption certificate pursuant to subsection 5. If the tangible personal property or services are purchased tax free pursuant to a valid exemption certificate which is taken in good faith by the seller, and the tangible personal property or services are used or disposed of by the purchaser in a nonexempt manner, the purchaser is solely liable for the taxes and shall remit the taxes directly to the department and sections 423.31, 423.32, 423.37, 423.38, 423.39, 423.40, 423.41, and 423.42 shall apply to the purchaser.

*c.* A valid exemption certificate is an exemption certificate which is complete and correct according to the requirements of the director.

*d.* A valid exemption certificate is taken in good faith by the seller when the seller has exercised that caution and diligence which honest persons of ordinary prudence would exercise in handling their own business affairs, and includes an honesty of intention and freedom from knowledge of circumstances which ought to put one upon inquiry as to the facts. In order for a seller to take a valid exemption certificate in good faith, the seller must exercise reasonable prudence to determine the facts supporting the valid exemption certificate, and if any facts upon such certificate would lead a reasonable person to further inquiry,

such inquiry must be made with an honest intent to discover the facts.

*e.* If the circumstances change and as a result the tangible personal property or services are used or disposed of by the purchaser in a nonexempt manner or the purchaser becomes obligated to pay the tax, the purchaser is liable solely for the taxes and shall remit the taxes directly to the department in accordance with this subsection.

5. *a.* The department shall issue or the seller may separately provide fuel exemption certificates in the form prescribed by the director.

*b.* For purposes of this subsection:

(1) "Fuel" includes gas, electricity, water, heat, steam, and any other tangible personal property consumed in creating heat, power, or steam.

(2) "Fuel consumed in processing" means fuel used or consumed for processing including grain drying, for providing heat or cooling for livestock buildings or for greenhouses or buildings or parts of buildings dedicated to the production of flowering, ornamental, or vegetable plants intended for sale in the ordinary course of business, for use in aquaculture production, or for generating electric current, or in implements of husbandry engaged in agricultural production.

(3) "Fuel exemption certificate" means an exemption certificate given by the purchaser under penalty of perjury to assist retailers in properly accounting for nontaxable sales of fuel consumed in processing.

(4) "Substantial change" means a change in the use or disposition of tangible personal property and services by the purchaser such that the purchaser pays less than ninety percent of the purchaser's actual sales tax liability. A change includes a misstatement of facts in an application made pursuant to paragraph "d" or in a fuel exemption certificate.

*c.* The seller may accept a completed fuel exemption certificate, as prepared by the purchaser, for three years unless the purchaser files a new completed exemption certificate. If the fuel is purchased tax free pursuant to a fuel exemption certificate which is taken by the seller, and the fuel is used or disposed of by the purchaser in a nonexempt manner, the purchaser is solely liable for the taxes, and shall remit the taxes directly to the department and sections 423.31, 423.32, 423.37, 423.38, 423.39, 423.40, 423.41, and 423.42 shall apply to the purchaser.

*d.* The purchaser may apply to the department for its review of the fuel exemption certificate. In this event, the department shall review the fuel exemption certificate within twelve months from the date of application and determine the correct amount of the exemption. If the amount determined by the department is different than the amount that the purchaser claims is exempt, the department shall promptly notify the purchaser of the determination. Failure of the department to make a determination within twelve months from

the date of application shall constitute a determination that the fuel exemption certificate is correct as submitted. A determination of exemption by the department is final unless the purchaser appeals to the director for a revision of the determination within sixty days after the date of the notice of determination. The director shall grant a hearing, and upon the hearing, the director shall determine the correct exemption and notify the purchaser of the decision by mail. The decision of the director is final unless the purchaser seeks judicial review of the director's decision under section 423.38 within sixty days after the date of the notice of the director's decision. Unless there is a substantial change, the department shall not impose penalties pursuant to section 423.40 both retroactively to purchases made after the date of application and prospectively until the department gives notice to the purchaser that a tax or additional tax is due, for failure to remit any tax due which is in excess of a determination made under this section. A determination made by the department pursuant to this subsection does not constitute an audit for purposes of section 423.37.

*e.* If the circumstances change and the fuel is used or disposed of by the purchaser in a nonexempt manner, the purchaser is solely liable for the taxes and shall remit the taxes directly to the department in accordance with paragraph "c".

*f.* The purchaser shall attach documentation to the fuel exemption certificate which is reasonably necessary to support the exemption for fuel consumed in processing. If the purchaser files a new exemption certificate with the seller, documentation shall not be required if the purchaser previously furnished the seller with this documentation and substantial change has not occurred since that documentation was furnished or if fuel consumed in processing is separately metered and billed by the seller.

6. Nothing in this section authorizes any cause of action by any person to recover sales or use taxes directly from the state or extends any person's time to seek a refund of sales or use taxes which have been collected and remitted to the state.

#### **423.46 Rate and base changes.**

The department shall make a reasonable effort to provide sellers with as much advance notice as practicable of a rate change and to notify sellers of legislative changes in the tax base and amendments to sales and use tax rules. lect sales or use taxes for this state.

A claim for refund or credit that has not been filed with the department within three years after the tax payment for which a refund or credit is claimed became due, or one year after such tax payment was made, whichever time is the later, shall not be allowed by the director.

### SUBCHAPTER VI

#### SALES AND USE TAX ACT ADMINISTRATION — RETAILERS REGISTERED VOLUNTARILY UNDER AGREEMENT

#### **423.48 Responsibilities and rights of sellers registered under the agreement.**

1. By registering under the agreement, the seller agrees to collect and remit sales and use taxes for all its taxable Iowa sales. Iowa's withdrawal from the agreement or revocation of its membership in the agreement shall not relieve a seller from its responsibility to remit taxes previously collected on behalf of this state.

2. The following provisions apply to any seller who registers under the agreement:

*a.* The seller may register on-line.

*b.* Registration under the agreement and the collection of Iowa sales and use taxes shall not be used as factors in determining whether the seller has nexus with Iowa for any tax.

*c.* If registered under the agreement with any other member state, the seller is considered to be registered in Iowa.

*d.* The seller is not required to pay registration fees or other charges.

*e.* A written signature from the seller is not required.

*f.* The seller may register by way of an agent. The agent's appointment shall be in writing and submitted to the department if requested by the department.

*g.* The seller may cancel its registration at any time under procedures adopted by the governing board established pursuant to the agreement.

Cancellation does not relieve the seller of its liability for remitting any Iowa taxes collected.

3. The following additional responsibilities and rights apply to model sellers:

a. A model 1 seller's obligation to calculate, collect, and remit sales and use taxes shall be performed by its certified service provider, except for the seller's obligation to remit tax on its own purchases. As the seller's agent, the certified service provider is liable for its model 1 seller's sales and use tax due Iowa on all sales transactions it processes for the seller except as set out in this section. A seller that contracts with a certified service provider is not liable to the state for sales or use tax due on transactions processed by the certified service provider unless the seller misrepresents the types of items or services it sells or commits fraud. In the absence of probable cause to believe that the seller has committed fraud or made a material misrepresentation, the seller is not subject to audit on the transactions processed by the certified service provider. A model 1 seller is subject to audit for transactions not processed by the certified service provider. The director is authorized to perform a system check of the model 1 seller and review the seller's procedures to determine if the certified service provider's system is functioning properly and the extent to which the seller's transactions are being processed by the certified service provider.

b. A model 2 seller shall calculate the amount of tax due on a transaction by the use of a certified automated system, but shall collect and remit tax on its own sales. A person that provides a certified automated system is responsible for the proper functioning of that system and is liable to this state for underpayments of tax attributable to errors in the functioning of the certified automated system. A seller that uses a certified automated system remains responsible and is liable to the state for reporting and remitting tax.

c. A model 3 seller shall use its own proprietary automated system to calculate tax due and collect and remit tax on its own sales. A model 3 seller is liable for the failure of its proprietary automated system to meet the applicable performance standard.

**423.49 Returns.**

1. All model 1, 2, or 3 sellers are subject to all of the following return requirements:

a. The seller is required to file only one return per month for this state and for all taxing jurisdictions within this state.

b. The date for filing returns shall be determined under rules adopted by the director. However, in no case shall the return be due earlier than the twentieth day of the following month.

c. The director shall request additional information returns. These returns shall not be required more frequently than every six months.

2. Any registered seller which does not have a legal obligation to register in this state and is not a model 1, 2, or 3 seller is subject to all of the following return requirements:

a. The seller is required to file a return within one year of the month of initial registration and shall file a return on an annual basis in succeeding years.

b. In addition to the return required in paragraph "a", if the seller accumulates more than one thousand dollars in total state and local tax, the seller is required to file a return in the following month.

c. The format of the return and the due date of the initial return and the annual return shall be determined under rules adopted by the department.

**423.50 Remittance of funds.**

1. Only one remittance of tax per return is required except as provided in this subsection. Sellers that collect more than thirty thousand dollars in sales and use taxes for this state during the preceding calendar year shall be required to make additional remittances as required under rules adopted by the director. The filing of a return is not required with an additional remittance.

2. All remittances shall be remitted electronically.

3. Electronic payments may be made either by automated clearinghouse credit or automated clearinghouse debit. Any data accompanying a remittance must be formatted using uniform tax type and payment codes approved by the governing board established pursuant to the agreement. An alternative method for making same-day payments shall be determined under rules adopted by the director.

4. If a due date falls on a legal banking holiday in this state, the taxes are due on the succeeding business day.

**423.51 Administration of exemptions.**

1. The following provisions shall apply when a purchaser claims an exemption:

a. The seller shall obtain identifying information of the purchaser and the reason for claiming a tax exemption at the time of the purchase as determined by the member states acting jointly.

b. A purchaser is not required to provide a signature to claim an exemption from tax unless a paper certificate is used.

c. The seller shall use the standard form for claiming an exemption electronically as adopted jointly by the member states.

d. The seller shall obtain the same information for proof of a claimed exemption regardless of the medium in which the transaction occurred.

e. The department may authorize a system wherein the purchaser exempt from the payment of the tax is issued an identification number which shall be presented to the seller at the time of the sale.

f. The seller shall maintain proper records of exempt transactions and provide them to the department when requested.

g. The department shall administer entity-based and use-based exemptions when practicable through a direct pay tax permit, an exemption certificate, or another means that does not burden sellers. For the purposes of this paragraph:

(1) An “*entity-based exemption*” is an exemption based on who purchases the product or who sells the product.

(2) A “*use-based exemption*” is an exemption based on the purchaser’s use of the product.

2. Sellers that follow the requirements of this section are relieved from any tax otherwise applicable if it is determined that the purchaser improperly claimed an exemption and that the purchaser is liable for the nonpayment of tax. This relief from liability does not apply to a seller who fraudulently fails to collect the tax or solicits purchasers to participate in the unlawful claim of an exemption.

Sellers and certified service providers are relieved from liability to this state or its local taxing jurisdictions for having charged and collected the incorrect amount of sales or use tax resulting from the seller or certified service provider relying on erroneous data provided by this state on tax rates, boundaries, or taxing jurisdiction assignments. If this state provides an address-based system for assigning taxing jurisdictions whether or not pursuant to the federal Mobile Telecommunications Sourcing Act, the director is not required to provide liability relief for errors resulting from reliance on the information provided by this state.

1. Subject to the limitations in subsections 2 through 6, the following provisions apply:

a. Amnesty is provided for uncollected or unpaid sales or use tax to a seller who registers to pay or to collect and remit applicable sales or use tax on sales made to purchasers in this state in accordance with the terms of the agreement, provided the seller was not so registered in this state in the twelve-month period preceding the commencement of Iowa’s participation in the agreement.

b. Amnesty precludes assessment of the seller for uncollected or unpaid sales or use tax together with penalty or interest for sales made during the period the seller was not registered in this state, provided registration occurs within twelve months of the commencement of Iowa’s participation in the agreement.

c. Amnesty shall be provided to any seller lawfully registered under the agreement by any other member state prior to the date of the commencement of Iowa’s participation in the agreement.

2. Amnesty is not available to a seller with respect to any matter or matters for which the seller received notice of the commencement of an audit and which audit is not yet finally resolved, including any related administrative and judicial processes.

3. Amnesty is not available for sales or use taxes already paid or remitted or to taxes collected by the seller.

4. Amnesty is fully effective absent the seller’s fraud or intentional misrepresentation of a material fact as long as the seller continues registration and continues payment or collection and remittance of applicable sales or use taxes for a period of at least thirty-six months. The statute of limitations applicable to asserting a tax liability is tolled during this thirty-six month period.

5. Amnesty is applicable only to sales or use taxes due from a seller in its capacity as a seller and not to sales or use taxes due from a seller in its capacity as a buyer.

6. The director may allow amnesty on terms and conditions more favorable to a seller than the terms required by this section.

423A.1 Hotel and motel tax.

423A.2 Local transient guest tax fund.

**423A.1 Hotel and motel tax.**

A city or county may impose by ordinance of the city council or by resolution of the board of supervisors a hotel and motel tax, at a rate not to exceed seven percent, which shall be imposed in increments of one or more full percentage points upon the sales price from the renting of sleeping rooms, apartments, or sleeping quarters in a hotel, motel, inn, public lodging house, rooming house, manufactured or mobile home which is tangible personal property, or tourist court, or in any place where sleeping accommodations are furnished to transient guests for rent, whether with or without meals; except the sales price from the renting of sleeping rooms in dormitories and in memorial unions at all universities and colleges located in the state of Iowa and the guests of a religious institution if the property is exempt under section 427.1, subsection 8, and the purpose of renting is to provide a place for a religious retreat or function and not a place for transient guests generally. The tax when imposed by a city shall apply only within the corporate boundaries of that city and when imposed by a county shall apply only outside incorporated areas within that county. "Renting" and "rent" include any kind of direct or indirect charge for such sleeping rooms, apartments, or sleeping quarters, or their use. However, the tax does not apply to the sales price from the renting of a sleeping room, apartment, or sleeping quarters while rented by the same person for a period of more than thirty-one consecutive days.

Within ten days of the election at which a majority of those voting on the question favors the imposition, repeal, or change in the rate of the hotel and motel tax, the county auditor shall give written notice by sending a copy of the abstract of votes from the favorable election to the director of revenue.

A local hotel and motel tax shall be imposed on January 1, April 1, July 1, or October 1, following the notification of the director of revenue. Once imposed, the tax shall remain in effect at the rate imposed for a minimum of one year. A local hotel and motel tax shall terminate only on March 31, June 30, September 30, or December 31. At least

sixty days prior to the tax being effective or prior to a revision in the tax rate, or prior to the repeal of the tax, a city or county shall provide notice by mail of such action to the director of revenue.

A city or county shall impose a hotel and motel tax or increase the tax rate only after an election at which a majority of those voting on the question favors imposition or increase. However, a hotel and motel tax shall not be repealed or reduced in rate if obligations are outstanding which are payable as provided in section 423A.2, unless funds sufficient to pay the principal, interest, and premium, if any, on the outstanding obligations at and prior to maturity have been properly set aside and pledged for that purpose. The election shall be held at the time of the regular city election or the county's general election or at the time of a special election.

The director of revenue shall administer a local hotel and motel tax as nearly as possible in conjunction with the administration of the state sales tax law. The director shall provide appropriate forms, or provide on the regular state tax forms, for reporting local hotel and motel tax liability. All moneys received or refunded one hundred eighty days after the date on which a city or county terminates its local hotel and motel tax shall be deposited in or withdrawn from the state general fund.

The director, in consultation with local officials, shall collect and account for a local hotel and motel tax and shall credit all revenues to a "local transient guest tax fund" established by section 423A.2.

No tax permit other than the state sales tax permit required under section 423.36 may be required by local authorities.

The tax levied shall be in addition to any state sales tax imposed under section 423.2. Section 422.25, subsection 4, sections 422.30, 422.67, and 422.68, section 422.69, subsection 1, sections 422.70 to 422.75, section 423.14, subsection 1, and sections 423.23, 423.24, 423.25, 423.31, 423.33, 423.35, 423.37 to 423.42, and 423.47, consistent with the provisions of this chapter, apply with respect to the taxes authorized under this chapter, in the same manner and with the same effect as if

the hotel and motel taxes were retail sales taxes within the meaning of those statutes. Notwithstanding this paragraph, the director shall provide for quarterly filing of returns and for other than quarterly filing of returns both as prescribed in section 423.31. The director may require all persons, as defined in section 423.1, who are engaged in the business of deriving any sales price subject to tax under this chapter, to register with the department. All taxes collected under this chapter by a retailer or any individual are deemed to be held in trust for the state of Iowa and the local jurisdictions imposing the taxes.

Unnumbered paragraphs 1, 3, 7, and 8 amended

#### **423A.2 Local transient guest tax fund.**

1. There is created in the department of revenue a local transient guest tax fund which shall consist of all moneys credited to such fund under section 423A.1.

2. All moneys in the local transient guest tax fund shall be remitted at least quarterly by the department of revenue, pursuant to rules of the director of revenue, to each city in the amount collected from businesses in that city and to each county in the amount collected from businesses in the unincorporated areas of the county.

3. Moneys received by the city from this fund shall be credited to the general fund of the city, subject to the provisions of subsection 4.

4. The revenue derived from any hotel and motel tax authorized by this chapter shall be used as follows:

*a.* Each county or city which levies the tax shall spend at least fifty percent of the revenues derived therefrom for the acquisition of sites for, or constructing, improving, enlarging, equipping, repairing, operating, or maintaining of recreation, convention, cultural, or entertainment facilities including but not limited to memorial buildings, halls and monuments, civic center convention buildings, auditoriums, coliseums, and parking areas or facilities located at those recreation, convention, cultural, or entertainment facilities or the payment of principal and interest, when due, on bonds or other evidence of indebtedness issued by the county or city for those recreation, convention, cultural, or entertainment facilities; or for the promotion and encouragement of tourist and

convention business in the city or county and surrounding areas.

*b.* The remaining revenues may be spent by the city or county which levies the tax for any city or county operations authorized by law as a proper purpose for the expenditure within statutory limitations of city or county revenues derived from ad valorem taxes.

*c.* Any city or county which levies and collects the hotel and motel tax authorized by this chapter may pledge irrevocably an amount of the revenues derived therefrom for each of the years the bonds remain outstanding to the payment of bonds which the city or county may issue for one or more of the purposes set forth in paragraph "a" of this subsection. Any revenue pledged to the payment of such bonds may be credited to the spending requirement of paragraph "a" of this subsection.

*d.* The provisions of division III of chapter 384 relating to the issuance of corporate purpose bonds apply to the issuance by a city of bonds payable as provided in this section and the provisions of chapter 331, division IV, part 3, relating to the issuance of county purpose bonds apply to the issuance by a county of bonds payable as provided in this section. The provisions of chapter 76 apply to the bonds payable as provided in this section except that the mandatory levy to be assessed pursuant to section 76.2 shall be at a rate to generate an amount which together with the receipts from the pledged portion of the hotel and motel tax is sufficient to pay the interest and principal on the bonds. All amounts collected as a result of the levy assessed pursuant to section 76.2 and paid out in the first instance for bond principal and interest shall be repaid to the city or county which levied the tax from the first available hotel and motel tax collections received in excess of the requirement for the payment of the principal and interest of the bonds and when repaid shall be applied in reduction of property taxes.

The amount of bonds which may be issued under section 76.3 shall be the amount which could be retired from the actual collections of the hotel and motel tax for the last four calendar quarters, as certified by the director of revenue. The amount of tax revenues pledged jointly by other cities or counties may be considered for the purpose of determining the amount of bonds which may be issued. If the hotel and motel tax has been in effect for less than four calendar quarters, the tax collected within the shorter period may be adjusted to project the collections for the full year for the purpose of determining the amount of the bonds which may be issued.

*e.* A city or county, jointly with one or more other cities or counties as provided in chapter 28E, may pledge irrevocably any amount derived from the revenues of the hotel and motel tax to the support or payment of bonds issued for a project within the purposes set forth in paragraph "a" of this

subsection and located within one or more of the participatory cities or counties or may apply the proceeds of its bonds to the support of any such project. Revenue so pledged or applied shall be credited to the spending requirement of paragraph "a" of this subsection.

*f.* A city or county acting on behalf of an unincorporated area may, in lieu of calling an election, institute proceedings for the issuance of bonds under this section by causing a notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds, together with the maximum rate of interest which the bonds are to bear, and the right to petition for an election, to be published at least once in a newspaper of general circulation within the city or unincorporated area at least ten days prior to the meeting at which it is proposed to take action for the issuance of the bonds.

If at any time before the date fixed for taking action for the issuance of the bonds, a petition signed by eligible electors residing in the city or the unincorporated area equal in number to at least three percent of the registered voters of the city or unincorporated area is filed, asking that the question of issuing the bonds be submitted to the registered voters of the city or unincorporated area, the council or board of supervisors acting on behalf of an

unincorporated area shall either by resolution declare the proposal to issue the bonds to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of issuing the bonds.

The proposition of issuing bonds under this section is not approved unless the vote in favor of the proposition is equal to a majority of the vote cast.

If no petition is filed, or if a petition is filed and the proposition of issuing the bonds is approved at an election, the council or board of supervisors acting on behalf of an unincorporated area may proceed with the authorization and issuance of the bonds.

Bonds may be issued for the purpose of refunding outstanding and previously issued bonds under this subsection without otherwise complying with this paragraph.

#### **423B.1 Authorization — election — imposition and repeal.**

1. A county may impose by ordinance of the board of supervisors local option taxes authorized by this chapter, subject to this section and subject to the exception provided in subsection 2.

2. *a.* A city whose corporate boundaries include areas of two counties may impose by ordinance of its city council a local sales and services tax if all of the following apply:

- (1) At least eighty-five percent of the residents of the city live in one county.
- (2) The county in which at least eighty-five

percent of the city residents reside has held an election on the question of the imposition of a local sales and services tax and a majority of those voting on the question in the city favored its imposition.

(3) The city has entered into an agreement on the distribution of the sales and services tax revenues collected from the area where the city tax is imposed with the county where such area is located.

*b.* The city council of a city authorized to impose a local sales and services tax pursuant to paragraph "a" shall only do so subject to all of the

following restrictions:

(1) The tax shall only be imposed in the area of the city located in the county where not more than fifteen percent of the city's residents reside.

(2) The tax shall be at the same rate and become effective at the same time as the county tax imposed in the other area of the city.

(3) The tax once imposed shall continue to be imposed until the county-imposed tax is reduced or increased in rate or repealed, and then the city-imposed tax shall also be reduced or increased in rate or repealed in the same amount and be effective on the same date.

(4) The tax shall be imposed on the same basis as provided in section 423B.5 and notification requirements in section 423B.6 apply.

(5) The city shall assist the department of revenue to identify the businesses in the area which are to collect the city-imposed tax. The process shall be ongoing as long as the city tax is imposed.

c. The agreement on the distribution of the revenues collected from the city-imposed tax shall provide that fifty percent of such revenues shall be remitted to the county in which the part of the city where the city tax is imposed is located.

d. The latest certified federal census preceding the election held by the county on the question of imposition of the local sales and services tax shall be used in determining if the city qualifies under paragraph "a", subparagraph (1), to impose its own tax and in determining the area where the city tax may be imposed under paragraph "b", subparagraph (1).

e. A city is not authorized to impose a local sales and services tax under this subsection after July 1, 2000. A city that has imposed a local sales and services tax under this subsection on or before July 1, 2000, may continue to collect the tax until such time as the tax is repealed by the city and the fact that the area acquires more than fifteen percent of the city's residents after the tax is imposed shall not affect the imposition or collection of the tax.

3. A local option tax shall be imposed only after an election at which a majority of those voting on the question favors imposition and shall then be imposed until repealed as provided in subsection 6, paragraph "a". If the tax is a local vehicle tax imposed by a county, it shall apply to all incorporated and unincorporated areas of the county. If the tax is a local sales and services tax imposed by a county, it shall only apply to those incorporated areas and the unincorporated area of that county in which a majority of those voting in the area on the tax favors its imposition. For purposes of the local sales and services tax, all cities contiguous to each other shall be treated as part of one incorporated area and the tax would be imposed in each of those contiguous cities only if the majority of those voting in the total area covered by the contiguous cities favors its imposition. For purposes of the local sales and services tax, a city is not contig-

uous to another city if the only road access between the two cities is through another state.

4. a. A county board of supervisors shall direct within thirty days the county commissioner of elections to submit the question of imposition of a local vehicle tax or a local sales and services tax to the registered voters of the incorporated and unincorporated areas of the county upon receipt of a petition, requesting imposition of a local vehicle tax or a local sales and services tax, signed by eligible electors of the whole county equal in number to five percent of the persons in the whole county who voted at the last preceding state general election. In the case of a local vehicle tax, the petition requesting imposition shall specify the rate of tax and the classes, if any, that are to be exempt. If more than one valid petition is received, the earliest received petition shall be used.

b. The question of the imposition of a local sales and services tax shall be submitted to the registered voters of the incorporated and unincorporated areas of the county upon receipt by the county commissioner of elections of the motion or motions, requesting such submission, adopted by the governing body or bodies of the city or cities located within the county or of the county, for the unincorporated areas of the county, representing at least one half of the population of the county. Upon adoption of such motion, the governing body of the city or county, for the unincorporated areas, shall submit the motion to the county commissioner of elections and in the case of the governing body of the city shall notify the board of supervisors of the adoption of the motion. The county commissioner of elections shall keep a file on all the motions received and, upon reaching the population requirements, shall publish notice of the ballot proposition concerning the imposition of the local sales and services tax. A motion ceases to be valid at the time of the holding of the regular election for the election of members of the governing body which adopted the motion. The county commissioner of elections shall eliminate from the file any motion that ceases to be valid. The manner provided under this paragraph for the submission of the question of imposition of a local sales and services tax is an alternative to the manner provided in paragraph "a".

5. The county commissioner of elections shall submit the question of imposition of a local option tax at a state general election or at a special election held at any time other than the time of a city regular election. The election shall not be held sooner than sixty days after publication of notice of the ballot proposition. The ballot proposition shall specify the type and rate of tax and in the case of a vehicle tax the classes that will be exempt and in the case of a local sales and services tax the date it will be imposed which date shall not be earlier than ninety days following the election. The ballot proposition shall also specify the approximate amount of local option tax revenues that will

be used for property tax relief and shall contain a statement as to the specific purpose or purposes for which the revenues shall otherwise be expended. If the county board of supervisors decides under subsection 6 to specify a date on which the local option sales and services tax shall automatically be repealed, the date of the repeal shall also be specified on the ballot. The rate of the vehicle tax shall be in increments of one dollar per vehicle as set by the petition seeking to impose the tax. The rate of a local sales and services tax shall not be more than one percent as set by the governing body. The state commissioner of elections shall establish by rule the form for the ballot proposition which form shall be uniform throughout the state.

6. *a.* If a majority of those voting on the question of imposition of a local option tax favors imposition of a local option tax, the governing body of that county shall impose the tax at the rate specified for an unlimited period. However, in the case of a local sales and services tax, the county shall not impose the tax in any incorporated area or the unincorporated area if the majority of those voting on the tax in that area did not favor its imposition. For purposes of the local sales and services tax, all cities contiguous to each other shall be treated as part of one incorporated area and the tax shall be imposed in each of those contiguous cities only if the majority of those voting on the tax in the total area covered by the contiguous cities favored its imposition. The local option tax may be repealed or the rate increased or decreased or the use thereof changed after an election at which a majority of those voting on the question of repeal or rate or use change favored the repeal or rate or use change. The date on which the repeal, rate, or use change is to take effect shall not be earlier than ninety days following the election. The election at which the question of repeal or rate or use change is offered shall be called and held in the same manner and under the same conditions as provided in subsections 4 and 5 for the election on the imposition of the local option tax. However, in the case of a local sales and services tax where the tax has not been imposed countywide, the question of repeal or imposition or rate or use change shall be voted on only by the registered voters of the areas of the county where the tax has been imposed or has not been imposed, as appropriate. However, the governing body of the incorporated area or unincorporated area where the local sales and services tax is imposed may, upon its own motion, request the county commissioner of elections to hold an election in the incorporated or unincorporated area, as appropriate, on the question of the change in use of local sales and services tax revenues. The election may be held at any time but not sooner than sixty days following publication of the ballot proposition. If a majority of those voting in the incorporated or unincorporated area on the change in use favors the change, the governing body of that area shall change the use to which the revenues shall

be used. The ballot proposition shall list the present use of the revenues, the proposed use, and the date after which revenues received will be used for the new use.

When submitting the question of the imposition of a local sales and services tax, the county board of supervisors may direct that the question contain a provision for the repeal, without election, of the local sales and services tax on a specific date, which date shall be as provided in section 423B.6, subsection 1.

*b.* Within ten days of the election at which a majority of those voting on the question favors the imposition, repeal, or change in the rate of a local option tax, the county auditor shall give written notice of the result of the election by sending a copy of the abstract of the votes from the favorable election to the director of revenue or, in the case of a local vehicle tax, to the director of the department of transportation.

7. More than one of the authorized local option taxes may be submitted at a single election and the different taxes shall be separately implemented as provided in this section.

Costs of local option tax elections shall be apportioned among jurisdictions within the county voting on the question at the same election on a pro rata basis in proportion to the number of registered voters in each taxing jurisdiction and the total number of registered voters in all of the taxing jurisdictions.

8. Local option taxes authorized to be imposed as provided in this chapter are a local sales and services tax and a local vehicle tax. The rate of the tax shall be in increments of one dollar per vehicle for a vehicle tax as set on the petition seeking to impose the vehicle tax. The rate of a local sales and services tax shall not be more than one percent as set by the governing body.

9. In a county that has imposed a local option sales and services tax, the board of supervisors shall, notwithstanding any contrary provision of this chapter, repeal the local option sales and services tax in the unincorporated areas or in an incorporated city area in which the tax has been imposed upon adoption of its own motion for repeal in the unincorporated areas or upon receipt of a motion adopted by the governing body of that incorporated city area requesting repeal. The board of supervisors shall repeal the local option sales and services tax effective on the later of the date of the adoption of the repeal motion or the earliest date specified in section 423B.6, subsection 1. For purposes of this subsection, incorporated city area includes an incorporated city which is contiguous to another incorporated city.

10. Notwithstanding subsection 9 or any other contrary provision of this chapter, a local option sales and services tax shall not be repealed or reduced in rate if obligations are outstanding which are payable as provided in section 423B.9, unless funds sufficient to pay the principal, interest, and

premium, if any, on the outstanding obligations at and prior to maturity have been properly set aside and pledged for that purpose.

**423B.2 Local vehicle tax.**

An annual local vehicle tax at the rate per vehicle specified on the ballot proposition may be imposed by a county on every vehicle which is required to be registered by the state and is registered with the county treasurer to a person residing within the county where the tax is imposed at the time of the renewal of the registration of the vehicle. The local vehicle tax shall be imposed only on the renewals of registrations and shall be payable during the registration renewal periods provided under section 321.40.

The county imposing the tax shall provide for the exemption of each class, if any, of vehicles for which an exemption was listed on the ballot proposition.

For the purpose of the tax authorized by this section, “*person*” and “*registration year*” mean the same as defined in section 321.1, and “*vehicle*” means motor vehicle as defined in section 321.1 which is subject to registration under section 321.18, and which is registered with the county treasurer.

A local vehicle tax or change in the rate shall be imposed January 1 immediately following a favorable election for registration years beginning on or after that date and the repeal of the tax shall be as of December 31 following a favorable election for registration years beginning after that date.

Local officials shall confer with the director of the department of transportation for assistance in drafting the ordinance imposing a local vehicle tax. A certified copy of the ordinance shall be filed with the director as soon as possible after passage. The director shall inform the appropriate county treasurers and provide assistance to them for the collection of all local vehicle taxes and any penal-

ties, crediting local vehicle tax receipts excluding penalties to a “*local vehicle tax fund*” established in the office of the county treasurer. From the local vehicle tax fund, the treasurer shall remit monthly, by direct deposit in the same manner as provided in section 384.11, to each city in the county the amount collected from residents of the city during the preceding calendar month and to the county the amount collected from the residents of the unincorporated area during the preceding calendar month. Moneys received by a city or county from this fund shall be credited to the general fund of the city or county to be used solely for public transit or shall be credited to the street construction fund of that city or the secondary road fund of that county to be used for the purposes specified in section 312.6. **423B.5 Local sales and services tax.**

A local sales and services tax at the rate of not more than one percent may be imposed by a county on the sales price taxed by the state under chapter 423, subchapter II. A local sales and services tax shall be imposed on the same basis as the state sales and services tax or in the case of the use of natural gas, natural gas service, electricity, or

electric service on the same basis as the state use tax and shall not be imposed on the sale of any property or on any service not taxed by the state, except the tax shall not be imposed on the sales price from the sale of motor fuel or special fuel as defined in chapter 452A which is consumed for highway use or in watercraft or aircraft if the fuel tax is paid on the transaction and a refund has not or will not be allowed, on the sales price from the rental of rooms, apartments, or sleeping quarters which are taxed under chapter 423A during the period the hotel and motel tax is imposed, on the sales price from the sale of equipment by the state department of transportation, on the sales price from the sale of self-propelled building equipment, pile drivers, motorized scaffolding, or attachments customarily drawn or attached to self-propelled building equipment, pile drivers, and motorized scaffolding, including auxiliary attachments which improve the performance, safety, operation, or efficiency of the equipment and replacement parts and are directly and primarily used by contractors, subcontractors, and builders for new construction, reconstruction, alterations, expansion, or remodeling of real property or structures, and on the sales price from the sale of a lottery ticket or share in a lottery game conducted pursuant to chapter 99G and except the tax shall not be imposed on the sales price from the sale or use of natural gas, natural gas service, electricity, or electric service in a city or county where the sales price from the sale of natural gas or electric energy are subject to a franchise fee or user fee during the period the franchise or user fee is imposed. A local sales and services tax is applicable to transactions within those incorporated and unincorporated areas of the county where it is imposed and shall be collected by all persons required to collect state sales taxes. However, a person required to collect state retail sales tax under chapter 423, subchapter V or VI, is not required to collect local sales and services tax on transactions delivered within the area where the local sales and services tax is imposed unless the person has physical presence in that taxing area. All cities contiguous to each other shall be treated as part of one incorporated area and the tax would be imposed in each of those contiguous cities only if the majority of those voting in the total area covered by the contiguous cities favors its imposition.

The amount of the sale, for purposes of determining the amount of the local sales and services tax, does not include the amount of any state sales tax.

A tax permit other than the state sales tax permit required under section 423.36 shall not be required by local authorities.

If a local sales and services tax is imposed by a county pursuant to this chapter, a local excise tax at the same rate shall be imposed by the county on the purchase price of natural gas, natural gas service, electricity, or electric service subject to tax

under chapter 423, subchapter III, and not exempted from tax by any provision of chapter 423, subchapter III. The local excise tax is applicable only to the use of natural gas, natural gas service, electricity, or electric service within those incorporated and unincorporated areas of the county where it is imposed and, except as otherwise provided in this chapter, shall be collected and administered in the same manner as the local sales and services tax. For purposes of this chapter, “*local sales and services tax*” shall also include the local excise tax.

#### 423B.6 Administration.

1. *a.* A local sales and services tax shall be imposed either January 1 or July 1 following the notification of the director of revenue but not sooner than ninety days following the favorable election and not sooner than sixty days following notice to sellers, as defined in section 423.1. However, a jurisdiction which has voted to continue imposition of the tax may impose that tax without repeal of the prior tax.

*b.* A local sales and services tax shall be repealed only on June 30 or December 31 but not sooner than ninety days following the favorable election if one is held. However, a local sales and services tax shall not be repealed before the tax has been in effect for one year. At least forty days before the imposition or repeal of the tax, a county shall provide notice of the action by certified mail to the director of revenue.

*c.* The imposition of or a rate change for a local sales and services tax shall not be applied to purchases from a printed catalog wherein a purchaser computes the local tax based on rates published in the catalog unless a minimum of one hundred twenty days’ notice of the imposition or rate change has been given to the seller from the catalog and the first day of a calendar quarter has occurred on or after the one hundred twentieth day.

*d.* If a local sales and services tax has been imposed prior to April 1, 2000, and at the time of the election a date for repeal was specified on the ballot, the local sales and services tax may be repealed on that date, notwithstanding paragraph “*b*”.

2. *a.* The director of revenue shall administer

a local sales and services tax as nearly as possible in conjunction with the administration of state sales tax laws. The director shall provide appropriate forms or provide on the regular state tax forms for reporting local sales and services tax liability.

b. The ordinance of a county board of supervisors imposing a local sales and services tax shall adopt by reference the applicable provisions of the appropriate sections of chapter 423. All powers and requirements of the director to administer the state sales tax law and use tax law are applicable to the administration of a local sales and services tax law and the local excise tax, including but not limited to the provisions of section 422.25, subsection 4, sections 422.30, 422.67, and 422.68, section 422.69, subsection 1, sections 422.70 to 422.75, section 423.14, subsection 1 and subsection 2, paragraphs “b” through “e”, and sections 423.15, 423.23, 423.24, 423.25, 423.31 to 423.35, 423.37 to 423.42, 423.46, and 423.47. Local officials shall confer with the director of revenue for assistance in drafting the ordinance imposing a local sales and services tax. A certified copy of the ordinance shall be filed with the director as soon as possible after passage.

c. Frequency of deposits and quarterly reports of a local sales and services tax with the department of revenue are governed by the tax provisions in section 423.31. Local tax collections shall not be included in computation of the total tax to determine frequency of filing under section 423.31.

d. The director shall apply a boundary change of a county or city imposing or collecting the local sales and services tax to the imposition or collection of that tax only on the first day of a calendar quarter which occurs sixty days or more after the director has given notice of the boundary change to sellers.

3. a. The director, in consultation with local officials, shall collect and account for a local sales and services tax. The director shall certify each quarter the amount of local sales and services tax receipts and any interest and penalties to be credited to the “local sales and services tax fund” established in the office of the treasurer of state. All taxes collected under this chapter by a retailer or any individual are deemed to be held in trust for the state of Iowa and the local jurisdictions imposing the taxes.

b. All local tax moneys and interest and penalties received or refunded one hundred eighty days or more after the date on which the county repeals its local sales and services tax shall be deposited in or withdrawn from the state general fund.

**423B.7 Payment to local governments.**

1. The director shall credit the local sales and services tax receipts and interest and penalties from a county-imposed tax to the county’s account in the local sales and services tax fund and from a city-imposed tax under section 423B.1, subsection 2, to the city’s account in the local sales and services tax fund. If the director is unable to determine from which county any of the receipts were collected, those receipts shall be allocated among the possible counties based on allocation rules adopted by the director.

2. a. The director of revenue by August 15 of each fiscal year shall send to each city or county where the local option tax is imposed, an estimate of the amount of tax moneys each city or county will receive for the year and for each month of the year. At the end of each month, the director may revise the estimates for the year and remaining months.

b. The director of revenue shall remit ninety-five percent of the estimated tax receipts for the city or county to the city or county on or before August 31 of the fiscal year and on or before the last day of each following month.

c. The director of revenue shall remit a final payment of the remainder of tax moneys due the city or county for the fiscal year before November 10 of the next fiscal year. If an overpayment has resulted during the previous fiscal year, the November payment shall be adjusted to reflect any overpayment.

3. Seventy-five percent of each county’s account shall be remitted on the basis of the county’s population residing in the unincorporated area where the tax was imposed and those incorporated areas where the tax was imposed as follows:

a. To the board of supervisors a pro rata share based upon the percentage of the above population of the county residing in the unincorporated area of the county where the tax was imposed according to the most recent certified federal census.

b. To each city in the county where the tax was imposed a pro rata share based upon the percentage of the city’s population residing in the county to the above population of the county according to the most recent certified federal census.

c. If a subsequent certified census exists which modifies that most recent certified federal census for a participating jurisdiction under paragraphs “a” and “b”, the computations under paragraphs “a” and “b” shall utilize the subsequent certified census in the distribution formula under rules established by the director of revenue.

4. Twenty-five percent of each county's account shall be remitted based on the sum of property tax dollars levied by the board of supervisors if the tax was imposed in the unincorporated areas and each city in the county where the tax was imposed during the three-year period beginning July 1, 1982, and ending June 30, 1985, as follows:

*a.* To the board of supervisors a pro rata share based upon the percentage of the total property tax dollars levied by the board of supervisors during the above three-year period.

*b.* To each city council where the tax was imposed a pro rata share based upon the percentage of property tax dollars levied by the city during the above three-year period of the above total property tax dollars levied by the board of supervisors and each city where the tax was imposed during the above three-year period.

5. From each city's account, the percent of revenues agreed to be distributed to the county in the agreement entered into as provided in section 423B.1, subsection 2, paragraph "a", subparagraph (3), and paragraph "c", shall be deposited into the appropriate county's account to be remitted as provided in subsections 3 and 4. The remaining revenues in the city's account shall be remitted to the city council. If a county does not have an account, its percent of the revenues shall be remitted directly to the county board of supervisors.

6. Local sales and services tax moneys received by a city or county may be expended for any lawful purpose of the city or county.

*a.* The goods, wares, or merchandise are incorporated into an improvement to real estate in fulfillment of a written contract fully executed prior to the date of the imposition or increase in rate of a local sales and services tax under this chapter. The refund shall not apply to equipment transferred in fulfillment of a mixed construction contract.

cal tax.

*c.* The claim is filed on forms provided by the department and is filed within one year of the date the tax is paid.

2. The department shall pay the refund from the appropriate city's or county's account in the local sales and services tax fund.

3. A contractor who makes an erroneous application for refund shall be liable for payment of the excess refund paid plus interest at the rate in effect under section 421.7. In addition, a contractor who willfully makes a false application for refund is guilty of a simple misdemeanor and is liable for a penalty equal to fifty percent of the excess refund claimed. Excess refunds, penalties, and interest due under this subsection may be enforced and collected in the same manner as the local sales and services tax imposed under this chapter.

#### **423B.9 Issuance of bonds.**

1. For purposes of this section unless the context otherwise requires:

*a.* "Bond issuer" or "issuer" means a city, a county, or a secondary recipient.

*b.* "Designated portion" means the portion of the local option sales and services tax revenues which is authorized to be expended for one or a combination of purposes under an adopted public measure.

*c.* "Secondary recipient" means a political subdivision of the state which is to receive revenues from a local option sales and services tax over a period of years pursuant to the terms of a chapter 28E agreement with one or more cities or counties.

2. An issuer of public bonds which is a recipient of revenues from a local option sales and services tax imposed pursuant to this chapter may issue bonds in anticipation of the collection of one or more designated portions of the local option sales and services tax and may pledge irrevocably an amount of the revenue derived from the designated portions for each of the years the bonds remain outstanding to the payment of the bonds. Bonds may be issued only for one or more of the purposes set forth on the ballot proposition concerning the imposition of the local option sales and services tax, except bonds shall not be issued which are payable from that portion of tax revenues designated for property tax relief. The bonds may be issued in accordance with the procedures set forth in either subsection 3 or 4.

3. The governing body of an issuer may autho-

alize the issuance of bonds which are payable from the designated portion of the revenues of the local option sales and services tax, and not from property tax, by following the authorization procedures set forth for cities in section 384.83. Bonds may be issued for the purpose of refunding outstanding and previously issued bonds under this subsection without otherwise complying with the provisions of this subsection.

4. To authorize the issuance of bonds payable as provided in this subsection, the governing body of an issuer shall comply with all of the procedures as follows:

a. A bond issuer may institute proceedings for the issuance of bonds by causing a notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds, together with the maximum rate of interest which the bonds are to bear, and the right to petition for an election, to be published at least once in a newspaper of general circulation within the political subdivision or unincorporated area at least ten days prior to the meeting at which it is proposed to take action for the issuance of the bonds.

If at any time before the date fixed for taking action for the issuance of the bonds, a petition signed by eligible electors residing within the jurisdiction seeking to issue the bonds in a number equal to at least three percent of the registered voters of the bond issuer is filed, asking that the question of issuing the bonds be submitted to the registered voters, the governing body shall either by resolution declare the proposal to issue the bonds to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of issuing the bonds. The proposition of issuing bonds under this subsection is not approved unless the vote in favor of the proposition is equal to at least sixty percent of the vote cast. If a petition is not filed, or if a petition is filed and the proposition of issuing the bonds is approved at an election, the governing body acting on behalf of the issuer may proceed with the authorization and issuance of the bonds. Bonds may be issued for the purpose of refunding outstanding and previously issued bonds under this subsection without otherwise complying with the provisions of this subsection.

b. The provisions of chapter 76 apply to the bonds payable as provided in this subsection, except that the mandatory levy to be assessed pursuant to section 76.2 shall be at a rate to generate an amount which together with the receipts from the pledged designated portion of the local option sales and services tax is sufficient to pay the interest and principal on the bonds. All amounts collected as a result of the levy assessed pursuant to section 76.2 and paid out in the first instance for bond principal and interest shall be repaid to the bond issuer which levied the tax from the first available designated portion of local option sales

and services tax collections received in excess of the requirement for the payment of the principal and interest of the bonds and when repaid shall be applied in reduction of property taxes. The amount of bonds which may be issued under section 76.3 shall be the amount which could be retired from the actual collections of the designated portions of the local option sales and services tax for the last four calendar quarters, as certified by the director of revenue. The amount of tax revenues pledged jointly by other cities or counties may be considered for the purpose of determining the amount of bonds which may be issued. If the local option sales and services tax has been in effect for less than four calendar quarters, the tax collected within the shorter period may be adjusted to project the collections of the designated portion for the full year for the purpose of determining the amount of the bonds which may be issued. The provisions of this section constitute separate authorization for the issuance of bonds and shall prevail in the event of conflict with any other provision of the Code limiting the amount of bonds which may be issued or the source of payment of the bonds. Bonds issued under this section shall not limit or restrict the authority of the bond issuer to issue bonds under other provisions of the Code.

5. A city or county, jointly with one or more other political subdivisions as provided in chapter 28E, may pledge irrevocably any amount derived from the designated portions of the revenues of the local option sales and services tax to the support or payment of bonds of an issuer, issued for one or more purposes set forth on the ballot proposition concerning the imposition of the local option sales and services tax or a political subdivision may apply the proceeds of its bonds to the support of any such purpose.

6. Bonds issued pursuant to this section shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, and shall not be subject to the provisions of any other law or charter relating to the authorization, issuance, or sale of bonds. Bonds issued pursuant to this section are declared to be issued for an essential public and governmental purpose. Bonds issued pursuant to this section shall be authorized by resolution of the governing body and may be issued in one or more series and shall bear the date or dates, be payable on demand or mature at the time or times, bear interest at the rate or rates not exceeding that permitted by chapter 74A, be in the denomination or denominations, be in the form, have the rank or priority, be executed in the manner, be payable in the medium of payment, at the place or places, be subject to the terms of redemption, with or without premium, be secured in the manner, and have the other characteristics, as may be provided by the resolution authorizing their issuance. The

bonds may be sold at public or private sale at a price as may be determined by the governing body.

**423E.1 Authorization — rate of tax — use of revenues.**

1. A local sales and services tax for school infrastructure purposes may be imposed by a county on behalf of school districts as provided in this chapter.

If a local sales and services tax for school infrastructure is imposed by a county pursuant to this chapter, a local excise tax for school infrastructure at the same rate shall be imposed by the county on the purchase price of natural gas, natural gas service, electricity, or electric service subject to tax under chapter 423, subchapter III, and not exempted from tax by any provision of chapter 423, subchapter III. The local excise tax for school infrastructure is applicable only to the use of natural gas, natural gas service, electricity, or electric service within those incorporated and unincorporated areas of the county where it is imposed and, except as otherwise provided in this chapter, shall be collected and administered in the same manner as

the local sales and services tax for school infrastructure. For purposes of this chapter, *“local sales and services tax for school infrastructure”* shall also include the local excise tax for school infrastructure.

2. The maximum rate of tax shall be one percent. The tax shall be imposed without regard to any other local sales and services tax authorized in chapter 423B, and is repealed at the expiration of a period of ten years of imposition or a shorter period as provided in the ballot proposition unless the period is extended as provided in section 423E.2, subsection 5. However, all local option sales and services taxes for school infrastructure purposes are repealed December 31, 2022.

3. Local sales and services tax moneys received by a county for school infrastructure purposes pursuant to this chapter shall be utilized for school infrastructure needs or property tax relief. For purposes of this chapter, *“school infrastructure”* means those activities for which a school dis-

trict is authorized to contract indebtedness and issue general obligation bonds under section 296.1, except those activities related to a teacher's or superintendent's home or homes. These activities include the construction, reconstruction, repair, demolition work, purchasing, or remodeling of schoolhouses, stadiums, gyms, fieldhouses, and bus garages and the procurement of schoolhouse construction sites and the making of site improvements and those activities for which revenues under section 298.3 or 300.2 may be spent. Additionally, "school infrastructure" includes the payment or retirement of outstanding bonds previously issued for school infrastructure purposes as defined in this subsection, and the payment or retirement of bonds issued under section 423E.5.

#### **423E.2 Imposition by county.**

1. *a.* A local sales and services tax shall be imposed by a county only after an election at which a majority of those voting on the question favors imposition. The effective date shall be either January 1 or July 1 but not sooner than ninety days following the favorable election. A local sales and services tax approved by a majority vote shall apply to all incorporated and unincorporated areas of that county.

*b.* A local sales and services tax shall be repealed on either June 30 or December 31 but not sooner than ninety days following the favorable election, if one is held.

*c.* If a local sales and services tax has been imposed prior to April 1, 2000, and at the time of the election a date for repeal was specified on the ballot, the local sales and services tax may be repealed on that date, notwithstanding paragraph "b".

2. *a.* Upon receipt by a county board of supervisors of a petition requesting imposition of a local sales and services tax for infrastructure purposes, signed by eligible electors of the whole county equal in number to five percent of the persons in the whole county who voted at the last preceding state general election, the board shall within thirty days direct the county commissioner of elections to submit the question of imposition of the tax to the registered voters of the whole county.

*b.* Alternatively, the question of imposition of a local sales and services tax for school infrastructure purposes may be proposed by motion or motions, requesting such submission, adopted by the governing body of a school district or school districts located within the county containing a total,

or a combined total in the case of more than one school district, of at least one-half of the population of the county, or by the county board of supervisors. Upon adoption of such motion, the governing body of a school district shall notify the board of supervisors of the adoption of the motion. The county board of supervisors shall submit the motion to the county commissioner of elections, who shall publish notice of the ballot proposition concerning the imposition of the local sales and services tax. A motion ceases to be valid at the time of the holding of the regular election for the election of members of the governing body which adopted the motion.

3. The county commissioner of elections shall submit the question of imposition of a local sales and services tax for school infrastructure purposes at a state general election or at a special election held at any time other than the time of a city regular election. The election shall not be held sooner than sixty days after publication of notice of the ballot proposition. The ballot proposition shall specify the rate of tax, the date the tax will be imposed and repealed, and shall contain a statement as to the specific purpose or purposes for which the revenues shall be expended. The content of the ballot proposition shall be substantially similar to the petition of the board of supervisors or motions of a school district or school districts requesting the election as provided in subsection 2, as applicable, including the rate of tax, imposition and repeal date, and the specific purpose or purposes for which the revenues will be expended. The dates for the imposition and repeal of the tax shall be as provided in subsection 1. The rate of tax shall not be more than one percent. The state commissioner of elections shall establish by rule the form for the ballot proposition which form shall be uniform throughout the state.

4. *a.* Each school district located within the county may submit a revenue purpose statement to the county commissioner of elections no later than sixty days prior to the election indicating the specific purpose or purposes for which the local sales and services tax for school infrastructure revenue and supplemental school infrastructure amount revenue will be expended. The revenues received pursuant to this chapter shall be expended for the purposes indicated in the revenue purpose statement. The revenue purpose statement may include information regarding the school district's use of the revenues to provide for property tax relief or debt reduction. A copy of the revenue purpose statement shall be made available for public inspection in accordance with chapter 22, shall be posted at the appropriate polling places of each school district during the hours that the polls are open, and be published in a newspaper of general circulation in the school district no sooner than twenty days and no later than ten days prior to the election. Notwithstanding the re-

quirements for a revenue purpose statement in this paragraph, for elections occurring after April 1, 2003, but before August 1, 2003, a revenue purpose statement submitted not later than April 1, 2004, shall be considered to have met the requirements of this paragraph.

b. If a revenue purpose statement is not submitted sixty days prior to the election or revenues remain after fulfilling the purpose specified in the revenue purpose statement, the revenues shall be used to reduce the following levies in the following order:

(1) Bond levies under sections 298.18 and 298.18A and all other debt levies, until the moneys received or the levies are reduced to zero.

(2) The regular physical plant and equipment levy under section 298.2, until the moneys received or the levy is reduced to zero.

(3) The voter-approved physical plant and equipment levy and income surtax, if any, under section 298.2, until the moneys received or the levy and income surtax, if any, are reduced to zero.

(4) The public educational and recreational levy under section 300.2, until the moneys received or the levy is reduced to zero.

(5) The schoolhouse tax levy under section 278.1, subsection 7, Code 1989, until the moneys received or the levy is reduced to zero.

Any money remaining after the reduction of the levies specified in this paragraph "b" may be used for any authorized infrastructure purpose of the school district.

c. Counties holding an election on the local sales and services tax for school infrastructure purposes on or after April 1, 2003, but before July 1, 2003, which approve the imposition of the tax at the election shall expend the revenues for any authorized infrastructure purpose of the school district.

5. a. The tax may be repealed, the period of imposition of the tax may be extended for additional periods up to ten years each, or the rate increased, but not above one percent, or decreased, or the use of the revenues changed after an election at which a majority of those voting on the question of repeal, extension, rate change, or change in use favored the repeal, extension, rate change, or change in use. The election at which the question of repeal, extension, rate change, or change in use is offered shall be called and held in the same manner and under the same conditions as provided in this section for the election on the imposition of the tax. However, an election on the change in use shall only be held in the school district where the change in use is proposed to occur. The election may be held at any time but not sooner than sixty days following publication of the ballot proposition. However, the tax shall not be repealed before it has been in effect for one year.

b. Within ten days of the election at which a majority of those voting on the question favors the

imposition, repeal, extension, or change in the rate of the tax, the county auditor shall give written notice of the result of the election by sending a copy of the abstract of the votes from the favorable election to the director of revenue. Election costs shall be apportioned among school districts within the county on a pro rata basis in proportion to the number of registered voters in each school district who reside within the county and the total number of registered voters within the county.

c. A local option sales and services tax shall not be repealed or reduced in rate if obligations are outstanding which are payable as provided in section 423E.5, unless funds sufficient to pay the principal, interest, and premium, if any, on the outstanding obligations at and prior to maturity have been properly set aside and pledged for that purpose. However, this paragraph does not apply to the repeal of the tax on December 31, 2022, as specified in section 423E.1, subsection 2.

**423E.3 Collection of tax.**

1. If a majority of those voting on the question of imposition of a local sales and services tax for school infrastructure purposes favors imposition of the tax, the tax shall be imposed by the county board of supervisors within the county pursuant to section 423E.2, at the rate specified for the period provided in section 423E.1, subsection 2, on the sales price taxed by the state under chapter 423, subchapter II.

2. The tax shall be imposed on the same basis as the state sales and services tax or in the case of the use of natural gas, natural gas service, electricity, or electric service on the same basis as the state use tax and shall not be imposed on the sale of any property or on any service not taxed by the state, except the tax shall not be imposed on the sales price from the sale of motor fuel or special fuel as defined in chapter 452A which is consumed for highway use or in watercraft or aircraft if the fuel tax is paid on the transaction and a refund has not or will not be allowed, on the sales price from the rental of rooms, apartments, or sleeping quarters which are taxed under chapter 423A during the period the hotel and motel tax is imposed, on the sales price from the sale of equipment by the state department of transportation, on the sales price from the sale of self-propelled building equipment, pile drivers, motorized scaffolding, or

attachments customarily drawn or attached to self-propelled building equipment, pile drivers, and motorized scaffolding, including auxiliary attachments which improve the performance, safety, operation, or efficiency of the equipment, and replacement parts and are directly and primarily used by contractors, subcontractors, and builders for new construction, reconstruction, alterations, expansion, or remodeling of real property or structures, and on the sales price from the sale of a lottery ticket or share in a lottery game conducted pursuant to chapter 99G and except the tax shall not be imposed on the sales price from the sale or use of natural gas, natural gas service, electricity, or electric service in a city or county where the sales price from the sale of natural gas or electric energy are subject to a franchise fee or user fee during the period the franchise or user fee is imposed.

3. The tax is applicable to transactions within the county where it is imposed and shall be collected by all persons required to collect state sales or local excise taxes. However, a person required to collect state sales tax under chapter 423 is not required to collect local sales and services tax on transactions delivered within the area where the local sales and services tax is imposed unless the person has physical presence in that taxing area. The amount of the sale, for purposes of determining the amount of the tax, does not include the amount of any state sales taxes or excise taxes or other local option sales or excise taxes. A tax permit other than the state tax permit required under section 423.36 shall not be required by local authorities.

4. The director of revenue shall credit tax receipts and interest and penalties from the local sales and services tax for school infrastructure purposes to an account within the secure an advanced vision for education fund, as provided in section 423E.4, maintained in the name of the school district or school districts located within the county. If the director is unable to determine from which county any of the receipts were collected, those receipts shall be allocated among the possible counties based on allocation rules adopted by the director.

5. *a.* The director of revenue by August 15 of each fiscal year shall send to each school district where the tax is imposed an estimate of the amount of tax moneys each school district will receive for the year and for each month of the year. At the end of each month, the director may revise the estimates for the year and remaining months.

*b.* The director shall remit ninety-five percent of the estimated tax receipts for the school district to the school district on or before August 31 of the fiscal year and on or before the last day of each following month.

*c.* The director shall remit a final payment of the remainder of tax moneys due for the fiscal year before November 10 of the next fiscal year. If an

overpayment has resulted during the previous fiscal year, the November payment shall be adjusted to reflect any overpayment.

*d.* (1) If more than one school district, or a portion of a school district, is located within the county, tax receipts shall be remitted to each school district or portion of a school district in which the county tax is imposed in a pro rata share based upon the ratio which the actual enrollment for the school district that attends school in the county bears to the total combined actual enrollments for all school districts that attend school in the county.

(2) The combined actual enrollment for a county, for purposes of this section, shall be determined for each county by the department of management based on the actual enrollment figures reported by October 1 to the department of management by the department of education pursuant to section 257.6, subsection 1. The combined actual enrollment count shall be forwarded to the director of revenue by March 1, annually, for purposes of supplying estimated tax payment figures and making estimated tax payments pursuant to this section for the following fiscal year.

*e.* Notwithstanding the amount of tax receipts credited to the account within the secure an advanced vision for education fund maintained in the name of a school district, the amount of tax receipts the school district shall receive from the tax imposed in the county shall be determined as provided in section 423E.4, subsection 2.

6. The local sales and services tax for school infrastructure purposes shall be administered as provided in section 423B.6.

7. Construction contractors may make application to the department for a refund of the additional local sales and services tax paid under this chapter by reason of taxes paid on goods, wares, or merchandise under the conditions specified in section 423B.8. The refund shall be paid by the department from the appropriate school district's account in the secure an advanced vision for education fund. The penalty provisions contained in section 423B.8, subsection 3, shall apply regarding an erroneous application for refund of local sales and services tax paid under this chapter.

**423E.4 Secure an advanced vision for education fund.**

1. A secure an advanced vision for education fund is created as a separate and distinct fund in the state treasury under the control of the department of revenue. Moneys in the fund include revenues credited to the fund pursuant to this chapter, appropriations made to the fund, and other moneys deposited into the fund. Any amounts disbursed from the fund shall be utilized for school infrastructure purposes or property tax relief.

2. The moneys credited in a fiscal year to the secure an advanced vision for education fund shall be distributed as follows:

*a.* A school district that is located in whole or in part in a county that voted on and approved prior to April 1, 2003, the local sales and services tax for school infrastructure purposes and that has a sales tax capacity per student above the guaranteed school infrastructure amount shall receive for the remainder of the unextended term of the tax an amount equal to its pro rata share of the local sales and services tax receipts as provided in section 423E.3, subsection 5, paragraph “d”, unless the school board passes a resolution by October 1, 2003, agreeing to receive a distribution pursuant to paragraph “b”, subparagraph (1).

*b.* (1) A school district that is located in whole or in part in a county that voted on and approved prior to April 1, 2003, the local sales and services tax for school infrastructure purposes and that has a sales tax capacity per student below its guaranteed school infrastructure amount shall receive for the remainder of the unextended term of the tax an amount equal to its pro rata share of the local sales and services tax receipts as provided in section 423E.3, subsection 5, paragraph “d”, plus an amount equal to its supplemental school infrastructure amount, unless the school district passes a resolution by October 1, 2003, agreeing to receive only an amount equal to its pro rata share as provided in section 423E.3, subsection 5, paragraph “d”, in all subsequent years.

(2) A school district that is located in whole or in part in a county that voted on and approved on or after April 1, 2003, the local sales and services tax for school infrastructure purposes shall receive an amount equal to its pro rata share of the local sales and services tax receipts as provided in section 423E.3, subsection 5, paragraph “d”, not to exceed its guaranteed school infrastructure amount. However, if the school district’s pro rata share is less than its guaranteed school infrastructure amount, the district shall receive an additional amount equal to its supplemental school infrastructure amount.

(3) A school district that is located in whole or in part in a county that voted on and approved the extension of the local sales and services tax for school infrastructure purposes pursuant to section 423E.2, subsection 5, on or after April 1, 2003,

shall receive for any extended period an amount equal to its pro rata share of the local sales and services tax receipts as provided in section 423E.3, subsection 5, paragraph “d”, not to exceed its guaranteed school infrastructure amount. However, if the school district’s pro rata share is less than its guaranteed school infrastructure amount, the district shall receive an additional amount equal to its supplemental school infrastructure amount.

*c.* In the case of a school district located in more than one county, the amount to be distributed to the school district shall be separately computed for each county based upon the school district’s actual enrollment that attends school in the county.

*3. a.* The director of revenue by June 1 preceding each fiscal year shall compute the guaranteed school infrastructure amount for each school district, each school district’s sales tax capacity per student for each county, and the supplemental school infrastructure amount for the coming fiscal year.

*b.* For purposes of distributions under subsection 2:

(1) “*Guaranteed school infrastructure amount*” means for a school district the statewide tax revenues per student, multiplied by the quotient of the tax rate percent imposed in the county, divided by one percent and multiplied by the quotient of the number of quarters the tax is imposed during the fiscal year divided by four quarters.

(2) “*Sales tax capacity per student*” means for a school district the estimated amount of revenues that a school district receives or would receive if a local sales and services tax for school infrastructure purposes is imposed at one percent in the county pursuant to section 423E.2, divided by the school district’s actual enrollment as determined in section 423E.3, subsection 5, paragraph “d”.

(3) “*Statewide tax revenues per student*” means five hundred seventy-five dollars per student. The general assembly shall review this amount annually to determine its appropriateness.

(4) “*Supplemental school infrastructure amount*” means the guaranteed school infrastructure amount for the school district less its pro rata share of local sales and services tax for school infrastructure purposes as provided in section 423E.3, subsection 5, paragraph “d”.

*4. a.* For the purposes of distribution under subsection 2, paragraph “b”, subparagraph (1), a school district with a sales tax capacity per student below its guaranteed school infrastructure amount shall use the amount equal to the guaranteed school infrastructure amount less the pro rata share amount in accordance with section 423E.3, subsection 5, paragraph “d”, for the purpose of paying principal and interest on outstanding bonds previously issued for school infrastructure purposes as defined in section 423E.1, subsec-

tion 3. Any money remaining after the payment of all principal and interest on outstanding bonds previously issued for infrastructure purposes may be used for any authorized infrastructure purpose of the school district. If a majority of the voters in the school district approves the use of revenue pursuant to a revenue purpose statement in an election held after July 1, 2003, in the school district pursuant to section 423E.2, the school district may use the amount for the purposes specified in its revenue purpose statement.

*b.* Nothing in this section shall prevent a school district from using its sales tax capacity per student or guaranteed school infrastructure amount to pay principal and interest on obligations issued pursuant to section 423E.5.

5. In the case of a deficiency in the fund to pay the supplemental school infrastructure amounts in full, the amount available in the fund less the sales and services tax revenues for school infrastructure purposes attributed to each school district should be allocated first to increase the school district with the lowest sales tax capacity per student to an amount equal to the school district or school districts with the next lowest sales tax capacity per student and then increase the school districts to an amount equal to the school district or school districts with the next lowest sales tax capacity per student and continue on in this manner until money is no longer available or all school districts reach their guaranteed school infrastructure amount.

6. A school district shall not expend the supplemental school infrastructure amount received for new construction or for payments for bonds issued for new construction against the supplemental school infrastructure amount without prior application to the department of education and receipt of a certificate of need pursuant to this subsection. However, a certificate of need is not required for the payment of outstanding bonds issued for new construction pursuant to section 296.1, before April 1, 2003. A certificate of need is also not required for repairing schoolhouses or buildings, equipment, technology, or transportation equipment for transporting students as provided in section 298.3, or for construction necessary for compliance with the federal Americans With Disabilities Act pursuant to 42 U.S.C. § 12101 – 12117. In determining whether a certificate of need shall be issued or denied, the department shall consider all of the following:

*a.* Enrollment trends in the grades that will be served at the new construction site.

*b.* The infeasibility of remodeling, reconstructing, or repairing existing buildings.

*c.* The fire and health safety needs of the school district.

*d.* The distance, convenience, cost of transportation, and accessibility of the new construction site to the students to be served at the new

construction site.

*e.* Availability of alternative, less costly, or more effective means of serving the needs of the students.

*f.* The financial condition of the district, including the effect of the decline of the budget guarantee and unspent balance.

*g.* Broad and long-term ability of the district to support the facility and the quality of the academic program.

*h.* Cooperation with other educational entities including other school districts, area education agencies, postsecondary institutions, and local communities.

#### 423E.5 Bonding.

The board of directors of a school district shall be authorized to issue negotiable, interest-bearing school bonds, without election, and utilize tax receipts derived from the sales and services tax for school infrastructure purposes and the supplemental school infrastructure amount distributed pursuant to section 423E.4, subsection 2, paragraph "b", for principal and interest repayment. Proceeds of the bonds issued pursuant to this section shall be utilized solely for school infrastructure needs as school infrastructure is defined in section 423E.1, subsection 3. Bonds issued under this section may be sold at public or private sale as provided in chapter 75 without notice and hearing as provided in section 73A.12. Bonds may bear dates, bear interest at rates not exceeding that permitted by chapter 74A, mature in one or more installments, be in registered form, carry registration and conversion privileges, be payable as to principal and interest at times and places, be subject to terms of redemption prior to maturity with or without premium, and be in one or more denominations, all as provided by the resolution of the board of directors authorizing their issuance. The resolution may also prescribe additional provisions, terms, conditions, and covenants which the board of directors deems advisable, including provisions for creating and maintaining reserve funds, the issuance of additional bonds ranking on a parity with such bonds and additional bonds junior and subordinate to such bonds, and that such bonds shall rank on a parity with or be junior and subordinate to any bonds which may be then outstanding. Bonds may be issued to refund out-

standing and previously issued bonds under this section. Local option sales and services tax revenue bonds are a contract between the school district and holders, and the resolution issuing the bonds and pledging local option sales and services tax revenues to the payment of principal and interest on the bonds is a part of the contract. Bonds issued pursuant to this section shall not constitute indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, and shall not be subject to any other law relating to the authorization, issuance, or sale of bonds.

A school district in which a local option sales tax for school infrastructure purposes has been imposed shall be authorized to enter into a chapter 28E agreement with one or more cities or a county whose boundaries encompass all or a part of the area of the school district. A city or cities entering into a chapter 28E agreement shall be authorized to expend its designated portion of the local option sales and services tax revenues for any valid purpose permitted in this chapter or authorized by the governing body of the city. A county entering into a chapter 28E agreement with a school district in which a local option sales tax for school infrastructure purposes has been imposed shall be authorized to expend its designated portion of the local option sales and services tax revenues to provide property tax relief within the boundaries of the school district located in the county. A school district where a local option sales and services tax is imposed is also authorized to enter into a chapter 28E agreement with another school district, a community college, or an area education agency which is located partially or entirely in or is contiguous to the county where the tax is imposed. The school district or community college shall only expend its designated portion of the local option sales and services tax for infrastructure purposes. The area education agency shall only expend its designated portion of the local option school infrastructure sales tax for infrastructure and maintenance purposes.

The governing body of a city may authorize the issuance of bonds which are payable from its designated portion of the revenues of the local option sales and services tax, and not from property tax, by following the authorization procedures set forth for cities in section 384.83. A city may pledge irrevocably any amount derived from its designated portions of the revenues of the local option sales and services tax to the support or payment of such bonds.

**423E.6 School infrastructure safety fund.**

1. There shall be distributed from the federal funds allocated to the state of Iowa as described in Conference Committee Report 105-390, accompanying H.R. 2264, making federal appropriations to the United States departments of labor, health and human services, and education, to the state department of education the sum of eight million dollars to establish a school infrastructure safety fund.

2. The funds shall be allocated to the school budget review committee to develop a school infrastructure safety fund grant program, in conjunction with the state fire marshal. For purposes of reviewing grant applications and making recommendations regarding the administration of the program, the state fire marshal shall be considered an additional voting member of the school budget review committee.

3. Top priority in awarding program grants shall be the making of school infrastructure improvements relating to fire and personal safety. School districts eligible for program grants shall have received an order or citation from the state fire marshal, or a fire department chief or fire prevention officer, for one or more fire safety violations regarding a school facility, or in the opinion of the state fire marshal shall be regarded as operating facilities subject to significant fire safety deficiencies. Grant awards shall also be available for defects or violations of the state building code, as adopted pursuant to section 103A.7, revealed during an inspection of school facilities by a local building department, or for improvements consistent with the standards and specifications contained in the state building code regarding ensuring that buildings and facilities are accessible to and functional for persons with disabilities. The school budget review committee shall allocate program funds to school districts which, in its discretion, are determined to be faced with the most severe deficiencies. School districts applying for program grants shall have developed and submitted to the state fire marshal or local building department a written plan to remedy fire or safety defects within a specified time frame. Approval of the written plan by the state fire marshal or local building department shall be obtained prior to receipt of a grant award by a school district.

4. Application forms, submission dates for applications and for written plans to remedy fire or safety defects, and grant award criteria shall be developed by the state department of education, in coordination with the state fire marshal, by rule.

5. The school budget review committee shall submit a progress report of the number and amount of grants awarded, and fire and safety im-

provements made, pursuant to the school infrastructure safety fund grant program, to the general assembly by January 1, 2000.

6. If federal rules or regulations are adopted relating to the distribution or utilization of funds allocated to the state department of education pursuant to this section which are inconsistent with the provisions of this section, the state department of education shall adopt rules to comply with the requirements of the federal rules or regulations.

1. This chapter is entitled "*Environmental Protection Charge on Petroleum Diminution*".

2. The director's and the department's authority and power under chapter 421 and other provisions of the tax code relevant to administration apply to this chapter, and the charge imposed under this chapter is imposed as if the charge were a tax within the meaning of that chapter or provision.

3. The director shall enter into a contract or agreement with the board to provide assistance requested by the board. Policy issues arising under this chapter or chapter 455G shall be determined by the board, and the board shall be joined as a real party in interest when a policy issue is raised.

4. The board shall retain rulemaking authority, but may contract with the department for as-

sistance in drafting rules. The board shall retain contested case jurisdiction over any challenge to the diminution rate or cost factor. The department shall conduct all other contested cases and be responsible for other agency action in connection with the environmental protection charge imposed under this chapter.

5. The board shall reimburse the department of revenue by contract for the reasonable cost of administration of the environmental protection charge imposed under this chapter and for other duties delegated to the department or to the director by the board.

89 Acts, ch 131, §12, 13; 2003 Acts, ch 145, §286

#### **424.3 Environmental protection charge imposed upon petroleum diminution.**

1. An environmental protection charge is im-

posed upon diminution. A depositor shall collect from the receiver of petroleum deposited into a tank, the environmental protection charge imposed under this section on diminution each time petroleum is deposited into the tank, and pay the charge to the department as directed by this chapter.

All taxes or charges collected under this chapter by a depositor or any individual from a receiver or any other individual are considered to be held in trust on behalf of the state of Iowa.

2. The environmental protection charge shall be equal to the total volume of petroleum deposited in a tank multiplied by the diminution rate multiplied by the cost factor.

3. The diminution rate is one-tenth of one percent.

4. Diminution equals total volume of petroleum deposited multiplied by the diminution rate established in subsection 3.

5. The cost factor is an amount per gallon of diminution determined by the board pursuant to this subsection. The board, after public hearing, shall determine, or shall adjust, the cost factor to the greater of either an amount reasonably calculated to generate an annual average revenue, year to year, of seventeen million dollars from the charge, excluding penalties and interest, or ten dollars. The board may determine or adjust the cost factor at any time but shall at minimum determine the cost factor at least once each fiscal year.

89 Acts, ch 131, §15; 90 Acts, ch 1235, §9 – 11; 91 Acts, ch 252, §3; 95 Acts, ch 215, §2; 2004 Acts, ch 1073, §28

Subsection 1, NEW unnumbered paragraph 2

#### **424.4 Adding of charge.**

A depositor shall, as far as practicable, add the charge imposed under this chapter, or the average equivalent of the charge, to the depositor’s sales price for the petroleum subject to the charge and when added such charge shall constitute a part of the depositor’s price, shall be a debt from the receiver to the depositor until paid, and shall be recoverable at law in the same manner as other debts.

89 Acts, ch 131, §16

#### **424.5 Depositor permits required — applications — revocation.**

1. It is unlawful for any person to deposit petroleum into a tank in this state, unless a depositor permit has been issued to that person under this section. A depositor shall file with the department an application for a permit. An application for a permit shall be made upon a form prescribed by the board and shall set forth the name under which the applicant transacts or intends to transact business, the location or locations of the applicant’s place of business, and any other information as the board may require. The application shall be signed by the owner if a natural person; in the case

of an association or partnership, by a member or partner; in the case of a corporation, by an executive officer or some person specifically authorized by the corporation to sign the application, to which shall be attached the written evidence of the person's authority.

2. The department may deny a permit to an applicant who is substantially delinquent in paying a tax or charge due, or the interest or penalty on the tax or charge, administered by the department at the time of application. If the applicant is a partnership, a permit may be denied if the partner is substantially delinquent in paying any delinquent tax or charge, penalty, or interest.

3. A permit is not assignable and is valid only for the person in whose name it is issued.

4. A permit issued under this chapter is valid and effective until revoked by the department.

5. If the holder of a permit fails to comply with any of the provisions of this chapter or any order or rule of the department, or rule or order of the board pursuant to this chapter, or is substantially delinquent in the payment of a tax or charge administered by the department or the interest or penalty on the tax or charge, the director may revoke the permit.

6. To revoke a permit the director shall serve notice as required by section 17A.18 to the permit holder informing that person of the director's intent to revoke the permit and of the permit holder's right to a hearing on the matter. If the permit holder petitions the director for a hearing on the proposed revocation, after giving ten days' notice of the time and place of the hearing in accordance with section 17A.18, subsection 3, the matter may be heard and a decision rendered. The director may restore permits after revocation. The director shall adopt rules setting forth the period of time a depositor must wait before a permit may be restored or a new permit may be issued. The waiting period shall not exceed ninety days from the date of the revocation of the permit.

89 Acts, ch 131, §17

#### **424.6 Exemption certificates for receivers of petroleum underground storage tanks not subject to financial responsibility rules.**

1. The department of natural resources shall issue an exemption certificate in the form prescribed by the director of the department of natural resources to an applicant who is an owner or operator of a petroleum underground storage tank which is exempt, deferred, or excluded from regulation under chapter 455G, for that tank. The director of the department of natural resources shall revoke and require the return of an exemption certificate if the petroleum underground storage tank later becomes subject to chapter 455G pursuant to section 455G.1. A tank is subject to chapter 455G when the federal regulation subjecting that tank to financial responsibility becomes effective and

not upon the effective compliance date unless the effective compliance date is the effective date of the regulation.

The department shall permit a credit against the charge due from a person operating an eligible underground bulk storage facility equal to the total volume of petroleum transferred or sold from a tank in bulk quantities and delivered to a person for deposit in a tank which is exempt, deferred, or excluded pursuant to this subsection, multiplied by the diminution rate multiplied by the cost factor, subject to rules adopted by the board. "*Bulk quantities*" as used in this paragraph means at least a portion of a standard tanker truck load. "*Eligible underground bulk storage facility*" means an underground bulk storage facility in operation on or before January 1, 1990.

2. Liability for the charge is upon the depositor and the receiver unless the depositor takes in good faith from the receiver a valid exemption certificate and records the exemption certificate number and related transaction information required by the director and submits such information as part of the environmental protection charge return. If petroleum is deposited into a tank, pursuant to a valid exemption certificate which is taken in good faith by the depositor, and the receiver is liable for the charge, the receiver is solely liable for the charge and shall remit the charge directly to the department and this chapter applies to that receiver as if the receiver were a depositor.

3. A valid exemption certificate is an exemption certificate which is complete and correct according to the requirements of the director of the department of natural resources.

4. A valid exemption certificate is taken in good faith by the depositor when the depositor has exercised that caution and diligence which honest persons of ordinary prudence would exercise in handling their own business affairs, and includes an honesty of intention and freedom from knowledge of circumstances which ought to put one upon inquiry as to the facts. A depositor has constructive notice of the classes of exempt, deferred, or excluded tanks. In order for a depositor to take a valid exemption certificate in good faith, the depositor must exercise reasonable prudence to determine the facts supporting the valid exemption certificate, and if any facts upon such certificate would lead a reasonable person to further inquiry, then such inquiry must be made with an honest intent to discover the facts.

5. If the circumstances change and the tank becomes subject to financial responsibility regulations, the tank owner or operator is liable solely for the charges and shall remit the charges directly to the department of revenue pursuant to this chapter.

6. The board may waive the requirement for an exemption certificate for one or more classes of exempt, deferred, or excluded tanks, if in the board's judgment an exemption certificate is not

required for effective and efficient collection of the charge. If an exemption certificate is not required for a class pursuant to this subsection, the depositor shall maintain and file such records and information as may be required by the director regarding deposits into a tank subject to the waiver.

89 Acts, ch 131, §18; 90 Acts, ch 1235, §12; 2003 Acts, ch 145, §286

**424.7 Deposit of moneys — filing of environmental protection charge return.**

1. A depositor shall, on or before the last day of the month following the close of each calendar quarter during which the depositor is or has become or ceased being subject to the provisions of section 424.3, make, sign, and file an environmental protection charge return for that calendar quarter in such form as may be required by the director. The return shall show information relating to the volume of petroleum deposited into tanks subject to the charge, and any claimed exemptions or exclusions from the charge, a calculation of charges due, and such other information for the period covered by the return as may be required by the director. The depositor may be granted an extension of time not exceeding thirty days for filing a quarterly return, upon a proper showing of necessity. If an extension is granted, the depositor shall have paid by the thirtieth day of the month following the close of the quarter ninety percent of the estimated charges due.

2. If necessary or advisable in order to ensure the payment of the charge imposed by this chapter, the director may require returns and payment of the charge to be made for other than quarterly periods.

3. Returns shall be signed by the depositor or the depositor's duly authorized agent, and must be duly certified by the depositor to be correct.

4. Upon receipt of a payment pursuant to this chapter, the department shall deposit the moneys into the road use tax fund created in section 312.1.

89 Acts, ch 131, §19; 90 Acts, ch 1235, §13

**424.8 Payment of environmental protection charge.**

1. The charge levied under this chapter is due and payable in calendar quarterly installments on or before the last day of the month following each quarterly period except as otherwise provided in this section.

2. Every permit holder at the time of making the return required hereunder, shall compute and pay to the department the charges due for the preceding period.

3. *a.* If a receiver fails to pay charges imposed by this chapter to the depositor required to collect the charge, then in addition to all of the rights, obligations, and remedies provided, the charge is payable by the receiver directly to the department, and this chapter applies to the receiver as if the re-

ceiver were a depositor.

*b.* If a depositor subject to this chapter sells the depositor's business or stock of petroleum or quits the business, the depositor shall prepare a final return and pay all charges due within the time required by law. The immediate successor to the depositor, if any, shall withhold a sufficient amount of the purchase price, in money or money's worth, to pay the amount of delinquent charge, interest, or penalty due and unpaid. If the immediate successor of the business or stock of petroleum intentionally fails to withhold the amount due from the purchase price as provided in this paragraph, the immediate successor is personally liable for the payment of the delinquent charges, interest, and penalty accrued and unpaid on account of the operation of the business by the immediate predecessor depositor, except when the purchase is made in good faith as provided in section 424.6. However, a person foreclosing on a valid security interest or retaking possession of premises under a valid lease is not an "immediate successor" for purposes of this paragraph. The department may waive the liability of the immediate successor under this paragraph if the immediate successor exercised good faith in establishing the amount of the previous liability.

89 Acts, ch 131, §20

**424.9 Bond for environmental protection charge collection.**

The director, when necessary and advisable in order to secure the collection of the environmental protection charge imposed by section 424.3, may require a depositor to file a bond with the director. The bond shall assure collection by the department of the amount of the charge required to be collected or the amount actually collected by the depositor required to file the bond, whichever is greater. The bond shall be issued by a surety company authorized to conduct business in this state and approved by the commissioner of insurance as to solvency and responsibility, in an amount as the director may fix, to secure the payment of the charge, and penalty due or which may become due. In lieu of the bond, securities or cash shall be kept in the custody of the department and securities may be sold by the director at public or private sale, without notice to the depositor, if it becomes necessary to do so in order to recover any charge and penalty due. Upon a sale, any surplus above the amounts due under this section shall be returned to the person who deposited the securities.

89 Acts, ch 131, §21

**424.10 Failure to file return — incorrect return.**

1. As soon as practicable after a return is filed and in any event within three years after the return is filed the department shall examine it, assess and determine the charge due if the return is found to be incorrect, and give notice to the deposi-

tor of the assessment and determination as provided in subsection 2. The period for the examination and determination of the correct amount of the charge is unlimited in the case of a false or fraudulent return made with the intent to evade the charge or in the case of a failure to file a return. If the determination that a return is incorrect is the result of an audit of the books and records of the depositor, the charge, or additional charge, if any is found due, shall be assessed and determined and the notice to the depositor shall be given by the department within one year after the completion of the examination of the books and records.

2. If a return required by this chapter is not filed, or if a return when filed is incorrect or insufficient and the maker fails to file a corrected or sufficient return within twenty days after the return is required by notice from the department, the department shall determine the amount of charge due from information as the department may be able to obtain and, if necessary, may estimate the charge on the basis of external indices or factors. The department shall give notice of the determination to the person liable for the charge. The determination shall fix the charge unless the person against whom it is assessed shall, within sixty days after the date of the notice of the determination, apply to the director for a hearing or unless the person against whom it is assessed contests the determination by paying the charge, interest, and penalty and timely filing a claim for refund. At the hearing evidence may be offered to support the determination or to prove that it is incorrect. After the hearing the director shall give notice of the decision to the person liable for the charge.

If a depositor's, receiver's, or other person's challenge relates to the diminution rate, the burden of proof upon the challenger shall only be satisfied by clear and convincing evidence.

3. If the amount paid is greater than the correct charge, penalty, and interest due, the department shall refund the excess, with interest after sixty days from the date of payment at the rate in effect under section 421.7, pursuant to rules prescribed by the director. However, the director shall not allow a claim for refund that has not been filed with the department within three years after the charge payment upon which a refund is claimed became due, or one year after the charge payment was made, whichever time is later. A determination by the department of the amount of charge, penalty, and interest due, or the amount of refund for any excess amount paid, is final unless the person aggrieved by the determination appeals to the director for a revision of the determination within sixty days from the date of the notice of determination of charge, penalty, and interest due or refund owing. The director shall grant a hearing, and upon hearing the director shall determine the correct charge, penalty, and interest due or refund owing, and notify the appel-

lant of the decision by mail. The decision of the director is final unless the appellant seeks judicial review of the director's decision under section 424.13.

89 Acts, ch 131, §22; 94 Acts, ch 1133, §8, 16; 99 Acts, ch 151, §40, 89; 2001 Acts, ch 116, §18; 2001 Acts, ch 150, §8

#### **424.11 Environmental protection charge lien — collection — action authorized.**

Whenever a person liable to pay a charge refuses or neglects to pay the charge, the amount, including any interest, penalty, or addition to the charge, together with the costs that may accrue in addition thereto, shall be a lien in favor of the state upon all property and rights to property, whether real or personal, belonging to that person.

The environmental protection charge lien shall attach at the time the charge becomes due and payable and shall continue for ten years from the time the lien attaches unless sooner released or otherwise discharged. The lien may be extended, within ten years from the date the lien attaches, by filing for record a notice with the appropriate county official of the appropriate county and from the time of such filing, the lien shall be extended to the property in such county for ten years, unless sooner released or otherwise discharged, with no limit on the number of extensions. The director shall charge off any account whose lien is allowed to lapse and may charge off any account and release the corresponding lien before the lien has lapsed if the director determines under uniform rules adopted by the board that the account is uncollectible or collection costs involved would not warrant collection of the amount due.

In order to preserve the lien against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, on any property situated in a county, the director shall file with the recorder of the county in which the property is located a notice of the lien.

The recorder shall endorse on each notice of lien the day, hour, and minute when received and preserve the notice, and shall immediately index the notice and record the lien in the manner provided for recording real estate mortgages, and the lien shall be effective from the time of its indexing.

The department shall pay a recording fee as provided in section 331.604, for the recording of the lien, or for its satisfaction.

Upon the payment of a charge as to which the director has filed notice with a county recorder, the director shall immediately file with the recorder a satisfaction of the charge and the recorder shall enter the satisfaction on the notice on file in the recorder's office and indicate that fact on the index.

The department shall proceed, substantially as provided in this chapter, to collect all charges and penalties as soon as practicable after the same become delinquent, except that no property of the depositor shall be exempt from the payment of the

charge. In the event service has not been made on a distress warrant by the officer to whom addressed within five days from the date the distress warrant was received by the officer, the authorized revenue agents of the department are hereby empowered to serve and make return of the warrant to the clerk of the district court of the county named in the distress warrant, and all subsequent procedure shall be in compliance with chapter 626.

The attorney general shall, upon the request of the director, bring an action at law or in equity, as the facts may justify, without bond, to enforce payment of any charges and penalties, and in such action the attorney general shall have the assistance of the county attorney of the county in which the action is pending.

It is expressly provided that the foregoing remedies of the state shall be cumulative and that no action taken by the director or attorney general shall be construed to be an election on the part of the state or any of its officers to pursue any remedy hereunder to the exclusion of any other remedy provided by law.

89 Acts, ch 131, §23; 2002 Acts, ch 1113, §7, 8

#### **424.12 Records required.**

It is the duty of every depositor required to make a report and pay any charge under this chapter, to preserve such records as the director may require, and it is the duty of every depositor to preserve for a period of three years all invoices and other records; and all such books, invoices, and other records shall be open to examination at any time by the department, and shall be made available within this state for examination upon reasonable notice when the director shall so order. When requested to do so by any person from whom a charge payer is seeking credit, or with whom the charge payer is negotiating the sale of any personal property, or by any other person having a legitimate interest in such information, the director, upon being satisfied that such a situation exists, shall inform that person as to the amount of unpaid charges due by the charge payer under this chapter. The giving of information under such circumstances shall not be deemed a violation of section 422.72 as applied to this chapter.

Section 422.72 applies to this chapter as if the environmental protection charge were a tax.

89 Acts, ch 131, §24; 2001 Acts, ch 150, §9

#### **424.13 Judicial review.**

1. Judicial review of contested cases under this chapter may be sought in accordance with chapter 17A.

2. For cause and upon a showing by the director that collection of the charge in dispute is in doubt, the court may order the petitioner to file with the clerk a bond for the use of the respondent, with sureties approved by the clerk, in the amount

of the charge appealed from, conditioned that the petitioner shall perform the orders of the court.

3. An appeal may be taken by the charge payer or the director to the supreme court of this state irrespective of the amount involved.

89 Acts, ch 131, §25; 95 Acts, ch 83, §18; 2001 Acts, ch 116, §19

**424.14** Reserved.

#### **424.15 Environmental protection charge refund.**

If it appears that, as a result of mistake, an amount of a charge, penalty, or interest has been paid which was not due under this chapter, then that amount shall be refunded to the charge payer by the department. A claim for refund that has not been filed with the department within three years after the charge payment upon which a refund is claimed became due, or one year after that charge payment was made, whichever time is the later, shall not be allowed by the director.

Refunds may be made only from the unallocated or uncommitted moneys in the road use tax fund, and are limited by the total amount budgeted by the board for charge refunds.

89 Acts, ch 131, §26; 90 Acts, ch 1235, §14; 2001 Acts, ch 150, §10

#### **424.16 Notice of change in diminution rate — service of notice.**

1. *a.* The board shall notify each person who has previously filed an environmental protection charge return, and any other person known to the board who will owe the charge at any address obtainable for that person, at least thirty days in advance of the start of any calendar quarter during which the following will occur:

An administrative change in the cost factor, pursuant to section 424.3, subsection 5, becomes effective.

*b.* Notice shall be provided by mailing a notice of the change to the address listed on the person's last return. The mailing of the notice is presumptive evidence of the receipt of the notice by the person to whom addressed. The board shall also publish the same notice at least twice in a paper of general circulation within the state at least thirty days in advance of the first day of the calendar quarter during which a change in paragraph "a" becomes effective.

2. A notice authorized or required under this section may be given by mailing the notice to the person for whom it is intended, addressed to that person at the address given in the last return filed by the person pursuant to this chapter, or if no return has been filed, then to any address obtainable. The mailing of the notice is presumptive evidence of the receipt of the notice by the person to whom addressed. Any period of time which is determined according to this chapter by the giving of notice commences to run from the date of mailing

of the notice. Neither mailed notice or notice by publication is required for the initial determination and imposition of the charge. The board shall undertake to provide reasonable notice of the environmental protection charge and procedures, as in the board's sole discretion it deems appropriate, provided that the actual charge and procedures are published in the Iowa administrative bulletin prior to the effective date of the charge.

#### **425.1 Homestead credit fund — apportionment — payment.**

1. A homestead credit fund is created. There is appropriated annually from the general fund of the state to the department of revenue to be credited to the homestead credit fund, an amount sufficient to implement this chapter.

The director of the department of administrative services shall issue warrants on the homestead credit fund payable to the county treasurers of the several counties of the state under this chapter.

2. The homestead credit fund shall be apportioned each year so as to give a credit against the tax on each eligible homestead in the state in an amount equal to the actual levy on the first four thousand eight hundred fifty dollars of actual value for each homestead.

3. The amount due each county shall be paid in two payments on November 15 and March 15 of

each fiscal year, drawn upon warrants payable to the respective county treasurers. The two payments shall be as nearly equal as possible.

4. Annually the department of revenue shall estimate the credit not to exceed the actual levy on the first four thousand eight hundred fifty dollars of actual value of each eligible homestead, and shall certify to the county auditor of each county the credit and its amount in dollars. Each county auditor shall then enter the credit against the tax levied on each eligible homestead in each county payable during the ensuing year, designating on the tax lists the credit as being from the homestead credit fund, and credit shall then be given to the several taxing districts in which eligible homesteads are located in an amount equal to the credits allowed on the taxes of the homesteads. The amount of credits shall be apportioned by each county treasurer to the several taxing districts as provided by law, in the same manner as though the

amount of the credit had been paid by the owners of the homesteads. However, the several taxing districts shall not draw the funds so credited until after the semiannual allocations have been received by the county treasurer, as provided in this chapter. Each county treasurer shall show on each tax receipt the amount of credit received from the homestead credit fund.

5. If the homestead tax credit computed under this section is less than sixty-two dollars and fifty cents, the amount of homestead tax credit on that eligible homestead shall be sixty-two dollars and fifty cents subject to the limitation imposed in this section.

6. The homestead tax credit allowed in this chapter shall not exceed the actual amount of taxes payable on the eligible homestead, exclusive of any special assessments levied against the homestead.

#### 425.2 Qualifying for credit.

A person who wishes to qualify for the credit allowed under this chapter shall obtain the appropriate forms for filing for the credit from the assessor. The person claiming the credit shall file a verified statement and designation of homestead with the assessor for the year for which the person is first claiming the credit. The claim shall be filed not later than July 1 of the year for which the person is claiming the credit. A claim filed after July 1 of the year for which the person is claiming the credit shall be considered as a claim filed for the following year.

Upon the filing and allowance of the claim, the claim shall be allowed on that homestead for successive years without further filing as long as the property is legally or equitably owned and used as a homestead by that person or that person's spouse on July 1 of each of those successive years, and the owner of the property being claimed as a homestead declares residency in Iowa for purposes of income taxation, and the property is occupied by that person or that person's spouse for at least six months in each of those calendar years in which the fiscal year begins. When the property is sold or transferred, the buyer or transferee who wishes to qualify shall refile for the credit. However, when the property is transferred as part of a distribution made pursuant to chapter 598, the transferee who is the spouse retaining ownership of the property is not required to refile for the credit. Property divided pursuant to chapter 598 shall not be modified following the division of the property. An owner who ceases to use a property for a homestead or intends not to use it as a homestead

for at least six months in a calendar year shall provide written notice to the assessor by July 1 following the date on which the use is changed. A person who sells or transfers a homestead or the personal representative of a deceased person who had a homestead at the time of death, shall provide written notice to the assessor that the property is no longer the homestead of the former claimant.

In case the owner of the homestead is in active service in the armed forces of this state or of the United States, or is sixty-five years of age or older, or is disabled, the statement and designation may be signed and delivered by any member of the owner's family, by the owner's guardian or conservator, or by any other person who may represent the owner under power of attorney. If the owner of the homestead is married, the spouse may sign and deliver the statement and designation. The director of human services or the director's designee may make application for the benefits of this chapter as the agent for and on behalf of persons receiving assistance under chapter 249.

Any person sixty-five years of age or older or any person who is disabled may request, in writing, from the appropriate assessor forms for filing for homestead tax credit. Any person sixty-five years of age or older or who is disabled may complete the form, which shall include a statement of homestead, and mail or return it to the appropriate assessor. The signature of the claimant on the statement shall be considered the claimant's acknowledgment that all statements and facts entered on the form are correct to the best of the claimant's knowledge.

Upon adoption of a resolution by the county board of supervisors, any person may request, in writing, from the appropriate assessor forms for the filing for homestead tax credit. The person may complete the form, which shall include a statement of homestead, and mail or return it to the appropriate assessor. The signature of the claimant on the statement of homestead shall be considered the claimant's acknowledgment that all statements and facts entered on the form are correct to the best of the claimant's knowledge.

#### 425.3 Verification of claims for homestead credit.

The assessor shall retain a permanent file of current homestead claims filed in the assessor's office. The assessor shall file a notice of transfer of property for which a claim is filed when notice is received from the office of the county recorder.

The county recorder shall give notice to the assessor of each transfer of title filed in the record-

er's office. The notice shall describe the property transferred, the name of the person transferring the title to the property, and the name of the person to whom title to the property has been transferred.

Not later than July 6 of each year, the assessor shall remit the statements and designation of homesteads to the county auditor with the assessor's recommendation for allowance or disallowance. If the assessor recommends disallowance of a claim, the assessor shall submit the reasons for the recommendation, in writing, to the county auditor.

The county auditor shall forward the claims to the board of supervisors. The board shall allow or disallow the claims. If the board disallows a claim, it shall send written notice, by mail, to the claimant at the claimant's last known address. The notice shall state the reasons for disallowing the claim for the credit. The board is not required to send notice that a claim is disallowed if the claimant voluntarily withdraws the claim.

[C39, §6943.144; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §425.3; 82 Acts, ch 1246, §2, 11] 86 Acts, ch 1241, §32; 94 Acts, ch 1144, §1

**425.4 Certification to treasurer.**

All claims which have been allowed by the board of supervisors shall be certified on or before August 1, in each year, by the county auditor to the county treasurer, which certificates shall list the total amount of dollars, listed by taxing district in the county, due for homestead tax credits claimed and allowed. The county treasurer shall forthwith certify to the department of revenue the total amount of dollars, listed by taxing district in the county, due for homestead tax credits claimed and allowed.

[C39, §6943.145; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §425.4] 2003 Acts, ch 145, §286

**425.5 Correcting listing.**

If the assessor who last listed and valued a claimed eligible homestead did not, in the description and valuation thereof, comply with the provisions of section 428.7, the assessor shall, if still in office, on the written request of such claimant and without expense to the claimant or to the county, correct the listing and valuations of such claimed homestead and contiguous real property originally listed and valued by the assessor, and file such corrected listing and valuations with the county auditor, who forthwith shall certify the same to the county treasurer, and said county treasurer shall so correct the tax books; provided, that if the assessor who last listed and valued such property is not still in office, the assessor in office shall, on such written request and at the expense of the county, so correct such listing and valuations of

said homestead and said contiguous real property. [C39, §6943.146; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §425.5]

**425.6 Waiver by neglect.**

If a person fails to file a claim or to have a claim on file with the assessor for the credits provided in this chapter, the person is deemed to have waived the homestead credit for the year in which the person failed to file the claim or to have a claim on file with the assessor.

[C39, §6943.147; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §425.6; 82 Acts, ch 1246, §3, 11]

**425.7 Appeals permitted — disallowed claims and penalty.**

1. Any person whose claim is denied under the provisions of this chapter may appeal from the action of the board of supervisors to the district court of the county in which said claimed homestead is situated by giving written notice of such appeal to the county auditor of said county within twenty days from the date of mailing of notice of such action by the board of supervisors.

2. In the event any claim under this chapter is allowed, any owner of an eligible homestead may appeal from the action of the board of supervisors to the district court of the county in which said claimed homestead is situated, by giving written notice of such appeal to the county auditor of said county and such notice to the owner of said claimed homestead as a judge of the district court shall direct.

3. If the director of revenue determines that a claim for homestead credit has been allowed by the board of supervisors which is not justifiable under the law and not substantiated by proper facts, the director may, at any time within thirty-six months from July 1 of the year in which the claim is allowed, set aside the allowance. Notice of the disallowance shall be given to the county auditor of the county in which the claim has been improperly granted and a written notice of the disallowance shall also be addressed to the claimant at the claimant's last known address. The claimant or board of supervisors may appeal to the state board of tax review pursuant to section 421.1, subsection 4. The claimant or the board of supervisors may seek judicial review of the action of the state board of tax review in accordance with chapter 17A.

If a claim is disallowed by the director of revenue and not appealed to the state board of tax review or appealed to the state board of tax review and thereafter upheld upon final resolution, including any judicial review, any amounts of credits allowed and paid from the homestead credit fund including the penalty, if any, become a lien upon the property on which credit was originally granted, if still in the hands of the claimant, and not in the hands of a bona fide purchaser, and any amount so erroneously paid including the penalty,

if any, shall be collected by the county treasurer in the same manner as other taxes and the collections shall be returned to the department of revenue and credited to the homestead credit fund. The director of revenue may institute legal proceedings against a homestead credit claimant for the collection of payments made on disallowed credits and the penalty, if any. If a person makes a false claim or affidavit with fraudulent intent to obtain the homestead credit, the person is guilty of a fraudulent practice and the claim shall be disallowed in full. If the credit has been paid, the amount of the credit plus a penalty equal to twenty-five percent of the amount of credit plus interest, at the rate in effect under section 421.7, from the time of payment shall be collected by the county treasurer in the same manner as other property taxes, penalty, and interest are collected and when collected shall be paid to the director of revenue. If a homestead credit is disallowed and the claimant failed to give written notice to the assessor as required by section 425.2 when the property ceased to be used as a homestead by the claimant, a civil penalty equal to five percent of the amount of the disallowed credit is assessed against the claimant.

#### 425.8 Forms — rules.

The director of revenue shall prescribe the form for the making of verified statement and designation of homestead, the form for the supporting affidavits required herein, and such other forms as may be necessary for the proper administration of this chapter. Whenever necessary, the department of revenue shall forward to the county auditors of the several counties in the state the prescribed sample forms, and the county auditors shall furnish blank forms prepared in accordance therewith with the assessment rolls, books, and supplies delivered to the assessors. The department of revenue shall prescribe and the county auditors shall provide on the forms for claiming the homestead credit a statement to the effect that the owner realizes that the owner must give written notice to the assessor when the owner changes the use of the property.

The director of revenue may prescribe rules, not inconsistent with the provisions of this chapter, necessary to carry out and effectuate its purposes.

2003 Acts, ch 145, §286

#### 425.9 Credits in excess of tax — appeals — refunds.

If the amount of credit apportioned to any homestead under the provisions of this chapter in any year shall exceed the total tax, exclusive of any special assessments levied against said homestead, then such excess shall be remitted by the county treasurer to the department of revenue to be redeposited in the homestead credit fund and be reallocated the following year by the department as provided hereunder.

If any claim for credit made hereunder has been denied by the board of supervisors, and such action is subsequently reversed on appeal, the credit shall be allowed on the homestead involved in said appeal, and the director of revenue, the county auditor, and the county treasurer shall make such credit and change their books and records accordingly.

In the event the appealing taxpayer has paid one or both of the installments of the tax payable in the year or years in question on such homestead valuation, remittance shall be made to such taxpayer of the amount of such credit.

The amount of such credit shall be allocated and paid from the surplus redeposited in the homestead credit fund provided for in the first paragraph of this section.

2003 Acts, ch 145, §286

#### 425.10 Reversal of allowed claim.

In the event any claim is allowed, and subsequently reversed on appeal, any credit made thereunder shall be void, and the amount of such credit shall be charged against the property in question, and the director of revenue, the county auditor, and the county treasurer are authorized and directed to correct their books and records accordingly. The amount of such erroneous credit, when collected, shall be returned by the county treasurer to the homestead credit fund to be reallocated the following year as provided herein.

[C39, §6943.151; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §425.10]

#### 425.11 Definitions.

For the purpose of this chapter and wherever used in this chapter:

1. The words “*assessed valuation*” shall mean the taxable valuation of the homestead as fixed by the assessor, or by the board of review, under the provisions of section 441.21, without deducting therefrom the exemptions authorized in section 426A.11.

2. Unless the context otherwise requires, “*book*”, “*list*”, “*record*”, or “*schedule*” kept by a county auditor, assessor, treasurer, recorder, sher-

iff, or other county officer means the county system as defined in section 445.1.

3. The word “*homestead*” shall have the following meaning:

a. The homestead includes the dwelling house which the owner, in good faith, is occupying as a home on July 1 of the year for which the credit is claimed and occupies as a home for at least six months during the calendar year in which the fiscal year begins, except as otherwise provided.

When any person is inducted into active service under the Selective Training and Service Act of the United States or whose voluntary entry into active service results in a credit on the quota of persons required for service under the Selective Training and Service Act, or who, being a member of any component part of the military, naval, or air forces or nurse corps of this state or nation, is called or ordered into active service, such person shall be considered as occupying or living on the homestead during such service and, where equitable or legal title of the homestead is in the spouse of the person who is a member of or is inducted into the armed services of the United States, the spouse shall be considered as occupying or living on the homestead during such service.

When any person is confined in a nursing home, extended-care facility, or hospital, such person shall be considered as occupying or living on a homestead where such person is the owner of such homestead and such person maintains such homestead and does not lease, rent, or otherwise receive profits from other persons for the use thereof.

b. It may contain one or more contiguous lots or tracts of land with the buildings or other appurtenances thereon habitually, and in good faith, used as a part of the homestead.

c. It must not embrace more than one dwelling house, but where a homestead has more than one dwelling house situated thereon, the credit provided for in this chapter shall apply to the home and buildings used by the owner, but shall not apply to any other dwelling house and buildings appurtenant.

d. The words “*dwelling house*” shall embrace any building occupied wholly or in part by the claimant as a home.

4. The word “*owner*” shall mean the person who holds the fee simple title to the homestead, and in addition shall mean the person occupying as a surviving spouse or the person occupying under a contract of purchase which contract has been recorded in the office of the county recorder of the county in which the property is located, or the person occupying the homestead under devise or by operation of the inheritance laws where the whole interest passes or where the divided interest is shared only by persons related or formerly related to each other by blood, marriage or adoption, or the person occupying the homestead is a shareholder of a family farm corporation that owns the proper-

ty, or the person occupying the homestead under a deed which conveys a divided interest where the divided interest is shared only by persons related or formerly related to each other by blood, marriage or adoption or where the person occupying the homestead holds a life estate with the reversion interest held by a nonprofit corporation organized under chapter 504 or 504A, provided that the holder of the life estate is liable for and pays property tax on the homestead or where the person occupying the homestead holds an interest in a horizontal property regime under chapter 499B, regardless of whether the underlying land committed to the horizontal property regime is in fee or as a leasehold interest, provided that the holder of the interest in the horizontal property regime is liable for and pays property tax on the homestead. For the purpose of this chapter the word “*owner*” shall be construed to mean a bona fide owner and not one for the purpose only of availing the person of the benefits of this chapter. In order to qualify for the homestead tax credit, evidence of ownership shall be on file in the office of the clerk of the district court or recorded in the office of the county recorder at the time the owner files with the assessor a verified statement of the homestead claimed by the owner as provided in section 425.2.

Where not in conflict with the terms of the definitions above set out, the provisions of chapter 561 shall control.

The credit allowed shall be continued to the estate of a veteran who is deceased or the surviving spouse and any child, as defined in section 234.1, who are the beneficiaries of a deceased veteran, so long as the surviving spouse remains unmarried. This section is not applicable to the holder of title to any homestead whose annual income, together with that of the titleholder's spouse, if any, for the last preceding twelve-month income tax accounting period exceeds thirty-five thousand dollars. For the purpose of this section "*income*" means taxable income for federal income tax purposes plus income from securities of state and other political subdivisions exempt from federal income tax. A veteran or a beneficiary of a veteran who elects to secure the credit provided in this section is not eligible for any other real property tax exemption provided by law for veterans of military service. If a veteran acquires a different homestead, the credit allowed under this section may be claimed on the new homestead unless the veteran fails to meet the other requirements of this section.

[C75, 77, 79, 81, §425.16]

**425.17 Definitions.**

As used in this division, unless the context otherwise requires:

1. "*Base year*" means the calendar year last ending before the claim is filed.

2. "*Claimant*" means either of the following:

a. A person filing a claim for credit or reimbursement under this division who has attained the age of sixty-five years on or before December 31 of the base year or who is totally disabled and was totally disabled on or before December 31 of the base year and is domiciled in this state at the time the claim is filed or at the time of the person's death in the case of a claim filed by the executor or administrator of the claimant's estate.

b. A person filing a claim for credit or reimbursement under this division who has attained the age of twenty-three years on or before December 31 of the base year or was a head of household on December 31 of the base year, as defined in the Internal Revenue Code, but has not attained the age or disability status described in paragraph "a", and is domiciled in this state at the time the claim is filed or at the time of the person's death in the case of a claim filed by the executor or administrator of the claimant's estate, and was not claimed as a dependent on any other person's tax return for the base year.

"*Claimant*" under paragraph "a" or "b" includes a vendee in possession under a contract for deed and may include one or more joint tenants or tenants in common. In the case of a claim for rent constituting property taxes paid, the claimant shall have rented the property during any part of the base year. In the case of a claim for property taxes due, the claimant shall have occupied the property during any part of the fiscal year beginning July 1 of the base year. If a homestead is occupied by two or more persons, and more than one person is able to qualify as a claimant, the persons may each file a claim based upon each person's income and rent constituting property taxes paid or property taxes due.

3. "*Gross rent*" means rental paid at arm's length for the right of occupancy of a homestead or manufactured or mobile home, including rent for space occupied by a manufactured or mobile home not to exceed one acre. If the director of revenue determines that the landlord and tenant have not dealt with each other at arm's length, and the director of revenue is satisfied that the gross rent charged was excessive, the director shall adjust the gross rent to a reasonable amount as determined by the director.

4. "*Homestead*" means the dwelling owned or rented and actually used as a home by the claimant during the period specified in subsection 2, and so much of the land surrounding it including one or more contiguous lots or tracts of land, as is reasonably necessary for use of the dwelling as a home, and may consist of a part of a multidwelling or multipurpose building and a part of the land upon which it is built. It does not include personal property except that a manufactured or mobile home may be a homestead. Any dwelling or a part of a multidwelling or multipurpose building which is exempt from taxation does not qualify as a

homestead under this division. However, solely for purposes of claimants living in a property and receiving reimbursement for rent constituting property taxes paid immediately before the property becomes tax exempt, and continuing to live in it after it becomes tax exempt, the property shall continue to be classified as a homestead. A homestead must be located in this state. When a person is confined in a nursing home, extended-care facility, or hospital, the person shall be considered as occupying or living in the person's homestead if the person is the owner of the homestead and the person maintains the homestead and does not lease, rent, or otherwise receive profits from other persons for the use of the homestead.

5. "*Household*" means a claimant and the claimant's spouse if living with the claimant at any time during the base year. "*Living with*" refers to domicile and does not include a temporary visit.

6. "*Household income*" means all income of the claimant and the claimant's spouse in a household and actual monetary contributions received from any other person living with the claimant during their respective twelve-month income tax accounting periods ending with or during the base year.

7. "*Income*" means the sum of Iowa net income as defined in section 422.7, plus all of the following to the extent not already included in Iowa net income: capital gains, alimony, child support money, cash public assistance and relief, except property tax relief granted under this division, amount of in-kind assistance for housing expenses, the gross amount of any pension or annuity, including but not limited to railroad retirement benefits, payments received under the federal Social Security Act, except child insurance benefits received by a member of the claimant's household, and all military retirement and veterans' disability pensions, interest received from the state or federal government or any of its instrumentalities, workers' compensation and the gross amount of disability income or "loss of time" insurance. "*Income*" does not include gifts from nongovernmental sources, or surplus foods or other relief in kind supplied by a governmental agency. In determining income, net operating losses and net capital losses shall not be considered.

8. "*Property taxes due*" means property taxes including any special assessments, but exclusive of delinquent interest and charges for services, due on a claimant's homestead in this state, but includes only property taxes for which the claimant is liable and which will actually be paid by the claimant. However, if the claimant is a person whose property taxes have been suspended under sections 427.8 and 427.9, "*property taxes due*" means property taxes including any special assessments, but exclusive of delinquent interest and charges for services, due on a claimant's

homestead in this state, but includes only property taxes for which the claimant is liable and which would have to be paid by the claimant if the payment of the taxes has not been suspended pursuant to sections 427.8 and 427.9. "*Property taxes due*" shall be computed with no deduction for any credit under this division or for any homestead credit allowed under section 425.1. Each claim shall be based upon the taxes due during the fiscal year next following the base year. If a homestead is owned by two or more persons as joint tenants or tenants in common, and one or more persons are not members of claimant's household, "*property taxes due*" is that part of property taxes due on the homestead which equals the ownership percentage of the claimant and the claimant's household. The county treasurer shall include with the tax receipt a statement that if the owner of the property is eighteen years of age or over, the person may be eligible for the credit allowed under this division. If a homestead is an integral part of a farm, the claimant may use the total property taxes due for the larger unit. If a homestead is an integral part of a multidwelling or multipurpose building the property taxes due for the purpose of this subsection shall be prorated to reflect the portion which the value of the property that the household occupies as its homestead is to the value of the entire structure. For purposes of this subsection, "*unit*" refers to that parcel of property covered by a single tax statement of which the homestead is a part.

9. "*Rent constituting property taxes paid*" means twenty-three percent of the gross rent actually paid in cash or its equivalent during the base year by the claimant or the claimant's household solely for the right of occupancy of their homestead in the base year, and which rent constitutes the basis, in the succeeding year, of a claim for reimbursement under this division by the claimant.

10. "*Special assessment*" means an unpaid special assessment certified pursuant to chapter 384, division IV. The claimant may include as a portion of the taxes due during the fiscal year next following the base year an amount equal to the unpaid special assessment installment due, plus interest, during the fiscal year next following the base year.

11. "*Totally disabled*" means the inability to engage in any substantial gainful employment by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or is reasonably expected to last for a continuous period of not less than twelve months.

The right to file a claim for reimbursement or credit under this division may be exercised by the claimant or on behalf of a claimant by the claimant's legal guardian, spouse, or attorney, or by the executor or administrator of the claimant's estate. If a claimant dies after having filed a claim for reimbursement for rent constituting property taxes paid, the amount of the reimbursement may be paid to another member of the household as determined by the director. If the claimant was the only member of the household, the reimbursement may be paid to the claimant's executor or administrator, but if neither is appointed and qualified within one year from the date of the filing of the claim, the reimbursement shall escheat to the state. If a claimant dies after having filed a claim for credit for property taxes due, the amount of credit shall be paid as if the claimant had not died.

The amount of the credit for property taxes due for a homestead shall be paid on June 15 of each year by the director to the county treasurer who shall credit the money received against the amount of the property taxes due and payable on the homestead of the claimant and the amount of the reimbursement for rent constituting property taxes paid shall be paid to the claimant from the state general fund on or before December 31 of each year.

**425.20 Filing dates — affidavit — extension.**

A claim for reimbursement for rent constituting property taxes paid shall not be paid or allowed, unless the claim is filed with and in the possession of the department of revenue on or before June 1 of the year following the base year.

A claim for credit for property taxes due shall not be paid or allowed unless the claim is filed with the county treasurer between January 1 and June 1, both dates inclusive, immediately preceding the fiscal year during which the property taxes are due. However, in case of sickness, absence, or other disability of the claimant, or if in the judgment

of the county treasurer good cause exists, the county treasurer may extend the time for filing a claim for credit through September 30 of the same calendar year. The county treasurer shall certify to the director of revenue on or before May 1 of each year the total amount of dollars due for claims allowed.

In case of sickness, absence, or other disability of the claimant or if, in the judgment of the director of revenue, good cause exists and the claimant requests an extension, the director may extend the time for filing a claim for reimbursement or credit. However, any further time granted shall not extend beyond December 31 of the year following the year in which the claim was required to be filed. Claims filed as a result of this paragraph shall be filed with the director who shall provide for the reimbursement of the claim to the claimant.

**425.23 Schedule for claims for credit or reimbursement.**

The amount of any claim for credit or reimbursement filed under this division shall be determined as provided in this section.

1. *a.* The tentative credit or reimbursement for a claimant described in section 425.17, subsection 2, paragraph "a" and paragraph "b" if no appropriation is made to the fund created in section 425.40 shall be determined in accordance with the following schedule:

If the household income is:	Percent of property taxes due or rent constituting property taxes paid allowed as a credit or reimbursement:
\$ 0 — 8,499.99	..... 100%
8,500 — 9,499.99	..... 85
9,500 — 10,499.99	..... 70
10,500 — 12,499.99	..... 50
12,500 — 14,499.99	..... 35
14,500 — 16,499.99	..... 25

b. If moneys have been appropriated to the fund created in section 425.40, the tentative credit or reimbursement for a claimant described in section 425.17, subsection 2, paragraph "b", shall be determined as follows:

(1) If the amount appropriated under section 425.40 plus any supplemental appropriation made for a fiscal year for purposes of this lettered paragraph is at least twenty-seven million dollars, the tentative credit or reimbursement shall be determined in accordance with the following schedule:

If the household income is:	Percent of property taxes due or rent constituting property taxes paid allowed as a credit or reimbursement:
\$ 0 — 8,499.99	..... 100%
8,500 — 9,499.99	..... 85
9,500 — 10,499.99	..... 70
10,500 — 12,499.99	..... 50
12,500 — 14,499.99	..... 35
14,500 — 16,499.99	..... 25

(2) If the amount appropriated under section 425.40 plus any supplemental appropriation made for a fiscal year for purposes of this lettered paragraph is less than twenty-seven million dollars the tentative credit or reimbursement shall be determined in accordance with the following schedule:

If the household income is:	Percent of property taxes due or rent constituting property taxes paid allowed as a credit or reimbursement:
\$ 0 — 8,499.99	..... 50%
8,500 — 9,499.99	..... 42
9,500 — 10,499.99	..... 35
10,500 — 12,499.99	..... 25
12,500 — 14,499.99	..... 17
14,500 — 16,499.99	..... 12

2. The actual credit for property taxes due shall be determined by subtracting from the tentative credit the amount of the homestead credit under section 425.1 which is allowed as a credit against property taxes due in the fiscal year next

following the base year by the claimant or any person of the claimant's household. If the subtraction produces a negative amount, there shall be no credit but no refund shall be required. The actual reimbursement for rent constituting property taxes paid shall be equal to the tentative reimbursement.

3. a. A person who is eligible to file a claim for credit for property taxes due and who has a household income of eight thousand five hundred dollars or less and who has an unpaid special assessment levied against the homestead may file a claim for a special assessment credit with the county treasurer. The department shall provide to the respective treasurers the forms necessary for the administration of this subsection. The claim shall be filed not later than September 30 of each year. Upon the filing of the claim, interest for late payment shall not accrue against the amount of the unpaid special assessment due and payable. The claim filed by the claimant constitutes a claim for credit of an amount equal to the actual amount due upon the unpaid special assessment, plus interest, payable during the fiscal year for which the claim is filed against the homestead of the claimant. However, where the claimant is an individual described in section 425.17, subsection 2, paragraph "b", and the tentative credit is determined according to the schedule in subsection 1, paragraph "b", subparagraph (2), of this section, the claim filed constitutes a claim for credit of an amount equal to one-half of the actual amount due and payable during the fiscal year. The treasurer shall certify to the director of revenue not later than October 15 of each year the total amount of dollars due for claims allowed. The amount of reimbursement due each county shall be certified by the director of revenue and paid by the director of the department of administrative services by November 15 of each year, drawn upon warrants payable to the respective treasurer. There is appropriated annually from the general fund of the state to the department of revenue an amount sufficient to carry out the provisions of this subsection. The treasurer shall credit any moneys received from the department against the amount of the unpaid special assessment due and payable on the homestead of the claimant.

b. For purposes of this subsection, in computing household income, a person with a total disability shall deduct all medical and necessary care expenses paid during the twelve-month income tax accounting periods used in computing household income which are attributable to the person's total disability. "Medical and necessary care expenses" are those used in computing the federal income tax deduction under section 213 of the Internal Revenue Code as defined in section 422.3.

4. a. For the base year beginning in the 1999 calendar year and for each subsequent base year, the dollar amounts set forth in subsections 1 and 3 shall be multiplied by the cumulative adjust-

ment factor for that base year. “*Cumulative adjustment factor*” means the product of the annual adjustment factor for the 1998 base year and all annual adjustment factors for subsequent base years. The cumulative adjustment factor applies to the base year beginning in the calendar year for which the latest annual adjustment factor has been determined.

b. The annual adjustment factor for the 1998 base year is one hundred percent. For each subsequent base year, the annual adjustment factor equals the annual inflation factor for the calendar year, in which the base year begins, as computed in section 422.4 for purposes of the individual income tax.

**425A.1 Family farm tax credit fund.**

The family farm tax credit fund is created in the office of the treasurer of state. There shall be transferred annually to the fund the first ten million dollars of the amount annually appropriated to the agricultural land credit fund, provided in section 426.1. Any balance in the fund on June 30 shall revert to the general fund.

90 Acts, ch 1250, §10; 93 Acts, ch 180, §10

**425A.2 Definitions.**

As used in this chapter, unless the context otherwise requires:

1. “*Actively engaged in farming*” means the designated person is personally involved in the production of crops and livestock on the eligible tract on a regular, continuous, and substantial basis. However, a lessor, whether under a cash or a crop share lease, is not actively engaged in farm-

ing on the area of the tract covered by the lease. This provision applies to both written and oral leases.

2. “*Agricultural land*” means land in tracts of ten acres or more excluding any buildings or other structures located on the land, and not laid off into lots of less than ten acres or divided by streets and alleys into parcels of less than ten acres, lying within a school corporation and in good faith used for agricultural or horticultural purposes. Any land in tracts laid off or platted into lots of less than ten acres belonging to and a part of other lands of more than ten acres and in good faith used for agricultural or horticultural purposes is entitled to the benefits of this chapter.

3. “*Crop*” or “*crop production*” includes pastureland.

4. “*Designated person*” means one of the following:

a. If the owner is an individual, the designated

person includes the owner of the tract, the owner's spouse, the owner's child or stepchild, and their spouses, or the owner's relative within the third degree of consanguinity, and the relative's spouse.

b. If the owner is a partnership, a partner, or the partner's spouse.

c. If the owner is a family farm corporation, a family member who is a shareholder of the family farm corporation or the shareholder's spouse.

d. If the owner is an authorized farm corporation, a shareholder who owns at least fifty-one percent of the stock of the authorized farm corporation or the shareholder's spouse.

e. If the owner is an individual who leases the tract to a family farm corporation, a shareholder of the corporation if the combined stock of the family farm corporation owned by the owner of the tract and persons related to the owner as enumerated in paragraph "a" is equal to at least fifty-one percent of the stock of the family farm corporation.

f. If the owner is an individual who leases the tract to a partnership, a partner if the combined partnership interest owned by a designated person as defined in paragraph "a" is equal to at least fifty-one percent of the ownership interest of the partnership.

5. "Eligible tract" or "eligible tract of agricultural land" means an area of agricultural land which meets all of the following:

a. Is comprised of all of the contiguous tracts under identical legal ownership that are located within the same county.

b. In the aggregate more than half the acres of the contiguous tract is devoted to the production of crops or livestock by a designated person who is actively engaged in farming.

c. For purposes of paragraph "b", if some or all of the contiguous tract is being farmed under a lease arrangement, the activities of the lessor do not constitute being actively engaged in farming on the areas of the tract covered by the lease. If the lessee is a designated person who is actively engaged in farming, the acres under lease may be considered in determining whether more than half the acres of the contiguous tract are devoted to the production of crops or livestock.

6. "Owner" means any of the following:

a. An individual who holds the fee simple title to the agricultural land.

b. An individual who owns the agricultural land under a contract of purchase which has been recorded in the office of the county recorder of the county in which the agricultural land is located.

c. An individual who owns the agricultural land under devise or by operation of the inheritance laws, where the whole interest passes or where the divided interest is shared only by individuals related or formerly related to each other by blood, marriage, or adoption.

d. An individual who owns the agricultural land under a deed which conveys a divided interest, where the divided interest is shared only by

individuals related or formerly related to each other by blood, marriage, or adoption.

e. A partnership where all partners are related or formerly related to each other by blood, marriage, or adoption.

f. A family farm corporation or authorized farm corporation, as both are defined in section 9H.1, which owns the agricultural land.

#### 425A.3 Where credit given.

1. The family farm tax credit fund shall be apportioned each year in the manner provided in this chapter so as to give a credit against the tax on each eligible tract of agricultural land within the several school districts of the state in which the levy for the general school fund exceeds five dollars and forty cents per thousand dollars of assessed value. The amount of the credit on each eligible tract of agricultural land shall be the amount the tax levied for the general school fund exceeds the amount of tax which would be levied on each eligible tract of agricultural land were the levy for the general school fund five dollars and forty cents per thousand dollars of assessed value for the previous year. However, in the case of a deficiency in the family farm tax credit fund to pay the credits in full, the credit on each eligible tract of agricultural land in the state shall be proportionate and applied as provided in this chapter.

2. An eligible tract of agricultural land qualifies for the credit computed under subsection 1 if the tract is owned by an owner as defined in section 425A.2 and a designated person is actively engaged in farming during the fiscal year preceding the fiscal year in which the auditor computes the amount of the credit under section 425A.5 for which the tract would be eligible. Notwithstanding the foregoing sentence, the "actively engaged in farming" requirement is satisfied if the designated person is in general control of the tract under a federal program pertaining to agricultural land.

3. The county board of supervisors shall determine the eligibility of each tract for which an application is received.

90 Acts, ch 1250, §12; 91 Acts, ch 267, §612, 613

#### 425A.4 Claim for credit.

1. To apply for the credit, the person shall deliver to the county assessor a verified statement and designation of the tracts of agricultural land for which the credit is claimed. The assessor shall return the statement and designation on or before November 15 of each year to the county board of supervisors with a recommendation for allowance or disallowance. A claim for credit filed after November 1 of the year shall be considered as a claim filed for the following year.

2. The county board of supervisors in each county shall examine all claims delivered to

county assessors, and shall either allow or disallow the claims, and if disallowed shall send notice of disallowance by regular mail to the claimant at the claimant's last known address. The claimant may appeal the decision of the board to the district court in which the tract for which the credit is claimed is situated by giving written notice of the appeal to the county board of supervisors within twenty days from the date of the mailing of the notice of the decision of the board of supervisors.

3. Upon the filing and allowance of the claim, the claim shall be allowed on that tract for successive years without further filing as long as the property is legally or equitably owned by that person or that person's spouse on July 1 of each of those successive years, and the designated person who is actively engaged in farming remains the same during these years. When the property is sold or transferred, the buyer or transferee who wishes to qualify shall file for the credit. However, when the property is transferred as part of a distribution made pursuant to chapter 598, the transferee who is the spouse retaining ownership of the property is not required to file for the credit. In the case where the owner remains the same but the person who is actively engaged in farming changes, the owner shall refile for the credit. The owner shall provide written notice if the person actively engaged in farming changes.

4. The assessor shall retain a permanent file of current family farm credit claims filed in the assessor's office.

The county recorder shall give notice to the assessor of each transfer of title filed in the recorder's office. The notice shall describe the tract of agricultural land transferred, the name of the person transferring the title to the tract, and the name of the person to whom title to the tract has been transferred.

2001 amendments apply to family farm tax credit claims filed on or after July 1, 2001; 2001 Acts, ch 154, §6

total amount of credit and the total number of acres entitled to the credit to the department of revenue.

#### **425A.6 Warrants authorized by director — proration.**

After receiving from the county auditors the certifications provided for in section 425A.5, and during the following fiscal year, the director of revenue shall authorize the department of administrative services to draw warrants on the family farm tax credit fund created in section 425A.1, payable to the county treasurers in the amount certified by the county auditors of the respective counties and mail the warrants to the county auditors on June 1 of each year taking into consideration the relative budget and cash position of the state resources. However, if the family farm tax credit fund is insufficient to pay in full the total of the amounts certified to the director of revenue, the director shall prorate the fund to the county treasurers and shall notify the county auditors of the pro rata percentage on or before June 1.

#### **425A.7 Apportionment by auditor.**

Upon receiving the pro rata percentage from the director of revenue, the county auditor shall determine the amount to be credited to each tract of agricultural land, and shall enter upon tax lists as a credit against the tax levied on each tract of agricultural land on which there has been made an allowance of credit before delivering the tax lists to the county treasurer. Upon receipt of the warrant by the county auditor, the auditor shall deliver the warrant to the county treasurer for apportionment. The county treasurer shall show on each tax receipt the amount of tax credit for each tract of agricultural land. In case of change of ownership the credit shall follow the title.

person is claiming the exemption. The claim shall set out the fact that the person is a resident of and domiciled in the state of Iowa, and a person within the terms of section 426A.11, and shall give the volume and page on which the certificate of satisfactory service, order of separation, retirement, furlough to reserve, inactive status, or honorable discharge or certified copy thereof is recorded in the office of the county recorder, and may include the designation of the property from which the exemption is to be made, and shall further state that the claimant is the equitable or legal owner of the property designated or if the property is owned by a family farm corporation, that the person is a shareholder of that corporation and that the person occupies the property.

county recorder, from the person who sold or transferred the property, or from the personal representative of a deceased claimant.

The county recorder shall give notice to the assessor of each transfer of title filed in the recorder's office. The notice shall describe the property transferred, the name of the person transferring the title to the property, and the name of the person to whom title to the property has been transferred.

Not later than July 6 of each year, the assessor shall remit the claims and designations of property to the county auditor with the assessor's recommendation for allowance or disallowance. If the assessor recommends disallowance of a claim, the assessor shall submit the reasons for the recommendation, in writing, to the county auditor.

The county auditor shall forward the claims to the board of supervisors. The board shall allow or disallow the claims. If the board disallows a claim, it shall send written notice, by mail, to the claimant at the claimant's last known address. The notice shall state the reasons for disallowing the claim for the exemption. The board is not required to send notice that a claim is disallowed if the claimant voluntarily withdraws the claim.

### PROPERTY TAX RELIEF — MENTAL HEALTH, MENTAL RETARDATION, AND DEVELOPMENTAL DISABILITIES SERVICES

426B.1	Appropriations — property tax relief fund.	426B.4	Rules.
426B.2	Property tax relief fund distributions.	426B.5	Funding pools.
426B.3	Notification of relief fund payment.		

#### **426B.1 Appropriations — property tax relief fund.**

1. A property tax relief fund is created in the state treasury under the authority of the department of human services. The fund shall be separate from the general fund of the state and shall not be considered part of the general fund of the state except in determining the cash position of the state for payment of state obligations. The moneys in the fund are not subject to the provisions of section 8.33 and shall not be transferred, used, obligated, appropriated, or otherwise en-

cumbered except as provided in this chapter. Moneys in the fund may be used for cash flow purposes, provided that any moneys so allocated are returned to the fund by the end of each fiscal year. However, the fund shall be considered a special account for the purposes of section 8.53, relating to elimination of any GAAP deficit. For the purposes of this chapter, unless the context otherwise requires, "property tax relief fund" means the property tax relief fund created in this section.

2. There is appropriated on July 1 of each fiscal year to the property tax relief fund from the

general fund of the state, ninety-five million dollars.

3. There is annually appropriated from the property tax relief fund to the department of human services to supplement the medical assistance appropriation for the fiscal year beginning July 1, 1997, and for succeeding fiscal years, six million six hundred thousand dollars to be used for the nonfederal share of the costs of services provided to minors with mental retardation under the medical assistance program to meet the requirements of section 249A.12, subsection 4. The appropriation in this subsection shall be charged to the property tax relief fund prior to the distribution of moneys from the fund under section 426B.2 and the amount of moneys available for distribution shall be reduced accordingly. However, the appropriation in this subsection shall be considered to be a property tax relief payment for purposes of the combined amount of payments required to achieve fifty percent of the counties' base year expenditures as provided in section 426B.2, subsection 2.

**426B.2 Property tax relief fund distributions.**

1. The moneys in the property tax relief fund available to counties for a fiscal year shall be distributed as provided in this section. A county's proportion of the moneys shall be equivalent to the sum of the following three factors:

- a. One-third based upon the county's proportion of the state's general population.
- b. One-third based upon the county's proportion of the state's total taxable property valuation assessed for taxes payable in the previous fiscal year.
- c. One-third based upon the county's proportion of all counties' base year expenditures, as defined in section 331.438.

Moneys provided to a county for property tax relief in a fiscal year, excluding replacement taxes in the property tax relief fund, in accordance with this subsection shall not be less than the amount provided for property tax relief in the previous fiscal year.

2. The distributions under subsection 1 shall continue to be made until the combined amount of the distributions made under subsection 1 are equal to fifty percent of the total of all counties' base year expenditures as defined in section 331.438.

3. The director of human services shall draw warrants on the property tax relief fund, payable to the county treasurer in the amount due to a county in accordance with subsection 1 and mail the warrants to the county auditors in July and

January of each year. Any replacement generation tax in the property tax relief fund as of November 1 shall be paid to the county treasurers in July and January of the fiscal year beginning the following July 1.

4. As used in this chapter, and in sections 331.438 and 331.439, "population" means the latest applicable population estimate issued by the federal government.

**426B.3 Notification of relief fund payment.**

1. The county auditor shall reduce the certified budget amount received from the board of supervisors for the succeeding fiscal year for the county mental health, mental retardation, and developmental disabilities services fund created in section 331.424A by an amount equal to the amount the county will receive from the property tax relief fund pursuant to section 426B.2, for the succeeding fiscal year and the auditor shall determine the rate of taxation necessary to raise the reduced amount. On the tax list, the county auditor shall compute the amount of taxes due and payable on each parcel before and after the amount received from the property tax relief fund is used to reduce the county budget. The director of human services shall notify the county auditor of each county of the amount of moneys the county will receive from the property tax relief fund pursuant to section 426B.2, for the succeeding fiscal year.

2. The amount of property tax dollars reduced on each parcel as a result of the moneys received from the property tax relief fund pursuant to section 426B.2, shall be noted on each tax statement prepared by the county treasurer pursuant to section 445.23.

**426B.5 Funding pools.**

- 1. *Per capita expenditure target pool.*

a. A per capita expenditure target pool is created in the property tax relief fund. The pool shall consist of the moneys credited to the pool by law.

b. A statewide per capita expenditure target amount is established. The statewide per capita expenditure target amount shall be equal to the one-hundredth percentile of all county per capita expenditures in the fiscal year beginning July 1, 1997, and ending June 30, 1998.

c. Moneys available in the per capita expenditure pool for a fiscal year shall be distributed to those counties that meet all of the following eligibility requirements:

(1) The county is levying the maximum amount allowed for the county's mental health, mental retardation, and developmental disabilities services fund under section 331.424A.

(2) The county's per capita expenditure in the latest fiscal year for which the actual expenditure information is available is equal to or less than the statewide per capita expenditure target amount.

(3) In the fiscal year that commenced two years prior to the fiscal year of distribution, the county's mental health, mental retardation, and developmental disabilities services fund ending balance under generally accepted accounting principles was equal to or less than twenty-five percent of the county's actual gross expenditures for the fiscal year that commenced two years prior to the fiscal year of distribution.

(4) The county is in compliance with the filing date requirements under section 331.403.

d. The distribution amount a county receives from the moneys available in the pool shall be determined based upon the county's proportion of the general population of the counties eligible to receive moneys from the pool for that fiscal year. However, a county shall not receive moneys in excess of the amount which would cause the county's per capita expenditure to exceed the statewide per capita expenditure target. Moneys credited to the per capita expenditure target pool which remain unobligated or unexpended at the close of a fiscal year shall remain in the pool for distribution in the succeeding fiscal year.

e. The department of human services shall annually calculate the amount of moneys due to eligible counties in accordance with this subsection. The department shall authorize the issuance of warrants payable to the county treasurer for the amounts due and the warrants shall be issued in January.

2. *Risk pool.*

a. For the purposes of this subsection, unless the context otherwise requires:

(1) "*Net expenditure amount*" means a county's gross expenditures from the services fund for a fiscal year as adjusted by subtracting all services fund revenues for that fiscal year that are received from a source other than property taxes, as calculated on a modified accrual basis.

(2) "*Services fund*" means a county's mental

health, mental retardation, and developmental disabilities services fund created in section 331.424A.

b. A risk pool is created in the property tax relief fund. The pool shall consist of the moneys credited to the pool by law.

c. A risk pool board is created. The board shall consist of two county supervisors, two county auditors, a member of the mental health, mental retardation, developmental disabilities, and brain injury commission who is not a member of a county board of supervisors, a member of the county finance committee created in chapter 333A who is not an elected official, a representative of a provider of mental health or developmental disabilities services selected from nominees submitted by the Iowa association of community providers, and two central point of coordination process administrators, all appointed by the governor, and one member appointed by the director of human services. All members appointed by the governor shall be subject to confirmation by the senate. Members shall serve for three-year terms. A vacancy shall be filled in the same manner as the original appointment. Expenses and other costs of the risk pool board members representing counties shall be paid by the county of origin. Expenses and other costs of risk pool board members who do not represent counties shall be paid from a source determined by the governor. Staff assistance to the board shall be provided by the department of human services and counties. Actuarial expenses and other direct administrative costs shall be charged to the pool.

d. (1) A county must apply to the board for assistance from the risk pool on or before January 25 to cover an unanticipated net expenditure amount in excess of the county's current fiscal year budgeted net expenditure amount for the county's services fund. The risk pool board shall make its final decisions on or before February 25 regarding acceptance or rejection of the applications for assistance and the total amount accepted shall be considered obligated. For purposes of applying for risk pool assistance and for repaying unused risk pool assistance, the current fiscal year budgeted net expenditure amount shall be deemed to be the higher of either the budgeted net expenditure amount in the management plan approved under section 331.439 for the fiscal year in which the application is made or the prior fiscal year's net expenditure amount.

(2) Basic eligibility for risk pool assistance shall require a projected net expenditure amount in excess of the sum of one hundred five percent of the county's current fiscal year budgeted net expenditure amount and any amount of the county's prior fiscal year ending fund balance in excess of twenty-five percent of the county's gross expenditures from the services fund in the prior fiscal year. However, if a county's services fund ending balance in the previous fiscal year was less than

ten percent of the amount of the county's gross expenditures from the services fund for that fiscal year and the county has a projected net expenditure amount for the current fiscal year that is in excess of one hundred one percent of the budgeted net expenditure amount for the current fiscal year, the county shall be considered to have met the basic eligibility requirement and is qualified for risk pool assistance.

(3) The board shall review the fiscal year-end financial records for all counties that are granted risk pool assistance. If the board determines a county's actual need for risk pool assistance was less than the amount of risk pool assistance granted to the county, the county shall refund the difference between the amount of assistance granted and the actual need. The county shall submit the refund within thirty days of receiving notice from the board. Refunds shall be credited to the risk pool.

(4) A county receiving risk pool assistance in a fiscal year in which the county did not levy the maximum amount allowed for the county's services fund under section 331.424A shall be required to repay the risk pool assistance during the two succeeding fiscal years. The repayment amount shall be limited to the amount by which the actual amount levied was less than the maximum amount allowed, with at least fifty percent due in the first succeeding fiscal year and the remainder due in the second succeeding fiscal year.

(5) The board shall determine application requirements to ensure prudent use of risk pool assistance. The board may accept or reject an application for assistance in whole or in part. The decision of the board is final.

(6) The total amount of risk pool assistance shall be limited to the amount available in the risk pool for a fiscal year. If the total amount of eligible assistance exceeds the amount available in the risk pool, the amount of assistance paid shall be prorated among the counties eligible for assistance. Moneys remaining unexpended or unobli-

gated in the risk pool following the risk pool board's decisions made pursuant to subparagraph (1) shall be distributed to the counties eligible to receive funding from the allowed growth factor adjustment appropriation for the fiscal year using the distribution methodology applicable to that appropriation.

e. A county may apply for preapproval for risk pool assistance based upon an individual who has an unanticipated disability condition with an exceptional cost and the individual is either new to the county's service system or the individual's unanticipated disability condition is new to the individual.

f. The department of human services shall annually calculate the amount of moneys due to eligible counties in accordance with the board's decisions. The department shall authorize the issuance of warrants payable to the county treasurer for the amounts due and the warrants shall be issued before the close of the fiscal year.

g. On or before March 1 and September 1 of each fiscal year, the department of human services shall provide the risk pool board with a report of the financial condition of each funding source administered by the board. The report shall include but is not limited to an itemization of the funding source's balances, types and amount of revenues credited, and payees and payment amounts for the expenditures made from the funding source during the reporting period.

The following classes of property shall not be taxed:

1. *Federal and state property.* The property of the United States and this state, including state university, university of science and technology, and school lands, except as otherwise provided in this subsection. The exemption herein provided shall not include any real property subject to taxation under any federal statute applicable thereto, but such exemption shall extend to and include all machinery and equipment owned exclusively by the United States or any corporate agency or instrumentality thereof without regard to the manner of the affixation of such machinery and equipment to the land or building upon or in which such property is located, until such time as the Congress of the United States shall expressly authorize the taxation of such machinery and equipment.

Property of the state operated pursuant to section 904.302, 904.705, or 904.706 that is leased to an entity other than an entity which is exempt from property taxation under this section shall be subject to property taxation for the term of the lease. Property taxes levied against such leased property shall be paid from the revolving farm fund created in section 904.706. The lessor shall file a copy of the lease with the county assessor of the county where the property is located.

2. *Municipal and military property.* The property of a county, township, city, school corporation, levee district, drainage district, or the Iowa national guard, when devoted to public use and not held for pecuniary profit, except property of a municipally owned electric utility held under joint ownership and property of an electric power facility financed under chapter 28F or 476A that shall be subject to taxation under chapter 437A and facilities of a municipal utility that are used for the provision of local exchange services pursuant to chapter 476, but only to the extent such facilities are used to provide such services, which shall be subject to taxation under chapter 433, except that section 433.11 shall not apply. The exemption for property owned by a city or county also applies to

property which is operated by a city or county as a library, art gallery or museum, conservatory, botanical garden or display, observatory or science museum, or as a location for holding athletic contests, sports or entertainment events, expositions, meetings or conventions, or leased from the city or county for any such purposes, or leased from the city or county by the Iowa national guard or by a federal agency for the benefit of the Iowa national guard when devoted for public use and not for pecuniary profit. Food and beverages may be served at the events or locations without affecting the exemptions, provided the city has approved the serving of food and beverages on the property if the property is owned by the city or the county has approved the serving of food and beverages on the property if the property is owned by the county.

3. *Public grounds and cemeteries.* Public grounds, including all places for the burial of the dead; and crematoriums with the land, not exceeding one acre, on which they are built and appurtenant thereto, so long as no dividends or profits are derived therefrom.

4. *Fire company buildings and grounds.* The publicly owned buildings and grounds used exclusively for keeping fire engines and implements for extinguishing fires and for meetings of fire companies.

5. *Property of associations of war veterans.* The property of any organization composed wholly of veterans of any war, when such property is devoted entirely to its own use and not held for pecuniary profit. The operation of bingo games on property of such organization shall not adversely affect the exemption of that property under this subsection if all proceeds, in excess of expenses, are used for the legitimate purposes of the organization.

6. *Property of cemetery associations.* Burial grounds, mausoleums, buildings and equipment owned and operated by cemetery associations and used exclusively for the maintenance and care of the cemeteries devoted to interment of human bodies and human remains. The exemption granted by this subsection shall not apply to any property used for the practice of mortuary science.

7. *Libraries and art galleries.* All grounds and buildings used for public libraries, public art galleries, and libraries and art galleries owned and kept by private individuals, associations, or corporations, for public use and not for private profit.

8. *Property of religious, literary, and charitable societies.* All grounds and buildings used or under construction by literary, scientific, charitable, benevolent, agricultural, and religious institutions and societies solely for their appropriate objects, not exceeding three hundred twenty acres in extent and not leased or otherwise used or under construction with a view to pecuniary profit. However, an organization mentioned in this subsection whose primary objective is to preserve land in its natural state may own or lease land not exceeding three hundred twenty acres in each county for its appropriate objects. All deeds or leases by which such property is held shall be filed for record before the property herein described shall be omitted from the assessment. All such property shall be listed upon the tax rolls of the district or districts in which it is located and shall have ascribed to it an actual fair market value and an assessed or taxable value, as contemplated by section 441.21, whether such property be subject to a levy or be exempted as herein provided and such information shall be open to public inspection.

9. *Property of educational institutions.* Real estate owned by any educational institution of this state as a part of its endowment fund, to the extent of one hundred sixty acres in any civil township except any real property acquired after January 1, 1965, by any educational institution as a part of its endowment fund or upon which any income is derived or used, directly or indirectly, for full or partial payment for services rendered, shall be taxed beginning with the levies applied for taxes payable in the year 1967, at the same rate as all other property of the same class in the taxing district in which the real property is located. The property acquired prior to January 1, 1965, and held or owned as part of the endowment fund of an educational institution shall be subject to assessment and levy in the assessment year 1974 for taxes payable in 1975. All the property shall be listed on the assessment rolls in the district in which the property is located and an actual fair market value and an assessed or taxable value be ascribed to it, as contemplated by section 441.21, irrespective of whether an exemption under this subsection may be or is affirmed, and the information shall be open to public inspection; it being the intent of this section that the property be valued whether or not it be subject to a levy. Every educational institution claiming an exemption under this subsection shall file with the assessor not later than February 1 of the year for which the exemption is requested, a statement upon forms to be prescribed by the director of revenue, describing and locating the

property upon which exemption is claimed. Property which is located on the campus grounds and used for student union purposes may serve food and beverages without affecting its exemption received pursuant to subsection 8 or this subsection.

10. *Homes for soldiers.* The buildings and grounds of homes owned and operated by organizations of soldiers, sailors, or marines of any of the wars of the United States when used for a home for disabled soldiers, sailors, or marines and not operated for pecuniary profit.

11. *Agricultural produce.* Growing agricultural and horticultural crops except commercial orchards and vineyards.

12. *Government lands.* Government lands entered and located, or lands purchased from this state, for the year in which the entry, location, or purchase is made.

13. *Public airports.* Any lands, the use of which (without charge by or compensation to the holder of the legal title thereto) has been granted to and accepted by the state or any political subdivision thereof for airport or aircraft landing area purposes.

14. *Statement of objects and uses filed.* A society or organization claiming an exemption under subsection 5, 8, or 33 shall file with the assessor not later than February 1 a statement upon forms to be prescribed by the director of revenue, describing the nature of the property upon which the exemption is claimed and setting out in detail any uses and income from the property derived from the rentals, leases, or other uses of the property not solely for the appropriate objects of the society or organization. Upon the filing and allowance of the claim, the claim shall be allowed on the property for successive years without further filing as long as the property is used for the purposes specified in the original claim for exemption. When the property is sold or transferred, the county recorder shall provide notice of the transfer to the assessor. The notice shall describe the property transferred and the name of the person to whom title to the property is transferred.

The assessor, in arriving at the valuation of any property of the society or organization, shall take into consideration any uses of the property not for the appropriate objects of the organization and shall assess in the same manner as other property, all or any portion of the property involved which is leased or rented and is used regularly for commercial purposes for a profit to a party or individual. If a portion of the property is used regularly for commercial purposes, an exemption shall not be allowed upon property so used and the exemption granted shall be in the proportion of the value of the property used solely for the appropriate objects of the organization, to the entire value of the property. However, the board of trustees or the board of directors of a hospital, as defined in section 135B.1, may permit use of a portion of the hospital for commercial purposes, and the hospital is

entitled to full exemption for that portion used for nonprofit health-related purposes, upon compliance with the filing requirements of this subsection.

An exemption shall not be granted upon property upon or in which persistent violations of the laws of the state are permitted. A claimant of an exemption shall, under oath, declare that no violations of law will be knowingly permitted or have been permitted on or after January 1 of the year in which a tax exemption is requested. Claims for exemption shall be verified under oath by the president or other responsible head of the organization. A society or organization which ceases to use the property for the purposes stated in the claim shall provide written notice to the assessor of the change in use.

15. *Mandatory denial.* No exemption shall be granted upon any property which is the location of federally licensed devices not lawfully permitted to operate under the laws of the state.

16. *Revoking or modifying exemption.* Any taxpayer or any taxing district may make application to the director of revenue for revocation or modification of any exemption, based upon alleged violations of this chapter. The director of revenue may also on the director's own motion set aside or modify any exemption which has been granted upon property for which exemption is claimed under this chapter. The director of revenue shall give notice by mail to the taxpayer or taxing district applicant and to the societies or organizations claiming an exemption upon property, exemption of which is questioned before or by the director of revenue, and shall hold a hearing prior to issuing any order for revocation or modification. An order made by the director of revenue revoking or modifying an exemption shall be applicable to the tax year commencing with the tax year in which the application is made to the director or the tax year commencing with the tax year in which the director's own motion is filed. An order made by the director of revenue revoking or modifying an exemption is subject to judicial review in accordance with chapter 17A, the Iowa administrative procedure Act. Notwithstanding the terms of chapter 17A, petitions for judicial review may be filed in the district court having jurisdiction in the county in which the property is located, and must be filed within thirty days after any order revoking or modifying an exemption is made by the director of revenue.

17. *Rural water sales.* The real property of a nonprofit corporation engaged in the distribution and sale of water to rural areas when devoted to public use and not held for pecuniary profit.

18. *Assessed value of exempt property.* Each county and city assessor shall determine the assessment value that would be assigned to the property if it were taxable and value all tax exempt property within the assessor's jurisdiction. A summary report of tax exempt property shall be

filed with the director of revenue and the local board of review on or before April 16 of each year on forms prescribed by the director of revenue.

19. *Pollution control and recycling.* Pollution-control or recycling property as defined in this subsection shall be exempt from taxation to the extent provided in this subsection, upon compliance with the provisions of this subsection.

This exemption shall apply to new installations of pollution-control or recycling property beginning on January 1 after the construction or installation of the property is completed. This exemption shall apply beginning on January 1, 1975, to existing pollution-control property if its construction or installation was completed after September 23, 1970, and this exemption shall apply beginning January 1, 1994, to recycling property.

This exemption shall be limited to the market value, as defined in section 441.21, of the pollution-control or recycling property. If the pollution-control or recycling property is assessed with other property as a unit, this exemption shall be limited to the net market value added by the pollution-control or recycling property, determined as of the assessment date.

Application for this exemption shall be filed with the assessing authority not later than the first of February of the first year for which the exemption is requested, on forms provided by the department of revenue. The application shall describe and locate the specific pollution-control or recycling property to be exempted.

The application for a specific pollution-control or recycling property shall be accompanied by a certificate of the department of natural resources certifying that the primary use of the pollution-control property is to control or abate pollution of any air or water of this state or to enhance the quality of any air or water of this state or, if the property is recycling property, that the primary use of the property is for recycling.

A taxpayer may seek judicial review of a determination of the department or, on appeal, of the environmental protection commission in accordance with the provisions of chapter 17A.

The environmental protection commission of the department of natural resources shall adopt rules relating to certification under this subsection and information to be submitted for evaluating pollution-control or recycling property for which a certificate is requested. The department of revenue shall adopt any rules necessary to implement this subsection, including rules on identification and valuation of pollution-control or recycling property. All rules adopted shall be subject to the provisions of chapter 17A.

For the purposes of this subsection, "pollution-control property" means personal property or improvements to real property, or any portion thereof, used primarily to control or abate pollution of any air or water of this state or used primarily to enhance the quality of any air or water of this state

and “*recycling property*” means personal property or improvements to real property or any portion of the property, used primarily in the manufacturing process and resulting directly in the conversion of waste plastic, wastepaper products, waste paperboard, or waste wood products into new raw materials or products composed primarily of recycled material. In the event such property shall also serve other purposes or uses of productive benefit to the owner of the property, only such portion of the assessed valuation thereof as may reasonably be calculated to be necessary for and devoted to the control or abatement of pollution, to the enhancement of the quality of the air or water of this state, or for recycling shall be exempt from taxation under this subsection.

For the purposes of this subsection, “*pollution*” means air pollution as defined in section 455B.131 or water pollution as defined in section 455B.171. “*Water of the state*” means the water of the state as defined in section 455B.171. “*Enhance the quality*” means to diminish the level of pollutants below the air or water quality standards established by the environmental protection commission of the department of natural resources.

20. *Impoundment structures.* The impoundment structure and any land underlying an impoundment located outside an incorporated city, which are not developed or used directly or indirectly for nonagricultural income-producing purposes and which are maintained in a condition satisfactory to the soil and water conservation district commissioners of the county in which the impoundment structure and the impoundment are located. A person owning land which qualifies for a property tax exemption under this subsection shall apply to the county assessor each year not later than February 1 for the exemption. The application shall be made on forms prescribed by the department of revenue. The first application shall be accompanied by a copy of the water storage permit approved by the director of the department of natural resources or the director’s designee, and a copy of the plan for the construction of the impoundment structure and the impoundment. The construction plan shall be used to determine the total acre-feet of the impoundment and the amount of land which is eligible for the property tax exemption. The county assessor shall annually review each application for the property tax exemption under this subsection and submit it, with the recommendation of the soil and water conservation district commissioners, to the board of supervisors for approval or denial. An applicant for a property tax exemption under this subsection may appeal the decision of the board of supervisors to the district court.

As used in this subsection, “*impoundment*” means a reservoir or pond which has a storage capacity of at least eighteen acre-feet of water or sediment at the time of construction; “*storage capacity*” means the total area below the crest elevation

of the principal spillway including the volume of any excavation in the area; and “*impoundment structure*” means a dam, earthfill, or other structure used to create an impoundment.

21. *Low-rent housing.* The property owned and operated by a nonprofit organization providing low-rent housing for persons who are elderly and persons with physical and mental disabilities. The exemption granted under the provisions of this subsection shall apply only until the terms of the original low-rent housing development mortgage is paid in full or expires, subject to the provisions of subsection 14.

22. *Natural conservation or wildlife areas.* Recreational lakes, forest covers, rivers and streams, river and stream banks, and open prairies as designated by the board of supervisors of the county in which located. The board of supervisors shall annually designate the real property, not to exceed in the aggregate for the fiscal year beginning July 1, 1983, the greater of one percent of the acres assessed as agricultural land or three thousand acres in each county, for which this exemption shall apply. For subsequent fiscal years, the limitation on the maximum acreage of real property that may be granted exemptions shall be the limitation for the previous fiscal year, unless the amount of acreage granted exemptions for the previous fiscal year equaled the limitation for that year, then the limitation for the subsequent fiscal year is the limitation for the previous fiscal year plus an increase, not to exceed three hundred acres, of ten percent of that limitation. The procedures of this subsection shall be followed for each assessment year to procure an exemption for the fiscal year beginning in the assessment year. The exemption shall be only for the fiscal year for which it is granted. A parcel of property may be granted subsequent exemptions. The exemption shall only be granted for parcels of property of two acres or more.

Application for this exemption shall be filed with the commissioners of the soil and water conservation district in which the property is located, not later than February 1 of the assessment year, on forms provided by the department of revenue. The application shall describe and locate the property to be exempted and have attached to it an aerial photo of that property on which is outlined the boundaries of the property to be exempted. In the case of an open prairie that has been restored or reestablished, the property shall be inspected and certified as provided by the county board of supervisors as having adequate ground cover consisting of native species and that all primary and secondary noxious weeds present are being controlled to prevent the spread of seeds by either wind or water. In the case of an open prairie which is or includes a gully area susceptible to severe erosion, an approved erosion control plan must accompany the application. Upon receipt of the application, the commissioners shall certify whether the prop-

erty is eligible to receive the exemption. The commissioners shall not withhold certification of the eligibility of property because of the existence upon the property of an abandoned building or structure which is not used for economic gain. If the commissioners certify that the property is eligible, the application shall be forwarded to the board of supervisors by May 1 of that assessment year with the certification of the eligible acreage. An application must be accompanied by an affidavit signed by the applicant that if an exemption is granted, the property will not be used for economic gain during the assessment year in which the exemption is granted.

In the case of an open prairie that has been restored or reestablished and that does not receive the certification as provided by the county board of supervisors as it relates to the ground cover, the applicant shall be notified of the availability of resource enhancement and protection fund cost-share moneys and soil and conservation technological assistance for reestablishing native vegetation.

Before the board of supervisors may designate real property for the exemption, it shall establish priorities for the types of real property for which an exemption may be granted and the amount of acreage. These priorities may be the same as or different than those for previous years. The board of supervisors shall get the approval of the governing body of the city before an exemption may be granted to real property located within the corporate limits of that city. A public hearing shall be held with notice given as provided in section 73A.2 at which the proposed priority list shall be presented. However, no public hearing is required if the proposed priorities are the same as those for the previous year. After the public hearing, the board of supervisors shall adopt by resolution the proposed priority list or another priority list. Property upon which are located abandoned buildings or structures shall have the lowest priority on the list adopted, except where the board of supervisors determines that a structure has historic significance. The board of supervisors shall also provide for a procedure where the amount of acres for which exemptions are sought exceeds the amount the priority list provides for that type or in the aggregate for all types.

After receipt of an application with its accompanying certification and affidavit and the establishment of the priority list, the board of supervisors may grant a tax exemption under this subsection using the established priority list as a mandate. Real property designated for the tax exemption shall be designated by May 15 of the assessment year in which begins the fiscal year for which the exemption is granted. Notification shall be sent to the county auditor and the applicant.

The board of supervisors does not have to grant tax exemptions under this subsection, grant tax exemptions in the aggregate of the maximum

acreage which may be granted exemptions, or grant a tax exemption for the total acreage for which the applicant requested the exemption. Only real property in parcels of two acres or more which is recreational lakes, forest cover, river and stream, river and stream banks, or open prairie and which is utilized for the purposes of providing soil erosion control or wildlife habitat or both, and which is subject to property tax for the fiscal year for which the tax exemption is requested, is eligible for the exemption under this subsection. However, in addition to the above, in order for a gully area which is susceptible to severe erosion to be eligible, there must be an erosion control plan for it approved by the commissioners of the soil and water conservation district in which it is located. In the case of an open prairie that has been restored or reestablished, the property shall be inspected and certified as provided by the county board of supervisors as having adequate ground cover consisting of native species and that all primary and secondary noxious weeds present are being controlled to prevent the spread of seeds by either wind or water. In the case of an exemption for river and stream or river and stream banks, the exemption shall not be granted unless there is included in the exemption land located at least thirty-three feet from the ordinary high water mark of the river and stream or river and stream banks. Property shall not be denied an exemption because of the existence upon the property of an abandoned building or structure which is not used for economic gain. If the real property is located within a city, the approval of the governing body must be obtained before the real property is eligible for an exemption. For purposes of this subsection:

a. "Open prairies" includes hillsides and gully areas which have a permanent grass cover but does not include native prairies meeting the criteria of the natural resource commission.

b. "Forest cover" means land which is predominantly wooded.

c. "Recreational lake" means a body of water, which is not a river or stream, owned solely by a nonprofit organization and primarily used for boating, fishing, swimming and other recreational purposes.

d. "Used for economic gain" includes, but is not limited to, using property for the storage of equipment, machinery, or crops.

Notwithstanding other requirements under this subsection, the owner of any property lying between a river or stream and a dike which is required to be set back three hundred feet or less from the river or stream shall automatically be granted an exemption for that property upon submission of an application accompanied by an affidavit signed by the applicant that if the exemption is granted the property will not be used for economic gain during the period of exemption. The exemption shall continue from year to year for as

long as the property qualifies and is not used for economic gain, without need for filing additional applications or affidavits. Property exempted pursuant to this paragraph is in addition to the maximum acreage applicable to other exemptions under this subsection.

23. *Native prairie and wetland.* Land designated as native prairie or land designated as a protected wetland by the department of natural resources pursuant to section 456B.12. Application for the exemption shall be made on forms provided by the department of revenue. Land designated as a protected wetland shall be assessed at a value equal to the average value of the land where the wetland is located and which is owned by the person granted the exemption. The application forms shall be filed with the assessing authority not later than the first of February of the year for which the exemption is requested. The application must be accompanied by an affidavit signed by the applicant that if the exemption is granted, the property will not be used for economic gain during the assessment year in which the exemption is granted. If the property is used for economic gain during the assessment year in which the exemption is granted, the property shall lose its tax exemption and shall be taxed at the rate levied by the county for the fiscal year beginning in that assessment year. The first annual application shall be accompanied by a certificate from the department of natural resources stating that the land is native prairie or protected wetland. The department of natural resources shall issue a certificate for the native prairie exemption if the department finds that the land has never been cultivated, is unimproved, is primarily a mixture of warm season grasses interspersed with flowering plants, and meets the other criteria established by the natural resource commission for native prairie. The department of natural resources shall issue a certificate for the wetland exemption if the department finds the land is a protected wetland, as defined under section 456B.1, or if the wetland was previously drained and cropped but has been restored under a nonpermanent restoration agreement with the department or other county, state, or federal agency or private conservation group. A taxpayer may seek judicial review of a decision of the department according to chapter 17A. The natural resource commission shall adopt rules to implement this subsection.

The assessing authority each year may submit to the department a claim for reimbursement of tax revenue lost from the exemption. Upon receipt of the claim, the department shall reimburse the assessing authority an amount equal to the lost tax revenue based on the value of the protected wetland as assessed by the authority, unless the department reimburses the authority based upon a departmental assessment of the protected wetland. The authority may contest the department's assessment as provided in chapter 17A. The de-

partment is not required to honor a claim submitted more than sixty days after the authority has assessed land where the protected wetland is located and which is owned by the person granted the exemption.

24. *Land certified as a wildlife habitat.* The owner of agricultural land may designate not more than two acres of the land for use as a wildlife habitat. After inspection, if the land meets the standards established by the natural resource commission for a wildlife habitat under section 483A.3, and, in the case of a wildlife habitat that has been restored or reestablished, is inspected and certified as provided by the county board of supervisors as having adequate ground cover consisting of native species and that all primary and secondary noxious weeds present are being controlled to prevent the spread of seeds by either wind or water, the department of natural resources shall certify the designated land as a wildlife habitat and shall send a copy of the certification to the appropriate assessor not later than February 1 of the assessment year for which the exemption is requested. The department of natural resources may subsequently withdraw certification of the designated land if it fails to meet the established standards for a wildlife habitat and the ground cover requirement and the assessor shall be given written notice of the decertification.

In the case where the property is a restored or reestablished wildlife habitat and does not receive the certification as provided by the county board of supervisors as it relates to the ground cover, the owner shall be notified of the availability of resource enhancement and protection fund cost-share moneys and soil and conservation technological assistance for reestablishing native vegetation.

25. *Right-of-way.* Railroad right-of-way and improvements on the right-of-way only during that period of time that the Iowa railway finance authority holds an option to purchase the right-of-way under section 327L.24.

26. *Public television station.* All grounds and buildings used or under construction for a public television station and not leased or otherwise used or under construction for pecuniary profit.

27. *Speculative shell buildings of certain organizations.* New construction of shell buildings by community development organizations, not-for-profit cooperative associations under chapter 499, or for-profit entities for speculative purposes or the portion of the value added to buildings being reconstructed or renovated by community development organizations, not-for-profit cooperative associations under chapter 499, or for-profit entities in order to become speculative shell buildings. The exemption or partial exemption shall be allowed only pursuant to ordinance of a city council or board of supervisors, which ordinance shall specify if the exemption will be available for community development organizations, not-for-profit

cooperative associations under chapter 499, or for-profit entities and shall be effective for the assessment year in which the building is first assessed for property taxation or the assessment year in which the reconstruction or renovation first adds value and all subsequent years until the property is leased or sold or for a specific time period stated in the ordinance or until the exemption is terminated by ordinance of the city council or board of supervisors which approved the exemption. Eligibility for an exemption as a speculative shell building shall be determined as of January 1 of the assessment year. However, an exemption shall not be granted a speculative shell building of a not-for-profit cooperative association under chapter 499 or a for-profit entity if the building is used by the cooperative association or for-profit entity, or a subsidiary or majority owners thereof for other than as a speculative shell building. If the shell building or any portion of the shell building is leased or sold, the portion of the shell building which is leased or sold shall not be entitled to an exemption under this subsection for subsequent years. An application shall be filed pursuant to section 427B.4 for each project for which an exemption is claimed. Upon the sale of the shell building, the shell building shall be considered new construction for purposes of section 427B.1 if used for purposes set forth in section 427B.1.

For purposes of this subsection the following definitions apply:

a. (1) *“Community development organization”* means an organization, which meets the membership requirements of subparagraph (2), formed within a city or county or multicomunity group for one or more of the following purposes:

(e) A representative of private citizens in the community, area, or region.

b. *“New construction”* means new buildings or structures and includes new buildings or struc-

tures which are constructed as additions to existing buildings or structures. *“New construction”* also includes reconstruction or renovation of an existing building or structure which constitutes complete replacement of an existing building or structure or refitting of an existing building or structure, if the reconstruction or renovation of the existing building or structure is required due to economic obsolescence, if the reconstruction or renovation is necessary to implement recognized industry standards for the manufacturing or processing of products, and the reconstruction or renovation is required in order to competitively manufacture or process products or for community development organizations, not-for-profit cooperative associations under chapter 499, or for-profit entities to market a building or structure as a speculative shell building, which determination must receive prior approval from the city council of the city or county board of supervisors of the county.

c. *“Speculative shell building”* means a building or structure owned and constructed or reconstructed by a community development organization, a not-for-profit cooperative association under chapter 499, or a for-profit entity without a tenant or buyer for the purpose of attracting an employer or user which will complete the building to the employer’s or user’s specification for manufacturing, processing, or warehousing the employer’s or user’s product line.

28. *Joint water utilities.* The property of a joint water utility established under chapter 389, when devoted to public use and not held for pecuniary profit.

29. *Methane gas conversion.* Methane gas conversion property shall be exempt from taxation.

For purposes of this subsection, *“methane gas conversion property”* means personal property, real property, and improvements to real property, and machinery, equipment, and computers assessed as real property pursuant to section 427A.1, subsection 1, paragraphs “e” and “j”, used in an operation connected with, or in conjunction with, a publicly owned sanitary landfill to collect methane gas or other gases produced as a by-product of waste decomposition and to convert the gas to energy, or to collect waste that would otherwise be collected by, or deposited with, a publicly owned sanitary landfill in order to decompose the waste to produce methane gas or other gases and to convert the gas to energy. However, property used to decompose the waste and convert the waste to gas is not eligible for this exemption.

If the property used to convert the gas to energy also burns another fuel, the exemption shall apply to that portion of the value of such property which equals the ratio that its use of methane gas bears to total fuel consumed.

Application for this exemption shall be filed with the assessing authority not later than Febru-

ary 1 of each year for which the exemption is requested on forms provided by the department of revenue. The application shall describe and locate the specific methane gas conversion property to be exempted. If the property consuming methane gas also consumes another fuel, the first year application shall contain a statement to that effect and shall identify the other fuel and estimate the ratio that the methane gas consumed bears to the total fuel consumed. Subsequent year applications shall identify the actual ratio for the previous year which ratio shall be used to calculate the exemption for that assessment year.

30. *Manufactured home community or mobile home park storm shelter.* A structure constructed as a storm shelter at a manufactured home community or mobile home park as defined in section 435.1. An application for this exemption shall be filed with the assessing authority not later than February 1 of the first year for which the exemption is requested, on forms provided by the department of revenue. The application shall describe and locate the storm shelter to be exempted. If the storm shelter structure is used exclusively as a storm shelter, all of the structure's assessed value shall be exempt from taxation. If the storm shelter structure is not used exclusively as a storm shelter, the storm shelter structure shall be assessed for taxation at seventy-five percent of its value as commercial property.

31. *Barn preservation.* The increase in assessed value added to a farm structure constructed prior to 1937 as a result of improvements made to the farm structure for purposes of preserving the integrity of the internal and external features of the structure as a barn is exempt from taxation. To be eligible for the exemption, the structure must have been first placed in service as a barn prior to 1937. The exemption shall apply to the assessment year beginning after the completion of the improvements to preserve the structure as a barn.

For purposes of this subsection, "barn" means an agricultural structure, in whatever shape or design, which is used for the storage of farm products or feed or for the housing of farm animals, poultry, or farm equipment.

Application for this exemption shall be filed with the assessing authority not later than February 1 of the first year for which the exemption is requested, on forms provided by the department of revenue. The application shall describe and locate the specific structure for which the added value is requested to be exempt.

Once the exemption is granted, the exemption shall continue to be granted for subsequent assessment years without further filing of applications as long as the structure continues to be used as a barn. The taxpayer shall notify the assessing authority when the structure ceases to be used as a barn.

32. *One-room schoolhouse preservation.* The

increase in assessed value added to a one-room schoolhouse as a result of improvements made to the structure for purposes of preserving the integrity of the internal and external features of the structure as a one-room schoolhouse is exempt from taxation. The exemption shall apply to the assessment year beginning after the completion of the improvements to preserve the structure as a one-room schoolhouse.

Application for this exemption shall be filed with the assessing authority not later than February 1 of the first year for which the exemption is requested, on forms provided by the department of revenue. The application shall describe and locate the specific one-room schoolhouse for which the added value is requested to be exempt.

Once the exemption is granted, the exemption shall continue to be granted for subsequent assessment years without further filing of applications as long as the structure is not used for dwelling purposes and the structure is preserved as a one-room schoolhouse. The taxpayer shall notify the assessing authority when the structure ceases to be eligible. The exemption in this subsection applies even though the one-room schoolhouse is no longer used for instructional purposes.

33. *Indian housing authority property.* Property owned and operated by an Indian housing authority, as defined in 24 C.F.R. § 950.102, created under Indian law, if a cooperative agreement has been made with the local governing body agreeing to the exemption. The exemption in this subsection is subject to the provisions of subsection 14.

For purposes of this subsection:

#### 427.2 Taxable property acquired through eminent domain.

Real estate occupied as a public road, and rights of way for established public levees and rights of way for established, open, public drainage improvements shall not be taxed.

When land or rights in land are acquired in connection with or for public use or public purposes, the acquiring authority shall assist in the collection of property taxes and special assessments. However, assistance in the collection of the property taxes does not require the payment of property taxes on the property acquired which exceed the amount of just compensation offered as required by section 6B.45 for the acquisition of the property.

The property owner shall pay all property taxes which are due and payable when the property owner surrenders possession of the property acquired and also those which become due and payable for the fiscal year the property is acquired in an amount equal to one-twelfth of the taxes due and payable on the property acquired for the preceding fiscal year multiplied by the number of months in the fiscal year in which the property was acquired which elapsed prior to the month in which the property owner surrenders possession, and including that month if the surrender of possession occurs after the fifteenth day of a month. For purposes of computing the payments, the

property owner has surrendered possession of property acquired by eminent domain proceedings when the acquiring authority has the right to obtain possession of the acquired property as authorized by law. When all of the property is acquired for public use or public purposes, the property owner shall pay all special assessments in full which have been certified to the county treasurer for collection before the possession date of the acquiring authority. When part but not all of the property is acquired for public use or public purposes, taxing authorities may collect property taxes and special assessments which the property owner is obligated to pay, in accordance with chapter 446, from that part of the property which is not acquired. The county treasurer shall collect and accept the payment received on property acquired for public use or public purposes as full and final payment of all property tax on the property.

For that portion of the prorated year for which the acquiring authority has possession of the property or part of the property acquired in connection with or for public use or public purposes, all taxes shall be canceled by the county treasurer.

From the date of possession by the acquiring authority for land or rights in land acquired in connection with or for public use or public purposes, and for as long as ownership is retained by the acquiring authority, a special assessment shall not be certified to the county treasurer for collection while under public ownership. However, the assessment may be certified for collection to the county treasurer upon the sale of the acquired property by the acquiring authority to a new owner on a prorated basis. Special assessments certified to a county treasurer for collection while under public ownership shall be canceled by the county treasurer.

Upon sale of the acquired property by the acquiring authority to a new owner, the new owner shall pay all property taxes which become due and payable or would have become due and payable but for the acquisition by the acquiring authority for the fiscal year the property is acquired by the new owner in an amount equal to one-twelfth of the taxes multiplied by the number of months in the fiscal year in which the new owner acquired the property which occurred after the month in which the new owner acquired the property.

Interest shall accrue on the total amount due at the rate of one and one-half percent per month from the next succeeding delinquency date to the month of payment unless payment is tendered in full before the delinquency date. Interest does not accrue during the suspension period on suspended parcels, including those parcels suspended prior to April 1, 1992. The petitioner, or any other person, may pay the suspended amounts at any time during the suspension period. Except in the case of manufactured or mobile home taxes, special assessments, or rates or charges, the treasurer may accept a partial payment during the suspension period with the partial payment first being applied to interest and costs.

4. The date the suspension was ordered.

The county system, as defined in section 445.1, shall be such that all entries of taxes, special assessments, rates, or charges against the parcel shall be separate from the entry of taxes, special assessments, rates, or charges against all other parcels.

If a suspended tax, special assessment, or rate or charge in the county system is paid, or subsequently abated, the treasurer shall enter in the

county system a notification of payment or abatement.

When a suspension ordered by the board of supervisors for any reason provided by law, has been entered in the county system, the entry, on and after its date, is a lien and shall serve as notice of a lien in accordance with section 445.10.

1. The board of supervisors shall annually designate real property in the county for a historic property tax exemption.

2. Application for the exemption shall be filed with the assessor, not later than February 1 of the assessment year, on forms provided by the depart-

ment of revenue. The exemption application shall include an approved application for certified substantial rehabilitation from the state historic preservation officer and documentation of additional property tax relief or financial assistance currently allowed for the real property. Upon receipt of the application, the assessor shall certify whether or not the property is eligible to receive the exemption and shall forward the application to the board.

3. Before the board may designate real property for the exemption, the board shall establish priorities for which an exemption may be granted. The priorities shall be based upon financial assistance or property tax relief the owner is receiving for the property or for which the property is eligible. A public hearing shall be held with notice given as provided in section 73A.2 at which the proposed priority list shall be presented. However, a public hearing is not required if the proposed priorities are the same as those established for the previous year. After the public hearing, the board shall adopt by resolution the proposed priority list or another priority list.

10. For purposes of this section, “*qualified expenditures*” means costs incurred to preserve or to maintain a building as a historic property according to the secretary of the interior’s standards for rehabilitation and guidelines for rehabilitating historic buildings.

11. The assessor shall determine the base year valuation of the historic property upon receipt of the approved application and shall make a notation on each statement of assessment that the exemption of the historic property shall be based upon the certification from the state historic preservation officer. An assessor shall make an annual report to the county auditor of all substantial rehabilitations of historic property made in the county which receive a tax exemption under this section and shall submit a copy or summary of the record to the state historic preservation officer.

12. A tax exemption granted under this section is valid if the property continues to be certified by the state historic preservation officer. If the property is sold or transferred, the buyer or transferee is not required to refile for the tax exemption for the year in which the property is purchased or transferred.

13. The valuation for purposes of computing the assessed valuation of property under this section following the four-year exemption period is as follows:

#### DIVISION I

##### INDUSTRIAL PROPERTY AND CATTLE FACILITIES ACTUAL VALUE ADDED EXEMPTION

#### **427B.1 Actual value added exemption from tax — public hearing.**

A city council, or a county board of supervisors as authorized by section 427B.2, may provide by

ordinance for a partial exemption from property taxation of the actual value added to industrial real estate by the new construction of industrial real estate, research-service facilities, warehouses, distribution centers and the acquisition of or improvement to machinery and equipment assessed as real estate pursuant to section 427A.1, subsection 1, paragraph "e". "New construction" means new buildings and structures and includes new buildings and structures which are construct-

ed as additions to existing buildings and structures. “*New construction*” does not include reconstruction of an existing building or structure which does not constitute complete replacement of an existing building or structure or refitting of an existing building or structure, unless the reconstruction of an existing building or structure is required due to economic obsolescence and the reconstruction is necessary to implement recognized industry standards for the manufacturing and processing of specific products and the reconstruction is required for the owner of the building or structure to continue to competitively manufacture or process those products which determination shall receive prior approval from the city council of the city or the board of supervisors of the county upon the recommendation of the Iowa department of economic development. The exemption shall also apply to new machinery and equipment assessed as real estate pursuant to section 427A.1, subsection 1, paragraph “e”, unless the machinery or equipment is part of the normal replacement or operating process to maintain or expand the existing operational status. “*Research-service facilities*” means a building or group of buildings devoted primarily to research and development activities, including, but not limited to, the design and production or manufacture of prototype products for experimental use, and corporate-research services which do not have a primary purpose of providing on-site services to the public. “*Warehouse*” means a building or structure used as a public warehouse for the storage of goods pursuant to chapter 554, article 7, except that it does not mean a building or structure used primarily to store raw agricultural products or from which goods are sold at retail. “*Distribution center*” means a building or structure used primarily for the storage of goods which are intended for subsequent shipment to retail outlets. “*Distribution center*” does not mean a building or structure used primarily to store raw agricultural products, used primarily by a manufacturer to store goods to be used in the manufacturing process, used primarily for the storage of petroleum products, or used for the retail sale of goods.

The ordinance may be enacted not less than thirty days after a public hearing is held in accordance with section 335.6 in the case of a county, or section 362.3 in the case of a city. The ordinance shall designate the length of time the partial exemption shall be available and may provide for an exemption schedule in lieu of that provided in section 427B.3. However, an alternative exemption schedule adopted shall not provide for a larger tax exemption in a particular year than is provided for that year in the schedule contained in section 427B.3.

84 Acts, ch 1232, §2; 85 Acts, ch 232, §1

Contracts with city or county for services; see §364.19

#### **427B.2 Zoning under chapter 335.**

1. The board of supervisors of a county which has appointed a county zoning commission and provided for county zoning under chapter 335 may provide for a partial exemption from property taxation of the actual value added to industrial real estate as provided under section 427B.1.

2. The board of supervisors of a county which has not appointed a zoning commission may provide for a partial exemption from property taxation of the actual value added to industrial real estate as provided under section 427B.1 in the following areas:

a. Outside the incorporated limits of a city to which a city has extended its zoning ordinance pursuant to section 414.23 which complies with the city’s zoning ordinance.

b. Outside the incorporated limits of a city which has adopted a zoning ordinance but which has not extended the ordinance to the area permitted under section 414.23 if the property would be within the area to which a city may extend a zoning ordinance pursuant to section 414.23.

c. Outside the incorporated limits of a city which has not adopted a zoning ordinance but which would be within the area to which a city may extend a zoning ordinance pursuant to section 414.23.

3. The board of supervisors of a county which has not appointed a zoning commission may provide for a partial exemption from property taxation of the actual value added to industrial real estate as provided under section 427B.1 in an area where the partial exemption could not otherwise be granted under this chapter where the actual value added is to industrial real estate existing on July 1, 1979.

To grant an exemption under the provisions of this section, the county board of supervisors shall comply with all of the requirements imposed by this chapter upon the city council of a city.

[C81, §427B.2; 82 Acts, ch 1104, §21 – 23]

#### **427B.3 Period of partial exemption.**

The actual value added to industrial real estate for the reasons specified in section 427B.1 is eligible to receive a partial exemption from taxation for a period of five years. However, if property ceases to be classified as industrial real estate or ceases to be used as a warehouse or distribution center, the partial exemption for the value added shall not be allowed for subsequent assessment years. “*Actual value added*” as used in this chapter means the actual value added as of the first year for which the exemption is received, except that actual value added by improvements to machinery and equipment means the actual value as determined by the assessor as of January 1 of each year for which the exemption is received. The amount of actual value added which is eligible to be exempt from taxation

shall be as follows:

1. For the first year, seventy-five percent.
2. For the second year, sixty percent.
3. For the third year, forty-five percent.
4. For the fourth year, thirty percent.
5. For the fifth year, fifteen percent.

This schedule shall be followed unless an alternative schedule is adopted by the city council of a city or the board of supervisors of a county in accordance with section 427B.1.

However, the granting of the exemption under this section for new construction constituting complete replacement of an existing building or structure shall not result in the assessed value of the industrial real estate being reduced below the assessed value of the industrial real estate before the start of the new construction added.

[C81, §427B.3]

84 Acts, ch 1232, §3

**427B.4 Application for exemption by property owner.**

An application shall be filed for each project resulting in actual value added for which an exemption is claimed. The application for exemption shall be filed by the owner of the property with the local assessor by February 1 of the assessment year in which the value added is first assessed for taxation. Applications for exemption shall be made on forms prescribed by the director of revenue and shall contain information pertaining to the nature of the improvement, its cost, and other information deemed necessary by the director of revenue.

A person may submit a proposal to the city council of the city or the board of supervisors of a county to receive prior approval for eligibility for a tax exemption on new construction. The city council or the board of supervisors, by ordinance, may give its prior approval of a tax exemption for new construction if the new construction is in conformance with the zoning plans for the city or county. The prior approval shall also be subject to the hearing requirements of section 427B.1. Prior approval does not entitle the owner to exemption from taxation until the new construction has been completed and found to be qualified real estate. However, if the tax exemption for new construction is not approved, the person may submit an amended proposal to the city council or board of supervisors to approve or reject.

[C81, §427B.4; 82 Acts, ch 1104, §24]

2000 Acts, ch 1058, §40; 2003 Acts, ch 145, §286

**427B.5 Exemption may be repealed.**

When in the opinion of the city council or the county board of supervisors continuation of the exemption granted by this chapter ceases to be of benefit to the city or county, the city council or the county board of supervisors may repeal the ordi-

nance authorized by section 427B.1, but all existing exemptions shall continue until their expiration.

[C81, §427B.5]

**427B.6 Dual exemptions prohibited.**

A property tax exemption under this chapter shall not be granted if the property for which the exemption is claimed has received any other property tax exemption authorized by law.

[C81, §427B.6]

**427B.7 Actual value added exemption from tax — cattle facilities.**

A city council, or a county board of supervisors as authorized by section 427B.2, may, by ordinance as provided in section 427B.1, establish a partial exemption from property taxation of the actual value added to owner-operated cattle facilities, including small or medium sized feedlots but not including slaughter facilities, either by new construction or by the retrofitting of existing facilities. The application for the exemption shall be filed pursuant to section 427B.4. The actual value added to owner-operated cattle facilities, as specified in section 427B.1, is eligible to receive a partial exemption from taxation for a period of five years. The amount of actual value added which is eligible to be exempt from taxation is the same as provided in the exemption schedule in section 427B.3.

For purposes of this section, “*electric power generating plant*” means any nameplate rated electric power generating plant, in which electric energy is produced from other forms of energy, including all taxable land, buildings, and equipment used in the production of such energy. “*Net capacity factor*” means net actual generation divided by the product of net maximum capacity times the number of hours the unit was in the active state during the assessment year. Upon commissioning, a unit is in the active state until it is decommissioned. “*Net actual generation*” means net electrical megawatt hours pro-

duced by the unit during the preceding assessment year. “*Net maximum capacity*” means the capacity the unit can sustain over a specified period when not restricted by ambient conditions or equipment deratings, minus the losses associated with station service or auxiliary loads.

6. For the purpose of dividing taxes under section 260E.4, the employer’s or business’s valuation of property defined in section 427A.1, subsection 1, paragraphs “e” and “j”, and used to fund a new jobs training project which project’s first written agreement providing for a division of taxes as provided in section 403.19 is approved on or before June 30, 1995, shall be limited to thirty percent of the net acquisition cost of the property. The community college shall notify the assessor by February 15 of each assessment year if taxes levied against such property of an employer or business will be used to finance a project in the following fiscal year. In any fiscal year in which the community college does rely on taxes levied against an employer’s or business’s property defined in section 427A.1, subsection 1, paragraph “e” or “j”, to finance a project, such property shall not be valued pursuant to subsection 2 or 3, whichever is applicable, for that fiscal year. An employer’s or business’s taxable property used to fund a new jobs training project shall not be valued pursuant to subsection 2 or 3, whichever is applicable, until the assessment year following the calendar year in which the certificates or other funding obligations have been retired or escrowed. If the certificates issued, or other funding obligations incurred, between January 1, 1982, and June 30, 1995, are refinanced or refunded after June 30, 1995, the valuation of such property shall then be the valuation specified in subsection 2 or 3, whichever is applicable, for the applicable assessment year beginning with the assessment year following the calendar year in which those certificates or other funding obligations are refinanced or refunded after June 30, 1995.

**427B.18 Replacement.**

95 Acts, ch 206, §30

**427B.19 Assessor and county auditor duties.**

1. On or before July 1 of each fiscal year, the assessor shall determine the total assessed value of the property assessed under section 427B.17 for

taxes payable in that fiscal year and the total assessed value of such property assessed as of January 1, 1994, and shall report the valuations to the county auditor.

2. On or before July 1 of each fiscal year, the assessor shall determine the valuation of all commercial and industrial property assessed for taxes payable in that fiscal year and the valuation of such property assessed as of January 1, 1994, and shall report the valuations to the county auditor.

3. On or before September 1 of each fiscal year through June 30, 2004, the county auditor shall prepare a statement, based upon the report received pursuant to subsections 1 and 2, listing for each taxing district in the county:

*a.* Beginning with the assessment year beginning January 1, 1995, the difference between the assessed valuation of property assessed pursuant to section 427B.17 for that year and the total assessed value of such property assessed as of January 1, 1994. If the total assessed value of the property assessed as of January 1, 1994, is less, there is no tax replacement for the fiscal year.

*b.* The tax levy rate for each taxing district for that fiscal year.

*c.* The industrial machinery, equipment and computers tax replacement claim for each taxing district. For fiscal years beginning July 1, 1996, and ending June 30, 2001, the replacement claim is equal to the amount determined pursuant to paragraph "a", multiplied by the tax rate specified in paragraph "b". For fiscal years beginning July 1, 2001, and ending June 30, 2004, the replacement claim is equal to the product of the amount determined pursuant to paragraph "a", less any increase in valuations determined in paragraph "d", and the tax rate specified in paragraph "b". If the amount subtracted under paragraph "d" is more than the amount determined in paragraph "a", there is no tax replacement for the fiscal year.

*d.* Beginning with the assessment year beginning January 1, 2000, the auditor shall reduce the amount listed in paragraph "a", by the increase, if any, in assessed valuations of commercial and industrial property in the assessment year beginning January 1, 1994, and the assessment year for which taxes are due and payable in that fiscal year. If the calculation under this paragraph indicates a net decrease in aggregate valuation of such property, the industrial machinery, equipment and computers tax replacement claim for each taxing district is equal to the amount determined pursuant to paragraph "a", multiplied by the tax rate specified in paragraph "b".

4. The county auditor shall certify and forward one copy of the statement to the department of revenue not later than September 1 of each year.

5. For purposes of this section, "assessed value of the property assessed under section 427B.17" does not include the value of property defined in section 427A.1, subsection 1, paragraphs "e" and "j", which is obligated to secure payment of certifi-

cates or other indebtedness incurred pursuant to chapter 260E or 260F.

6. For purposes of computing replacement amounts under this section, that portion of an urban renewal area defined as the sum of the assessed valuations defined in section 403.19, subsections 1 and 2, shall be considered a taxing district.

#### **427B.19A Fund created.**

1. The industrial machinery, equipment and computers property tax replacement fund is created. For the fiscal year beginning July 1, 1996, through the fiscal year ending June 30, 2004, there is appropriated annually from the general fund of the state to the department of revenue to be credited to the industrial machinery, equipment and computers property tax replacement fund, an amount sufficient to implement this division. However, for the fiscal year beginning July 1, 2003, the amount appropriated to the department of revenue to be credited to the industrial machinery, equipment and computers tax replacement fund is eleven million two hundred eighty-one thousand six hundred eighty-five dollars.

2. If an amount appropriated for a fiscal year is insufficient to pay all claims as a result of action by the general assembly limiting the amount appropriated to the fund, the director shall prorate the disbursements from the fund to the county treasurers and shall notify the county auditors of the pro rata percentage on or before September 30.

3. The replacement claims shall be paid to each county treasurer in equal installments in September and March of each year. The county treasurer shall apportion the replacement claim payments among the eligible taxing districts in the county. If the taxing district is an urban renewal area, the amount of the replacement claim shall be apportioned as provided in subsection 4 unless the municipality elects to proceed under subsection 5.

4. *a.* If the total assessed value of property located in an urban renewal area taxing district is equal to or more than that portion of such valuation defined in section 403.19, subsection 1, the total tax replacement amount computed pursuant to section 427B.19 shall be credited to that portion of the assessed value defined in section 403.19, subsection 2.

*b.* If the total assessed value of the property is less than that portion of such valuation defined in section 403.19, subsection 1, the replacement amount shall be credited to those portions of the assessed value defined in section 403.19, subsections 1 and 2, as follows:

(1) To that portion defined in section 403.19, subsection 1, an amount equal to the amount that would be produced by multiplying the applicable

consolidated levy times the difference between the assessed value of the taxable property defined in section 403.19, subsection 1, and the total assessed value in the budget year for which the replacement claim is computed.

(2) To that portion defined in section 403.19, subsection 2, the remaining amount, if any.

c. Notwithstanding the allocation provisions of paragraphs “a” and “b”, the amount of the tax replacement amount that shall be allocated to that portion of the assessed value defined in section 403.19, subsection 2, shall not exceed the amount equal to the amount certified to the county auditor under section 403.19 for the budget year in which the claim is paid, after deduction of the amount of other revenues committed for payment on that amount for the budget year. The amount not allocated to that portion of the assessed value defined in section 403.19, subsection 2, as a result of the operation of this paragraph, shall be allocated to that portion of assessed value defined in section 403.19, subsection 1.

5. A municipality may elect to reduce the amount of assessed value of property defined in section 403.19, subsection 1, by an amount equal to that portion of the amount of such assessed value which was phased out for the fiscal year by operation of section 427B.17, subsection 3. The applicable assessment roll and ordinance providing for the division of taxes under section 403.19 in the urban renewal taxing district shall be deemed to be modified for that fiscal year only to the extent of such adjustment without further action on the part of the city or county implementing the urban renewal taxing district.

to June 30, 1996, may appeal to the state appeal board for state assistance to meet such debt obligations for the fiscal year if such debt is not secured by an assessment agreement pursuant to section 403.6, subsection 19, and if the urban renewal area contains property assessed pursuant to section 427B.17. The appeal shall be made by May 15 preceding the fiscal year on forms approved by the department of management.

DIVISION IV

UNDERGROUND STORAGE TANKS  
REMEDIAL ACTION CREDIT

**427B.20 Local option remedial action property tax credit — public hearing.**

1. In order to further the public interests of protecting the drinking water supply, preserving business and industry within a community, preserving convenient access to gas stations within a community, or other public purposes, a city council or county board of supervisors may provide by ordinance for partial or total property tax credits to owners of small businesses that own or operate an underground storage tank to reduce the amount of property taxes paid over the permitted period in amounts not to exceed the actual portion of costs paid by the business owner in connection with a remedial action for which the Iowa comprehensive petroleum underground storage tank fund shares in the cost of corrective action, and for which the small business owner was not reimbursed from any other source. A county board of supervisors may grant credits only for property located outside of the corporate limits of a city, and a city council may grant credits only for property located within the corporate limits of the city. The credit shall be taken on the property where the underground storage tank is situated. The credit granted by the council or board shall not exceed the amount of taxes generated by the property for the respective city or county. The credit shall apply to property taxes payable in the fiscal year following the calendar year in which a cost of remedial action was paid by the small business owner.

As used in this division, “*actual portion of the costs paid by the owner or operator of an underground storage tank in connection with a remedial action for which the Iowa comprehensive petroleum underground storage tank fund shares in the cost of corrective action*” means the amount determined by the fund’s board, or the board’s designee, as the administrator of the Iowa comprehensive petroleum underground storage tank fund, and for which the owner or operator was not reimbursed from any other source.

As used in this division, “*small business*” means a business with gross receipts of less than five hundred thousand dollars per year.

2. The ordinance may be enacted not less than

thirty days after a public hearing is held in accordance with section 335.6 in the case of a county, or section 362.3 in the case of a city. The ordinance shall designate the length of time the partial or total credit shall be available, and shall include a credit schedule and description of the terms and conditions of the credit.

3. A property tax credit provided under this section shall be paid for out of any available funds budgeted for that purpose by the city council or county board of supervisors. A city council may certify a tax for the general fund levy and a county board of supervisors may certify a tax for the rural county service fund levy for property tax credits authorized by this section.

4. The maximum permitted period of a tax credit granted under this section is ten years.

89 Acts, ch 131, §30

**427B.21 Application for credit by underground storage tank owner or operator — approval by county board of supervisors or city council.**

An application shall be filed by an owner of a small business that owns or operates an underground storage tank for each property for which a credit is sought. Applications shall be filed with the respective county board of supervisors or the city council by September 30 of the year following the calendar year in which a cost of remedial action was paid by the owner or operator. Small business owners receiving credits shall file applications for renewal of the credit by September 30 of each year. A credit may be renewed only if title to the credited property remains in the name of the person or entity originally receiving the credit.

In reviewing the applications, the board of supervisors or city council shall consider whether granting the credit would serve a public purpose. Upon approval of the application by the board of supervisors, and after the applicant has paid any property taxes due, the board shall direct the county treasurer to issue a warrant to the small business owner in the amount of the credit granted. Upon approval of the application by the city council, and after the applicant has paid any property taxes due, the council shall direct the city clerk to issue a warrant to the small business owner in the amount of the credit granted.

Applications for credit shall be made on forms prescribed by the director of revenue and shall contain information pertaining to the nature of the release, the total cost of corrective action, the actual portion of the costs paid by the small business owner and for which the owner was not reimbursed from any other source, the small business owner's income tax form from the most recent tax year, and other information deemed necessary by the director.

89 Acts, ch 131, §31; 2003 Acts, ch 145, §286

**427B.22 Credit may be repealed.**

If in the opinion of the city council or the county board of supervisors continuation of the credit granted under an ordinance adopted pursuant to this division ceases to be of benefit to the city or county, the city council or the county board of supervisors may repeal the ordinance authorized by section 427B.20, but all existing credits shall continue until their expiration.

In lieu of the valuation and assessment provisions in section 441.21, subsection 8, paragraphs "b" and "c", and sections 428.24 to 428.29, wind energy conversion property which is first assessed for property taxation on or after January 1, 1994, and on or after the effective date of the ordinance enacted pursuant to subsection 1, shall be valued by the local assessor for property tax purposes as follows:

*a.* For the first assessment year, at zero percent of the net acquisition cost.

*b.* For the second through sixth assessment years, at a percent of the net acquisition cost which rate increases by five percentage points each assessment year.

*c.* For the seventh and succeeding assessment years, at thirty percent of the net acquisition cost.

3. The taxpayer shall file with the local assessor by February 1 of the assessment year in which the wind energy conversion property is first as-

sessed for property tax purposes, a declaration of intent to have the property assessed at the value determined under this section in lieu of the valuation and assessment provisions in section 441.21, subsection 8, paragraphs “b” and “c”, and sections 428.24 to 428.29.

4. For purposes of this section:

#### **427C.12 Application — inspection — continuation of exemption — recapture of tax.**

It shall be the duty of the assessor to secure the facts relative to fruit-tree and forest reservations by taking the sworn statement, or affirmation, of the owner or owners making application under this chapter; and to make special report to the county auditor of all reservations made in the county under the provisions of this chapter.

The board of supervisors shall designate the county conservation board or the assessor who shall inspect the area for which an application is filed for a fruit-tree or forest reservation tax exemption before the application is accepted. Use of aerial photographs may be substituted for on-site inspection when appropriate. The application can only be accepted if it meets the criteria established by the natural resource commission to be a fruit-tree or forest reservation. Once the application has been accepted, the area shall continue to receive the tax exemption during each year in which the area is maintained as a fruit-tree or forest reservation without the owner having to refile. If the property is sold or transferred, the seller shall notify the buyer that all, or part of, the property is in fruit-tree or forest reservation and subject to the recapture tax provisions of this section. The tax exemption shall continue to be granted for the remainder of the eight-year period for fruit-tree reservation and for the following years for forest reservation or until the property no longer qualifies as a fruit-tree or forest reservation. The area

may be inspected each year by the county conservation board or the assessor to determine if the area is maintained as a fruit-tree or forest reservation. If the area is not maintained or is used for economic gain other than as a fruit-tree reservation during any year of the eight-year exemption period and any year of the following five years or as a forest reservation during any year for which the exemption is granted and any of the five years following those exemption years, the assessor shall assess the property for taxation at its fair market value as of January 1 of that year and in addition the area shall be subject to a recapture tax. However, the area shall not be subject to the recapture tax if the owner, including one possessing under a contract of sale, and the owner's direct antecedents or descendants have owned the area for more than ten years. The tax shall be computed by multiplying the consolidated levy for each of those years, if any, of the five preceding years for which the area received the exemption for fruit-tree or forest reservation times the assessed value of the area that would have been taxed but for the tax exemption. This tax shall be

entered against the property on the tax list for the current year and shall constitute a lien against the property in the same manner as a lien for property taxes. **428.2 Listing property of another.**

Any person required to list property belonging to another shall list it in the same county in which the person would be required to list it if it were the person's own, except as herein otherwise directed; but the person shall list it separately from the person's own, giving the assessor the name of the person or estate to which it belongs.

**428.3 Agent personally liable.** Repealed by 89 Acts, ch 296, § 96.

**428.4 Real estate — buildings.**

Property shall be assessed for taxation each year. Real estate shall be listed and assessed in 1981 and every two years thereafter. The assessment of real estate shall be the value of the real estate as of January 1 of the year of the assessment. The year 1981 and each odd-numbered year thereafter shall be a reassessment year. In any year, after the year in which an assessment has been made of all the real estate in an assessing jurisdiction, the assessor shall value and assess or revalue and reassess, as the case may require, any real estate that the assessor finds was incorrectly valued or assessed, or was not listed, valued, and assessed, in the assessment year immediately preceding, also any real estate the assessor finds has changed in value subsequent to January 1 of the preceding real estate assessment year. However, a percentage increase on a class of property shall not be made in a year not subject to an equaliza-

tion order unless ordered by the department of revenue. The assessor shall determine the actual value and compute the taxable value thereof as of January 1 of the year of the revaluation and reassessment. The assessment shall be completed as specified in section 441.28, but no reduction or increase in actual value shall be made for prior years. If an assessor makes a change in the valuation of the real estate as provided for, sections 441.23, 441.37, 441.38 and 441.39 apply.

The assessor shall notify the director of revenue, in the manner and form to be prescribed by the director, as to the class or classes of real estate reviewed, revalued, and reassessed and shall report such details as to the effects or results of the revaluation and reassessment as may be deemed necessary by the director. This notification shall be contained in a report to be attached to the abstract of assessment for the year in which the new valuations become effective.

Any buildings erected, improvements made, or buildings or improvements removed in a year after the assessment of the class of real estate to which they belong, shall be valued, listed, and assessed and reported by the assessor to the county auditor after approval of the valuations by the local board of review, and the auditor shall thereupon enter the taxable value of such building or taxable improvement on the tax list as a part of real estate to be taxed. If such buildings or improvements are erected or made by any person other than the owner of the land, they shall be listed and assessed to the owner of the buildings or improvements as real estate.

**428.7 Description of tracts — manner.**

A description shall not comprise more than one city lot or other smallest subdivision of the land according to the government surveys, except in cases where the boundaries are so irregular that it cannot be described in the usual manner in accordance therewith. However, descriptions may be combined for assessment purposes to allow the assessor to value the property as a unit. This section shall apply to known owners and unknown owners, alike.

"Handling or handled" as used herein means the receiving of grain at or in each elevator, warehouse, mill, processing plant or other facility in this state in which it is received for storage, accumulation, sale, processing or for any purpose whatsoever. "Grain" as used herein means wheat, corn, barley, oats, rye, flaxseed, field peas, soybeans, grain sorghums, spelts, and such other products as are usually stored in grain elevators. Such term excludes such seeds after being processed, and the products of such processing when packaged or sacked. The term "processing" shall not include hulling, cleaning, drying, grading or polishing.

2. *Tax imposed.* An annual excise tax is hereby levied on such handling of grain in the amount hereinafter provided. All grain so handled shall be exempt from all taxation as property under the

laws of this state. The amount of such excise tax shall be a sum equal to one-fourth mill per bushel upon all grain as herein defined so handled.

3. *Statement filing form.* Every person engaged in handling grain shall, on the first day of January of each year and not later than sixty days thereafter, make and file with the assessor a statement of the number of bushels of grain handled by the person in that district during the year immediately preceding, or the part thereof, during which the person was engaged in handling grain; and on demand the assessor shall have the right to inspect all such person's records thereof. 4. *Assessment.* The assessor of each such district, from the statement required or from such other information as the assessor may acquire, shall ascertain the number of bushels of grain handled by each person handling grain in the assessor's district during the preceding year, or part thereof, and shall assess the amount herein provided to such person under the provisions of this section.

5. *Computation of tax.* The rate imposed by subsection 2 shall be applied to the number of

bushels of grain so handled, and the computed amount thereof shall constitute the tax to be assessed.

6. *Payment of tax.* The tax, when determined, shall be entered in the same manner as general property taxes on the tax list of the taxing district, and the proceeds of the collection of the tax shall be distributed to the same taxing units and in the same proportion as the general property tax on the tax list of each taxing district. All provisions of the law relating to the assessment and collection of property taxes and the powers and duties of the county treasurer, county auditor and all other officers with respect to the assessment, collection, and enforcement of property taxes apply to the assessment, collection, and enforcement of the tax imposed by this section.

**428A.1 Amount of tax on transfers — declaration of value.**

There is imposed on each deed, instrument, or writing by which any lands, tenements, or other realty in this state are granted, assigned, transferred, or otherwise conveyed, a tax determined in the following manner: When there is no consideration or when the deed, instrument, or writing is executed and tendered for recording as an instrument corrective of title, and so states, there is

no tax. When there is consideration and the actual market value of the real property transferred is in excess of five hundred dollars, the tax is eighty cents for each five hundred dollars or fractional part of five hundred dollars in excess of five hundred dollars. The term "*consideration*", as used in this chapter, means the full amount of the actual sale price of the real property involved, paid or to be paid, including the amount of an encumbrance or lien on the property, if assumed by the grantee.

It is presumed that the sale price so stated includes the value of all personal property transferred as part of the sale unless the dollar value of personal property is stated on the instrument of conveyance. When the dollar value of the personal property included in the sale is so stated, it shall be deducted from the consideration shown on the instrument for the purpose of determining the tax.

When each deed, instrument, or writing by which any real property in this state is granted, assigned, transferred, or otherwise conveyed is presented for recording to the county recorder, a declaration of value signed by at least one of the sellers or one of the buyers or their agents shall be submitted to the county recorder. However, if the deed, instrument, or writing contains multiple parcels some of which are located in more than one county, separate declarations of value shall be submitted on the parcels located in each county and submitted to the county recorder of that county when paying the tax as provided in section 428A.5. A declaration of value is not required for those instruments described in section 428A.2, subsections 2 to 5, 7 to 13, and 16 to 21, or described in section 428A.2, subsection 6, except in the case of a federal agency or instrumentality, or if a transfer is the result of acquisition of lands, whether by contract or condemnation, for public purposes through an exercise of the power of eminent domain.

The declaration of value shall state the full consideration paid for the real property transferred. If agricultural land, as defined in section 9H.1, is purchased by a corporation, limited partnership, trust, alien or nonresident alien, the declaration of value shall include the name and address of the buyer, the name and address of the seller, a legal description of the agricultural land, and identify the buyer as a corporation, limited partnership, trust, alien, or nonresident alien. The county recorder shall not record the declaration of value, but shall enter on the declaration of value information the director of revenue requires for the production of the sales/assessment ratio study and transmit all declarations of value to the city or county assessor in whose jurisdiction the property is located. The city or county assessor shall enter on the declaration of value the information the director of revenue requires for the production of the sales/assessment ratio study and transmit one copy of each declaration of value to the director of revenue, at times as directed by the director of revenue. The assessor shall retain one copy of each declaration of value for three years from December 31 of the year in which the transfer of realty for which the declaration was filed took place. 2. “Home” means a mobile home or a manufactured home.

3. “Manufactured home” means a factory-built structure built under authority of 42 U.S.C. § 5403, that is required by federal law to display a seal from the United States department of housing and urban development, and was constructed on or after June 15, 1976. If a manufactured home

is placed in a manufactured home community or a mobile home park, the home must be titled and is subject to the manufactured or mobile home square foot tax. If a manufactured home is placed outside a manufactured home community or a mobile home park, the home must be titled and is to be assessed and taxed as real estate.

4. “*Manufactured home community*” means the same as land-leased community defined in sections 335.30A and 414.28A.

5. “*Mobile home*” means any vehicle without motive power used or so manufactured or constructed as to permit its being used as a conveyance upon the public streets and highways and so designed, constructed, or reconstructed as will permit the vehicle to be used as a place for human habitation by one or more persons; but shall also include any such vehicle with motive power not registered as a motor vehicle in Iowa. A “*mobile home*” is not built to a mandatory building code, contains no state or federal seals, and was built before June 15, 1976. If a mobile home is placed outside a mobile home park, the home is to be assessed and taxed as real estate.

6. “*Mobile home park*” means a site, lot, field, or tract of land upon which three or more mobile homes or manufactured homes, or a combination of any of these homes, are placed on developed spaces and operated as a for-profit enterprise with water, sewer or septic, and electrical services available.

The term “*manufactured home community*” or “*mobile home park*” shall not be construed to include manufactured or mobile homes, buildings, tents, or other structures temporarily maintained by any individual, educational institution, or company on their own premises and used exclusively to house their own labor or students.

A manufactured home community or a mobile home park must be classified as to whether it is a residential manufactured home community or a mobile home park or a recreational manufactured home community or a mobile home park or both. The manufactured home community or mobile home park residential landlord and tenant Act\* only applies to residential manufactured home communities or mobile home parks.

7. “*Modular home*” means a factory-built structure which is manufactured to be used as a place of human habitation, is constructed to comply with the Iowa state building code for modular factory-built structures, as adopted pursuant to section 103A.7, and must display the seal issued by the state building code commissioner. If a modular home is placed in a manufactured home community or mobile home park, the home is subject to the annual tax as required by section 435.22. If a modular home is placed outside a manufactured home community or a mobile home park, the home shall be considered real property and is to be assessed and taxed as real estate.

**435.22 Annual tax — credit.**

The owner of each mobile home or manufactured home located within a manufactured home community or mobile home park shall pay to the county treasurer an annual tax. However, when the owner is any educational institution and the home is used solely for student housing or when the owner is the state of Iowa or a subdivision of the state, the owner shall be exempt from the tax. The annual tax shall be computed as follows:

1. Multiply the number of square feet of floor space each home contains when parked and in use by twenty cents. In computing floor space, the exterior measurements of the home shall be used as shown on the certificate of title, but not including any area occupied by a hitching device.

2. If the owner of the home is an Iowa resident, has attained the age of twenty-three years on or before December 31 of the base year, and has an income when included with that of a spouse which is less than eight thousand five hundred dollars per year, the annual tax shall not be imposed on the home. If the income is eight thousand five hundred dollars or more but less than sixteen thousand five hundred dollars, the annual tax shall be computed as follows:

If the Household Income is:	Annual Tax Per Square Foot:
\$ 8,500 — 9,499.99	3.0 cents
9,500 — 10,499.99	6.0
10,500 — 12,499.99	10.0
12,500 — 14,499.99	13.0
14,500 — 16,499.99	15.0

For purposes of this subsection “*income*” means income as defined in section 425.17, subsection 7, and “*base year*” means the calendar year preceding the year in which the claim for a reduced rate of tax is filed. The home reduced rate of tax shall

only be allowed on the home in which the claimant is residing at the time the claim for a reduced rate of tax is filed or was residing at the time of the claimant's death in the case of a claim filed on behalf of a deceased claimant by the claimant's legal guardian, spouse, or attorney, or by the executor or administrator of the claimant's estate.

Beginning with the 1998 base year, the income dollar amounts set forth in this subsection shall be multiplied by the cumulative adjustment factor for that base year as determined in section 425.23, subsection 4.

3. The amount thus computed shall be the annual tax for all homes, except as follows:

a. For the sixth through ninth years after the year of manufacture the annual tax is ninety percent of the tax computed according to subsection 1 or 2 of this section, whichever is applicable.

b. For all homes ten or more years after the year of manufacture the annual tax is eighty percent of the tax computed according to subsection 1 or 2 of this section, whichever is applicable.

4. The tax shall be figured to the nearest even whole dollar.

5. A claim for credit for manufactured or mobile home tax due shall not be paid or allowed unless the claim is actually filed with the county treasurer between January 1 and June 1, both dates inclusive, immediately preceding the fiscal year during which the home taxes are due. However, in case of sickness, absence, or other disability of the claimant, or if in the judgment of the county treasurer good cause exists, the county treasurer may extend the time for filing a claim for credit through September 30 of the same calendar year. The county treasurer shall certify to the director of revenue on or before November 15 each year the total dollar amount due for claims allowed.

The forms for filing the claim shall be provided by the department of revenue. The forms shall require information as determined by the department.

In case of sickness, absence, or other disability of the claimant or if, in the judgment of the director of revenue, good cause exists and the claimant requests an extension, the director may extend the time for filing a claim for credit or reimbursement. However, any further time granted shall not extend beyond December 31 of the year in which the claim was required to be filed. Claims filed as a result of this paragraph shall be filed with the director who shall provide for the reimbursement of the claim to the claimant.

The director of revenue shall certify the amount due to each county, which amount shall be the dollar amount which will not be collected due to the granting of the reduced tax rate under subsection 2.

The amounts due each county shall be paid by the department of revenue on December 15 of each year, drawn upon warrants payable to the respec-

tive county treasurers. The county treasurer in each county shall apportion the payment in accordance with section 435.25.

There is appropriated annually from the general fund of the state to the department of revenue an amount sufficient to carry out this subsection.

The manufacturer's and dealer's inventory of mobile homes, manufactured homes, or modular homes\* not in use as a place of human habitation shall be exempt from the annual tax. All travel trailers shall be exempt from this tax. The homes and travel trailers in the inventory of manufacturers and dealers shall be exempt from personal property tax. The homes coming into Iowa from out of state and located in a manufactured home community or mobile home park shall be liable for the tax computed pro rata to the nearest whole month, for the time the home is actually situated in Iowa.

**435.24 Collection of tax.**

1. The annual tax is due and payable to the county treasurer on or after July 1 in each fiscal year and is collectible in the same manner and at the same time as ordinary taxes as provided in sections 445.36, 445.37, and 445.39. Interest at the rate prescribed by law shall accrue on unpaid taxes. Both installments of taxes may be paid at one time. The September installment represents a tax period beginning July 1 and ending December 31. The March installment represents a tax period beginning January 1 and ending June 30. A mobile home, manufactured home, or modular home\* coming into this state from outside the state, put in use from a dealer's inventory, or put in use at any time after July 1 or January 1, and located in a manufactured home community or mobile home park, is subject to the taxes prorated for the remaining unexpired months of the tax period, but the purchaser is not required to pay the tax at the time of purchase. Interest attaches the

following April 1 for taxes prorated on or after October 1. Interest attaches the following October 1 for taxes prorated on or after April 1. If the taxes are not paid, the county treasurer shall send a statement of delinquent taxes as part of the notice of tax sale as provided in section 446.9. The owner of a home who sells the home between July 1 and December 31 and obtains a tax clearance statement is responsible only for the September tax payment and is not required to pay taxes for subsequent tax periods. If the owner of a home located in a manufactured home community or mobile home park sells the home, obtains a tax clearance statement, and obtains a replacement home to be located in a manufactured home community or mobile home park, the owner shall not pay taxes under this chapter for the newly acquired home for the same tax period that the owner has paid taxes on the home sold. Interest for delinquent taxes shall be calculated to the nearest whole dollar. In calculating interest each fraction of a month shall be counted as an entire month.

2. The home owners upon issuance of a certificate of title or upon transporting to a new site shall file the address, township, and school district, of the location where the home is parked with the county treasurer's office. Failure to comply is punishable as set out in section 435.18. When the new location is outside of a manufactured home community or mobile home park, the county treasurer shall provide to the assessor a copy of the tax clearance statement for purposes of assessment as real estate on the following January 1.

3. Each manufactured home community or mobile home park owner shall notify monthly the county treasurer concerning any home arriving in or departing from the manufactured home community or park without a tax clearance statement. The records of the owner shall be open to inspection by a duly authorized representative of any law enforcement agency. The manufactured home community or mobile home park owner or manager shall make an annual report to the county treasurer due June 1 of the homes sited in the manufactured home community or mobile home park, listing the owner and mailing address of each home located in the manufactured home community or mobile home park. The report is delinquent if not filed with the county treasurer by June 30. In addition to the annual report, the owner or manager shall also report any changes of homes or owners in a report due December 1, which is delinquent if not filed by December 31. However, if no changes have occurred since the June annual report, the December report is not required to be filed.

4. The tax is a lien on the vehicle senior to any other lien upon it except a judgment obtained in an action to dispose of an abandoned home under section 555B.8. The home bearing a current registration issued by any other state and remaining within this state for an accumulated period not to ex-

ceed ninety days in any twelve-month period is not subject to Iowa tax. However, when one or more persons occupying a home bearing a foreign registration are employed in this state, there is no exemption from the Iowa tax. This tax is in lieu of all other taxes general or local on a home.

5. Before a home may be moved from its present site by any person, a tax clearance statement in the name of the owner must be obtained from the county treasurer of the county where the present site is located certifying that taxes are not owing under this section for previous years and that the taxes have been paid for the current tax period. When a person moves a home from real property to a dealer's stock or to a manufactured home community or mobile home park, as defined in section 435.1, a tax clearance statement shall be applied for, and issued, from the county treasurer of the county where the present site is located. When the home is moved to another county in this state, the county treasurer shall forward a copy of the tax clearance statement to the county treasurer of the county in which the home is being relocated. However, a tax clearance statement is not required for a home in a manufacturer's or dealer's stock which has not been used as a place for human habitation. A tax clearance form is not required to move an abandoned home. A tax clearance form is not required in eviction cases provided the manufactured home community or mobile home park owner or manager advises the county treasurer that the tenant is being evicted. If a dealer acquires a home from a person other than a manufacturer, the person shall provide a tax clearance statement in the name of the owner of record to the dealer. The tax clearance statement shall be provided by the county treasurer in a method prescribed by the department of transportation.

6. *a.* As an alternative to the semiannual or annual payment of taxes, the county treasurer may accept partial payments of current year home taxes. A minimum payment amount shall be established by the treasurer. The treasurer shall transfer amounts from each taxpayer's account to be applied to each semiannual tax installment prior to the delinquency dates specified in section 445.37 and the amounts collected shall be apportioned by the tenth of the month following transfer. If, prior to the due date of each semiannual installment, the account balance is insufficient to fully satisfy the installment, the treasurer shall transfer and apply the entire account balance, leaving an unpaid balance of the installment. Interest shall attach on the unpaid balance in accordance with section 445.39. Unless funds sufficient to fully satisfy the delinquency are received, the treasurer shall collect the unpaid balance as provided in sections 445.3 and 445.4 and chapter 446. Any remaining balance in a taxpayer's account in excess of the amount needed to fully satisfy an installment shall remain in the account to be applied

toward the next semiannual installment. Any interest income derived from the account shall be deposited in the county's general fund to cover administrative costs. The treasurer shall send a notice with the tax statement or by separate mail to each taxpayer stating that, upon request to the treasurer, the taxpayer may make partial payments of current year home taxes.

b. Partial payment of taxes which are delinquent may be made to the county treasurer. A minimum payment amount shall be established by the treasurer. The minimum payment must be equal to or exceed the interest, fees, and costs attributed to the oldest delinquent installment of the tax and shall be apportioned in accordance with section 445.57. If the payment does not include the whole of any installment of the delinquent tax, the unpaid tax shall continue to accrue interest pursuant to section 445.39. Partial payment shall not be permitted in lieu of redemption if the property has been sold for taxes under chapter 446 and under any circumstances shall not constitute an extension of the time period for a sale under chapter 446.

7. Current year taxes may be paid at any time regardless of any outstanding prior year delinquent taxes.

**435.25 Apportionment and collection of taxes.**

The tax and interest for delinquent taxes collected under section 435.24 shall be apportioned in the same manner as though they were the proceeds of taxes levied on real property at the same location as the home.

Chapters 446, 447, and 448 apply to the sale of a home for the collection of delinquent taxes and interest, the redemption of a home sold for the collection of delinquent taxes and interest, and the execution of a tax sale certificate of title for the purchase of a home sold for the collection of delinquent taxes and interest in the same manner as though a home were real property within the meaning of these chapters to the extent consistent with this chapter. The certificate of title shall be issued by the county treasurer. The treasurer shall charge ten dollars for each certificate of title, except that the treasurer shall issue a tax sale certificate of title to the county at no charge.

When a home is removed from the county where

delinquent taxes, regular or special, are owing, or when it is administratively impractical to pursue tax collection through the remedies of this section, all taxes, regular and special, interest, and costs shall be abated by resolution of the county board of supervisors. The resolution shall direct the treasurer to strike from the tax books the reference to that home.

**435.26 Conversion to real property.**

1. a. A mobile home or manufactured home which is located outside a manufactured home community or mobile home park shall be converted to real estate by being placed on a permanent foundation and shall be assessed for real estate taxes. A home, after conversion to real estate, is eligible for the homestead tax credit and the military service tax exemption as provided in sections 425.2 and 426A.11.

b. If a security interest is noted on the certificate of title, the home owner shall tender to the secured party a mortgage on the real estate upon which the home is to be located in the unpaid amount of the secured debt, and with the same priority as or a higher priority than the secured party's security interest, or shall obtain the written consent of the secured party to the conversion, in which latter case the lien notation on the certificate of title shall suffice to preserve the lienholder's security in the home separate from any interest in the land.

2. After complying with subsection 1, the owner shall notify the assessor who shall inspect the new premises for compliance. If a security interest is noted on the certificate of title, the assessor shall require an affidavit, as defined in section 622.85, from the home owner, declaring that the owner has complied with subsection 1, paragraph "b", and setting forth the method of compliance.

a. If compliance with subsection 1, paragraph "b", has been accomplished by the secured party accepting the tender of a mortgage, the assessor shall collect the home vehicle title and enter the property upon the tax rolls.

b. If compliance with subsection 1, paragraph "b", has been accomplished by the secured party consenting to the conversion without accepting a mortgage, the secured party shall retain the home vehicle title and the assessor shall note the conversion on the assessor's records and enter the property upon the tax rolls. So long as a security interest is noted on the certificate of title, the title to the home will not be merged with title to the land, and the sale or foreclosure of an interest in the land shall not affect title to the home or any securi-

ty interest in the home.

3. When the property is entered on the tax rolls, the assessor shall also enter on the tax rolls the title number last assigned to the mobile home or manufactured home and the manufacturer's identification number.

#### **435.26A Surrender of title.**

1. A person who owns a manufactured home that is located in a manufactured home community and is installed on a permanent foundation may surrender the manufactured home's certificate of title to the county treasurer for the purpose of assuring eligibility for funds available from mortgage lending programs sponsored by the federal national mortgage association, the federal home loan mortgage corporation, the United States department of agriculture, or any other federal governmental agency or instrumentality that has similar requirements for mortgage lending programs.

2. Upon receipt of a certificate of title from a manufactured home owner, a county treasurer shall notify the state department of transportation that the certificate of title has been surrendered, remove the registration of title from the county treasurer's records, and destroy the certificate of title.

The manufactured home owner or the owner's representative shall provide to the county recorder the identifying data of the manufactured home, including the owner's name, the name of the manufacturer, the model name, the year of manufacture, and the serial number of the home, along with the legal description of the real estate on which the manufactured home is located. In addition, evidence shall be provided of the surrender of the certificate of title. After the surrender of the certificate of title of a manufactured home under this section, conveyance of an interest in the manufactured home shall not require transfer of title so long as the manufactured home remains on the same real estate site.

3. After the surrender of a manufactured home's certificate of title under this section, the manufactured home shall continue to be taxed under section 435.22 and is not eligible for the homestead tax credit or the military service tax exemption. A foreclosure action on a manufactured home whose title has been surrendered under this section shall be conducted as a real estate foreclosure. A tax lien and its priority shall remain the same on a manufactured home after its certificate

of title has been surrendered.

4. The certificate of title of a manufactured home shall not be surrendered under this section if an unreleased security interest is noted on the certificate of title.

5. An owner of a manufactured home who has surrendered a certificate of title under this section and requires another certificate of title for the manufactured home is required to apply for a certificate of title under chapter 321. If supporting documents for the reissuance of a title are not available or sufficient, the procedure for the reissuance of a title specified in the rules of the state department of transportation shall be used.

#### **435.27 Reconversion.**

1. A mobile home or manufactured home converted to real estate under section 435.26 may be reconverted to a home as provided in this section when it is moved to a manufactured home community or mobile home park or a manufactured or mobile home retailer's inventory. When the home is located within a manufactured home community or mobile home park, the home shall be taxed pursuant to section 435.22, subsection 1.

2. If the vehicular frame of the home can be modified to return it to the status of a mobile home or manufactured home, the owner or a secured party holding a mortgage or certificate of title pursuant to section 435.26 who has obtained possession of the home may apply to the county treasurer as provided in section 321.20 for a certificate of title for the home. If a mortgage exists on the real estate, a security interest in the home shall be given to a secured party not applying for reconversion and noted on the certificate of title with the same priority or a higher priority than the secured party's mortgage interest. A reconversion shall not occur without the written consent of every secured party holding a mortgage or certificate of title.

If the secured party has elected to retain the home vehicle title pursuant to section 435.26, subsection 2, paragraph "b", an owner applying for reconversion shall present to the county treasurer written consent to the reconversion from all secured parties and an affirmation from the secured party holding the title that the title is in its possession and is intact. Upon receipt of the affirmation, the county treasurer shall notify the assessor of the reconversion, which notification constitutes compliance by the owner with subsection 3.

3. After compliance with subsection 2 and receipt of the title, the owner shall notify the assessor of the reconversion. The assessor shall remove the assessed valuation of the home from assessment rolls as of the succeeding January 1 when the home becomes subject to taxation as provided un-

der section 435.24.

An electric cooperative shall also include an incorporated city utility provider. “*Generation and transmission electric cooperative*” means an electric cooperative which owns both transmission lines and property which is used to generate electricity. “*Distribution electric cooperative*” means an electric cooperative other than a generation and transmission electric cooperative or a municipal electric cooperative association.

11. “*Electric power generating plant*” means a nameplate rated electric power generating plant, which produces electric energy from other forms of energy, including all taxable land, buildings, and equipment used in the production of such electric energy.

“*New electric power generating plant*” means an electric power generating plant that is owned by or leased to an electric company, electric cooperative, or municipal utility, and that initially generates electricity subject to replacement generation tax under section 437A.6 on or after January 1, 2003.

12. “*Incorporated city utility provider*” means a corporation with assets worth one million dollars or more which has one or more platted villages located within the territorial limits of the tract of land which it owns, and which provides electricity to ten thousand or fewer customers.

13. “*Lease*” means a contract between a lessor and lessee pursuant to which the lessee obtains a present possessory interest in tangible property without obtaining legal title in such property. A contract to transmit or deliver electricity or natural gas using operating property within this state is not a lease. “*Capital lease*” means a lease classified as a capital lease under generally accepted accounting principles.

14. “*Local amount*” means the first forty-four million four hundred forty-four thousand four hundred forty-five dollars of the acquisition cost of any major addition which is an electric power generating plant and the total acquisition cost of any other major addition.

“*Local amount*” for the purposes of determining the local taxable value for a new electric power generating plant shall annually be determined to be equal up to the first forty-four million four hundred forty-four thousand four hundred forty-five dollars of the taxable value of the new electric power generating plant. “*Local amount*” for the purposes of determining the local assessed value for a new electric power generating plant shall be annually determined to be the percentage share of the taxable value of the new electric power generating plant allocated as the local amount multiplied by the total assessed value of the new electric power generating plant.

15. “*Local taxing authority*” means a city, county, community college, school district, or other taxing authority located in this state and authorized to certify a levy on property located within such authority for the payment of bonds and interest or other obligations of such authority.

b. "Township" includes any city or part of a city located within the exterior boundaries of that township.

c. References to city limits contained in this subsection mean those city limits as they existed on January 1, 1999.

23. "Operating property" means all property owned by or leased to an electric company, electric cooperative, municipal utility, or natural gas company, not otherwise taxed separately, which is necessary to and without which the company could not perform the activities of an electric company, electric cooperative, municipal utility, or natural gas company.

A person who generates electricity

which is consumed by any other person, including any owner, shareholder, member, beneficiary, partner, or associate of the person who generates electricity, is not a self-generator. For purposes of this subsection, "on-site facility" means an electric power generating plant that is wholly owned by or leased in its entirety to a person and used to generate electricity solely for consumption by such person on the same parcel of land on which such plant is located or on a contiguous parcel of land. For purposes of this subsection, "parcel of land" includes each separate parcel of land shown on the tax list.

## SUBCHAPTER II

### GENERATION, TRANSMISSION, AND DELIVERY TAXES

#### **437A.4 Replacement tax imposed on delivery of electricity.**

1. A replacement delivery tax is imposed on every person who makes a delivery of electricity to a consumer within this state. The replacement delivery tax imposed by this section is equal to the sum of the following:

a. The number of kilowatt-hours of electricity delivered to consumers by the taxpayer within each electric competitive service area during the tax year multiplied by the electric replacement delivery tax rate in effect for each such electric competitive service area.

b. Where applicable, and in addition to the tax imposed by paragraph "a", the number of kilowatt-hours of electricity delivered to consumers by the taxpayer within each electric competitive service area during the tax year multiplied by the electric transfer replacement tax rate for each such electric competitive service area.

2. If electricity is consumed in this state, whether such electricity is purchased, transferred, or self-generated, and the delivery, purchase, transference, or self-generation of such electricity is not subject to the tax imposed under subsection 1, a tax is imposed on the consumer at the rates prescribed under subsection 1.

3. Electric replacement delivery tax rates shall be calculated by the director for each electric competitive service area as follows:

a. The director shall determine the average centrally assessed property tax liability allocated to electric service of each taxpayer, other than a municipal utility, principally serving an electric competitive service area and of each generation and transmission electric cooperative for the assessment years 1993 through 1997 based on property tax payments made. In the case of a municipal utility, the average centrally assessed property tax liability allocated to electric service is the centrally assessed property tax liability of such municipal utility allocated to electric service for the 1997 assessment year based on property tax payments made.

b. The director shall determine, for each taxpayer, the number of kilowatt-hours of electricity generated which would have been subject to taxation under section 437A.6, the number of pole miles which would have been subject to taxation under section 437A.7, and the number of kilowatt-hours of electricity delivered to consumers which would have been subject to taxation under this section in calendar year 1998, had such sections been in effect for calendar year 1998.

c. The director shall determine the electric generation, transmission, and delivery tax components of the average centrally assessed property tax liability determined in paragraph "a" for each electric competitive service area as follows:

(1) The electric generation tax component for an electric competitive service area shall be computed by multiplying the tax rate set forth in section 437A.6 by the number of kilowatt-hours of electricity generated by the taxpayer principally serving such electric competitive service area which would have been subject to taxation under section 437A.6 in calendar year 1998, had that section been in effect for calendar year 1998.

(2) The electric transmission tax component for an electric competitive service area shall be computed by multiplying the tax rates set forth in section 437A.7 by the number of pole miles for each line voltage owned or leased by the taxpayer principally serving such electric competitive service area which would have been subject to taxation under section 437A.7 on December 31, 1998, had that section been in effect for calendar year 1998.

(3) The electric delivery tax component for an electric competitive service area shall be the average centrally assessed property tax liability allocated to electric service of the taxpayer principally serving such electric competitive service area less the electric generation and transmission tax components computed for such electric competitive service area.

(4) The electric delivery tax component for each electric competitive service area shall be adjusted, as necessary, to assign the excess property tax liability of each generation and transmission electric cooperative to the electric competitive service areas principally served on January 1, 1999, by its distribution electric cooperative members and by those municipal utilities which were purchasing members of a municipal electric cooperative association that is a member of the generation and transmission electric cooperative. Such assignment of excess property tax liability of each such generation and transmission electric cooperative shall be made in proportion to the appropriate wholesale rate charges in calendar year 1998 to its distribution electric cooperative members and municipal electric cooperative association members which purchased electricity from the generation and transmission electric cooperative. Any amount assignable to a municipal electric cooperative association shall be reassigned to the electric competitive service areas served by such association's purchasing municipal utility members and shall be allocated among them in proportion to the appropriate wholesale rate charges in calendar year 1998 by such municipal electric cooperative association to its purchasing municipal utility members. For purposes of this subsection, "*excess property tax liability*" means the amount by which the average centrally assessed property tax liability for the assessment years 1993 through 1997 of a generation and transmission electric cooperative exceeds the tentative generation and transmission taxes which would have been imposed on such generation and transmission electric cooperative under sections 437A.6 and 437A.7 for calendar year 1998, had such taxes been in effect for calendar year 1998. An electric cooperative described in section 437A.7, subsection 3, paragraph "c", is deemed not to have any excess property tax liability.

d. The director shall determine an electric delivery tax rate for each electric competitive service area by dividing the electric delivery tax compo-

nent for the electric competitive service area, as adjusted by paragraph "c", subparagraph (4), by the number of kilowatt-hours delivered by the taxpayer principally serving the electric competitive service area to consumers in calendar year 1998, which would have been subject to taxation under this section if this section had been in effect for calendar year 1998.

4. Municipal electric transfer replacement tax rates shall be calculated annually by the city council of each city located within an electric competitive service area served by a municipal utility as of January 1, 1999, by dividing the average annual dollar amount of electric-related transfers made pursuant to section 384.89 by the municipal utility serving the electric competitive service area, other than those transfers declared exempt from the transfer replacement tax by the city council, plus the municipal transfer replacement tax received by the municipality, if any, during the five immediately preceding calendar years by the number of kilowatt-hours of electricity delivered to consumers in the electric competitive service area during the immediately preceding calendar year which were subject to taxation under this section or which would have been subject to taxation under this section had it been in effect for such calendar year. The city council on its own motion, or in the case of a municipal utility governed by a board of trustees under chapter 388 upon a resolution of the board of trustees requesting such action, may declare any transfer or part of such transfer to be exempt from the transfer replacement tax under this section. Such rates shall be calculated and reported to the director on or before August 31 of each tax year.

5. A municipal utility taxpayer is entitled to a credit against the municipal electric transfer replacement tax equal to the average amount of electric-related transfers made by such municipal utility taxpayer under section 384.89, other than those transfers declared exempt from transfer replacement tax by the city council, during the preceding five calendar years.

6. The following are not subject to the replacement delivery tax imposed by subsections 1 and 2:

a. Delivery of electricity generated by a low capacity factor electric power generating plant.

b. Delivery of electricity to a city from such city's municipal utility, provided such electricity is used by the city for the public purposes of the city.

c. Electricity consumed by a state university or university of science and technology, provided such electricity was generated by property described in section 427.1, subsection 1.

d. Electricity generated and consumed by a self-generator.

7. Notwithstanding subsection 1, the electric delivery tax rate applied to kilowatt-hours of electricity delivered by a taxpayer to utility property and facilities which are placed in service on or after January 1, 1999, and are owned by or leased to

and initially served by such taxpayer shall be the electric delivery tax rate in effect for the electric competitive service area principally served by such utility property and facilities even though such utility property and facilities may be physically located in another electric competitive service area.

8. If for any tax year after calendar year 1998, the total taxable kilowatt-hours of electricity required to be reported by taxpayers pursuant to section 437A.8, subsection 1, paragraphs "a" and "b", with respect to any electric competitive service area, increases or decreases by more than the threshold percentage from the average of the base year amounts for that electric competitive service area during the immediately preceding five calendar years, the tax rate imposed under subsection 1, paragraph "a", and subsection 2, for that tax year shall be recalculated by the director for that electric competitive service area so that the total of the replacement electric delivery taxes required to be reported pursuant to section 437A.8, subsection 1, paragraph "e", for that electric competitive service area with respect to the tax imposed under subsection 1, paragraph "a", and subsection 2, shall be as follows:

a. If the number of kilowatt-hours of electricity required to be reported increased by more than the threshold percentage, one hundred two percent of such taxes required to be reported by taxpayers for that electric competitive service area for the immediately preceding tax year.

b. If the number of kilowatt-hours of electricity required to be reported decreased by more than the threshold percentage, ninety-eight percent of such taxes required to be reported by taxpayers for that electric competitive service area for the immediately preceding tax year.

For purposes of paragraphs "a" and "b", in computing the tax rate under subsection 1, paragraph "a", and subsection 2, for tax year 1999, the director shall use the electric delivery tax component computed for the electric competitive service area pursuant to subsection 3, paragraph "c", in lieu of the taxes required to be reported for that electric competitive service area for the immediately preceding tax year.

The threshold percentage shall be determined annually and shall be eight percent for any electric competitive service area in which the average of the base year amounts for the preceding five calendar years does not exceed three billion kilowatt-hours, and ten percent for all other electric competitive service areas.

Any such recalculation of an electric delivery tax rate, if required, shall be made and the new rate shall be published in the Iowa administrative bulletin by the director by no later than May 31 following the tax year. The director shall adjust the tentative replacement tax imposed by subsection 1, paragraph "a", and subsection 2 required to be shown on any affected taxpayer's return pursuant

to section 437A.8, subsection 1, paragraph "e", to reflect the adjusted delivery tax rate for the tax year, and report such adjustment to the affected taxpayer on or before June 30 following the tax year. The new electric delivery tax rate shall apply prospectively, until such time as further adjustment is required.

For purposes of this section, "base year amount" means for calendar years prior to tax year 1999, the sum of the kilowatt-hours of electricity delivered to consumers within an electric competitive service area by the taxpayer principally serving such electric competitive service area which would have been subject to taxation under this section had this section been in effect for those years; and for tax years after calendar year 1998, the taxable kilowatt-hours of electricity required to be reported by taxpayers pursuant to section 437A.8, subsection 1, paragraphs "a" and "b", with respect to any electric competitive service area.

9. a. After calendar year 1998, if a municipal electric cooperative association ceases to purchase electricity from the generation and transmission electric cooperative from which it purchased electricity in 1998, and for a period of one hundred eighty days after such purchases cease, no municipal utility member of such association purchases electricity from such generation and transmission electric cooperative, the excess property tax liability assigned pursuant to subsection 3, paragraph "c", subparagraph (4), to the electric competitive service areas principally served by the municipal utility members on January 1, 1999, shall be removed from the electric delivery tax component of those electric competitive service areas and the electric delivery tax rate for those electric competitive service areas shall be recalculated to reflect that change.

b. After calendar year 1998, if a municipal utility ceases to be a purchasing member of a municipal electric cooperative association which purchased electricity in calendar year 1998 from a generation and transmission electric cooperative, and for a period of one hundred eighty days after the municipal utility ceases to be a purchasing member of such association such municipal utility does not purchase electricity from such generation and transmission electric cooperative, the excess property tax liability assigned pursuant to subsection 3, paragraph "c", subparagraph (4), to the electric competitive service area principally served by the municipal utility on January 1, 1999, shall be removed from the electric delivery tax component of those electric competitive service areas and the electric delivery tax rate for those electric competitive service areas shall be recalculated to reflect that change.

c. If a recalculation has previously been made by the director pursuant to subsection 8 for an electric competitive service area described in this subsection, the recalculation required by this subsection shall be made by the director by modifying

the most recent recalculation under subsection 8 to eliminate the excess property tax liability originally allocated to such electric competitive service area under subsection 3, paragraph "c", subparagraph (4).

d. Any recalculation required by this subsection shall be made and the new rate shall be published in the Iowa administrative bulletin by the director by May 31 of the calendar year during which the events described in paragraphs "a" and "b" are reported as provided in section 437A.8, subsection 1, paragraph "f". The new electric delivery tax rate shall be effective January 1 of the tax year in which it is published and shall apply prospectively, until such time as further adjustment is required.

10. The electric delivery tax rate in effect for each electric competitive service area shall be published by the director in the Iowa administrative bulletin on or before November 30, 1999, and annually after that date, during the last quarter of the tax year.

#### **437A.5 Replacement tax imposed on delivery of natural gas.**

1. A replacement delivery tax is imposed on every person who makes a delivery of natural gas to a consumer within this state. The replacement delivery tax imposed by this section shall be equal to the sum of the following:

a. The number of therms of natural gas delivered to consumers by the taxpayer within each natural gas competitive service area during the tax year multiplied by the natural gas delivery tax rate in effect for each such natural gas competitive service area.

b. Where applicable, and in addition to the tax imposed by paragraph "a", the number of therms of natural gas delivered to consumers by the taxpayer within each natural gas competitive service area during the tax year multiplied by the municipal natural gas transfer replacement tax rate for each such natural gas competitive service area.

c. Notwithstanding paragraphs "a" and "b", a natural gas delivery rate of one and eleven-hundredths of a cent (.0111) per therm of natural gas is imposed on all natural gas delivered to or consumed by a new electric power generating plant for purposes of generating electricity within the state during the tax year. However, if a new electric power generating plant is exempt from a replacement generation tax pursuant to section 437A.6, subsection 1, paragraph "b", the natural gas delivery rate for the municipal service area that the new plant serves shall instead apply for deliveries of natural gas by the municipal gas utility.

The provisions of subsection 8 shall not apply to the therms of natural gas subject to the delivery tax set forth in this paragraph.

If the new electric power generating plant is part of a cogeneration facility, the natural gas delivery rate for that plant shall be the lesser of the natural gas delivery rate established in this paragraph or the rate per therm of natural gas as in effect at the time of the initial natural gas deliveries to the plant for the natural gas competitive service area where the new electric power generating plant is located.

2. If natural gas is consumed in this state, whether such natural gas is purchased or transferred, and the delivery, purchase, or transference of such natural gas is not subject to the tax imposed under subsection 1, a tax is imposed on the consumer at the rates prescribed under subsection 1.

3. Natural gas delivery tax rates shall be calculated by the director for each natural gas competitive service area as follows:

a. The director shall determine the average centrally assessed property tax liability allocated to natural gas service of each taxpayer, other than a municipal utility, principally serving a natural gas competitive service area for the assessment years 1993 through 1997 based on property tax payments made. In the case of a municipal utility, the average centrally assessed property tax liability allocated to natural gas service is the centrally assessed property tax liability of such municipal utility allocated to natural gas service for the 1997 assessment year based on property tax payments made. For purposes of this subsection, taxpayer does not include a pipeline company defined in section 479A.2.

b. The director shall determine for each taxpayer the number of therms of natural gas delivered to consumers which would have been subject to taxation under this section in calendar year 1998 had this section been in effect for calendar year 1998.

c. The director shall determine a natural gas delivery tax rate for each natural gas competitive service area by dividing the average centrally assessed property tax liability allocated to natural gas service of the taxpayer principally serving the natural gas competitive service area by the number of therms of natural gas delivered by such taxpayer to consumers in calendar year 1998 which would have been subject to taxation under this section had such section been in effect for calendar year 1998.

4. Municipal natural gas transfer replacement tax rates shall be calculated annually by the city council of each city located within a natural gas competitive service area served by a municipal utility as of January 1, 1999, by dividing the average annual dollar amount of natural gas-related transfers made pursuant to section 384.89 by the municipal utility serving the natural gas competitive service area, other than those transfers declared exempt from the transfer replacement tax by the city council, plus the municipal transfer re-

placement tax received by the municipality, if any, during the five immediately preceding calendar years, by the number of therms of natural gas delivered to consumers in the natural gas competitive service area during the immediately preceding calendar year which were subject to taxation under this section or which would have been subject to taxation under this section had it been in effect for such calendar year. The city council on its own motion, or in the case of a municipal utility governed by a board of trustees under chapter 388 upon a resolution of the board of trustees requesting such action, may declare any transfer or part of such transfer to be exempt from the transfer replacement tax under this section. Such rates shall be calculated and reported to the director on or before August 31 of each tax year.

5. A municipal utility taxpayer is entitled to a credit against the municipal natural gas transfer replacement tax equal to the average amount of natural gas-related transfers made by such municipal utility taxpayer under section 384.89, other than those transfers declared exempt from transfer replacement tax by the city council, during the preceding five calendar years.

6. Notwithstanding subsection 1, the natural gas delivery tax rate applied to therms of natural gas delivered by a taxpayer to utility property and facilities that are placed in service on or after January 1, 1999, and that are owned by or leased to and initially served by such taxpayer shall be the natural gas delivery tax rate in effect for the natural gas competitive service area principally served by such utility property and facilities even though such utility property and facilities may be physically located in another natural gas competitive service area.

This subsection shall not apply to natural gas delivered to or consumed by new electric power generating plants.

7. Delivery of natural gas to a city from such city's municipal utility is not subject to the replacement delivery tax imposed under subsection 1, paragraph "a", and subsection 2, provided such natural gas is used by the city for the public purposes of the city.

Subsection 2 does not apply to natural gas consumed by a person, other than an electric company, natural gas company, electric cooperative, or municipal utility, acquired by means of facilities owned by or leased to such person on January 1, 1999, which were physically attached to pipelines that are not permitted pursuant to chapter 479 and used by such person for the purpose of bypassing the local natural gas company or municipal utility.

Subsection 1 does not apply to natural gas which is delivered, by a pipeline that is not permitted pursuant to chapter 479, into a facility owned by or leased to a person, other than an electric company, natural gas company, electric cooperative, or municipal utility, if the person who consumes the

gas uses the gas for the purpose of bypassing the local natural gas company or municipal utility, regardless of whether such facility existed on January 1, 1999.

8. If, for any tax year after calendar year 1998, the total taxable therms of natural gas required to be reported by taxpayers pursuant to section 437A.8, subsection 1, paragraphs "a" and "b", with respect to any natural gas competitive service area increases or decreases by more than the threshold percentage from the average of the base year amounts for that natural gas competitive service area during the immediately preceding five calendar years, the tax rate imposed under subsection 1, paragraph "a", and subsection 2 for that tax year shall be recalculated by the director for that natural gas competitive service area so that the total of the replacement natural gas delivery taxes required to be reported pursuant to section 437A.8, subsection 1, paragraph "e", for that natural gas competitive service area with respect to the tax imposed under subsection 1, paragraph "a", and subsection 2 shall be as follows:

a. If the number of therms of natural gas required to be reported increased by more than the threshold percentage, one hundred two percent of such taxes required to be reported by taxpayers for that natural gas competitive service area for the immediately preceding tax year.

b. If the number of therms of natural gas required to be reported decreased by more than the threshold percentage, ninety-eight percent of such taxes required to be reported by taxpayers for that natural gas competitive service area for the immediately preceding tax year.

c. For purposes of paragraphs "a" and "b", in computing the tax rate under subsection 1, paragraph "a", and subsection 2 for calendar year 1999, the director shall use the average centrally assessed property tax liability allocated to natural gas service computed for the natural gas competitive service area pursuant to subsection 3, paragraph "a", in lieu of the taxes required to be reported for that natural gas competitive service area for the immediately preceding tax year.

The threshold percentage shall be determined annually and shall be eight percent for any natural gas competitive service area in which the average of the base year amounts for the preceding five calendar years does not exceed two hundred fifty million therms, and ten percent for all other natural gas competitive service areas.

Recalculation of a natural gas delivery tax rate, if required, shall be made and the new rate published in the Iowa administrative bulletin by the director by no later than May 31 following the tax year. The director shall adjust the tentative replacement tax imposed by subsection 1, paragraph "a", and subsection 2 required to be shown on any affected taxpayer's return pursuant to section 437A.8, subsection 1, paragraph "e", to reflect the adjusted delivery tax rate for the tax year, and re-

port such adjustment to the affected taxpayer on or before June 30 following the tax year. The new natural gas delivery tax rate shall apply prospectively, until such time as further adjustment is required.

For purposes of this subsection, “base year amount” means for calendar years prior to tax year 1999, the sum of the therms of natural gas delivered to consumers within a natural gas competitive service area by the taxpayer principally serving such natural gas competitive service area which would have been subject to taxation under this section had this section been in effect for those years; and for tax years after calendar year 1998, the taxable therms of natural gas required to be reported by taxpayers pursuant to section 437A.8, subsection 1, paragraphs “a” and “b”, with respect to any natural gas competitive service area.

9. The natural gas delivery tax rate in effect for each natural gas competitive service area shall be published by the director in the Iowa administrative bulletin on or before November 30, 1999, and annually after that date, during the last quarter of the tax year.

98 Acts, ch 1194, §6, 40; 2000 Acts, ch 1114, §3, 4, 17, 18; 2003 Acts, ch 106, §7, 8, 15

Subsection 1, paragraph c, and 2003 amendment to subsection 6 apply retroactively to tax years beginning on or after January 1, 2003; 2003 Acts, ch 106, §15

#### **437A.6 Replacement tax imposed on electric generation.**

1. A replacement generation tax of six hundredths of a cent per kilowatt-hour of electricity generated within this state during the tax year is imposed on every person generating electricity, except electricity generated by the following:

a. A low capacity factor electric power generating plant.

b. Facilities owned by or leased to a municipal utility when devoted to public use and not held for pecuniary profit, except facilities of a municipally owned electric utility held under joint ownership or lease and facilities of an electric power facility financed under chapter 28F or 476A.

c. Wind energy conversion property subject to section 427B.26 or eligible for a tax credit under chapter 476B.

d. Methane gas conversion property subject to section 427.1, subsection 29.

e. Facilities owned by or leased to a state university or university of science and technology, to the extent electricity generated by such facilities is consumed exclusively by such state university or university of science and technology.

f. On-site facilities wholly owned by or leased in their entirety to a self-generator.

2. In lieu of the replacement generation tax imposed in subsection 1, a replacement generation tax of one thousand eight hundred forty-seven ten-thousandths of a cent per kilowatt-hour of electricity generated within this state during the tax year

is imposed on every hydroelectric generating power plant with a generating capacity of one hundred megawatts or greater.

3. In lieu of the replacement generation tax imposed in subsection 1, a replacement generation tax of one thousand ninety-nine ten-thousandths of a cent per kilowatt-hour of electricity generated within this state during the tax year is imposed on every electric company which owns a joint interest in an electric power generating plant in this state and which has a joint interest in less than five pole miles of transmission lines in this state.

4. For purposes of this section, if a generation facility is jointly owned or leased, the number of kilowatt-hours of electricity subject to the replacement generation tax shall be the number of kilowatt-hours of electricity generated and dispatched by the jointly held generation facility to the account of the taxpayer.

5. For purposes of this section, the number of kilowatt-hours generated by a generation facility shall exclude any kilowatt-hours used to operate that generation facility.

*f.* For purposes of a municipal utility which is a member of a municipal electric cooperative association, the occurrence on or before September 1 of the preceding calendar year of an event described in section 437A.4, subsection 9, paragraph "a" or "b", and the date on which the one-hundred-eighty-day requirement under such paragraph was met.

2. Each taxpayer subject to a municipal transfer replacement tax, on or before March 31 following a tax year, shall file with the chief financial officer of each city located within an electric or natural gas competitive service area served by a municipal utility as of January 1, 1999, a return including, but not limited to, the following information:

*a.* The total taxable kilowatt-hours of electricity delivered by the taxpayer within each electric competitive service area described in section 437A.4, subsection 4, during the tax year and the total taxable therms of natural gas delivered by the taxpayer within each natural gas competitive service area described in section 437A.5, subsection 4, during the tax year.

*b.* For a municipal utility taxpayer, the total transfers made by the taxpayer under section 384.89 within each competitive service area during the preceding calendar year, allocated between electric-related transfers and natural gas-related transfers and total credits described in section 437A.4, subsection 5, and section 437A.5, subsection 5.

*c.* The transfer replacement taxes imposed by section 437A.4, subsection 1, paragraph "b", and

section 437A.5, subsection 1, paragraph “b”, due for the tax year.

3. A return shall be signed by an officer, or other person duly authorized by the taxpayer, and must be certified as correct and in accordance with forms and rules prescribed by the director in the case of a return filed pursuant to subsection 1, and in accordance with forms and rules prescribed by the chief financial officer of the city in the case of a return filed pursuant to subsection 2.

4. *a.* At the time of filing the return required by subsection 1 with the director, the taxpayer shall calculate the tentative replacement tax due for the tax year. The director shall compute any adjustments to the replacement tax required by subsection 7 and by section 437A.4, subsection 8, and section 437A.5, subsection 8, and notify the taxpayer of any such adjustments in accordance with the requirements of such provisions. The director and the department of management shall compute the allocation of replacement taxes among local taxing districts and report such allocations to county treasurers pursuant to section 437A.15. Based on such allocations, the treasurer of each county shall notify each taxpayer on or before August 31 following a tax year of its replacement tax obligation to the county treasurer. On or before September 30, 2000, and on or before September 30 of each subsequent year, the taxpayer shall remit to the county treasurer of each county to which such replacement tax is allocated pursuant to section 437A.15, one-half of the replacement tax so allocated, and on or before the succeeding March 31, the taxpayer shall remit to the county treasurers the remaining replacement tax so allocated. If notification of a taxpayer’s replacement tax obligation is not mailed by a county treasurer on or before August 31 following a tax year, such taxpayer shall have thirty days from the date the notification is mailed to remit one-half of the replacement tax otherwise required by this subsection to be remitted to such county treasurer on or before September 30. If a taxpayer fails to timely remit replacement taxes as provided in this subsection, the county treasurer of each affected county shall notify the director of such failure.

*b.* If a distribution electric cooperative member or a municipal utility purchasing member subject to section 437A.15, subsection 3, paragraph “b”, does not make timely payment of the correct amount of replacement tax to the generation and transmission electric cooperative, the generation and transmission electric cooperative shall notify the director in writing within ten days after September 10. The director shall then notify the generation and transmission electric cooperative in writing within five days after delivery of notice to the director of the paid amount to be remitted to the appropriate county treasurer and shall also notify the county treasurer. The generation and transmission electric cooperative shall remit the amount determined by the director to the ap-

propriate county treasurer by September 30. If the generation and transmission electric cooperative timely notifies the director and timely remits to the county treasurer the amounts of replacement tax, as determined by the director, the generation and transmission electric cooperative shall not be liable for that unpaid replacement tax due from the distribution electric cooperative member or municipal utility purchasing member. The generation and transmission electric cooperative shall also not be liable for a special utility property tax levy, if any, and shall not be entitled to a tax credit, if any, attributable to the unpaid replacement tax. The county treasurer and the director shall enforce payment of the replacement tax against the appropriate distribution electric cooperative member or municipal utility purchasing member pursuant to sections 437A.9 through 437A.13. The county treasurer shall enforce payment of the special utility property tax levy, if any, against the appropriate distribution electric cooperative member or municipal utility purchasing member. For purposes of this paragraph:

(1) Written notice to the director must be either delivered to the director by electronic means, United States postal service, or a common carrier, by ordinary, certified, or registered mail directed to the attention of the director, be personally delivered to the director, or be served on the director by personal service during business hours. If the notice is mailed, a notice is considered delivered on the date of the postmark. If a postmark date is not present on the mailed article, the date of receipt of notice shall be considered the date of the mailing. A notice is considered delivered on the date personal service or personal delivery to the office of the director is made.

(2) Written notice to a generation and transmission electric cooperative must be delivered to the cooperative by electronic means, United States postal service, or a common carrier, by ordinary, certified, or registered mail, directed to the attention of the manager of the cooperative, be personally delivered to the manager of the cooperative, or be served on the manager of the cooperative by personal service during business hours. For the purpose of mailing, a notice is considered delivered on the date of the postmark. If a postmark date is not present on the mailed article, the date of receipt of notice shall be considered the date of the mailing. A notice is considered delivered on the date personal service or personal delivery to the office of the manager of the cooperative is made.

*c.* If a generation and transmission electric cooperative, after notice, does not timely pay the correct amount of replacement tax or special utility property tax levy attributable to the excess property tax liability to the appropriate county treasurer, after receiving the required payment from the distribution electric cooperative member or municipal utility purchasing member, such re-

placement tax shall be enforced solely against the generation and transmission electric cooperative under sections 437A.9 through 437A.13, and shall not be enforced against the paying distribution electric cooperative member or municipal utility purchasing member, and the special utility property tax levy shall be enforced solely against the generation and transmission electric cooperative.

d. Notwithstanding paragraph “a”, a taxpayer who owns or leases a new electric power generating plant and who has no other operating property in the state of Iowa except for operating property directly serving the new electric power generating plant as described in section 437A.16 shall pay the replacement generation tax associated with the allocation of the local amount to the county treasurer of the county in which the local amount is located and shall remit the remaining replacement generation tax, if any, to the director according to paragraph “a” for remittance of the tax to county treasurers. The director shall notify each taxpayer on or before August 31 following a tax year of its remaining replacement generation tax to be remitted to the director. All remaining replacement generation tax revenues received by the director shall be deposited in the property tax relief fund created in section 426B.1, and shall be distributed as provided in section 426B.2.

5. At the time of filing the return required by subsection 2, the taxpayer shall calculate the municipal transfer replacement tax due for the tax year. Municipal transfer replacement taxes shall be paid to the chief financial officer of the city to which the taxes are allocated at such time and place as directed by the city council.

6. Notwithstanding subsections 1 through 5, a taxpayer shall not be required to file a return otherwise required by this section or remit any replacement tax for any tax year in which the taxpayer’s replacement tax liability before credits is three hundred dollars or less, provided that all electric companies, electric cooperatives, municipal utilities, and natural gas companies shall file a return, regardless of the taxpayer’s replacement tax liability.

7. Following the determination of electric and natural gas delivery tax rates by the director pursuant to section 437A.4, subsection 3, and section 437A.5, subsection 3, if an adjustment resulting from a taxpayer appeal is made to taxes levied and paid by a taxpayer with respect to any of the assessment years 1993 through 1997 used in determining such rates, the director shall recalculate the delivery tax rate for any affected electric or natural gas competitive service area to reflect the impact of such adjustment as if such adjustment had been reflected in the initial determination of average centrally assessed property tax liability allocated to electric or natural gas service pursuant to section 437A.4, subsection 3, paragraph “a”, and section 437A.5, subsection 3, paragraph

“a”. Rate recalculations shall be made and published in the Iowa administrative bulletin by the director on or before March 31 following the calendar year in which a final determination of the adjustment is made. Taxpayers shall report to the director any increase or decrease in the tentative replacement tax required to be shown to be due pursuant to subsection 1, paragraph “e”, for any tax year with the return for the year in which the recalculated tax rates which gave rise to the adjustment are published in the Iowa administrative bulletin. The director and the department of management shall redetermine the allocation of replacement taxes pursuant to section 437A.15 for each affected tax year. If a taxpayer has overpaid replacement taxes, the overpayment shall be reported by the director to such taxpayer and to the appropriate county treasurers and shall be a credit against the replacement taxes owed by such taxpayer for the year in which the recalculated rates which gave rise to the overpayment are published in the Iowa administrative bulletin. If a taxpayer has overpaid centrally assessed property taxes for assessment years prior to tax year 1999, such overpayment shall be a credit against replacement taxes owed by such taxpayer for the year in which the overpayment is determined. Unused credits may be carried forward and used to reduce future replacement tax liabilities until exhausted.

#### **437A.9 Failure to file return — incorrect return.**

1. As soon as practicable after a return required by section 437A.8, subsection 1, is filed, and in any event within three years after such return is filed, the director shall examine the return, determine the tax due if the return is found to be incorrect, and give notice to the taxpayer of the determination as provided in subsection 2. The period for the examination and determination of the correct amount of tax is unlimited in the case of a false or fraudulent return made with the intent to evade any tax or in the case of a failure to file a return. The chief financial officer of a city shall have the same authority as is granted to the director under this section with respect to a return filed pursuant to section 437A.8, subsection 2.

2. If a return required by section 437A.8, subsection 1, is not filed, or if such return when filed is incorrect or insufficient and the taxpayer fails to file a corrected or sufficient return within twenty days after such return is required by notice from the director, the director shall determine the amount of tax due from information as the director may be able to obtain and, if necessary, may esti-

mate the tax due on the basis of external indices. The director shall give notice of the determination to the taxpayer liable for the tax and to the county treasurers to whom the tax is owed. The determination shall fix the tax unless the taxpayer against whom it is levied, within sixty days after notice of the determination, applies to the director for a hearing. At the hearing evidence may be offered to support the determination or to prove that it is incorrect. After the hearing the director shall give notice of the decision to the person liable for the tax and to the county treasurers to whom the tax is owed.

3. The three-year period of limitation provided in subsection 1 may be extended by the taxpayer by signing a waiver agreement form provided by the department. The agreement shall stipulate the period of extension and the tax period to which the extension applies. The agreement shall also provide that a claim for refund may be filed by the taxpayer at any time during the period of extension.

**437A.10 Judicial review.**

1. Judicial review of the actions of the director may be sought pursuant to chapter 17A, the Iowa administrative procedure Act.

For cause and upon a showing by the director that collection of the tax in dispute is in doubt, the court may order the petitioner to file with the clerk of the district court a bond for the use of the appropriate local taxing authorities, with sureties approved by the clerk of the district court, in the amount of the tax appealed from, conditioned upon the performance by the petitioner of any orders of the court.

3. An appeal may be taken by the taxpayer or the director to the supreme court irrespective of the amount involved.

4. A person aggrieved by a decision of the chief financial officer of a city under this chapter may seek review by writ of certiorari within thirty days of the decision sought to be reviewed.

**437A.11 Lien — actions authorized.**

Whenever a taxpayer who is liable to pay a tax imposed by subchapter II refuses or neglects to pay such tax, the amount, including any interest, penalty, or addition to such tax, together with the costs that may accrue, shall be a lien in favor of the chief financial officer of the city or the county treasurer to which the tax is owed upon all property and rights to property, whether real or personal, belonging to the taxpayer. The lien shall be prior to and superior over all subsequent liens upon any personal property within this state, or right to such personal property, belonging to the taxpayer, without the necessity of recording the lien. The re-

quirement for recording, as applied to the tax imposed by subchapter II, shall apply only to a lien upon real property. The lien may be preserved against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, on any real property situated in a county, by the county treasurer to which replacement tax is owed by filing with the recorder of the county in which the real property is located a notice of the lien. For purposes of the replacement tax collected by a city, the lien may be preserved against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, on any real property situated in the county, by the chief financial officer of the city to which replacement tax is owed by filing with the recorder of the county in which the real property is located a notice of the lien.

The county recorder of each county shall prepare and keep in the recorder's office an index and record to show, under the names of taxpayers arranged alphabetically, all of the following:

1. The name of the taxpayer.
2. The name of the county treasurer and county or the name of the chief financial officer and city as claimant.
3. Time the notice of lien was received.
4. Date of notice.
5. Amount of lien then due.
6. Date of assessment.
7. Date when the lien is satisfied.

The recorder shall endorse on each notice of lien the day, hour, and minute when received and preserve such notice, and shall promptly record the lien in the manner provided for recording real estate mortgages. The lien is effective from the time of the indexing of the lien.

The county treasurer or chief financial officer of the city shall pay a recording fee as provided in section 331.604, for the recording of the lien, or for its satisfaction.

Upon the payment of the replacement tax as to which a county treasurer or chief financial officer of a city has filed notice with a county recorder, the county treasurer or chief financial officer of the city shall promptly file with the recorder a satisfaction of the replacement tax. The recorder shall enter the satisfaction on the notice on file in the recorder's office and indicate that fact on the index.

Section 445.3 applies with respect to the replacement taxes and special utility property tax levies and penalties and interest imposed by this chapter, except for the provisions limiting the commencement of actions. In addition, at the county treasurer's discretion, chapters 446, 447, and 448 apply in the enforcement of the special utility property tax levies, but any tax deed issued shall not extinguish a tax lien or judgment lien for replacement taxes that has attached to the property.

**437A.12 Service of notice.**

1. A notice authorized or required under this chapter may be given by mailing the notice to the taxpayer, addressed to the taxpayer at the address given in the last return filed by the taxpayer pursuant to this chapter, or if no return has been filed, then to the most recent address of the taxpayer obtainable. The mailing of the notice is presumptive evidence of the receipt of the notice by the taxpayer to whom the notice is addressed. A period of time within which some action must be taken for which notice is provided under this section commences to run from the date of mailing of the notice.

2. There is no limitation for the enforcement of a civil remedy pursuant to any proceeding or action taken to levy, appraise, assess, determine, or enforce the collection of any tax or penalty due under this chapter.

98 Acts, ch 1194, §13, 40

**437A.13 Penalties — offenses — limitation.**

1. A taxpayer is subject to the penalty provisions in section 421.27 with respect to any replacement tax due under this chapter. A taxpayer shall also pay interest on the delinquent replacement tax at the rate in effect under section 421.7 for each month computed from the date the payment was due, counting each fraction of a month as an entire month. The penalty and interest shall be paid to the county treasurer, or in the case of penalty and interest associated with a municipal transfer replacement tax to the city financial officer, and shall be disposed of in the same manner as other receipts under this chapter. Unpaid penalties and interest may be enforced in the same manner as provided for unpaid replacement tax under this chapter.

2. A taxpayer, or officer, member, or employee of the taxpayer, who willfully attempts to evade the replacement tax imposed or the payment of the replacement tax is guilty of a class "D" felony.

3. The issuance of a certificate by the director or a county treasurer stating that a replacement tax has not been paid, that a return has not been filed, or that information has not been supplied pursuant to this chapter is prima facie evidence of such failure.

4. A taxpayer, or officer, member, or employee of the taxpayer, required to pay a replacement tax, or required to make, sign, or file an annual return or supplemental return, who willfully makes a false or fraudulent annual return, or who willfully fails to pay at least ninety percent of the replacement tax or willfully fails to make, sign, or file the annual return, as required, is guilty of a fraudulent practice.

5. For purposes of determining the place of trial for a violation of this section, the situs of an

offense is in the county of the residence of the taxpayer, officer, member, or employee of the taxpayer charged with the offense, unless the taxpayer, officer, member, or employee of the taxpayer is a nonresident of this state or the residence cannot be established, in which event the situs of the offense is in Polk county.

6. Prosecution for an offense specified in this section shall be commenced within six years after the commission of the offense.

98 Acts, ch 1194, §14, 40

**437A.14 Correction of errors — refunds or credits of replacement tax paid — information confidential — penalty.**

1. *a.* If an amount of replacement tax, penalty, or interest has been paid which was not due under this chapter, a city's chief financial officer or county treasurer to whom such erroneous payment was made shall do one of the following:

(1) Credit the amount of the erroneous payment against any replacement tax due, or to become due, from the taxpayer on the books of the city or county.

(2) Refund the amount of the erroneous payment to the taxpayer.

*b.* Claims for refund or credit of replacement taxes paid shall be filed with the director. A claim for refund or credit that is not filed with the director within three years after the replacement tax payment upon which a refund or credit is claimed became due, or one year after the replacement tax payment was made, whichever time is later, shall not be allowed. A claim for refund or credit of tax alleged to be unconstitutional not filed with the director within ninety days after the replacement tax payment upon which a refund or credit is claimed became due shall not be allowed. As a precondition for claiming a refund or credit of alleged unconstitutional taxes, such taxes must be paid under written protest which specifies the particulars of the alleged unconstitutionality. Claims for refund or credit may only be made by, and refunds or credits may only be made to, the person responsible for paying the replacement tax, or such person's successors. The director shall notify affected county treasurers of the acceptance or denial of any refund claim. Section 421.10 applies to claims denied by the director.

If an amount of overpaid replacement tax is attributable to payment of excess property tax liability as described in section 437A.15, subsection 3, paragraph "b", a claim for refund or credit may only be made by, and a refund or credit shall only be made to, the person who made such excess payment. Such claim shall not be made by the person who collected the tax from another person.

2. It is unlawful for any present or former officer or employee of the state to divulge or to make known in any manner to any person the kilowatt-

hours of electricity or therms of natural gas delivered by a taxpayer in a competitive service area disclosed on a tax return, return information, or investigative or audit information. A person who violates this section is guilty of a serious misdemeanor. If the offender is an officer or employee of the state, such person, in addition to any other penalty, shall also be dismissed from office or discharged from employment. This section does not prohibit turning over to duly authorized officers of the United States or tax officials of other states such kilowatt-hours or therms pursuant to agreement between the director and the secretary of the treasury of the United States or the secretary's delegate or pursuant to a reciprocal agreement with another state.

3. Unless otherwise expressly permitted by a section referencing this chapter, the kilowatt-hours of electricity or therms of natural gas delivered by a taxpayer in a competitive service area shall not be divulged to any person or entity, other than the taxpayer, the department, or the internal revenue service for use in a matter unrelated to tax administration.

This prohibition precludes persons or entities other than the taxpayer, the department, or the internal revenue service from obtaining such information from the department. A subpoena, order, or process which requires the department to produce such information to a person or entity, other than the taxpayer, the department, or internal revenue service, for use in a nontax proceeding is void.

4. Notwithstanding subsections 2 and 3, the chief financial officer of any local taxing authority and any designee of such officer shall have access to any computations made by the director pursuant to the provisions of this chapter, and any tax return or other information used by the director in making such computations, which affect the replacement tax owed by any such taxpayer.

Notwithstanding this section, providing information relating to the kilowatt-hours of electricity or therms of natural gas delivered by a taxpayer in a competitive service area to the task force established in section 437A.15, subsection 7, or to the study committee established in section 476.6, subsection 20, is not a violation of this section.

5. Local taxing authority employees are deemed to be officers and employees of the state for purposes of subsection 2.

6. Claims for refund or credit of municipal transfer replacement tax shall be filed with the appropriate city's chief financial officer. Subsection 1 applies with respect to the transfer replacement tax and the city's chief financial officer shall have the same authority as is granted to the director under this section with respect to a return filed pursuant to section 437A.8, subsection 2.

7. Claims for refund or credit of special utility property tax levies shall be filed with the appropri-

ate county treasurer. Subsection 1 applies with respect to the special utility property tax levy and the county treasurer shall have the same authority as is granted to the director under this section.

98 Acts, ch 1194, §15, 40; 99 Acts, ch 152, §26, 27, 40; 2000 Acts, ch 1114, §9, 17, 18

#### **437A.15 Allocation of revenue.**

1. The director and the department of management shall compute the allocation of all replacement tax revenues other than transfer replacement tax revenues among the local taxing districts in accordance with this section and shall report such allocation by local taxing districts to the county treasurers on or before August 15 following a tax year.

2. The director shall determine and report to the department of management the total replacement taxes to be collected from each taxpayer for the tax year on or before July 30 following such tax year.

3. *a.* All replacement taxes owed by a taxpayer shall be allocated among the local taxing districts in which such taxpayer's property is located in accordance with a general allocation formula determined by the department of management on the basis of general property tax equivalents. General property tax equivalents shall be determined by applying the levy rates reported by each local taxing district to the department of management on or before June 30 following a tax year to the taxable value of taxpayer property allocated to each such local taxing district as adjusted and reported to the department of management in such tax year by the director pursuant to section 437A.19, subsection 2. The general allocation formula for a tax year shall allocate to each local taxing district that portion of the replacement taxes owed by each taxpayer which bears the same ratio as such taxpayer's general property tax equivalents for each local taxing district bears to such taxpayer's total general property tax equivalents for all local taxing districts in Iowa.

When allocating natural gas delivery taxes on deliveries of natural gas to a new electric power generating plant, ten percent of those natural gas delivery taxes shall be allocated over new gas property built to directly serve the new electric power generating plant and ninety percent of those natural gas delivery taxes shall be allocated to the general property tax equivalents of all gas property within the natural gas competitive service area or areas where the new gas property is located.

*b.* Notwithstanding other provisions of this section, if excess property tax liability has been assigned pursuant to section 437A.4, subsection 3, paragraph "c", subparagraph (4), and has not been removed, the allocation of electric delivery replacement tax attributable to the excess property tax liability shall be made by the director and the

department of management so as to allocate the electric delivery replacement tax attributable to the excess property tax liability among those local taxing districts in which the property associated with the excess property tax liability is located. In order to ensure that the electric delivery replacement tax attributable to the excess property tax liability is paid to the appropriate county treasurer for disposition to the local taxing districts, each distribution electric cooperative member and each municipal utility purchasing member subject to section 437A.4, subsection 3, paragraph "c", subparagraph (4), shall pay to the appropriate generation and transmission electric cooperative the electric delivery replacement tax attributable to the excess property tax liability by September 10. The amount of electric delivery replacement tax attributable to the excess property tax liability shall equal that percentage of total electric delivery replacement tax liability that the excess property tax liability bears to the total property tax liability contained in the electric delivery tax component. The generation and transmission electric cooperative shall pay the electric delivery replacement tax attributable to the excess property tax liability to the appropriate county treasurer.

c. If paragraph "b" is applicable, on or before August 1, the director shall notify each distribution electric cooperative member, each municipal utility purchasing member, and each generation and transmission electric cooperative of the amount of electric delivery replacement tax to be paid to the generation and transmission electric cooperative. On or before August 1, the director shall notify the generation and transmission electric cooperative of the amount of replacement tax liability attributable to the excess property tax liability that is payable to each county treasurer. The director shall determine the amount of any special utility property tax levy or tax credit attributable to the excess property tax liability which shall be reflected in the amount required to be paid by each distribution electric cooperative member and each municipal utility purchasing member to the generation and transmission electric cooperative.

d. If, during the tax year, a taxpayer transferred operating property or an interest in operating property to another taxpayer, the transferee taxpayer's replacement tax associated with that property shall be allocated, for the tax year in which the transfer occurred, under this section in accordance with the general allocation formula on the basis of the general property tax equivalents of the transferor taxpayer.

e. Notwithstanding the provisions of this section, if during the tax year a person who was not a taxpayer during the prior tax year acquires a new major addition, as defined in section 437A.3, subsection 18, paragraph "a", subparagraph (4), the replacement tax associated with that major

addition shall be allocated, for that tax year, under this section in accordance with the general allocating formula on the basis of the general property tax equivalents established under section 437A.15, except that the levy rates established and reported to the department of management on or before June 30 following the tax year in which the major addition was acquired shall be applied to the prorated assessed value of the major addition and provided that section 437A.19, subsection 2, paragraph "b", subparagraph (2), is in any event applicable. For purposes of this paragraph, "*prorated assessed value of the major addition*" means the assessed value of the major addition as of January 1 of the year following the tax year in which the major addition was acquired multiplied by the percentage derived by dividing the number of months that the major addition existed during the tax year by twelve, counting any portion of a month as a full month.

f. Notwithstanding the provisions of this section, if a taxpayer is a municipal utility or a municipal owner of an electric power facility financed under the provisions of chapter 28F or 476A, the assessed value, other than the local amount, of a new electric power generating plant shall be allocated to each taxing district in which the municipal utility or municipal owner is serving customers and has electric meters in operation in the ratio that the number of operating electric meters of the municipal utility or municipal owner located in the taxing district bears to the total number of operating electric meters of the municipal utility or municipal owner in the state as of January 1 of the tax year. If the municipal utility or municipal owner of an electric power facility financed under the provisions of chapter 28F or 476A has a new electric power generating plant but the municipal utility or municipal owner has no operating electric meters in this state, the municipal utility or municipal owner shall pay the replacement generation tax associated with the new electric power generating plant allocation of the local amount to the county treasurer of the county in which the local amount is located and shall remit the remaining replacement generation tax, if any, to the director at the times contained in section 437A.8, subsection 4, for remittance of the tax to the county treasurers. All remaining replacement generation tax revenues received by the director shall be deposited in the property tax relief fund created in section 426B.1, and shall be distributed as provided in section 426B.2.

4. On or before August 31 following tax years 1999, 2000, and 2001, each county treasurer shall compute a special utility property tax levy or tax credit for each taxpayer for which a replacement tax liability for each such tax year is reported to the county treasurer pursuant to subsection 1, and shall notify the taxpayer of the amount of such tax levy or tax credit. The amount of the special utility

property tax levy or credit shall be determined for each taxpayer by the county treasurer by comparing the taxpayer's total replacement tax liability allocated to taxing districts in the county pursuant to this section with the anticipated tax revenues from the taxpayer for all taxing districts in the county. If the taxpayer's total replacement tax liability allocated to taxing districts in the county is less than the anticipated tax revenues from the taxpayer for all taxing districts in the county, the county treasurer shall levy a special utility property tax equal to the shortfall which shall be added to and collected with the replacement tax owed by the taxpayer to the county treasurer for the tax year pursuant to section 437A.8, subsection 4. If the taxpayer's total replacement tax liability allocated to taxing districts in the county exceeds the anticipated tax revenues from the taxpayer for all taxing districts in the county, the county treasurer shall issue a credit to the taxpayer which shall be applied to reduce the taxpayer's replacement tax liability to the county treasurer for the tax year. If the taxpayer's total replacement tax liability allocated to taxing districts in the county equals the anticipated tax revenues from the taxpayer for all taxing districts in the county, no levy or credit is required. Replacement tax liability for purposes of this subsection means replacement tax liability before credits allowed by section 437A.8, subsection 7. A recalculation of a special utility property tax levy or credit shall not be made as a result of a subsequent recalculation of replacement tax liability under section 437A.8, subsection 7, or adjustment to assessed value under section 437A.19, subsection 2, paragraph "f". "*Anticipated tax revenues from a taxpayer*" means the product of the total levy rates imposed by the taxing districts and the value of taxpayer property allocated to the taxing districts and reported to the county auditor. Special utility property tax levies and credits shall be treated as replacement taxes for purposes of section 437A.11. If a special utility property tax levy payment becomes delinquent, the delinquent payment shall accrue interest and penalty in the same manner and amount as the replacement tax under section 437A.13.

It is the intent of the general assembly that the general assembly evaluate the impact of the imposition of the replacement tax for purposes of determining whether this subsection shall remain in effect and whether a determination shall be made as to the necessity of a recalculation as provided in this subsection for tax years beginning after tax year 2000.

5. The replacement tax, as adjusted by any special utility property tax levy or credit and remitted to a county treasurer by each taxpayer, shall be treated as a property tax when received and shall be disposed of by the county treasurer as taxes on real estate. Notwithstanding the alloca-

tion provisions of this section, nothing in this section shall deny any affected taxing entity, as defined in section 403.17, subsection 1, which has enacted an ordinance or entered into an agreement for the division and allocation of taxes authorized under section 403.19 and under which ordinance or agreement the taxes collected in respect of properties owned by any of the taxpayers remitting replacement taxes pursuant to the provisions of this chapter are being divided and allocated, the right to receive its share of the replacement tax revenues collected for any year which would otherwise be paid to such affected taxing entity under the terms of any such ordinance or agreement had this chapter not been enacted. To the extent that adjustment must be made to the allocation described in this section to give effect to the terms of such ordinances or agreements, the department of management and the county treasurer shall make such adjustments.

6. In lieu of the adjustment provided for in subsection 5, the assessed value of property described in section 403.19, subsection 1, may be reduced by the city or county by the amount of the taxable value of the property described in section 437A.16 included in such area on January 1, 1997, pursuant to amendment of the ordinance adopted by such city or county pursuant to section 403.19.

7. The department of management, in consultation with the department of revenue, shall coordinate the utility replacement tax task force and provide staffing assistance to the task force. It is the intent of the general assembly that the task force include representatives of the department of management, department of revenue, electric companies, natural gas companies, municipal utilities, electric cooperatives, counties, cities, school boards, and industrial, commercial, and residential consumers, and other appropriate stakeholders.

The task force shall study the effects of the replacement tax on local taxing authorities, local taxing districts, consumers, and taxpayers and the department of management shall report to the general assembly by January 1 of each year through January 1, 2005, the results of the study and the specific recommendations of the task force for modifications to the replacement tax, if any, which will further the purposes of tax neutrality for local taxing authorities, local taxing districts, taxpayers, and consumers, consistent with the stated purposes of this chapter. The department of management shall also report to the legislative council by November 15 of each year through 2004, the status of the task force study and any recommendations.

All operating property and all other property that is primarily and directly used in the production, generation, transmission, or delivery of electricity or natural gas subject to replacement tax or transfer replacement tax is exempt from taxation except as otherwise provided by this chapter. This exemption shall not extend to taxes imposed under chapters 437, 438, and 468, taxpayers described in section 437A.8, subsection 6, or facilities or property described in section 437A.6, subsection 1, paragraphs "a" through "f", and section 437A.7, subsection 3.

#### **437A.17 Statutes applicable — rate calculations.**

1. The director shall administer and enforce the replacement tax imposed by this chapter in the same manner as provided in and subject to sections 422.68, 422.70, 422.71, and 422.75.

2. The calculation of tax rates and adjustments to such rates by the director pursuant to this chapter do not constitute rulemaking subject to the provisions of chapter 17A.

#### **437A.17A Centrally assessed property tax adjustment.**

A municipal utility whose property tax assessment for the 1998 assessment year was adjusted by the department of revenue to include depreciation and whose property tax assessment for the 1997 assessment year did not include depreciation in determining its assessment shall be entitled to file a property tax adjustment form provided by the department. The tax adjustment form shall be filed by July 1, 1999. The tax adjustment form shall include an adjusted centrally assessed property tax computation determined by multiplying the centrally assessed property tax which was payable in the fiscal year beginning July 1, 1998, based upon valuation determined for the 1997 assessment year allocated to electric service and natural gas service by the percentage of adjustment for depreciation made by the department for the 1998 assessment year. The adjusted centrally assessed property tax allocated to electric service and natural gas service shall be used to determine the replacement delivery tax rates in accordance with sections 437A.4 and 437A.5.

### SUBCHAPTER III

#### STATEWIDE PROPERTY TAX

#### **437A.18 Tax imposition.**

An annual statewide property tax of three cents per one thousand dollars of assessed value is imposed upon all property described in section 437A.16 on the assessment date of January 1.

98 Acts, ch 1194, §19, 40

#### **437A.19 Adjustment to assessed value — reporting requirements.**

1. *a.* A taxpayer whose property is subject to the statewide property tax shall report to the director by July 1, 1999, and by May 1 of each subsequent tax year, on forms prescribed by the director, the book value, as of the beginning and end of the preceding calendar year, of all of the following:

(1) The local amount of any major addition by local taxing district.

(2) The statewide amount of any major addition without notation of location.

(3) Any building in Iowa at acquisition cost of more than ten million dollars which was originally placed in service by the taxpayer prior to January 1, 1998, and which was transferred or disposed of in the preceding calendar year, without notation of location.

(4) Any electric power generating plant in Iowa at acquisition cost of more than ten million dollars which was originally placed in service by the taxpayer prior to January 1, 1998, and which was transferred or disposed of in the preceding calendar year, without notation of location.

(5) All other taxpayer property without notation of location.

(6) The local amount of any major addition eligible for the urban revitalization exemption provided for in chapter 404, by situs.

*b.* For purposes of this section:

(1) "*Book value*" means acquisition cost less accumulated depreciation determined under generally accepted accounting principles.

(2) "*Taxpayer property*" means property described in section 437A.16.

(3) "*To dispose of*" means to sell, abandon, de-commission, or retire an asset.

(4) "*Transfer*" means a transaction which results in a change of ownership of taxpayer property and includes a capital lease transaction.

*c.* For purposes of this subsection, "*taxpayer*" includes a person who would have been a taxpayer in calendar year 1998 had the provisions of this chapter been in effect for the 1998 assessment year.

*d.* If a taxpayer owns or leases pursuant to a capital lease less than the entire interest in a major addition, the local amount and statewide amount, if any, of such major addition shall be apportioned to the taxpayer on the basis of its percentage interest in such major addition.

2. Beginning January 1, 1999, the assessed value of taxpayer property shall be adjusted annually as provided in this section. The director, with respect to each taxpayer, shall do all of the following:

a. Adjust the assessed value of taxpayer property in each local taxing district by the change in book value during the preceding calendar year of the local amount of any major addition reported within such local taxing district.

b. (1) Adjust the assessed value of taxpayer property in each local taxing district by allocating the change in book value during the preceding calendar year of the statewide amount and all other taxpayer property described in subsection 1, paragraph "a", subparagraph (5), to the assessed value of all taxpayer property in the state pro rata according to its preadjustment value.

(2) If, during the preceding calendar year, a taxpayer transferred an electric power generating plant or an interest in an electric power generating plant to a taxpayer who owned no other taxpayer property in this state as of the end of such preceding calendar year, in lieu of the adjustment provided in subparagraph (1), the director shall allocate the transferee taxpayer's change in book value of the statewide amount during such preceding calendar year, if any, among local taxing districts in proportion to the allocation of the transferor's assessed value among local taxing districts as of the end of such preceding calendar year.

c. In the case of taxpayer property described in subsection 1, paragraph "a", subparagraphs (3) and (4), decrease the assessed value of taxpayer property in each local taxing district by the taxable value of such property within each such local taxing district on January 1, 1998.

d. In the event of a merger or consolidation of two or more taxpayers, to determine the assessed value of the surviving taxpayer, combine the assessed values of such taxpayers immediately prior to the merger or consolidation.

e. In the event any taxpayer property is eligible for the urban revitalization tax exemption described in chapter 404, adjust the assessed value of taxpayer property within each affected local taxing district to reflect such exemption.

f. In the event the base year assessed value of taxpayer property is adjusted as a result of taxpayer appeals, reduce the assessed value of taxpayer property in each local taxing district to reflect such adjustment. The adjustment shall be allocated in proportion to the allocation of the taxpayer's assessed value among the local taxing districts determined without regard to this adjustment. An adjustment to the base year assessed value of taxpayer property shall be made as of January 1 of the year following the date on which the adjustment is finally determined.

In no event shall the adjustments set forth in this subsection reduce the assessed value of tax-

payer property in any local taxing district below zero.

The director, on or before August 31 of each assessment year, shall report to the department of management and to the auditor of each county the adjusted assessed value of taxpayer property as of January 1 of such assessment year for each local taxing district. For purposes of this subsection, the assessed value of taxpayer property in each local taxing district subject to adjustment under this section by the director means the assessed value of such property as of the preceding January 1 as determined and allocated among the local taxing districts by the director.

Nothing in this chapter shall be interpreted to authorize local taxing authorities to exclude from the calculation of levy rates the taxable value of taxpayer property reported to county auditors pursuant to this subsection.

In addition to reporting the assessed values as described in this subsection, the director, on or before October 31 of each assessment year, shall also report to the department of management and to the auditor of each county the taxable value of taxpayer property as of January 1 of such assessment year for each local taxing district. For purposes of this chapter, "taxable value" means the value for all property subject to the replacement tax annually determined by the director, by dividing the estimated annual replacement tax liability for that property by the prior year's consolidated taxing district rate for the taxing district where that property is located, then multiplying the quotient by one thousand. A taxpayer who paid more than five hundred thousand dollars in replacement tax in the previous tax year or who believes their replacement tax liability will vary more than ten percent from the previous tax year shall report to the director by October 1 of the current calendar year, on forms prescribed by the director, the estimated replacement tax liability that will be attributable to all of the taxpayer's property subject to replacement tax for the current tax year. The department shall utilize the estimated replacement tax liability as reported by the taxpayer or the taxpayer's prior year's replacement tax amounts to estimate the current tax year's taxable value for that property. Furthermore, a taxpayer who has a new major addition of operating property which is put into service for the first time in the current calendar year shall report to the director by October 1 of the current calendar year, or at the time the major addition is put into service, whichever time is later, on forms prescribed by the director, the cost of the major addition and, if not previously reported, shall report the estimated replacement taxes which that asset will generate in the current calendar year. For the purposes of computing the taxable value of property in a taxing district, the taxing district's share of the estimated replacement tax liability shall be the taxing district's per-

centage share of the “assessed value allocated by property tax equivalent” multiplied by the total estimated replacement tax. “Assessed value allocated by property tax equivalent” shall be determined by dividing the taxpayer’s current year assessed valuation in a taxing district by one thousand, and then multiplying by the prior year’s consolidated tax rate.

#### 437A.20 Tax exemptions.

Except as provided in section 437A.16, all property tax exemptions in the Code do not apply to property subject to the statewide property tax unless such exemptions expressly refer to the statewide property tax, except that if property was exempt from property tax on January 1, 1999, such exemption shall continue until the exemption expires, is phased out, or is repealed. The property of a taxpayer who does not owe any replacement tax is exempt from the statewide property tax for the coinciding assessment year.

98 Acts, ch 1194, §21, 40

#### 437A.21 Return and payment requirements.

1. Each electric company, natural gas company, electric cooperative, municipal utility, and other person whose property is subject to the statewide property tax shall file with the director a return, on or before March 31 following the assessment year, including, but not limited to, the following information:

a. The assessed value of property subject to the statewide property tax.

b. The amount of statewide property tax computed on such assessed value.

2. The first return under subsection 1 is due on or before February 28, 2000.

3. If an electric company, natural gas company, electric cooperative, municipal utility, or person is not required to file a statewide property tax return on or before February 28, 2000, but is required to file a return after such date, the return shall be filed on or before the due date. This subsection also applies in the event of a consolidation.

4. A return shall be signed by an officer, or other person duly authorized by the taxpayer, and must be certified as correct and in accordance with rules and forms prescribed by the director.

5. At the time of filing the return with the director, the taxpayer shall calculate the statewide property tax owed for the assessment year and

shall remit to the director the statewide property tax required to be shown to be due on the return.

6. Notwithstanding subsections 1 through 5, a taxpayer is not required to file a return under this section or to remit any statewide property tax for any tax year in which the taxpayer’s statewide property tax liability is one dollar or less.

2001 amendment to subsection 1 applies for returns due for assessment years commencing on or after January 1, 2001; 2001 Acts, ch 145, §13

#### 437A.22 Statutes applicable.

Sections 437A.9, 437A.10, 437A.12, 437A.13, and 437A.14, subsection 1, are applicable to electric companies, natural gas companies, electric cooperatives, municipal utilities, and persons whose property is subject to the statewide property tax. However, a required credit or refund of overpaid statewide property tax pursuant to section 437A.14, subsection 1, as it applies to this subchapter, shall be made by the director and not by city chief financial officers or county treasurers.

Section 422.26 applies with respect to the statewide property tax and penalties imposed by this chapter, except that, as applied to any tax imposed by this chapter, the lien provided shall be prior to and superior over all subsequent liens upon any personal property within this state or right to such personal property belonging to the taxpayer, without the necessity of recording the lien as provided in section 422.26. The requirement for recording, as applied to the statewide property tax imposed by this chapter, shall apply only to a lien upon real property. In order to preserve such lien against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, on any real property situated in a county, the director shall file with the recorder of the county in which the real property is located a notice of the lien.

The county recorder of each county shall prepare and keep in the recorder’s office an index and record to show, under the names of taxpayers arranged alphabetically, all of the following:

1. The name of the taxpayer.
2. The name “State of Iowa” as claimant.
3. Time the notice of lien was received.
4. Date of notice.
5. Amount of lien then due.
6. Date of assessment.
7. Date when the lien is satisfied.

The recorder shall endorse on each notice of lien the day, hour, and minute when received and preserve such notice, and shall promptly record the lien in the manner provided for recording real estate mortgages. The lien is effective from the time of the indexing of the lien.

The director, from moneys appropriated to the department of revenue for this purpose, shall pay a recording fee as provided in section 331.604 for the recording of the lien, or for its satisfaction.

Upon the payment of the replacement tax as to which the director has filed notice with a county recorder, the director shall promptly file with the recorder a satisfaction of the replacement tax. The recorder shall enter the satisfaction on the notice on file in the recorder's office and indicate that fact on the index.

**437A.23 Deposit of tax proceeds.**

All revenues received from imposition of the statewide property tax shall be deposited in the general fund of the state. Fifty percent of the revenues shall be available, as appropriated by the general assembly, to the department of management for salaries, support, services, and equipment to administer the replacement tax. The balance of the revenues shall be available, as appropriated by the general assembly, to the department of revenue for salaries, support, services, and equipment to administer and enforce the replacement tax and the statewide property tax.

Any person who passes the examination and who possesses at least two years of appraisal related experience as determined by the director of revenue shall be granted regular certification and become eligible for appointment to a six-year term as assessor. Any person who passes the examination but who lacks such experience shall be granted temporary certification, and shall be eligible for a provisional appointment as assessor.

Any person possessing temporary certification who receives a provisional appointment as assessor shall, during the person's first eighteen months in office, be required to complete a course of study prescribed and administered by the director of revenue. Upon the successful completion of this course of study, the assessor shall be granted regular certification and shall be eligible to remain in office for the balance of the assessor's six-year term. All expenses incurred in obtaining reg-

ular certification shall be defrayed by the assessment expense fund.

Following the administration of the examination, the director of revenue shall establish a register containing the names, in alphabetical order, of all individuals who are eligible for appointment as assessor. The test scores of individuals on the register shall be given to a city or county conference board upon request. All eligible individuals shall remain on the register for a period of two years following the date of certification granted by the director.

Incumbent assessors who have served six consecutive years shall be placed on the register of individuals eligible for appointment as assessor. In order to be appointed to the position of assessor, the assessor shall comply with the continuing education requirements. The number of credits required for certification as eligible for appointment as assessor in a jurisdiction other than where the assessor is currently serving shall be prorated according to the percentage of the assessor's term which is covered by the continuing education requirements of section 441.8. The credit necessary for certification for appointment is the product of one hundred fifty multiplied by the quotient of the number of months served of an assessor's term covered by the continuing education requirements of section 441.8 divided by seventy-two. If the number of credits necessary for certification for appointment as determined under this paragraph results in a partial credit hour, the credit hour shall be rounded to the nearest whole number.

If the conference board fails to appoint an assessor from the list of individuals on the register, the conference board shall request permission from the director of revenue to hold a special examination in the particular city or county in which the vacancy has occurred. Permission may be granted by the director of revenue after consideration of factors such as the availability of candidates in that particular city or county. The director of revenue shall conduct no more than one special examination for each vacancy in an assessing jurisdiction. The examination shall be conducted by the director of revenue as provided in section 441.5, except as otherwise provided in this section. The examining board shall give notice of holding the examination for assessor by posting a written notice in a conspicuous place in the county courthouse in the case of county assessors or in the city hall in the case of city assessors, stating that at a specified date, an examination for the position of assessor will be held at a specified place. Similar notice shall be given at the same time by one publication of the notice in three newspapers of general circulation in the case of a county assessor, or in case there are not three such newspapers in a county, then in newspapers which are available, or in one newspaper of general circulation in the city in the case of city assessor. The conference board of the city or county in which a special examination is held shall reimburse the department of revenue for all expenses incurred in the administration of the examination, to be paid for by the respective city or county assessment expense fund. **441.8 Term — continuing education — filling vacancy.**

The term of office of an assessor appointed under this chapter shall be for six years. Appointments for each succeeding term shall be made in the same manner as the original appointment except that not less than ninety days before the expiration of the term of the assessor the conference board shall hold a meeting to determine whether or not it desires to reappoint the incumbent assessor to a new term.

Effective January 1, 1980, the conference board shall have the power to reappoint the incumbent assessor only if the incumbent assessor has satisfactorily completed the continuing education program provided for in this section.

The director of revenue shall develop and administer a program of continuing education which shall emphasize assessment and appraisal procedures, and the assessment laws of this state, and which shall include the subject matter specified in section 441.5.

The director of revenue shall establish, designate, or approve courses, workshops, seminars, or symposiums to be offered as part of the continuing education program, the content of these courses, workshops, seminars, or symposiums and the number of hours of classroom instruction for each. The director of revenue may provide that no more than thirty hours of tested credit may be received for the submission of a narrative appraisal approved by a professional appraisal society designated by the director. At least once each year the director of revenue shall evaluate the continuing education program and make necessary changes in the program.

Upon the successful completion of courses, workshops, seminars, a narrative appraisal or symposiums contained in the program of continuing education, as demonstrated by attendance at sessions of the courses, workshops, seminars or symposiums and, in the case of a course designated by the director of revenue, attaining a grade of at least seventy percent on an examination administered at the conclusion of the course, or the submission of proof that a narrative appraisal has been approved by a professional appraisal society designated by the director of revenue the assessor or deputy assessor shall receive credit equal to the number of hours of classroom instruction contained in those courses, workshops, seminars, or symposiums or the number of hours of credit specified by the director of revenue for a narrative appraisal. An assessor or deputy assessor shall not be allowed to obtain credit for a course, workshop, seminar, or symposium for which the assessor or deputy assessor has previously received credit during the current term or appointment except for those courses, workshops, seminars, or symposiums designated by the director of revenue. The examinations shall be confidential, except that the director of revenue and persons designated by the director may have access to the examinations.

Upon receiving credit equal to one hundred fifty hours of classroom instruction during the assessor's current term of office of which at least ninety of the one hundred fifty hours are from courses requiring an examination upon conclusion of the course, the director of revenue shall certify to the assessor's conference board that the assessor is eligible to be reappointed to the position. For persons appointed to complete an unexpired term, the number of credits required to be certified as eligible for reappointment shall be prorated according to the amount of time remaining in the present term of the assessor. If the person was an assessor in another jurisdiction, the assessor may carry forward any credit hours received in the previous position in excess of the number that would be necessary to be considered current in that position.

Within each six-year period following the appointment of a deputy assessor, the deputy assessor shall comply with this section except that upon the successful completion of ninety hours of classroom instruction of which at least sixty of the ninety hours are from courses requiring an examination upon conclusion of the course, the deputy assessor shall be certified by the director of revenue as being eligible to remain in the position. If a deputy assessor fails to comply with this section, the deputy assessor shall be removed from the position until successful completion of the required hours of credit. If a deputy is appointed to the office of assessor, the hours of credit obtained as deputy pursuant to this section shall be credited to that individual as assessor and for the individual to be reappointed at the expiration of the term as assessor, that individual must obtain the credits which are necessary to total the number of hours for reappointment.

Each conference board shall include in the budget for the operation of the assessor's office funds sufficient to enable the assessor and any deputy assessor to obtain certification as provided in this section. The conference board shall also allow the assessor and any deputy assessor sufficient time off from their regular duties to obtain certification. The director of revenue shall adopt rules pursuant to chapter 17A to implement and administer this section.

If the incumbent assessor is not reappointed as above provided, then not less than sixty days before the expiration of the term of said assessor, a new assessor shall be selected as provided in section 441.6.

In the event of the removal, resignation, death, or removal from the county of the said assessor, the conference board shall proceed to fill the vacancy by appointing an assessor to serve the unexpired term in the manner provided in section 441.6. Until the vacancy is filled, the chief deputy shall act as assessor, and in the event there be no deputy, in the case of counties the auditor shall act as assessor and in the case of cities having an assessor the city clerk shall act as assessor.

Each appointment shall be made from either the list of eligible candidates provided by the director of revenue, which shall contain only the names of those persons who achieve a score of seventy percent or greater on the examination administered by the director of revenue, or the list of candidates eligible for appointment as city or county assessor. Examinations for the position of deputy assessor shall be conducted in the same manner as examinations for the position of city or county assessor.

If the number of credits necessary for certification for appointment as determined under this paragraph results in a partial credit hour, the credit hour shall be rounded to the nearest whole number.

The assessor may peremptorily suspend or discharge any deputy assessor under the assessor's direction upon written charges for neglect of duty, disobedience of orders, misconduct, or failure to properly perform the deputy assessor's duties. Within five days after delivery of written charges to the employee, the deputy assessor may appeal by written notice to the secretary or chairperson of the examining board. The board shall grant the deputy assessor a hearing within fifteen days, and a decision by a majority of the examining board is final. The assessor shall designate one of the deputies as chief deputy, and the assessor shall assign to each deputy the duties, responsibilities, and authority as is proper for the efficient conduct of the assessor's office.

Not later than January 1 of each year the assessor, the examining board, and the board of review, shall each prepare a proposed budget of all expenses for the ensuing fiscal year. The assessor shall include in the proposed budget the probable expenses for defending assessment appeals. Said budgets shall be combined by the assessor and copies thereof forthwith filed by the assessor in triplicate with the chairperson of the conference board.

The assessor shall:

1. Devote full time to the duties of the assessor's office and shall not engage in any occupation or business interfering or inconsistent with such duties. This subsection does not preclude an assessor from being a candidate for elective office during the term of appointment as assessor. If an assessor is elected to a city or county office, to a statewide elective office, or to the general assembly, the assessor shall resign as assessor before the beginning of the term of the office to which the assessor was elected.

3. Have access to all public records of the county and, so far as practicable, make or cause to be made a careful examination of all such records and files in order to obtain all available information which may contribute to the accurate listing at its taxable value, and to the proper persons, of all property subject to assessment by the assessor.

4. Cooperate with the director of revenue as may be necessary or required, and obey and execute all orders, directions, and instructions of the director of revenue, insofar as the same may be required by law.

The proceeding for the examination of witnesses and examination of the books and records of any such taxpayer, to determine the existence of taxable property, shall be instituted and conducted in the manner provided for the discovery of property under the provisions of chapter 630. The court shall make an appropriate finding as to the existence of taxable property not listed. All taxable property discovered thereby shall thereupon be assessed by the assessor in the manner provided by law.

In all cases where the court finds that the taxpayer has not listed the taxpayer's property, as

provided by law, and in all hearings where the court decides a matter against the taxpayer, the costs shall be paid by the taxpayer, otherwise they shall be paid out of the assessment expense fund. The fees and mileage to be paid witnesses shall be the same as prescribed by law in proceedings in the district courts of this state in civil cases. Where the costs are taxed to the taxpayer they shall be added to the taxes assessed against said taxpayer and the taxpayer's property and shall be collected in the same manner as are other taxes.

6. Make up all assessor's books and records as prescribed by the director of revenue, turn the completed assessor's books and records required for the preparation of the tax list over to the county auditor each year when the board of review has concluded its hearings and the county auditor shall proceed with the preparation of the current year tax list and the assessor shall cooperate with the auditor in the preparation of the tax lists.

7. Submit on or before May 1 of each year completed assessment rolls to the board of review.

8. Lay before the board of review such information as the assessor may possess which will aid said board in performing its duties in adjusting the assessments to the valuations required by law.

Check all manufactured or mobile homes for inaccuracy of measurements as necessary or upon written request of the county treasurer and report the findings immediately to the county treasurer. The assessor shall make frequent inspections and checks within the assessor jurisdiction of all manufactured or mobile homes and manufactured home communities or mobile home parks and make all the required and needed reports to carry out the purposes of this section.

11. Cause to be assessed for taxation property which the assessor believes has been erroneously exempted from taxation. Revocation of a property tax exemption shall commence with the assessment for the current assessment year, and shall not be applied to prior assessment years.

**441.19 Owner to assist — provisions for assessment.**

The assessor shall list every person in the assessor's county or city as the case may be and assess all the property in the county or city, except property exempted or otherwise assessed. A person who refuses to assist in making out a list of the person's property, or of any property which the person is by law required to assist in listing, is guilty of a simple misdemeanor.

1. Supplemental and optional to the procedure for the assessment of property by the assessor as provided in this chapter, the assessor may require from all persons required to list their property for taxation as provided by sections 428.1 and 428.2, a supplemental return to be prescribed by the director of revenue upon which the person shall list the person's property. The supplemental return shall be in substantially the same form as now prescribed by law for the assessment rolls used in the listing of property by the assessors. Every person required to list property for taxation shall make a complete listing of the property upon supplemental forms and return the listing to the assessor as promptly as possible. The return shall be verified over the signature of the person making the return and section 441.25 applies to any person making such a return. The assessor shall make supplemental return forms available as soon as practicable after the first day of January of each year. The assessor shall make supplemental return forms available to the taxpayer by mail, or at a designated place within the taxing district.

2. Upon receipt of such supplemental return from any person the assessor shall prepare a roll assessing such person as hereinafter provided. In the preparation of such assessment roll the assessor shall be guided not only by the information contained in such supplemental roll, but by any other information the assessor may have or which may be obtained by the assessor as prescribed by the law relating to the assessment of property. The assessor shall not be bound by any values as listed in such supplemental return, and may include in the assessment roll any property omitted from the supplemental return which in the knowledge and belief of the assessor should be listed as required by law by the person making the supple-

mental return. Upon completion of such roll the assessor shall deliver to the person submitting such supplemental return a copy of the assessment roll, either personally or by mail.

3. Any taxpayer aggrieved by the action of the assessor in the preparation of an assessment roll upon which a supplemental return has been made shall have the same rights and privileges of appeal as provided by law in connection with the assessment rolls prepared in entirety by the assessor, but no assessment rolls prepared by the assessor after receiving a supplemental return shall be deemed insufficient or invalid because of the fact that such assessment roll does not bear the signature of the person assessed, and the signature of the person listing property upon the supplemental return shall be deemed a signature on the roll as prepared by the assessor.

4. The supplemental returns herein provided for shall be preserved in the same manner as assessment rolls, but shall be confidential to the assessor, board of review, or director of revenue, and shall not be open to public inspection, but any final assessment roll as made out by the assessor shall be a public record, provided that such supplemental return shall be available to counsel of either the person making the return or of the public, in case any appeal is taken to the board of review or to the court.

5. In the event of failure of any person required to list property to make a supplemental return, as required herein, on or before the fifteenth day of February of any year when such listing is required, the assessor shall proceed in the listing and assessment of the person's property as provided by this chapter, and no person subject to taxation shall be relieved of the person's obligation to list the person's property through failure to make a supplemental return as herein provided, and any roll prepared by the assessor after receiving a supplemental return or when prepared in accordance with other provisions of this chapter, shall be a valid assessment.

6. The provisions of this chapter relating to assessment rolls shall be applicable to the preparation of rolls upon which a supplemental return has been received, insofar as they are not in conflict with the provision of this section.

On or before February 15 of each year, each owner of industrial real estate shall submit to the local assessor a report listing by year of acquisition and by acquisition cost the owner's machinery as described in section 427A.1, subsection 1, paragraph "e", and specifying any machinery added or removed during the preceding assessment year. A report containing an itemized list of machinery by year of acquisition and by acquisition cost shall be required only when deemed necessary by the assessor. The reports shall be submitted on forms prescribed by the director of revenue or on forms submitted by the taxpayer and approved by the as-

essor which forms shall contain the same information as is required to be reported on forms prescribed by the director. If a person shall knowingly enter false information on the report, the person shall be guilty of a simple misdemeanor. Also, if a person refuses to file the report provided for in this paragraph, the assessor shall proceed in accordance with the provisions of section 441.24.

Proposed text of this section in 2003 Acts, 1st Ex, ch 1, found not passed into law; *Rants v. Vilsack*, 684 N.W.2d 193

#### 441.21 Actual, assessed and taxable value.

1. *a.* All property subject to taxation shall be valued at its actual value which shall be entered opposite each item, and, except as otherwise provided in this section, shall be assessed at one hundred percent of its actual value, and the value so assessed shall be taken and considered as the assessed value and taxable value of the property upon which the levy shall be made.

*b.* The actual value of all property subject to assessment and taxation shall be the fair and reasonable market value of such property except as otherwise provided in this section. "Market value" is defined as the fair and reasonable exchange in the year in which the property is listed and valued between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and each being familiar with all the facts relating to the particular property. Sale prices of the property or comparable property in normal transactions reflecting market value, and the probable availability or unavailability of persons interested in purchasing the property, shall be taken into consideration in arriving at its market value. In arriving at market value, sale prices of property in abnormal transactions not reflecting market value shall not be taken into account, or shall be adjusted to eliminate the effect of factors which distort market value, including but not limited to sales to immediate family of the seller, foreclosure or other forced sales, contract sales, discounted purchase transactions or purchase of adjoining land or other land to be operated as a unit.

The actual value of special purpose tooling, which is subject to assessment and taxation as real property under section 427A.1, subsection 1, paragraph "e", but which can be used only to manufacture property which is protected by one or more United States or foreign patents, shall not exceed the fair and reasonable exchange value between a willing buyer and a willing seller, assum-

ing that the willing buyer is purchasing only the special purpose tooling and not the patent covering the property which the special purpose tooling is designed to manufacture nor the rights to manufacture the patented property. For purposes of this paragraph, special purpose tooling includes dies, jigs, fixtures, molds, patterns, and similar property. The assessor shall not take into consideration the special value or use value to the present owner of the special purpose tooling which is designed and intended solely for the manufacture of property protected by a patent in arriving at the actual value of the special purpose tooling.

*c.* In assessing and determining the actual value of special purpose industrial property having an actual value of five million dollars or more, the assessor shall equalize the values of such property with the actual values of other comparable special purpose industrial property in other counties of the state. Such special purpose industrial property includes, but is not limited to chemical plants. If a variation of ten percent or more exists between the actual values of comparable industrial property having an actual value of five million dollars or more located in separate counties, the assessors of the counties shall consult with each other and with the department of revenue to determine if adequate reasons exist for the variation. If no adequate reasons exist, the assessors shall make adjustments in the actual values to provide for a variation of ten percent or less. For the purposes of this paragraph, special purpose industrial property includes structures which are designed and erected for operation of a unique and special use, are not rentable in existing condition, and are incapable of conversion to ordinary commercial or industrial use except at a substantial cost.

*d.* Actual value of property in one assessing jurisdiction shall be equalized as compared with actual value of property in an adjoining assessing jurisdiction. If a variation of five percent or more exists between the actual values of similar, closely adjacent property in adjoining assessing jurisdictions in Iowa, the assessors thereof shall determine whether adequate reasons exist for such variation. If no such reasons exist, the assessors shall make adjustments in such actual values to reduce the variation to five percent or less.

*e.* The actual value of agricultural property shall be determined on the basis of productivity and net earning capacity of the property determined on the basis of its use for agricultural purposes capitalized at a rate of seven percent and applied uniformly among counties and among classes of property. Any formula or method employed to determine productivity and net earning capacity of property shall be adopted in full by rule.

*f.* In counties or townships in which field work on a modern soil survey has been completed since January 1, 1949, the assessor shall place empha-

sis upon the results of the survey in spreading the valuation among individual parcels of such agricultural property.

g. Notwithstanding any other provision of this section, the actual value of any property shall not exceed its fair and reasonable market value, except agricultural property which shall be valued exclusively as provided in paragraph "e" of this subsection.

2. In the event market value of the property being assessed cannot be readily established in the foregoing manner, then the assessor may determine the value of the property using the other uniform and recognized appraisal methods including its productive and earning capacity, if any, industrial conditions, its cost, physical and functional depreciation and obsolescence and replacement cost, and all other factors which would assist in determining the fair and reasonable market value of the property but the actual value shall not be determined by use of only one such factor. The following shall not be taken into consideration: Special value or use value of the property to its present owner, and the good will or value of a business which uses the property as distinguished from the value of the property as property. However, in assessing property that is rented or leased to low-income individuals and families as authorized by section 42 of the Internal Revenue Code, as amended, and which section limits the amount that the individual or family pays for the rental or lease of units in the property, the assessor shall use the productive and earning capacity from the actual rents received as a method of appraisal and shall take into account the extent to which that use and limitation reduces the market value of the property. The assessor shall not consider any tax credit equity or other subsidized financing as income provided to the property in determining the assessed value. The property owner shall notify the assessor when property is withdrawn from section 42 eligibility under the Internal Revenue Code. The property shall not be subject to section 42 assessment procedures for the assessment year for which section 42 eligibility is withdrawn. This notification must be provided to the assessor no later than March 1 of the assessment year or the owner will be subject to a penalty of five hundred dollars for that assessment year. The penalty shall be collected at the same time and in the same manner as regular property taxes. Upon adoption of uniform rules by the revenue department or succeeding authority covering assessments and valuations of such properties, said valuation on such properties shall be determined in accordance therewith for assessment purposes to assure uniformity, but such rules shall not be inconsistent with or change the foregoing means of determining the actual, market, taxable and assessed values.

3. "Actual value", "taxable value", or "assessed value" as used in other sections of the Code in rela-

tion to assessment of property for taxation shall mean the valuations as determined by this section; however, other provisions of the Code providing special methods or formulas for assessing or valuing specified property shall remain in effect, but this section shall be applicable to the extent consistent with such provisions. The assessor and department of revenue shall disclose at the written request of the taxpayer all information in any formula or method used to determine the actual value of the taxpayer's property.

The burden of proof shall be upon any complainant attacking such valuation as excessive, inadequate, inequitable or capricious; however, in protest or appeal proceedings when the complainant offers competent evidence by at least two disinterested witnesses that the market value of the property is less than the market value determined by the assessor, the burden of proof thereafter shall be upon the officials or persons seeking to uphold such valuation to be assessed.

4. For valuations established as of January 1, 1979, the percentage of actual value at which agricultural and residential property shall be assessed shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the dividend as determined for each class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, plus six percent of the amount so determined. However, if the difference between the dividend so determined for either class of property and the dividend for that class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, is less than six percent, the 1979 dividend for the other class of property shall be the dividend as determined for that class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, plus a percentage of the amount so determined which is equal to the percentage by which the dividend as determined for the other class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those re-

sulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, is increased in arriving at the 1979 dividend for the other class of property. The divisor for each class of property shall be the total actual value of all such property in the state in the preceding year, as reported by the assessors on the abstracts of assessment submitted for 1978, plus the amount of value added to said total actual value by the revaluation of existing properties in 1979 as equalized by the director of revenue pursuant to section 441.49. The director shall utilize information reported on abstracts of assessment submitted pursuant to section 441.45 in determining such percentage. For valuations established as of January 1, 1980, and each year thereafter, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which agricultural and residential property shall be assessed shall be calculated in accordance with the methods provided herein including the limitation of increases in agricultural and residential assessed values to the percentage increase of the other class of property if the other class increases less than the allowable limit adjusted to include the applicable and current values as equalized by the director of revenue, except that any references to six percent in this subsection shall be four percent.

5. For valuations established as of January 1, 1979, commercial property and industrial property, excluding properties referred to in section 427A.1, subsection 7, shall be assessed as a percentage of the actual value of each class of property. The percentage shall be determined for each class of property by the director of revenue for the state in accordance with the provisions of this section. For valuations established as of January 1, 1979, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the total actual valuation for each class of property established for 1978, plus six percent of the amount so determined. The divisor for each class of property shall be the valuation for each class of property established for 1978, as reported by the assessors on the abstracts of assessment for 1978, plus the amount of value added to the total actual value by the revaluation of existing properties in 1979 as equalized by the director of revenue pursuant to section 441.49. For valuations established as of January 1, 1979, property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be considered as one class of property and shall be assessed as a percentage of its actual value. The percentage shall be determined by the director of revenue in accordance with the provisions of this section. For valuations established as of January 1, 1979, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend shall be the total actual valuation established for 1978 by the

department of revenue, plus ten percent of the amount so determined. The divisor for property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be the valuation established for 1978, plus the amount of value added to the total actual value by the revaluation of the property by the department of revenue as of January 1, 1979. For valuations established as of January 1, 1980, commercial property and industrial property, excluding properties referred to in section 427A.1, subsection 7, shall be assessed at a percentage of the actual value of each class of property. The percentage shall be determined for each class of property by the director of revenue for the state in accordance with the provisions of this section. For valuations established as of January 1, 1980, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the dividend as determined for each class of property for valuations established as of January 1, 1979, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1979, plus four percent of the amount so determined. The divisor for each class of property shall be the total actual value of all such property in 1979, as equalized by the director of revenue pursuant to section 441.49, plus the amount of value added to the total actual value by the revaluation of existing properties in 1980. The director shall utilize information reported on the abstracts of assessment submitted pursuant to section 441.45 in determining such percentage. For valuations established as of January 1, 1980, property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be assessed at a percentage of its actual value. The percentage shall be determined by the director of revenue in accordance with the provisions of this section. For valuations established as of January 1, 1980, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend shall be the total actual valuation established for 1979 by the department of revenue, plus eight percent of the amount so determined. The divisor for property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be the valuation established for 1979, plus the amount of value added to the total actual value by the revaluation of the property by the department of revenue as of January 1, 1980. For valuations established as of January 1, 1981, and each year thereafter, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which commercial property and industrial property, excluding properties referred to in section 427A.1, subsection 7, shall be assessed shall be calculated in accordance with the methods provided herein,

except that any references to six percent in this subsection shall be four percent. For valuations established as of January 1, 1981, and each year thereafter, the percentage of actual value at which property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be assessed shall be calculated in accordance with the methods provided herein, except that any references to ten percent in this subsection shall be eight percent. Beginning with valuations established as of January 1, 1979, and each year thereafter, property valued by the department of revenue pursuant to chapter 434 shall also be assessed at a percentage of its actual value which percentage shall be equal to the percentage determined by the director of revenue for commercial property, industrial property, or property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438, whichever is lowest.

6. Beginning with valuations established as of January 1, 1978, the assessors shall report the aggregate taxable values and the number of dwellings located on agricultural land and the aggregate taxable value of all other structures on agricultural land. Beginning with valuations established as of January 1, 1981, the agricultural dwellings located on agricultural land shall be valued at their market value as defined in this section and agricultural dwellings shall be valued as rural residential property and shall be assessed at the same percentage of actual value as is all other residential property.

7. For the purpose of computing the debt limitations for municipalities, political subdivisions and school districts, the term "*actual value*" means the "*actual value*" as determined by subsections 1 to 3 of this section without application of any percentage reduction and entered opposite each item, and as listed on the tax list as provided in section 443.2 as "*actual value*".

Whenever any board of review or other tribunal changes the assessed value of property, all applicable records of assessment shall be adjusted to reflect such change in both assessed value and actual value of such property.

8. *a.* Any normal and necessary repairs to a building, not amounting to structural replacements or modification, shall not increase the taxable value of the building. This paragraph applies only to repairs of two thousand five hundred dollars or less per building per year.

*b.* Notwithstanding paragraph "*a*", any construction or installation of a solar energy system on property classified as agricultural, residential, commercial, or industrial property shall not increase the actual, assessed and taxable values of the property for five full assessment years.

*c.* As used in this subsection, "*solar energy system*" means either of the following:

(1) A system of equipment capable of collecting and converting incident solar radiation or wind energy into thermal, mechanical or electrical en-

ergy and transforming these forms of energy by a separate apparatus to storage or to a point of use which is constructed or installed after January 1, 1978.

(2) A system that uses the basic design of the building to maximize solar heat gain during the cold season and to minimize solar heat gain in the hot season and that uses natural means to collect, store and distribute solar energy which is constructed or installed after January 1, 1981.

In assessing and valuing the property for tax purposes, the assessor shall disregard any market value added by a solar energy system to a building. The director of revenue shall adopt rules, after consultation with the department of natural resources, specifying the types of equipment and structural components to be included under the guidelines provided in this subsection.

9. Not later than November 1, 1979, and November 1 of each subsequent year, the director shall certify to the county auditor of each county the percentages of actual value at which residential property, agricultural property, commercial property, industrial property, and property valued by the department of revenue pursuant to chapters 428, 433, 434, 437, and 438 in each assessing jurisdiction in the county shall be assessed for taxation. The county auditor shall proceed to determine the assessed values of agricultural property, residential property, commercial property, industrial property, and property valued by the department of revenue pursuant to chapters 428, 433, 434, 437, and 438 by applying such percentages to the current actual value of such property, as reported to the county auditor by the assessor, and the assessed values so determined shall be the taxable values of such properties upon which the levy shall be made.

10. The percentage of actual value computed by the director for agricultural property, residential property, commercial property, industrial property and property valued by the department of revenue pursuant to chapters 428, 433, 434, 437, and 438 and used to determine assessed values of those classes of property does not constitute a rule as defined in section 17A.2, subsection 11.

11. Beginning with valuations established on or after January 1, 1995, as used in this section, "*residential property*" includes all land and buildings of multiple housing cooperatives organized under chapter 499A and includes land and buildings used primarily for human habitation which land and buildings are owned and operated by organizations that have received tax-exempt status under section 501(c)(3) of the Internal Revenue Code and rental income from the property is not taxed as unrelated business income under section 422.33, subsection 1A.

12. Beginning with valuations established on or after January 1, 2002, as used in this section, "*agricultural property*" includes the real estate of a vineyard and buildings used in connection with

the vineyard, including any building used for processing wine if such building is located on the same parcel as the vineyard.

In the event of a division of an existing parcel, the original permanent parcel index number shall be retired and new numbers assigned. The auditor shall prepare and maintain permanent real estate index number tax maps, which shall carry such numbers. The auditor shall prepare and maintain cross indexes of the numbers assigned under this system, with legal descriptions of the real estate to which such numbers relate. As nearly as possible this board shall include one licensed real estate broker and one registered architect or person experienced in the building and construction field. In the case of a county, at least one member of the board shall be a farmer. Not more than two members of the board of review shall be of the same profession or occupation and members of the board of review shall be residents of the assessor jurisdiction. The terms of the members of the board of review shall be for six years, beginning with January 1 of the year following their selection. In boards of review having three members the term of one member of the first board to be appointed shall be for two years, one member for four years and one member for six years. In the case of boards of review having five members, the term of one member of the first board to be appointed shall be for one year, one member for two years, one member for three years, one member for four years and one member for six years.

2. *a.* However, notwithstanding the board of review appointed by the county conference board pursuant to subsection 1, a city council of a city having a population of seventy-five thousand or more which is a member of a county conference board may provide, by ordinance, for a city board of review to hear appeals of property assessments by residents of that city. The members of the city board of review shall be appointed by the city council. The city shall pay the expenses incurred by the city board of review. However, if the city has a population of more than one hundred twenty-five thousand, the expenses incurred by the city board of review shall be paid by the county. All of the provisions of this chapter relating to the boards of review shall apply to a city board of review appointed pursuant to this subsection.

*b.* If a city having a population of more than one hundred twenty-five thousand abolishes its office of city assessor, the city may provide, by ordinance, for a city board of review or request the county conference board to appoint a ten-member county board of review. The initial ten-member county board of review established pursuant to this paragraph shall consist of the members of the city board of review and the county board of review

who are serving unexpired terms of office. The members of the initial ten-member county board of review may continue to serve their unexpired terms of office and are eligible for reappointment for a six-year term. The ten-member county board of review created pursuant to this paragraph is in lieu of the boards of review provided for in subsection 1, but the professional and occupational qualifications of members shall apply.

3. Notwithstanding the requirements of subsection 1, the conference board or a city council which has appointed a board of review may increase the membership of the board of review by an additional two members if it determines that as a result of the large number of protests filed or estimated to be filed the board of review will be unable to timely resolve the protests with the existing number of members. If the board of review has ten members, not more than four additional members may be appointed by the conference board. The additional emergency members shall be appointed for a term set by the conference board or the city council but not for longer than two years. The conference board or the city council may extend the terms of the emergency members if it makes a similar determination as required for the initial appointment.

In any year after the year in which an assessment has been made of all of the real estate in any taxing district, it shall be the duty of the board of review to meet as provided in section 441.33, and where it finds the same has changed in value, to revalue and reassess any part or all of the real estate contained in such taxing district, and in such case, it shall determine the actual value as of January 1 of the year of the revaluation and reassessment and compute the taxable value thereof, and any aggrieved taxpayer may petition for a revaluation of the taxpayer's property, but no reduction or increase shall be made for prior years. If the assessment of any such property is raised, or any property is added to the tax list by the board, the clerk shall give notice in the manner provided in section 441.36, provided, however, that if the assessment of all property in any taxing district is raised the board may instruct the clerk to give immediate notice by one publication in one of the official newspapers located in the taxing district, and such published notice shall take the place of the mailed notice provided for in section 441.36, but all other provisions of said section shall apply. #### **441.37 Protest of assessment — grounds.**

1. Any property owner or aggrieved taxpayer who is dissatisfied with the owner's or taxpayer's assessment may file a protest against such assessment with the board of review on or after April 16, to and including May 5, of the year of the assessment. In any county which has been declared to be a disaster area by proper federal authorities after March 1 and prior to May 20 of said year of assessment, the board of review shall be authorized to remain in session until June 15 and the time for filing a protest shall be extended to and include the period from May 25 to June 5 of such year. Said protest shall be in writing and signed by the one protesting or by the protester's duly authorized agent. The taxpayer may have an oral hearing thereon if request therefor in writing is made at the time of filing the protest. Said protest must be confined to one or more of the following grounds:

a. That said assessment is not equitable as compared with assessments of other like property in the taxing district. When this ground is relied upon as the basis of a protest the legal description and assessments of a representative number of comparable properties, as described by the aggrieved taxpayer shall be listed on the protest, otherwise said protest shall not be considered on this ground.

b. That the property is assessed for more than the value authorized by law, stating the specific amount which the protesting party believes the property to be overassessed, and the amount which the party considers to be its actual value and the amount the party considers a fair assessment.

c. That the property is not assessable, is exempt from taxes, or is misclassified and stating the reasons for the protest.

d. That there is an error in the assessment and state the specific alleged error.

e. That there is fraud in the assessment which shall be specifically stated.

In addition to the above, the property owner may protest annually to the board of review under the provisions of section 441.35, but such protest shall be in the same manner and upon the same terms as heretofore prescribed in this section.

2. A property owner or aggrieved taxpayer who finds that a clerical or mathematical error has been made in the assessment of the owner's or taxpayer's property may file a protest against that as-

essment in the same manner as provided in this section, except that the protest may be filed for previous years. The board may correct clerical or mathematical errors for any assessment year in which the taxes have not been fully paid or otherwise legally discharged.

Upon the determination of the board that a clerical or mathematical error has been made the board shall take appropriate action to correct the error and notify the county auditor of the change in the assessment as a result of the error and the county auditor shall make the correction in the assessment and the tax list in the same manner as provided in section 443.6.

The board shall not correct an error resulting from a property owner's or taxpayer's inaccuracy in reporting or failure to comply with section 441.19.

3. After the board of review has considered any protest filed by a property owner or aggrieved taxpayer and made final disposition of the protest, the board shall give written notice to the property owner or aggrieved taxpayer who filed the protest of the action taken by the board of review on the protest. The written notice to the property owner or aggrieved taxpayer shall also specify the reasons for the action taken by the board of review on the protest.

1. Appeals may be taken from the action of the board of review with reference to protests of assessment, to the district court of the county in which the board holds its sessions within twenty days after its adjournment or May 31, whichever date is later. No new grounds in addition to those set out in the protest to the board of review as provided in section 441.37 can be pleaded, but additional evidence to sustain those grounds may be introduced. The assessor shall have the same right to appeal and in the same manner as an individual taxpayer, public body or other public officer as provided in section 441.42. Appeals shall be taken by filing a written notice of appeal with the clerk of district court. Filing of the written notice of appeal shall preserve all rights of appeal of the appellant.

2. Notice of appeal shall be served as an original notice on the chairperson, presiding officer, or clerk of the board of review after the filing of notice under subsection 1 with the clerk of district court.

#### 441.46 Assessment date.

The assessment date of January 1 is the first date of an assessment year period which constitutes a calendar year commencing January 1 and ending December 31. All property tax statutes providing for tax exemptions or credits and requiring that a claim be filed, shall be construed to require the claims to be filed by July 1 of the assessment year. If no claim is required to be filed to procure an exemption or credit, the status of the property as exempt or taxable on July 1 of the fiscal year which commences during the assessment year determines its eligibility for exemption or credit. Any statute requiring proration of property taxes for any purpose shall be for the fiscal year, and the proration shall be based on the status of the property during the fiscal year.

The assessment date is January 1 for taxes for the fiscal year which commences six months after the assessment date and which become delinquent during the fiscal year commencing eighteen months after the assessment date.

#### 441.47 Adjusted valuations.

The director of revenue on or about August 15,

1977, and every two years thereafter shall order the equalization of the levels of assessment of each class of property in the several assessing jurisdictions by adding to or deducting from the valuation of each class of property such percentage in each case as may be necessary to bring the same to its taxable value as fixed in this chapter and chapters 427 to 443. The director shall adjust to actual value the valuation of any class of property as set out in the abstract of assessment when the valuation is at least five percent above or below actual value as determined by the director. For purposes of such value adjustments and before such equalization the director shall adopt, in the manner prescribed by chapter 17A, such rules as may be necessary to determine the level of assessment for each class of property in each county. The rules shall cover: (1) The proposed use of the assessment-sales ratio study set out in section 421.17, subsection 6; (2) the proposed use of any state-wide income capitalization studies; (3) the proposed use of other methods that would assist the director in arriving at the accurate level of assessment of each class of property in each assessing jurisdiction.

#### 441.48 Notice of adjustment.

Before the director of revenue shall adjust the valuation of any class of property any such percentage, the director shall serve ten days' notice by mail, on the county auditor of the county whose valuation is proposed to be adjusted and the director shall hold an adjourned meeting after such ten days' notice, at which time the county or assessing jurisdiction may appear by its city council or board of supervisors, city or county attorney, and other assessing jurisdiction, city or county officials, and make written or oral protest against such proposed adjustment, which protest shall consist simply of a statement of the error, or errors, complained of with such facts as may lead to their correction, and at such adjourned meeting final action may be taken in reference thereto.

#### 441.49 Adjustment by auditor.

The director shall keep a record of the review and adjustment proceedings and finish the pro-

ceedings on or before October 1 unless for good cause the proceedings cannot be completed by that date. The director shall notify each county auditor by mail of the final action taken at the proceedings and specify any adjustments in the valuations of any class of property to be made effective for the jurisdiction.

However, an assessing jurisdiction may request the director to permit the use of an alternative method of applying the equalization order to the property values in the assessing jurisdiction, provided that the final valuation shall be equivalent to the director's equalization order. The assessing jurisdiction shall notify the county auditor of the request for the use of an alternative method of applying the equalization order and the director's disposition of the request. The request to use an alternative method of applying the equalization order, including procedures for notifying affected property owners and appealing valuation adjustments, shall be made within ten days from the date the county auditor receives the equalization order and the valuation adjustments, and appeal procedures shall be completed by November 30 of the year of the equalization order. Compliance with the provisions of section 441.21 is sufficient grounds for the director to permit the use of an alternative method of applying the equalization order.

On or before October 15 the county auditor shall cause to be published in official newspapers of general circulation the final equalization order. The publication shall include, in type larger than the remainder of the publication, the following statement: "Assessed values are equalized by the department of revenue every two years. Local taxing authorities determine the final tax levies and may reduce property tax rates to compensate for any increase in valuation due to equalization." Failure to publish the equalization order has no effect upon the validity of the orders.

The county auditor shall add to or deduct from the valuation of each class of property in the county the required percentage, rejecting all fractions of fifty cents or less in the result, and counting all fractions over fifty cents as one dollar. For any special charter city that levies and collects its own tax based on current year assessed values, the equalization percentage shall be applied to the following year's values, and shall be considered the equalized values for that year for purposes of this chapter.

The local board of review shall reconvene in special session from October 15 to November 15 for the purpose of hearing the protests of affected property owners or taxpayers within the jurisdiction of the board whose valuation of property if adjusted pursuant to the equalization order issued by the director of revenue will result in a greater value than permitted under section 441.21. The

board of review shall accept protests only during the first ten days following the date the local board of review reconvenes. The board of review shall limit its review to only the timely filed protests. The board of review may adjust all or a part of the percentage increase ordered by the director of revenue by adjusting the actual value of the property under protest to one hundred percent of actual value. Any adjustment so determined by the board of review shall not exceed the percentage increase provided for in the director's equalization order. The determination of the board of review on filed protests is final, subject to review by the director of revenue for the purpose of determining whether the board's actions substantially altered the equalization order. In making the review, the director has all the powers provided in chapter 421, and in exercising the powers the director is not subject to chapter 17A. Not later than fifteen days following the adjournment of the board, the board of review shall submit to the director of revenue, on forms prescribed by the director, a report of all actions taken by the board of review during this session.

Not later than ten days after the date the final equalization order is issued, the city or county officials of the affected county or assessing jurisdiction may appeal the final equalization order to the state board of tax review. The appeal shall not delay the implementation of the equalization orders.

Tentative and final equalization orders issued by the director of revenue are not rules as defined in section 17A.2, subsection 7.

The initial application for approval shall include an estimate of potential litigation expenses, allocated to each of the next four succeeding calendar quarters and substantiated by a breakdown of all anticipated costs for legal counsel, expert witnesses, and other applicable litigation expenses.

CERTIFICATION OF TAXES

**444.1 Basis for amount of tax.**

In all taxing districts in the state, including townships, school districts, cities and counties, when by law then existing the people are authorized to determine by vote, or officers are authorized to estimate or determine, a rate of taxation required for any public purpose, such rate shall in all cases be estimated and based upon the adjusted taxable valuation of such taxing district for the preceding calendar year.

[C24, 27, 31, 35, 39, §7162; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §444.1]

Proposed amendments to this section made by 2003 Acts, 1st Ex, ch 1, found not passed into law; *Rants v. Vilsack*, 684 N.W.2d 193

**444.2 Amounts certified in dollars.**

When an authorized tax rate within a taxing district, including townships, school districts, cities and counties, has been thus determined as provided by law, the officer or officers charged with the duty of certifying the authorized rate to the county auditor or board of supervisors shall, before certifying the rate, compute upon the adjusted taxable valuation of the taxing district for the preceding fiscal year, the amount of tax the rate will raise, stated in dollars, and shall certify the computed amount in dollars and not by rate, to the county auditor and board of supervisors.

[C24, 27, 31, 35, 39, §7163; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §444.2]

**444.3 Computation of rate.**

When the valuations for the several taxing districts shall have been adjusted by the several boards for the current year, the county auditor shall thereupon apply such a rate, not exceeding the rate authorized by law, as will raise the amount required for such taxing district, and no larger amount. For purposes of computing the rate under this section, the adjusted taxable val-

uation of the property of a taxing district does not include the valuation of property of a railway corporation or its trustee which corporation has been declared bankrupt or is in bankruptcy proceedings. Nothing in the preceding sentence exempts the property of such railway corporation or its trustee from taxation and the rate computed under this section shall be levied on the taxable property of such railway corporation or its trustee.

[C24, 27, 31, 35, 39, §7164; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §444.3; 82 Acts, ch 1207, §5, 6]

**444.4 Fractional rates disregarded.**

If in adjusting the rate to be levied in any taxing district to conform to law, such rates shall make necessary the levying of a fraction of a cent, said fractional excess may be computed as one cent, which latter shall be the smallest required to be spread upon the tax lists for any purpose except rates applicable to a state purpose.

[C24, 27, 31, 35, 39, §7166; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §444.4]

**444.5 Interpretative clause.** Repealed by 83 Acts, ch 101, § 129.

**444.6 Record of rates.**

On the determination by the auditor of the necessary rates as herein directed, it is made the auditor's duty to enter a record of such rates for each taxing district upon the permanent records of the auditor's office in a book to be kept for that purpose.

[C24, 27, 31, 35, 39, §7168; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §444.6]

**444.7 Excessive tax prohibited.**

It is a simple misdemeanor for the board of supervisors to authorize, or the county auditor to carry upon the tax lists for any year, an amount of tax for a public purpose in excess of the amount

certified or authorized as provided by law. The department of management shall prescribe and furnish the county auditors forms and instructions to aid them in determining the legality and authorized amount of tax levies. The county auditor shall reduce an excessive levy to the maximum amount authorized by law, and not in excess of the amount certified; and the county auditor shall not enter or carry a tax on the tax lists for an illegal levy.

#### 444.8 Mandatory provisions.

The provisions of sections 444.1 to 444.7, and the methods of computation, certification, and levy therein provided shall be obligatory on all officers within the several counties of the state upon whom devolves the duty of determining, certifying, and levying taxes.

[C24, 27, 31, 35, 39, §7170; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §444.8]

- i. The total amount of taxes levied by each taxing authority in the previous fiscal year and the current fiscal year and the difference between the two amounts, expressed as a percentage increase or decrease.

#### **445.6 Application to waive tax statement requirements.**

For the fiscal years beginning July 1, 1998, and July 1, 1999, a county may apply to the director of the department of management for a deferral in implementing the property tax statement format requirements of section 445.5, subsection 1, paragraphs “a” through “i”. For the fiscal year beginning July 1, 1998, the application for deferral must be received by the department within thirty days of May 14, 1998. For the fiscal year beginning July 1, 1999, the application for deferral must be received by the department on or before January 1, 1999.

An application for deferral must outline in detail the reason why the county is requesting the deferral and why the county is unable to substantially comply with the tax statement format requirements of section 445.5, subsection 1. When reviewing a county’s application, the director shall, among other factors, consider whether or not the county contracts with, or otherwise uses the services of, accounting vendors or computer software vendors who have software that will facilitate the timely implementation of the tax statement format requirements of section 445.5, subsection 1. A presumption arises that these counties are capable of complying with the property tax

statement format requirements of section 445.5, subsection 1. The director shall notify the county treasurer of the director’s decision within thirty days of receipt of a deferral application from the county. If the director grants a deferral to a county, application of the property tax statement format requirements of section 445.5, subsection 1, is waived for that county.

A county granted a deferral pursuant to this section shall, for the fiscal year for which the deferral is granted, provide with the tax statement an enclosure detailing comparative property tax data for each taxing authority in the county. The comparative data shall include the total amount of taxes levied by each taxing authority in the previous fiscal year and the current fiscal year, the dollar amount difference between the two amounts, and that same difference expressed as a percentage increase or decrease. The comparative data enclosure shall also contain a statement that the county received from the state a deferral from the timely implementation of the tax statement format requirements.

For the purposes of this section and section 445.5, “*taxing authority*” means a public body which has the authority to certify a tax to be levied.

#### **445.10 Former delinquent taxes.**

The county treasurer shall each year, after receiving the tax list referred to in chapter 443, enter into the county system a notation of delinquency for each parcel on which the tax remains unpaid for any previous year. Unless the delinquent tax is so entered it shall cease to be a lien upon that parcel. To preserve the tax lien it is only necessary to enter the notation for any parcel upon which it is a lien. If the county system is such that all delinquent taxes of any preceding year are automatically brought forward against each parcel on which the tax remains unpaid for any year, the treasurer is not required to make any further entry. Any sale for a delinquent tax not noted on the county system is invalid. However, this section does not require that in order to preserve the lien of tax and make the tax sale valid, delinquent taxes must be brought forward upon the county system if the tax list is received by the treasurer less than six

months preceding the date of conducting the tax sale as provided in section 446.25 or 446.28.

#### **445.11 Special assessment levy submitted.**

When the levy of a special assessment is submitted to the county treasurer, in a format acceptable by the treasurer, the treasurer shall enter in the county system a description of each parcel affected, the date of the assessment, the total amount assessed, the installments to be paid, and the amounts of the respective installments if the assessment is payable in installments.

#### **445.12 Additional data for special assessments.**

The county system may contain space for showing interest, if any, that may be incurred, a column showing payments and their amounts, a column showing the number of the receipt to be issued by the county treasurer, and a column that may be used to show the date of payment of the assessment, or any installment of it.

#### **445.14 Entries on the county system.**

The county treasurer shall each year, after receiving the tax list referred to in section 445.10, indicate on the county system that a special assessment is unpaid. This indication is not required if the county system automatically brings forward a notation of the unpaid special assessment.

[C31, 35, §7193-d4; C39, §7193.04; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §445.14]

#### **445.16 Abatement or compromise of tax.**

If the county holds the tax sale certificate of purchase, the county, through the board of supervisors, may compromise by written agreement, or abate by resolution, the tax, interest, fees, or costs. In the event of a compromise, the board of supervisors may enter into a written agreement with the owner of the legal title or with any lienholder for the payment of a stipulated sum in full satisfaction of all amounts included in that agreement. In addition, if a parcel is offered at regular tax sale and is not sold, the county, prior to public bidder sale to the county under section 446.19, may compromise by written agreement, or abate by resolution, the tax, interest, fees, or costs, as provided in this section.

A copy of the agreement or resolution shall be filed with the county treasurer.

If the treasurer determines that it is impractical to pursue collection of the total amount due through the tax sale and the personal judgment remedies, the treasurer shall make a written recommendation to the board of supervisors to abate the amount due. The board of supervisors shall abate, by resolution, the amount due and direct the treasurer to strike the amount due from the county system.

**445.23 Statement of taxes due.**

Upon request, the county treasurer shall state in writing the full amount of taxes against a parcel, all sales for unpaid taxes, and the amount needed to redeem the parcel, if redeemable. If the taxes on the building or improvement become delinquent, as provided in section 445.37, the county treasurer shall collect the tax as provided in sections 445.3 and 445.4. This section does not apply to special assessments, or rates or charges.

**445.33 to 445.35** Repealed by 79 Acts, ch 68, § 19.

**445.36 Payment — installments.**

1. The taxes which become delinquent during the fiscal year are for the previous fiscal year.

2. A demand of taxes is not necessary, but every person subject to taxation shall attend at the office of the county treasurer and pay the taxes either in full, or one-half of the taxes before September 1 succeeding the levy, and the remaining half before March 1 following. However, if the first installment of taxes is delinquent and not paid as of February 1, the treasurer shall mail a notice to the taxpayer of the delinquency and the due date for the second installment. Failure to receive a mailed notice is not a defense to the payment of the total amount due. This section does not apply to special assessments, or rates or charges.

**445.36A Partial payments.**

1. As an alternative to the semiannual or annual payment of taxes, the county treasurer

may accept partial payments of taxes. A minimum payment amount shall be established by the treasurer. The treasurer shall transfer amounts from each taxpayer's account to be applied to each semi-annual tax installment prior to the delinquency dates specified in section 445.37 and the amounts collected shall be apportioned by the tenth of the month following transfer. If, prior to the due date of each semiannual installment, the account balance is insufficient to fully satisfy the installment, the treasurer shall transfer and apply the entire account balance, leaving an unpaid balance of the installment. Interest shall attach on the unpaid balance in accordance with section 445.39. Unless funds sufficient to fully satisfy the delinquency are received, the treasurer shall collect the unpaid balance as provided in sections 445.3 and 445.4 and chapter 446. Any remaining balance in a taxpayer's account in excess of the amount needed to fully satisfy an installment shall remain in the account to be applied toward the next semiannual installment. Any interest income derived from the account shall be deposited in the county's general fund to cover administrative costs. The treasurer shall send a notice with the tax statement or by separate mail to each taxpayer stating that, upon request to the treasurer, the taxpayer may make partial payments of taxes.

2. Partial payment of taxes which are delinquent may be made to the county treasurer. A minimum payment amount shall be established by the treasurer. The minimum payment must be equal to or exceed the interest and costs attributed to the oldest delinquent installment of the tax and shall be apportioned in accordance with section 445.57. If the payment does not include the whole of any installment of the delinquent tax, the unpaid tax shall continue to accrue interest pursuant to section 445.39. Partial payment shall not be permitted in lieu of redemption if the property has been sold for taxes under chapter 446 and under any circumstances shall not constitute an extension of the time period for a sale under chapter 446.

Current year taxes may be paid at any time regardless of any outstanding prior year delinquent tax.

This section does not apply to the payment of manufactured or mobile home taxes, special assessments, or rates or charges.

#### **445.37 When delinquent.**

If the semiannual installment of any tax has not been paid before October 1 succeeding the levy, that amount becomes delinquent from October 1 after due. However, in those instances when the

last day of September is a Saturday or Sunday, that amount becomes delinquent on the second business day of October. If the second installment is not paid before April 1 succeeding its maturity, it becomes delinquent from April 1 after due. However, in those instances when the last day of March is a Saturday or Sunday, that amount becomes delinquent on the second business day of April. This paragraph applies to all taxes as defined in section 445.1, subsection 6.

However, if there is a delay in the delivery of the tax list referred to in chapter 443 to the county treasurer, the amount of ad valorem taxes and manufactured or mobile home taxes due shall become delinquent thirty days after the date of delivery or on the delinquent date of the first installment, whichever date occurs later. The delay shall not affect the due dates for special assessments and rates or charges. The delinquent date for special assessments and rates or charges is the same as the first installment delinquent date for ad valorem taxes, including any extension, in absence of a statute to the contrary.

To avoid interest on delinquent taxes, a payment must be received by the treasurer on or before the last business day of the month preceding the delinquent date, or mailed with appropriate postage and applicable fees paid, and a United States postal service postmark affixed to the payment envelope, with the postmark bearing a date preceding the delinquent date. Items returned to the sender by the United States postal service for insufficient postage or applicable fees shall be assessed interest, unless the appropriate postage and fees are paid and the items are postmarked again before the delinquent date. However, if the last calendar day of a month falls on a Saturday, Sunday, or a holiday, that amount becomes delinquent on the second business day of the following month.

To avoid interest on current or delinquent taxes, for payments made through a county treasurer's authorized website only, if the last day of the month falls on a Saturday, Sunday, or a holiday, the electronic payment must be initiated by midnight on the first business day of the next month. All other electronic payments must be initiated by midnight on the last day of the month preceding the delinquent date.

If ad valorem or manufactured or mobile home taxes are paid by installment, each of those payments shall be apportioned among the several

funds for which taxes have been assessed in their proper proportions.

**445.39 Interest on delinquent taxes.**

If the first installment of taxes is not paid by the delinquent date specified in section 445.37, the installment becomes due and draws interest of one and one-half percent per month until paid, from the delinquent date following the levy. If the last half is not paid by the delinquent date specified for it in section 445.37, the same interest shall be charged from the date the last half became delinquent. However, after April 1 in a fiscal year when late delivery of the tax list referred to in chapter 443 results in a delinquency date later than October 1 for the first installment, interest on delinquent first installments shall accrue as if delivery were made on the previous June 30. The interest imposed under this section shall be computed to the nearest whole dollar and the amount of interest shall not be less than one dollar. In calculating interest each fraction of a month shall be counted as an entire month. The interest percentage on delinquent special assessments and rates or charges is the same as that for the first installment of delinquent ad valorem taxes.

**445.53 Taxes certified to another county.**

In all cases of delinquent taxes, if the person upon whose property the taxes were levied has disposed of or removed the property and the treasurer

of the county where the taxes were levied can find no property within that county against which those taxes can be collected, the treasurer of the county where those taxes are delinquent shall make out a certified abstract of the taxes and forward it to the treasurer of the county in which the person resides or has property, if the treasurer transmitting the abstract has reason to believe that the delinquent taxes can be collected by that county.

The treasurer receiving the abstract shall, when in the treasurer's opinion the taxes are uncollectible, return the abstract with the endorsement "uncollectible" on it. In such case, when it is administratively impractical to collect the tax, the board of supervisors shall compromise or abate the tax, interest, and costs.

The county treasurer shall apportion all interest and penalties on the replacement taxes and special utility property tax levies collected by the county treasurer to the general fund. Replacement taxes collected by the county treasurer shall be apportioned as set forth in this section.

Fees and charges including service delivery fees, credit card fees, and electronic funds transfer charges payable to a third party, not to the county, that are imposed for completing an electronic financial transaction with the county are not considered taxes collected for the purposes of this section.

A refund shall not be ordered or made unless a claim for refund is presented to the board within two years of the date the tax was due, or if appealed to the board of review, the state board of tax review, or district court, within two years of the final decision.

**445.61 Sale for erroneous tax.**

If a parcel subject to taxation is sold for the payment of such erroneous tax, interest, fees, or costs, the error or irregularity in the tax may be corrected at any time provided in this chapter, but this correction does not affect the validity of the sale or the right or title conveyed by a county treasurer’s deed, if the parcel was subject to taxation for any of the purposes for which any portion of the taxes for which the parcel was sold was levied, and the taxes were not paid before the sale, or the parcel redeemed from sale.

The loss for which abatement or refund is allowed shall be only that amount which is not covered by insurance. The loss of capital stock in a bank operated within the state and the making and paying of a stock assessment for the year that stock was assessed for taxation is a destruction within the meaning of this section.

The sale shall be made for the total amount of taxes, interest, fees, and costs due. If for good cause the treasurer cannot hold the annual tax sale on the third Monday of June, the treasurer may designate a different date in June for the sale.

When taxes are owing against parcels owned or claimed by a municipal or political subdivision of the state of Iowa, parcels held by a city or county agency or the Iowa finance authority for use in an Iowa homesteading project, or parcels of the state or its agencies, the treasurer shall give notice to the appropriate governing body which shall then pay the total amount due. 1. A notice of the date, time, and place of the annual tax sale shall be served upon the person in whose name the parcel subject to sale is taxed. The county treasurer shall serve the notice by sending it by regular first class mail to the person's last known address not later than May 1 of each fiscal year. The notice shall contain a description of the parcel to be sold which is clear, concise, and sufficient to distinguish the parcel to be sold from all other parcels. It shall also contain the amount of delinquent taxes for which the parcel is liable each year, the amount of the interest and fees, and the amount of the service fee as provided in section 446.10, subsection 2, all to be incorporated as a single sum. The notice shall contain a statement that, after the sale, if the parcel is not redeemed within the period provided in chapter 447, the right to redeem expires and a deed may be issued.

2. Publication of the date, time, and place of the annual tax sale shall be made once by the treasurer in at least one official newspaper in the county as selected by the board of supervisors and designated by the treasurer at least one week, but not more than three weeks, before the day of sale. The publication shall contain a description of the parcel to be sold that is clear, concise, and sufficient to distinguish the parcel to be sold from all other parcels. All items offered for sale pursuant to section 446.18 may be indicated by an "s" or by an asterisk. The publication shall also contain the name of the person in whose name the parcel to be sold is taxed and the amount delinquent for which the parcel is liable each year, the amount of the interest and fees, and the amount of the service fee as provided in section 446.10, subsection 2, all to

be incorporated as a single sum. The publication shall contain a statement that, after the sale, if the parcel is not redeemed within the period provided in chapter 447, the right to redeem expires and a deed may be issued.

3. In addition to the notice required by subsection 1 and the publication required by subsection 2, the treasurer shall send, at least one week but not more than three weeks before the day of sale, a notice of sale in the form prescribed by subsection 1, by regular first class mail to any mortgagee having a lien upon the parcel, a vendor of the parcel under a recorded contract of sale, a lessor of the parcel who has a recorded lease or memorandum of a recorded lease, and to any other person who has an interest of record in the parcel, if the mortgagee, vendor, lessor, or other person having an interest of record has done both of the following:

a. Requested on a form prescribed by the treasurer that notice of sale be sent to the person.

b. Filed the request form with the treasurer at least one month prior to the date of sale, together with a fee of twenty-five dollars per parcel.

The request for notice is valid for a period of five years from the date of filing with the treasurer. The request for notice may be renewed for additional periods of five years by the procedure specified in this subsection.

4. Notice required by subsections 1 and 3 shall be deemed completed when the notice is enclosed in a sealed envelope with the proper postage on the envelope, is addressed to the person entitled to receive it at the person's last known mailing address, and is deposited in a mail receptacle provided by the United States postal service. Failure to receive a mailed notice is not a defense to the payment of the total amount due.

5. If, for good cause, a parcel is not included in the publication specified in subsection 2, notice shall be given by publication or by posting a description of the parcel and the date, time, and place of the tax sale in the treasurer's office for two weeks before the regular or any adjourned tax sale and, at the time of the publication or posting, by mailing the notice required in subsection 1.

Money shall not be paid by the county or other tax-levying or tax-certifying body for the purchase, but each of the tax-levying and tax-certifying bodies having any interest in the taxes shall be charged with the total amount due the tax-levying or tax-certifying body as its just share of the purchase price.

This section does not prohibit a governmental agency or political subdivision from bidding at the sale for a parcel to protect its interests. When a bid is received from a city in which the parcel is located, money shall not be paid by the city, but each of the tax-levying and tax-certifying bodies having any interest in the taxes shall be charged with the total amount due the tax-levying or tax-certifying body as its just share of the purchase price.

2. On the day of the regular tax sale or any continuance or adjournment of the tax sale, the county or a city may bid for abandoned property assessed as residential property or as commercial multifamily housing property a sum equal to the total amount due. Money shall not be paid by the county or city for the purchase, but each of the tax-levying and tax-certifying bodies having any interest in the taxes shall be charged with the total amount due the tax-levying or tax-certifying body as its just share of the purchase price. Prior to the purchase, the county or city shall file with the county treasurer a verified statement that a parcel to be purchased is abandoned and deteriorating in condition or is, or is likely to become, a public nuisance, and that the parcel is suitable for use as housing following rehabilitation.

3. If after the date that a parcel is sold pursuant to this chapter, or after the date that a parcel is sold under section 446.18, 446.38, or 446.39, the parcel assessed as residential property or as commercial multifamily housing property is identified as abandoned pursuant to a verified statement filed with the county treasurer by a city or county in the form set forth in subsection 2, a city or county may require the assignment of the tax sale certificate that had been issued for such parcel by paying to the holder of such certificate the total amount due on the date the assignment of the certificate is made to the county or city and recorded with the county treasurer. If the certificate is not assigned by the county or city pursuant to subsection 4, the county or city, whichever is applicable, is liable for the tax sale interest that was due the certificate holder pursuant to section 447.1, as of the date of assignment.

4. *a.* The city or county may assign the tax sale certificate obtained pursuant to this section. Persons who purchase certificates from the city or county under this subsection are liable for the total amount due the certificate holder pursuant to section 447.1.

*b.* All persons who purchase certificates from the city or county under this subsection shall demonstrate the intent to rehabilitate the property for habitation if the property is not redeemed. In the alternative, the county or city may, if title to the property has vested in the county or city under section 448.1, dispose of the property in accordance with section 331.361 or 364.7, as applicable.

5. For the purposes of this section, “abandoned” means the same as in section 657A.1.

**446.20 Remedies.**

1. Without limiting the county's rights under section 445.3, once a certificate is issued to a county, a county may collect the total amount due by the alternative remedy provided in section 445.3 by converting the total amount due to a personal judgment. Entrance of the judgment shall be shown on the county system. Collection of the judgment may then be initiated as provided in section 445.4. The county attorney shall, upon request of the county treasurer, assist in prosecution of action authorized under this section and sections 445.3 and 445.4.

The remedies associated with tax sale and personal judgment may be simultaneously pursued until such time as the total amount due has been collected or otherwise discharged. If the total amount due is collected pursuant to a personal judgment, the tax sale shall be canceled by the treasurer. If a tax deed is issued, any personal judgment shall be released and a satisfaction of judgment shall be filed with the clerk of the appropriate district court.

2. If the board or council determines that any property located on a parcel purchased by the county or city pursuant to section 446.19 requires removal, dismantling, or demolition, the board or council shall, at the same time and in the same manner that the notice of expiration of right of redemption is served, cause to be served on the person in possession of the parcel and also upon the person in whose name the parcel is taxed a separate notice stating that if the parcel is not redeemed within the time period specified in the notice of expiration of right of redemption, the property described in the notice shall be removed, dismantled, or demolished. The notice shall further state that the costs of removal, dismantling, or demolition shall be assessed against the person in whose name the parcel is taxed and a lien for the costs shall be placed against any other parcel taxed in that person's name within the county.

Service of the notice shall also be made by mail on any mortgagee having a lien upon the parcel, a vendor of the parcel under a recorded contract of sale, a lessor who has a recorded lease or memorandum of a recorded lease, and any other person who has an interest of record, at the person's last known address, if the mortgagee, vendor, lessor, or other person has filed a request for notice, as prescribed in section 446.9, subsection 3, and on the state of Iowa in case of an old-age assistance lien by service upon the department of human services. The notice shall also be served on any city where the parcel is situated. Failure to receive a

mailed notice is not a defense to the payment of the total amount due.

3. This section is remedial and shall apply to all delinquent taxes included in a tax sale certificate of purchase issued to a county. Upon assignment of a county-held tax sale certificate, this section shall not apply to the assignee.

Not more than one parcel shall be entered upon each certificate of purchase. The certificate fee is the amount specified in section 331.552, subsection 23. After assignment of a certificate of purchase which is held by the county, section 446.37 applies. In that instance, the three-year requirement shall be calculated from the date the assignment is recorded by the treasurer in the county system. When the assignment is entered and the assignment transaction fee is paid, all of the rights and title of the assignor shall vest in the assignee or the legal representative of the assignee. The statement in the treasurer's deed of the fact of the assignment is presumptive evidence of that fact.

cases where the real estate is mortgaged or otherwise encumbered to the school, agricultural college, or university fund, the interest of the person who holds the fee shall alone be sold for taxes, and in no case shall the lien or interest of the state be affected by any sale thereof. The foregoing provision shall include all lands exempt from taxation by law, and any legal or equitable estate therein held, possessed, or claimed for any public purpose, and no assessment or taxation of such lands, nor the payment of any such tax by any person, or the sale and conveyance for taxes of any such lands, shall in any manner affect the right or title of the public therein, or confer upon the purchaser or person who pays such taxes any right or interest in such land.

In cases where taxes were suspended one year or more upon the parcel of a deceased old-age assistance recipient and no estate was opened with-

in ninety days after the death of the recipient and the surviving spouse of the recipient is not occupying the parcel, the county may apply to the probate court to have the parcel conveyed to it for satisfaction of the suspended taxes. The probate court shall prescribe the manner and notices to be given. The probate court shall order the parcel conveyed to the county for satisfaction of the suspended taxes if an estate is not opened within a time specified by the court. The probate court shall make and enter all appropriate orders to effect this conveyance to the county if an estate is not opened within the time specified. The parcel, at the election of the county treasurer, may be offered at tax sale in accordance with this chapter in lieu of the county making application to the probate court.

Upon proper filing of the statement, and if the parcel is offered at a tax sale and no bid is received, or if the bid received is less than the total amount due, the city, county, city or county agency, or Iowa finance authority may bid for the parcel for use in an Iowa homesteading project, bidding a sum equal to the total amount due. A parcel sold under this chapter and chapter 446 may be redeemed at any time before the right of redemption expires, by payment to the county treasurer, to be held by the treasurer subject to the order of the purchaser, of the amount for which the parcel was sold, including the fee for the certificate of purchase, and interest of two percent per month, counting each fraction of a month as an entire month, from the month of sale, and the total

All interest, costs, and fees shall be apportioned to the general fund of the county regardless of who is the certificate holder. In determining the interest to be paid upon redemption from sale, the sum due on a parcel sold shall be taken to be the total amount due on the parcel at the time of sale, and the amount paid for a parcel at sale shall be apportioned ratably in accordance with section 447.1. Parcels so sold are redeemable in the same manner and with the same interest as those sold for the taxes of the preceding year.

After one year and nine months from the date of sale, or after nine months from the date of a sale made under section 446.18 or 446.39, or after three months from the date of a sale made under section 446.19A, the holder of the certificate of purchase may cause to be served upon the person in possession of the parcel, and also upon the person in whose name the parcel is taxed, a notice signed by the certificate holder or the certificate holder's agent or attorney, stating the date of sale, the description of the parcel sold, the name of the purchaser, and that the right of redemption will expire and a deed for the parcel be made unless redemption is made within ninety days from the completed service of the notice. The notice shall be served by both regular mail and certified mail to the person's last known address and such service is deemed completed when the notice by certified mail is deposited in the mail and postmarked for delivery. The ninety-day redemption period begins as provided in section 447.12. When the notice is given by a county as a holder of a certificate of purchase the notice shall be signed by the county treasurer or the county attorney, and when given by a city, it shall be signed by the city officer designated by resolution of the council. When the notice is given by the Iowa finance authority or a city or county agency holding the parcel as part of an Iowa homesteading project, it shall be signed on behalf of the agency or authority by one of its officers, as authorized in rules of the agency or authority.

2. Service of the notice shall be made by mail on any mortgagee having a lien upon the parcel, a vendor of the parcel under a recorded contract of sale, a lessor who has a recorded lease or recorded memorandum of a lease, and any other person who has an interest of record, at the person's last known address. Only those persons who are required to be served the notice of expiration as provided in this section or who have acquired an interest in or possession of the parcel subsequent to the filing of the notice of expiration of the right of redemption are eligible to redeem a parcel from tax sale.

3. The county in which the parcel is located has the right of redemption for owner-occupied residential parcels as provided in this subsection. If a person is unable to contribute to the public rev-

enue, the person may file a petition, duly sworn to, with the board of supervisors, stating that fact and giving a statement of parcels, as defined in section 445.1, owned or possessed by the petitioner, and other information as the board may require. The board of supervisors may order the county auditor to redeem a parcel owned or possessed by the petitioner from the holder of a certificate of purchase upon payment by the county to the certificate holder of the amount necessary to redeem under section 447.1. Each of the tax-levying and tax-certifying bodies having any interest in the taxes shall be charged with the total amount due the tax-levying or tax-certifying body as its just share of the purchase price, and that amount shall be deducted from the next month's disbursement made by the county to the tax-levying or tax-certifying body. Interest paid by the county to the certificate holder pursuant to section 447.1 shall be paid solely by the county and shall not be charged against the other tax-levying and tax-certifying bodies. Taxes charged and paid by the tax-levying or tax-certifying body in this manner shall be treated as suspended taxes pursuant to sections 427.8 through 427.12. #### 450.2 Taxable estates and property.

The following estates and property and any interest in or income from any of the following estates and property, which pass from the decedent owner in any manner described in this chapter, are subject to tax as provided in this chapter:

1. Real estate and tangible personal property located in this state regardless of whether the decedent was a resident of this state at death.

2. Intangible personal property owned by a decedent domiciled in this state.

[C97, §1467; S13, §1481-a; C24, 27, 31, 35, 39, §7306; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §450.2]

2003 amendment applies to estates of decedents dying on or after July 1, 2003; 2003 Acts, ch 95, §24

#### 450.3 Property included.

The tax hereby imposed shall be collected upon

the net market value and shall go into the general fund of the state to be determined as herein provided, of any property passing as follows:

1. By will or under the statutes of inheritance of this or any other state or country.

2. By deed, grant, sale, gift, or transfer made within three years of the death of the grantor or donor, which is not a bona fide sale for an adequate and full consideration in money or money’s worth and which is in excess of the annual gift tax exclusion allowable for each donee under section 2503, subsections (b) and (e), of the Internal Revenue Code. If both spouses consent, a gift made by one spouse to a person who is not the other spouse is considered, for the purposes of this subsection, as made one half by each spouse under the same terms and conditions provided for in section 2513 of the Internal Revenue Code. The net market value of a transfer described in this subsection shall be the net market value determined as of the date of the transfer.

3. By deed, grant, sale, gift or transfer made or intended to take effect in possession or enjoyment after the death of the grantor or donor. A transfer of property in respect of which the transferor reserves to the transferor a life income or interest shall be deemed to have been intended to take effect in possession or enjoyment at death, provided, that if the transferor reserves to the transferor less than the entire income or interest, the transfer shall be deemed taxable thereunder only to the extent of a like proportion of the value of the property transferred.

4. To the extent of any property with respect to which the decedent has at the time of death a general power of appointment, or with respect to which the decedent has within three years of death exercised or released a general power of appointment by a disposition which is of a nature that if it were a transfer of property owned by the decedent, the property would be includable in the decedent’s gross estate under this section whether the general power was created before or after the taking effect of this chapter. A transfer involving creation of a general power of appointment shall be treated as a transfer of a fee or equivalent interest in the property subject thereto to the donee of the power. Any transfer involving creation of any other power of appointment shall be treated, except when an election is made under subsection 7, as the transfer of a life estate or term of years in the property subject thereto to the donee of the

power and as the transfer of the remainder interests to those who would take if the power is not exercised.

5. Property which is held in joint tenancy by the decedent and any other person or persons or any deposit in banks, or other institution in their joint names and payable to either or to the survivor, except such part as may be proven to have belonged to the survivor; or any interest of a decedent in property owned by a joint stock or other corporate body whereby the survivor or survivors become beneficially entitled to the decedent's interest upon the death of a shareholder. However, if such property is so held by the decedent and the surviving spouse as the only co-owners, one half of such property is not subject to taxation under the provisions of this chapter, but if the surviving spouse proves that the surviving spouse contributed to acquisition of such property an amount, in money or other property, greater than one half of the cost of the property held in joint tenancy, the portion of such property which is not subject to taxation under the provisions of this chapter shall be the proportion which the actual contribution by the surviving spouse is of the total contribution to acquisition of such property. The tax imposed upon the passing of property under the provisions of this subsection shall apply to property held under all such contracts or agreements whether made before or after the taking effect of this chapter.

6. When the decedent shall have disposed of the decedent's estate in any manner to take effect at the decedent's death with a request secret or otherwise that the beneficiary give, pay to, or share the property or any interest therein received from the decedent, with other person or persons, or to so dispose of beneficial interests conferred by the decedent upon the beneficiaries as that the property so passing would be taxable under the provisions of this chapter if passing directly by will or deed from the decedent owner to those to receive the gift from the beneficiary, compliance with such request shall constitute a transfer taxable under the provisions of this chapter, at the highest rate possible in like cases of transfers by will or deed.

7. Which qualifies as a qualified terminable interest property as defined in section 2056(b)(7)(B) of the Internal Revenue Code, shall, if an election is made, be treated and considered as passing in fee, or its equivalent, to the surviving spouse in the estate of the donor-grantor. Property on which the election is made shall be included in the gross estate of the surviving spouse and shall be deemed to have passed in fee from the surviving spouse to the persons succeeding to the remainder interest, unless the property was sold, distributed, or otherwise disposed of prior to the death of the surviving spouse. A sale, disposition, or disposal of the property prior to the death of the surviving spouse shall void the election, and shall subject

the property disposed of, less amounts received or retained by the surviving spouse, to tax in the donor-grantor's estate in the same manner as if the tax had been deferred under sections 450.44 through 450.49.

Unless the will or trust instrument provides otherwise, the estate of the surviving spouse shall have the right to recover from the persons succeeding to the remainder interests, the additional tax imposed, if any, without interest, on the surviving spouse by reason of the election being made. The amount of tax recovered, if any, shall be a credit in the donee's estate against the tax imposed on the qualified terminable interest property.

An election under this subsection can only be made if an election in relation to the qualified terminable interest property is also made for federal estate tax purposes.

The director of revenue shall adopt and promulgate all rules necessary for the enforcement and administration of this subsection including the form and manner of making the election.

#### 450.4 Exemptions.

The tax imposed by this chapter shall not be collected:

1. When the entire estate of the decedent does not exceed the sum of twenty-five thousand dollars after deducting the liabilities, as defined in this chapter.

2. When the property passes for a charitable, educational, or religious purpose as defined in sections 170(c) and 2055 of the Internal Revenue Code.

3. When the property passes to public libraries or public art galleries within this state, open to the use of the public and not operated for gain, or to hospitals within this state, or to trustees for such uses within this state, or to municipal corporations for purely public purposes.

4. On bequests for the care and maintenance of the cemetery or burial lot of the decedent or the decedent's family, and bequests not to exceed five hundred dollars in any estate of a decedent for the performance of a religious service or services by some person regularly ordained, authorized, or licensed by some religious society to perform such service, which service or services are to be performed for or in behalf of the testator or some person named in the testator's last will.

5. On the value of that portion of any lump sum or installment payments which will be includable

as net income as defined in section 422.7 as received by a beneficiary under an annuity which was purchased under an employee's pension or retirement plan.

6. On property in an individual development account in the name of the decedent that passes to another individual development account or the state human investment reserve pool created in section 541A.4. For purposes of this subsection, "*individual development account*" means an account that has been certified as an individual development account pursuant to chapter 541A.

7. On the value of that portion of any lump sum or installment payments which are received by a beneficiary under an annuity which was purchased under an employee's pension or retirement plan where the employee is a nonresident of Iowa at the time of death.

8. On the value of that portion of any lump sum or installment payments which are received by a beneficiary under an annuity which was purchased under an employee's pension or retirement plan which was excluded from net income as set forth in section 422.7, subsection 31.

#### 450.5 Liability for tax.

Any person becoming beneficially entitled to any property or interest in property by any method of transfer as specified in this chapter, and all personal representatives and referees of estates or transfers taxable under this chapter, are respectively liable for all taxes to be paid by them respectively.

#### 450.6 Accrual of tax — maturity — extension of time.

The tax imposed by this chapter accrues at the death of the decedent owner, and shall be paid to the department of revenue on or before the last day of the ninth month after the death of the decedent owner except if otherwise provided in this chapter. If in the opinion of the director of revenue additional time should be granted for payment to avoid hardship, the director may extend the period to a date not exceeding ten years from the last day of the month in which the death of the decedent occurred. In the case of an extension the tax bears interest at the rate in effect under section 421.7

from the expiration of the last day of the ninth month after the decedent's death. Interest shall be computed on a monthly basis with a fraction of a month counted as a full month.

Upon the approval of the executive council, the tax liability of a beneficiary, heir, surviving joint tenant or other transferee may be paid, in lieu of money, in whole or in part by the transfer of real property or tangible personal property to the state or a political subdivision of the state to be used for public purposes. Before the tax liability may be paid by transfer of property to a political subdivision, the governing body of the political subdivision shall also approve the transfer. The property transferred in payment of tax shall have been included in the decedent's gross estate for inheritance tax purposes and its value for the payment of the tax shall be the same as its value for inheritance tax purposes. The acceptance or rejection of the property in payment of the tax liability and the value of the property shall be certified by the executive council to the director of revenue. The acceptance of the property transferred acts as payment and satisfaction of the inheritance tax liability to the extent of the value of the transferred property, but notwithstanding any other provision, the taxpayer is not entitled to a refund if the transferred property has a value in excess of the tax liability.

#### 450.7 Lien of tax.

1. Except for the share of the estate passing to the surviving spouse, and parents, grandparents, great-grandparents, and other lineal ascendants, children including legally adopted children and biological children entitled to inherit under the laws of this state, stepchildren, and grandchildren, great-grandchildren, and other lineal descendants, the tax is a charge against and a lien upon the estate subject to tax under this chapter, and all property of the estate or owned by the decedent from the death of the decedent until paid, subject to the following limitation:

Inheritance taxes owing with respect to a passing of property of a deceased person are no longer a lien against the property ten years from the date of death of the decedent owner regardless of whether the decedent owner died prior to or subsequent to July 1, 1995, except to the extent taxes are attributable to remainder or deferred interests and are deferred in accordance with the provisions of this chapter.

2. Notice of the lien is not required to be recorded. The rights of the state under the lien have priority over all subsequent mortgages, purchases, or judgment creditors; and a conveyance

after the decedent's death of the property subject to a lien does not discharge the property except as otherwise provided in this chapter. However, if additional tax is determined to be owing under this chapter or chapter 451 after the lien has been released under paragraph "a" or "b", the lien does not have priority over subsequent mortgages, purchases, or judgment creditors unless notice of the lien is recorded in the office of the recorder of the county where the estate is probated, or where the property is located if the estate has not been administered. The department of revenue may release the lien by filing in the office of the clerk of the court in the county where the property is located, the decedent owner died, or the estate is pending or was administered, one of the following:

- a. A receipt in full payment of the tax.
- b. A certificate of nonliability for the tax as to all property reported in the estate.
- c. A release or waiver of the lien as to all or any part of the property reported in the estate, which shall release the lien as to the property designated in the release or waiver.

3. The sale, exchange, mortgage, or pledge of property by the personal representative pursuant to a testamentary direction or power, pursuant to section 633.387, or under order of court, divests the property from the lien of the tax. The proceeds from that sale, exchange, mortgage, or pledge shall be held by the personal representative subject to the same priorities for the payment of the tax as existed with respect to the property before the transaction, and the personal representative is personally liable for payment of the tax to the extent of the proceeds.

The property or any interest therein or income therefrom, subject to the provisions of this chapter, shall be taxed as herein provided:

1. When the property or any interest in property, or income from property, taxable under the provisions of this chapter, passes to the brother or sister, son-in-law, or daughter-in-law, the rate of tax imposed on the individual share so passing shall be as follows:

Five percent on any amount up to twelve thousand five hundred dollars.

Ten percent on any amount up to fifty thousand dollars.

Twelve percent on any amount in excess of fifty thousand dollars and up to one hundred thousand dollars.

Fifteen percent on all sums in excess of one hundred thousand dollars.

3. When the property or any interest therein or income therefrom, taxable under the provisions of this chapter, passes in any manner to societies, institutions or associations incorporated or organized under the laws of any other state, territory, province or country than this state, for charitable,

educational or religious purposes, or to cemetery associations, including humane societies not organized under the laws of this state, or to resident trustees for uses without this state, the rate of tax imposed shall be as follows:

Fifteen percent on the entire amount so passing.

5. When the property or any interest in property, or income from property, taxable under this chapter, passes to any person included under subsection 1, there shall be credited to the tax imposed on the individual share so passing an amount equal to the tax imposed in this state on the decedent on any property, real, personal or mixed, or the proportionate share thereof on property passing to the person taxed hereunder, which can be identified as having been received by the decedent as a share in the estate of any person who died within two years prior to the death of the decedent, or which can be identified as having been acquired by the decedent in exchange for property so received. The credit shall not be applicable to taxes on property of the decedent which was not acquired from the prior estate.

6. probate court or its judge, court costs, and any other administration expenses allowable pursuant to section 2053 of the Internal Revenue Code.

*b.* A liability shall not be deducted unless the personal representative or other person filing the inheritance tax return as provided in section 450.22 certifies that it has been paid or, if not paid, the director of revenue is satisfied that it will be paid. If the amount of liabilities deductible under this section exceeds the amount of property subject to the payment of the liabilities, the excess shall be deducted from other property included in the gross estate on a prorated basis that the gross value of each item of other property bears to the total gross value of all the other property. Subject to the previous provision, a liability is deductible whether or not the liability is legally enforceable against the decedent's estate.

2. If the decedent's gross estate includes property with a situs outside of Iowa, the liabilities deductible under subsection 1 shall be prorated on the basis that the gross value of property with a situs in Iowa bears to the total gross estate. Only the Iowa portion of the liabilities shall be deductible in computing the tax imposed by this chapter. However, a liability secured by a lien on property shall be allocated to the state where the property has a situs and shall not be prorated except to the extent the liability exceeds the value of the property.

3. If a liability under subsection 1 is secured by property, or a portion of property, not included in the decedent's gross estate, only that portion of the liability attributable to property or a portion of property included in the decedent's gross estate is deductible in computing the tax imposed by this chapter.

If, upon the death of any person leaving an estate that may be liable to a tax under this chapter, a will disposing of the estate is not offered for probate, or an application for administration made within four months from the time of the decease, the director of revenue may, at any time thereafter, make application to the proper court, setting forth that fact and requesting that a personal representative be appointed, and the court shall appoint a personal representative to administer upon the estate.

**450.22 Administration avoided — inheritance tax duties required.**

1. When the heirs or persons entitled to inherit the property of an estate subject to tax under this chapter desire to avoid the appointment of a personal representative as provided in section 450.21, and in all instances where real estate is involved and there are no regular probate proceedings, they or one of them shall file under oath the inventories required by section 633.361 and the required reports, perform all the duties required

by this chapter of the personal representative, and file the inheritance tax return.

2. However, this section does not apply and a return is not required to be filed even though real estate is part of the assets subject to tax under this chapter, if all of the assets are held in joint tenancy with right of survivorship between husband and wife alone, or if the estate exclusively consists of property held in joint tenancy with the right of survivorship solely by the decedent and individuals listed in section 450.9 as individuals that are entirely exempt from Iowa inheritance tax and the estate does not have a federal estate tax obligation.

3. However, this section does not apply and a return is not required to be filed, even though real estate is involved, if the estate does not have a federal estate tax filing obligation and if all the estate's assets are described in any of the following categories:

a. Assets held in joint tenancy with right of survivorship between husband and wife alone.

b. Assets held in joint tenancy with right of survivorship solely between the decedent and individuals listed in section 450.9 as individuals that are entirely exempt from Iowa inheritance tax.

c. Assets passing by beneficiary designation, pursuant to a trust intended to pass the decedent's property at death or through any other nonprobate transfer solely to individuals listed in section 450.9 as individuals that are entirely exempt from Iowa inheritance tax.

This subsection does not apply to interests in an asset or assets that pass to both an individual listed in section 450.9 and to that individual's spouse.

4. If a return is not required to be filed pursuant to subsection 3, and if real estate is involved, one of the individuals with an interest in, or succeeding to an interest in, the real estate shall file an affidavit in the county in which the real estate is located setting forth the legal description of the real estate and the fact that an inheritance tax return is not required pursuant to subsection 3. If a false affidavit is filed, the affiant and the personal representative shall be jointly and severally liable for any tax, penalty, and interest that may have been due. Any otherwise applicable statute of limitations on the assessment and collection of the tax, penalty, and interest shall not apply.

5. When this section applies, proceedings for the collection of the tax when a personal representative is not appointed shall conform as nearly as possible to proceedings under this chapter in other cases.

**450.24 Appraisers.**

In each county, the chief judge of the judicial district for that county shall, on or before January 15 of the year an appointment is required, appoint three competent residents and freeholders of the county to act as appraisers of the real property within its jurisdiction which is charged or sought to be charged with an inheritance tax. The appraisers shall serve for four years, and until their successors are appointed and qualified. They shall each take an oath to faithfully and impartially perform the duties of the office, but shall not be required to give bond. They shall be subject to removal at any time at the discretion of the chief judge of the judicial district for that county. The chief judge may also in the chief judge's discretion, either before or after the appointment of the regular appraisers, appoint other appraisers to act in any given case. Vacancies occurring otherwise than by expiration of term shall be filled by appointment of the chief judge of the judicial district for that county. A person interested in any manner in the estate to be appraised shall not serve as an appraiser of that estate.

**450.27 Commission to appraisers.**

When an appraisal of real estate is requested by the department of revenue, as provided in section 450.37, or is otherwise required by this chapter, the clerk shall issue a commission to the appraisers, who shall fix a time and place for appraisal, except that if the only interest that is subject to tax is a remainder or deferred interest upon which the tax is not payable until the determination of a prior estate or interest for life or term of years, the clerk shall not issue the commission until the determination of the prior estate, except at the request of the department of revenue when the parties in interest seek to remove an inheritance tax lien. When valuing the real estate for purposes of inheritance tax, an appraiser does not have the jurisdiction to determine what property or partial interests may or may not be subject to tax. Whole interests in the property should be appraised and the question of the actual property or partial interest subject to inheritance tax is to be determined by means of the administrative procedures pursuant to section 450.94. All joint property that is to be appraised should be listed at its full market value. Long-term leases are not considered in de-

termining the value of property when being appraised.

If the court finds that the appraisal was made at a greater or lesser sum than the value of the real property in the ordinary course of trade, or that it was not fairly or in good faith made, it shall set aside the appraisal. Upon the appraisal being set aside, the court shall fix the value of the real property of the estate for inheritance tax purposes and the valuation fixed is that upon which the tax shall be paid, unless an appeal is taken from the order of the court as provided for in this chapter.

**450.36 Appraisal of other property.**

If there is an estate or real property subject to tax and the records in the clerk’s office do not disclose that there may be a tax due under this chapter, the persons interested in the real property shall report the matter to the department of revenue with a request that the real property be appraised.

**450.37 Value for computing the tax.**

1. Unless the value has been determined under chapter 450B, the tax shall be computed based upon one of the following:

a. The fair market value of the property in the ordinary course of trade determined under subsection 2.

b. The alternate value of the property, if the personal representative so elects, that has been established for federal estate tax purposes under section 2032 of the Internal Revenue Code. The election shall be exercised on the return by the personal representative or other person signing the return, within the time prescribed by law for filing the return or before the expiration of any extension of time granted for filing the return.

2. Fair market value of real estate in the ordinary course of trade shall be established by agreement, including an agreement to accept the values as finally determined for federal estate tax purposes. The agreement shall be between the department of revenue, the personal representative, and the persons who have an interest in the property.

a. If an agreement has not been reached on the fair market value of real property in the ordinary course of trade, the director of revenue has sixty days after the return is filed to request an appraisal under section 450.27. If an appraisal request is not made within the sixty-day period, the value listed on the return is the agreed value of the real property.

b. If an agreement is not reached on the fair market value of personal property in the ordinary course of trade, the personal representative or any person interested in the personal property may appeal to the director of revenue for a revision of the department of revenue’s determination of the value and after the appeal hearing may seek judicial review of the director’s decision. The provisions of section 450.94, subsection 3, relating to appeal of a determination of the department and review of the director’s decision apply to an appeal and review made under this subsection.

3. In addition to the applicable period of limitation for examination and determination, the department shall make an examination to adjust the value of real property for Iowa inheritance tax purposes to the value accepted by the internal revenue service for federal estate tax purposes. The department shall make an examination and adjustment for the value of the real property at any time within six months from the date of receipt by the department of written notice from the personal representative for the estate that all federal estate tax matters between the estate and the internal revenue service have been concluded. To begin the running of the six-month period, the notice shall be in writing in a form sufficient to inform the department of the final disposition of the federal estate tax obligation with the internal revenue service and a copy of the federal document showing the final disposition and final federal adjustments of all real property values must be attached. The department shall make an adjustment to the value of real property for inheritance tax purposes to the value accepted for federal estate tax purposes regardless of whether an inheritance clearance has been issued, an appraisal has been obtained on the real property indicating a contrary value, whether there has been an acceptance of another value for real property by the department, or whether an agreement has been entered into by the department and the personal representative for the estate and persons having an interest in the real property regarding the value of the real property. Notwithstanding the period of limitation specified in section 450.94, subsection 3, the personal representative for the estate shall have six months from the day of final disposition of any real property valuation matter between the personal representative for the estate and the internal revenue service to claim a refund of an overpayment of tax due to the change in the valuation of real property by the internal revenue service.

This report shall show the name of the owner of the stocks and the owner's place of residence, the name of the person at whose request the stock was transferred, the person's place of residence and the authority by virtue of which the person acted in making the transfer, the name of the person to whom the transfer was made, and the residence of the person, together with other information the officers reporting have relating to estates of persons deceased who may have been owners of stock in the corporation. If it appears that any stock transferred is subject to tax under this chapter, and the tax has not been paid, the director of revenue shall notify the corporation in writing of its liability for

the payment of the tax, and shall bring suit against the corporation as in other cases unless payment of the tax is made within sixty days from the date of notice.

**450.90 Property in this state belonging to foreign estate.**

When property, real or personal, within this state belongs to a foreign estate and the foreign estate passes in part exempt from the tax imposed by this chapter and in part subject to the tax and there is not a specific devise of the property within this state to exempt persons or if it is within the authority or discretion of the foreign personal representative administering the estate to dispose of the property not specifically devised to exempt persons in the payment of liabilities owing by the decedent at the time of death, or in the satisfaction of legacies, devises, or trusts given to direct or collateral legatees or devisees or in payment of the distributive shares of any direct and collateral heirs, then the property within the jurisdiction of this state belonging to the foreign estate is subject to the tax imposed by this chapter, and the tax due shall be assessed as provided in section 450.12, subsection 2, relating to the deduction of the proportionate share of liabilities. However, if the value of the property so situated exceeds the total amount of the estate passing to other persons than those exempt from the tax imposed by this chapter, the excess is not subject to tax.

**450.92 Compromise settlement.** Repealed by 99 Acts, ch 151, § 86, 89.

**450.93 Unknown heirs.**

Whenever the heirs or persons entitled to any estate or any interest therein are unknown or their place of residence cannot with reasonable certainty be ascertained, a tax of five percent shall be paid to the department of revenue upon all such

estates or interests, subject to refund as provided herein in other cases; provided, however, that if it be afterwards determined that any estate or interest passes to aliens, there shall be paid within sixty days after such determination and before delivery of such estate or property, an amount equal to the difference between five percent, the amount paid, and the amount which such person should pay under the provisions of this chapter.

[S13, §1481-a42; C24, 27, 31, 35, 39, §7395; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §450.93]

**450.94 Return — determination — appeal.**

1. “*Taxpayer*” as used in this section means a person liable for the payment of tax as stated in section 450.5.

2. Unless a return is not required to be filed pursuant to section 450.22, subsection 3, or section 450.53, subsection 1, paragraph “b”, the taxpayer shall file an inheritance tax return on forms to be prescribed by the director of revenue on or before the last day of the ninth month after the death of the decedent. When an inheritance tax return is filed, the department shall examine it and determine the correct amount of tax. If the amount paid is less than the correct amount due, the department shall notify the taxpayer of the total amount due together with any penalty and interest which shall be a sum certain if paid on or before the last day of the month in which the notice is dated, or on or before the last day of the following month if the notice is dated after the twentieth day of a month and before the first day of the following month.

3. If the amount paid is greater than the correct tax, penalty, and interest due, the department shall refund the excess with interest. Interest shall be computed at the rate in effect under section 421.7, under the rules prescribed by the director counting each fraction of a month as an entire month and the interest shall begin to accrue on the first day of the second calendar month following the date of payment or on the date the return was due to be filed or was filed, whichever is the latest. However, the director shall not allow a claim for refund or credit that has not been filed with the department within three years after the tax payment upon which a refund or credit is claimed became due, or one year after the tax payment was made, whichever time is later. A determination by the department of the amount of tax, penalty, and interest due, or the amount of refund for excess tax paid, is final unless the person aggrieved by the determination appeals to the director for a revision of the determination within sixty days from the date of the notice of determination of tax, penalty, and interest due or refund owing or unless the taxpayer contests the determination by paying the tax, interest, and penalty and timely filing a claim for refund. The director shall grant a hearing, and

upon the hearing the director shall determine the correct tax, penalty, and interest or refund due, and notify the appellant of the decision by mail. The decision of the director is final unless the appellant seeks judicial review of the director's decision under section 450.59 within sixty days after the date of the notice of the director's decision.

4. Payments received must be credited first to the penalty and interest accrued and then to the tax due.

5. The amount of tax imposed under this chapter shall be assessed according to one of the following:

a. Within three years after the return is filed with respect to property reported on the final inheritance tax return.

b. At any time after the tax became due with respect to property not reported on the final inheritance tax return, but not later than three years after the omitted property is reported to the department on an amended return or on the final inheritance tax return if one was not previously filed.

In addition to the applicable periods of limitations for examination and determination specified in paragraphs "a" and "b", the department may make an examination and determination at any time within six months from the date of receipt by the department of written notice from the taxpayer of the final disposition of any matter between the taxpayer and the internal revenue service with respect to the federal estate, gift, or generation skipping transfer tax. In order to begin the running of the six months assessment period, the notice shall be in writing in form sufficient to inform the department of the final disposition of any matter with respect to the federal estate, gift, or generation skipping transfer tax, and a copy of the federal document showing the final disposition or final federal adjustments shall be attached to the notice.

**450.96 Contingent estates.**

Estates in expectancy which are contingent or defeasible and in which proceedings for the determination of the tax have not been taken or where the taxation has been held in abeyance, shall be valued at their full, undiminished value when the persons entitled to the estates come into the beneficial enjoyment or possession of the estates, without diminution for or on account of any valuation previously made. When an estate, devise, or legacy can be divested by the act or omission of the legatee or devisee, it shall be taxed as if there were no possibility of the divesting. When a devise, bequest, or transfer is one in part contingent, and in part vested so that the beneficiary will come into possession and enjoyment of a portion of the inheritance on or before the happening of the event upon which the possible defeating contingency is based, a tax shall be imposed and collected upon the bequest or transfer as upon a vested interest, at the highest rate possible under this chapter if no contingency existed; provided that if the contingency reduces the value of the estate or interest taxed, and the amount of tax paid is in excess of the tax for which the bequest or transfer is liable upon the removal of the contingency, the excess shall be refunded as provided in sections 450.94 and 450.95 in other cases.

**450.97 Joint owners of bank accounts — duty to notify department of revenue.**

No person, bank, credit union, or savings and loan association shall permit the withdrawal of funds from a joint account by a surviving joint owner without first notifying the department of revenue of the balance in such account at the date of decedent's death and the name and address of the surviving joint owner. Such notification may be accomplished by mailing the required information to the department of revenue and withdrawal or payment of such funds may be made immediately thereafter as long as such mailing is accomplished by ordinary mail no later than the date of withdrawal or earlier if knowledge of the decedent's death is known by the depository. A person, bank, credit union, or savings and loan association shall only be liable for any inheritance tax due by the surviving joint owner for willful failure to report to the department of revenue as herein provided.

**450A.2 Imposition of tax.**

A tax is imposed on the transfer of any property, included in a generation skipping transfer, other than a direct skip, occurring at the same time and as a result of the death of an individual, in an amount equal to the maximum federal credit allowable under section 2604 of the Internal Revenue Code, for the generation skipping transfer tax actually paid to the state in respect of any property included in the generation skipping transfer.

Where the transferor is a resident of Iowa and all property included in a generation skipping transfer that is subject to tax under this section

has a situs in Iowa, or is subject to the jurisdiction of the courts of Iowa, an amount equal to the total credit as allowed under the Internal Revenue Code shall be paid to the state of Iowa. Where the transferor is a nonresident or where the property included in a generation skipping transfer that is subject to tax under this section has a situs outside the state of Iowa and not subject to the jurisdiction of Iowa courts, the tax shall be prorated on the basis that the value of Iowa property included in the generation skipping transfer bears to the total value of property included in the generation skipping transfer.

[C79, 81, §450A.2]

86 Acts, ch 1241, §46; 87 Acts, 1st Ex, ch 1, §18

**450A.3 Value of property.**

The value of property, included in a generation skipping transfer, shall be the same as determined for federal generation skipping transfer tax purposes under the Internal Revenue Code.

[C79, 81, §450A.3]

87 Acts, 1st Ex, ch 1, §19

**450A.4 Payment of the tax.**

The tax imposed by this chapter shall be paid on or before the last day of the ninth month after the death of the individual whose death is the event causing the generation skipping transfer which is eligible for the credit for state taxes paid under section 2604 of the Internal Revenue Code.

[C79, 81, §450A.4]

87 Acts, 1st Ex, ch 1, §20

**450A.5 Liability for the tax.**

The transferee of the property included in the generation skipping transfer shall be personally liable for the tax to the extent of its value, determined under section 2624 of the Internal Revenue Code as of the time of the generation skipping transfer. If the tax is attributable to a taxable termination, as defined in section 2612(a) of the Internal Revenue Code, the trustee and the transferee shall be personally liable for the tax to the ex-

tent of the value of the property subject to tax under the trustee's control.

[C79, 81, §450A.5]

87 Acts, 1st Ex, ch 1, §21

**450A.6 Lien of the tax.**

The tax imposed by this chapter shall be a lien on the property subject to the tax for a period of ten years from the time the generation skipping transfer occurs. Full payment of the tax, penalty and interest due shall release the lien and discharge the transferee and trustee of personal liability. Unless the lien has been perfected by recording, a transfer by the transferee or the trustee to a bona fide purchaser for value shall divest the property of the lien. If the lien is perfected by recording, the rights of the state under the lien have priority over all subsequent mortgages, purchases or judgment creditors. The department may release the lien prior to the payment of the tax due if adequate security for payment of the tax is given.

[C79, 81, §450A.6]

87 Acts, 1st Ex, ch 1, §22

The proceeds of the tax shall be credited to the general fund of the state.

[C79, 81, §450A.7]

**450A.8 Returns.**

It shall be the duty of the persons liable for the payment of the tax to file a return with the department, in such form as the director may prescribe, containing sufficient information to enable the department to determine the maximum federal credit allowable for the payment of the tax imposed by this chapter. A copy of the federal return filed for the purpose of paying the generation skipping transfer tax shall be submitted to the department at the time the Iowa return is filed. Copies of all amended or supplemental returns shall be submitted to the department at the time such returns are filed with the internal revenue service.

[C79, 81, §450A.8]

**450A.9 Delinquent returns.**

If the tax imposed by this chapter is not paid within the time prescribed by law, the tax is delinquent and shall draw interest thereafter at the rate in effect under section 421.7 until paid.

**450A.10 Director to enforce collection.**

It shall be the duty of the director to enforce collection of the tax imposed by this chapter and shall with all the rights of a party in interest, represent the state in any proceedings to collect the tax. The director shall have the power to bring suit against any person liable for the payment of the

tax, penalty, interest and costs and may foreclose the lien of the tax in the same manner as is now prescribed for the foreclosure of real estate mortgages and upon judgment may cause execution to be issued to sell so much of the property necessary to satisfy the tax, penalty, interest and costs due.

87 Acts, 1st Ex, ch 1, §23

**450A.11 Duty to claim maximum credit.**

It shall be the duty of any person liable for the payment of the tax to claim the maximum federal credit allowable for that portion of the state generation skipping transfer tax paid in respect of any property included in a taxable generation skipping transfer. Claiming on a federal return a sum less than the maximum federal credit allowable shall not relieve any person liable for the tax of the duty to pay the tax imposed under this chapter.

If an amended or supplemental return is filed with the internal revenue service which results in a change in the amount of tax owing under this chapter, the persons liable for the payment of the tax shall submit an amended return, on forms prescribed by the director, indicating the amount of the tax then owing as a result of such change.

If any federal generation skipping transfer tax has been paid before the enactment of this chapter, the persons liable for the payment of the tax under this chapter shall file an amended federal return claiming the maximum federal credit allowable and file the Iowa returns specified in section 450A.8 within six months after the enactment of this chapter or within the time limit provided in section 450A.4 whichever is the later.

[C79, 81, §450A.11]

87 Acts, 1st Ex, ch 1, §24

**450A.12 Applicable statutes.**

All of the provisions of chapter 450 with respect to the payment and collection of the tax imposed under that chapter, including penalty and interest upon delinquent taxes and the confidentiality of the tax return, are applicable to the provisions of this chapter, except as they are in conflict with this chapter. The director shall adopt and promulgate rules necessary for the enforcement of this chapter.

[C79, 81, §450A.13]

**450A.14 Limitation.**

The tax imposed under section 450A.2 shall not be construed to impose a federal and state genera-

**450B.3 Additional inheritance tax applicable.**

There is imposed upon the qualified heir an additional inheritance tax if, within ten years after the decedent’s death and before the death of the qualified heir, the qualified heir disposes of, other than to a member of the family, any interest in qualified real property for which an election under section 450B.2 was made or ceases to use for the qualified use the qualified real property for which an election under section 450B.2 was made as prescribed in section 2032A(c) of the Internal Revenue Code. The additional inheritance tax shall be the amount computed under section 450B.5 and

shall be due six months after the date of the disposition or cessation of qualified use referred to in this section. The amount of the additional inheritance tax shall accrue interest at the rate of ten percent per year from nine months after the decedent's death to the due date of the tax. The tax shall be paid to the department of revenue and shall be deposited into the general fund of the state. Taxes not paid within the time prescribed in this section shall draw interest at the rate of ten percent per annum until paid. There shall not be an additional inheritance tax if the disposition or cessation occurs ten years or more after the decedent's death.

88 Acts, ch 1028, §41; 2003 Acts, ch 145, §286

**450B.4** Reserved.

**450B.5 Ratio of applicable tax.**

The amount of the additional inheritance tax imposed by section 450B.3 is the excess of what the tax imposed by chapter 450 would have been had the election to use the qualified use valuation under section 450B.2 not been made over the tax paid on the real estate based on qualified use valuation. However, if all of the real estate valued under section 450B.2 is not disposed of or does not cease to be used for the qualified use, the amount of the additional inheritance tax is the amount computed by applying the ratio that the real estate subject to the qualified use valuation which has been disposed of or which the qualified use ceases bears to all the real estate subject to the qualified use valuation passing to the taxpayer to the excess of the tax which would have been imposed by chapter 450 had the election under section 450B.2 not been made over the tax paid on the real estate based on qualified use valuation. However, the additional inheritance tax shall not be computed on a value greater than the fair market value of the qualified real estate at the time the disposition or cessation of the qualified use occurs.

[81 Acts, ch 147, §16]

**450B.6 Lien of tax.**

A lien is created in favor of the state for the additional inheritance tax which may be imposed by section 450B.3 on the qualified real property for which an election has been made under section 450B.2. The lien created by this section shall continue until the tax has been paid or ten years after the tax is due, whichever date occurs first. However, the lien shall expire ten years after the decedent's death if the qualified heir has not disposed of or ceased to use for the qualified use the qualified real property which would impose the tax under section 450B.3. The department of revenue may release the lien prior to the payment of the tax due, if any, if adequate security for payment of the tax is given.

Unless the lien has been perfected by recording in the office of the recorder in the county where the estate is probated, a transfer of the qualified real property to a bona fide purchaser for value shall divest the property of the lien. If the lien is perfected by recording, the rights of the state under the lien have priority over all subsequent mortgagees, purchasers or judgment creditors. The lien may be foreclosed by the director of revenue in the same manner as is now prescribed for the foreclosure of real estate mortgages and upon judgment, execution shall be issued to sell as much of the property necessary to satisfy the tax, interest and costs due.

**450B.7 Other inheritance tax laws applicable.**

All the provisions of chapter 450 with respect to the payment, collection and administration of the inheritance tax imposed under that chapter, including the confidentiality of the tax return, are applicable to the provisions of this chapter to the extent consistent. The director of revenue shall adopt and promulgate all rules necessary for the enforcement and administration of this chapter.

## DIVISION I

## MOTOR FUEL AND SPECIAL FUEL TAX

**452A.1 Short title.**

This division, plus applicable provisions of division IV of this chapter, shall be known and may be cited as the “*Motor Fuel and Special Fuel Tax Law*”.

[C35, §5093-f40; C39, §5093.39; C46, 50, 54, §324.66; C58, 62, 66, 71, 73, 75, 77, 79, 81, §324.1] C93, §452A.1

95 Acts, ch 155, §8

**452A.2 Definitions.**

As employed in this division:

1. “*Aviation gasoline*” means any gasoline which is capable of being used for propelling aircraft, which is invoiced as aviation gasoline or is received, sold, stored, or withdrawn from storage by any person for the purpose of propelling aircraft. Motor fuel capable of being used for propelling motor vehicles is not aviation gasoline.

2. “*Biofuel*” means an oxygenated product derived from soybean oil, vegetable oil, or animal fats that can be used in diesel engines or aircraft. Biofuel may be a blend with diesel fuel or it may be one hundred percent soybean oil, vegetable oil, or animal fats. Any biofuel product is a special fuel.

3. “*Blender*” means a person who owns and blends alcohol with gasoline to produce ethanol blended gasoline and blends the product at a non-terminal location. The blender is not restricted to blending alcohol with gasoline. Products blended with gasoline other than grain alcohol are taxed as gasoline. “*Blender*” also means a person blending two or more special fuel products at a nonterminal location where the tax has not been paid on all of the products blended. This blend is taxed as a special fuel.

4. “*Common carrier*” or “*contract carrier*” means a person involved in the movement of motor fuel or special fuel from the terminal or movement of the motor fuel or special fuel imported into this state, who is not an owner of the motor fuel or special fuel.

5. “*Dealer*” means a person, other than a distributor, who engages in the business of selling or distributing motor fuel or special fuel to the end user in this state.

6. “*Denatured ethanol*” means ethanol that is to be blended with gasoline, has been derived from cereal grains, complies with ASTM (American society for testing and materials) international designation D-4806-95b, and may be denatured only as specified in Code of Federal Regulations, Titles 20, 21, and 27. Alcohol and denatured ethanol have the same meaning in this chapter.

7. “*Department*” means the department of revenue.

8. “*Director*” means the director of revenue.

9. “*Distributor*” means a person who acquires tax paid motor fuel or special fuel from a supplier, restrictive supplier or importer, or another distributor for subsequent sale at wholesale and distribution by tank cars or tank trucks or both. The department may require that the distributor be registered to have terminal purchase rights.

10. “*Eligible purchaser*” means a distributor of motor fuel or special fuel or an end user of special fuel who has purchased a minimum of two hundred forty thousand gallons of special fuel each year in the preceding two years. Eligible purchasers who elect to make delayed payments to a licensed supplier shall use electronic funds transfer. Additional requirements for qualifying as an eligible purchaser shall be established by rule.

11. “*Ethanol blended gasoline*” means motor fuel containing at least ten percent alcohol distilled from cereal grains.

12. “*Export*” means delivery across the bound-

aries of this state by or for the seller or purchaser from a place of origin in this state.

13. “*Exporter*” means a person or other entity who acquires fuel in this state for export to another state.

14. “*Import*” means delivery across the boundaries of this state by or for the seller or purchaser from a place of origin outside this state.

15. “*Importer*” means a person who imports motor fuel or undyed special fuel in bulk or transport load into the state by truck, rail, or barge.

16. “*Licensed compressed natural gas and liquefied petroleum gas dealer*” means a person in the business of handling untaxed compressed natural gas or liquefied petroleum gas who delivers any part of the fuel into a fuel supply tank of any motor vehicle.

17. “*Licensed compressed natural gas and liquefied petroleum gas user*” means a person licensed by the department who dispenses compressed natural gas or liquefied petroleum gas, upon which the special fuel tax has not been previously paid, for highway use from fuel sources owned and controlled by the person into the fuel supply tank of a motor vehicle, or commercial vehicle owned or controlled by the person.

18. “*Licensee*” means a person holding an uncanceled supplier’s, restrictive supplier’s, importer’s, exporter’s, dealer’s, user’s, or blender’s license issued by the department under this division or any prior motor fuel tax law or any other person who possesses fuel for which the tax has not been paid.

19. “*Motor fuel*” means both of the following:

a. All products commonly or commercially known or sold as gasoline, including ethanol blended gasoline, casinghead, and absorption or natural gasoline, regardless of the products’ classifications or uses, and including transmix which serves as a buffer between fuel products in the pipeline distribution process.

b. Any liquid advertised, offered for sale, sold for use as, or commonly or commercially used as a fuel for propelling motor vehicles which, when subjected to distillation of gasoline, naphtha, kerosene and similar petroleum products [ASTM (American society for testing and materials) international designation D-86], shows not less than ten per centum distilled (recovered) below three hundred forty-seven degrees Fahrenheit (one hundred seventy-five degrees Centigrade) and not less than ninety-five per centum distilled (recovered) below four hundred sixty-four degrees Fahrenheit (two hundred forty degrees Centigrade).

“*Motor fuel*” does not include special fuel, and does not include liquefied gases which would not exist as liquids at a temperature of sixty degrees Fahrenheit and a pressure of fourteen and sevenths pounds per square inch absolute, or naphthas and solvents unless the liquefied gases or naphthas and solvents are used as a component in the manufacture, compounding, or blending of a

liquid within paragraph “b”, in which event the resulting product shall be deemed to be motor fuel.

20. “*Naphthas and solvents*” shall mean and include those liquids which come within the distillation specifications for motor fuel set out under subsection 19, paragraph “b”, but which are designed and sold for exclusive use other than as a fuel for propelling motor vehicles.

21. “*Nonterminal storage facility*” means a facility where motor fuel or special fuel, other than liquefied petroleum gas, is stored that is not supplied by a pipeline or a marine vessel. “*Nonterminal storage facility*” includes a facility that manufactures products such as alcohol, biofuel, blend stocks, or additives which may be used as motor fuel or special fuel, other than liquefied petroleum gas, for operating motor vehicles or aircraft.

22. “*Racing fuel*” means leaded gasoline of one hundred ten octane or more that does not meet ASTM (American society for testing and materials) international designation D-4814 for gasoline and is sold in bulk for use in nonregistered motor vehicles.

23. “*Regional transit system*” means regional transit system as defined in section 452A.57, subsection 11.

24. “*Restrictive supplier*” means a person who imports motor fuel or undyed special fuel into this state in tank wagons or in small tanks not otherwise licensed as an importer.

25. “*Special fuel*” means fuel oils and all combustible gases and liquids suitable for the generation of power for propulsion of motor vehicles or turbine-powered aircraft, and includes any substance used for that purpose, except that it does not include motor fuel. Kerosene shall not be considered to be a special fuel, unless blended with other special fuels for use in a motor vehicle with a diesel engine.

26. “*Supplier*” means a person who acquires motor fuel or special fuel by pipeline or marine vessel from a state, territory, or possession of the United States, or from a foreign country for storage at and distribution from a terminal and who is registered under 26 U.S.C. § 4101 for tax-free transactions in gasoline, a person who produces in this state or acquires by truck, railcar, or barge for storage at and distribution from a terminal, alcohol or alcohol derivative substances, or a person who produces, manufactures, or refines motor fuel or special fuel in this state. “*Supplier*” includes a person who does not meet the jurisdictional connection to this state but voluntarily agrees to act as a supplier for purposes of collecting and reporting the motor fuel or special fuel tax. “*Supplier*” does not include a retail dealer or wholesaler who merely blends alcohol with gasoline before the sale or distribution of the product or a terminal operator who merely handles, in a terminal, motor fuel or special fuel consigned to the terminal operator.

27. “*Terminal*” means a motor fuel or special fuel storage and distribution facility that is sup-

plied by a pipeline or a marine vessel and from which the fuel may be removed at a rack. “Terminal” does not include a facility at which motor fuel or special fuel blend stocks and additives are used in the manufacture of products other than motor fuel or special fuel and from which no motor fuel or special fuel is removed.

28. “Terminal operator” means the person who by ownership or contractual agreement is charged with the responsibility for, or physical control over, and operation of a terminal. If co-venturers own a terminal, “terminal operator” means the person who is appointed to exercise the responsibility for, or physical control over, and operation of the terminal.

29. “Urban transit system” means Iowa urban transit system as defined in section 452A.57, subsection 6.

30. “Use” means the receipt, delivery, or placing of liquefied petroleum gas by a licensed liquefied petroleum gas user into a fuel supply tank of a motor vehicle while the vehicle is in the state, except that with respect to natural gas used as a special fuel, “use” means the receipt, delivery, or placing of the natural gas into equipment for compressing the gas for subsequent delivery into the fuel supply tank of a motor vehicle.

31. “Withdrawn from terminal” means physical movement from a supplier to a distributor or eligible end user and includes an importer going out of state and obtaining fuel from a terminal and bringing the fuel into the state, and a restrictive supplier bringing fuel into the state even though not purchased directly from a terminal.

**452A.3 Levy of excise tax.**

1. Except as otherwise provided in this section and in this division, until June 30, 2007, this subsection shall apply to the excise tax imposed on each gallon of motor fuel used for any purpose for the privilege of operating motor vehicles in this state.

a. The rate of the excise tax shall be based on the number of gallons of ethanol blended gasoline that is distributed in this state as expressed as a percentage of the number of gallons of motor fuel distributed in this state, which is referred to as the distribution percentage. The department shall de-

termine the percentage basis for each determination period beginning January 1 and ending December 31. The rate for the excise tax shall apply for the period beginning July 1 and ending June 30 following the end of the determination period.

b. The rate for the excise tax shall be as follows:

(1) If the distribution percentage is not greater than fifty percent, the rate shall be nineteen cents for ethanol blended gasoline and twenty cents for motor fuel other than ethanol blended gasoline.

(2) If the distribution percentage is greater than fifty percent but not greater than fifty-five percent, the rate shall be nineteen cents for ethanol blended gasoline and twenty and one-tenth cents for motor fuel other than ethanol blended gasoline.

(3) If the distribution percentage is greater than fifty-five percent but not greater than sixty percent, the rate shall be nineteen cents for ethanol blended gasoline and twenty and three-tenths cents for motor fuel other than ethanol blended gasoline.

(4) If the distribution percentage is greater than sixty percent but not greater than sixty-five percent, the rate shall be nineteen cents for ethanol blended gasoline and twenty and five-tenths cents for motor fuel other than ethanol blended gasoline.

(5) If the distribution percentage is greater than sixty-five percent but not greater than seventy percent, the rate shall be nineteen cents for ethanol blended gasoline and twenty and seven-tenths cents for motor fuel other than ethanol blended gasoline.

(6) If the distribution percentage is greater than seventy percent but not greater than seventy-five percent, the rate shall be nineteen cents for ethanol blended gasoline and twenty-one cents for motor fuel other than ethanol blended gasoline.

(7) If the distribution percentage is greater than seventy-five percent but not greater than eighty percent, the rate shall be nineteen and three-tenths cents for ethanol blended gasoline and twenty and eight-tenths cents for motor fuel other than ethanol blended gasoline.

(8) If the distribution percentage is greater than eighty percent but not greater than eighty-five percent, the rate shall be nineteen and five-tenths cents for ethanol blended gasoline and twenty and seven-tenths cents for motor fuel other than ethanol blended gasoline.

(9) If the distribution percentage is greater than eighty-five percent but not greater than ninety percent, the rate shall be nineteen and seven-tenths cents for ethanol blended gasoline and twenty and four-tenths cents for motor fuel other than ethanol blended gasoline.

(10) If the distribution percentage is greater than ninety percent but not greater than ninety-five percent, the rate shall be nineteen and nine-

tenths cents for ethanol blended gasoline and twenty and one-tenth cents for motor fuel other than ethanol blended gasoline.

(11) If the distribution percentage is greater than ninety-five percent, the rate shall be twenty cents for ethanol blended gasoline and twenty cents for motor fuel other than ethanol blended gasoline.

1A. Except as otherwise provided in this section and in this division, after June 30, 2007, an excise tax of twenty cents is imposed on each gallon of motor fuel used for any purpose for the privilege of operating motor vehicles in this state.

2. For the privilege of operating aircraft in this state an excise tax of eight cents per gallon is imposed on the use of all aviation gasoline.

3. For the privilege of operating motor vehicles or aircraft in this state, there is imposed an excise tax on the use of special fuel in a motor vehicle or aircraft. The tax rate on special fuel for diesel engines of motor vehicles is twenty-two and one-half cents per gallon. The rate of tax on special fuel for aircraft is three cents per gallon. On all other special fuel, unless otherwise specified in this section, the per gallon rate is the same as the motor fuel tax. Indelible dye meeting United States environmental protection agency and internal revenue service regulations must be added to fuel before or upon withdrawal at a terminal or refinery rack for that fuel to be exempt from tax and the dyed fuel may be used only for an exempt purpose.

3A. For liquefied petroleum gas used as a special fuel, the rate of tax shall be twenty cents per gallon.

4. For compressed natural gas used as a special fuel, the rate of tax that is equivalent to the motor fuel tax shall be sixteen cents per hundred cubic feet adjusted to a base temperature of sixty degrees Fahrenheit and a pressure of fourteen and seventy-three hundredths pounds per square inch absolute.

5. The tax shall be paid by the following:

a. The supplier, upon the invoiced gross gallonage of all motor fuel or undyed special fuel withdrawn from a terminal for delivery in this state.

Tax shall not be paid when the sale of alcohol occurs within a terminal from an alcohol manufacturer to an Iowa licensed supplier. The tax shall be paid by the Iowa licensed supplier when the invoiced gross gallonage of the alcohol or the alcohol part of ethanol blended gasoline is withdrawn from a terminal for delivery in this state.

b. The person who owns the fuel at the time it is brought into the state by a restrictive supplier or importer, upon the invoiced gross gallonage of motor fuel or undyed special fuel imported.

c. The blender on total invoiced gross gallonage of alcohol or other product sold to be blended with gasoline or special fuel.

d. Any other person who possesses taxable

fuel upon which the tax has not been paid to a licensee.

However, the tax shall not be imposed or collected under this division with respect to motor fuel or special fuel sold for export or exported from this state to any other state, territory, or foreign country.

6. Thereafter, except as otherwise provided in this division, the per gallon amount of the tax shall be added to the selling price of every gallon of such motor fuel or undyed special fuel sold in this state and shall be collected from the purchaser so that the ultimate consumer bears the burden of the tax.

7. All excise taxes collected under this chapter by a supplier, restrictive supplier, importer, dealer, blender, user, or any individual are deemed to be held in trust for the state or Iowa.\*

#### **452A.4 Supplier's, restrictive supplier's, importer's, exporter's, dealer's, and user's license.**

1. It shall be unlawful for any person to sell motor fuel or undyed special fuel within this state or to otherwise act as a supplier, restrictive supplier, importer, exporter, dealer, or user unless the person holds an uncanceled license issued by the department. To procure a license, a supplier, restrictive supplier, importer, exporter, dealer, or user shall file with the department an application signed under penalty for false certificate setting forth and complying with all of the following:

a. The name under which the licensee will transact business in this state.

b. The location, with street number address, of the principal office or place of business of the licensee within this state.

c. The name and complete residence address of the owner or the names and addresses of the partners, if the licensee is a partnership, or the names and addresses of the principal officers, if the licensee is a corporation or association.

d. A dealer's or user's license shall be required for each separate place of business or location where compressed natural gas or liquefied petroleum gas is delivered or placed into the fuel supply

tank of a motor vehicle.

e. An applicant for an exporter's license shall provide verification as required by the department that the applicant has the appropriate license valid in the state or states into which the motor fuel or undyed special fuel will be exported.

2. a. The department may deny the issuance of a license to an applicant who is substantially delinquent in the payment of a tax due, or the interest or penalty on the tax, administered by the department. If the applicant is a partnership, a license may be denied if a partner owes any delinquent tax, interest, or penalty. If the applicant is a corporation, a license may be denied if any officer having a substantial legal or equitable interest in the ownership of the corporation owes any delinquent tax, interest, or penalty of the applicant corporation.

b. The department may deny the issuance of a license if an application for a license to transact business as a supplier, restrictive supplier, importer, exporter, dealer, or user in this state is filed by a person whose license or registration has been canceled for cause at any time under the provisions of this chapter or any prior motor fuel tax law, if the department has reason to believe that the application is not filed in good faith, or if the application is filed by some person as a subterfuge for the real person in interest whose license or registration has been canceled for cause under the provisions of this chapter or any prior motor fuel tax law. The applicant shall be given fifteen days' notice in writing of the date of the hearing and shall have the right to appear in person or by counsel and present testimony.

3. a. The application in proper form having been accepted for filing, and the other conditions and requirements of this section and division IV having been complied with, the department shall issue to the applicant a license to transact business as a supplier, restrictive supplier, importer, exporter, dealer, or user in this state. The license shall remain in full force and effect until canceled as provided in this chapter.

b. The license shall not be assignable and shall be valid only for the licensee in whose name it is issued.

c. The department shall keep and file all applications and bonds and a record of all licensees.

**452A.5 Distribution allowance.**

A supplier shall retain a distribution allowance of not more than one and six-tenths percent of all gallons of motor fuel and a distribution allowance

of not more than seven-tenths percent of all gallons of undyed special fuel removed from the terminal during the reporting period for purposes of tax computation under section 452A.8.

The distribution allowance shall be prorated between the supplier and the distributor or dealer as follows:

1. Motor fuel: four-tenths percent retained by the supplier, one and two-tenths percent to the distributor.

2. Undyed special fuel: thirty-five hundredths percent retained by the supplier, thirty-five hundredths percent to the distributor or dealer purchasing directly from a supplier. Gallons exported outside of the state shall not be included in the calculation of the distribution.

**452A.6 Ethanol blended gasoline and other products — blender's license.**

A person other than a supplier, restrictive supplier, or importer licensed under this division, who blends gasoline with alcohol distilled from cereal grains so that the blend contains at least ten percent alcohol distilled from cereal grains, shall obtain a blender's license. A person who blends two or more special fuel products or sells one hundred percent biofuel shall obtain a blender's license. The license shall be obtained by following the procedure under section 452A.4 and the license is subject to the same restrictions as contained in that section. A blender shall maintain records as required by section 452A.10 as to motor fuel, alcohol, ethanol blended gasoline, and special fuels.

The director, upon application, may authorize the collection and reporting of the tax by any supplier not having jurisdictional connections with this state. A foreign supplier shall be issued a license to collect and report the tax and shall be subject to the same regulations and requirements as suppliers having a jurisdictional connection with the state, or other regulations and agreements as prescribed by the director.

**452A.8 Tax reports — computation and payment of tax — credits.**

1. For the purpose of determining the amount of the supplier's, restrictive supplier's, or importer's tax liability, a supplier or restrictive supplier shall file a return, not later than the last day of the month following the month in which this division

becomes effective and not later than the last day of each calendar month thereafter, and an importer shall file a return semimonthly with the department, signed under penalty for false certification. For an importer for the reporting period from the first day of the month through the fifteenth of the month, the return is due on the last day of the month. For an importer for the reporting period from the sixteenth of the month through the last day of the month, the return is due on the fifteenth day of the following month. The returns shall include the following:

*a.* A statement of the number of invoiced gallons of motor fuel and undyed special fuel withdrawn from the terminal by the licensee within this state during the preceding calendar month in such detail as determined by the department. This includes on-site blending reports at the terminal.

*b.* For information purposes only, a supplier, restrictive supplier, or importer shall show the number of invoiced gallons of dyed special fuel withdrawn from the terminal.

*c.* A statement showing the deductions authorized in this division in such detail and with such supporting evidence as required by the department.

*d.* Any other information the department may require for the enforcement of this chapter.

2. At the time of filing a return, a supplier or restrictive supplier shall pay to the department the full amount of the fuel tax due for the preceding calendar month. An importer shall pay to the department the full amount of fuel tax due for the preceding semimonthly period. The tax shall be computed as follows:

*a.* From the total number of invoiced gallons of motor fuel or undyed special fuel withdrawn from the terminal by the licensee during the preceding calendar month or semimonthly period the following deductions shall be made:

(1) The gallonage of motor fuel or undyed special fuel withdrawn from a terminal by a licensee and exported outside Iowa.

(2) For suppliers only, the one and six-tenths percent of the number of gallons of motor fuel or seven-tenths percent of the number of gallons of undyed special fuel of the invoiced gallons of motor fuel or undyed special fuel withdrawn from a terminal within this state during the preceding calendar month.

*b.* The number of invoiced gallons remaining after the deductions in paragraph “*a*” shall be multiplied by the per gallon fuel tax rate.

*c.* The tax due under paragraph “*b*” shall be the amount of fuel tax due from the supplier, restrictive supplier, or importer for the preceding reporting period. The director may require by rule that the payment of taxes by suppliers, restrictive suppliers, and importers be made by electronic funds transfer. The director may allow a tax float by rule where the eligible purchaser is not re-

quired to pay the tax to the supplier until one business day prior to the date the tax is due. A licensed supplier who is unable to recover the tax from an eligible purchaser is not liable for the tax, upon proper documentation, and may credit the amount of unpaid tax against a later remittance of tax. Under this provision, a supplier does not qualify for a credit if the purchaser did not elect to use the eligible purchaser status, or otherwise does not qualify to be an eligible purchaser. To qualify for the credit, the supplier must notify the department of the uncollectible account no later than ten calendar days after the due date for payment of the tax. If a supplier sells additional motor fuel or undyed special fuel to a delinquent eligible purchaser after notifying the department that the supplier has an uncollectible debt with that eligible purchaser, the limited liability provision does not apply to the additional fuel. The supplier is liable for tax collected from the purchaser.

*d.* The director may require by rule that reports and returns be filed by electronic transmission.

*e.* The tax for compressed natural gas and liquefied petroleum gas delivered by a licensed compressed natural gas or liquefied petroleum gas dealer for use in this state shall attach at the time of the delivery and shall be collected by the dealer from the consumer and paid to the department as provided in this chapter. The tax, with respect to compressed natural gas and liquefied petroleum gas acquired by a consumer in any manner other than by delivery by a licensed compressed natural gas or liquefied petroleum gas dealer into a fuel supply tank of a motor vehicle, attaches at the time of the use of the fuel and shall be paid over to the department by the consumer as provided in this chapter.

The department shall adopt rules governing the dispensing of compressed natural gas and liquefied petroleum gas by licensed dealers and licensed users. For purposes of this paragraph, “*dealer*” and “*user*” mean a licensed compressed natural gas or liquefied petroleum gas dealer or user and “*fuel*” means compressed natural gas or liquefied petroleum gas. The department shall require that all pumps located at dealer locations and user locations through which liquefied petroleum gas can be dispensed shall be metered, inspected, tested for accuracy, and sealed and licensed by the state department of agriculture and land stewardship, and that fuel delivered into the fuel supply tank of any motor vehicle shall be dispensed only through tested metered pumps and may be sold without temperature correction or corrected to a temperature of sixty degrees. If the metered gallonage is to be temperature-corrected, only a temperature-compensated meter shall be used. Natural gas used as fuel shall be delivered into compressing equipment through sealed meters certified for accuracy by the department of agriculture and land stewardship.

All gallonage which is not for highway use, dispensed through metered pumps as licensed under this section on which fuel tax is not collected, must be substantiated by exemption certificates as provided by the department or by valid exemption certificates provided by the dealers, signed by the purchaser, and retained by the dealer. A "valid exemption certificate provided by a dealer" is an exemption certificate which is in the form prescribed by the director to assist a dealer to properly account for fuel dispensed for which tax is not collected and which is complete and correct according to the requirements of the director.

For the privilege of purchasing liquefied petroleum gas, dispensed through licensed metered pumps, on a basis exempt from the tax, the purchaser shall sign exemption certificates for the gallonage claimed which is not for highway use.

The department shall disallow all sales of gallonage which is not for highway use unless proof is established by the certificate. Exemption certificates shall be retained by the dealer for a period of three years.

(1) For the purpose of determining the amount of liability for fuel tax, each dealer and each user shall file with the department not later than the last day of the month following the month in which this division becomes effective and not later than the last day of each calendar month thereafter a monthly tax return certified under penalties for false certification. The return shall show, with reference to each location at which fuel is delivered or placed by the dealer or user into a fuel supply tank of any motor vehicle during the next preceding calendar month, information as required by the department.

(2) The amount of tax due shall be computed by multiplying the appropriate tax rate per gallon by the number of gallons of fuel delivered or placed by the dealer or user into supply tanks of motor vehicles.

(3) The return shall be accompanied by remittance in the amount of the tax due for the month in which the fuel was placed into the supply tanks of motor vehicles.

3. For the purpose of determining the amount of the tax liability on alcohol blended to produce ethanol blended gasoline or a blend of special fuel products, each licensed blender shall, not later than the last day of each month following the month in which the blending is done, file with the department a monthly return, signed under penalty for false certificate, containing information required by rules adopted by the director.

4. A person who possesses fuel or uses fuel in a motor vehicle upon which no tax has been paid by a licensee in this state is subject to reporting and paying the applicable tax.

Every person other than a licensed supplier, restrictive supplier, importer, or blender, who purchases, brings into this state, or otherwise acquires within this state motor fuel or undyed special fuel, not otherwise exempted, which the person has knowingly not paid or incurred liability to pay either to a licensee or to a dealer the motor fuel or special fuel tax, shall be subject to the provisions of this division that apply to suppliers, restrictive suppliers, importers, and blenders of motor fuel or undyed special fuel and shall file the same returns and make the same tax payments and be subject to the same penalties for delinquent filing or nonfiling or delinquent payment or nonpayment as apply to suppliers, restrictive suppliers, importers, and blenders.

#### **452A.10 Required records.**

A motor fuel or special fuel supplier, restrictive supplier, importer, exporter, blender, dealer, user, common carrier, contract carrier, or terminal shall maintain, for a period of three years, records of all transactions by which the supplier, restrictive supplier, or importer withdraws from a terminal within this state or imports into this state motor fuel or undyed special fuel together with invoices, bills of lading, and other pertinent records and papers as required by the department.

If in the normal conduct of a supplier's, restrictive supplier's, importer's, exporter's, blender's, dealer's, user's, common carrier's, contract carrier's, or terminal's business the records are maintained and kept at an office outside this state, the records shall be made available for audit and examination by the department at the office outside this state, but the audit and examination shall be without expense to this state.

Each distributor handling motor fuel or special fuel in this state shall maintain for a period of three years records of all motor fuel or undyed special fuel purchased or otherwise acquired by the distributor, together with delivery tickets, invoices, and bills of lading, and any other records required by the department.

The department, after an audit and examina-

tion of records required to be maintained under this section, may authorize their disposal upon the written request of the supplier, restrictive supplier, importer, exporter, blender, dealer, user, carrier, terminal, or distributor.

The manifest for small tank wagons shall be retained at the home office. The manifest covering each load transported, upon consummation of the delivery, shall be completed by showing the date and place of actual delivery and the person to whom actually delivered and shall be kept as a permanent record for a period of three years. However, the record of the manifest of past cargoes need not be carried on the conveyance but shall be preserved by the carrier for inspection by the department. A carrier subject to this subsection when distributing for a licensee may with the approval of the department substitute the loading and delivery evidence required in subsection 2 for the manifest.

2. A person while transporting motor fuel or undyed special fuel from a refinery or marine or pipeline terminal in this state or from a point outside this state over the highways of this state in service other than that under subsection 1 shall carry in the vehicle a loading invoice showing the name and address of the seller or consignor, the date and place of loading, and the kind and quantity of motor fuel or special fuel loaded, together with invoices showing the kind and quantity of each delivery and the name and address of each purchaser or consignee.

**452A.15 Transportation reports — refinery and pipeline and marine terminal reports.**

1. Every railroad and common carrier or contract carrier transporting motor fuel or special fuel either in interstate or intrastate commerce within this state and every person transporting motor fuel or special fuel by whatever manner into this state shall, subject to penalties for false certificate, report to the department all deliveries of motor fuel or special fuel to points within this state other than refineries or marine or pipeline terminals. If any supplier, restrictive supplier, importer, blender, or distributor is also engaged in the transportation of motor fuel or special fuel for others, the supplier, restrictive supplier, importer, blender, or distributor shall make the same reports as required of common carriers and contract carriers.

The report shall cover monthly periods and shall show as to each delivery:

- a. The name and address of the person to whom delivery was actually made.
- b. The name and address of the originally named consignee, if delivered to any other than the originally named consignee.
- c. The point of origin, the point of delivery, and the date of delivery.
- d. The number and initials of each tank car and the number of gallons contained in the tank car, if shipped by rail.
- e. The name of the boat, barge, or vessel, and the number of gallons contained in the boat, barge, or vessel, if shipped by water.
- f. The registration number of each tank truck and the number of gallons contained in the tank truck, if transported by motor truck.
- g. The manner, if delivered by other means, in which the delivery is made.
- h. Additional information relative to shipments of motor fuel or special fuel as the department may require.

If a person required under this section to file transportation reports is a licensee under this division and if the information required in the transportation report is contained in any other report rendered by the person under this division, a separate transportation report of that information shall not be required.

2. A person operating storage facilities at a refinery or at a terminal in this state shall make a monthly accounting to the department of all motor fuel, alcohol, and undyed special fuel withdrawn from the refinery and all motor fuel, alcohol, and undyed special fuel delivered into, withdrawn from, and on hand in the refinery or terminal.

3. Persons operating storage facilities at a nonterminal location shall file a monthly report with the department accounting for all motor fuel, alcohol, and special fuel that is delivered into,

stored within, withdrawn from, or sold from the storage facility.

4. The reports required in this section shall be for information purposes only and the department may in its discretion waive the filing of any of these reports not necessary for proper administration of this division. The reports required in this section shall be certified under penalty for false certificate and filed with the department within the time allowed for filing of suppliers' and restrictive suppliers' returns of motor fuel or special fuel withdrawn from a terminal within this state or imported into this state.

5. The director may impose a civil penalty against any person who fails to file the reports or keep the records required under this section. The penalty shall be one hundred dollars for the first violation and shall increase by one hundred dollars for each additional violation occurring in the calendar year in which the first violation occurred.

6. The director may require by rule that reports be filed by electronic transmission.

**452A.16 Credit or refund to licensee — fuel used other than in watercraft, aircraft, or motor vehicles — casualty losses.** Repealed effective January 1, 1996, by 95 Acts, ch 155, § 43, 44.

**452A.17 Refunds.**

1. A person who uses motor fuel or undyed special fuel for any of the nontaxable purposes listed in this subsection, and who has paid the motor fuel or special fuel tax either directly to the department or by having the tax added to the price of the fuel, and who has a refund permit, upon presentation to and approval by the department of a claim for refund, shall be reimbursed and repaid the amount of the tax which the claimant has paid on the gallonage so used, except that the amount of a refund payable under this division may be applied by the department against any tax liability outstanding on the books of the department against the claimant.

a. The refund is allowable for motor fuel or undyed special fuel sold directly to and used for the following:

(1) The United States or any agency or instrumentality of the United States or where collection of the tax would be prohibited by the Constitution of the United States or the laws of the United States or by the Constitution of the State of Iowa.

(2) An Iowa urban transit system which is

used for a purpose specified in section 452A.57, subsection 6.

(3) A regional transit system, the state, any of its agencies, any political subdivision of the state, or any benefited fire district which is used for a purpose specified in section 452A.57, subsection 11, or for public purposes, including fuel sold for the transportation of pupils of approved public and nonpublic schools by a carrier who contracts with the public school under section 285.5.

(4) Fuel used in unlicensed vehicles, stationary engines, implements used in agricultural production, and machinery and equipment used for nonhighway purposes.

(5) Fuel used for producing denatured alcohol.

(6) Fuel used for idle time, power takeoffs, reefer units, pumping credits, and transport diversions, fuel lost through casualty, exports by distributors, and blending errors for special fuel. The department shall adopt rules setting forth specific requirements relating to refunds for idle time, power takeoffs, reefer units, pumping credits, and transport diversions, fuel lost through casualty, and blending errors for special fuel.

(7) A bona fide commercial fisher, licensed and operating under an owner's certificate for commercial fishing gear issued pursuant to section 482.4.

(8) For motor fuel or undyed special fuel placed in motor vehicles and used, other than on a public highway, in the extraction and processing of natural deposits, without regard to whether the motor vehicle was registered under section 321.18. An applicant under this subparagraph shall maintain adequate records for a period of three years beyond the date of the claim.

(9) Undyed special fuel used in watercraft.

(10) Racing fuel.

b. A claim for refund is subject to the following conditions:

(1) The claim shall be on a form prescribed by the department and be certified by the claimant under penalty for false certificate.

(2) The claim shall include proof as prescribed by the department showing the purchase of the motor fuel or undyed special fuel on which a refund is claimed.

(3) An invoice shall not be acceptable in support of a claim for refund unless it is a separate serially numbered invoice covering no more than one purchase of motor fuel or undyed special fuel, prepared by the seller on a form approved by the department which will prevent erasure or alteration and unless it is legibly written with no corrections or erasures and shows the date of sale, the name and address of the seller and of the purchaser, the kind of fuel, the gallonage in figures, the per gallon price of the motor fuel or undyed special fuel, the total purchase price including the Iowa motor fuel or undyed special fuel tax and that the total purchase price including tax has been paid. However, with respect to refund invoices made on a billing

machine, the department may waive any of the requirements of this subparagraph.

(4) The claim shall state the gallonage of motor fuel that was used or will be used by the claimant other than in aircraft, watercraft, or to propel motor vehicles and the gallonage of undyed special fuel that was or will be used by the claimant other than in aircraft or to propel motor vehicles, the manner in which the motor fuel or undyed special fuel was used or will be used, and the equipment in which it was used or will be used.

(5) The claim shall state whether the claimant used fuel for aircraft, watercraft, or to propel motor vehicles from the same tanks or receptacles in which the claimant kept the motor fuel on which the refund is claimed or whether the claimant used fuel for aircraft or to propel motor vehicles from the same tanks or receptacles in which the claimant kept the undyed special fuel on which the refund is claimed.

(6) If an original invoice is lost or destroyed the department may in its discretion accept a copy identified and certified by the seller as being a true copy of the original.

(7) Claim shall be made by and the amount of the refund shall be paid to the person who purchased the motor fuel or undyed special fuel as shown in the supporting invoice unless that person designates another person as an agent for purposes of filing and receiving the refund for idle time, power takeoff, reefer units, pumping credits, and transport diversions. A governmental agency may be designated as an agent for another governmental agency for purposes of filing and receiving the refund under this section.

(8) In order to verify the validity of a claim for refund the department shall have the right to require the claimant to furnish such additional proof of validity as the department may determine and to examine the books and records of the claimant. Failure of a claimant to furnish the claimant's books and records for examination shall constitute a waiver of all rights to refund related to the transaction in question.

2. In lieu of the refund provided in this section, a person may receive an income tax credit as provided in chapter 422, division IX, but only as to motor fuel not used in motor vehicles, aircraft, or watercraft or as to undyed special fuel not used in motor vehicles or aircraft.

3. *a.* A claim for refund shall not be allowed unless the claimant has accumulated sixty dollars in credits for one calendar year. A claim for refund may be filed anytime the sixty dollar minimum has been met within the calendar year. If the sixty dollar minimum has not been met in the calendar year, the credit shall be claimed on the claimant's income tax return unless the taxpayer is not required to file an income tax return in which case a refund shall be allowed. Once the sixty dollar

minimum has been met, the claim for refund must be filed within three years following the end of the month in which the earliest invoice is dated.

*b.* A refund shall not be paid with respect to any motor fuel taken out of this state in supply tanks of watercraft, aircraft, or motor vehicles or with respect to any undyed special fuel taken out of this state in supply tanks of aircraft or motor vehicles.

#### 452A.18 Refund permit.

A person shall not claim a refund under section 452A.17 or section 452A.21 until the person has obtained a refund permit from the department. A special permit shall be obtained by an applicant claiming a refund under this chapter for motor fuel used to blend ethanol blended gasoline. Application for a refund permit shall be made to the department, shall be certified by the applicant under penalty for false certificate, and shall contain among other things, the name, address, and occupation of the applicant, the nature of the applicant's business, and a sufficient description for identification of the machines and equipment in which the motor fuel or undyed special fuel is to be used. Each permit shall bear a separate number and each claim for refund shall bear the number of the permit under which it is made. The department shall keep a permanent record of all permits issued and a cumulative record of the amount of refund claimed and paid under each. A refund permit shall continue in effect until it is revoked or becomes invalid.

#### 452A.19 Revocation of refund permit.

Any refund permit issued under this chapter may be revoked by the department for any of the following violations, but only after the holder of the permit has been given reasonable notice of the intention to revoke the permit and reasonable opportunity to be heard:

1. Using in support of a refund claim a false or altered invoice.
2. Making a false statement in a claim for refund or in response to an investigation by the department of a claim for refund.
3. Refusal to submit the holder's books and records for examination by the department.

A person whose refund permit is revoked for cause may not obtain another refund permit for a period of one year after the revocation. A refund permit under which a refund is not claimed for a period of three years or a refund permit whose holder has moved from the county in which the holder resided at the time of application for the permit is invalid subject to reinstatement or issuance of a new permit upon application as provided in section 452A.18.

**452A.21 Refund — credit.**  
 Persons not licensed under this division who blend motor fuel and alcohol to produce ethanol blended gasoline may file for a refund for the difference between taxes paid on the motor fuel purchased to produce ethanol blended gasoline and the tax due on the ethanol blended gasoline. If, during any month, a person licensed under this division uses tax paid motor fuel to blend ethanol blended gasoline and the refund otherwise due under this section is greater than the licensee's total tax liability for that month, the licensee is entitled to a credit. The claim for credit shall be filed as part of the return required by section 452A.8.

In order to obtain the refund established by this section, the person shall do all of the following:

1. Obtain a blender's permit as provided in section 452A.18.
2. File a refund claim containing the information as required by the department and certified by the claimant under penalty for false certificate.
3. Retain invoices meeting the requirements of section 452A.17, subsection 1, paragraph "b", subparagraph (3), for the motor fuel purchased.
4. Retain invoices for the purchase of alcohol.

A refund shall not be issued unless the claim is filed within three years following the end of the month during which the ethanol blended gasoline was actually blended. An income tax credit is not

allowed under this section.

DIVISION III

MOTOR FUEL AND SPECIAL FUEL  
 USE TAX FOR INTERSTATE  
 MOTOR VEHICLE OPERATIONS

**452A.50 Short title.**

This division and applicable provisions of division IV of this chapter and any amendments to either shall be known and may be cited as the "Interstate Fuel Use Tax Law," and as so constituted is hereinafter referred to as this division.

[C35, §5093-f40; C39, §5093.39; C46, 50, 54, §324.66; C58, 62, 66, 71, 73, 75, 77, 79, 81, §324.50]  
 C93, §452A.50

**452A.51 Purpose.**

The purpose of this division is to provide an additional method of collecting fuel taxes from interstate motor vehicle operators commensurate with their operations on Iowa highways; and to permit the state department of transportation to suspend this collection as to transportation entering Iowa from any other state where it appears that Iowa

highway fuel tax revenue and interstate highway transportation moving out of Iowa will not be unduly prejudiced thereby. Further, all motor vehicle operators from jurisdictions not participating in the international fuel tax agreement are required to comply with this chapter using the guidelines from the international fuel tax agreement for Iowa fuel tax compliance reporting purposes, penalty, interest, refunds, and credential display.

#### **452A.52 Fuels imported in supply tanks of motor vehicles.**

1. No person shall bring into this state in the fuel supply tanks of a commercial motor vehicle, or any other container, regardless of whether or not the supply tanks are connected to the motor of the vehicle, any motor fuel or special fuel to be used in the operation of the vehicle in this state unless that person has paid or made arrangements in advance with the state department of transportation for payment of Iowa fuel taxes on the gallonage consumed in operating the vehicle in this state; except that this division shall not apply to a private passenger automobile.

2. Any person who is unable to display either of the permits or the license provided in section 452A.53 and brings into the state in the fuel supply tanks of a commercial motor vehicle more than thirty gallons of motor fuel or special fuel in violation of subsection 1 commits a simple misdemeanor or punishable as a scheduled violation under section 805.8A, subsection 13, paragraph "c".

#### **452A.53 Permit or license.**

The advance arrangements referred to in the preceding section shall include the procuring of a permanent international fuel tax agreement permit or license or single trip interstate permit.

Persons choosing not to make advance arrangements with the state department of transportation by procuring a permit or license are not relieved of their responsibility to purchase motor fuel and special fuel commensurate with their use of the state's highway system. When there is reasonable cause to believe that there is evasion of the fuel tax on commercial motor vehicles, the state department of transportation may audit persons not holding a permit or license. Audits shall be conducted pursuant to section 452A.55 and in ac-

cordance with international fuel tax agreement guidelines. The state department of transportation shall collect all taxes due and refund any overpayment.

A permanent international fuel tax agreement permit or license may be obtained upon application to the state department of transportation. A fee of ten dollars shall be charged for each permit or license issued. The holder of a permanent permit or license shall have the privilege of bringing into this state in the fuel supply tanks of commercial motor vehicles any amount of motor fuel or special fuel to be used in the operation of the vehicles and for that privilege shall pay Iowa motor fuel or special fuel taxes as provided in section 452A.54. A single trip interstate permit may be obtained from the state department of transportation. A fee of twenty dollars shall be charged for each individual single trip interstate permit issued. A single trip interstate permit is subject to the following provisions and limitations:

1. The permit shall be issued and be valid for seventy-two consecutive hours, except in emergencies, or until the time of leaving the state, whichever first occurs.

2. The permit shall cover only one commercial motor vehicle and is not transferable.

3. Single trip interstate fuel permits may be made available from sources other than indicated in this section at the discretion of the state department of transportation.

Each vehicle operated into or through Iowa in interstate operations using motor fuel or special fuel acquired in any other state shall carry in or on the vehicle a duplicate or evidence of the permit or license required in this section. A fee not to exceed fifty cents shall be charged for each duplicate or other evidence of a permit or license issued.

#### **452A.54 Fuel tax computation — refund — reporting and payment.**

Fuel tax liability under this division shall be computed on the total number of gallons of each kind of motor fuel and special fuel consumed in the operation in Iowa by commercial motor vehicles subject to this division at the same rate for each kind of fuel as would be applicable if taxed under division I of this chapter. A refund against the fuel tax liability so computed shall be allowed, on excess Iowa motor fuel purchased, in the amount of fuel tax paid at the prevailing rate per gallon set out under division I of this chapter on motor fuel and special fuel consumed by commercial motor vehicles, the operation of which is subject to this division.

Notwithstanding any provision of this chapter to the contrary, except as provided in this section, the holder of a permanent international fuel tax agreement permit or license may make application to the state department of transportation for a refund, not later than the last day of the third month following the quarter in which the overpayment of Iowa fuel tax paid on excess purchases of motor fuel or special fuel was reported as provided in section 452A.8, and which application is supported by such proof as the state department of transportation may require. The state department of transportation shall refund Iowa fuel tax paid on motor fuel or special fuel purchased in excess of the amount consumed by such commercial motor vehicles in their operation on the highways of this state.

Application for a refund of fuel tax under this division must be made for each quarter in which the excess payment was reported, and will not be allowed unless the amount of fuel tax paid on the fuel purchased in this state, in excess of that consumed for highway operation in this state in the quarter applied for, is in an amount exceeding ten dollars. An application for a refund of excess Iowa fuel tax paid under this division which is filed for any period or in any manner other than herein set out shall not be allowed.

To determine the amount of fuel taxes due under this division and to prevent the evasion thereof, the state department of transportation shall require a quarterly report on forms prescribed by the state department of transportation. It shall be filed not later than the last day of the month following the quarter reported, and each quarter thereafter. These reports shall be required of all persons who have been issued a permit or license under this division and shall cover actual operation and fuel consumption in Iowa on the basis of the permit or license holder's average consumption of fuel in Iowa, determined by the total miles traveled and the total fuel purchased and consumed for highway use by the permittee's or licensee's commercial motor vehicles in the permittee's or licensee's entire operation in all states to establish an overall miles per gallon ratio, which ratio shall be used to compute the gallons used for the miles traveled in Iowa.

Subject to compliance with rules adopted by the department, annual reporting may be permitted in lieu of quarterly reporting. A licensee permitted to report annually shall maintain records in compliance with this chapter.

#### **452A.55 Records.**

Every person operating within the purview of this division shall make and keep for a period of four years such records as may reasonably be required by the state department of transportation for the administration of this division. If in the normal conduct of the business, the required records are maintained and kept at an office outside the state of Iowa, it shall be a sufficient compliance with this section if the records are made available for audit and examination by the state department of transportation at the office outside Iowa.

The state department of transportation within a period of one year from the issuance of a permanent international fuel tax agreement fuel permit or license may audit the records of the permittee or licensee for the two years preceding the issuance of the permit or license. The state department of transportation shall collect all taxes due had the permittee or licensee been licensed for the two years prior to the issuance of the permit or license and shall refund any overpayment pursuant to section 452A.54. When, as a result of an audit, fuel taxes unpaid and due the state of Iowa exceed five hundred dollars, the audit shall be at the expense of the person whose records are being audited. However, if an audit of records maintained under this section is made outside the state of Iowa in a state which requires payment of the costs for similar audits performed by officials or employees of the other state when made in Iowa, then all costs of audits performed outside of Iowa in the other state shall be at the expense of the person whose records are audited.

The director of transportation may enter into motor fuel tax agreements on behalf of this state with authorized representatives of other states. The director of transportation may enter into and the state department of transportation may become a member of a motor fuel tax agreement for the collection and refund of interstate motor fuel tax. The director of transportation may adopt rules pursuant to chapter 17A to implement the agreement for the collection and refund of interstate motor fuel tax.

The department may enter into an agreement for the collection and refund of interstate motor fuel tax which conflicts with sections 452A.57, 452A.58, 452A.65, and 452A.68 and the agreement shall govern carriers covered by the agreement. Copies of the agreement shall be filed with

2. To examine the records, books, papers, receipts, and invoices of any distributor, supplier, restrictive supplier, importer, blender, exporter, terminal operator, licensed compressed natural gas or liquefied petroleum gas dealer or user, or any other person who possesses fuel upon which the tax has not been paid to determine financial responsibility for the payment of the taxes imposed by this chapter.

#### 452A.63 Information confidential.

All information obtained by the department of revenue or the state department of transportation from the examining of reports, returns, or records required to be filed or kept under this chapter shall be treated as confidential and shall not be divulged except to other state officers, a member or members of the general assembly, or any duly appointed committee of either or both houses of the general assembly, or to a representative of the state having some responsibility in connection with the collection of the taxes imposed or in proceedings brought under this chapter. The appropriate state agency may make available to the public on or before forty-five days following the last day of the month in which the tax is required to be paid, the names of suppliers, restrictive suppliers, and importers and as to each of them the total gallons of motor fuel, undyed special fuel, and ethanol-blended gasoline withdrawn from terminals or imported into the state during that month. The department of revenue or the state department of transportation, upon request of officials

entrusted with enforcement of the motor vehicle fuel tax laws of the federal government or any other state, may forward to these officials any pertinent information which the appropriate state agency may have relative to motor fuel and special fuel, provided the officials of the other state furnish like information.

Any person violating this section, and disclosing the contents of any records, returns, or reports required to be kept or made under this chapter, except as otherwise provided, shall be guilty of a simple misdemeanor.

#### 452A.64 Failure to file return — incorrect return.

If a return required by this chapter is not filed, or if a return when filed is incorrect or insufficient and the filer fails to file a corrected or sufficient return within twenty days after the same is required by notice from the appropriate state agency, the appropriate state agency shall determine the amount of tax due. The determination shall be made from all information that the appropriate state agency may be able to obtain and, if necessary, the agency may estimate the tax on the basis of external indices. The appropriate state agency shall give notice of the determination to the person liable for the tax. The determination shall fix the tax unless the person against whom it is assessed shall, within sixty days after the giving of notice of the determination, apply to the director of the appropriate state agency for a hearing or unless the taxpayer contests the determination by paying the tax, interest, and penalty and timely filing a claim for refund. At the hearing, evidence may be offered to support the determination or to prove that it is incorrect. After the hearing, the director shall give notice of the decision to the person liable for the tax. The findings of the appropriate state agency as to the amount of fuel taxes, penalties and interest due from any person shall be presumed to be the correct amount and in any litigation which may follow, the certificate of the agency shall be admitted in evidence, shall constitute a prima facie case and shall impose upon the other party the burden of showing any error in the findings and the extent thereof or that the finding was contrary to law.

**452A.65 Failure to promptly pay fuel taxes — refunds — interest and penalties — successor liability.**

In addition to the tax or additional tax, the taxpayer shall pay a penalty as provided in section 421.27. The taxpayer shall also pay interest on the tax or additional tax at the rate in effect under section 421.7 counting each fraction of a month as an entire month, computed from the date the return was required to be filed. If the amount of the tax as determined by the appropriate state agency is less than the amount paid, the excess shall be refunded with interest, the interest to begin to accrue on the first day of the second calendar month following the date of payment or the date the return was due to be filed, whichever is the latest, at the rate in effect under section 421.7 counting each fraction of a month as an entire month under the rules prescribed by the appropriate state agency. Claims for refund filed under sections 452A.17 and 452A.21 shall accrue interest beginning with the first day of the second calendar month following the date the refund claim is received by the department.

A report required of licensees or persons operating under division III, upon which no tax is due, is subject to a penalty of ten dollars if the report is not timely filed with the state department of transportation.

If a licensee or other person sells the licensee's or other person's business or stock of goods or quits the business, the licensee or other person shall prepare a final return and pay all tax due within the time required by law. The immediate successor to the licensee or other person, if any, shall withhold sufficient of the purchase price, in money or money's worth, to pay the amount of any delinquent tax, interest or penalty due and unpaid. If the immediate successor of the business or stock of goods intentionally fails to withhold any amount due from the purchase price as provided in this paragraph, the immediate successor is personally liable for the payment of the taxes, interest and penalty accrued and unpaid on account of the operation of the business by the immediate former licensee or other person, except when the purchase is made in good faith as provided in section 421.28. However, a person foreclosing on a valid security interest or retaking possession of premises under a valid lease is not an "immediate successor" for purposes of this paragraph. The department may waive the liability of the immediate successor under this paragraph if the immediate successor exercised good faith in establishing the amount of the previous liability.

The appropriate state agency shall administer the taxes imposed by this chapter in the same manner as and subject to section 422.25, subsection 4, and section 423.35.

All the provisions of section 422.26 shall apply in respect to the taxes, penalties, interest, and costs imposed by this chapter excepting that as applied to any tax imposed by this chapter, the lien therein provided shall be prior and paramount over all subsequent liens upon any personal property within this state, or right to such personal property, belonging to the taxpayer without the necessity of recording as therein provided. The requirements for recording shall, as applied to the tax imposed by this chapter, apply only to the liens upon real property. When requested to do so by any person from whom a taxpayer is seeking credit, or with whom the taxpayer is negotiating the sale of any personal property, or by any other person having a legitimate interest in such information, the director shall, upon being satisfied that such a situation exists, inform such person as to the amount of unpaid taxes due by such taxpayer under the provisions of this chapter. The giving of such information under such circumstances shall not be deemed a violation of section 452A.63 as applied to this chapter.

**452A.67 Limitation on collection proceedings.**

The department shall examine the return and enforce collection of any amount of tax, penalty, fine, or interest over and above the amount shown to be due by the return filed by a licensee as soon as practicable but no later than three years after the return is filed. An assessment shall not be made covering a period beyond three years after the return is filed except that the period for the examination and determination of the correct amount of tax is unlimited in the case of a false or fraudulent return made with the intent to evade tax or in the case of a failure to file a return.

The three-year period of limitation may be extended by a taxpayer by signing a waiver agree-

ment form to be provided by the department. The agreement must stipulate the period of extension and the tax period to which the extension applies. The agreement must also provide that a claim for refund may be filed by the taxpayer at any time during the period of extension.

**452A.68 Power of department of revenue or the state department of transportation to cancel licenses.**

If a licensee files a false return of the data or information required by this chapter, or fails, refuses, or neglects to file a return required by this chapter, or to pay the full amount of fuel tax as required by this chapter, or is substantially delinquent in paying a tax due, owing, and administered by the department of revenue, and interest and penalty if appropriate, or if the person is a corporation and if any officer having a substantial legal or equitable interest in the ownership of the corporation owes any delinquent tax of the licensee corporation, or interest or penalty on the tax, administered by the department, then after ten days' written notice by mail directed to the last known address of the licensee setting a time and place at which the licensee may appear and show cause why the license should not be canceled, and if the licensee fails to appear or if upon the hearing it is shown that the licensee failed to correctly report or pay the tax, the appropriate state agency may cancel the license and shall notify the licensee of the cancellation by mail to the licensee's last known address.

If a licensee abuses the privileges for which the license was issued, fails to produce records reasonably requested or fails to extend reasonable cooperation to the appropriate state agency, the licensee shall be advised in writing of a hearing scheduled to determine if the license shall be canceled. The appropriate state agency upon the presentation of a preponderance of evidence may cancel a license for cause.

The director of the appropriate state agency may reissue a license which has been canceled for cause. As a condition of reissuance of a license, in addition to requirements for issuing a new license, the director may require a waiting period not to exceed ninety days before a license can be reissued or a new license issued. The director shall adopt rules specifying those instances for which a waiting period will be required.

Upon receipt of written request from any licensee the appropriate state agency shall cancel the license of the licensee effective on the date of receipt of the request. If, upon investigation, the appropriate state agency finds that a licensee is no

longer engaged in the activities for which a license was issued and has not been so engaged for a period of six months, the state agency shall cancel the license and give thirty days' notice of the cancellation mailed to the last known address of the licensee.

The state agency shall have the power to issue subpoenas including subpoenas duces tecum and to require the attendance of witnesses and the production of books, records and papers. In the event any person shall refuse to obey subpoena, or after appearing refuses to testify, the state agency shall certify the name of the person to the district court of the county where the hearing is being held and the court shall proceed with the witness in the same manner as if the refusal had occurred in open court.

The notice shall give the date of proposed cessation or discontinuance, and, in the event of a proposed sale or transfer of the business, the date and the name and address of the purchaser or transferee. Except as provided in section 452A.54, a person who has paid or has had charged to the person's account with a distributor, dealer, or user fuel taxes imposed under this chapter with respect to motor fuel or undyed special fuel in excess of one hundred gallons, which, while the person is the owner, is subsequently lost or destroyed through leakage, fire, explosion, lightning, flood, storm, or other casualty, except evaporation or unknown causes, shall be entitled to a refund of the tax so paid or charged. To qualify for the refund, the person shall notify the department of revenue in writing of the loss or destruction and the gallonage lost or destroyed within ten days from the date of discovery of the loss or destruction. Within sixty days after filing the notice, the person shall file with the department of revenue an affidavit sworn to by the person having immediate custody of the motor fuel or undyed special fuel at the time of the loss or destruction setting forth in full the circumstances and amount of the loss or destruction and such other information as the department of revenue may require. The refund shall be paid to the licensee immediately.

A refund shall not be made under this section unless a written claim setting forth the circumstances for which the refund should be allowed is filed with the appropriate state agency within three years from the date of the payment of the taxes erroneously or illegally collected or paid.

However, if it is found during an examination by the appropriate state agency that a licensee paid,

as a result of a mistake, an amount of tax, penalty, or interest which was not due, and the mistake is found within three years of the overpayment, the appropriate state agency shall credit the amount against any penalty, interest or taxes due or shall refund the amount to the person.

The annual state permit fee for a distributor, cigarette vendor, and wholesaler is one hundred dollars when the permit is granted during the months of July, August, or September. However, whenever a state permit holder operates more than one place of business, a duplicate state permit shall be issued for each additional place of business on payment of five dollars for each duplicate state permit, but refunds as provided in this division do not apply to any duplicate permit issued.

5. *Application — bond.* Said permits shall be issued only upon applications accompanied by the fee indicated above, and by an adequate bond as provided in section 453A.14, and upon forms furnished by the department upon written request. The failure to furnish such forms shall be no excuse for the failure to file the same unless absolute refusal is shown. Said forms shall set forth:

a. The manner under which such distributor, wholesaler, or retailer, transacts or intends to transact such business as distributor, wholesaler, or retailer.

b. The principal office, residence, and place of business, for which the permit is to apply.

d. Such other information as the director shall by rules prescribe.

7. *Number of permits — trucks.* An application shall be filed and a permit obtained for each place of business owned or operated by a distributor, wholesaler, or retailer, excepting that no permit need be obtained for a delivery or sales truck of a distributor or wholesaler holding a permit, provided that the director may by regulation require that said truck bear the distributor's or wholesaler's name, and that the permit number of the place of business for and from which it operates be conspicuously displayed on the outside of the body of the truck, immediately under the name.

8. *Group business.* Any person who operates both as a distributor and wholesaler in the same place of business shall only be required to obtain a state permit for the particular place of business where such operation of said business is conducted. A separate retail permit, however, shall be required if any distributor or wholesaler sells cigarettes at both retail and wholesale.

9. *Permit — form and contents.* Each permit issued shall describe clearly the place of business for which it is issued, shall be nonassignable, consecutively numbered, designating the kind of permit, and shall authorize the sale of cigarettes in this state subject to the limitations and restrictions herein contained. Every distributing agent in the state, now engaged, or who desires to become engaged, in the business of storing unstamped cigarettes which are received in interstate commerce for distribution or delivery only upon order received from without the state or to be sold outside the state, shall file with the department, an application for a distributing agent's permit, on a form prescribed by the director, to be furnished upon written request. The failure to furnish shall be no excuse for the failure to file the same unless an absolute refusal is shown. 4. In the case of any departmental inspection conducted under this section requiring department personnel to travel outside the state of Iowa, any additional costs incurred by the department for out-of-state travel expenses shall be borne by the permittee. These additional costs shall be those costs in excess of the costs of a similar inspection conducted at the geographical point located within the state of Iowa nearest to the out-of-state inspection point. A retailer may assert only once in a four-year period the bar under either this subsection or subsection 4\* against assessment of a penalty pursuant to subsection 2, for a violation of section 453A.2, that takes place at the same place of business location.

If after any audit, examination of records, or other investigation the department finds that any person has sold cigarettes without stamps affixed or that any person responsible for paying the tax has not done so as required by this division, the department shall fix and determine the amount of tax due, and shall assess the tax against the person, together with a penalty as provided in section 421.27. The taxpayer shall pay interest on the tax or additional tax at the rate determined under section 421.7 counting each fraction of a month as an entire month, computed from the date the tax was due. #### **453A.36 Unlawful acts.**

1. Except as otherwise provided in this division, it is unlawful for any person to have in the person's possession for sale, distribution, or use, or for any other purpose, in excess of forty cigarettes, or to sell, distribute, use, or present as a gift or prize cigarettes upon which a tax is required to be paid by this division, without having affixed to each individual package of cigarettes, the proper stamp evidencing the payment of the tax and the absence of the stamp on the individual package of cigarettes is notice to all persons that the tax has not been paid and is prima facie evidence of the nonpayment of the tax.

2. No person, other than a common carrier and a distributor's truck bearing the distributor's name and permit number in plain view on the outside of such truck, shall transport within this state

cigarettes upon which a tax is required to be paid, without having stamps affixed to each individual package of said cigarettes; and no person shall fail or refuse, upon demand of agent of the department, or any peace officer to stop any vehicle transporting cigarettes for a full and complete inspection of the cargo carried.

3. No person shall use, sell, offer for sale, or possess for the purpose of use or sale, within this state, any previously used stamp or stamps, or attach any such previously used stamps to an individual package of cigarettes, nor shall any person purchase stamps from any person other than the department or sell stamps purchased from the department.

4. No person shall knowingly use, consume, or smoke, within this state, cigarettes upon which a tax is required to be paid, without said tax having been paid.

5. No person, unless the person be the holder of a permit, or the holder's representative, shall solicit the sale of cigarettes, provided that this section shall not prevent solicitation by a nonpermit-holder for the sale of cigarettes to any state permit-holder.

6. Any sales of cigarettes or tobacco products made through a cigarette vending machine are subject to rules and penalties relative to retail sales of cigarettes and tobacco products provided for in this chapter. No cigarettes shall be sold through any cigarette vending machine unless the cigarettes have been properly stamped or metered as provided by this division, and in case of violation of this provision, the permit of the dealer authorizing retail sales of cigarettes shall be canceled. Payment of the license fee as provided in section 453A.13 authorizes a cigarette vendor to sell cigarettes or tobacco products through vending machines. However, cigarettes or tobacco products shall not be sold through a vending machine unless the vending machine is located in a place where the retailer ensures that no person younger than eighteen years of age is present or permitted to enter at any time. This section does not require a retail licensee to buy a cigarette vendor's permit if the retail licensee is in fact the owner of the cigarette vending machines and the machines are operated in the location described in the retail permit.

7. It shall be unlawful for a person other than a holder of a retail permit to sell cigarettes at retail. No state permit holder shall sell or distribute cigarettes at wholesale to any person in the state of Iowa who does not hold a permit authorizing the retail sale of cigarettes or who does not hold a state permit as a manufacturer, distributing agent, wholesaler, or distributor.

8. It is unlawful for a person to ship or import into the state, or to offer for sale, sell, distribute, transport, or possess within this state, cigarettes or tobacco products previously exported from or manufactured for use outside the United States.

9. *a.* It is unlawful for a person to ship or import into this state or to offer for sale, sell, distribute, transport, or possess counterfeit cigarettes, knowing such cigarettes are counterfeit cigarettes or having reasonable cause to believe that such cigarettes are counterfeit cigarettes.

*b.* For purposes of this subsection and section 453A.32, “*counterfeit cigarettes*” means cigarettes, packages of cigarettes, cartons of cigarettes or other containers of cigarettes with a label, trademark, service mark, trade name, device, design, or word adopted or used by a cigarette manufacturer to identify its product that is false or used without authority of the cigarette manufacturer.

Violation of this section by the holder of a distributor’s, wholesaler’s or manufacturer’s permit shall be grounds for the revocation of such permit.

The distributor receiving the shipment shall send an affidavit to the director stating the shipment information, including the date shipped, quantity, and from whom the samples were shipped. These affidavits shall be duly notarized and submitted to the director at the time of shipment and receipt of the samples. 2. Every application for such a license shall be made on a form prescribed by the director and shall state the name and address of the applicant; if the applicant is a firm, partnership, or association, the name and address of each of its members; if the applicant is a corporation, the name and address of each of its officers; the address of its principal place of business; the place where the business to be licensed is to be conducted; and such other information as the director may require for the purpose of the administration of this division.

3. A person without this state who ships or transports tobacco products to retailers in this state, to be sold by those retailers, may make application for a license as a distributor, be granted a license by the director, and thereafter be subject to all the provisions of this division and entitled to act as a licensed distributor.

4. Each application for a distributor's license shall be accompanied by a fee of one hundred dollars, except that an applicant holding a permit pursuant to division I of this chapter shall not be required to pay an additional fee. The application shall be accompanied by a corporate surety bond issued by a surety licensed to do business in this state, in the sum of one thousand dollars, conditioned upon the true and faithful compliance by the distributor with all the provisions of this division and the payment when due of all taxes, penalties and accrued interest arising in the ordinary course of business or by reason of any delinquent money which may be due the state of Iowa. This bond shall be in a form to be fixed by the director and approved by the attorney general. Whenever it is the opinion of the director that the bond given by a licensee is inadequate in amount to fully protect the state, the director shall require either an increase in the amount of said bond or additional bond, in such amount as the director deems sufficient. Any bond required by this division, or a reissue thereof, or a substitute therefor, shall be kept in full force and effect during the entire period covered by the license.

A separate application for license shall be made for each place of business where a distributor proposes to engage in business as such under this division.

7. The director, upon receipt of the application (and bond, in the case of the distributor) in proper form, and payment of the license fee required by subsection 4 or subsection 5, shall unless otherwise provided by this division, issue the applicant a license in form as prescribed by the director, which license shall permit the applicant to whom it is issued to engage in business as a distributor or subjobber at the place of business shown in the application. The director shall assign a permit number to each person licensed as a distributor at the time of issuance of the person's first license, which shall be inscribed upon all licenses issued to that distributor.

8. Each license shall expire on June 30 following its date of issue unless sooner revoked by the director or unless the business with respect to which the license was issued is transferred. In either case the holder of the license shall immediately surrender it to the director.

9. No license shall be transferable to any other person.

10. The director may revoke, cancel, or suspend the license or licenses of any distributor or subjobber for violation of any of the provisions of this division, or any other act applicable to the sale of tobacco products, or any rule or regulations promulgated by the director in furtherance of this division. No license shall be revoked, canceled, or suspended except after notice and a hearing by the director as provided in section 453A.48.

11. No license shall be issued under this division to any person within one year of the date of final determination of a revocation of any previous license held by the person.

12. When the surety upon any bond issued pursuant to the provisions of this division shall have fulfilled the conditions of such bond and compensated the state for any loss occasioned by any act or omission of the person bonded under this division, such surety shall be subrogated to all the rights of the state in connection with the transaction wherein such loss occurred.

#### **453A.45 Licensees, duties.**

1. Every distributor shall keep at each licensed place of business complete and accurate records for that place of business, including itemized invoices, of tobacco products held, purchased, manufactured, brought in or caused to be brought

in from without the state, or shipped or transported to retailers in this state, and of all sales of tobacco products made, except sales to the ultimate consumer.

When a licensed distributor sells tobacco products exclusively to the ultimate consumer at the address given in the license, an invoice of those sales is not required, but itemized invoices shall be made of all tobacco products transferred to other retail outlets owned or controlled by that licensed distributor. All books, records and other papers and documents required by this subdivision to be kept shall be preserved for a period of at least three years after the date of the documents or the date of the entries appearing in the records, unless the director, in writing, authorized their destruction or disposal at an earlier date. At any time during usual business hours, the director, or the director's duly authorized agents or employees, may enter any place of business of a distributor, without a search warrant, and inspect the premises, the records required to be kept under this subdivision, and the tobacco products contained therein, to determine if all the provisions of this division are being fully complied with. If the director, or any such agent or employee, is denied free access or is hindered or interfered with in making the examination, the license of the distributor at that premises is subject to revocation by the director.

2. Every person who sells tobacco products to persons other than the ultimate consumer shall render with each sale itemized invoices showing the seller's name and address, the purchaser's name and address, the date of sale, and all prices and discounts. The person shall preserve legible copies of all these invoices for three years from the date of sale.

3. Every retailer and subjobber shall procure itemized invoices of all tobacco products purchased. The invoices shall show the name and address of the seller and the date of purchase. The retailer and subjobber shall preserve a legible copy of each invoice for three years from the date of purchase. Invoices shall be available for inspection by the director or the director's authorized agents or employees at the retailer's or subjobber's place of business.

4. Records of all deliveries or shipments of tobacco products from any public warehouse of first destination in this state which is subject to the provisions of and licensed under chapter 554 shall be kept by the warehouse and be available to the director for inspection. They shall show the name and address of the consignee, the date, the quantity of tobacco products delivered, and such other information as the commissioner may require. These records shall be preserved for three years from the date of delivery of the tobacco products.

5. The transportation of tobacco products into this state by means other than common carrier must be reported to the director within thirty days with the following exceptions:

a. The transportation of not more than fifty cigars, not more than ten ounces of snuff or snuff powder, or not more than one pound of smoking or chewing tobacco or other tobacco products not specifically mentioned herein;

b. Transportation by a person with a place of business outside the state, who is licensed as a distributor under section 453A.44, or tobacco products sold by such person to a retailer in this state.

Such report shall be made on forms provided by the director.

Common carriers transporting tobacco products into this state shall file with the director reports of all such shipments other than those which are delivered to public warehouses of first destination in this state which are licensed under the provisions of chapter 554. Such reports shall be filed on or before the tenth day of each month and shall show with respect to deliveries made in the preceding month; the date, point of origin, point of delivery, name of consignee, description and quantity of tobacco products delivered, and such information as the director may otherwise require.

Any person who fails or refuses to transmit to the director the required reports or whoever refuses to permit the examination of the records by the director shall be guilty of a simple misdemeanor.

**453A.46 Distributors, monthly returns — interest, penalties.**

1. On or before the twentieth day of each calendar month every distributor with a place of business in this state shall file a return with the director showing the quantity and wholesale sales price of each tobacco product brought, or caused to be brought, into this state for sale; and made, manufactured, or fabricated in this state for sale in this state, during the preceding calendar month. Every licensed distributor outside this state shall in like manner file a return showing the quantity and wholesale sales price of each tobacco product shipped or transported to retailers in this state to be sold by those retailers, during the preceding calendar month. Returns shall be made upon forms furnished and prescribed by the director and shall contain other information as the director may require. Each return shall be accompanied by a remittance for the full tax liability shown on the return, less a discount as fixed by the director not to exceed five percent of the tax. Within three years after the return is filed or within three years after the return became due, whichever is later, the department shall examine it, determine the correct amount of tax, and assess the tax against

the taxpayer for any deficiency. The period for examination and determination of the correct amount of tax is unlimited in the case of a false or fraudulent return made with the intent to evade tax, or in the case of a failure to file a return.

The three-year period of limitation may be extended by a taxpayer by signing a waiver agreement form to be provided by the department. The agreement must stipulate the period of extension and the tax period to which the extension applies. The agreement must also provide that a claim for refund may be filed by the taxpayer at any time during the period of extension.

2. All taxes shall be due and payable not later than the twentieth day of the month following the calendar month in which they were incurred, and shall bear interest at the rate in effect under section 421.7 counting each fraction of a month as an entire month, computed from the date the tax was due.

The director may reduce or abate interest when in the director's opinion the facts warrant the reduction or abatement. The exercise of this power shall be subject to the approval of the attorney general.

3. In addition to the tax or additional tax, the taxpayer shall pay a penalty as provided in section 421.27.

4. The department shall notify any person assessed pursuant to this section by sending a written notice of the determination by mail to the principal place of business of the person as shown on the person's application for permit, and if an application was not filed by the person, to the person's last known address. A determination by the department of the amount of tax, penalty, and interest due, or the amount of refund for excess tax paid, is final, unless the person aggrieved by the determination appeals to the director for a revision of the determination within sixty days from the date of the notice of determination of tax, penalty, and interest or refund owing or unless the taxpayer contests the determination by paying the tax, interest, and penalty and timely filing a claim for refund. The director shall grant a hearing and upon the hearing, the director shall determine the correct tax, penalty, and interest or refund due and notify the appellant of the decision by mail. Judicial review of action of the director may be sought in accordance with chapter 17A and section 422.29.

5. The director may recover the amount of any tax due and unpaid, interest, and any penalty in a civil action. The collection of such a tax, interest, or penalty shall not be a bar to any prosecution under this division.

ment, the fiscal soundness of the state, and the public health.

1. *Certification.* A tobacco product manufacturer whose cigarettes are sold in this state, whether directly or through a stamping agent, distributor, retailer, or similar intermediary or intermediaries, shall execute and deliver on a form and in the manner prescribed by the attorney general, a certification to the director and the attorney general, no later than April 30 of each year, certifying

under penalty of perjury that, as of the date of the certification, the tobacco product manufacturer is either a participating manufacturer or is in full compliance with chapter 453C, including all quarterly installment payments required by rule.

a. A participating manufacturer shall include in the participating manufacturer’s certification a list of the participating manufacturer’s brand families. The participating manufacturer shall update the list thirty calendar days prior to any addition to or modification of the participating manufacturer’s brand families by executing and delivering a supplemental certification to the attorney general and the director.

b. A nonparticipating manufacturer shall include in its certification all of the following:

(1) A list of all of the nonparticipating manufacturer’s brand families and the number of units sold for each brand family that was sold in the state during the preceding calendar year.

(2) A list of all of the nonparticipating manufacturer’s brand families that have been sold in the state at any time during the current calendar year.

(3) An indication, by an asterisk, of any brand family sold in the state during the preceding calendar year that is no longer being sold in the state as of the date of such certification.

(4) Identification by name and address of any other manufacturer of such brand families in the preceding or current calendar year.

The nonparticipating manufacturer shall update the list thirty calendar days prior to any addition to or modification of the nonparticipating manufacturer’s brand families by executing and delivering a supplemental certification to the attorney general and the director.

(d) The amount and date of any withdrawal or transfer made at any time by the nonparticipating manufacturer from the qualified escrow fund or from any other qualified escrow fund into which the nonparticipating manufacturer made escrow payments at any time pursuant to chapter 453C and any rules adopted pursuant to chapter 453C.

d. A tobacco product manufacturer shall not include a brand family in the tobacco product manufacturer's certification unless one of the following applies, as applicable:

(1) In the case of a participating manufacturer, the participating manufacturer affirms that the brand family is to be deemed to be the participating manufacturer's cigarettes for purposes of calculating the participating manufacturer's payments under the master settlement agreement for the relevant year, in the volume and shares determined pursuant to the master settlement agreement.

(2) In the case of a nonparticipating manufacturer, the nonparticipating manufacturer affirms that the brand family is to be deemed to be the nonparticipating manufacturer's cigarettes for the purposes of chapter 453C.

This section shall not be construed as limiting or otherwise affecting the state's right to maintain that a brand family constitutes cigarettes of a different tobacco product manufacturer for purposes of calculating payments under the master settlement agreement or for purposes of chapter 453C.

e. Tobacco product manufacturers shall maintain all invoices and documentation of sales and other information relied upon for certification for a period of five years, unless otherwise required by law to maintain invoices and documentation for a greater period of time.

2. *Directory of cigarettes approved for stamping and sale.* The director shall develop and publish on the department's website a directory listing all tobacco product manufacturers that have provided current and accurate certification conforming to the requirements of subsection 1 and all brand families that are listed in the certification, with the following exceptions:

a. The director shall not include or retain in the directory the name or brand families of any nonparticipating manufacturer that has failed to provide the required certification or whose certification the attorney general determines is not in compliance with subsection 1, paragraphs "b" and "c", unless the attorney general has determined that the violation has been cured to the satisfaction of the attorney general.

b. A tobacco product manufacturer and a brand family shall not be included or retained in

the directory if the attorney general concludes, in the case of a nonparticipating manufacturer, that either of the following applies:

(1) Any escrow payment required pursuant to chapter 453C for any period for any brand family, whether or not listed by the nonparticipating manufacturer, has not been fully paid into a qualified escrow fund governed by a qualified escrow agreement that has been approved by the attorney general.

(2) Any outstanding final judgment, including interest on the judgment, for a violation of chapter 453C has not been fully satisfied for the brand family or the nonparticipating manufacturer.

c. The director shall update the directory as necessary in order to correct mistakes and to add or remove a tobacco product manufacturer or brand family to keep the directory in conformity with the requirements of this chapter.

d. Stamping agents and distributors shall provide and update as necessary an electronic mail address to the director for the purpose of receiving any notifications as may be required by this chapter.

3. *Prohibition against stamping, sale, or import of cigarettes not included in the directory.* It shall be unlawful for any person to do any of the following:

a. Affix a stamp to a package or other container of cigarettes of a tobacco product manufacturer or brand family not included in the directory.

#### **453D.4 Agent for service of process.**

1. A nonresident or foreign nonparticipating manufacturer that has not registered to do business in the state as a foreign corporation or business entity shall, as a condition precedent to having the nonparticipating manufacturer's brand family included or retained in the directory, appoint and continually engage without interruption the services of an agent in this state to act as agent for service of process on whom all process, and any action or proceeding against the nonparticipating manufacturer concerning or arising out of the enforcement of this chapter or chapter 453C, may be served in any manner authorized by law. The service shall constitute legal and valid service of process on the nonparticipating manufacturer. The nonparticipating manufacturer shall provide the name, address, telephone number, and proof of the appointment and availability of the agent to, and to the satisfaction of, the director and the attorney general.

2. The nonparticipating manufacturer shall provide notice to the director and the attorney general thirty calendar days prior to termination of the authority of an agent and shall further provide

proof to the satisfaction of the attorney general of the appointment of a new agent at least five calendar days prior to the termination of the existing agent appointment. In the event an agent terminates an agency appointment, the nonparticipating manufacturer shall notify the director and the attorney general of the termination within five calendar days and shall include proof to the satisfaction of the attorney general of the appointment of a new agent.

3. A nonparticipating manufacturer whose products are sold in this state, who has not appointed or designated an agent as required, shall be deemed to have appointed the secretary of state as agent and may be proceeded against in the courts of this state by service of process upon the secretary of state. However, the appointment of the secretary of state as agent shall not satisfy the condition precedent for having the brand families of the nonparticipating manufacturer included or retained in the directory.

2003 Acts, ch 97, §4, 13

#### **453D.5 Reporting of information — escrow installments.**

1. No later than twenty calendar days after the end of each calendar quarter, and more frequently if so directed by the director, each stamping agent and distributor shall submit information as the director requires to facilitate compliance with this chapter, including but not limited to a list by brand family of the total number of cigarettes, or, in the case of roll-your-own tobacco, the equivalent stick count, for which the stamping agent or distributor affixed stamps during the previous calendar quarter or otherwise paid the tax due for the cigarettes. The stamping agent and distributor shall maintain, and make available to the director, all invoices and documentation of sales of all nonparticipating manufacturer cigarettes and any other information relied upon in reporting to the director for a period of five years. Violations of this subsection are subject to civil penalties as established in section 453A.31, subsection 2.

2. The director may disclose to the attorney general any information received under this chapter and requested by the attorney general for purposes of determining compliance with and enforcing this chapter. The director and attorney general shall share with each other the information received under this chapter, and may share the information with other federal, state, or local agencies only for purposes of enforcement of this chapter, chapter 453C, or corresponding laws of other states.

3. The attorney general may require at any time from a nonparticipating manufacturer proof from the financial institution in which the nonparticipating manufacturer has established a qualified escrow fund for the purpose of compliance

with chapter 453C, of the amount of money in the qualified escrow fund, exclusive of interest, the amount and date of each deposit into the qualified escrow fund, and the amount and date of each withdrawal from the qualified escrow fund.

4. In addition to the information required to be submitted pursuant to chapter 453C or this chapter, the director or the attorney general may require a stamping agent, distributor, or tobacco product manufacturer to submit any additional information, including but not limited to samples of the packaging or labeling of each brand family, as necessary to enable the attorney general to determine compliance by the tobacco product manufacturer with this chapter.

5. To promote compliance with this chapter, the attorney general may adopt rules requiring a tobacco product manufacturer subject to the requirements of section 453D.3, subsection 1, paragraph “b”, to make the escrow deposits required in quarterly installments during the year in which the sales covered by the deposits are made. The director or the attorney general may require production of information sufficient to enable the attorney general to determine the adequacy of the amount of the installment deposit.

Each stamp affixed and each sale or offer to sell cigarettes in violation of section 453D.3, subsection 3, shall constitute a separate violation. For each violation, the director may also impose a civil penalty in an amount not to exceed the greater of five hundred percent of the retail value of the cigarettes or five thousand dollars upon a determination of violation of section 453D.3, subsection 3, or any rules adopted pursuant to section 453D.3, subsection 3. stamping agent or distributor and to compel the stamping agent or distributor to comply with these sections. In any action brought pursuant to this section, the state shall be entitled to recover the costs of investigation, expert witness fees, costs of the action, and reasonable attorney fees.

4. It shall be unlawful for a person to sell or distribute cigarettes or acquire, hold, own, possess, transport, import, or cause to be imported cigarettes that the person knows or should know are intended for distribution or sale in the state in violation of section 453D.3, subsection 3. A violation of this subsection is a serious misdemeanor.

4. In any action brought by the state to enforce this chapter, the state shall be entitled to recover the costs of the investigation, expert witness fees, costs of the action, and reasonable attorney fees.

**455A.14** Reserved.RESOURCES ENHANCEMENT AND  
PROTECTION**455A.15 Legislative findings.**

The general assembly finds that:

1. The citizens of Iowa have built and sustained their society on Iowa's air, soils, waters, and rich diversity of life. The well-being and future of Iowa depend on these natural resources.

2. Many human activities have endangered Iowa's natural resources. The state of Iowa has lost ninety-nine and nine-tenths percent of its prairies, ninety-eight percent of its wetlands, eighty percent of its woodlands, fifty percent of its topsoils, and more than one hundred species of wildlife since settlement in the early 1800's. There has been a significant deterioration in the quality of Iowa's surface waters and groundwaters.

3. The long-term effects of Iowa's natural resource losses are not completely known or understood, but detrimental effects are already apparent. Prevention of further loss is therefore imperative.

4. The air, waters, soils, and biota of Iowa are interdependent and form a complex ecosystem. Iowans have the right to inherit this ecosystem in a sustainable condition, without severe or irreparable damage caused by human activities.

89 Acts, ch 236, §2

**455A.16 State resource enhancement policy.**

It is the policy of the state of Iowa to protect its natural resource heritage of air, soils, waters, and wildlife for the benefit of present and future citizens with the establishment of a resource enhancement program. The program shall be a long-term integrated effort to wisely use and protect Iowa's natural resources through the acquisition and management of public lands; the upgrading of public park and preserve facilities; environmental education, monitoring, and research; and other environmentally sound means. The resource enhancement program shall strongly encourage Iowans to develop a conservation ethic, and to make necessary changes in our activities to develop and preserve a rich and diverse natural environment.

The director shall certify before the twentieth of each month the portions of the fund resulting from the previous month's receipts to be allocated to the various accounts.

2. The auditor of state or a certified public accountant firm appointed by the auditor of state shall conduct annual audits of all accounts and transactions of the fund.

#### **455A.19 Allocation of fund proceeds.**

1. Upon receipt of any revenue, the director shall deposit the moneys in the Iowa resources enhancement and protection fund created pursuant to section 455A.18. The first three hundred fifty thousand dollars of the funds received for deposit in the fund annually shall be allocated to the conservation education program board for the purposes specified in section 455A.21. One percent of the revenue receipts shall be deducted and transferred to the administration fund provided for in section 456A.17. All of the remaining receipts shall be allocated to the following accounts:

*a.* Twenty-eight percent shall be allocated to the open spaces account. At least ten percent of the allocations to the account shall be made available to match private funds for open space projects on the cost-share basis of not less than twenty-five percent private funds pursuant to the rules adopted by the natural resource commission. Five percent of the funds allocated to the open spaces account shall be used to fund the protected waters program. This account shall be used by the department to implement the statewide open space acquisition, protection, and development programs.

The department shall give priority to acquisition and control of open spaces of statewide significance. The department shall also use these funds for developments on state property. The total cost of an open spaces project funded under this paragraph "a" shall not exceed two million dollars unless a public hearing is held on the project in the area of the state affected by the project. However, on and after July 1, 1994, the following shall apply:

(1) If the total amount appropriated by the general assembly to the resources enhancement and protection fund, in any fiscal year as defined

in section 8.36, is seven million dollars or more, not more than seventy-five percent of moneys in the open spaces account shall be allocated or obligated during that fiscal year to support a single project.

(2) If the total amount appropriated by the general assembly to the resources enhancement and protection fund, in any fiscal year as defined in section 8.36, is less than seven million dollars, not more than fifty percent of moneys in the open spaces account shall be allocated or obligated during that fiscal year to support a single project.

Political subdivisions of the state shall be reimbursed for property tax dollars lost to open space acquisitions based on the reimbursement formula provided for in section 465A.4. There is appropriated from the open spaces account to the department the amount in that account, or so much thereof as is necessary, to carry out the open spaces program as specified in this paragraph "a". An appropriation made under this paragraph "a" shall continue in force for two fiscal years after the fiscal year in which the appropriation was made or until completion of the project. All unencumbered or unobligated funds remaining at the close of the fiscal year in which the project is completed or at the close of the final fiscal year, whichever date is earlier, shall revert to the open spaces account.

*b.* Twenty percent shall be allocated to the county conservation account.

(1) Thirty percent of the allocation to the county conservation account annually shall be allocated to each county equally.

(2) Thirty percent of the allocation to the county conservation account annually shall be allocated to each county on a per capita basis.

(3) Forty percent of the allocation to the county conservation account annually shall be held in an account in the state treasury for the natural resource commission to award to counties on a competitive grant basis by a project selection committee established in this subparagraph. Local matching funds are not required for grants awarded under this subparagraph. The project planning and review committee shall be composed of two staff members of the department and two county conservation board directors appointed by the director and a fifth member selected by a majority vote of the director's appointees. The natural resource commission, by rule, shall establish procedures for application, review, and selection of county projects submitted for funding. Upon recommendation of the project planning and review committee, the director shall award the grants.

(4) Funds allocated to the counties under subparagraphs (1), (2), and (3) may be used for land easements or acquisitions, capital improvements, stabilization and protection of resources, repair and upgrading of facilities, environmental education, and equipment. However, expenditures are not allowed for single or multipurpose athletic

fields, baseball or softball diamonds, tennis courts, golf courses, swimming pools, and other group or organized sport facilities. Funds may be used for county projects located within the boundaries of a city.

(5) Funds allocated pursuant to subparagraphs (2) and (3) shall only be allocated to counties dedicating property tax revenue at least equal to twenty-two cents per thousand dollars of the assessed value of taxable property in the county to county conservation purposes. State funds received under this paragraph shall not reduce or replace county tax revenues appropriated for county conservation purposes. The county auditor shall submit documentation annually of the dedication of property tax revenue for county conservation purposes. The annual audit of the financial transactions and condition of a county shall certify compliance with requirements of this subparagraph. Funds not allocated to counties not qualifying for the allocations under subparagraph (2) as a result of this subparagraph shall be held in reserve for each county for two years. Counties qualifying within two years may receive the funds held in reserve. Funds not spent by a county within two years shall revert to the general pool of county funds for reallocation to other counties where needed.

(6) Each board of supervisors shall create a special resource enhancement account in the office of county treasurer and the county treasurer shall credit all resource enhancement funds received from the state in that account. Notwithstanding section 12C.7, all interest earned on funds in the county resource enhancement account shall be credited to that account and used for the purposes authorized for that account.

(7) There is appropriated from the county conservation account to the department the amount in that account, or so much thereof as is necessary, to fund the provisions of this paragraph. An appropriation made under this paragraph shall continue in force for two fiscal years after the fiscal year in which the appropriation was made or until completion of the project for which the appropriation was made, whichever date is earlier. All unencumbered or unobligated funds remaining at the close of the fiscal year in which a project funded pursuant to subparagraph (3) is completed or at the close of the third fiscal year, whichever date is earlier, shall revert to the county conservation account.

(8) Any funds received by a county under this paragraph may be used to match other state or federal funds, and multicounty or multiagency projects may be funded under this paragraph.

c. Twenty percent shall be allocated to the soil and water enhancement account. The moneys shall be used to carry out soil and water enhancement programs including, but not limited to, reforestation, woodland protection and enhancement, wildlife habitat preservation and enhancement,

protection of highly erodible soils, and clean water programs. The division of soil conservation, by rule, shall establish procedures for eligibility, application, review, and selection of projects and practices to implement the requirements of this paragraph. There is appropriated from the soil and water enhancement account to the soil conservation division the amount in that account, or so much thereof as is necessary, to carry out the programs as specified in this paragraph. Remaining funds of the soil and water enhancement account shall be allocated to the accounts of the water protection fund authorized in section 161C.4. Annually, fifty percent of the soil and water enhancement account funds shall be allocated to the water quality protection projects account. The balance of the funds shall be allocated to the water protection practices account. An appropriation made under this paragraph shall continue in force for two fiscal years after the fiscal year in which the appropriation was made or until completion of the project for which the appropriation was made, whichever date is earlier. All unencumbered or unobligated funds remaining at the close of the fiscal year in which the project is completed or at the close of the third fiscal year, whichever date is earlier, shall revert to the soil and water enhancement account.

d. Fifteen percent shall be allocated to a cities' parks and open space account. The moneys allocated in this paragraph may be used to fund competitive grants to cities to acquire, establish, and maintain natural parks, preserves, and open spaces. The grants may include expenditures for multipurpose trails, restroom facilities, shelter houses, and picnic facilities, but expenditures for single or multipurpose athletic fields, baseball or softball diamonds, tennis courts, golf courses, swimming pools, and other group or organized sport facilities requiring specialized equipment are excluded. The grants may be used for city projects located outside of a city's boundaries. The natural resource commission, by rule, shall establish procedures for application, review, and selection of city projects on a competitive basis. The rules shall provide for three categories of cities based on population within which the cities shall compete for grants. There is appropriated from the cities' parks and open space account to the department the amount in that account, or so much thereof as is necessary, to carry out the competitive grant program as provided in this paragraph.

e. Nine percent shall be allocated to the state land management account. The department shall use the moneys allocated to this account for maintenance and expansion of state lands and related facilities under its jurisdiction. The authority to expand state lands and facilities under this paragraph is limited to expansion of the state lands and facilities already owned by the state. There is appropriated from the state land management account to the department the moneys in that ac-

count, or so much thereof as is necessary, to implement a maintenance and expansion program for state lands and related facilities under the jurisdiction of the department.

*f.* Five percent shall be allocated to the historical resource grant and loan fund established pursuant to section 303.16. The department of cultural affairs shall use the moneys allocated to this fund to implement historical resource development programs as provided under section 303.16.

*g.* Three percent shall be allocated to the living roadway account for distribution to the living roadway trust fund created under section 314.21 for the development and implementation of integrated roadside vegetation plans.

2. The moneys appropriated under this section shall remain in the appropriate account of the Iowa resources enhancement and protection fund until such time as the agency, board, commission, or overseer of the fund to which moneys are appropriated has made a request to the treasurer for use of moneys appropriated to it and the amount needed for that use. Notwithstanding section 8.33, moneys remaining of the appropriations made for a fiscal year from any of the accounts within the Iowa resources enhancement and protection fund on June 30 of that fiscal year, shall not revert to any fund but shall remain in that account to be used for the purposes for which they were appropriated and the moneys remaining in that account shall not be considered in making the allotments for the next fiscal year.

However, any moneys in excess of five hundred thousand dollars, remaining in the living roadway account under subsection 1, paragraph “g”, on June 30 shall revert to the resources enhancement and protection fund under this section for distribution pursuant to the formula under this section except for subsection 1, paragraph “g”. That proportion of moneys that would have been reallocated to subsection 1, paragraph “g”, shall be distributed to the open spaces account under subsection 1, paragraph “a”.

#### **455B.103A General permits — stormwater discharge — air contaminant sources.**

1. If a permit is required pursuant to this chapter or chapter 459 for stormwater discharge or an air contaminant source and a facility to be permitted is representative of a class of facilities which could be described and conditioned by a single permit, the director may issue, modify, deny, or revoke a general permit for all of the following conditions:

*a.* If adoption of a general permit is proposed, the terms, conditions, and limitations of the permit shall be drafted into a notice of intended action and adopted in accordance with the provisions of chapter 17A as a rule of the department. The same process of adoption shall be used for modification of a general permit.

*b.* Following the effective date of a general permit, a person proposing to conduct activities covered by the general permit shall provide a notice of intent to conduct a covered activity on a form provided by the department. A person shall also provide public notice of intent to conduct activities covered under the general permit by publishing notice in two newspapers with the largest circulation in the area in which the facility is located. Notice of the discontinuation of a permitted activity shall be provided in the same manner.

*c.* If the department finds that a proposed activity is not covered by a general permit, the department shall notify the affected person and shall

provide the person with a permit application if the practice is one which could be authorized by individual permit.

*d.* A person holding an existing permit is subject to the terms of the existing permit until it expires. If the person holding an existing permit continues the activity beyond the expiration date of the existing permit, an applicable, approved general permit shall become effective.

*e.* A variance or alteration of the terms and conditions of a general permit shall not be granted. If a variance or modification of an operation authorized by a general permit is desired, the applicant shall apply for an individual permit.

*f.* The department shall perform on-site inspections and review monitoring data to assess the effectiveness of general permits. If a significant adverse environmental problem exists for an individual facility or class of facilities due to regulation under a general permit, the facility or class of facilities shall be required to obtain individual permits.

*g.* The department shall establish a procedure for the filing of complaints by persons believing themselves to be adversely affected by the environmental impact of the discharge of a facility operating under a general permit under this section.

2. General permits are not subject to the requirements applicable to individual permits.

3. Three years after the adoption of a general permit by rule, the department shall assess the activities which have been conducted under the general permit and determine whether any significant adverse environmental consequences have resulted.

4. An applicant to be covered under a general permit shall pay a permit fee, as established by rule of the commission, which is sufficient in the aggregate to defray the costs of the permit program. Moneys collected shall be remitted to the department.

5. The enforcement provisions of division II of this chapter and chapter 459, subchapter II, apply to general permits for air contaminant sources. The enforcement provisions of division III, part 1, of this chapter and chapter 459, subchapter III, apply to general permits for stormwater discharge.

#### **455B.104 Departmental duties — permits — assistance.**

1. The department shall either approve or deny a permit to a person applying for a permit under this chapter within six months from the date that the department receives a completed application for the permit. An application which is not approved or denied within the six-month period shall be approved by default. The department shall issue a permit to the applicant within ten days fol-

lowing the date of default approval. However, this subsection shall not apply to applications for permits which are issued under division II or division IV, parts 2 through 7.

2. The department shall assist persons applying for assistance to establish and operate renewable fuel production facilities pursuant to the value-added agricultural products and processes financial assistance program established in section 15E.111.

#### **455B.105 Powers and duties of the commission.**

The commission shall:

1. Establish policy for the implementation of programs under its jurisdiction. The commission shall appoint advisory committees to advise the commission and the director in carrying out their respective powers and duties.

2. Advise, consult, and co-operate with other agencies of the state, political subdivisions, and any other public or private agency to promote the orderly, efficient, and effective accomplishment of its responsibilities.

3. Adopt, modify, or repeal rules necessary to implement this chapter and chapter 459, and the rules deemed necessary for the effective administration of the department. When the commission proposes or adopts rules to implement a specific federal environmental program and the rules impose requirements more restrictive than the federal program being implemented requires, the commission shall identify in its notice of intended action or adopted rule preamble each rule that is more restrictive than the federal program requires and shall state the reasons for proposing or adopting the more restrictive requirement. In addition, the commission shall include with its reasoning a financial impact statement detailing the general impact upon the affected parties. It is the intent of the general assembly that the commission exercise strict oversight of the operations of the department. The rules shall include departmental policy relating to the disclosure of information on a violation or alleged violation of the rules, standards, permits or orders issued by the department and keeping of confidential information obtained by the department in the administration and enforcement of this chapter and chapter 459. Rules adopted by the executive committee before January 1, 1981, shall remain effective until modified or rescinded by action of the commission.

4. Issue orders and directives necessary to insure integration and coordination of the programs administered by the department.

5. Make a concise annual report to the governor and the general assembly, which report shall contain information relating to the accomplish-

ments and status of the programs administered by the department and include recommendations for legislative action which may be required to protect or enhance the environment or to modernize the operation of the department or any of the programs or services assigned to the department and recommendations for the transfer of powers and duties of the department as deemed advisable by the commission. The annual report shall conform to the provisions of section 7A.3.

6. Approve all contracts and agreements under this chapter and chapter 459 between the department and other public or private persons or agencies.

7. Obtain an adequate public employees fidelity bond to cover those officers and employees of the department accountable for property or funds of this state.

8. Hold public hearings, except when the evidence to be received is confidential pursuant to this chapter, chapter 22, or chapter 459, necessary to carry out its powers and duties. The commission may issue subpoenas requiring the attendance of witnesses and the production of evidence pertinent to the hearings. A subpoena shall be issued and enforced in the same manner as provided in civil actions.

9. Upon request of at least four members of the commission before adopting or modifying a rule, the director shall prepare and publish with the notice required under section 17A.4, subsection 1, paragraph "a", a comprehensive estimate of the economic impact of the proposed rule or modification.

10. Appoint a water coordinator who shall coordinate requests from the public for information or assistance relating to the administration of water resources laws and programs and the resolution of water-related problems.

11. *a.* Adopt, by rule, procedures and forms necessary to implement the provisions of this chapter and chapter 459 relating to permits, conditional permits, and general permits. The commission may also adopt, by rule, a schedule of fees for permit and conditional permit applications and a schedule of fees which may be periodically assessed for administration of permits and conditional permits. In determining the fee schedules, the commission shall consider:

(1) The state's reasonable cost of reviewing applications, issuing permits and conditional permits, and checking compliance with the terms of the permits.

(2) The relative benefits to the applicant and to the public of permit and conditional permit review, issuance, and monitoring compliance.

It is the intention of the legislature that permit fees shall not cover any costs connected with correcting violation of the terms of any permit and shall not impose unreasonable costs on any municipality.

(3) The typical costs of the particular types of projects or activities for which permits or conditional permits are required, provided that in no circumstances shall fees be in excess of the actual costs to the department.

*b.* Except as otherwise provided in this chapter and chapter 459, fees collected by the department under this subsection shall be remitted to the treasurer of state and credited to the general fund of the state.

**455B.109 Schedule of fines — violations.**

1. The commission shall establish, by rule, a schedule or range of civil penalties which may be administratively assessed. The schedule shall provide procedures and criteria for the administrative assessment of penalties of not more than ten thousand dollars for violations of this chapter\* or rules, permits or orders adopted or issued under this chapter.\* In adopting a schedule or range of penalties and in proposing or assessing a penalty, the commission and director shall consider among other relevant factors the following:

*a.* The costs saved or likely to be saved by non-

compliance by the violator.

- b. The gravity of the violation.
- c. The degree of culpability of the violator.
- d. The maximum penalty authorized for that violation under this chapter.\*

Penalties may be administratively assessed only after an opportunity for a contested case hearing which may be combined with a hearing on the merits of the alleged violation. Violations not fitting within the schedule, or violations which the commission determines should be referred to the attorney general for legal action shall not be governed by the schedule established under this subsection.

2. When the commission establishes a schedule for violations, the commission shall provide, by rule, a procedure for the screening of alleged violations to determine which cases may be appropriate for the administrative assessment of penalties. However, the screening procedure shall not limit the discretion of the department to refer any case to the attorney general for legal action.

3. A penalty shall be paid within thirty days of the date the order assessing the penalty becomes final. When a person against whom a civil penalty is assessed under this section seeks timely judicial review of an order imposing the penalty as provided under chapter 17A, the order is not final for the purposes of this section until all judicial review processes are completed. Additional judicial review may not be sought after the order becomes final. A person who fails to timely pay a civil penalty assessed by a final order of the department shall pay, in addition, interest at the rate of one and one-half percent of the unpaid balance of the assessed penalty for each month or part of a month that the penalty remains unpaid. The attorney general shall institute, at the request of the department, summary proceedings to recover the penalty and any accrued interest.

4. All civil penalties assessed by the department and interest on the penalties shall be deposited in the general fund of the state. However, civil penalties assessed by the department and interest on the civil penalties, arising out of violations involving animal feeding operations under chapter 459, subchapter II, shall be deposited in the animal agriculture compliance fund as created in section 459.401. Civil penalties assessed by the department and interest on the penalties arising out of violations committed by animal feeding operations under chapter 459, subchapter III, which may be assessed pursuant to section 455B.191 or 459.604, shall also be deposited in the animal agriculture compliance fund.

5. This section does not require the commission or the director to pursue an administrative remedy before seeking a remedy in the courts of this state.

**455B.111 Citizen actions.**

1. Except as provided in subsection 2, a person with standing as provided in subsection 3 may commence a civil action in district court on the person's own behalf against any of the following:

a. A person, including the state of Iowa, for violating any provision of this chapter or chapter 459, subchapters I, II, III, IV, and VI,\* or a rule adopted pursuant to this chapter or chapter 459, subchapters I, II, III, IV, and VI.\*

b. The director, the commission, or any official or employee of the department where there is an alleged failure to perform any act or duty under this chapter or chapter 459, subchapters I, II, III, IV, and VI,\* or a rule adopted pursuant to this chapter or chapter 459, subchapters I, II, III, IV, and VI,\* which is not a discretionary act or duty.

2. An action shall not be commenced pursuant to subsection 1, paragraph "a", unless the person commencing the action has provided the director and the alleged violator with a written notice at least sixty days prior to commencing the action. The written notice shall specify the nature of the violation and that legal action is contemplated under this section if the violation is not abated and, if necessary, remedial action is not taken. The state may intervene in such an action as a matter of right. In addition, an action shall not be commenced pursuant to subsection 1, paragraph "a", if the department or the state has commenced and is actively prosecuting a civil action or is actively negotiating an out-of-court settlement to require abatement of the violation and, if necessary, remediation of damages. However, any person may intervene as a matter of right in such an action.

3. A person shall have standing to commence an action pursuant to subsection 1 or to intervene in an action pursuant to subsection 2 if the person is adversely affected by the alleged violation or the alleged failure to perform a duty or act.

4. In an action commenced pursuant to subsection 1, the court may award costs of litigation, including reasonable attorney and expert witness fees, to any party.

5. This section does not restrict any right under statutory or common law of a person or class of person to seek enforcement of provisions of this chapter or chapter 459, subchapters I, II, III, IV, and VI,\* or a rule adopted pursuant to this chapter or chapter 459, subchapters I, II, III, IV, and VI,\*

DIVISION II  
AIR QUALITY  
PART 1  
GENERAL

**455B.131 Definitions.**

When used in this division II, unless the context otherwise requires:

1. "*Air contaminant*" means dust, fume, mist, smoke, other particulate matter, gas, vapor (except water vapor), odorous substance, radioactive substance, or any combination thereof.

2. "*Air contaminant source*" means any and all sources of emission of air contaminants whether privately or publicly owned or operated.

Air contaminant source includes, but is not limited to, all types of businesses, commercial and industrial plants, works, shops, and stores, heating and power plants and stations, buildings and other structures of all types including single and multiple family residences, office buildings, hotels, restaurants, schools, hospitals, churches and other institutional buildings, automobiles, trucks, tractors, buses, aircraft, and other motor vehicles, garages, vending and service locations and stations, railroad locomotives, ships, boats, and other waterborne craft, portable fuel-burning equipment, indoor and outdoor incinerators of all types, refuse dumps and piles, and all stack and other chimney outlets from any of the foregoing.

An air contaminant source does not include a fire truck or other fire apparatus operated by an organized fire department.

3. "*Air pollution*" means presence in the outdoor atmosphere of one or more air contaminants in sufficient quantities and of such characteristics and duration as is or may reasonably tend to be injurious to human, plant, or animal life, or to property, or which unreasonably interferes with the enjoyment of life and property.

4. "*Atmosphere*" means all space outside of buildings, stacks or exterior ducts.

5. "*Earthen waste slurry storage basin*" means an uncovered and exclusively earthen cavity which, on a regular basis, receives waste discharges from a confinement animal feeding operation if accumulated wastes from the basin are completely removed at least twice each year.

6. "*Emission*" means a release of one or more air contaminants into the outside atmosphere.

7. "*Major stationary source*" means a stationary air contaminant source which directly emits, or has the potential to emit, one hundred tons or more of an air pollutant per year including a major source of fugitive emissions of a pollutant as determined by rule by the department or the administrator of the United States environmental protection agency.

8. "*Person*" means an individual, partnership, copartnership, cooperative, firm, company, public or private corporation, political subdivision, agency of the state, trust, estate, joint stock company, an agency or department of the federal government or any other legal entity, or a legal representative, agent, officer, employee or assigns of such entities.

9. "*Political subdivision*" means any municipality, township, or county, or district, or authority, or any portion, or combination of two or more thereof.

10. "*Potential to emit*" means the maximum capacity of a stationary source to emit a pollutant under its physical and operational design as defined in rules adopted by the department.

11. "*Schedule and timetable of compliance*" means a schedule of remedial measures including an enforceable sequence of actions or operations leading to compliance with an emission limitation, other limitation, prohibition, or standard.

**455B.132 Executive agency.**

The department shall be the agency of the state to prevent, abate, or control air pollution.

[C73, 75, 77, 79, 81, §455B.11]

C83, §455B.132

**455B.133 Duties.**

The commission shall:

1. Develop comprehensive plans and programs for the abatement, control, and prevention of air pollution in this state, recognizing varying requirements for different areas in the state. The plans may include emission limitations, schedules and timetables for compliance with the limitations, measures to prevent the significant deterioration of air quality and other measures as necessary to assure attainment and maintenance of ambient air quality standards.

2. Adopt, amend, or repeal rules pertaining to the evaluation, abatement, control, and prevention of air pollution. The rules may include those that are necessary to obtain approval of the state implementation plan under section 110 of the federal Clean Air Act as amended through January 1, 1991.

3. Adopt, amend, or repeal ambient air quality standards for the atmosphere of this state on the

basis of providing air quality necessary to protect the public health and welfare and to reduce emissions contributing to acid rain pursuant to Title IV of the federal Clean Air Act Amendments of 1990.

4. Adopt, amend, or repeal emission limitations or standards relating to the maximum quantities of air contaminants that may be emitted from any air contaminant source. The standards or limitations adopted under this section shall not exceed the standards or limitations promulgated by the administrator of the United States environmental protection agency or the requirements of the federal Clean Air Act as amended through January 1, 1991. This does not prohibit the commission from adopting a standard for a source or class of sources for which the United States environmental protection agency has not promulgated a standard. This also does not prohibit the commission from adopting an emission standard or limitation for infectious medical waste treatment or disposal facilities which exceeds the standards or limitations promulgated by the administrator of the United States environmental protection agency or the requirements of the federal Clean Air Act as amended through January 1, 1991. The commission shall not adopt an emission standard or limitation for infectious medical waste treatment or disposal facilities prior to January 1, 1995, which exceeds the standards or limitations promulgated by the administrator of the United States environmental protection agency or the requirements of the federal Clean Air Act, as amended through January 1, 1991, for a hospital, or a group of hospitals, licensed under chapter 135B which has been operating an infectious medical waste treatment or disposal facility prior to January 1, 1991.

a. (1) The commission shall establish standards of performance unless in the judgment of the commission it is not feasible to adopt or enforce a standard of performance. If it is not feasible to adopt or enforce a standard of performance, the commission may adopt a design, equipment, material, work practice or operational standard, or combination of those standards in order to establish reasonably available control technology or the lowest achievable emission rate in nonattainment areas, or in order to establish best available control technology in areas subject to prevention of significant deterioration review, or in order to adopt the emission limitations promulgated by the administrator of the United States environmental protection agency under section 111 or 112 of the federal Clean Air Act as amended through January 1, 1991.

(2) If a person establishes to the satisfaction of the commission that an alternative means of emission limitation will achieve a reduction in emissions of an air pollutant at least equivalent to the reduction in emissions of the air pollutant achieved under the design, equipment, material, work practice or operational standard, the com-

mission shall amend its rules to permit the use of the alternative by the source for purposes of compliance with this paragraph with respect to the pollutant.

(3) A design, equipment, material, work practice or operational standard promulgated under this paragraph shall be promulgated in terms of a standard of performance when it becomes feasible to promulgate and enforce the standard in those terms.

(4) For the purpose of this paragraph, the phrase "*not feasible to adopt or enforce a standard of performance*" refers to a situation in which the commission determines that the application of measurement methodology to a particular class of sources is not practicable due to technological or economic limitations.

b. If the maximum standards for the emission of sulfur dioxide from solid fuels have to be reduced in an area to meet ambient air quality standards, a contract for coal produced in Iowa and burned by a facility in that area that met the sulfur dioxide emission standards in effect at the time the contract went into effect shall be exempted from the decreased requirement until the expiration of the contract period or December 31, 1983, whichever first occurs, if there is any other reasonable means available to satisfy the ambient air quality standards. To qualify under this subsection, the contract must be recorded with the county recorder of the county where the burning facility is located within thirty days after the signing of the contract.

c. The degree of emission limitation required for control of an air contaminant under an emission standard shall not be affected by that part of the stack height of a source that exceeds good engineering practice, as defined in rules, or any other dispersion technique. This paragraph shall not apply to stack heights in existence before December 30, 1970, or dispersion techniques implemented before that date.

5. Classify air contaminant sources according to levels and types of emissions, and other characteristics which relate to air pollution. The commission may require, by rule, the owner or operator of any air contaminant source to establish and maintain such records, make such reports, install, use and maintain such monitoring equipment or methods, sample such emissions in accordance with such methods at such locations and intervals, and using such procedures as the commission shall prescribe, and provide such other information as the commission may reasonably require. Such classifications may be for application to the state as a whole, or to any designated area of the state, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property.

6. a. Require, by rules, notice of the construction of any air contaminant source which may cause or contribute to air pollution, and the sub-

mission of plans and specifications to the department, or other information deemed necessary, for the installation of air contaminant sources and related control equipment. The rules shall allow the owner or operator of a major stationary source to elect to obtain a conditional permit in lieu of a construction permit. The rules relating to a conditional permit for an electric power generating facility subject to chapter 476A and other major stationary sources shall allow the submission of engineering descriptions, flow diagrams and schematics that quantitatively and qualitatively identify emission streams and alternative control equipment that will provide compliance with emission standards. Such rules shall not specify any particular method to be used to reduce undesirable levels of emissions, nor type, design, or method of installation of any equipment to be used to reduce such levels of emissions, nor the type, design, or method of installation or type of construction of any manufacturing processes or kinds of equipment, nor specify the kind or composition of fuels permitted to be sold, stored, or used unless authorized by subsection 4 of this section.

b. The commission may give technical advice pertaining to the construction or installation of the equipment or any other recommendation.

7. Commission rules establishing maximum permissible sulfate content shall not apply to an expansion of an industrial anaerobic lagoon facility which was constructed prior to February 22, 1979.

8. a. Adopt rules consistent with the federal Clean Air Act Amendments of 1990, Pub. L. No. 101-549, which require the owner or operator of an air contaminant source to obtain an operating permit prior to operation of the source. The rules shall specify the information required to be submitted with the application for a permit and the conditions under which a permit may be granted, modified, suspended, terminated, revoked, reissued, or denied. For sources subject to the provisions of Title IV of the federal Clean Air Act Amendments of 1990, permit conditions shall include emission allowances for sulfur dioxide emissions. The commission may impose fees, including fees upon regulated pollutants emitted from an air contaminant source, in an amount sufficient to cover all reasonable costs, direct and indirect, required to develop and administer the permit program in conformance with the federal Clean Air Act Amendments of 1990, Pub. L. No. 101-549. Affected units regulated under Title IV of the federal Clean Air Act Amendments of 1990, Pub. L. No. 101-549, shall pay operating permit fees in the same manner as other sources subject to operating permit requirements, except as provided in section 408 of the federal Act. The fees collected pursuant to this subsection shall be deposited in the air contaminant source fund created pursuant to section 455B.133B, and shall be utilized solely to

cover all reasonable costs required to develop and administer the programs required by Title V of the federal Clean Air Act Amendments of 1990, Pub. L. No. 101-549, including the permit program pursuant to section 502 of the federal Act and the small business stationary source technical and environmental assistance program pursuant to section 507 of the federal Act.

b. Adopt rules allowing the department to issue a state operating permit to an owner or operator of an air contaminant source. The state operating permit granted under this paragraph may only be issued at the request of an air contaminant source and will be used to limit its potential to emit to less than one hundred tons per year of a criteria pollutant as defined by the United States environmental protection agency or ten tons per year of a hazardous air pollutant or twenty-five tons of any combination of hazardous air pollutants.

c. Adopt rules for the issuance of a single general permit, after notice and opportunity for a public hearing. The single general permit shall cover numerous sources to the extent that the sources are representative of a class of facilities which can be identified and conditioned by a single permit.

9. Adopt rules allowing asphalt shingles to be burned in a fire set for the purpose of bona fide training of public or industrial employees in fire fighting methods only if a notice is provided to the director containing testing results indicating that the asphalt shingles do not contain asbestos. Each fire department shall be permitted to host two fires per year as allowed under this subsection.

10. Adopt rules allowing a city to conduct a controlled burn of a demolished building subject to the requirements that are in effect for the proper removal of all asbestos-containing materials prior to demolition and burning. The rules shall include provisions that a burn site have controlled access, that a burn site be supervised by representatives of the city at all times, and that the burning be conducted only when weather conditions are favorable with respect to surrounding property. For a burn site located outside of a city, the rules shall include a provision that a city may undertake not more than one such controlled burn per day and that a burn site be limited to an area located at least six-tenths of a mile from any inhabited building. For burn sites located within a city, the rules shall include a provision that a city may undertake not more than one such controlled burn in every six-tenths-of-a-mile-radius circle in each calendar year. The rules shall prohibit a controlled burn of a demolished building in Cedar Rapids, Marion, Hiawatha, Council Bluffs, Carter Lake, Des Moines, West Des Moines, Clive, Windsor Heights, Urbandale, Pleasant Hill, Buffalo, Davenport, Mason City, or any other area where area-specific state implementation plans require the control of particulate matter.

**455B.133B Air contaminant source fund created.**

An air contaminant source fund is created in the office of the treasurer of state under the control of the department. Moneys received from the fees assessed pursuant to section 455B.133, subsection 8, shall be deposited in the fund. Moneys in the fund shall be used solely to defray the costs related to the permit, monitoring, and inspection program, including the small business stationary source technical and environmental compliance assistance program required pursuant to the federal Clean Air Act Amendments of 1990, sections 502 and 507, Pub. L. No. 101-549. Notwithstanding section 8.33, any unexpended balance in the fund at the end of each fiscal year shall be retained in the fund. Notwithstanding section 12C.7, any interest and earnings on investments from money in the fund shall be credited to the fund.

**455B.134 Director — duties — limitations.**

The director shall:

1. Publish and administer the rules and standards established by the commission. The department shall furnish a copy of such rules or standards to any person upon request.

2. Provide technical, scientific, and other services required by the commission or for the effective administration of this division II and chapter 459, subchapter II.

3. Grant, modify, suspend, terminate, revoke, reissue or deny permits for the construction or operation of new, modified, or existing air contaminant sources and for related control equipment, and conditional permits for electric power generating facilities subject to chapter 476A and other major stationary sources, subject to the rules adopted by the commission. The department shall furnish necessary application forms for such permits.

*a.* No air contaminant source shall be installed, altered so that it significantly affects emissions, or placed in use unless a construction

or conditional permit has been issued for the source.

*b.* The condition of expected performance shall be reasonably detailed in the construction or conditional permit.

*c.* All applications for permits other than conditional permits for electric generating facilities shall be subject to such notice and public participation as may be provided by rule by the commission. Upon denial or limitation of a permit other than a conditional permit for an electric generating facility, the applicant shall be notified of such denial and informed of the reason or reasons therefor, and such applicant shall be entitled to a hearing before the commission.

*d.* All applications for conditional permits for electric power generating facilities shall be subject to such notice and opportunity for public participation as may be consistent with chapter 476A or any agreement pursuant thereto under chapter 28E. The applicant or intervenor may appeal to the commission from the denial of a conditional permit or any of its conditions. For the purposes of chapter 476A, the issuance or denial of a conditional permit by the director or by the commission upon appeal shall be a determination that the electric power generating facility does or does not meet the permit and licensing requirements of the commission. The issuance of a conditional permit shall not relieve the applicant of the responsibility to submit final and detailed construction plans and drawings and an application for a construction permit for control equipment that will meet the emission limitations established in the conditional permit.

*e.* A regulated air contaminant source for which a construction permit or conditional permit has been issued shall not be operated unless an operating permit also has been issued for the source. However, if the facility was in compliance with permit conditions prior to the requirement for an operating permit and has made timely application for an operating permit, the facility may continue operation until the operating permit is issued or denied. Operating permits shall contain the requisite conditions and compliance schedules to ensure conformance with state and federal requirements including emission allowances for sulfur dioxide emissions for sources subject to Title IV of the federal Clean Air Act Amendments of 1990. If construction of a new air contaminant source is proposed, the department may issue an operating permit concurrently with the construction permit, if possible and appropriate.

*f.* (1) Notwithstanding any other provision of division II of this chapter or chapter 459, subchapter II, the following siting requirements shall apply to anaerobic lagoons and earthen waste slurry storage basins:

Anaerobic lagoons, constructed or expanded on

or after June 20, 1979, but prior to May 31, 1995, or earthen waste slurry storage basins, constructed or expanded on or after July 1, 1990, but prior to May 31, 1995, which are used in connection with animal feeding operations containing less than six hundred twenty-five thousand pounds live animal weight capacity of animal species other than beef cattle or containing less than one million six hundred thousand pounds live animal weight capacity of beef cattle, shall be located at least one thousand two hundred fifty feet from a residence not owned by the owner of the feeding operation or from a public use area other than a public road. Anaerobic lagoons or earthen waste slurry storage basins, which are used in connection with animal feeding operations containing six hundred twenty-five thousand pounds or more live animal weight capacity of animal species other than beef cattle or containing one million six hundred thousand pounds or more live animal weight capacity of beef cattle, shall be located at least one thousand eight hundred seventy-five feet from a residence not owned by the owner of the feeding operation or from a public use area other than a public road. For the purpose of this paragraph the determination of live animal weight capacity shall be based on the average animal weight capacity during a production cycle and the maximum animal capacity of the animal feeding operation.

Anaerobic lagoons which are used in connection with industrial treatment of wastewater where the average wastewater discharge flow is one hundred thousand gallons per day or less shall be located at least one thousand two hundred fifty feet from a residence not owned by the owner of the lagoon or from a public use area other than a public road. Anaerobic lagoons which are used in connection with industrial treatment of wastewater where the average wastewater discharge flow is greater than one hundred thousand gallons per day shall be located at least one thousand eight hundred seventy-five feet from a residence not owned by the owner of the lagoon or from a public use area other than a public road. These separation distances apply to the construction of new facilities and the expansion of existing facilities.

(2) A person may build or expand an anaerobic lagoon or an earthen waste slurry storage basin closer to a residence not owned by the owner of the anaerobic lagoon or to a public use area than is otherwise permitted by subparagraph (1) of this paragraph, if the affected landowners enter into a written agreement with the anaerobic lagoon owner to waive the separation distances under such terms the parties negotiate. The written agreement becomes effective only upon recording in the office of the recorder of deeds of the county in which the residence is located.

4. Determine by field studies and sampling the quality of atmosphere and the degree of air pollution in this state or any part thereof.

5. Conduct and encourage studies, investigations, and research relating to air pollution and its causes, effects, abatement, control, and prevention.

6. Provide technical assistance to political subdivisions of this state requesting such aid for the furtherance of air pollution control.

7. Collect and disseminate information, and conduct educational and training programs, relating to air pollution and its abatement, prevention, and control.

8. Consider complaints of conditions reported to, or considered likely to, constitute air pollution, and investigate such complaints upon receipt of the written petition of any state agency, the governing body of a political subdivision, a local board of health, or twenty-five affected residents of the state.

9. Issue orders consistent with rules to cause the abatement or control of air pollution, or to secure compliance with permit conditions. In making the orders, the director shall consider the facts and circumstances bearing upon the reasonableness of the emissions involved, including but not limited to, the character and degree of injury to, or interference with, the protection of health and the physical property of the public, the practicability of reducing or limiting the emissions from the air pollution source, and the suitability or unsuitability of the air pollution source to the area where it is located. An order may include advisory recommendations for the control of emissions from an air contaminant source and the reduction of the emission of air contaminants.

10. Encourage voluntary co-operation by persons or affected groups in restoring and preserving a reasonable quality of air within the state.

11. Encourage political subdivisions to handle air pollution problems within their respective jurisdictions.

12. Review and evaluate air pollution control programs conducted by political subdivisions of the state with respect to whether the programs are consistent with the provisions of division II of this chapter and chapter 459, subchapter II, and rules adopted by the commission.

13. Hold public hearings, except when the evidence to be received is confidential pursuant to section 455B.137, necessary to accomplish the purposes of division II of this chapter and chapter 459, subchapter II. The director may issue subpoenas requiring the attendance of witnesses and the production of evidence pertinent to the hearings. A subpoena shall be issued and enforced in the same manner as in civil actions.

**455B.135 Limit on authority.**

Nothing contained in this division II or chapter 459, subchapter II, shall be deemed to grant to the department or the director any authority or jurisdiction with respect to air pollution existing solely within residences; or solely within commercial and industrial plants, works, or shops under the jurisdiction of chapters 88 and 91; or to affect the relations between employers and employees with respect to, or arising out of, any condition of air pollution.

**455B.136 Assistance on demand.**

The department and the director may request and receive assistance from any other agency, department, or educational institution of the state, or political subdivision thereof, when it is deemed necessary or beneficial by the department or the director. The department may reimburse such agencies for special expense resulting from expenditures not normally a part of the operating expenses of any such agency.

Information received by the department or any employees of the department through filed reports, inspections, or as otherwise authorized in this division II or chapter 459, subchapter II, concerning trade secrets, secret industrial processes, or other privileged communications, except emission data, shall not be disclosed or opened to public inspection, except as may be necessary in a proceeding concerning a violation of said division or of any rules promulgated thereunder, or as otherwise authorized or ordered by appropriate court action or proceedings. Nothing herein shall be construed to prevent the director from compiling or publishing analyses or summaries relating to the general condition of the atmosphere; provided that such analyses or summaries do not reveal any information otherwise confidential under this section.

**455B.138 Resolution of violations — appeal.**

1. When the director has evidence that a violation of any provision of division II of this chapter or chapter 459, subchapter II, or rule, standard or permit established or issued under division II or chapter 459, subchapter II, has occurred, the director shall notify the alleged violator and, by informal negotiation, attempt to resolve the problem. If the negotiations fail to resolve the problem within a reasonable period of time, the director shall issue an order directing the violator to prevent, abate or control the emissions or air pollution involved. The order shall prescribe the date by which the violation shall cease and may prescribe timetables for necessary action to prevent, abate or control the emissions of air pollution. The order may be appealed to the commission.

2. After the hearing on appeal, the commission may affirm, modify or rescind the order of the director.

3. The director shall keep a complete record of the hearings and proceeding and the record shall be open to public inspection, subject to section 455B.137. Upon request, a copy of the transcript shall be furnished to the violator or alleged violator at the violator's or alleged violator's expense.

4. An appeal to the commission under this section shall be conducted as a contested case under chapter 17A.

**455B.139 Emergency orders.**

If the director has evidence that any person is causing air pollution and that such pollution creates an emergency requiring immediate action to protect the public health and safety, or property, the director may, without notice, issue an emergency order requiring such person to reduce or discontinue immediately the emission of air contaminants. A copy of the emergency order shall be served by personal service. An emergency order issued by the director may be appealed to the commission. After hearing on appeal, the commission may affirm, modify or rescind the order of the director.

Notwithstanding the terms of said Act, petitions for judicial review may be filed in the district court of the county in which the alleged offense was committed.

**455B.141 Legal action.**

If action to prevent, control, or abate air pollution is not taken in accordance with the rules established, or orders or permits issued by the department, or if the director has evidence that an emergency exists by reason of air pollution which requires immediate action to protect the public health or property, the attorney general, at the request of the director, shall commence legal action, in the name of the state, for an injunction to prevent any further or continued violation of such rule or order.

**455B.143 Variance.**

Any person who owns or operates any plant, building, structure, process, or equipment may apply for a variance from the rules or standards adopted by the department by filing an application with the department. The application shall be accompanied by such information and data required by the department.

1. The director shall promptly investigate the application and approve or disapprove the application. The director may grant a variance if the director finds that:

- a. The emissions occurring or proposed to occur do not endanger or tend to endanger human health or safety or property; and
- b. Compliance with the rules or standards from which the variance is sought will produce serious hardship without equal or greater benefits to the public.

2. The applicant may request a review hearing before the department if the application is denied.

3. In determining under what conditions and to what extent a variance may be granted, the director shall give due recognition to the progress which the applicant has made toward eliminating or preventing air pollution. In such a case, the director shall consider the reasonableness of the request, conditioned upon such applicant effecting a partial abatement of the particular air pollution within a reasonable period of time, or the director

may prescribe other requirements with which such applicant shall comply.

4. The director may grant a variance for a specified period of time, not exceeding one year, and the director may further specify that the applicant make periodic reports specifying the progress that has been made toward compliance with any rule for which the variance was granted. A variance may be extended from year to year by affirmative action of the director.

5. The director shall maintain a record of each variance granted specifying the reasons for its issuance or extension.

**455B.144 Local control program.**

1. Any political subdivision may conduct an air pollution control program within the boundaries of its jurisdiction, or may jointly conduct an air pollution control program with other political subdivisions of this state or of other states, except that every joint program shall be established and administered as provided in chapter 28E. In conducting such programs, political subdivisions may adopt and enforce rules or standards to secure and maintain adequate air quality within their respective jurisdictions.

2. If the board of supervisors in any county establishes an air pollution control program and has obtained a certificate of acceptance, the agency implementing the program may regulate air pollution within the county including any incorporated areas therein until such incorporated areas obtain a certificate of acceptance as a joint or separate agency.

 C83, §455B.144

**455B.145 Acceptance of local program.**

When an air pollution control program conducted by a political subdivision, or a combination of them, is deemed upon review as provided in section 455B.134, to be consistent with the provisions of this division II or the rules established under this division, the director shall accept such program in lieu of state administration and regulation of air pollution within the political subdivisions involved. This section shall not be construed to limit the power of the director to issue state permits and to take other actions consistent with this division II or the rules established under this division that the director deems necessary for the continued proper administration of the air pollution programs within the jurisdiction of the local air pollution program.

1. In evaluating an air pollution control program, consideration shall be given to whether such program provides for the following:

- a. Ordinances, rules and standards establish-

ing requirements consistent with, or more strict than, those imposed by this division II or rules and standards adopted by the department.

b. Enforcement of such requirements by appropriate administrative and judicial process.

c. Administrative organization, staff, financial and other resources necessary to administer an efficient and effective program.

d. Location of emission monitoring devices in areas of the political subdivision in compliance with uniform state standards adopted by the department. The department shall adopt uniform state standards for the location of emission monitoring devices specifying such intervals and such procedures to provide a reasonably consistent measurement of emissions from air contaminant sources regardless of the political subdivision of the state in which the sources may be located.

2. Upon acceptance of a local air pollution control program, the director shall issue a certificate of acceptance to the appropriate local agency.

a. Any political subdivision desiring a certificate of acceptance shall apply to the department on forms prescribed by the director.

b. The director shall promptly investigate the application and approve or disapprove the application. The director may conduct a public hearing before action is taken to approve or disapprove. If the director disapproves issuing a certificate, the political subdivision may appeal the action to the department of inspections and appeals. At the hearing on appeal, the department of inspections and appeals shall decide whether the local program is substantially consistent with the provisions of this division II, or rules adopted thereunder, and whether the local program is being enforced. The burden of proof shall be upon the political subdivision.

c. If the director determines at any time that a local air pollution program is being conducted in a manner inconsistent with the substantive provisions of this division II or the rules adopted thereunder, the director shall notify the political subdivision, citing the deviations from the acceptable standards and the corrective measures to be completed within a reasonable amount of time. If the corrective measures are not implemented as prescribed, the director shall suspend in whole or in part the certificate of acceptance of such political subdivision and shall administer the regulatory provisions of said division in whole or in part within the political subdivision until the appropriate standards are met. Upon receipt of evidence that necessary corrective action has been taken, the director shall reinstate the suspended certificate of acceptance, and the political subdivision shall resume the administration of the local air pollution control program within its jurisdiction. In cases where the certificate of acceptance is suspended, the political subdivision may appeal the suspension to the department of inspections and appeals.

d. Nothing in this division II shall be con-

strued to supersede the jurisdiction of any local air pollution control program in operation on the first of January, 1973, except that any such program shall meet all requirements of said division.

#### **455B.146 Civil action for compliance — local program actions.**

If any order, permit, or rule of the department is being violated, the attorney general shall, at the request of the department or the director, institute a civil action in any district court for injunctive relief to prevent any further violation of the order, permit, or rule, or for the assessment of a civil penalty as determined by the court, not to exceed ten thousand dollars per day for each day such violation continues, or both such injunctive relief and civil penalty. Notwithstanding sections 331.302 and 331.307, a city or county which maintains air pollution control programs authorized by certificate of acceptance under this division may provide civil penalties consistent with the amount established for such penalties under this division.

A person who knowingly violates any provision of division II of this chapter, any permit, rule, standard, or order issued under division II of this chapter, or any condition or limitation included in any permit issued under division II of this chapter, is guilty of an aggravated misdemeanor. A conviction for a violation is punishable by a fine of not more than ten thousand dollars for each day of violation or by imprisonment for not more than two years, or both. If the conviction is for a second or subsequent violation committed by a person under this section, however, the conviction is punishable by a fine of not more than twenty thousand dollars for each day of violation or by imprisonment for not more than four years, or by both.

2. a. A person who knowingly makes any false statement, representation, or certification of any application, record, report, plan, or other document filed or required to be maintained under division II of this chapter, or by any permit, rule, standard, or order issued under division II of this chapter or who falsifies, tampers with, or knowingly renders inaccurate any monitoring device or method required to be maintained under division II of this chapter, or by any permit, rule, standard,

or order issued under division II of this chapter, or who knowingly fails to notify or report as required by division II of this chapter or by any permit, rule, standard, or order issued under division II of this chapter, or by any condition or limitation included in any permit issued under division II of this chapter, is guilty of an aggravated misdemeanor punishable by a fine of not more than ten thousand dollars per day per violation or by imprisonment for not more than one year, or by both. If the conviction is for a second or subsequent violation committed by a person under this paragraph, however, the conviction is punishable by a fine of not more than twenty thousand dollars for each day of violation or by imprisonment for not more than two years, or by both.

b. A person who knowingly fails to pay any fee owed the state under any provision of division II of this chapter, or any permit, rule, standard, or order issued under division II of this chapter, is guilty of an aggravated misdemeanor punishable by a fine of not more than ten thousand dollars per day per violation or by imprisonment for not more than six months, or by both. 3. A person who negligently releases into the ambient air any hazardous air pollutant or extremely hazardous substance, and who at the time negligently places another person in imminent danger of death or serious bodily injury shall, upon conviction, be punished by a fine of not more than twenty-five thousand dollars for each day of violation or by imprisonment for not more than one year, or by both. If the conviction is for a second or subsequent negligent violation committed by a person under this section, however, the conviction is punishable by a fine of not more than fifty thousand dollars for each day of violation or by imprisonment for not more than two years, or by both.

4. a. A person who knowingly releases into the ambient air any hazardous air pollutant or extremely hazardous substance, and who knows at the time that the conduct places another person in imminent danger of death or serious bodily injury shall, upon conviction, if the person committing the violation is an individual or a government entity, be punished by a fine of not more than fifty thousand dollars per violation or by imprisonment for not more than two years, or by both. However, if the person committing the violation is other than an individual or a government entity, upon conviction the person shall be punished by a fine of not more than one million dollars per violation. If the conviction is for a second or subsequent violation under this paragraph, the conviction is punishable by a fine or imprisonment, or both, as consistent with federal law.

b. In determining whether a defendant who is

an individual knew that the violation placed another person in imminent danger of death or serious bodily injury the following shall apply:

(1) The defendant is deemed to have knowledge only if the defendant possessed actual awareness or held an actual belief.

(2) Knowledge possessed by a person other than the defendant, and not by the defendant personally, is not attributable to the defendant. In establishing a defendant's possession of actual knowledge, circumstantial evidence may be used, including evidence that the defendant took affirmative action to be shielded from relevant information.

c. It is an affirmative defense that the conduct was freely consented to by the person endangered and that the danger and conduct were reasonably foreseeable hazards of either of the following:

(1) An occupation, a business, or a profession.

(2) Medical treatment or medical or scientific experimentation conducted by professionally approved methods if the person was made aware of the risks involved prior to providing consent. An affirmative defense under this subparagraph shall be established by a preponderance of the evidence.

d. All general defenses, affirmative defenses, and bars to prosecution that are applicable with respect to other criminal offenses apply under paragraph "a". All defenses and bars to prosecution shall be determined by the courts in accordance with the principles of common law as interpreted, taking into consideration the elements of reason and experience. The concepts of justification and legal excuse, as applicable, may be developed, taking into consideration the elements of reason and experience.

e. As used in this subsection, "*serious bodily injury*" means bodily injury which involves a substantial risk of death, unconsciousness, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

5. a. Notwithstanding this section, a source required to obtain a permit for construction or modification of a source prior to the date on which the state received delegation of the federal operating permit program which failed to timely file for the permit is subject to the civil penalty for noncompliance in effect at the time.

b. This subsection does not provide an exception from application of the penalties established under this section for failure of a person to file a timely and complete application for a federal construction permit.

c. This subsection does not provide an exception from application of the penalties established in this section for a person who does not file a timely and complete application for a required permit once notified, in writing, by the department of the noncompliance. A person who does not comply following notification of noncompliance is subject to

the criminal penalties established under this section.

1. If the director fails to take action within sixty days after an application for a variance is made, or if the department fails to enter a final order or determination within sixty days after the final argument in hearing on appeal, the person seeking the action may treat the failure to act as a grant of the requested variance, or of a finding favorable to the respondent in hearing on appeal, as the case may be.

2. The section shall not apply to an application for a conditional permit for an electrical power generating facility subject to chapter 476A.

Upon application by the owner or operator of a fuel-burning stationary source, and after notice and opportunity for public hearing, the commission may petition the president, under section 110, subsection “f,” paragraph 1 of the federal Clean Air Act as amended through January 1, 1991, for a determination that a national or regional energy emergency exists. If the president determines an emergency exists, the commission may suspend any requirement of this division or a rule or permit issued under this division. A temporary emergency suspension under this subsection shall be issued only if there exists in the vicinity of the source a temporary emergency involving high levels of unemployment or loss of necessary energy supplies for residential buildings and if the unemployment or loss can be totally or partially alleviated by the suspension. Only one suspension may be issued for a source on the basis of the same set of circumstances or on the basis of the same emergency. A suspension shall remain in effect for a maximum of four months. The commission may include in a suspension a provision directing the director to delay for a period identical to the period of the suspension a compliance schedule or increment of progress to which the source is subject under section 455B.138, if the source is unable to comply with the schedule or increment solely because of the conditions on the basis of which the suspension was issued.

2. If a plan revision has been submitted to the administrator of the United States environmental protection agency under section 110 of the federal

Clean Air Act as amended through January 1, 1991, and if the commission determines that the revision meets the requirements of that section and the revision is necessary to prevent the closing of an air contaminant source for one year or more and to prevent substantial increases in unemployment which would result from the closing, and if the administrator has not approved or disapproved within the required four-month period, the commission may issue a temporary emergency suspension of the part of the applicable implementation plan which is proposed to be revised with respect to the source. The determination under this subsection shall not be made with respect to a source which would close without regard to whether or not the proposed plan revision is approved. A temporary emergency suspension issued under this subsection shall remain in effect for a maximum of four months. A temporary emergency suspension under this subsection may include a provision directing the director to delay for a period identical to the period of the suspension a compliance schedule or increment of progress to which the source is subject under section 119 of the federal Clean Air Act as in effect prior to August 7, 1977, or section 113, subsection “d” of the federal Clean Air Act as amended through January 1, 1991, upon a finding that the source is unable to comply with the schedule or increment solely because of the conditions on the basis of which a suspension was issued under this subsection.

**455B.172 Jurisdiction of department and local boards.**

1. The department is the agency of the state to

prevent, abate, or control water pollution and to conduct the public water supply program.

2. The department shall carry out the responsibilities of the state related to private water supplies and private sewage disposal systems for the protection of the environment and the public health and safety of the citizens of the state.

3. Each county board of health shall adopt standards for private water supplies and private sewage disposal facilities. These standards shall be at least as stringent but consistent with the standards adopted by the commission. If a county board of health has not adopted standards for private water supplies and private sewage disposal facilities, the standards adopted by the commission shall be applied and enforced within the county by the county board of health.

4. Each county board of health shall regulate the private water supply and private sewage disposal facilities located within the county board’s jurisdiction, including the enforcement of standards adopted pursuant to this section.

5. The department shall maintain jurisdiction over and regulate the direct discharge to a water of the state. The department shall retain concurrent authority to enforce state standards for private water supply and private sewage disposal facilities within a county, and exercise departmental authority if the county board of health fails to fulfill board responsibilities pursuant to this section.

The department shall by rule adopt standards for the commercial cleaning of private sewage disposal facilities, including but not limited to septic tanks and pits used to collect waste in livestock confinement structures, and for the disposal of waste from the facilities. The standards shall not be in conflict with the state building code adopted pursuant to section 103A.7. A person shall not commercially clean such facilities or dispose of waste from such facilities unless the person has been issued a license by the department. The department shall be exclusively responsible for adopting the standards and issuing licenses. However, county boards of health shall enforce the standards and licensing requirements established by the department. Application for the license shall be made in the manner provided by the department. Licenses expire one year from the date of issue unless revoked and may be renewed in the manner provided by the department. The license or license renewal fee is twenty-five dollars. A person violating this section or the rules adopted pursuant to this section is subject to a civil penalty of not more than twenty-five dollars. Each day that a violation continues constitutes a separate offense. However, the total civil penalty shall not exceed five hundred dollars per year. The penalty shall be assessed for a violation occurring ten days following written notice of the violation delivered to the person by the department or a county board of health. Moneys collected by the department or

a county board of health from the imposition of civil penalties shall be deposited in the general fund of the state.

6. *a.* The department is the state agency to regulate the construction, reconstruction and abandonment of all of the following water wells:

(1) Those used as part of a public water supply system as defined in section 455B.171.

(2) Those used for the withdrawal of water for which a permit is required pursuant to section 455B.268, subsection 1.

(3) Those used for the purpose of monitoring groundwater quantity and quality required or installed pursuant to directions or regulations of the department.

*b.* A local board of health is the agency to regulate the construction, reconstruction and abandonment of water wells not otherwise regulated by the department. The local board of health shall not adopt standards relative to the construction, reconstruction and abandonment of wells less stringent than those adopted by the department.

7. The department is the state agency to regulate the registration or certification of water well contractors pursuant to section 455B.187 or section 455B.190A.

8. Pursuant to chapter 28E, the department may delegate its authority for regulation of the construction, reconstruction and abandonment of water wells specified in subsection 6 or the registration of water well contractors specified in subsection 7 to boards of health or other agencies which have adequate authority and ability to administer and enforce the requirements established by law or rule.

9. Any county ordinance related to sewage sludge which is in effect on March 1, 1997, shall not be preempted by any provision of section 455B.171, 455B.174, 455B.183, or 455B.304.

#### **455B.173 Duties.**

The commission shall:

1. Develop comprehensive plans and programs for the prevention, control and abatement of water pollution.

2. Establish, modify, or repeal water quality standards, pretreatment standards and effluent standards. The effluent standards may provide for maintaining the existing quality of the water of the state where the quality thereof exceeds the requirements of the water quality standards.

If the federal environmental protection agency has promulgated an effluent standard or pretreat-

ment standard pursuant to section 301, 306, or 307 of the federal Water Pollution Control Act, a pretreatment or effluent standard adopted pursuant to this section shall not be more stringent than the federal effluent or pretreatment standard for such source. This section may not preclude the establishment of a more restrictive effluent limitation in the permit for a particular point source if the more restrictive effluent limitation is necessary to meet water quality standards, the establishment of an effluent standard for a source or class of sources for which the federal environmental protection agency has not promulgated standards pursuant to section 301, 306, or 307 of the federal Water Pollution Control Act. Except as required by federal law or regulation, the commission shall not adopt an effluent standard more stringent with respect to any pollutant than is necessary to reduce the concentration of that pollutant in the effluent to the level due to natural causes, including the mineral and chemical characteristics of the land, existing in the water of the state to which the effluent is discharged. Notwithstanding any other provision of this part of this division or chapter 459, subchapter III, any new source, the construction of which was commenced after October 18, 1972, and which was constructed as to meet all applicable standards of performance for the new source or any more stringent effluent limitation required to meet water quality standards, shall not be subject to any more stringent effluent limitations during a ten-year period beginning on the date of completion of construction or during the period of depreciation or amortization of the pollution control equipment for the facility for the purposes of section 167 and 169 or both sections of the Internal Revenue Code, whichever period ends first.

3. Establish, modify, or repeal rules relating to the location, construction, operation, and maintenance of disposal systems and public water supply systems and specifying the conditions, including the viability of a system pursuant to section 455B.174, under which the director shall issue, revoke, suspend, modify, or deny permits for the operation, installation, construction, addition to, or modification of any disposal system or public water supply system, or for the discharge of any pollutant. The rules specifying the conditions under which the director shall issue permits for the construction of an electric power generating facility subject to chapter 476A shall provide for issuing a conditional permit upon the submission of engineering descriptions, flow diagrams and schematics that qualitatively and quantitatively identify effluent streams and alternative disposal systems that will provide compliance with effluent standards or limitations.

No rules shall be adopted which regulate the hiring or firing of operators of disposal systems or public water supply systems except rules which regulate the certification of operators as to their

technical competency.

A publicly owned treatment works whose discharge meets the final effluent limitations which were contained in its discharge permit on the date that construction of the publicly owned treatment works was approved by the department shall not be required to meet more stringent effluent limitations for a period of ten years from the date the construction was completed and accepted but not longer than twelve years from the date that construction was approved by the department.

4. Cooperate with other state or interstate water pollution control agencies in establishing standards, objectives, or criteria for the quality of interstate waters originating or flowing through this state.

5. Establish, modify or repeal rules relating to drinking water standards for public water supply systems. Such standards shall specify maximum contaminant levels or treatment techniques necessary to protect the public health and welfare. The drinking water standards must assure compliance with federal drinking water standards adopted pursuant to the federal Safe Drinking Water Act.

6. Adopt rules relating to inspection, monitoring, recordkeeping, and reporting requirements for the owner or operator of any public water supply or any disposal system or of any source which is an industrial user of a publicly or privately owned disposal system.

7. Adopt a statewide plan for the provision of safe drinking water under emergency circumstances. All public agencies, as defined in chapter 28E, shall cooperate in the development and implementation of the plan. The plan shall detail the manner in which the various state and local agencies shall participate in the response to an emergency. The department may enter into any agreement, subject to approval of the commission, with any state agency or unit of local government or with the federal government which may be necessary to establish the role of such agencies in regard to the plan. This plan shall be coordinated with disaster emergency plans.

8. Formulate and adopt specific and detailed statewide standards pursuant to chapter 17A for review of plans and specifications and the construction of sewer systems and water supply distribution systems and extensions to such systems not later than October 1, 1977. The standards shall be based on criteria contained in the "Recommended Standards for Sewage Works" and "Recommended Standards for Water Works" (Ten States Standards) as adopted by the Great Lakes-Upper Mississippi River board of state sanitary engineers, design manuals published by the department, applicable federal guidelines and standards, standard textbooks, current technical literature, and applicable safety standards. The material standards for polyvinyl chloride pipe shall not exceed the specifications for polyvinyl chloride

pipe in designations D-1784-69, D-2241-73, D-2564-76, D-2672-76, D-3036-73, and D-3139-73 of ASTM (American society for testing and materials) international. The rules adopted which directly pertain to the construction of sewer systems and water supply distribution systems and the review of plans and specifications for such construction shall be known respectively as the Iowa Standards for Sewer Systems and the Iowa Standards for Water Supply Distribution Systems and shall be applicable in each governmental subdivision of the state. Exceptions shall be made to the standards so formulated only upon special request to and receipt of permission from the department. The department shall publish the standards and make copies of such standards available to governmental subdivisions and to the public.

9. Adopt, modify, or repeal rules relating to the construction and reconstruction of water wells, the proper abandonment of wells, and the registration or certification of water well contractors. The rules shall include those necessary to protect the public health and welfare, and to protect the waters of the state. The rules may include, but are not limited to, establishing fees for registration or certification of water well contractors, requiring the submission of well driller's logs, formation samples or well cuttings, water samples, information on test pumping and requiring inspections. Fees shall be based upon the reasonable cost of conducting the water well contractor registration or certification program.

10. Adopt, modify, or repeal rules relating to the business plan which disposal systems and public water supply systems must file with the department pursuant to section 455B.174, and adopt, modify, or repeal rules establishing a methodology and timetable by which nonviable systems shall take action to become viable or make alternative arrangements in providing treatment or water supply services.

11. Adopt rules for the issuance of a single general permit, after notice and opportunity for a public hearing. The single general permit shall cover numerous facilities to the extent that they are representative of a class of facilities which can be identified and conditioned by a single permit.

12. Adopt, modify, or repeal rules relating to the construction or operation of animal feeding operations, as provided in sections relating to animal feeding operations provided in chapter 459, subchapter III.

#### **455B.174 Director's duties.**

The director shall:

1. Conduct investigations of alleged water pollution or of alleged violations of this part of this division or chapter 459, subchapter III, or any rule adopted or any permit issued pursuant thereto upon written request of any state agency, political subdivision, local board of health, twenty-five residents of the state, as directed by the department, or as may be necessary to accomplish the purposes of this part of this division or chapter 459, subchapter III.

2. Conduct periodic surveys and inspection of the construction, operation, self-monitoring, recordkeeping and reporting of all public water supply systems and all disposal systems except as provided in section 455B.183.

3. Take any action or actions allowed by law which, in the director's judgment, are necessary to enforce or secure compliance with the provisions of this part of this division or chapter 459, subchapter III, or of any rule or standard established or permit issued pursuant thereto.

4. *a.* Approve or disapprove the plans and specifications for the construction of disposal systems or public water supply systems except for those sewer extensions and water supply distribution system extensions which are reviewed by a city or county public works department as set forth in section 455B.183. The director shall issue, revoke, suspend, modify, or deny permits for the operation, installation, construction, addition to, or modification of any disposal system or public water supply system except for sewer extensions and water supply distribution system extensions which are reviewed by a city or county public works department as set forth in section 455B.183. The director shall also issue, revoke, suspend, modify, or deny permits for the discharge of any pollutant, or for the use or disposal of sewage sludge. The permits shall contain conditions and schedules of compliance as necessary to meet the requirements of this part of this division or chapter 459, subchapter III, the federal Water Pollution Control Act and the federal Safe Drinking Water Act. A permit issued under this chapter for the use or disposal of sewage sludge is in addition to and must contain references to any other permits required under this chapter. The director shall not issue or renew a permit to a disposal system or a public water supply system which is not viable. If the director has reasonable grounds to believe that a disposal system or public water supply system is not viable, the department may require the system to submit a business plan as a means of determining viability. This plan shall include the following components:

(1) A facilities plan which describes proposed new facilities and the condition of existing facilities, rehabilitation and replacement needs, and future needs to meet the requirements of the federal Water Pollution Control Act and the federal Safe Drinking Water Act.

(2) A management plan which consists of an administrative plan describing methods to assure performance of functions necessary to administer the system, including credentials of management personnel; and an operation and maintenance plan describing how all operating and maintenance duties necessary to the system's proper function will be accomplished.

(3) A financial plan which describes provisions for assuring that adequate revenues will be available to meet cash flow requirements, based on the full cost of providing the service, adequate initial capitalization, and access to additional capital for contingencies.

If, upon submission and review of the business plan, the department determines that the disposal system or public water supply system is not viable, the director may require the system to take actions to become viable within a time period established pursuant to section 455B.173, or to make alternative arrangements in providing treatment or water supply services as determined by rule.

*b.* In addition to the requirements of paragraph "a", a permit shall not be issued to operate or discharge from any disposal system unless the conditions of the permit assure that any discharge from the disposal system meets or will meet all applicable state and federal water quality standards and effluent standards and the issuance of the permit is not otherwise prohibited by the federal Water Pollution Control Act. All applications for discharge permits are subject to public notice and opportunity for public participation including public hearing as the department may by rule require. The director shall promptly notify the applicant in writing of the director's action and, if the permit is denied, state the reasons for denial. The applicant may appeal to the commission from the denial of a permit or from any condition in any permit if the applicant files notice of appeal with the director within thirty days of the notice of denial or issuance of the permit. The director shall notify the applicant within thirty days of the time and place of the hearing.

*c.* Copies of all forms or other paper instruments required to be filed during on-site inspections or investigations shall be given to the owner or operator of the disposal system or public water supply system being investigated or inspected before the inspector or investigator leaves the site. Any other report, statement, or instrument shall not be filed with the department unless a copy is sent by ordinary mail to the owner or operator of the disposal system or public water supply system within ten working days of the filing. If an inspection or investigation is done in co-operation with

another state department, the department involved and the areas inspected shall be stated.

d. The director shall also issue or deny conditional permits for the construction of disposal systems for electric power generating facilities subject to chapter 476A. All applications for conditional permits shall be subject to such notice and opportunity for public participation as may be required by the department and as may be consistent with chapter 476A and any agreement pursuant thereto under chapter 28E. The applicant or an intervenor may appeal to the department from the denial of a conditional permit or any of its conditions. For the purposes of chapter 476A, the issuance or denial of a conditional permit by the director or the department upon appeal shall be a determination that the electric power generating facility does or does not meet the permit and licensing requirements of the department. The issuance of a conditional permit shall not relieve the applicant of the responsibility to submit final and detailed construction plans and drawing and an application for a construction permit for a disposal system that will meet the effluent limitations in the conditional permit.

e. If a public water supply has a groundwater source that contains petroleum, a fraction of crude oil, or their degradation products, or is located in an area deemed by the department as likely to be contaminated by such materials, and after consultation with the public water supply and consideration of all applicable rules relating to remediation, the department may require the public water supply to replace that groundwater source in order to receive a permit to operate. The requirement to replace the source shall only be made by the department if the public water supply is fully compensated for any additional design, construction, operation, and monitoring costs from the Iowa comprehensive petroleum underground storage tank fund created by chapter 455G or from any other funds that do not impose a financial obligation on the part of the public water supply. Funds available to or provided by the public water supply may be used for system improvements made in conjunction with replacement of the source. The department cannot require a public water supply to replace its water source with a less reliable water source or with a source that does not meet federal primary, secondary, or other health-based standards unless treatment is provided to ensure that the drinking water meets these standards. Nothing in this paragraph shall affect the public water supply's right to pursue recovery from a responsible party.

5. Conduct random inspections of work done by city and county public works departments to ensure such public works departments are complying with this part of this division. If a city or county public works department is not complying with section 455B.183 in reviewing plans and

specifications or in granting permits or both, the department shall perform these functions in that jurisdiction until the city or county public works department is able to perform them. Performance of these functions in a jurisdiction by a local public works department shall not be suspended or revoked until after notice and opportunity for hearing as provided in chapter 17A.

The department shall give technical assistance to city and county public works departments upon request of such local public works departments.

**455B.175 Violations.**

If there is substantial evidence that any person has violated or is violating any provision of this part of this division or chapter 459, subchapter III, or of any rule or standard established or permit issued pursuant thereto; then:

1. The director may issue an order directing the person to desist in the practice which constitutes the violation or to take such corrective action as may be necessary to ensure that the violation will cease. The person to whom such order is issued may cause to be commenced a contested case within the meaning of the Iowa administrative procedure Act, chapter 17A, by filing with the director within thirty days a notice of appeal to the commission. On appeal the commission may affirm, modify or vacate the order of the director; or

2. If it is determined by the director that an emergency exists respecting any matter affecting or likely to affect the public health, the director may issue any order necessary to terminate the emergency without notice and without hearing. Any such order shall be binding and effective immediately and until such order is modified or vacated at a hearing before the commission or by a court; or

3. The director, with the approval of the commission, may request the attorney general to institute legal proceedings pursuant to section 455B.191 or 459.604.

**455B.176 Criteria considered.**

In establishing, modifying, or repealing water

quality standards the commission shall base its decision upon data gathered from sources within the state regarding the following:

1. The protection of the public health;
2. The size, depth, surface area covered, volume, direction and rate of flow, stream gradient, and temperature of the affected water of the state;
3. The character and uses of the land area bordering the affected water of the state;
4. The uses which have been made, are being made, or may be made of the affected water of the state for public, private, or domestic water supplies, irrigation; livestock watering; propagation of wildlife, fish, and other aquatic life; bathing, swimming, boating, or other recreational activity; transportation; and disposal of sewage and wastes;
5. The extent of contamination resulting from natural causes including the mineral and chemical characteristics;
6. The extent to which floatable or settleable solids may be permitted;
7. The extent to which suspended solids, colloids, or a combination of solids with other suspended substances may be permitted;
8. The extent to which bacteria and other biological organisms may be permitted;
9. The amount of dissolved oxygen that is to be present and the extent of the oxygen demanding substances which may be permitted;
10. The extent to which toxic substances, chemicals or deleterious conditions may be permitted.
11. The economic costs and benefits. The goal shall be a reasonable balance between total costs to the people and to the economy, and the resultant benefits to the people of Iowa.

**455B.177 Declaration of policy.**

1. The general assembly finds and declares that because the federal Water Pollution Control Act provides for a permit system to regulate the discharge of pollutants into the waters of the United States and provides that permits may be issued by states which are authorized to implement that Act, it is in the interest of the people of Iowa to enact this part of this division in order to authorize the state to implement the federal Water Pollution Control Act, and federal regulations and guidelines issued pursuant to that Act.

2. The general assembly further finds and declares that because the federal Safe Drinking Water Act, 42 U.S.C. § 300f et seq., as amended by Pub. L. No. 104-182, provides for the implementation of the Act by states which have adequate authority to do so, it is in the interest of the people of Iowa to implement the provisions of the federal Safe Drinking Water Act and federal regulations

and guidelines issued pursuant to the Act.

**455B.178 Judicial review.**

Except as provided in section 455B.191, subsection 6, judicial review of any order or other action of the commission or of the director may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. Notwithstanding the terms of said Act, petitions for judicial review may be filed in the district court of the county in which the alleged offense was committed or such final order was entered.

**455B.179 Trade secrets protected.**

Upon a satisfactory showing by any person to the director that public disclosure of any record, report, permit, permit application, or other document or information or part thereof would divulge methods or processes entitled to protection as a trade secret, any such record, report, permit, permit application, or other document or part thereof other than effluent data and analytical results of monitoring of public water supply systems, shall be accorded confidential treatment. Notwithstanding the provisions of chapter 22, a person in connection with duties or employment by the department shall not make public any information accorded confidential status; however, any such record or other information accorded confidential status may be disclosed or transmitted to other officers, employees, or authorized representatives of this state or the United States concerned with carrying out this part of this division or chapter 459, subchapter III, or when relevant in any proceeding under this part of this division or chapter 459, subchapter III.

**455B.181 Variances and exemptions.**

The director may, after public notice and hear-

ing, grant exemptions from a maximum contaminant level or treatment technique, or both. The director may also grant a variance from drinking water standards for public water supply systems when the characteristics of the raw water sources, which are available to a system, cannot meet the requirements with respect to maximum contaminant level of the standards despite application of the best treatment techniques which are generally available and if the director determines that the variance will not result in an unreasonable risk to the public health. A schedule of compliance may be prescribed by the director, at the time the variance or exemption is granted. The director shall also require the interim measures to minimize the contaminant levels of systems subject to the variance or exemption as may reasonably be implemented. The director may also issue variances from other rules of the department if necessary and appropriate. The director shall submit variances granted regarding a wastewater treatment facility to the commission for the commission's review within thirty days of the granting of a variance. The denial of a variance or exemption may be appealed to the commission.

**455B.182 Failure constitutes contempt.**

Failure to obey any order issued by the department with reference to a violation of this part of this division or chapter 459, subchapter III, or any rule promulgated or permit issued pursuant thereto shall constitute prima facie evidence of contempt. In such event the department may certify to the district court of the county in which such alleged disobedience occurred the fact of such failure. The district court after notice, as prescribed by the court, to the parties in interest shall then proceed to hear the matter and if it finds that the order was lawful and reasonable it shall order the party to comply with the order. If the person fails to comply with the court order, that person shall be guilty of contempt and shall be fined not to exceed five hundred dollars for each day that the person fails to comply with the court order. The penalties provided in this section shall be considered as additional to any penalty which may be imposed under the law relative to nuisances or any other statute relating to the pollution of any waters of the state or related to public water supply systems and a conviction under this section shall not be a bar to prosecution under any other penal statute.

**455B.183 Written permits required.**

1. It is unlawful to carry on any of the following

activities without first securing a written permit from the director, or from a city or county public works department if the public works department reviews the activity under this section, as required by the department:

a. The construction, installation, or modification of any disposal system or public water supply system or part thereof or any extension or addition thereto except those sewer extensions and water supply distribution system extensions that are subject to review and approval by a city or county public works department pursuant to this section, the use or disposal of sewage sludge, and private sewage disposal systems. Unless federal law or regulation requires the review and approval of plans and specifications, a permit shall be issued for the construction, installation, or modification of a public water supply system or part of a system if a qualified, registered engineer certifies to the department that the plans for the system or part of the system meet the requirements of state and federal law or regulations. The permit shall state that approval is based only upon the engineer's certification that the system's design meets the requirements of all applicable state and federal laws and regulations and the review of the department shall be advisory.

b. The construction or use of any new point source for the discharge of any pollutant into any water of the state.

c. The operation of any waste disposal system or public water supply system or any part of or extension or addition to the system. This provision does not apply to a pretreatment system, the effluent of which is to be discharged directly to another disposal system for final treatment and disposal; a semipublic sewage disposal system, the construction of which has been approved by the department and which does not discharge into water of the state; or a private sewage disposal system which does not discharge into a water of the state. Sludge from a semipublic or private sewage disposal system shall be disposed of in accordance with the rules adopted by the department pursuant to chapter 17A. The exemption of this paragraph shall not apply to any industrial waste discharges.

2. Upon adoption of standards by the commission pursuant to section 455B.173, subsections 5 to 8, plans and specifications for sewer extensions and water supply distribution system extensions covered by this section shall be submitted to the city or county public works department for approval if the local public works department employs a qualified, registered engineer who reviews the plans and specifications using the specific state standards known as the Iowa Standards for Sewer Systems and the Iowa Standards for Water Supply Distribution Systems that have been formulated and adopted by the department pursuant to section 455B.173, subsections 5 to 8. The local agency shall issue a written permit to construct if

all of the following apply:

a. The submitted plans and specifications are in substantial compliance with departmental rules and the Iowa Standards for Sewer Systems and the Iowa Standards for Water Supply Distribution Systems.

b. The extensions primarily serve residential consumers and will not result in an increase greater than five percent of the capacity of the treatment works or serve more than two hundred fifty dwelling units or, in the case of an extension to a water supply distribution system, the extension will have a capacity of less than five percent of the system or will serve fewer than two hundred fifty dwelling units.

c. The proposed sewer extension will not exceed the capacity of any treatment works which received a state or federal monetary grant after 1972.

d. The proposed water supply distribution system extension will not exceed the production capacity of any public water supply system constructed after 1972.

3. After issuing a permit, the city or county public works department shall notify the director of such issuance by forwarding a copy of the permit to the director. In addition, the local agency shall submit quarterly reports to the director including such information as capacity of local treatment plants and production capacity of public water supply systems as well as other necessary information requested by the director for the purpose of implementing this chapter.

4. Plans and specifications for all other waste disposal systems and public water supply systems, including sewer extensions and water supply distribution system extensions not reviewed by a city or county public works department under this section, shall be submitted to the department before a written permit may be issued. Plans and specifications for public water supply systems and water supply distribution system extensions must be certified by a registered engineer as provided in subsection 1, paragraph "a". The construction of any such waste disposal system or public water supply system shall be in accordance with standards formulated and adopted by the department pursuant to section 455B.173, subsections 5 to 8. If it is necessary or desirable to make material changes in the plans or specifications, revised plans or specifications together with reasons for the proposed changes must be submitted to the department for a supplemental written permit. The revised plans and specifications for a public water supply system must be certified by a registered engineer as provided in subsection 1, paragraph "a".

5. Prior to the adoption of statewide standards, the department may delegate the authority to review plans and specifications to those governmental subdivisions if in addition to compliance with subsection 1, paragraph "c", the governmental subdivisions agree to comply with all state and

federal regulations and submit plans for the review of plans and specifications including a complete set of local standard specifications for such improvements.

6. The director may suspend or revoke delegation of review and permit authority after notice and hearing as set forth in chapter 17A if the director determines that a city or county public works department has approved extensions which do not comply with design criteria, which exceed the capacity of waste treatment plants or the production capacity of public water supply systems or which otherwise violate state or federal requirements.

7. The department shall exempt any public water supply system from any requirement respecting a maximum contaminant level or any treatment technique requirement of an applicable national drinking water regulation if these regulations apply to contaminants which the department determines are harmless or beneficial to the health of consumers and if the owner of a public water supply system determines that funds are not reasonably available to provide for controlling amounts of those contaminants which are harmless or beneficial to the health of consumers.

#### **455B.183A Water quality protection fund.**

1. A water quality protection fund is created in the state treasury under the control of the department. The fund consists of moneys appropriated to the fund by the general assembly, moneys deposited into the fund from fees described in subsection 2, moneys deposited into the fund from fees collected pursuant to sections 455B.187 and 455B.190A, and other moneys available to and obtained or accepted by the department from the United States government or private sources for placement in the fund. The fund is divided into three accounts, including the administration account, the public water supply system account, and the private water supply system account. Moneys in the administration account are appropriated to the department for purposes of carrying out the provisions of this division, which relate to the administration, regulation, and enforcement of the federal Safe Drinking Water Act. Moneys in the public water supply system account are appropriated to the department to support the program to assist supply systems, as provided in section 455B.183B. Moneys in the private water supply system account are appropriated to the department for the purpose of supporting the programs established to protect private drinking water supplies as provided in sections 455B.187, 455B.188, 455B.190, and 455B.190A.

2. The commission shall adopt fees as required pursuant to section 455B.105 for permits required for public water supply systems as provided in sections 455B.174 and 455B.183. Fees paid pursuant to this section shall not be subject to the sales or services tax. The fees shall be for each of the following:

a. The construction, installation, or modification of a public water supply system. The amount of the fees may be based on the type of system being constructed, installed, or modified.

b. The operation of a public water supply system, including any part of the system. The commission shall adopt a fee schedule which shall be based on the total number of persons served by public water supply systems in this state. However, a public water supply system shall be assessed a fee of at least twenty-five dollars. A public water supply system not owned or operated by a community and serving a transient population shall be assessed a fee of twenty-five dollars. The commission shall calculate all fees in the schedule to produce total revenues equaling three hundred fifty thousand dollars for each fiscal year, commencing with the fiscal year beginning July 1, 1995, and ending June 30, 1996. For each fiscal year, one-half of the fees shall be deposited into the administration account and one-half of the fees shall be deposited into the public water supply system account. By May 1 of each year, the department shall estimate the total revenue expected to be collected from the overpayment of fees, which are all fees in excess of the amount of the total revenues which are expected to be collected under the current fee schedule, and the total revenue expected to be collected from the payment of fees during the next fiscal year. The commission shall adjust the fees if the estimate exceeds the amount of revenue required to be deposited in the fund pursuant to this paragraph.

3. Moneys in the fund are subject to an annual audit by the auditor of state. The fund is subject to warrants by the director of the department of administrative services, drawn upon the written requisition of the department.

4. Section 8.33 does not apply to moneys in the fund. Moneys earned as income, including interest from the fund, shall remain in the fund until expended.

5. On or before November 15 of each fiscal year, the department shall transmit to the department of management and the legislative services agency information regarding the fund and accounts, including all of the following:

a. The balance of unobligated and unencumbered moneys in each account as of November 1.

b. A summary of revenue deposited in and expenditures from each account during the current fiscal year.

c. Estimates of revenues expected to be deposited into the public water supply system account during the current fiscal year, and an estimate of

A landowner or the landowner's agent shall not drill for or construct a new water well without first obtaining a permit for this activity from the department. The department shall not issue a permit to any person for this activity unless the person first registers with the department all wells, including abandoned wells, on the property. The department may delegate the authority to issue a permit to a county board of supervisors or the board's designee. In the event of such delegation, the department shall retain concurrent authority. The commission shall adopt rules pursuant to chapter 17A to implement this paragraph.

The director may charge a fee for permits issued pursuant to this section. All fees collected pursuant to this section shall be deposited into the private water supply system account within the water quality protection fund created in section 455B.183A.

Notwithstanding the provisions of this section, a county board of supervisors or the board's designee may grant an exemption from the permit requirements to a landowner or the landowner's agent if an emergency drilling is necessary to meet an immediate need for water. The exemption shall be effective immediately upon approval of the county board of supervisors or the board's designee. The board of supervisors or the board's designee shall notify the director within thirty days of the granting of an exemption.

In the case of property owned by a state agency, a person shall not drill for or construct a new water well without first registering with the department the existence of any abandoned wells on the property. At least four feet of sealing material shall be added on top of the filling material up to the original static water level. Filling materials shall be placed up to four feet below the ground surface and the well shall be capped with at least one foot of sealing material. However, sealing materials may be used to fill the entire well up to four feet below the ground surface. The upper four feet of the casing pipe below the ground surface shall be removed. The top four feet of the ground surface shall be removed of obstructions and backfilled with soil and graded.

c. Class 3 wells shall be plugged by pulling the casing and sandpoint out of the ground, and collapsing the hole. The well may also be plugged by placing sealing materials up to four feet below the ground surface and by removing the upper four feet of casing pipe below the ground surface. The top four feet of the ground surface shall be removed of obstructions and backfilled with soil and graded.

4. The department shall sponsor an advertising campaign directed to persons throughout the state by print and electronic media designed to notify owners of the deadline for plugging wells, penalties for noncompliance, and information about receiving assistance in plugging wells.

5. An owner may, independent of a contractor, plug a well pursuant to this section subject to review and confirmation by a designated agent of the county or a well driller registered with the department.

6. A person who fails to properly plug a well on property the person owns, in accordance with the program established by the department, or as reported by a designated agent or a registered or certified well contractor, is subject to a civil penalty of up to one hundred dollars per every five calendar days that the well remains unplugged or improperly plugged. However, the total civil penalty shall not exceed one thousand dollars. The penalty shall only be assessed after the one thousand dollar limit is reached. If the owner plugs the well in compliance with this section, including applicable departmental rules, before the date that the one thousand dollar limit is reached, the civil penalty shall not be assessed. The penalty shall not

be imposed upon a person for improperly plugging a well until the department notifies the person of the improper plugging. The moneys collected shall be deposited in the financial incentive portion of the agriculture management account. The department of agriculture and land stewardship may provide by rule for financial incentive moneys, through expenditure of the moneys allocated to the financial-incentive-program portion of the agriculture management account, to reduce a person's cost in properly plugging wells abandoned prior to July 1, 1987.

2. All information submitted by a qualified

volunteer shall be reviewed and approved or disapproved by the department. The qualified volunteer shall submit a site specific plan with data which includes information used to obtain the data, the sampling and analysis plan, and quality control and quality assurance procedures used in the monitoring process. The qualified volunteer must provide proof to the department that the water monitoring plan was followed. The department shall review all data collected by a qualified volunteer, verify the accuracy of the data collected by a qualified volunteer, and determine that all components of the water monitoring plan were followed.

3. The department shall retain all information submitted by a qualified volunteer submitting the information for a period of not less than ten years from the date of receipt by the department. All information submitted shall be a public record.

4. The department shall adopt rules establishing requirements for a person to become a qualified volunteer.

The department of natural resources shall develop a methodology for water quality assessments as used in the section 303(d) lists and assess the validity of the data.

2000 Acts, ch 1068, §10; 2000 Acts, ch 1232, §73

#### **455B.194 Credible data required.**

1. The department shall use credible data when doing any of the following:

a. Developing and reviewing any water quality standard.

b. Developing any statewide water quality inventory or other water assessment report.

c. Determining whether any water of the state is to be placed on or removed from any section 303(d) list.

d. Determining whether any water of the state is supporting its designated use or other classification.

e. Determining any degradation of a water of the state under 40 C.F.R. § 131.12.

f. Establishing a total maximum daily load for any water of the state.

2. Notwithstanding subsection 1, credible data shall not be required for any section 305(b) report and credible data shall not be required for the establishment of a designated use or other classification of a water of the state.

3. This section shall not be construed to require credible data as defined in section 455B.171, subsection 4, in order for the department to bring an enforcement action for an illegal discharge.

2000 Acts, ch 1068, §11

#### **455B.195 Use or analysis of credible data.**

1. For any use or analysis of credible data described in section 455B.194, subsection 1, all of the following shall apply:

a. The use of credible data shall be consistent

with the requirements of the federal Water Pollution Control Act, 33 U.S.C. § 1251 et seq.

*b.* The data quality for removal of water of the state from any list of impaired waters including any section 303(d) list shall be the same as the data quality for adding a water to that list.

*c.* A water of the state shall not be placed on any section 303(d) list if the impairment is caused solely by violations of national pollutant discharge elimination system program permits or stormwater permits issued pursuant to section 455B.103A and the enforcement of the pollution control measures is required.

*d.* A water of the state shall not be placed on any section 303(d) list if the data shows an impairment, but existing technology-based effluent limits or other required pollution control measures are adequate to achieve applicable water quality standards.

*e.* If a pollutant causing an impairment is unknown, the water of the state may be placed on a section 303(d) list. However, the department shall continue to monitor the water of the state to determine the cause of impairment before a total maximum daily load is established for the water of the state and a water of the state listed with an unknown status shall retain a low priority for a total maximum daily load development until the cause of the impairment is determined unless the department, after taking into consideration the use of the water of the state and the severity of the pollutant, identifies compelling reasons as to why the water of the state should not have a low priority.

*f.* When evaluating the waters of the state, the department shall develop and maintain three separate listings including a section 303(d) list, a section 305(b) report, and a listing for which further investigative monitoring is necessary. The section 305(b) report shall be a summary of all potential impairments for which credible data is not required. If credible data is not required for a section 305(b) report, the placement of a water of the state on any section 305(b) report alone is not sufficient evidence for the water of the state's placement on any section 303(d) list. When developing a section 303(d) list, the department is not required to use all data, but the department shall assemble and evaluate all existing and readily available water quality-related data and information. The department shall provide documentation to the regional administrator of the federal environmental protection agency to support the state's determination to list or not to list its waters.

*g.* The department shall take into consideration any naturally occurring condition when placing or removing any water of the state on any section 303(d) list, and establishing or allocating responsibility for a total maximum daily load.

*h.* Numerical standards shall have a preference over narrative standards. A narrative standard shall not constitute the basis for determining an impairment unless the department identifies

specific factors as to why a numeric standard is not sufficient to assure adequate water quality.

*i.* If the department has obtained credible data for a water of the state, the department may also use historical data for that particular water of the state for the purpose of determining whether any trends exist for that water of the state.

2. This section shall not be construed to require or authorize the department to perform any act listed in section 455B.194, subsection 1, not otherwise required or authorized by applicable law.

1. It is recognized that the protection of life and property from floods, the prevention of damage to lands from floods, and the orderly development, wise use, protection, and conservation of the water resources of the state by their considered and proper use is of paramount importance to the welfare and prosperity of the people of the state, and to realize these objectives, it is the policy of the state to correlate and vest the powers of the state in a single agency, the department, with the duty and authority to assess the water needs of all water users at five-year intervals for the twenty years beginning January 1, 1985, and ending December 31, 2004, utilizing a data base developed and managed by the Iowa geological survey, and to prepare a general plan of water allocation in this state considering the quantity and quality of water resources available in this state designed to meet the specific needs of the water users. The department shall also develop and the department shall adopt no later than June 30, 1986, a plan for delineation of flood plain and floodway boundaries for selected stream reaches in the various river basins of the state. Selection of the stream reaches and assignment of priorities for mapping of the selected reaches shall be based on consideration of flooding characteristics, the type and extent of existing and anticipated flood plain development in particular stream reaches, and the needs of local governmental bodies for assistance in delineating flood plain and floodway boundaries. The plan of flood plain mapping shall be for the period from June 30, 1986, to December 31, 2004. After the department adopts a plan of flood plain mapping, the department shall submit a progress report and proposed implementation schedule to the general assembly biennially. The department may modify the flood plain mapping plan as needed in response to changing circumstances.

2. The general welfare of the people of the state requires that the water resources of the state be put to beneficial use which includes ensuring that the waste or unreasonable use, or unreasonable methods of use of water be prevented, and that the conservation and protection of water resources be required with the view to their reasonable and beneficial use in the interest of the people, and that the public and private funds for the promotion and expansion of the beneficial use of water resources be invested to the end that the best interests and welfare of the people are served.

3. Water occurring in a basin or watercourse, or other body of water of the state, is public water and public wealth of the people of the state and

subject to use in accordance with this chapter, and the control and development and use of water for all beneficial purposes is vested in the state, which shall take measures to ensure the conservation and protection of the water resources of the state. These measures shall include the protection of specific surface and groundwater sources as necessary to ensure long-term availability in terms of quantity and quality to preserve the public health and welfare.

The department shall develop the plan with the assistance of and in consultation with representatives of agriculture, industry, and public and other interests. The commission shall report to the general assembly on the status and implementation of the plan on a biennial basis. This section does not preclude the implementation of existing or new laws or programs which may protect groundwater quality.

2. The commission shall designate the official representative of this state on all comprehensive water resources planning groups for which state participation is provided. The commission shall coordinate state planning with local and national planning and, in safeguarding the interests of the state and its people, shall undertake the resolution of any conflicts that may arise between the water resources policies, plans, and projects of the federal government and the water resources policies, plans, and projects of the state, its agencies, and its people. This section does not limit or supplant the functions, duties, and responsibilities of other state or local agencies or institutions with regard to planning of water-associated projects within the particular area of responsibility of those state or local agencies or institutions.

3. The commission shall enter into negotiations and agreements with the federal government relative to the operation of, or the release of water from, any project that has been authorized or constructed by the federal government when the commission deems the negotiations and agreements to be necessary for the achievement of the policies of this state relative to its water resources.

4. The commission, on behalf of the state, shall enter into negotiations with the federal govern-

ment relative to the inclusion of conservation storage features for water supply in any project that has been authorized by the federal government when the commission deems the negotiations to be necessary for the achievement of the policies of this state, however, an agreement reached pursuant to these negotiations does not bind the state until enacted into law by the general assembly.

5. A water user who benefits from the development by the federal government of conservation storage for water supply shall be encouraged to assume the responsibility for repaying to the federal government any reimbursable costs incurred in the development, and a user who accepts benefits from the developments financed in whole or part by the state shall assume by contract the responsibility of repaying to the state the user's reasonable share of the state's obligations in accordance with a basis which will assure payment within the life of the development. An appropriation, diversion, or use shall not be made by a person of any waters of the state that have been stored or released from storage either under the authority of the state or pursuant to an agreement between the state and the federal government until the person has assumed by contract the person's repayment responsibility. However, this subsection does not infringe upon any vested property interests.

6. In its contracts with water users for the payment of state obligations incurred in the development of conservation storage for water supply, the commission shall include the terms deemed reasonable and necessary:

- a. To protect the health, safety, and general welfare of the people of the state.
- b. To achieve the purposes of this chapter.
- c. To provide that the state is not responsible to any person if the waters involved are insufficient for performance.

The commission may designate and describe any such contract, and describe the relationships to which it relates, as a sale of storage capacity, a sale of water release services, a contract for the storage or sale of water, or any similar terms suggestive of the creation of a property interest. The term of the contracts shall be commensurate with the investment and use concerned, but the commission shall not enter into any such contract for a term in excess of the maximum period provided for water use permits.

7. The commission shall procure flood control works and water resources projects from or by cooperation with any agency of the United States, by cooperation with the cities and other subdivisions of the state under the laws of the state relating to flood control and use of water resources, and by cooperation with the action of landowners in areas affected by the works or projects when the commission deems the projects to be necessary for the achievement of the policies of this state.

8. The commission shall promote the policies set forth in this part and shall represent this state

in all matters within the scope of this part. The commission shall adopt rules pursuant to chapter 17A as necessary to transact its business and for the administration and exercise of its powers and duties.

9. In carrying out its duties, the commission may accept gifts, contributions, donations and grants, and use them for any purpose within the scope of this part.

#### **455B.264 Jurisdiction — water and flood plains.**

1. The department has jurisdiction over the public and private waters in the state and the lands adjacent to the waters necessary for the purposes of carrying out this part. The department may construct flood control works or any part of the works. In the construction of the works, in making surveys and investigations, or in formulating plans and programs relating to the water resources of the state, the department may cooperate with an agency of another state or the United States, or with any other person.

2. Upon application by any person for permission to divert, pump, or otherwise take waters from any watercourse, underground basin or watercourse, drainage ditch, or settling basin within this state for any purpose other than a nonregulated use, the director shall investigate the effect of the use upon the natural flow of the watercourse, the effect of the use upon the owners of any land which might be affected by the use, the effect of the use upon prior users of the water source and contracts made under section 455B.263 and whether the use is consistent with the principles and policies of beneficial use.

3. Upon application by any person for approval of the construction or maintenance of any structure, dam, obstruction, deposit, or excavation to be erected, used, or maintained in or on the flood plains of any river or stream, the department shall investigate the effect of the construction or maintenance project on the efficiency and capacity of the floodway. In determining the effect of the proposal the department shall consider fully its effect on flooding of or flood control for any proposed works and adjacent lands and property, on the wise use and protection of water resources, on the quality of water, on fish, wildlife, and recreational facilities or uses, and on all other public rights and requirements.

**455B.265 Permits for diversion, storage, and withdrawal.**

1. In its consideration of applications for permits, the department shall give priority in processing to persons in the order that the applications are received, except where the application of this processing priority system prevents the prompt approval of routine applications or where the public health, safety, or welfare will be threatened by delay. If the department determines after investigation that the diversion, storage, or withdrawal is consistent with the principles and policies of beneficial use and ensuring conservation, the department shall grant a permit. An application for a permit shall be approved or denied within ninety days from the date that the department receives the application. A renewal permit shall be approved or denied by the department within thirty days from the date that the department receives an application for renewal. Regardless of the request in the application, the director or the department on appeal may determine the duration and frequency of withdrawal and the quantity of water to be diverted, stored, or withdrawn pursuant to the permit. Each permit granted after July 1, 1986, shall include conditions requiring routine conservation practices, and requiring implementation of emergency conservation measures after notification by the department.

2. If an application is received by July 1, 1986, the department shall grant a permit for the continuation of a beneficial use of water that was a non-regulated use prior to July 1, 1985, and now requires a permit pursuant to section 455B.268. However, the permit is subject to conditions requiring routine and emergency conservation measures and to modification or cancellation under section 455B.271. Applications received after July 1, 1986 for those uses shall be determined pursuant to subsection 1.

3. Permits shall be granted for a period of ten years; however, permits for withdrawal of water may be granted for less than ten years if geological data on the capacity of the aquifer and the rate of its recharge are indeterminate, and permits for the storage of water may be granted for the life of the structure unless revoked by the department. A permit granted shall remain as an appurtenance of the land described in the permit through the date specified in the permit and any extension of the permit or until an earlier date when the permit or its extension is canceled under section 455B.271. Upon application for a permit prior to the termination date specified in the permit, a permit may be renewed by the department for a period of ten years.

4. Permits for aquifer storage and recovery shall be granted for a period of twenty years or the life of the project, whichever is less, unless revoked by the department. The department shall adopt rules pursuant to chapter 17A relating to in-

formation an applicant for a permit shall submit to the department. At a minimum, the information shall include engineering, investigation, and evaluation information requisite to assure protection of the groundwater resource, and assurances that an aquifer storage and recovery site shall not unreasonably restrict other uses of the aquifer. Upon application and prior to the termination date specified in the original permit or a subsequent renewal permit, a renewal permit may be issued by the department for an additional period of twenty years. The department shall not authorize withdrawals of treated water from an aquifer storage and recovery site by anyone other than the permittee during the period of the original permit and each subsequent renewal permit. Treated water injected into an aquifer covered by a permit issued pursuant to this subsection is the property of the permittee.

**455B.266 Priority allocation.**

1. After any event described in paragraphs "a" through "d" of this subsection has occurred, the department shall investigate and, if appropriate, may implement the priority allocation plan provided in subsection 2. The department shall require existing permittees to implement appropriate emergency conservation measures. The pertinent public notice and hearing requirements of subsection 4 of this section and sections 455B.271 and 455B.278 shall apply to the implementation of the plan.

a. Receipt of a petition by twenty-five affected persons or a governmental subdivision requesting that the priority allocation plan be implemented due to a substantial local water shortage.

b. Receipt of information from a state or federal natural resource, research or climatological agency indicating that a drought of local or state magnitude is imminent.

c. Issuance by the governor of a proclamation of a disaster emergency due to a drought or other event affecting water resources of the state.

d. Determination by the department in conjunction with the homeland security and emergency management division of the department of public defense of a local crisis which affects availability of water.

2. Notwithstanding a person's possession of a permit or the person's use of water being a non-regulated use, the department may suspend or restrict usage of water by category of use on a local or statewide basis in the following order:

a. Water conveyed across state boundaries.

b. Uses of water primarily for recreational or

aesthetic purposes.

c. Uses of water for the irrigation of hay, corn, soybeans, oats, grain sorghum or wheat.

d. Uses of water for the irrigation of crops other than hay, corn, soybeans, oats, grain sorghum or wheat.

e. Uses of water for manufacturing or other industrial processes.

f. Uses of water for generation of electrical power for public consumption.

g. Uses of water for livestock production.

h. Uses of water for human consumption and sanitation supplied by rural water districts, municipal water systems, or other public water supplies as defined in section 455B.171.

i. Uses of water for human consumption and sanitation supplied by a private water supply as defined in section 455B.171.

3. Unless the governor has issued a proclamation described in subsection 1, paragraph "c", the department shall not impose a suspension of water use or a further restriction, other than conservation, on the uses of water provided in subsection 2, paragraphs "g" through "i" or on users of water pursuant to a contract with the state as provided in section 455B.263, subsections 5 and 6. If a contract with the state as provided in section 455B.263, subsections 5 and 6 was in effect prior to March 5, 1985, the department shall not impose a suspension of water use or a further restriction, other than conservation, on the users of water pursuant to that contract.

4. Suspension or restrictions of water usage applicable to otherwise nonregulated water users shall be by emergency order of the director which the department shall cause to be published in local newspapers of general circulation and broadcast by local media. The emergency order shall state an effective date of the suspension or restriction and shall be immediately effective on such date unless stayed, modified or vacated at a hearing before the commission or by a court.

#### **455B.267 Permits for beneficial use — prohibitions.**

1. The director or the commission may issue a permit for beneficial use of water in a watercourse if the established average minimum water flow is preserved.

2. A use of water shall not be authorized if it will impair the effect of this chapter or any other pollution control law of this state.

3. A permit shall not be issued or continued if it will impair the navigability of any navigable watercourse.

4. A permit to divert, store or withdraw water shall not be issued or continued if it will unreasonably impair the long-term availability of water from a surface or groundwater source in terms of quantity or quality, or otherwise adversely affect the public health or welfare.

#### **455B.268 When permit required.**

1. A permit shall be required for the following:

a. Except for a nonregulated use, a person diverting, storing or withdrawing water from any surface or groundwater source.

b. A person who diverts water or any material from the surface directly into an underground watercourse or basin.

2. The commission may adopt, modify, or repeal rules pursuant to chapter 17A specifying the conditions under which the director may authorize specific nonrecurring minor uses of water for periods not to exceed one year through registration.

3. Notwithstanding any exemptions from permit requirements, nothing in this part exempts water users from requirements for reporting which the commission adopts by rule.

#### **455B.269 Taking water prohibited.**

1. A person shall not take water from a natural watercourse, underground basin or watercourse, drainage ditch, or settling basin within this state for any purpose other than a nonregulated use except in compliance with the sections of this part which relate to the withdrawal, diversion, or storage of water. However, existing uses may be continued during the period of the pendency of an application for a permit.

2. A person, other than the aquifer storage and recovery permittee, shall not take treated water from a permitted aquifer storage and recovery site within this state.

#### **455B.270 Rights preserved.**

The sections of this part which relate to the withdrawal, diversion, or storage of water do not deprive any person of the right to use diffused waters, to drain land by use of tile, open ditch, or surface drainage, or to construct an impoundment on the person's property or across a stream that originates on the person's property if provision is made for safe construction and for a continued estab-

lished average minimum flow when the flow is required to protect the rights of water users below.

**455B.271 Modification or cancellation of permits.**

Each permit issued under section 455B.265 is irrevocable for its term and for any extension of its term except as follows:

1. A permit may be modified or canceled by the department with the consent of the permittee.

2. Subject to appeal to the department of inspections and appeals, a permit may be modified or canceled by the director if any of the following occur:

a. There is a breach of the terms of the permit.

b. There is a violation of the law pertaining to the permit by the permittee or the permittee's agents.

c. There is a circumstance of nonuse as provided in section 455B.272.

d. The department finds that modification or cancellation is necessary to protect the public health or safety, to protect the public interests in lands or waters, to require conservation measures or to prevent substantial injury to persons or property in any manner. Before the modification or cancellation is effective, the department shall give at least thirty days' written notice mailed to the permittee at the permittee's last known address, stating the grounds of the proposed modification or cancellation and giving the permittee an opportunity to be heard on the proposal.

3. By written emergency order to the permittee, the department may suspend or restrict operations under a permit if the director finds it necessary in an emergency to protect the public health, to protect the public interest in waters against imminent danger of substantial injury in any manner or to an extent not expressly authorized by the permit, to implement the priority allocation system of section 455B.266, or to protect persons or property against imminent danger. The department may require the permittee to take measures necessary to prevent or remedy the injury. The emergency order shall state the effective date of the suspension or restriction and shall be immediately effective on that date unless stayed, modified or vacated at a hearing before the department or by a court.

**455B.272 Termination of permit.**

The right of the permittee and the permittee's

successors to the use of water shall terminate when the permittee or the permittee's successors fail for three consecutive years to use it for the specific beneficial purpose authorized in the permit and, after notification by the department of intent to cancel the permit for nonuse, the permittee or the permittee's successors fail to demonstrate adequate plans to use water within a reasonable time. However, nonuse of water due to adequate rainfall does not constitute grounds for cancellation of a permit to use water for irrigation.

**455B.273 Disposal of permit.**

A permittee may sell, transfer, or assign a permit by conveying, leasing, or otherwise transferring the ownership of the land described in the permit, but the permit does not constitute ownership or absolute rights of use of the waters. The waters remain subject to the principle of beneficial use and the orders of the director or commission.

**455B.274 Unauthorized depleting uses.**

If a person files a complaint with the department that another person is making a depleting use of water not expressly exempted as a nonregulated use under this part and without a permit to do so, the department shall cause an investigation to be made and if the facts stated in the complaint are verified the department shall order the discontinuance of the use.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §455A.32; 82 Acts, ch 1199, §28, 96]

**455B.275 Prohibited acts — powers of commission and executive director.**

1. A person shall not permit, erect, use, or maintain a structure, dam, obstruction, deposit, or excavation in or on a floodway or flood plains, which will adversely affect the efficiency of or unduly restrict the capacity of the floodway, or adversely affect the control, development, protection, allocation, or utilization of the water resources of the state, and the same are declared to be public nuisances.

2. The department may commence, maintain, and prosecute any appropriate action to enjoin or abate a nuisance, including any of the nuisances specified in subsection 1 and any other nuisance which adversely affects flood control.

3. A person shall file a written application with the department if the person desires to do any of the following:

a. Erect, construct, use, or maintain a structure, dam, obstruction, deposit, or excavation in or on any floodway or flood plains.

b. Erect, construct, maintain, or operate a dam on a navigable or meandered stream.

c. Erect, construct, maintain, or operate a dam on a stream for manufacturing or industrial purposes.

The application shall set forth information as required by rule of the commission. The department, after an investigation, shall approve or deny the application imposing conditions and terms as prescribed by the department.

4. The department may maintain an action in equity to enjoin a person from erecting or making or permitting to be made a structure, dam, obstruction, deposit, or excavation for which a permit has not been granted. The department may also seek judicial abatement of any structure, dam, obstruction, deposit, or excavation erected or made without a permit required under this part. The abatement proceeding may be commenced to enforce an administrative determination of the department in a contested case proceeding that a public nuisance exists and should be abated. The costs of abatement shall be borne by the violator. Notwithstanding section 352.11, a structure, dam, obstruction, deposit, or excavation on a floodway or flood plain in an agricultural area established under chapter 352 is not exempt from the sections of this part which relate to regulation of flood plains and floodways. As used in this subsection, "violator" includes a person contracted to erect or make a structure, dam, obstruction, deposit, or excavation in a floodway including stream straightening unless the project is authorized by a permit required under this part.

5. The department may remove or eliminate a structure, dam, obstruction, deposit, or excavation in a floodway which adversely affects the efficiency of or unduly restricts the capacity of the floodway, by an action in condemnation, and in assessing the damages in the proceeding, the appraisers and the court shall take into consideration whether the structure, dam, obstruction, deposit, or excavation is lawfully in or on the floodway in compliance with this part.

6. The department may require, as a condition of an approval order or permit granted pursuant to this part, the furnishing of a performance bond with good and sufficient surety, conditioned upon full compliance with the order or permit and the rules of the commission. In determining the need for and amount of bond, the department shall give consideration to the hazard posed by the construction and maintenance of the approved works and the protection of the health, safety, and welfare of the people of the state. This subsection does not apply to orders or permits granted to a governmental entity.

7. When approving a request to straighten a

stream, the department may establish as a condition of approval a permanent prohibition against tillage of land owned by the person receiving the approval and lying within a minimum distance from the stream sufficient in the judgment of the director or commission to hold soil erosion to reasonable limits. The department shall record the prohibition in the office of the county recorder of the appropriate county and the prohibition shall attach to the land.

8. The commission shall establish, by rule, thresholds for dimensions and effects, and any structure, dam, obstruction, deposit, or excavation having smaller dimensions and effects than those established by the commission is not subject to regulation under this section. The thresholds shall be established so that only those structures, dams, obstructions, deposits, or excavations posing a significant threat to the well-being of the public and the environment are subject to regulation.

9. The commission or the department shall not initiate any administrative or judicial action to remove or eliminate any structure, dam, obstruction, deposit, or excavation in a floodway, or to remove or eliminate any stream straightening, or to place other restrictions on the use of land or water affected by the structure, dam, obstruction, deposit, excavation, or stream straightening if not initiated within five years after the department becomes aware of the erection or making of the structure, dam, obstruction, deposit, excavation, or stream straightening. After ten years from the completion of the erection or making of the structure, dam, obstruction, deposit, excavation, or stream straightening, the prohibition of this subsection applies to, but is not limited to, any administrative or judicial abatement or action in condemnation that the commission or department may initiate under this section unless action is required to protect the public safety, in which case this section is not intended to limit the department from taking actions otherwise authorized by law.

#### **455B.276 Flood plains — encroachment limits.**

The commission may establish and enforce rules for the orderly development and wise use of

the flood plains of any river or stream within the state and alter, change, or revoke the rules. The commission shall determine the characteristics of floods which reasonably may be expected to occur and may establish by order encroachment limits, protection methods, and minimum protection levels appropriate to the flooding characteristics of the stream and to reasonable use of the flood plains. The order shall fix the length of flood plains to be regulated at any practical distance, the width of the zone between the encroachment limits so as to include portions of the flood plains adjoining the channel, which with the channel, are required to carry and discharge the flood waters or flood flow of the river or stream, and the design discharge and water surface elevations for which protection shall be provided for projects outside the encroachment limits but within the limits of inundation. Plans for the protection of projects proposed for areas subject to inundation shall be reviewed as plans for flood control works within the purview of section 455B.277. An order establishing encroachment limits shall not be issued until notice of the proposed order is given and opportunity for public hearing given for the presentation of protests against the order. In establishing the limits, the commission shall avoid to the greatest possible degree the evacuation of persons residing in the area of a floodway, the removal of residential structures occupied by the persons in the area of a floodway, and the removal of structures erected or made prior to July 4, 1965, which are located on the flood plains of a river or stream but not within the area of a floodway.

The commission shall cooperate with and assist local units of government in the establishment of encroachment limits, flood plain regulations, and zoning ordinances relating to flood plain areas within their jurisdiction. Encroachment limits, flood plain regulations, or flood plain zoning ordinances proposed by local units of government shall be submitted to the department for review and approval prior to adoption by the local units of government. Changes or variations from an approved regulation or ordinance as it relates to flood plain use are subject to approval by the commission prior to adoption. Individual applications, plans, and specifications and individual approval orders shall not be required for works on the flood plains constructed in conformity with encroachment limits, flood plain regulations, or zoning ordinances adopted by the local units of government and approved by the commission.

**455B.277 Flood control works coordinated.**

All flood control works in the state, which are es-

tablished and constructed after April 16, 1949, shall be coordinated in design, construction, and operation according to sound and accepted engineering practice so as to effect the best flood control obtainable throughout the state. A person shall not construct or install works of any nature for flood control until the proposed works and the plans and specifications for the works are approved by the department. The department shall consider all the pertinent facts relating to the proposed works which will affect flood control and water resources in the state and shall determine whether the proposed works in the plans and specifications will be in aid of and acceptable as part of, or will adversely affect and interfere with flood control in the state, adversely affect the control, development, protection, allocation, or utilization of the water resources of the state, or adversely affect or interfere with an approved local water resources plan. In the event of disapproval, the department shall set forth the objectionable features so that the proposed works and the plans and specifications for the proposed works may be corrected or adjusted to obtain approval.

This section applies to drainage districts, soil and water conservation districts, the natural resource commission, political subdivisions of the state, and private persons undertaking projects relating to flood control.

**455B.281 Compensation for well interference.**

If an investigation by the department, using information provided by the applicant or permittee and the complainant, discloses that a proposed or existing permitted use or combination of such uses is causing or will cause the delivery system to fail in a well which supplies water for a nonregulated use, the department may condition issuance or continuation of a permit upon payment by the permittee of compensation for all or a portion of the cost of a replacement water supply system or remedial measures necessitated by the interference. However, such condition may be imposed only after the parties demonstrate to the department that a good faith effort to negotiate a mutually agreeable compensation has been made and has failed.

Determination of the amount of compensation for the well interference shall be made a part of the determination of the department in accordance with section 455B.265 or 455B.271. The department may require the submission of itemized estimates of the cost of remedial repairs or a replacement water supply system. In determining appropriate compensation, the department shall

consider the age and condition of the affected well or pumping system and its reasonableness as a method of obtaining groundwater in light of the history of development of groundwater in the surrounding area. When compensation is required for all or part of the cost of construction of a replacement water supply system or reconstruction of an affected well, the construction or reconstruction must comply with applicable well construction standards. A permittee is not required to pay compensation before having an opportunity to do test pumping authorized by the department and supervised by the department or designee.

The determination of the department shall be subject to administrative and judicial review and shall be the exclusive remedy for such interference.

#### **455B.292 Findings.**

The general assembly finds that the proper construction, rehabilitation, operation, and maintenance of modern and efficient wastewater treatment works, other water pollution control works, and drinking water facilities are essential to protecting and improving the state’s water quality and the health of its citizens; that protecting and improving water quality is an issue of concern to the citizens of the state; that in addition to protecting and improving the state’s water quality, adequate wastewater treatment and water pollution control works and drinking water facilities are essential to economic growth and development; that during the last several years the amount of federal grant money available to states and local governments for assistance in constructing and improving wastewater treatment works and safe drinking water facilities has sharply diminished and will likely continue to diminish; and that it is proper for the state to encourage local governments, individuals, and other entities to undertake water pollution control and drinking water projects through the establishment of a state mechanism to provide loans at the lowest reasonable rates.

88 Acts, ch 1217, §11; 97 Acts, ch 4, §8; 2002 Acts, ch 1019, §2

#### **455B.293 Policy.**

It is the policy of this state that it is in the public interest to establish a water pollution control works and drinking water facilities financing program and revolving loan funds and administration funds to make loans available from the state to eligible entities for the purpose of undertaking projects. This section shall be broadly construed to effect and accomplish that purpose.

#### **455B.294 Establishment of the Iowa water pollution control works and drinking water facilities financing program.**

The Iowa water pollution control works and drinking water facilities financing program is established for the purpose of making loans available to eligible entities to finance all or part of the costs of projects. The program shall be a joint and cooperative undertaking of the department and the authority. The department and the authority may enter into and provide any agreements, documents, instruments, certificates, data, or information necessary in connection with the operation, administration, and financing of the program consistent with this part, the Safe Drinking Water Act, the Clean Water Act, the rules of the department and the commission, the rules of the authority, and other applicable federal and state law. The authority and the department may act to conform the program to the applicable guidance and regulations adopted by the United States environmen-

tal protection agency.

All payments from the administrator shall be deposited in the appropriate revolving loan funds.

2. The department and the authority shall establish fiscal controls and accounting procedures during appropriate accounting periods for payments and disbursements received and made by the revolving loan funds, the administration funds, and other funds established pursuant to section 455B.295, subsection 4, and to fund balances at the beginning and end of the accounting periods.

3. Upon receipt of the joint recommendation of the department and the authority with respect to the amounts to be so reserved and transferred, and subject in all respects to the applicable provisions of the Clean Water Act, Safe Drinking Water Act, and other applicable federal law, the governor may direct that the recommended portion of a capitalization grant made in respect of one of the revolving loan funds in any year be reserved for the transfer to the other revolving loan fund. The authority and the department may effect the transfer of any funds reserved for such purpose, as directed by the governor, and shall cause the records of the program to reflect the transfer. #### **455B.301A Declaration of policy.**

1. The protection of the health, safety, and welfare of Iowans and the protection of the environment require the safe and sanitary disposal of solid wastes. An effective and efficient solid waste disposal program protects the environment and the public, and provides the most practical and beneficial use of the material and energy values of solid waste. While recognizing the continuing necessity for the existence of landfills, alternative methods of managing solid waste and a reduction in the reliance upon land disposal of solid waste are encouraged. In the promotion of these goals, the following waste management hierarchy in descending order of preference, is established as the solid waste management policy of the state:

a. Volume reduction at the source.

b. Recycling and reuse.

c. Other approved techniques of solid waste management including, but not limited to, combustion with energy recovery, combustion for waste disposal, and disposal in sanitary landfills.

2. In the implementation of the solid waste management policy, the state shall:

a. Establish and maintain a cooperative state and local program of project planning, and technical and financial assistance to encourage comprehensive solid waste management.

b. Utilize the capabilities of private enterprise as well as the services of public agencies to accomplish the desired objectives of an effective solid waste management program.

87 Acts, ch 225, §405; 94 Acts, ch 1177, §1

#### **455B.302 Duty of cities and counties — agreements — liens.**

Every city and county of this state shall provide for the establishment and operation of a comprehensive solid waste reduction program consistent with the waste management hierarchy under section 455B.301A, and a sanitary disposal project for final disposal of solid waste by its residents. Comprehensive programs and sanitary disposal proj-

ects may be established either separately or through co-operative efforts for the joint use of the participating public agencies as provided by law.

Cities and counties may execute with public and private agencies contracts, leases, or other necessary instruments, purchase land and do all things necessary not prohibited by law for the implementation of waste management programs, collection of solid waste, establishment and operation of sanitary disposal projects, and general administration of the same. Any agreement executed with a private agency for the operation of a sanitary disposal project shall provide for the posting of a sufficient surety bond by the private agency conditioned upon the faithful performance of the agreement. A city or county may at any time during regular working hours enter upon the premises of a sanitary disposal project, including the premises of a sanitary landfill, in order to inspect the premises and monitor the operations and general administration of the project to ensure compliance with the agreement and with state and federal laws. This includes the right of the city or county to enter upon the premises of a former sanitary disposal project which has been closed, including the premises of a former sanitary landfill, owned by a private agency, for the purpose of providing required postclosure care.

A city or county which provides closure or postclosure care on the premises of a sanitary landfill owned by a private agency, shall have a lien upon the property to secure payment for the amount of materials and labor expended by the city or county to perform the required closure or postclosure care on the premises. The lien shall be recordable and collectable in the same manner as provided in section 424.11. The lien shall attach at the time the city or county incurs expenses to provide closure or postclosure care on the premises of the sanitary landfill. The lien shall be valid as against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, only upon filing a notice of the lien with the recorder of the county in which the property is located. Upon payment, the city or county shall release the lien. If no lien has been recorded at the time the property is sold or transferred, the property shall not be subject to a lien or claim for any closure or postclosure costs incurred by the city or county.

The director shall administer the provisions of this part 1 of division IV subject to the rules established by the commission.

Local boards of health shall co-operate in the enforcement of the provisions of said part and the director may seek their aid and delegate administra-

tive duties of the department to the local boards of health in matters relating to solid waste, refuse disposal plants, and sanitary disposal projects.

#### **455B.304 Rules established.**

1. The commission shall establish rules for the proper administration of this part 1 of division IV which shall reflect and accommodate as far as is reasonably possible the current and generally accepted methods and techniques for treatment and disposition of solid waste which will serve the purposes of this part, and which shall take into consideration the factors, including others which it deems proper, such as existing physical conditions, topography, soils and geology, climate, transportation, and land use, and which shall include but are not limited to rules relating to the establishment and location of sanitary disposal projects, sanitary practices, inspection of sanitary disposal projects, collection of solid waste, disposal of solid waste, pollution controls, the issuance of permits, approved methods of private disposition of solid waste, the general operation and maintenance of sanitary disposal projects, and the implementation of this part.

2. The commission shall adopt rules that allow the use of wet or dry sludge from publicly owned treatment works for land application. A sale of wet or dry sludge for the purpose of land application shall be accompanied by a written agreement signed by both parties which contains a general analysis of the contents of the sludge. The heavy metal content of the sludge shall not exceed that allowed by rules of the commission. An owner of a publicly owned treatment works which sells wet or dry sludge is not subject to any action by the purchaser to recover damages for harm to person or property caused by sludge that is delivered pursuant to a sale unless it is a result of a violation of the written agreement or if the heavy metal content of the sludge exceeds that allowed by rules of the commission. Nothing in this section shall provide immunity to any person from action by the department pursuant to section 455B.307. The rules adopted under this subsection shall be generally consistent with those rules of the department existing on January 1, 1982, regarding the land application of municipal sewage sludge except that they may provide for different methods of application for wet sludge and dry sludge.

3. The commission shall adopt rules prohibiting the disposal of uncontained liquid waste in a sanitary landfill. The rules shall prohibit land burial or disposal by land application of wet sewer sludge at a sanitary landfill.

4. The commission shall adopt rules requiring that each sanitary disposal project established pursuant to section 455B.302 and permitted pursuant to section 455B.305 install and maintain a sufficient number of groundwater monitoring wells to adequately determine the quality of the groundwater and the impact the sanitary disposal project, if any, is having on the groundwater adjacent to the sanitary disposal project site.

5. The commission shall adopt rules requiring a schedule of monitoring of the quality of groundwater adjacent to the sanitary disposal project from the groundwater monitoring wells installed in accordance with this section during the period the sanitary disposal project is in use. Schedules of monitoring may be varied in consideration of the types of sanitary disposal practices, hydrologic and geologic conditions, construction and operation characteristics, and volumes and types of wastes handled at the sanitary disposal project site.

6. The commission shall, by rule, require continued monitoring of groundwater pursuant to this section for a period of thirty years after the sanitary disposal project is closed. The commission may prescribe a lesser period of monitoring duration and frequency in consideration of the potential or lack thereof for groundwater contamination from the sanitary disposal project. The commission may extend the thirty-year monitoring period on a site-specific basis by adopting rules specifically addressing additional monitoring requirements for each sanitary disposal project for which the monitoring period is to be extended.

7. The commission shall adopt rules which may require the installation of shafts to relieve the accumulation of gas in a sanitary disposal project.

8. The commission shall adopt rules which establish closure, postclosure, leachate control and treatment, and financial assurance standards and requirements and which establish minimum levels of financial responsibility for sanitary disposal projects.

9. The commission shall adopt rules which establish the minimum distance between tiling lines and a sanitary landfill in order to assure no adverse effect on the groundwater.

10. The commission shall adopt rules for the distribution of grants to cities, counties, central planning agencies, and public or private agencies working in cooperation with cities or counties, for the purpose of solid waste management. The rules shall base the awarding of grants on a project's reflection of the solid waste management policy and hierarchy established in section 455B.301A, the proposed amount of local matching funds, and community need.

11. By July 1, 1990, a sanitary landfill disposal project operating with a permit shall have a trained, tested, and certified operator. A certification program shall be devised or approved by rule of the department.

12. The commission shall adopt rules for the certification of operators of solid waste incinerators. The criteria for certification shall include, but is not limited to, an operator's technical competency and operation and maintenance of solid waste incinerators.

13. Notwithstanding the provisions of this chapter regarding the requirement of the equipping of a sanitary landfill with a leachate control system and the establishment and continuation of a postclosure account, the department shall adopt rules which provide for an exemption from the requirements to equip a publicly owned sanitary landfill with a leachate control system and to establish and maintain a postclosure account if the sanitary landfill operator is a public agency, if the sanitary landfill has closed or will close by July 1, 1992, and will no longer accept waste for disposal after that date, and if at the time of closure of the sanitary landfill monitoring of the groundwater does not reveal the presence of leachate. The department shall require postclosure groundwater monitoring and shall establish the requirements for the implementation of leachate collection and control in cases in which leachate is found during postclosure monitoring. The department shall provide for a closure completion period following the date of closure of a sanitary landfill. Notwithstanding the provisions of this paragraph, the public agency shall retain financial responsibility for closure and postclosure requirements applicable to sanitary disposal projects.

14. The commission shall adopt rules providing for the land application of soils resulting from the remediation of underground storage tank releases in the state.

15. The commission shall adopt rules which require all sanitary disposal projects in which the tonnage fee pursuant to section 455B.310 is imposed, to install scales and utilize these scales to calculate payment of the tonnage fee.

16. The commission shall adopt rules which prohibit the land application of petroleum contaminated soils on flood plains.

17. The commission shall adopt rules to establish a special waste authorization program. For purposes of this subsection, "special waste" means any industrial process waste, pollution control waste, or toxic waste which presents a threat to human health or the environment or a waste with inherent properties which make the disposal of the waste in a sanitary landfill difficult to manage. Special waste does not include domestic, office, commercial, medical, or industrial waste that does not require special handling or limitations on its disposal. Special waste does not include hazardous wastes which are regulated under the federal Resource Conservation and Recovery Act, 42 U.S.C. § 6921–6934, hazardous wastes as defined in section 455B.411, subsection 3, or hazardous wastes included in the list compiled in accordance with section 455B.464.

18. The commission shall adopt rules for the issuance of a single general permit, after notice and opportunity for a public hearing. The single general permit shall cover numerous facilities to the extent that they are representative of a class of facilities which can be identified and conditioned by a single permit.

#### **455B.305 Issuance or renewal of permits by director.**

1. The director shall issue, revoke, suspend, modify, or deny permits for the construction and operation of sanitary disposal projects.

A permit shall be issued by the director or at the director's direction, by a local board of health, for each sanitary disposal project operated in this state. The permit shall be issued in the name of the city or county or, where applicable, in the name of the public or private agency operating the project. Each sanitary disposal project shall be inspected annually by the department or a local board of health. The permits issued pursuant to this section are in addition to any other licenses, permits or variances authorized or required by law, including, but not limited to, chapter 335. A permit may be suspended or revoked by the director if a sanitary disposal project is found not to meet the requirements of part 1 or rules issued under part 1. The suspension or revocation of a permit may be appealed to the department.

2. Beginning July 1, 1988, the director shall not issue a permit for the construction or operation of a new sanitary disposal project unless the permit applicant, in conjunction with all local governments using the sanitary disposal project, has filed a plan as required by section 455B.306. For those sections for which the department has not developed rules, the permit shall contain conditions and a schedule for meeting all applicable requirements of section 455B.306.

3. Beginning July 1, 1988, the director shall not renew or reissue a permit which had been initially issued prior to that date for a sanitary disposal project, unless the permit applicant, in conjunction with all local governments using the sanitary disposal project, has filed a plan as required by section 455B.306. For those sections for which the department has not developed rules, the permit shall contain conditions and a schedule for meeting all applicable requirements of section 455B.306.

4. Beginning July 1, 1994, the director shall

not renew or reissue a permit which had been initially issued or renewed prior to that date for a sanitary disposal project, unless and until the permit applicant, in conjunction with all local governments using the sanitary disposal project, documents that steps are being taken to begin implementing the plan filed pursuant to section 455B.306. For those sections for which the department has not developed rules, the permit shall contain conditions and a schedule for meeting all applicable requirements of section 455B.306. However, a permit may be issued for the construction and operation of a new sanitary disposal project in accordance with subsection 2.

5. Beginning July 1, 1997, the director shall not renew or reissue a permit which had been renewed or reissued prior to that date for a sanitary landfill, unless and until the permit applicant, in conjunction with all local governments using the landfill, documents that alternative methods of solid waste disposal other than use of a sanitary landfill have been implemented as set forth in the plan filed pursuant to section 455B.306. However, the director may issue a permit for the construction and operation of a new sanitary landfill in accordance with subsection 2 and a permit may be renewed or reissued for a sanitary landfill which had received an initial permit but the permit had not been previously renewed or reissued prior to July 1, 1997 in accordance with subsection 3.

After July 1, 1997, however, no new landfill permits shall be issued unless the applicant, in conjunction with all local governments which will use the landfill, certifies that the landfill is needed as a part of an alternative disposal method, or unless the applicant provides documentation which satisfies the director that alternatives have been studied and are not either technically or economically feasible. The decision of the director is subject to review by the commission at its next meeting.

6. Beginning July 1, 1992, the director shall not issue a permit for a sanitary landfill unless the sanitary landfill is equipped with a leachate control system. Beginning July 1, 1994, the director shall not renew or reissue a permit for an existing sanitary landfill unless the sanitary landfill is equipped with a leachate control system. During the period from July 1, 1992, through June 30, 1994, the director may require an existing sanitary landfill to install a leachate control system if leachate from the sanitary landfill is adversely impacting the public health or safety or the environment. During the period from July 1, 1992, through June 30, 1994, the director shall require an existing sanitary landfill to install a leachate control system if the sanitary landfill has not submitted a completed hydrogeological plan to the department. The director may exempt a permit applicant from these requirements if the director determines that certain conditions regarding, but not limited to, existing physical conditions, topog-

raphy, soil, geology, and climate, are such that a leachate control system is unnecessary. The director may exempt a permit applicant from the requirements of this subsection if the permittee certifies that a risk assessment of the site indicates that a current or potential threat to environmental health does not exist such that an exposed individual has no greater than a one in one million risk of developing cancer and for noncarcinogens a hazard index of less than one. The director shall use the United States environmental protection agency's risk assessment guidance for the superfund as a basis for determining whether to grant the exemption. The exemption in this subsection shall apply only to sanitary landfill cells in existence prior to July 1, 1992, or the vertical expansion above a cell in which waste was deposited prior to July 1, 1992. A sanitary landfill permittee desiring an exemption shall apply to the director and certify a completion date for a risk assessment study by December 1, 1994. If an exemption is not granted, or if the risk assessment study concludes that a leachate control system is required, a permittee shall certify a completion date and increments of progress for the installation of a leachate control system. The department shall retain the discretion to approve or disapprove a risk assessment study or a proposed completion date under this subsection. If a schedule for a risk assessment study or the installation of a leachate control system is approved by the department and satisfactory progress is being made toward completion of the study or the installation of the leachate control system, the permittee shall not be subject to penalties for failure to meet the requirements of this subsection.

**455B.305A Local approval of sanitary landfill and infectious waste incinerator projects.**

1. Prior to the siting of a proposed, new sanitary landfill, incinerator, or infectious medical waste incinerator, a city, county, or private agency, shall submit a request for local siting approval to the city council or county board of supervisors which governs the city or county in which the proposed site is to be located. The requirements of this section do not apply to the expansion of an existing sanitary landfill owned by a private agency which disposes of waste which the agency generates on property owned by the agency. The city council or county board of supervisors shall approve or disapprove the site for each sanitary landfill, or incinerator, or infectious medical waste incinerator.

Prior to the siting of a proposed new sanitary landfill or incinerator by a private agency disposing of waste which the agency generates on property owned by the agency which is located outside of the city limits and for which no county zoning ordinance exists, the private agency shall cause written notice of the proposal, including the nature of the proposed facility, and the right of the owner to submit a petition for formal siting of the proposed site, to be served either in person or by mail on the owners and residents of all property within two miles in each direction of the proposed local site area. The owners shall be identified based upon the authentic tax records of the county in which the proposed site is to be located. The private agency shall notify the county board of supervisors which governs the county in which the site is to be located of the proposed siting, and certify that notices have been mailed to owners and residents of the impacted area. Written notice shall be published in the official newspaper, as selected by the county board of supervisors pursuant to section 349.1, of the county in which the site is located. The notice shall state the name and address of the applicant, the location of the proposed site, the nature and size of the development, the nature of the activity proposed, the probable life of the proposed activity, and a description of the right of persons to comment on the request. If two hundred fifty or a minimum of twenty percent, whichever is less, of the owners and residents of property notified submit a petition for formal review to the county board of supervisors or if the county board of supervisors, on the board's own motion, requires formal review of the proposed siting, the private agency proposal is subject to the formal siting procedures established pursuant to this section.

2. An applicant for siting approval shall submit information to the city council or county board of supervisors to demonstrate compliance with the requirements prescribed by this chapter regarding a sanitary landfill or infectious waste incinerator. Siting approval shall be granted only if the proposed project meets all of the following criteria:

a. The project is necessary to accommodate the solid waste management needs of the area which the project is intended to serve.

b. The project is designed, located, and proposed to be operated so that the public health, safety, and welfare will be protected.

c. The project is located so as to minimize incompatibility with the character of the surrounding area and to minimize the effect on the value of the surrounding property. The city council or county board of supervisors shall consider the advice of the appropriate planning and zoning commission regarding the application.

d. The plan of operations for the project is designed to minimize the danger to the surrounding area from fire, spills, or other operational accidents.

e. The traffic patterns to or from the project are designed in order to minimize the impact on existing traffic flows.

f. Information regarding the previous operating experience of a private agency applicant and its subsidiaries or parent corporation in the area of solid waste management or related activities are made available to the city council or county board of supervisors.

g. The department of natural resources has been consulted by the city council or board of supervisors prior to the approval.

3. No later than fourteen days prior to a request for siting approval, the applicant shall cause written notice of the request to be served either in person or by restricted certified mail on the owners of all property within the proposed local site area not solely owned by the applicant, and on the owners of all property within one thousand feet in each direction of the lot line of the proposed local site property if the proposed local site is within the city limits, or within two miles in each direction of the lot line of the proposed local site property if the proposed local site is outside of the city limits. The owners shall be identified based upon the authentic tax records of the county in which the project is to be located.

Written notice shall be published in the official newspaper of the county in which the site is located. The notice shall state the name and address of the applicant, the location of the proposed site, the nature and size of the development, the nature of the activity proposed, the probable life of the proposed activity, the date when the request for site approval will be submitted, and a description of the right of persons to comment on the request.

4. An applicant shall file a copy of its request with the department and with the city council or the county board of supervisors in which the proposed site is located. The request shall include the substance of the applicant's proposal and all documents, if any, submitted as of that date to the department pertaining to the proposed project. All documents or other materials pertaining to the proposed project on file with the city council or county board of supervisors shall be made available for public inspection at the office of the city council or county board of supervisors and may be copied upon payment of the actual cost of reproduction.

Any person may file written comment with the city council or county board of supervisors concerning the appropriateness of the proposed site for its intended purpose. The city council or county board of supervisors shall consider any comment received or postmarked not later than thirty days after the date of the last public hearing.

5. At least one public hearing shall be held by the city council or county board of supervisors no sooner than ninety days but no later than one hundred twenty days from receipt of the request for siting approval. A hearing shall be preceded by

published notice in an official newspaper of the county of the proposed site, including in any official newspaper located in the city of the proposed site.

6. Decisions of the city council or the county board of supervisors shall be in writing, specifying the reasons for the decision. The written decision of the city council or the county board of supervisors shall be available for public inspection at the office of the city council or county board of supervisors and may be copied upon payment of the actual cost of reproduction. Final action shall be taken by the city council or the county board of supervisors within one hundred eighty days after the filing of the request for site approval.

At any time prior to completion by the applicant of the presentation of the applicant's factual evidence and an opportunity for questioning by the city council or the county board of supervisors and members of the public, the applicant may file not more than one amended application upon payment of additional fees pursuant to subsection 9. The time limitation for final action on an amended application shall be extended for an additional ninety days.

7. Construction of a project which is granted local siting approval under this section shall commence within one calendar year from the date upon which it was granted or the permit shall be nullified.

8. The local siting approval, criteria, and other procedures provided for in this section are the exclusive local siting procedures. Local zoning, ordinances, or other local land use requirements may be considered in such siting decisions.

9. A city council or a county board of supervisors shall charge an applicant for siting approval, under this section, a fee to cover the reasonable and necessary costs incurred by the city or county in the siting approval process.

10. An applicant shall not file a request for local siting approval which is substantially the same as a request which was denied within the preceding two years pursuant to a finding against the applicant under the established criteria.

**455B.305B Appeal from decision.** Repealed by 90 Acts, ch 1191, § 8.

**455B.306 Plans filed.**

1. A city, county, and a private agency operating or planning to operate a sanitary disposal project shall file with the director a comprehensive plan detailing the method by which the city, county, or private agency will comply with this part 1. All cities and counties shall also file with the director a comprehensive plan detailing the method by which the city or county will comply with the requirements of section 455B.302 to establish and implement a comprehensive solid

waste reduction program for its residents.

For the purposes of this section, a public agency managing the waste stream for cities or counties pursuant to chapter 28E, shall file one comprehensive plan on behalf of its members, which constitutes full compliance by the public agency's members with the filing requirements of this section. If both a public agency managing the waste stream for a city or county pursuant to chapter 28E, and one or more of the public agency's member cities or counties file a comprehensive plan under this subsection, the director shall, following notice to the agency, make a determination that any plan filed by a member city or county is compatible with the comprehensive plan of the chapter 28E public agency. If the director determines that the comprehensive plan of a city or county is not compatible with the comprehensive plan of a chapter 28E public agency, the director shall require the city or county to provide justification for approval of the comprehensive plan based upon the innovative nature of the comprehensive plan, the urgency of implementation, or other unique features of the comprehensive plan of the city or county, and that the plan otherwise complies with the provisions of this chapter.

This subsection does not prevent the director from approving pilot projects which otherwise comply with the provisions of this chapter. The director shall review each comprehensive plan submitted and may reject, suggest modification, or approve the proposed plan. The director shall aid in the development of comprehensive plans for compliance with this part. The director shall make available to a city, county, and private agency appropriate forms for the submission of comprehensive plans and may hold hearings for the purpose of implementing this part. The director and governmental agencies with primary responsibility for the development and conservation of energy resources shall provide research and assistance, when cities and counties operating or planning to operate sanitary disposal projects request aid in planning and implementing resource recovery systems.

A comprehensive plan filed by a private agency operating or planning to operate a sanitary disposal project required pursuant to section 455B.302 shall be developed in cooperation and consultation with the city or county responsible to provide for the establishment and operation of a sanitary disposal project.

A completed plan for the control and treatment of leachate, submitted to meet the requirements of section 455B.305, subsection 6, shall be reviewed by the director, and the director shall reject, suggest modifications, or approve the completed plan within six months of submittal of the plan. If no action is taken within the six-month period, the plan shall be considered approved. However, the director may require updating of the plan at the time of renewal or reissuance of a previously is-

sued permit.

2. The plan required by subsection 1 for sanitary disposal projects shall be filed with the department at the time of initial application for the construction and operation of a sanitary disposal project and at a minimum shall be updated and refiled with the department at the time of each subsequent application for renewal or reissuance of a previously issued permit. The department may, consistent with rules of the commission, require filing or updating of a plan at other times.

3. A city or county required to file with the director a comprehensive plan detailing the method by which the city or county will comply with the requirements of section 455B.302 to establish and implement a comprehensive solid waste reduction program for its residents and which seeks approval of the inclusion of refuse-derived fuel as a component of its percentage of waste reduction, shall file an annual report with the director regarding the percentage of reduction attributable to refuse-derived fuel and the justification for such inclusion. The director shall approve or reject the inclusion. The percentage of reduction attributable to refuse-derived fuel and allowable for inclusion shall not exceed fifty percent.

4. A comprehensive plan filed pursuant to this section shall incorporate and reflect the waste management hierarchy of the state solid waste management policy and shall at a minimum address the following general topics:

a. The extent to which solid waste is or can be recycled.

b. The economic and technical feasibility of using other existing sanitary disposal project facilities in lieu of initiating or continuing the sanitary landfill currently used.

c. The expected environmental impact of alternative solid waste disposal methods, including the use of sanitary landfills.

d. A specific plan and schedule for implementing technically and economically feasible solid waste disposal methods that will result in minimal environmental impact.

5. The comprehensive plan shall provide details of a local recycling program which shall contain a methodology for meeting the state volume reduction goal pursuant to section 455D.3, and a methodology for implementing a program of separation of wastes including but not limited to glass, plastic, paper, and metal.

6. In addition to the above requirements, the following specific areas must be addressed in detail in a comprehensive plan filed in conjunction with the issuance, renewal, or reissuance of a permit for a sanitary disposal project:

a. A closure and postclosure plan detailing the schedule for and the methods by which the operator will meet the conditions for proper closure and postclosure adopted by rule by the commission. The plan shall include, but is not limited to, the proposed frequency and types of actions to be im-

plemented prior to and following closure of an operation, the proposed postclosure actions to be taken to return the area to a condition suitable for other uses, and an estimate of the costs of closure and postclosure and the proposed method of meeting these costs. The postclosure plan shall reflect the thirty-year time period requirement for postclosure responsibility.

b. A plan for the control and treatment of leachate, including financial considerations proposed in meeting the costs of control and treatment in order to meet the requirements of section 455B.305, subsection 6.

c. A financial plan detailing the actual cost of the sanitary disposal project and including the funding sources of the project. In addition to the submittal of the financial plan filed pursuant to this subsection, the operator of an existing sanitary landfill shall submit an annual financial statement to the department.

d. An emergency response and remedial action plan including established provisions to minimize the possibility of fire, explosion, or any release to air, land, or water of pollutants that could threaten human health and the environment, and the identification of possible occurrences that may endanger human health and environment.

e. A description of the service area to be served by the city, county, or private agency under the comprehensive plan. A comprehensive plan shall not include a service area, any part of which is included in another comprehensive plan.

7. When a proposed plan is subject to review and approval by several state and local agencies, if the plan is substantially modified after approval by an agency, the plan shall be resubmitted as a new proposal to all other agencies to ensure that all agencies have approved the same plan.

8. In addition to the comprehensive plan filed pursuant to subsection 1, a person operating or proposing to operate a sanitary disposal project shall provide a financial assurance instrument to the department prior to the initial approval of a permit or prior to the renewal of a permit for an existing or expanding facility beginning July 1, 1988.

a. The financial assurance instrument shall meet all requirements adopted by rule by the commission, and shall not be canceled, revoked, disbursed, released, or allowed to terminate without the approval of the department. Following the cessation of operation or closure of a sanitary disposal project, neither the guarantor nor the operator shall cancel, revoke, or disburse the financial assurance instrument or allow the instrument to terminate until the operator is released from closure, postclosure, and monitoring responsibilities.

b. The operator shall maintain closure, and postclosure accounts. The commission shall adopt by rule the amounts to be contributed to the accounts based upon the amount of solid waste received by the facility. The accounts established shall be specific to the facility.

(1) Money in the accounts shall not be assigned for the benefit of creditors with the exception of the state.

(2) Money in an account shall not be used to pay any final judgment against a licensee arising out of the ownership or operation of the site during its active life or after closure.

(3) Conditions under which the department may gain access to the accounts and circumstances under which the accounts may be released to the operator after closure and postclosure responsibilities have been met, shall be established by the commission.

c. The commission shall adopt by rule the minimum amounts of financial responsibility for sanitary disposal projects.

d. Financial assurance instruments may include instruments such as cash or surety bond, a letter of credit, a secured trust fund, or a corporate guarantee.

e. The annual financial statement submitted to the department pursuant to subsection 6, paragraph "c", shall include the current amounts established in each of the accounts and the projected amounts to be deposited in the accounts in the following year.

9. If a city, county, or private agency does not incorporate the elements of the solid waste hierarchy of the state solid waste management policy in a proposed initial or adopted comprehensive plan, the city council or county board of supervisors governing the city or county in which the sanitary landfill is proposed to be located or is located shall hold a public hearing to address the basis for not including any of the elements in the plan.

10. A city council or county board of supervisors governing the area in which a sanitary disposal project is proposed to be located or is located shall hold a public hearing to address the issue of including or not including local curbside recycling in the comprehensive plan.

Subsection 3 amended

**455B.306A Annexation of territory — expansion of services.**

1. A city which annexes an area pursuant to chapter 368, or plans to operate or expand solid waste collection services into an area where the collection of solid waste is presently being provided by a private entity, shall notify the private entity by certified mail at least sixty days before its annexation or expansion of its intent to provide solid waste collection services in the area.

2. A city shall not commence alternative solid waste collection in such an area for one year from the effective date of the annexation or one year

from the effective date of the notice that the city intends to operate or expand solid waste collection services in the area, unless the city contracts with the private entity to continue the services for that period.

3. A private entity providing solid waste collection services pursuant to this section shall provide solid waste collection services in the area in accordance with the city's comprehensive plan. 92 Acts, ch 1174, §6

**455B.307 Dumping — where prohibited — penalty.**

1. A private agency or public agency shall not dump or deposit or permit the dumping or depositing of any solid waste at any place other than a sanitary disposal project approved by the director unless the agency has been granted a permit by the department which allows the dumping or depositing of solid waste on land owned or leased by the agency. The department shall adopt rules regarding the permitting of this activity which shall provide that the public interest is best served, but which may be based upon criteria less stringent than those regulating a public sanitary disposal project provided that the rules adopted meet the groundwater protection goal specified in section 455E.4. The comprehensive plans for these facilities may be varied in consideration of the types of sanitary disposal practices, hydrologic and geologic conditions, construction and operations characteristics, and volumes and types of waste handled at the disposal site. The director may issue temporary permits for dumping or disposal of solid waste at disposal sites for which an application for a permit to operate a sanitary disposal project has been made and which have not met all of the requirements of part 1 of this division and the rules adopted by the commission if a compliance schedule has been submitted by the applicant specifying how and when the applicant will meet the requirements for an operational sanitary disposal project and the director determines the public interest will be best served by granting such temporary permit.

2. The director may issue any order necessary to secure compliance with or prevent a violation of the provisions of this part 1 of division IV or the rules adopted pursuant to the part. The attorney general shall, on request of the department, institute any legal proceedings necessary in obtaining compliance with an order of the commission or the director or prosecuting any person for a violation of the provisions of the part or rules issued pursuant to the part.

3. Any person who violates any provision of part 1 of this division or any rule or any order adopted or the conditions of any permit or order issued pursuant to part 1 of this division shall be subject to a civil penalty, not to exceed five thousand dollars for each day of such violation.

**455B.307A Discarding of solid waste — prohibitions — penalty.**

1. For the purposes of this section, “discard” means to place, cause to be placed, throw, deposit, or drop.

2. A person shall not discard solid waste onto or in any water or land of the state, or into areas or receptacles provided for such purposes which are under the control of or used by a person who has not authorized the use of the receptacle by the person discarding the solid waste.

3. A person who violates this section is subject to a civil penalty not to exceed five hundred dollars for each violation.

92 Acts, ch 1215, §10

**455B.307B Illegal dumping enforcement officer.**

1. For purposes of this section, “officer” means the illegal dumping enforcement officer in a county.

2. The board of supervisors of each county may annually appoint an illegal dumping enforcement officer for the county. The board of supervisors may appoint the officer from recommendations by the county board of health or may select a person outside the recommendations made by the county board of health. The board of supervisors shall appoint a person who is a citizen of the United States, is of good moral character, and has not previously been convicted of a felony.

3. An illegal dumping enforcement officer shall take an oath of office prescribed by the board of supervisors. An officer's appointment shall be effective March 1 and shall continue for a term at the discretion of the board of supervisors.

4. An illegal dumping enforcement officer, subject to direction and control by the county board of supervisors, shall only be empowered to enforce the provisions of sections 455B.307A and 455B.363 and local littering ordinances. An officer shall not have the duty to enforce any other traffic or criminal laws of the state, county, or a municipality. An officer may enter upon any public land in the county, excluding land within the limits of cities, unless otherwise authorized by a city, and any private property with the permission of the landowner at any time for the performance of the officer's duties, and may hire the labor and equipment necessary subject to the approval of the board of supervisors.

**455B.310 Tonnage fee imposed — appropriations — exemptions.**

1. Except as provided in subsection 5, the operator of a sanitary landfill shall pay a tonnage fee to the department for each ton or equivalent volume of solid waste received and disposed of at the sanitary landfill during the preceding reporting period. The department shall determine by rule the volume which is equivalent to a ton of waste.

2. The tonnage fee is four dollars and twenty-five cents per ton of solid waste.

3. If a sanitary landfill required to pay a tonnage fee under this section has an updated comprehensive plan approved by the department, the sanitary landfill operator shall retain, in addition to the ninety-five cents retained pursuant to subsection 4, twenty-five cents of the tonnage fee per ton of solid waste in the fiscal year beginning July 1, 1998, and every year thereafter. In the fiscal year beginning July 1, 1999, and every year thereafter, any planning area which meets the statewide average, as determined by the department on July 1, 1999, shall retain, in addition to the twenty-five cents retained pursuant to this subsection, ten cents of the tonnage fee per ton of solid waste regardless of whether the planning area subsequently fails to meet the statewide average.

Any tonnage fees retained pursuant to this subsection shall be used for waste reduction, recycling, or small business pollution prevention purposes. Any tonnage fee retained pursuant to this subsection shall be taken from that portion of the tonnage fee which would have been allocated to funding alternatives to landfills pursuant to section 455E.11, subsection 2, paragraph "a", subparagraph (1).

4. If a planning area achieves the fifty percent waste reduction goal provided in section 455D.3, ninety-five cents of the tonnage fee shall be retained by a city, county, or public or private agency. If the fifty percent waste reduction goal has not been met, one dollar and twenty cents of the tonnage fee shall be retained by a city, county, or public or private agency. Moneys retained by a city, county, or public or private agency shall be used as follows:

a. To meet comprehensive planning requirements of section 455B.306, the development of a closure or postclosure plan, the development of a plan for the control and treatment of leachate including the preparation of facility plans and detailed plans and specifications, and the preparation of a financial plan.

b. If a planning area achieves the fifty percent waste reduction goal provided in section 455D.3, forty-five cents of the retained funds shall be used for implementing waste volume reduction and recycling requirements of comprehensive plans filed under section 455B.306. If the fifty percent waste reduction goal has not been met, seventy cents of the retained funds shall be used for implementing waste volume reduction and recycling requirements of comprehensive plans filed under section 455B.306. The funds shall be distributed to a city, county, or public agency served by the sanitary disposal project. Fees collected by a private agency which provides for the final disposal of solid waste shall be remitted to the city, county, or public agency served by the sanitary disposal project. However, if a private agency is designated to develop and implement the comprehensive plan pursuant to section 455B.306, fees under this paragraph shall be retained by the private agency.

c. For other environmental protection activities.

d. Each sanitary landfill owner or operator shall submit a return to the department identifying the use of all fees retained under this section including the manner in which the fees were distributed. The return shall be submitted concurrently with the return required under subsection 7.

5. Solid waste disposal facilities with special provisions which limit the site to disposal of construction and demolition waste, landscape waste, coal combustion waste, cement kiln dust, foundry sand, and solid waste materials approved by the department for lining or capping, or for construc-

tion berms, dikes, or roads in a sanitary disposal project or sanitary landfill are exempt from the tonnage fees imposed under this section. However, solid waste disposal facilities under this subsection are subject to the fees imposed pursuant to section 455B.105, subsection 11, paragraph "a". Notwithstanding the provisions of section 455B.105, subsection 11, paragraph "b", the fees collected pursuant to this subsection shall be deposited in the solid waste account as established in section 455E.11, subsection 2, paragraph "a", to be used by the department for the regulation of these solid waste disposal facilities.

6. All tonnage fees received by the department under this section shall be deposited in the solid waste account of the groundwater protection fund created under section 455E.11.

7. Fees imposed by this section shall be paid to the department on a quarterly basis with payment due by no more than ninety days following the quarter during which the fees were collected. The payment shall be accompanied by a return which shall identify the amount of fees to be allocated to the landfill alternative financial assistance program, the amount of fees, in terms of cents per ton, retained for meeting waste reduction and recycling goals under section 455D.3, and additional fees imposed for failure to meet the twenty-five percent waste reduction and recycling goal under section 455D.3.

8. A person required to pay fees by this section who fails or refuses to pay the fees imposed by this section or who fails or refuses to provide the return required by this section shall be assessed a penalty of two percent of the fee due for each month the fee or return is overdue. The penalty shall be paid in addition to the fee due.

9. Foundry sand used by a sanitary landfill as daily cover, road base, or berm material or for other purposes defined as beneficial uses by rule of the department is exempt from imposition of the tonnage fee under this section. Sanitary landfills shall use foundry sand as a replacement for earthen material, if the foundry sand is generated by a foundry located within the state and if the foundry sand is provided to the sanitary landfill at no cost to the sanitary landfill.

#### **455B.311 Grants.**

The director, with the approval of the commission, may make grants to cities, counties, or central planning agencies representing cities and counties or combinations of cities, counties, or central planning agencies from funds reserved under

and for the purposes specified in section 455E.11, subsection 2, paragraph "a", subject to all of the following conditions:

1. Application for grants shall be in a form and contain information as prescribed by rule of the department.

2. Grants shall only be awarded to a city or a county; however, a grant may be made to a central planning agency representing more than one city or county or combination of cities or counties for the purpose of planning and implementing regional solid waste management facilities or may be made to private or public agencies working in cooperation with a city or county. The department shall award grants, in accordance with the rules adopted by the commission, based upon a proposal's reflection of the solid waste management policy and hierarchy established in section 455B.301A. Grants shall be awarded only for an amount determined by the department to be reasonable and necessary to conduct the work as set forth in the grant application. Grants may be awarded at a maximum cost-share level of ninety percent with a preference given for regional or shared projects and a preference given to projects involving environmentally fragile areas which are particularly subject to groundwater contamination. Grants shall be awarded in a manner which will distribute the grants geographically throughout the state.

3. Grants shall be awarded only for an amount determined by the department to be reasonable and necessary to conduct the work as set forth in the grant application. Grants for less than a county-wide planning area shall be limited to twenty-five percent state funds, for a single-county planning area the state funds shall be limited to fifty percent, and for a two-county planning area the state funds shall be limited to seventy-five percent. For each additional county above a two-county planning area, the maximum allowable state funds shall be increased by an additional five percent, up to a maximum of ninety percent state funds.

4. Grants shall not be awarded to a city, county, or central planning agency if the entity has not submitted a completed hydrogeological plan to the department.

5. A city, county, or central planning agency on behalf of a city or county may not receive more than one grant under this section in any three-year period.

6. The director, with the approval of the commission, may deny a grant application if in the judgment of the director the applicant could not reasonably be expected to adequately and properly complete the plan for which the grant is requested or the applicant could not reasonably be expected to implement a planned sanitary disposal project.

**455B.312 Waste abatement program.**

1. If the department receives a complaint that certain products or packaging when disposed of are incompatible with an alternative method of managing solid waste and with the solid waste management policy, the director shall investigate the complaint. If the director determines that the complaint is well-founded, the department shall inform the manufacturer of the product or packaging and attempt to resolve the matter by informal negotiations.

2. If informal procedures fail to result in resolution of the matter, the director shall hold a hearing between the affected parties. Following the hearing, if it is determined that removal of the product or packaging is critical to the utilization of the alternative method of disposing of solid waste, the director shall issue an order setting out the requirements for an abatement plan to be prepared by the manufacturer within the time frame established in the order.

If an acceptable plan is not prepared, the plan is not implemented, or the problem otherwise continues unabated, the attorney general shall take actions authorized by law to secure compliance.

practice or by qualified employees of licensed hospitals within the scope of their duties. In adopting such rules, the commission shall consider the methods and techniques used by the United States nuclear regulatory commission and radiation control agencies of other states for the regulation of the transporting, handling, and storage of radioactive material. The director shall allow a three-month period during which time the operator or person proposing operation of such an incinerator shall conduct the required dispersion modeling. In order to initiate or continue such incineration, the results of the modeling shall provide that the existing incinerator meets or the proposed incinerator will meet the emission standards established by the United States environmental protection agency for a selected isotope.

2. The department shall conduct a public hearing following submission to the director of the results of the dispersion modeling conducted by an operator or person proposing operation of a waste incinerator which provides for or will provide for the incineration of pathological radioactive materials.

PART 4

HAZARDOUS CONDITIONS

**455B.381 Definitions.**

As used in this part 4 unless the context otherwise requires:

1. *"Cleanup"* means actions necessary to contain, collect, control, identify, analyze, clean up, treat, disperse, remove, or dispose of a hazardous substance.

2. *"Cleanup costs"* means costs incurred by the state or its political subdivisions or their agents, or by any other person participating with the approval of the director in the prevention or mitigation of damages from a hazardous condition or the cleanup of a hazardous substance involved in a hazardous condition.

3. *"Corrosive"* means causing or producing visible destruction or irreversible alterations in human skin tissue at the site of contact, or in the case of leakage of a hazardous substance from its packaging, causing or producing a severe destruction or erosion of other materials through chemical processes.

4. *"Hazardous condition"* means any situation involving the actual, imminent, or probable spillage, leakage, or release of a hazardous substance onto the land, into a water of the state, or into the atmosphere, which creates an immediate or potential danger to the public health or safety or to the environment. For purposes of this division, a site which is a hazardous waste or hazardous substance disposal site as defined in section 455B.411, subsection 4, is a hazardous condition.

5. *"Hazardous substance"* means any substance or mixture of substances that presents a danger to the public health or safety and includes, but is not limited to, a substance that is toxic, corrosive, or flammable, or that is an irritant or that generates pressure through decomposition, heat, or other means. *"Hazardous substance"* may include any hazardous waste identified or listed by the administrator of the United States environmental protection agency under the Solid Waste

Disposal Act as amended by the Resource Conservation and Recovery Act of 1976, or any toxic pollutant listed under section 307 of the federal Water Pollution Control Act as amended to January 1, 1977, or any hazardous substance designated under section 311 of the federal Water Pollution Control Act as amended to January 1, 1977, or any hazardous material designated by the secretary of transportation under the Hazardous Materials Transportation Act.

6. *"Irritant"* means a substance causing or producing dangerous or intensely irritating fumes upon contact with fire or when exposed to air.

7. *"Person having control over a hazardous substance"* means a person who at any time produces, handles, stores, uses, transports, refines, or disposes of a hazardous substance the release of which creates a hazardous condition, including bailees, carriers, and any other person in control of a hazardous substance when a hazardous condition occurs, whether the person owns the hazardous substance or is operating under a lease, contract, or other agreement with the legal owner of the hazardous substance.

*"Person having control over a hazardous substance"* does not include a person who holds indicia of ownership in a hazardous condition site, if the person satisfies all of the following:

a. Holds indicia of ownership primarily to protect that person's security interest in the hazardous condition site, where the indicia of ownership was acquired either for the purpose of securing payment of a loan or other indebtedness, or in the course of protecting the security interest. The term *"primarily to protect that person's security interest"* includes, but is not limited to, ownership interests acquired as a consequence of that person exercising rights as a security interest holder in the hazardous condition site, where the exercise is necessary or appropriate to protect the security interest, to preserve the value of the collateral, or to recover a loan or indebtedness secured by the interest. The person holding indicia of ownership in a hazardous condition site and who acquires title or a right to title to the site upon default under the security arrangement, or at, or in lieu of, foreclosure, shall continue to hold the indicia of ownership primarily to protect that person's security interest so long as the subsequent actions of the person with respect to the site are intended to protect the collateral secured by the interest, and demonstrate that the person is seeking to sell or liquidate the secured property rather than holding the property for investment purposes.

b. Does not exhibit managerial control of, or managerial responsibility for, the daily operation of the hazardous condition site through the actual, direct, and continual or recurrent exercise of managerial control over the hazardous condition site in which that person holds a security interest, which managerial control materially divests the borrower, debtor, or obligor of control.

c. Has taken no subsequent action with respect to the site which causes or exacerbates a release or threatened release of a hazardous substance.

8. “*Release*” means a threatened or real emission, discharge, spillage, leakage, pumping, pouring, emptying, or dumping of a hazardous substance into or onto the land, air, or waters of the state unless one of the following applies:

a. The release is done in compliance with the conditions of a federal or state permit.

b. The hazardous substance is confined and expected to stay confined to property owned, leased or otherwise controlled by the person having control over the hazardous substance.

c. In the use of pesticides, the application is done in accordance with the product label.

9. “*Toxic*” means causing or producing a dangerous physiological, anatomic, or biochemical change in a biological system.

10. “*Waters of the state*” means rivers, streams, lakes and any other bodies of surface and subsurface water lying within or forming a part of the boundaries of the state which are not entirely confined and located completely upon lands owned, leased or otherwise controlled by a single person or by two or more persons jointly or as tenants in common. “*Waters of the state*” includes waters of the United States lying within the state.

2. The director may use any resources available under the hazardous condition contingency plan to provide for the removal of hazardous substances. If the director finds that public agencies cannot provide the necessary labor or equipment or if the director determines that emergency conditions exist, the director may contract with a private person or agency for removal of the hazardous substance. In those cases where equipment or services are obtained from a public or private person or agency under emergency conditions, section 455B.105, subsection 6 does not apply.

3. The storage, transportation, handling, or use of flammable liquids, combustibles, and explosives, control over which is exercised by the state fire marshal under chapter 100.

4. The storage, transportation, handling or use of pesticides over which control is exercised by the state secretary of agriculture under chapter 206, except when spillage of pesticides creates a hazardous condition.

**455B.392 Liability for cleanup costs.**

1. A person having control over a hazardous substance is strictly liable to the state for all of the following:

*a.* The reasonable cleanup costs incurred by the state or its political subdivisions, by governmental subdivisions, or by any other persons participating in the prevention or mitigation of damages with the approval of the director, as a result of the failure of the person to clean up a hazardous substance involved in a hazardous condition caused by that person.

*b.* The reasonable costs incurred by the state to evacuate people from the area threatened by a hazardous condition caused by the person.

*c.* The reasonable damages to the state for the injury to, destruction of, or loss of natural resources resulting from a hazardous condition caused by that person including the costs of assessing the injury, destruction, or loss.

*d.* The excessive and extraordinary cost, excluding salaries, incurred by the department in responding at and to the scene of a hazardous condition caused by that person.

If the failure is willful, the person is liable for punitive damages not to exceed triple the cleanup costs incurred by the state. Prompt and good faith notification to the director by the person having control over a hazardous substance that the person does not have the resources or managerial capability to begin or continue cleanup, or a good faith effort to clean up, relieves the person of liability for punitive damages, but not for actual cleanup costs. The director shall keep a record of all expenses incurred in carrying out a project or activity authorized by this part.

Claims by the state under this subsection may be appealed to the commission by the person filing a written notice of appeal within thirty days after receipt of the bill.

2. Liability under subsection 1 is limited to the following maximum dollar limitations:

*a.* Five million dollars for any vehicle, boat, aircraft, pipeline, or other manner of conveyance which transports a hazardous substance.

*b.* Fifty million dollars for any facility generating, storing, or disposing of a hazardous substance.

3. There is no liability under this section for a person otherwise liable if the hazardous condition is solely resulting from one or more of the following:

*a.* An act of God.

*b.* An act of war.

*c.* An act or omission of a third party if the person establishes both of the following:

(1) That taking into consideration the characteristics of the hazardous substance, the person otherwise liable exercised due care with respect to the hazardous substance.

(2) That the person otherwise liable took pre-

cautions against the foreseeable acts or omissions of the third party and the foreseeable consequences.

As used in this paragraph, “*third party*” does not include an employee or agent of the person otherwise liable or a third party whose act or omission occurs directly or indirectly in connection with a contractual relationship with the person otherwise liable.

4. There is no liability under this section for a person otherwise liable if all of the following conditions exist:

*a.* The liability arises during the transportation of a hazardous substance.

*b.* The fact that the hazardous substance is a hazardous substance has been misrepresented to the person transporting the hazardous substance.

*c.* The person transporting the hazardous substance does not know or have reason to know that the misrepresentation has been made.

5. Money collected pursuant to this section shall be deposited in the hazardous waste remedial fund created in section 455B.423. Moneys shall be used to reimburse governmental subdivisions requested to assist in the cleanup for which the moneys were collected. The remainder of the moneys shall be used in the manner permitted for the fund.

6. This section does not deny any person any legal or equitable rights, remedies or defenses or affect any legal relationship other than the legal relationship between the state and a person having control over a hazardous substance pursuant to subsection 1.

7. *a.* There is no liability under this section for a person who has satisfied the requirements of section 455B.381, subsection 7, unnumbered paragraph 2, regardless of when that person acquired title or right to title to the hazardous condition site, except that a person otherwise exempt from liability under this subsection shall be liable to the state for the lesser of:

(1) The total reasonable cleanup costs incurred by the state to clean up a hazardous substance at the hazardous condition site; or

(2) The amount representing the postcleanup fair market value of the property comprising the hazardous condition site.

*b.* Liability under this subsection shall only be imposed when the person holds title to the hazardous condition site at the time the state incurs reasonable cleanup costs.

*c.* For purposes of this subsection, “*postcleanup fair market value*” means the actual amount of consideration received by such person upon sale or transfer of the hazardous condition site which has been cleaned up by the state to a bona fide purchaser for value.

*d.* Cleanup expenses incurred by the state shall be a lien upon the real estate constituting the hazardous condition site, recordable and collect-

able in the same manner as provided for in section 424.11, subject to the terms of this subsection. The lien shall attach at the time the state incurs expenses to clean up the hazardous condition site. The lien shall be valid as against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, only when a notice of the lien is filed with the recorder of the county in which the property is located. Upon payment by the person to the state, of the amount specified in this subsection, the state shall release the lien. If no lien has been recorded at the time the person sells or transfers the property, then the person shall not be liable for any cleanup costs incurred by the state.

**455B.393 Liability of state employees or persons providing assistance.**

1. A person employed by the state is not liable for damages incurred as a result of actions taken by the person when acting in the person's official capacity pursuant to this part, rules adopted pursuant to this part and the hazardous condition contingency plan.

2. A person who provides assistance at the request of the department or by previous agreement with the department in the event of a hazardous condition is not liable in a civil action for damages as a result of that person's acts or omissions in rendering the assistance. This section does not relieve a person from civil damages in any of the following circumstances:

a. If the person providing assistance is also the person having control over the hazardous substance which created the hazardous condition.

b. If the person rendered assistance for payment beyond reimbursement for out-of-pocket expenses or with the expectation of such payment.

c. For acts or omissions which result from intentional wrongdoing or gross negligence.

84 Acts, ch 1108, §5

**455B.394 Right of entry.**

A person shall not refuse entry or access to, or harass or obstruct an authorized representative of the department who seeks entry or access for the purpose of investigating or responding to a hazardous condition. The representative shall present appropriate credentials. Upon a showing of probable cause in writing and made under oath, a judge or magistrate having proper jurisdiction shall issue a suitably restricted search warrant to the representative of the department for the purposes of enabling the representative to investigate or respond to a hazardous condition.

84 Acts, ch 1108, §6

**455B.395 Public information.**

Information obtained under this part or a rule, order or condition adopted or issued under this part, or an investigation authorized thereby, shall be available to the public unless the information constitutes trade secrets or information which is entitled to confidential treatment in order to protect a plan, process, tool, mechanism, or compound which is known only to the person claiming confidential treatment and confidential treatment is necessary to protect the person's trade, business or manufacturing process.

84 Acts, ch 1108, §7

**455B.396 Claim of state.**

Liability to the state under this part or part 5 of this division is a debt to the state. The debt, together with interest on the debt at the maximum lawful rate of interest permitted pursuant to section 535.2, subsection 3, paragraph "a" from the date costs and expenses are incurred by the department is a lien on real property, except single and multi-family residential property, on which the department incurs costs and expenses creating a liability and owned by the persons liable under this part or part 5. To perfect the lien a statement of claim describing the property subject to the lien, signed by the director and approved by the commission must be filed within one hundred twenty days after the incurrence of costs and expenses by the department. The statement shall be filed with, accepted by, and recorded by the county recorder in the county in which the property subject to the lien is located. The statement of claim may be amended to include subsequent liabilities. To be effective the statement of claim shall be amended and filed within one hundred twenty days after the occurrence of the event resulting in the amendment.

The lien may be dissolved by filing with the appropriate recording officials a certificate, signed by the director, that the debt for which the lien is attached, together with interest and costs on the debt, has been paid or legally abated.

**455B.397 Financial disclosure.**

Immediately upon the incurrence of any liability to the state under this part, the debtor shall submit to the director a report consisting of documentation of the debtor's liabilities and assets, including if filed, a copy of the annual report submitted to the secretary of state pursuant to chapter 490. A subsequent report pursuant to this section shall be submitted annually on April 15 for the life of the debt. These reports shall be kept confidential and shall not be available to the public.

2. Subsection 1 does not apply to a person who receives compensation other than reimbursement for out-of-pocket expenses for services in rendering the assistance or advice.

3. *a.* "*Hazardous waste*" means a waste or combination of wastes that, because of its quantity, concentration, biological degradation, leaching from precipitation, or physical, chemical, or infectious characteristics, has either of the following effects:

(1) Causes, or significantly contributes to an increase in mortality or an increase in serious irreversible, or incapacitating reversible, illness.

(2) Poses a substantial present or potential

hazard to human health or the environment when improperly treated, stored, transported, or disposed of, or otherwise managed. "*Hazardous waste*" may include but is not limited to wastes that are toxic, corrosive or flammable or irritants, strong sensitizers or explosives.

*b.* "*Hazardous waste*" does not include:

(1) Agricultural wastes, including manures and crop residues that are returned to the soil as fertilizers or soil conditioners.

7. "*Recycled oil*" means used oil which is re-used, following its original use, for any purpose, including the purpose for which the oil was originally used. Recycled oil includes oil which is refined, reclaimed, burned, or reprocessed.

8. "*Re-refined oil*" means used oil from which the physical and chemical contaminants acquired through previous use have been removed through a refining process.

9. "*Storage*" means the containment of a hazardous waste, either on a temporary basis or for a period of years, in a manner that does not constitute disposal of the hazardous waste.

10. "*Treatment*" means a method, technique, or process, including neutralization, designed to change the physical, chemical or biological character or composition of a hazardous waste so as to neutralize the waste or to render the waste non-hazardous, safer for transport, amenable for recovery, amenable for storage, or to reduce the waste in volume. Treatment includes any activity or processing designed to change the physical form or chemical composition of hazardous waste to render the waste nonhazardous.

11. "*Used oil*" means oil which has been refined from crude oil, has then been used, and as a result of the use, is contaminated by physical or chemical impurities.

The department shall:

1. Develop comprehensive plans and programs for the state for the management of hazardous waste. In the development of plans and programs, the department shall recognize the need for assuring that suitable facilities and sites for treatment and disposal are available for hazardous wastes generated in Iowa. As part of the hazardous waste management plan, the department shall conduct a study of hazardous waste management in Iowa and shall report its findings to the general assembly not later than eighteen months after July 1, 1979. The study shall include the following:

*a.* A description of current sources of hazardous waste within the state, including the types and quantities of hazardous wastes.

*b.* A description of current hazardous waste transportation, storage, treatment and disposal practices and costs within the state.

*c.* A description of practices and methods that would reduce at the source the amount of hazardous waste generated and an estimate of the cost of these practices.

*d.* Identification and evaluation of alternatives to land disposal of hazardous wastes.

*e.* Identification of the general geologic and other criteria for a site for land disposal of hazardous wastes and the areas in Iowa that might meet the general criteria if alternatives to land disposal are not feasible.

*f.* The proper role and activities of the state in addition to those established in sections 455B.411 to 455B.421 and the federal Solid Waste Disposal Act in facilitating safe and efficient disposal of hazardous waste, including but not limited to a determination of the most appropriate procedures for receiving public comments and approving permits for siting hazardous waste disposal facilities.

*g.* The estimated private and public capital and annual operating costs of implementing the hazardous waste management plan recommended by the department.

2. Adopt rules establishing criteria for identifying the characteristics of hazardous wastes and listing hazardous wastes that are subject to this part. The department shall consider toxicity, persistence and degradability in nature, potential for accumulation in tissue, and related factors including flammability, corrosiveness, and other hazardous characteristics.

3. Adopt rules, applicable to generators or transporters of or owners or operators of facilities for the treatment, storage, or disposal of hazardous waste listed or identified by the department under subsection 2 of this section, as necessary to

protect human health and the environment. The rules shall include establishment of a manifest system.

4. Adopt rules establishing standards and procedures for the certification of supervisory personnel and operators at hazardous waste treatment, storage or disposal facilities required to have a permit under section 455B.415.

2. Administer examinations to determine the competence of operators and supervisory personnel at facilities for the treatment, storage or disposal of hazardous waste that are required to have a permit under section 455B.415. The director shall issue, revoke, suspend, or deny certificates of competency for persons as supervisory or operating personnel at facilities for the treatment, storage or disposal of hazardous waste.

3. Inspect and investigate hazardous waste generators and transporters and treatment, storage and disposal facilities as may be necessary to determine compliance with sections 455B.411 to 455B.421 and rules adopted and permits and orders issued pursuant to sections 455B.411 to 455B.421. The director shall periodically survey or inspect the construction, operation and monitoring, reporting and record-keeping systems of hazardous waste generators and transporters and treatment, storage and disposal facilities.

#### **455B.414 Hazardous waste notification.**

1. A person who on the effective date of a rule adopted under section 455B.412, subsection 2 identifying a hazardous waste as subject to sections 455B.411 to 455B.421 is generating or transporting the identified hazardous waste or owns or is operating a treatment, storage or disposal facility handling the identified hazardous waste shall file with the director a notification stating the waste handled by the person and the location and a general description of the activity involving the waste. The notice shall be given within ninety

days after the effective date of the rule identifying the waste.

2. Except as provided in subsection 1, a person shall not commence to transport or generate a hazardous waste identified by rule under section 455B.412, subsection 2 without first notifying the director of the proposed activity. The notice shall state the waste to be handled, and the location and a general description of the activity involving the identified waste.

3. When the commission amends a rule adopted under section 455B.412, subsection 2, identifying additional characteristics of hazardous waste or identifying an additional substance as hazardous waste, the commission may require a person to file the notification required by subsection 1 or 2.

**455B.415 Permit required.**

1. Except as provided in subsections 2 and 4, a person shall not construct or operate a facility for the treatment, storage or disposal of a hazardous waste identified under section 455B.412, subsection 2 unless the owner or operator has obtained a permit for the facility from the director.

2. The owner or operator of a facility for the treatment, storage or disposal of a hazardous waste identified under section 455B.412, subsection 2 existing on the effective date of the rule listing the waste shall obtain a permit for the facility within six months of the effective date of the rule. A person owning or operating a facility for the treatment, storage or disposal of a hazardous waste that existed on the effective date of the rule identifying the waste and that is required to have a permit under sections 455B.411 to 455B.421 is considered to have a permit until a final administrative determination is made if the person meets the following conditions:

a. The person has given notice as required by section 455B.414.

b. The person has applied for a permit.

c. The director has determined that the failure to issue the permit is not the result of the failure of the applicant to furnish information reasonably required or requested to process the application.

3. The commission may by rule specify the information required to be submitted with the application for a permit and the conditions under which the director shall issue, deny, revoke, suspend or modify permits. However, a permit shall not be issued for a treatment, storage or disposal facility unless the applicant presents evidence of financial responsibility and continuity of operation consistent with the degree and duration of risks associated with the treatment, storage or disposal of the hazardous waste as determined by the commission.

4. A permit is not required for the storage of a hazardous waste identified under section 455B.412, subsection 2 when the only purpose of the storage is to accumulate for a period of up to ninety days sufficient quantities of the waste for transportation, treatment or disposal unless a permit for the storage is required under federal law.

5. A permit issued pursuant to this section shall be in addition to other licenses, permits or variances authorized or required by law, including, but not limited to, the requirements of chapter 335.

6. If the director denies a permit, the director shall inform the applicant in writing of the reasons for the denial. The applicant may appeal to the commission from the denial of a permit or from a condition of a permit if the applicant files a notice of appeal with the director within thirty days of receipt of the denial or issuance of the permit.

The inspection shall be completed within a reasonable period of time.

2. If the director obtains a sample, prior to leaving the premises, the director shall give the owner, operator, or agent in charge a receipt describing the sample obtained and if requested a portion of each sample equal in volume or weight to the portion retained. If the sample is analyzed, a copy of the results of the analysis shall be furnished promptly to the owner, operator, or agent in charge.

3. Documents or information obtained from a person under this section shall be available to the public except as provided in this subsection. Upon

a showing satisfactory to the director by a person that documents or information, or a particular part of the documents or information to which the director has access under this section if made public would divulge commercial or financial information obtained from a person and privileged or confidential or a trade secret, the director shall consider the documents or information or the particular portion of the documents or information confidential. However the document or information may be disclosed to officers, employees or authorized representatives of the United States charged with implementing the federal Solid Waste Disposal Act, to employees of the state of Iowa or of other states when the document or information is relevant to the discharge of their official duties, and when relevant in any proceeding under the federal Solid Waste Disposal Act or this part 5.

4. *a.* If upon receipt of any information, the director determines that the presence of a hazardous waste at a facility or site at which hazardous waste is, or has been, stored, treated, or disposed of, or the release of the waste from the facility or site may present a substantial hazard to human health or the environment, the director may issue an order requiring the owner or operator of the facility or site to conduct reasonable monitoring, testing, analysis, and reporting with respect to the facility or site to determine the nature and extent of the hazard.

*b.* In the case of a facility or site not in operation at the time a determination is made regarding the facility or site under this subsection, if the director finds that the owner of the facility or site could not reasonably be expected to have actual knowledge of the presence of hazardous waste at the facility or site and of its potential for release, the director may issue an order requiring the most recent previous owner or operator of the facility or site who could reasonably be expected to have actual knowledge to carry out the actions referred to in this subsection.

*c.* An order under this subsection shall require the person to whom the order is issued to submit to the director within thirty days from the issuance of the order a proposal for carrying out the required monitoring, testing, analysis, and reporting. The director may, after providing the person with an opportunity to confer with the director on the proposal, require the person to carry out the monitoring, testing, analysis, and reporting in accordance with the proposal, which may be modified as the director deems reasonable to determine the nature and extent of the hazard or to remove the hazard.

*d.* If the director determines that no owner or operator referred to in this subsection is able to conduct monitoring, testing, analysis, or reporting satisfactory to the director, if the director deems any action carried out by an owner or operator to be unsatisfactory, or if the director cannot initially

determine that there is an owner or operator referred to in this subsection who is able to conduct monitoring, testing, analysis, or reporting, the director may conduct reasonable monitoring, testing, or analysis to determine the nature and extent of the hazard associated with the site. The director may require the owner or operator referred to in this subsection to reimburse the director or other authority or person for the costs of the monitoring, testing, analysis, or reporting. The director shall not order a person to pay the costs of monitoring, testing, analysis, or reporting carried out by the director which confirms the results of monitoring, testing, or analysis done pursuant to an earlier order of the director.

*e.* For purposes of carrying out this subsection, the director may exercise the powers set forth in subsection 1.

*a.* The director may issue an order directing the person to desist in the practice that constitutes the violation or to take corrective action as necessary to ensure that the violation will cease. The person to whom the order is issued may commence a contested case within the meaning of chapter 17A by filing with the director within thirty days of receipt of the order a notice of appeal to the commission. On appeal, the commission may affirm, modify or vacate the order of the director.

4. For the purpose of determining violations under this section and section 455B.417, the term “*person*” does not include a person who holds indicia of ownership in the hazardous waste or hazardous substance disposal site which contains a hazardous waste or hazardous substance, or where hazardous substances or wastes are treated, stored, or disposed of, if such person has satisfied the requirements of section 455B.381, subsection 7, unnumbered paragraph 2, with respect to the disposal site, whether or not the director has determined that such disposal site constitutes a hazardous condition site.

#### **455B.443 License required.**

1. A person shall not construct a facility until the person obtains a site license issued under this part 6 of division IV by the commission. A person planning to construct a facility shall give notice of the intent to construct the facility as provided in this section. The notice shall be served on the director and on the city council and board of supervisors of each city and county in which the facility is located and shall be published in a newspaper of general circulation in each city and county in which the proposed site is located once a week for two consecutive weeks. The notice shall contain the following:

*a.* A description of the proposed location of the facility.

*b.* A description of the treatment, storage, or disposal method to be used and the types of wastes to be handled, including estimated volumes.

*c.* The names and addresses of the owners and the operators of the facility.

2. Within fifteen days of the date the notice is last published, the owners and operators of the facility shall submit an application to the director requesting that a site license be issued under this part 6 of division IV. The application for a site license shall contain the name and residence of the applicant, and the following additional information:

*a.* The location of the proposed facility and a plat of the proposed location.

#### **455B.444 Temporary members appointed.**

Immediately upon receipt of an application for a site license the director shall notify the city council of the city closest to the proposed facility and the county board of supervisors of the county in which the facility is proposed to be located that the

application has been received. Within thirty days of the receipt of notification the city council or the county board of supervisors may make the following appointments to the commission for purposes of consideration of the site license application and if the city council or the county board of supervisors chooses to make the temporary appointments the director shall be notified of the names of those persons appointed as follows:

1. The county board may appoint two temporary members who are residents of the county.
2. The city council may appoint two temporary members who are residents of the city.

Temporary members who may be appointed under this section shall serve on the commission only during discussion and proceedings relating to the application for a site license which the temporary members were appointed to consider and shall vote only on questions relating to the issuance of that site license. Temporary members shall serve on the commission until final action is taken on the application for the site license which the temporary members were appointed to consider. Temporary members who are not public employees shall receive a per diem as specified in section 7E.6 and actual and necessary expenses incurred in performance of their official duties. Temporary employees who are public employees shall receive reimbursement for expenses only. Per diem and expenses under this section shall be paid by the state.

86 Acts, ch 1245, §1899

**455B.446 Proceeding.**

1. Within thirty days after the acceptance of the application for a site license, the commission shall establish a timetable for consideration of the application. The timetable for final action by the commission shall not exceed one hundred eighty days after the date the application is accepted.

2. The proceeding for the issuance of a site license is a contested case under chapter 17A.

3. The commission shall establish a date for the hearing on the application and shall serve notice of the hearing on interested agencies, as determined by the commission, and regulatory agencies.

The commission shall notify all owners of record

of real property located within one mile from the boundaries of the proposed site of the time and place of the hearing.

4. Notice of the hearing in the form provided in section 17A.12, subsection 2, shall be published in a newspaper of general circulation in each city and county in which the proposed site is located once a week for two consecutive weeks with the second publication being at least twenty days prior to the date of the hearing.

[81 Acts, ch 152, §6]

**455B.447 Proceeding — role of regulatory agencies.**

1. Regulatory agencies that appear on record at the proceeding shall state whether the application meets their permit or licensing requirements. If the application does not meet the requirements of a regulatory agency, the regulatory agency shall state why the application is not in compliance.

2. Any person may present oral or written comments to the commission at the hearing.

[81 Acts, ch 152, §7]

**455B.448 Decision by commission.**

1. The commission shall grant or deny the site license. In making its decision, the commission shall consider the following:

- a. The need for the services to be offered by the facility.

- b. The impact of the proposed facility on the area in which it is to be located.

- c. The zoning classification of the proposed site and the extent to which a proposed site is by present or projected use dedicated to industrial development.

- d. The land uses and the density of population in areas near the facility.

- e. The density of population in areas adjacent to probable transportation routes to the facility.

- f. The risk and effect of accidents during the transportation of hazardous wastes to the site.

- g. The geology of the site, where relevant, with reference to factors which include, but are not limited to, the presence of fault zones and the risk of contamination of ground and surface waters by leaching and runoff from the facility.

- h. The risk and effect of fires or explosions from improper storage and disposal methods.

- i. The impact of the facility on the operations and responsibilities of the city and county in which the facility is proposed to be located and on cities and counties near the proposed site.

- j. Local ordinances, permits, or other requirements and their relationship to the proposed facility.

- k. The availability of alternative sites and methods of treatment, disposal, or storage, including cost comparisons. The cost comparisons shall cover short and long-term costs including, but not limited to, liability insurance, postclosure maintenance, monitoring of ground and surface waters,

monitoring of air before and after closure, and the potential loss of land or water resources due to contamination.

*l.* To the maximum extent feasible a site should be located away from all of the following areas:

(1) Areas subject to natural hazards including, but not limited to, flooding, earthquakes, or subsidence.

(2) Sources of drinking water supply including, but not limited to, reservoirs, lakes and rivers and their watersheds, and aquifers and their recharge areas.

(3) Fragile land areas including, but not limited to, wetlands and the shorelines of rivers, lakes, and streams.

(4) Areas with rare or valuable ecosystems or geologic formations or significant wildlife habitat.

(5) Unique scenic or historic areas.

(6) Residential areas, parks, or schools.

*m.* Other criteria adopted by rule which the commission finds relevant to the siting of a facility which are consistent with this part 6 of division IV.

2. The commission shall grant the license if it finds that the facility will meet the requirements imposed by rules adopted by the commission under section 455B.412, subsection 3, and the permit requirement of section 455B.415, that operation of the facility at the proposed location will be in the public interest and that the public health and welfare and the environment will be adequately protected. The failure of the proposed facility to meet zoning requirements established under chapters 329, 335, and 414, and the licensing requirements of regulatory agencies except the requirements imposed by sections 455B.412, subsection 3 and 455B.415 shall not preclude the commission from issuing the license and to that extent this subsection supersedes the licensing requirements of regulatory agencies and the requirements of chapters 329, 335 and 414.

3. A municipality as defined in section 670.1, subsection 2, is not liable in an action for damages arising out of the construction, operation, or maintenance of a hazardous waste facility which is licensed by the commission under this part 6 of division IV unless the municipality is responsible for or in control of the facility. However, a municipality may be subject to liability for damages caused by hazardous waste in connection with an act or omission which would otherwise subject the municipality to liability. A municipality shall not be required to pay any portion of the costs associated with the response to a release or threatened release of a hazardous waste from a facility into the land, air, or water that threatens or may threaten human health or the environment unless the municipality is responsible for or in control of the facility or unless the municipality is otherwise sub-

ject to liability under this subsection.

[81 Acts, ch 152, §8]

86 Acts, ch 1149, §2

**455B.449 Issuance of license — effect.**

Issuance of a license by the commission authorizes construction of the facility on the site designated in the license according to the terms and conditions stated in the license. A license may be transferred, subject to the rules and approval of the commission, to a person who agrees and is able to comply with the terms of the license.

[81 Acts, ch 152, §9]

**455B.450 Cost of proceedings.**

The cost of the proceeding for the issuance of a license shall be paid by the applicant for the license until the cost exceeds nine thousand dollars. The director shall notify the applicant upon the issuance or denial of the license or upon termination of the proceeding at any point during the process of the cost of the proceeding to the applicant. These costs include the costs of providing notices, holding the hearing and the per diem of the commissioners in the proceeding for the license. Monies collected shall be deposited in the general fund of the state.

[81 Acts, ch 152, §10]

86 Acts, ch 1245, §1899

**455B.451 Further approvals prohibited — exception.**

Upon the issuance of a license under this part 6 of division IV, notwithstanding any provision of law or ordinance except statutory requirements relating to the protection of employees engaged in the construction of the facility, no further approval, permit, or license for the construction, operation, or maintenance of the facility as stated in the license shall be required. The commission may incorporate in the license the licensing requirements of a regulatory agency to the extent that those requirements are consistent with the construction and operation of the facility according to the requirements of the commission. However, this section does not limit the authority of the director under sections 455B.413 and 455B.415. A local unit of government shall not unduly restrict the transportation of hazardous waste to a facility for which a license has been issued under this part 6 of division IV.

[81 Acts, ch 152, §11]

86 Acts, ch 1245, §1899

**455B.452 Single hearing — judicial review.**

Notwithstanding chapter 17A:

1. Any proceeding or oral presentation held before the commission on an application for a license shall be held in lieu of any other proceeding or oral presentation required for a license or per-

mit necessary for the construction, maintenance, or operation of a facility.

2. The issuance or denial of the license is a final agency action, and the date for determining whether any person is aggrieved or adversely affected by the action is the date of the issuance or denial of the license.

[81 Acts, ch 152, §12]

**455B.453 Rules.**

The commission shall adopt rules under chapter 17A necessary to implement this part 6 of division IV including but not limited to the form for an application for a license and the description of information to be furnished by the applicant.

[81 Acts, ch 152, §13]

**455B.454 Penalties.**

A person required to obtain a site license under this part 6 of division IV who constructs a facility without having first obtained the license is subject to a civil penalty of not more than ten thousand dollars for each violation or for each day of continuing violation. Civil penalties collected pursuant to this subsection shall be forwarded by the clerk of court to the treasurer of state for deposit in the general fund of the state.

[81 Acts, ch 152, §14]

**455B.455 Surcharge imposed.**

A land burial surcharge tax of two percent is imposed on the fee for land burial of a hazardous waste. The owner of the land burial facility shall remit the tax collected to the director of revenue after consultation with the director according to rules that the director shall adopt. The director shall forward a copy of the site license to the director of revenue which shall be the appropriate license for the collection of the land burial surcharge tax and shall be subject to suspension or revocation if the site license holder fails to collect or remit the tax collected under this section. The provisions of section 422.25, subsection 4, sections 422.30, 422.67, and 422.68, section 422.69, subsection 1, sections 422.70 to 422.75, section 423.14, subsection 1, and sections 423.23, 423.24, 423.25, 423.31, 423.33, 423.35, 423.37 to 423.42, and 423.47, consistent with the provisions of this part 6 of division IV, shall apply with respect to the taxes authorized under this part, in the same manner and with the same effect as if the land burial surcharge tax were sales taxes within the meaning of those statutes. Notwithstanding the provisions of this section, the director shall provide for only quarterly filing of returns as prescribed in section 423.31. Taxes collected by the director of revenue under this section shall be deposited in the general fund of the state.

*“Land disposal”* does not include long-term storage as defined in subsection 4.

4. *“Long-term storage”* means the above-ground containment of stabilized or solidified hazardous waste on a temporary basis or for a period of years in a manner that does not constitute disposal of hazardous waste.

5. *“Restricted waste”* means a hazardous waste or any other waste which is determined by rule of the commission to be a significant environmental burden if disposed of at a land disposal facility.

6. *“Storage”* means the containment of a hazardous waste for a period less than one year in a manner consistent with the requirements of 42 U.S.C. § 6921-6934 as amended to January 1, 1981 and the regulations adopted pursuant to those sections.

85 Acts, ch 202, §2

**455B.462 Limitations on land disposal of hazardous waste.**

1. A generator, recycler, transporter or other handler of hazardous waste shall not dispose of the wastes by land disposal or store wastes at an above-ground storage facility, unless all of the following conditions exist:

a. The commission determines that the best available technology is being used at the land disposal facility.

b. The handler proves to the satisfaction of the

commission that there is no available alternative including above ground storage for the disposal of hazardous waste.

c. The handler utilizes methods of source reduction, recycling and destruction of hazardous waste to the extent feasible, as determined by rule.

d. The handler pretreats the hazardous waste as determined by rule.

2. The commission shall adopt rules including, but not limited to, the following:

a. To determine the criteria that industry must satisfy to show that alternatives to land disposal of hazardous wastes are not technically or economically feasible.

b. To require that all industrial and commercial owners or users of land disposal and storage sites report to the department annually the amount and content of current hazardous waste production, treatment methods used and technological advances made or pursued to implement alternatives to land disposal and source reduction.

85 Acts, ch 202, §3

#### **455B.463 Dilution of hazardous waste.**

Any hazardous waste shall be considered a restricted waste for the purposes of this part even though it is diluted to a concentration less than the listed concentration threshold by the addition of other hazardous waste or any other material during waste handling treatment or storage. Dilution which occurs as a normal part of the manufacturing process shall not be considered dilution for purposes of this section.

85 Acts, ch 202, §4

#### **455B.464 Additional hazardous or restricted waste listed.**

Notwithstanding the restriction in section 455B.420, the director shall compile, annually, a list of additional hazardous wastes for adoption by the commission pursuant to the rulemaking procedures of chapter 17A. The list shall include wastes which may be a significant environmental burden if disposed of at a land disposal facility.

85 Acts, ch 202, §5; 86 Acts, ch 1245, §1899A

#### **455B.465 Well injection prohibited.**

It is unlawful for a person to inject hazardous or restricted wastes into a well.

85 Acts, ch 202, §6

#### **455B.466 Civil penalties.**

A person who violates a provision of this part is subject to a civil penalty of not more than ten thousand dollars for each violation and for each day of continuing violation. Civil penalties collected pursuant to this section shall be forwarded by the clerk of the district court to the treasurer of state

for deposit in the general fund of the state.

85 Acts, ch 202, §7

#### **455B.467 Emergency variance.**

The department may grant a variance to the restrictions or prohibition of land disposal of a hazardous waste in either of the following situations:

1. When the materials sought to be disposed of resulted from the cleanup of a hazardous condition involving a hazardous waste.

2. When the materials sought to be disposed of resulted from remediation or cleanup of hazardous waste or hazardous substance disposal sites.

85 Acts, ch 202, §8; 91 Acts, ch 155, §11

#### **455B.468 Coordination with existing reporting and permitting requirements.**

This part does not require the department to establish a reporting or permitting system if such a system is already established under the federal Resource Conservation and Recovery Act 42 U.S.C. § 6901 et seq. and administered and enforced through the federal environmental protection agency that achieves the objectives set out in this part. Consistent with this part, the department may establish requirements in addition to those established under the Resource Conservation and Recovery Act for reporting, permitting, and enforcement. However, in such actions, the department shall avoid any redundancy in reporting, compliance, and enforcement with that provided under the Resource Conservation and Recovery Act.

Notwithstanding section 455B.420, the rules and requirements imposed under this part may be more restrictive than required by federal law or regulation.

#### UNDERGROUND STORAGE TANKS

#### **455B.471 Definitions.**

As used in this part unless the context otherwise requires:

1. “*Board*” means the Iowa comprehensive petroleum underground storage tank fund board.

2. “*Corrective action*” means an action taken to reduce, minimize, eliminate, clean up, control, or monitor a release to protect the public health and safety or the environment. Corrective action includes, but is not limited to, excavation of an underground storage tank for purposes of repairing a leak or removal of a tank, removal of contaminated soil, disposal or processing of contaminated soil, cleansing of groundwaters or surface waters, natural biodegradation, institutional controls, and site management practices. Corrective action

does not include replacement of an underground storage tank. Corrective action specifically excludes third-party liability.

3. “*Fund*” means the Iowa comprehensive petroleum underground storage tank fund.

4. “*Nonoperational storage tank*” means an underground storage tank in which regulated substances will not be deposited or from which regulated substances will not be dispensed after July 1, 1985.

5. “*Operator*” means a person in control of, or having responsibility for, the daily operation of the underground storage tank.

6. a. “*Owner*” means:

(1) In the case of an underground storage tank in use on or after July 1, 1985, a person who owns the underground storage tank used for the storage, use, or dispensing of regulated substances.

(2) In the case of an underground storage tank in use before July 1, 1985, but no longer in use on that date, a person who owned the tank immediately before the discontinuation of its use.

b. To the extent consistent with the federal Resource Conservation and Recovery Act, as amended to January 1, 1994, 42 U.S.C. § 6901 et seq., “*owner*” does not include a person who holds indicia of ownership in the underground storage tank or the tank site property if all of the following apply:

(1) The person holds indicia of ownership primarily to protect that person’s security interest in the underground storage tank or tank site property, where such indicia of ownership was acquired either for the purpose of securing payment of a loan or other indebtedness, or in the course of protecting the security interest. The term “*primarily to protect that person’s security interest*” includes but is not limited to ownership interests acquired as a consequence of that person exercising rights as a security interest holder in the underground storage tank or tank site property, where such exercise is necessary or appropriate to protect the security interest, to preserve the value of the collateral, or to recover a loan or indebtedness secured by such interest. The person holding indicia of ownership in the underground storage tank or tank site property and who acquires title or a right to title to such underground storage tank or tank site property upon default under the security arrangement, or at, or in lieu of, foreclosure, shall continue to hold such indicia of ownership primarily to protect that person’s security interest so long as subsequent actions taken by that person with respect to the underground storage tank or tank site property are intended to protect the collateral secured by the interest, and demonstrate that the person is seeking to sell or liquidate the secured property rather than holding the property for investment purposes.

(2) The person does not exhibit managerial control of, or managerial responsibility for, the daily operation of the underground storage tank or

tank site property through the actual, direct, and continual or recurrent exercise of managerial control over the underground storage tank or tank site property in which that person holds a security interest, which managerial control materially divests the borrower, debtor, owner or operator of the underground storage tank or tank site property of such control.

(3) The person has taken no subsequent action with respect to the site which causes or exacerbates a release or threatened release of a hazardous substance.

7. “*Petroleum*” means petroleum, including crude oil or any fraction of crude oil which is liquid at standard conditions of temperature and pressure (sixty degrees Fahrenheit and fourteen and seven-tenths pounds per square inch absolute).

8. “*Regulated substance*” means an element, compound, mixture, solution or substance which, when released into the environment, may present substantial danger to the public health or welfare or the environment. Regulated substance includes substances designated in 40 C.F.R., Parts 61 and 116, and 40 C.F.R. § 401.15, and petroleum including crude oil or any fraction of crude oil which is liquid at standard conditions of temperature and pressure (sixty degrees Fahrenheit and fourteen and seven-tenths pounds per square inch absolute). However, regulated substance does not include a substance regulated as a hazardous waste under the Resource Conservation and Recovery Act of 1976. Substances may be added or deleted as regulated substances by rule of the commission pursuant to section 455B.474.

9. “*Release*” means spilling, leaking, emitting, discharging, escaping, leaching, or disposing of a regulated substance, including petroleum, from an underground storage tank into groundwater, surface water, or subsurface soils.

10. “*Tank site*” means a tank or grouping of tanks within close proximity of each other located on the facility for the purpose of storing regulated substances.

11. “*Underground storage tank*” means one or a combination of tanks, including underground pipes connected to the tanks which are used to contain an accumulation of regulated substances and the volume of which, including the volume of the underground pipes, is ten percent or more beneath the surface of the ground. Underground storage tank does not include:

a. Farm or residential tanks of one thousand one hundred gallons or less capacity used for storing motor fuel for noncommercial purposes.

b. Tanks used for storing heating oil for consumptive use on the premises where stored.

c. Residential septic tanks.

d. Pipeline facilities regulated under the Natural Gas Pipeline Safety Act of 1968, as amended to January 1, 1985 (49 U.S.C. § 1671 et seq.), the Hazardous Liquid Pipeline Safety Act of 1979, as amended to January 1, 1985 (49 U.S.C. § 2001 et

seq.), or an intrastate pipeline facility regulated under chapter 479.

e. A surface impoundment, pit, pond, or lagoon.

f. A storm water or wastewater collection system.

g. A flow-through process tank.

h. A liquid trap or associated gathering lines directly related to oil or gas production and gathering operations.

i. A storage tank situated in an underground area including, but not limited to, a basement, cellar, mineworking, drift, shaft, or tunnel if the storage tank is situated upon or above the surface of the floor.

Underground storage tank does not include pipes connected to a tank described in paragraphs "a" to "i".

85 Acts, ch 162, §1; 89 Acts, ch 131, §33 – 35; 93 Acts, ch 42, §5; 94 Acts, ch 1067, §1; 95 Acts, ch 215, §4

#### **455B.472 Declaration of policy.**

The general assembly finds that the release of regulated substances from underground storage tanks constitutes a threat to the public health and safety and to the natural resources of the state, and that existing regulatory programs of the department and other agencies do not adequately or appropriately address this substantial public concern.

85 Acts, ch 162, §2

#### **455B.473 Report of existing and new tanks — fee.**

1. Except as provided in subsection 2, the owner or operator of an underground storage tank existing on or before July 1, 1985, shall notify the department in writing by May 1, 1986, of the existence of each tank and specify the age, size, type, location and uses of the tank.

2. The owner of an underground storage tank taken out of operation between January 1, 1974 and July 1, 1985, shall notify the department in writing by July 1, 1986, of the existence of the tank unless the owner knows the tank has been removed from the ground. The notice shall specify to the extent known to the owner, the date the tank was taken out of operation, the age of the tank on the date taken out of operation, the size, type and location of the tank, and the type and quantity of substances left stored in the tank on the date that it was taken out of operation.

3. An owner or operator which brings into use an underground storage tank after July 1, 1985, shall notify the department in writing within thirty days of the existence of the tank and specify the age, size, type, location and uses of the tank.

4. An owner or operator of a storage tank described in section 455B.471, subsection 11, paragraph "a", which brings the tank into use after

July 1, 1987, shall notify the department of the existence of the tank within thirty days. The registration of the tank shall be accompanied by a fee of ten dollars to be deposited in the storage tank management account. A tank which is existing before July 1, 1987, shall be reported to the department by July 1, 1989. Tanks under this section installed on or following July 1, 1987, shall comply with underground storage tank regulations adopted by rule by the department.

5. The notice of the owner or operator to the department under subsections 1 through 3 shall be accompanied by a fee of ten dollars for each tank included in the notice. All moneys collected shall be deposited in the storage tank management account of the groundwater protection fund created in section 455E.11. All moneys collected pursuant to this section prior to July 1, 1987, which have not been expended, shall be deposited in the storage tank management account.

6. Subsections 1 to 3 do not apply to an underground storage tank for which notice was given pursuant to section 103, subsection c, of the Comprehensive Environmental Response, Compensation and Liabilities Act of 1980.

7. A person who sells, installs, modifies, or repairs a tank used or intended to be used as an underground storage tank shall notify the purchaser and the owner or operator of the tank in writing of the owner's notification requirements pursuant to this section including the prohibition on depositing a regulated substance into tanks which have not been registered and issued tags by the department. A person who installs an underground storage tank and the owner or operator of the underground storage tank shall, prior to installing an underground storage tank, notify the department in writing regarding the intent to install a tank.

8. It shall be unlawful to deposit or accept a regulated substance in an underground storage tank which has not been registered and issued permanent and annual tank management fee renewal tags pursuant to subsections 1 through 6. A person shall not deposit a regulated substance in an underground storage tank after receiving notice from the department that the underground storage tank is not covered by an approved form of financial responsibility in accordance with section 455B.474, subsection 2.

The department shall furnish the owner or operator of an underground storage tank with a registration tag for each underground storage tank registered with the department. The owner or operator shall affix the tag to the fill pipe of each registered underground storage tank. If an owner or operator fails to register or obtain annual renewal tags for the underground storage tank, the owner or operator shall pay an additional fee of two hundred fifty dollars upon registration of the tank. A fee imposed pursuant to this subsection shall not preclude the department from assessing an ad-

ministrative penalty pursuant to section 455B.476.

9. The department may deny issuance of a registration or annual tank management fee renewal tag for failure of the owner or operator to provide proof the underground storage tank is covered by an approved form of financial responsibility as provided in section 455B.474, subsection 2.

**455B.473A Petroleum underground storage tank registration amnesty program.**

A petroleum underground storage tank required to be registered under section 455B.473, which has not been registered prior to July 1, 1988, may be registered under the following conditions:

1. The tank registration fee under section 455B.473, subsection 5, shall accompany the registration.

2. The storage tank management fee of fifteen dollars per tank under section 455B.479 shall be paid for past years in which the tank should have been registered.

If a tank is registered under this section on or prior to October 1, 1989, penalties under section 455B.477 shall be waived.

**455B.474 Duties of commission — rules.**

The commission shall adopt rules pursuant to chapter 17A relating to:

1. Release detection, prevention, and correction as may be necessary to protect human health and the environment, applicable to all owners and operators of underground storage tanks. The rules shall include, but are not limited to, requirements for:

*a.* Maintaining a leak detection system, an inventory control system with a tank testing, or a comparable system or method designed to identify releases in a manner consistent with the protection of human health and the environment.

*b.* Maintaining records of any monitoring or leak detection system, inventory control system, or tank testing or comparable system.

*c.* Reporting of any releases and corrective action taken in response to a release from an underground storage tank.

*d.* Establishing criteria for classifying sites according to the release of a regulated substance in connection with an underground storage tank.

(1) The classification system shall consider the actual or potential threat to public health and safety and to the environment posed by the contaminated site and shall take into account relevant factors, including the presence of contamination in soils, groundwaters, and surface waters, and the effect of conduits, barriers, and distances on the contamination found in those areas accord-

ing to the following factors:

(a) Soils shall be evaluated based upon the depth of the existing contamination and its distance from the ground surface to the contamination zone and the contamination zone to the groundwater; the soil type and permeability, including whether the contamination exists in clay, till or sand and gravel; and the variability of the soils, whether the contamination exists in soils of natural variability or in a disturbed area.

(b) Groundwaters shall be evaluated based upon the depth of the contamination and its distance from the ground surface to the groundwater and from the contamination zone to the groundwater; the flow pattern of the groundwater, the direction of the flow in relation to the contamination zone and the interconnection of the groundwater with the surface or with surface water and with other groundwater sources; the nature of the groundwater, whether it is located in a high yield aquifer, an isolated, low yield aquifer, or in a transient saturation zone; and use of the groundwater, whether it is used as a drinking water source for public or private drinking water supplies, for livestock watering, or for commercial and industrial processing.

(c) Surface water shall be evaluated based upon its location, its distance in relation to the contamination zone, the groundwater system and flow, and its location in relation to surface drainage.

(d) The effect of conduits, barriers, and distances on the contamination found in soils, groundwaters, and surface waters. Consideration should be given to the following: the effect of contamination on conduits such as wells, utility lines, tile lines and drainage systems; the effect of conduits on the transport of the contamination; whether a well is active or abandoned; what function the utility line serves, whether it is a sewer line, a water distribution line, telephone line, or other line; the existence of barriers such as buildings and other structures, pavement, and natural barriers, including rock formations and ravines; and the distance which separates the contamination found in the soils, groundwaters, or surface waters from the conduits and barriers.

(2) A site shall be classified as either high risk, low risk, or no action required.

(a) A site shall be considered high risk when it is determined that contamination from the site presents an unreasonable risk to public health and safety or the environment under any of the following conditions:

(i) Contamination is affecting or likely to affect groundwater which is used as a source water for public or private water supplies, to a level rendering them unsafe for human consumption.

(ii) Contamination is actually affecting or is likely to affect surface water bodies to a level where surface water quality standards, under section 455B.173, will be exceeded.

(iii) Harmful or explosive concentrations of petroleum substances or vapors affecting structures or utility installations exist or are likely to occur.

(b) A site shall be considered low risk under any of the following conditions:

(i) Contamination is present and is affecting groundwater, but high risk conditions do not exist and are not likely to occur.

(ii) Contamination is above action level standards, but high risk conditions do not exist and are not likely to occur.

(c) A site shall be considered no action required if contamination is below action level standards and high or low risk conditions do not exist and are not likely to occur.

(d) For purposes of classifying a site as either low risk or no action required, the department shall rely upon the example tier one risk-based screening level look-up table of ASTM (American society for testing and materials) international's emergency standard, ES38-94, or other look-up table as determined by the department by rule.

(e) A site cleanup report which classifies a site as either high risk, low risk, or no action required shall be submitted by a groundwater professional to the department with a certification that the report complies with the provisions of this chapter and rules adopted by the department. The report shall be determinative of the appropriate classification of the site. However, if the report is found to be inaccurate or incomplete, and if based upon information in the report the risk classification of the site cannot be reasonably determined by the department based upon industry standards, the department shall work with the groundwater professional to obtain the additional information necessary to appropriately classify the site. A groundwater professional who knowingly or intentionally makes a false statement or misrepresentation which results in a mistaken classification of a site shall be guilty of a serious misdemeanor and shall have the groundwater professional's certification revoked under section 455G.18.

e. The closure of tanks to prevent any future release of a regulated substance into the environment. If consistent with federal environmental protection agency technical standard regulations, state tank closure rules shall include, at the tank owner's election, an option to fill the tank with an inert material. Removal of a tank shall not be required if the tank is filled with an inert material pursuant to department of natural resources rules. A tank closed, or to be closed and which is actually closed, within one year of May 13, 1988, shall be required to complete monitoring or testing as required by the department to ensure that the tank did not leak prior to closure, but shall not be required to have a monitoring system installed.

f. Establishing corrective action response requirements for the release of a regulated substance in connection with an underground storage tank. The corrective action response require-

ments shall include, but not be limited to, all of the following:

(1) A requirement that the site cleanup report do all of the following:

(a) Identify the nature and level of contamination resulting from the release.

(b) Provide supporting data and a recommendation of the degree of risk posed by the site relative to the site classification system adopted pursuant to paragraph "d".

(c) Provide supporting data and a recommendation of the need for corrective action.

(d) Identify the corrective action options which shall address the practical feasibility of implementation, costs, expected length of time to implement, and environmental benefits.

(2) To the fullest extent practicable, allow for the use of generally available hydrological, geological, topographical, and geographical information and minimize site specific testing in preparation of the site cleanup report.

(3) Require that at a minimum the source of a release be stopped either by repairing, upgrading, or closing the tank and that free product be removed or contained on site.

(4) High risk sites shall be addressed pursuant to a corrective action design report, as submitted by a groundwater professional and as accepted by the department. The corrective action design report shall determine the most appropriate response to the high risk conditions presented. The appropriate corrective action response shall be based upon industry standards and shall take into account the following:

(a) The extent of remediation required to reclassify the site as a low risk site.

(b) The most appropriate exposure scenarios based upon residential, commercial, or industrial use or other predefined industry accepted scenarios.

(c) Exposure pathway characterizations including contaminant sources, transport mechanisms, and exposure pathways.

(d) Affected human or environmental receptors and exposure scenarios based on current and projected use scenarios.

(e) Risk-based corrective action assessment principles which identify the risks presented to the public health and safety or the environment by each release in a manner that will protect the public health and safety or the environment using a tiered procedure consistent with ASTM (American society for testing and materials) international's emergency standard, ES38-94.

(f) Other relevant site specific factors such as the feasibility of available technologies, existing background contaminant levels, current and planned future uses, ecological, aesthetic, and other relevant criteria, and the applicability and availability of engineering and institutional controls.

(g) Remediation shall not be required on a site

that does not present an increased cancer risk at the point of exposure of one in one million for residential areas or one in ten thousand for nonresidential areas.

(5) A corrective action design report submitted by a groundwater professional shall be accepted by the department and shall be primarily relied upon by the department to determine the corrective action response requirements of the site. However, if the corrective action design report is found to be inaccurate or incomplete, and if based upon information in the report the appropriate corrective action response cannot be reasonably determined by the department based upon industry standards, the department shall work with the groundwater professional to obtain the additional information necessary to appropriately determine the corrective action response requirements. A groundwater professional who knowingly or intentionally makes a false statement or misrepresentation which results in an improper or incorrect corrective action response shall be guilty of a serious misdemeanor and shall have the groundwater professional's certification revoked under section 455G.18.

(6) Low risk sites shall be monitored as deemed necessary by the department consistent with industry standards. Monitoring shall not be required on a site which has received a no further action certificate.

(7) An owner or operator may elect to proceed with additional corrective action on the site. However, any action taken in addition to that required pursuant to this paragraph "f" shall be solely at the expense of the owner or operator and shall not be considered corrective action for purposes of section 455G.9.

(8) Notwithstanding other provisions to the contrary and to the extent permitted by federal law, the department shall allow for bioremediation of soils and groundwater. For purposes of this subparagraph, "bioremediation" means the use of biological organisms, including microorganisms or plants, to degrade organic pollutants to common natural products.

(9) Replacement or upgrade of a tank on a site classified as a high or low risk site shall be equipped with a secondary containment system with monitoring of the space between the primary and secondary containment structures or other board approved tank system or methodology.

(10) The commission and the board shall cooperate to ensure that remedial measures required by the corrective action rules adopted pursuant to this paragraph are reasonably cost-effective and shall, to the fullest extent possible, avoid duplicating and conflicting requirements.

(11) The director may order an owner or operator to immediately take all corrective actions deemed reasonable and necessary by the director if the corrective action is consistent with the

prioritization rules adopted under this paragraph. Any order taken by the director pursuant to this subparagraph shall be reviewed at the next meeting of the environmental protection commission.

g. Specifying an adequate monitoring system to detect the presence of a leaking underground storage tank and to provide for protection of the groundwater resources for regulated tanks installed prior to January 14, 1987. The effective date of the rules adopted shall be January 14, 1989. In the event that federal regulations are adopted by the United States environmental protection agency after the commission has adopted state standards pursuant to this subsection, the commission shall immediately proceed to adopt rules consistent with those federal regulations adopted. Unless the federal environmental protection agency adopts final rules to the contrary, rules adopted pursuant to this section shall not apply to hydraulic lift reservoirs, such as for automobile hoists and elevators, containing hydraulic oil.

h. Issuing a no further action certificate or a monitoring certificate to the owner or operator of an underground storage tank site.
