PREFACE TO 2009 IOWA CODE SUPPLEMENT

This 2009 Iowa Code Supplement is published pursuant to Code chapter 2B. The Supplement includes sections of the laws of Iowa enacted, amended, repealed, or otherwise affected by the 2009 regular session of the Eighty-third Iowa General Assembly or by an earlier session if the effective date was deferred, arranged in the numerical sequence of the 2009 Iowa Code. The Supplement does not include temporary sections, such as appropriation sections, which are not to be codified.

EFFECTIVE DATES. Except as otherwise indicated in the text or in a footnote, the new Code sections, amendments, and repeals were effective on or before July 1, 2009. See the 2009 Iowa Acts to determine specific effective dates not shown.

NOTES. A source note following each new or amended Code section refers to the appropriate chapter and section number in the Iowa Acts where the new Code section or amendment can be found in the form it had upon passage. Repeals are indicated in the form used in the 2009 Code. A footnote may follow the source note or repeal. A footnote to an amended Code section usually refers only to the amended part and not necessarily to the entire Code section as printed. Many of the footnotes from the 2009 Code are not included but will be corrected as necessary and appear in the next full Code. Following the source note or footnote for a new or amended Code section is an explanatory note to indicate whether the section or a part of it is new or how it was changed.

EDITORIAL DECISIONS. If multiple amendments were enacted to a Code section or part of a Code section, all changes that were duplicative or otherwise did not appear to conflict were harmonized as required under sections 2B.13 and 4.11 of the Code. If multiple amendments conflicted, a strike or repeal prevailed over an amendment to the same material. If multiple amendments were irreconcilable, the amendment that was last or latest in date of enactment was codified as provided in sections 2B.13 and 4.11 of the Code. At the end of this Supplement are Code editor's notes which explain the major editorial decisions. Section 2B.13 of the Code governs the ongoing revision of gender references, authorizes other editorial changes, and provides for the effective date of editorial changes.

INDEX AND TABLES. A subject matter index to new or amended Code sections, a table of the disposition of this year's Acts and any previous years' Acts codified in this Supplement, a table of corresponding sections from the 2009 Code to this Code Supplement, and conversion tables of 2009 Senate and House enactment numbers to Acts chapter numbers also appear at the end of this Supplement.

RETENTION OF CODE SUPPLEMENT VOLUMES. Users who maintain libraries of previous years' biennial hardbound Codes of Iowa should also retain the Iowa Code Supplement volumes, as the Code Supplements contain Code editor's notes, footnotes, and other aids which are not included in the subsequent hardbound Code.

Because the Iowa General Assembly meets annually, the Supplement also serves as the only printed record of the original codification of statutes effective in an odd-numbered year if those statutes are amended or repealed in the next even-numbered year.

GENERAL ASSEMBLY

2.27 Canvass of votes for governor.

The general assembly shall meet in joint session on the same day the assembly first convenes in January of 1979 and every four years thereafter as soon as both houses have been organized, and canvass the votes cast for governor and lieutenant governor and determine the election. When the canvass is completed, the oath of office shall be administered to the persons so declared elected. Upon being inaugurated the governor shall deliver to the joint assembly any message the governor may deem expedient.

2009 Acts, ch 57, §1
Section amended

2.32 Confirmation of appointments — procedures.

1. The governor shall either make an appointment or file a notice of deferred appointment by March 1 for the following appointments which are subject to confirmation by the senate:

a. An appointment to fill a term beginning on May 1 of that year.

b. An appointment to fill a vacancy, other than as provided for in paragraph “*d*”, existing prior to the convening of the general assembly in regular session in that year.

c. An appointment to fill a vacancy, other than as provided for in paragraph “*d*”, which is known, prior to the convening of the general assembly in

regular session, will occur before May 1 of that year.

d. An appointment to fill a vacancy existing in a full-time compensated position on December 15 prior to the convening of the general assembly.

2. The governor shall file by February 1 with the secretary of the senate a list of all the appointment positions requiring gubernatorial action pursuant to subsection 1. The secretary of the senate shall provide the governor a written acknowledgment of the list within five days of its receipt. The senate shall approve the list or request corrections by resolution by February 15.

3. The governor shall submit all appointments requiring confirmation by the senate and notices of deferred appointment to the secretary of the senate who shall provide the governor’s office with receipts of submission. Each notice of appointment shall be accompanied by a statement of the appointee’s political affiliation. The notice of a deferred appointment shall be filed by the governor with the secretary of the senate and accompanied by a statement of reasons for the deferral. For appointments requiring confirmation by the senate made during the legislative interim, the notice of appointment shall be submitted to the secretary of the senate within three days of the appointment date.

4. A gubernatorial appointee, whose appointment is subject to confirmation by the senate and

who serves at the pleasure of the governor, is subject to reconfirmation by the senate during the regular session of the general assembly convening in January if the appointee will complete the appointee's fourth year in office on or before the following April 30. For the purposes of this section, the submission of an appointee for reconfirmation is deemed the same as the submission of an appointee for confirmation and the procedures of this section regarding confirmation and the consequences of refusal to confirm are the same for reconfirmation.

5. If an appointment subject to senate confirmation is required by statute to be made by an appointing authority other than the governor, the duties assigned under this section to the governor shall be performed by the appointing authority.

6. If a vacancy in a position requiring confirmation by the senate, other than a full-time compensated position, occurs after the convening of the general assembly in regular session, the governor shall, within sixty calendar days after the vacancy occurs, either make an appointment or file a notice of deferred appointment unless the general assembly has adjourned its regular session before the sixty-day period expires. If a vacancy in a full-time compensated position requiring senate confirmation occurs after December 15, the governor shall, within ninety calendar days after the vacancy occurs, make an appointment or file a notice of deferred appointment unless the general assembly has adjourned its regular session before the ninety-day period expires.

7. If an appointment is submitted pursuant to subsection 1, the senate shall by April 15 of that year either approve, disapprove, or by resolution defer consideration of confirmation of the appointment. If an appointment is submitted pursuant to subsection 6, the senate shall either approve, disapprove, or by resolution defer consideration of confirmation of the appointment within thirty days after receiving the appointment from the governor. The senate may defer consideration of an appointment until a later time during that session, but the senate shall not adjourn that session until all appointments submitted pursuant to this section before the last thirty days of the session are approved or disapproved. If a nomination is submitted during the last thirty days of the session, the senate may by resolution defer consideration of the appointment until the next regular session of the general assembly and the nomination shall be considered as though made during the legislative interim.

8. The confirmation of every appointment submitted to the senate requires the approval of two-thirds of the members of the senate. The senate shall adopt rules governing the referral of appointments to committees, the reports of committees on appointments, and the confirmation of appointments by the senate.

9. A person whose appointment is subject to senate confirmation shall make available to the senate committee to which the appointment is referred, upon the committee's request, a notarized statement that the person has filed federal and state income tax returns for the three years immediately preceding the appointment, or a notarized statement of the legal reason for failure to file. If the appointment is to a board, commission, council, or other body empowered to take disciplinary action, all complaints and statements of charges, settlement agreements, findings of fact, and orders pertaining to any disciplinary action taken by that board, commission, council, or body in a contested case against the person whose appointment is being reviewed by the senate shall be made available to the senate committee to which the appointment is referred upon its request.

10. All tax records, complaint files, investigation files, other investigation reports, and other investigative information in the possession of the committee which relate to appointee tax filings or complaints and statements of charges, settlement agreements, findings of fact, and orders from any past disciplinary action in a contested case against the appointee are privileged and confidential and they are not subject to discovery, subpoena, or other means of legal compulsion for their release to a person other than the appointee unless otherwise provided by law.

11. Sixty days after a person's appointment has been disapproved by the senate, that person shall not serve in that position as an interim appointment or by holding over in office and the governor shall submit another appointment or file a notice of deferred appointment before the sixty-day period expires.

CHAPTER 6B

PROCEDURE UNDER EMINENT DOMAIN

6B.14 Appraisalment — report.

1. The commissioners shall, at the time fixed in the notices required under section 6B.8, view the land sought to be condemned and assess the damages which the owner will sustain by reason of the appropriation. The commission shall file its written report, signed by all commissioners, with the sheriff. At the request of the condemner or the condemnee, the commission shall divide the damages into parts to indicate the value of any dwelling, the value of the land and improvements other than a dwelling, and the value of any additional damages. The appraisalment and return may be in parcels larger than forty acres belonging to one person and lying in one tract, unless the agent or attorney of the applicant, or the commissioners, have actual knowledge that the tract does not belong wholly to the person in whose name it appears of record; and in case of such knowledge, the ap-

praisalment shall be made of the different portions as they are known to be owned.

2. Prior to the meeting of the commission, the commission or a commissioner shall not communicate with the applicant, property owner, or tenant, or their agents, regarding the condemnation proceedings. The commissioners shall meet in open session to view the property and to receive evidence, but may deliberate in closed session. When deliberating in closed session, the meeting is closed to all persons who are not commissioners except for personnel from the sheriff's office if such personnel is requested by the commission. After deliberations commence, the commission and each commissioner is prohibited from communicating with any party to the proceeding. However, if the commission is deliberating in closed session, and after deliberations commence the commission requires further information from a party

or a witness, the commission shall notify the property owner and the acquiring agency that they are allowed to attend the meeting at which such additional information shall be provided but only for that period of time during which the additional information is being provided. The property owner and the acquiring agency shall be given a reasonable opportunity to attend the meeting. The commission shall keep minutes of all its meetings showing the date, time, and place, the members present, and the action taken at each meeting. The minutes shall show the results of each vote taken and information sufficient to indicate the vote of each member present. The vote of each member present shall be made public at the open session. The minutes shall be public records open to public inspection.

3. In determining fair market value of property, the commissioners shall not consider only the assessed value assigned to such property for purposes of property taxation.

4. In assessing the damages the owner or ten-

ant will sustain, the commissioners shall consider and make allowance for personal property which is damaged or destroyed or reduced in value.

5. An owner or tenant occupying land which is proposed to be acquired by condemnation shall be awarded a sum sufficient to remove such owner's or tenant's personal property from the land to be acquired, which sum shall represent reasonable costs of moving the personal property from the land to be acquired to a point no greater than fifty miles; but in any event, damages awarded under this section for moving shall not exceed five thousand dollars for each owner or tenant occupying land proposed to be condemned. An owner or tenant may apply for an award pursuant to this section only if all other damages provided by law have been awarded and such amount awarded is insufficient to pay the owner's or tenant's reasonable costs of moving.

2009 Acts, ch 133, §1
Subsection 1 amended

each reallocation, the date of each reallocation, the name of the political subdivision and a description of all bonds issued pursuant to a reallocation, a brief explanation of the reason for the reallocation, and such other information as may be required by a standing committee on government oversight.

2009 Acts, ch 86, §2

8.57 Annual appropriations — reduction of GAAP deficit — rebuild Iowa infrastructure fund.

1. *a.* The “cash reserve goal percentage” for fiscal years beginning on or after July 1, 2004, is seven and one-half percent of the adjusted revenue estimate. For each fiscal year in which the appropriation of the surplus existing in the general fund of the state at the conclusion of the prior fiscal year pursuant to paragraph “b” was not sufficient for the cash reserve fund to reach the cash reserve goal percentage for the current fiscal year, there is appropriated from the general fund of the state an amount to be determined as follows:

(1) If the balance of the cash reserve fund in the current fiscal year is not more than six and one-half percent of the adjusted revenue estimate for the current fiscal year, the amount of the appropriation under this lettered paragraph is one percent of the adjusted revenue estimate for the current fiscal year.

(2) If the balance of the cash reserve fund in the current fiscal year is more than six and one-half percent but less than seven and one-half percent of the adjusted revenue estimate for that fiscal year, the amount of the appropriation under this lettered paragraph is the amount necessary for the cash reserve fund to reach seven and one-half percent of the adjusted revenue estimate for the current fiscal year.

As used in this paragraph, “surplus” means the excess of revenues and other financing sources over expenditures and other financing uses for the general fund of the state in a fiscal year.

c. The amount appropriated in this section is not subject to the provisions of section 8.31, relating to requisitions and allotment, or to section 8.32, relating to conditional availability of appropriations.

2. *a.* There is appropriated from the surplus existing in the general fund of the state at the conclusion of the fiscal year beginning July 1, 2005, and ending June 30, 2006, and at the conclusion of each succeeding fiscal year for distribution to the senior living trust fund, an amount equal to one percent of the adjusted revenue estimate for the current fiscal year. However, if the amount of the surplus existing in the general fund of the state at the conclusion of a fiscal year is less than two percent of the adjusted revenue estimate for that fiscal year, the amount of the appropriation made in this paragraph shall be equal to fifty percent of the surplus amount. The appropriation made in this paragraph shall be distributed to the senior living trust fund in the succeeding fiscal year. For the purposes of this subsection, “surplus” means the same as defined in subsection 1, paragraph “b”.

b. The appropriation made in paragraph “a” shall be made before the appropriations are made pursuant to subsections 1, 3, and 4, of the surplus existing in the general fund of the state at the conclusion of the fiscal year beginning July 1, 2005, and ending June 30, 2006, and each succeeding fiscal year.

c. The appropriation made in paragraph “a” shall continue until the aggregate amount of the appropriations made, reverted, or transferred to the senior living trust fund for all fiscal years beginning on or after July 1, 2004, pursuant to paragraph “a” of this subsection, section 8.55, subsection 2, paragraph “b”, and any other law providing for an appropriation or reversion or transfer of an appropriation to the senior living trust fund is equal to three hundred million dollars.

d. This subsection and section 8.55, subsection 2, paragraph “b”, are repealed when the aggregate amount specified in paragraph “c” has been distributed, appropriated, reverted, or transferred to the senior living trust fund. The director of the department of management shall notify the Iowa

Code editor when the aggregate amount has been distributed, appropriated, reverted, or transferred.

3. Moneys appropriated under subsection 1 shall be first credited to the cash reserve fund. To the extent that moneys appropriated under subsection 1 would make the moneys in the cash reserve fund exceed the cash reserve goal percentage of the adjusted revenue estimate for the fiscal year, the moneys are appropriated to the department of management to be spent for the purpose of eliminating Iowa's GAAP deficit, including the payment of items budgeted in a subsequent fiscal year which under generally accepted accounting principles should be budgeted in the current fiscal year. These moneys shall be deposited into a GAAP deficit reduction account established within the department of management. The department of management shall annually file with both houses of the general assembly at the time of the submission of the governor's budget, a schedule of the items for which moneys appropriated under this subsection for the purpose of eliminating Iowa's GAAP deficit, including the payment of items budgeted in a subsequent fiscal year which under generally accepted accounting principles should be budgeted in the current fiscal year, shall be spent. The schedule shall indicate the fiscal year in which the spending for an item is to take place and shall incorporate the items detailed in 1994 Iowa Acts, chapter 1181, section 17. The schedule shall list each item of expenditure and the estimated dollar amount of moneys to be spent on that item for the fiscal year. The department of management may submit during a regular legislative session an amended schedule for legislative consideration. If moneys appropriated under this subsection are not enough to pay for all listed expenditures, the department of management shall distribute the payments among the listed expenditure items. Moneys appropriated to the department of management under this subsection shall not be spent on items other than those included in the filed schedule. On September 1 following the close of a fiscal year, moneys in the GAAP deficit reduction account which remain unexpended for items on the filed schedule for the previous fiscal year shall be credited to the Iowa economic emergency fund.

4. To the extent that moneys appropriated under subsection 1 exceed the amounts necessary for the cash reserve fund to reach its maximum balance and the amounts necessary to eliminate Iowa's GAAP deficit, including elimination of the making of any appropriation in an incorrect fiscal year, the moneys shall be appropriated to the Iowa economic emergency fund.

5. As used in this section, "GAAP" means generally accepted accounting principles as established by the governmental accounting standards board.

6. *a.* A rebuild Iowa infrastructure fund is cre-

ated under the authority of the department of management. The fund shall consist of appropriations made to the fund and transfers of interest, earnings, and moneys from other funds as provided by law. The fund shall be separate from the general fund of the state and the balance in the fund shall not be considered part of the balance of the general fund of the state. However, the fund shall be considered a special account for the purposes of section 8.53, relating to generally accepted accounting principles.

b. Moneys in the infrastructure fund are not subject to section 8.33. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys in the infrastructure fund shall be credited to the infrastructure fund. Moneys in the infrastructure fund may be used for cash flow purposes during a fiscal year provided that any moneys so allocated are returned to the infrastructure fund by the end of that fiscal year.

c. Moneys in the fund in a fiscal year shall be used as directed by the general assembly for public vertical infrastructure projects. For the purposes of this subsection, "vertical infrastructure" includes only land acquisition and construction, major renovation and major repair of buildings, all appurtenant structures, utilities, site development, and recreational trails. "Vertical infrastructure" does not include routine, recurring maintenance or operational expenses or leasing of a building, appurtenant structure, or utility without a lease-purchase agreement.

d. The general assembly may provide that all or part of the moneys deposited in the GAAP deficit reduction account created in this section shall be transferred to the infrastructure fund in lieu of appropriation of the moneys to the Iowa economic emergency fund.

e. (1) (a) (i) Notwithstanding provisions to the contrary in sections 99D.17 and 99F.11, for the fiscal year beginning July 1, 2000, and for each fiscal year thereafter, not more than a total of sixty-six million dollars shall be deposited in the general fund of the state in any fiscal year pursuant to sections 99D.17 and 99F.11.

(ii) However, in lieu of the deposit in subparagraph subdivision (i), for the fiscal year beginning July 1, 2010, and for each fiscal year thereafter until the principal and interest on all bonds issued by the treasurer of state pursuant to section 12.87 are paid, as determined by the treasurer of state, the first fifty-five million dollars of the moneys directed to be deposited in the general fund of the state under subparagraph subdivision (i) shall be deposited in the revenue bonds debt service fund created in section 12.89, and the next five million dollars of the moneys directed to be deposited in the general fund of the state under subparagraph subdivision (i) shall be deposited in the general fund of the state.

(b) The next fifteen million dollars of the moneys directed to be deposited in the general fund of

the state in a fiscal year pursuant to sections 99D.17 and 99F.11 shall be deposited in the vision Iowa fund created in section 12.72 for the fiscal year beginning July 1, 2000, and for each fiscal year through the fiscal year beginning July 1, 2019.

(c) The next five million dollars of the moneys directed to be deposited in the general fund of the state in a fiscal year pursuant to sections 99D.17 and 99F.11 shall be deposited in the school infrastructure fund created in section 12.82 for the fiscal year beginning July 1, 2000, and for each fiscal year thereafter until the principal and interest on all bonds issued by the treasurer of state pursuant to section 12.81 are paid, as determined by the treasurer of state.

(d) (i) The total moneys in excess of the moneys deposited in the revenue bonds debt service fund, the vision Iowa fund, the school infrastructure fund, and the general fund of the state in a fiscal year shall be deposited in the rebuild Iowa infrastructure fund and shall be used as provided in this section, notwithstanding section 8.60.

(ii) However, in lieu of the deposit in subparagraph subdivision (i), for the fiscal year beginning July 1, 2010, and for each fiscal year thereafter until the principal and interest on all bonds issued by the treasurer of state pursuant to section 12.87 are paid, as determined by the treasurer of state, fifty-five million dollars of the excess moneys directed to be deposited in the rebuild Iowa infrastructure fund under subparagraph subdivision (i) shall be deposited in the general fund of the state.

(2) If the total amount of moneys directed to be deposited in the general fund of the state under sections 99D.17 and 99F.11 in a fiscal year is less than the total amount of moneys directed to be deposited in the revenue bonds debt service fund in the fiscal year pursuant to this paragraph “e”, the difference shall be paid from moneys deposited in the beer and liquor control fund created in section 123.53 in the manner provided in section 123.53, subsection 3.

(3) After the deposit of moneys directed to be deposited in the general fund of the state and the revenue bonds debt service fund as provided in subparagraph (1), subparagraph division (a), if the total amount of moneys directed to be deposited in the general fund of the state under sections 99D.17 and 99F.11 in a fiscal year is less than the total amount of moneys directed to be deposited in the vision Iowa fund and the school infrastructure fund in the fiscal year pursuant to this paragraph “e”, the difference shall be paid from lottery revenues in the manner provided in section 99G.39, subsection 3.

f. There is appropriated from the rebuild Iowa infrastructure fund to the secure an advanced vision for education fund created in section 423F.2, for each fiscal year of the fiscal period beginning July 1, 2008, and ending June 30, 2014, the

amount of the moneys in excess of the first forty-seven million dollars credited to the rebuild Iowa infrastructure fund during the fiscal year, not to exceed ten million dollars.

g. Notwithstanding any other provision to the contrary, and prior to the appropriation of moneys from the rebuild Iowa infrastructure fund pursuant to paragraph “c”, and section 8.57A, subsection 4, moneys shall first be appropriated from the rebuild Iowa infrastructure fund to the vertical infrastructure fund as provided in section 8.57B, subsection 4.

h. Annually, on or before January 15 of each year, a state agency that received an appropriation from the rebuild Iowa infrastructure fund shall report to the legislative services agency and the department of management the status of all projects completed or in progress. The report shall include a description of the project, the progress of work completed, the total estimated cost of the project, a list of all revenue sources being used to fund the project, the amount of funds expended, the amount of funds obligated, and the date the project was completed or an estimated completion date of the project, where applicable.

8.63 Innovations fund.

1. An innovations fund is created in the state treasury under the control of the department of management for the purpose of stimulating and encouraging innovation and entrepreneurship in state government by the awarding of repayable loans to state agencies.

2. The director of the department of management shall establish an eight-member committee to be called the state innovations fund committee. The committee shall review all requests for funds and approve loans of funds if the committee determines that the loan meets the requirements for a project loan or an enterprise loan as provided in this section.

3. A project loan can be funded if the committee determines that an agency request would result in cost savings or added revenue to the general fund of the state. Eligible projects are projects which cannot be funded from an agency's operating budget without adversely affecting the agency's normal service levels. Projects may include, but are not limited to, purchase of advanced technology, contracting for expert services, and acquisition of equipment or supplies.

4. An enterprise loan can be funded if the committee determines that the agency or business unit has a viable business plan and the capability to use the loan to provide internal services to government. The enterprise is expected to receive payment for services from its customers and use those payments to cover its expenses, including repayment of the loan.

5. A state agency seeking a loan from the innovations fund shall complete an application form designed by the state innovations fund committee

which employs, for projects, a return on investment concept and demonstrates how state general fund expenditures will be reduced or how state general fund revenues will increase, or for enterprises, a business plan that shows how the enterprise will meet customer needs, provide value to customers, and demonstrate financial viability. Minimum loan requirements for state agency requests shall be determined by the committee. As an incentive to increase state general fund revenues, an agency may retain up to fifty percent of savings realized in connection with a project loan from the innovations fund. The amount retained shall be determined by the innovations fund committee. Savings realized but not retained by an agency shall not be deposited in the innovations fund.

6. *a.* In order for the innovations fund to be self-supporting, the innovations fund committee shall establish repayment schedules for each innovations fund loan awarded. Agencies shall repay the funds over a period not to exceed five years with interest, at a rate to be determined by the innovations fund committee.

b. If the department of management and the department of revenue certify that the savings from a proposed innovations fund project will result in a net increase in the balance of the general fund of the state without a corresponding cost savings to the requesting agency, and if the requesting agency meets all other eligibility requirements, the innovations fund committee may approve the loan for the project and not require repayment by the requesting agency. There is appropriated from the general fund of the state to the department of management for deposit in the innovations fund an amount sufficient to repay the loan amount, which amount shall not exceed the principal amount of the loan plus interest on the loan.

7. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the innovations fund shall be credited to the innovations fund. Notwithstanding section 8.33, moneys remaining in the innovations fund at the end of a fiscal year shall not revert to the general fund of the state.

1. The director may provide for the assignment to a state officer or employee or to a state agency, of one or more motor vehicles which may be required by the state officer or employee or state agency, after the state officer or employee or state agency has shown the necessity for such transportation. The director may assign a motor vehicle either for part-time or full-time use. The director may revoke the assignment at any time.

2. The director may cause all state-owned motor vehicles to be inspected periodically. Whenever the inspection reveals that repairs have been improperly made on the motor vehicle or that the operator is not giving the motor vehicle the proper care, the director shall report this fact to the head of the state agency to which the motor vehicle has been assigned, together with recommendation for improvement.

3. *a.* The director shall provide for a record system for the keeping of records of the total number of miles state-owned motor vehicles are driven and the per-mile cost of operation of each motor vehicle. Every state officer or employee shall keep a record book to be furnished by the director in which the officer or employee shall enter all purchases of gasoline, lubricating oil, grease, and other incidental expense in the operation of the motor vehicle assigned to the officer or employee, giving the quantity and price of each purchase, including the cost and nature of all repairs on the motor vehicle. Each operator of a state-owned motor vehicle shall promptly prepare a report at the end of each month on forms furnished by the director and forwarded to the director, giving the information the director may request in the report. Each month, the director shall compile the costs and mileage of state-owned motor vehicles from the reports and keep a cost history for each motor vehicle and the costs shall be reduced to a cost-per-mile basis for each motor vehicle. The director shall call to the attention of an elected official or the head of any state agency to which a motor vehicle has been assigned any evidence of the mishandling or misuse of a state-owned motor vehicle which is called to the director's attention.

b. A gasoline-powered motor vehicle operated under this subsection shall not operate on gasoline other than ethanol blended gasoline as defined in section 214A.1, unless under emergency circumstances. A diesel-powered motor vehicle operated under this subsection shall not operate on diesel fuel other than biodiesel fuel as defined in section 214A.1, if commercially available. A state-issued credit card shall not be valid to purchase gasoline

other than ethanol blended gasoline, if commercially available, or to purchase diesel fuel other than biodiesel fuel, if commercially available. The motor vehicle shall also be affixed with a brightly visible sticker which notifies the traveling public that the motor vehicle is being operated on ethanol blended gasoline or biodiesel fuel, as applicable. However, the sticker is not required to be affixed to an unmarked vehicle used for purposes of providing law enforcement or security.

4. *a.* The director shall provide for the purchase of all motor vehicles for all branches of the state government, except the state department of transportation, institutions under the control of the state board of regents, the department for the blind, and any other state agency exempted by law. The director shall purchase new vehicles in accordance with competitive bidding procedures for items or services as provided in this subchapter. The director may purchase used or preowned vehicles at governmental or dealer auctions if the purchase is determined to be in the best interests of the state.

b. The director, and any other state agency, which for purposes of this subsection includes but is not limited to community colleges and institutions under the control of the state board of regents, or local governmental subdivisions purchasing new motor vehicles, shall purchase new passenger vehicles and light trucks so that the average fuel efficiency for the fleet of new passenger vehicles and light trucks purchased in that year equals or exceeds the average fuel economy standard for the vehicles' model year as established by the United States secretary of transportation under 15 U.S.C. § 2002. This paragraph does not apply to vehicles purchased for law enforcement purposes or used for off-road maintenance work, or work vehicles used to pull loaded trailers.

c. Not later than June 15 of each year, the director shall report compliance with the corporate average fuel economy standards published by the United States secretary of transportation for new motor vehicles, other than motor vehicles purchased by the state department of transportation, institutions under the control of the state board of regents, the department for the blind, and any other state agency exempted from the requirements of this subsection. The report of compliance shall classify the vehicles purchased for the current vehicle model year using the following categories: passenger automobiles, enforcement automobiles, vans, and light trucks. The director shall deliver a copy of the report to the office of energy independence. As used in this paragraph, "*corporate average fuel economy*" means the corporate average fuel economy as defined in 49 C.F.R. § 533.5.

d. The director shall assign motor vehicles available for use to maximize the average passen-

ger miles per gallon of motor fuel consumed. In assigning motor vehicles, the director shall consider standards established by the director, which may include but are not limited to the number of passengers traveling to a destination, the fuel economy of and passenger capacity of vehicles available for assignment, and any other relevant information, to assure assignment of the most energy-efficient vehicle or combination of vehicles for a trip from those vehicles available for assignment. The standards shall not apply to special work vehicles and law enforcement vehicles. The standards shall apply to the following agencies:

- (1) State department of transportation.
- (2) Institutions under the control of the state board of regents.
- (3) Department for the blind.
- (4) Any other state agency exempted from obtaining vehicles for use through the department.

e. As used in paragraph "*d*", "*fuel economy*" means the average number of miles traveled by an automobile per gallon of gasoline consumed as determined by the United States environmental protection agency administrator in accordance with 26 U.S.C. § 4064(c).

5. *a.* Of all new passenger vehicles and light pickup trucks purchased by the director, a minimum of ten percent of all such vehicles and trucks purchased shall be equipped with engines which utilize alternative methods of propulsion including but not limited to any of the following:

- (1) A flexible fuel, which is any of the following:
 - (a) E-85 gasoline as provided in section 214A.2.
 - (b) B-20 biodiesel blended fuel as provided in section 214A.2.
 - (c) A renewable fuel approved by the office of renewable fuels and coproducts pursuant to section 159A.3.
 - (2) Compressed or liquefied natural gas.
 - (3) Propane gas.
 - (4) Solar energy.
 - (5) Electricity.

b. This subsection does not apply to vehicles and trucks purchased and directly used for law enforcement or purchased and used for off-road maintenance work or to pull loaded trailers.

6. All used motor vehicles turned in to the director shall be disposed of by public auction, and the sales shall be advertised in a newspaper of general circulation one week in advance of sale, and the receipts from the sale shall be deposited in the depreciation fund to the credit of the state agency turning in the vehicle; except that, in the case of a used motor vehicle of special design, the director may, instead of selling it at public auction, authorize the motor vehicle to be traded for another vehicle of similar design. If a vehicle sustains damage and the cost to repair exceeds the whole-

sale value of the vehicle, the director may dispose of the motor vehicle by obtaining two or more written salvage bids and the vehicle shall be sold to the highest responsible bidder.

7. The director may authorize the establishment of motor pools consisting of a number of state-owned motor vehicles under the director's supervision. The director may store the motor vehicles in a public or private garage. If the director establishes a motor pool, any state officer or employee desiring the use of a state-owned motor vehicle on state business shall notify the director of the need for a vehicle within a reasonable time prior to actual use of the motor vehicle. The director may assign a motor vehicle from the motor pool to the state officer or employee. If two or more state officers or employees desire the use of a state-owned motor vehicle for a trip to the same destination for the same length of time, the director may assign one vehicle to make the trip.

8. The director shall require that a sign be placed on each state-owned motor vehicle in a conspicuous place which indicates its ownership by the state. This requirement shall not apply to motor vehicles requested to be exempt by the director or by the commissioner of public safety. All state-owned motor vehicles shall display registration plates bearing the word "official" except motor vehicles requested to be furnished with ordinary plates by the director or by the commissioner of public safety pursuant to section 321.19. The director shall keep an accurate record of the registration plates used on all state-owned motor vehicles.

9. All fuel used in state-owned automobiles shall be purchased at cost from the various installations or garages of the state department of transportation, state board of regents, department of human services, or state motor pools throughout the state, unless the state-owned sources for the purchase of fuel are not reasonably accessible. If the director determines that state-owned sources for the purchase of fuel are not reasonably accessible, the director shall authorize the purchase of fuel from other sources. The director may prescribe a manner, other than the use of the revolving fund, in which the purchase of fuel from state-owned sources is charged to the state agency responsible for the use of the motor vehicle. The director shall prescribe the manner in which oil and other normal motor vehicle maintenance for state-owned motor vehicles may be purchased from private sources, if they cannot be reasonably obtained from a state motor pool. The director may advertise for bids and award contracts in accordance with competitive bidding procedures for items and services as provided in this subchapter for furnishing fuel, oil, grease, and vehicle replacement parts for all state-owned motor vehicles. The director and other state agencies, when advertis-

ing for bids for gasoline, shall also seek bids for ethanol blended gasoline.

Subsection 11 amended

8A.413 State human resource management — rules.

The department shall adopt rules for the administration of this subchapter pursuant to chapter 17A. Rulemaking shall be carried out with due regard to the terms of collective bargaining agreements. A rule shall not supersede a provision of a collective bargaining agreement negotiated under chapter 20. Notwithstanding any provisions to the contrary, a rule or regulation shall not be adopted by the department which would deprive the state of Iowa, or any of its agencies or institutions, of federal grants or other forms of financial assistance. The rules shall provide:

1. For the preparation, maintenance, and revision of a job classification plan that encompasses each job in the executive branch, excluding job classifications under the state board of regents, based upon assigned duties and responsibilities, so that the same general qualifications may reasonably be required for and the same pay plan may be equitably applied to all jobs in the same job classification. The director shall classify the position of every employee in the executive branch, excluding employees of the state board of regents, into one of the classes in the plan. An appointing authority or employee adversely affected by a classification or reclassification decision may file an appeal with the director. Appeals of a classification or reclassification decision shall be exempt from the provisions of section 17A.11 and shall be heard by a committee appointed by the director. The classification or reclassification of a position that would cause the expenditure of additional salary funds shall not become effective if the expenditure of funds would be in excess of the total amount budgeted for the department of the appointing authority until budgetary approval has been obtained from the director of the department of management.

2. For notification of the governor when the public interest requires a decrease or increase of employees in any position or type of employment not otherwise provided by law, or the creation or abolishment of any position or type of employment, as determined by the director, acting in good faith. Thereafter, the position or type of employment shall stand abolished or created and the number of employees therein reduced or increased.

3. For pay plans covering all employees in the executive branch, excluding employees of the state board of regents, after consultation with the governor and appointing authorities, and consistent with the terms of collective bargaining agreements negotiated under chapter 20.

4. For examinations to determine the relative fitness of applicants for employment.

a. Such examinations shall be practical in character and shall relate to such matters as will fairly assess the ability of the applicant to discharge the duties of the position to which appointment is sought.

b. Where the Code of Iowa establishes certification, registration, or licensing provisions, such documents shall be considered prima facie evidence of basic skills accomplishment and such persons shall be exempt from further basic skills examination.

5. For the public announcement of vacancies at least ten days in advance of the date fixed for the filing of applications for the vacancies, and the advertisement of the vacancies through the communications media. The director may, however, in the director's discretion, continue to receive applications and examine candidates for a period adequate to assure a sufficient number of eligibles to meet the needs of the system, and may add the names of successful candidates to existing eligible lists.

6. For promotions which shall give appropriate consideration to the applicant's qualifications, record of performance, and conduct. A promotion means a change in the status of an employee from a position in one class to a position in another class having a higher pay grade.

7. For the establishment of lists for appointment and promotion, upon which lists shall be placed the names of successful candidates.

8. For the rejection of applicants who fail to meet reasonable requirements.

9. For the appointment by the appointing authority of a person on the appropriate list to fill a vacancy.

10. For a probation period of six months, excluding educational or training leave, before appointment may be made complete, and during which period a probationer may be discharged or reduced in class or pay. If the employee's services are unsatisfactory, the employee shall be dropped from the payroll on or before the expiration of the probation period. If satisfactory, the appointment shall be deemed permanent. The determination of the appointing authority shall be final and conclusive.

11. For temporary employment for not more than seven hundred eighty hours in a fiscal year.

12. For provisional employment when there is no appropriate list available. Such provisional employment shall not continue longer than one hundred eighty calendar days.

13. For transfer from a position in one state agency to a similar position in the same state agency or another state agency involving similar qualifications, duties, responsibilities, and salary ranges. Whenever an employee transfers or is transferred from one state agency to another state agency, the employee's seniority rights, any accu-

mulated sick leave, and accumulated vacation time, as provided in the law, shall be transferred to the new place of employment and credited to the employee. Employees who are subject to contracts negotiated under chapter 20 which include transfer provisions shall be governed by the contract provisions.

14. For reinstatement of persons who have attained permanent status and who resign in good standing or who are laid off from their positions without fault or delinquency on their part.

15. For establishing in cooperation with the appointing authorities a performance management system for all employees in the executive branch, excluding employees of the state board of regents, which shall be considered in determining salary increases; as a factor in promotions; as a factor in determining the order of layoffs and in reinstatement; as a factor in demotions, discharges, and transfers; and for the regular evaluation, at least annually, of the qualifications and performance of those employees.

16. For layoffs by reason of lack of funds or work, or reorganization, and for the recall of employees so laid off, giving consideration in layoffs to the employee's performance record and length of service. An employee who has been laid off may be on a recall list for one year, which list shall be exhausted by the organizational unit enforcing the layoff before selection of an employee may be made from the promotional or nonpromotional list in the employee's classification. Employees who are subject to contracts negotiated under chapter 20 which include layoff and recall provisions shall be governed by the contract provisions.

17. For imposition, as a disciplinary measure, of a suspension from service without pay.

(10) Failure to maintain a license, certificate, or qualification necessary for a job classification or position.

(11) Any act or conduct which adversely affects the employee's performance or the employing agency.

(12) Any other good cause for discharge, suspension, or reduction.

b. The person discharged, suspended, or reduced shall be given a written statement of the reasons for the discharge, suspension, or reduction within twenty-four hours after the discharge,

suspension, or reduction.

c. All persons concerned with the administration of this subchapter shall use their best efforts to ensure that this subchapter and the rules adopted pursuant to this subchapter shall not be a means of protecting or retaining unqualified or unsatisfactory employees, and shall discharge, suspend, or reduce in job classification or pay grade all employees who should be discharged, suspended, or reduced for any of the causes stated in this subsection.

19. For establishment of a uniform plan for resolving employee grievances and complaints. Employees who are subject to contracts negotiated under chapter 20 which include grievance and complaint provisions shall be governed by the contract provisions.

20. For attendance regulations, and special leaves of absence, with or without pay, or reduced pay, in the various classes of positions in the executive branch, excluding positions under the state board of regents.

a. Employees who are subject to contracts negotiated under chapter 20 which include leave of absence provisions shall be governed by the contract provisions.

b. Annual sick leave and vacation time shall be granted in accordance with section 70A.1.

The bond shall be open to successive claims, but the aggregate amount of the claims paid shall not exceed the principal amount of the bond.

8. The department of inspections and appeals, as provided in this chapter and chapter 626, shall proceed to collect all debts owed the department of human services as soon as practicable after the debt becomes delinquent. If service has not been made on a distress warrant by the officer to whom addressed within five days from the date the distress warrant was received by the officer, the authorized investigators of the department of inspections and appeals may serve and make return of the warrant to the clerk of the district court of the county named in the distress warrant, and all subsequent procedures shall be in compliance with chapter 626.
9. The distress warrant shall be in a form as prescribed by the director, shall be directed to the sheriff of the appropriate county, and shall identify the debtor, the type of debt, and the delinquent amount. The distress warrant shall direct the sheriff to distrain, seize, garnish, or levy upon, and sell, as provided by law, any real or personal property belonging to the debtor to satisfy the amount of the delinquency plus costs. Subject to the selection procedures of section 12.30, the treasurer may employ financial consultants, banks, trustees, insurers, underwriters, accountants, attorneys, and other advisors or consultants as necessary to implement the provisions of this section. The costs of professional services and any other costs of entering into the financing agreements may be included in the financing agreement as a cost of the property being financed.

3. The financing agreement may provide for ultimate ownership of the property by the state. Title to all property acquired in this manner shall be taken and held in the name of the state. The state shall be the lessee or contracting party under all financing agreements entered into pursuant to this section. The financing agreements may con-

tain provisions pertaining, but not limited to, interest, term, prepayment, and the state’s obligation to make payments on the financing agreement beyond the current budget year subject to availability of appropriations. All projects financed under this section shall be deemed to be for an essential governmental purpose.

4. The treasurer of state may contract for additional security or liquidity for a financing agreement and may enter into agreements for letters of credit, lines of credit, insurance, or other forms of security with respect to rental and other payments due under a financing agreement. Fees for the costs of additional security or liquidity are a cost of entering into the financing agreement and may be paid from funds annually appropriated by the general assembly to the state agency for which the property is being obtained, from other funds legally available, or from proceeds of the financing agreement. The provision of a financing agreement which provides that a portion of the periodic rental or lease payment be applied as interest is subject to chapter 74A. Other laws relating to interest rates do not apply. Chapter 75 does not apply to financing agreements entered into pursuant to this section.

5. Payments and other costs due under financing agreements entered into pursuant to this section shall be payable from funds annually appropriated by the general assembly to the state agency for which the property is being obtained or from other funds legally available. The treasurer of state, in cooperation with the department of administrative services, shall implement procedures to ensure that state agencies are timely in making payments due under the financing agreements.

6. The maximum principal amount of financing agreements which the treasurer of state can enter into shall be one million dollars per state agency in a fiscal year, subject to the requirements of section 8.46. For the fiscal year, the treasurer of state shall not enter into more than one million dollars of financing agreements per state agency, not considering interest expense. However, the treasurer of state may enter into financing agreements in excess of the one million dollar per agency per fiscal year limit if a constitutional majority of each house of the general assembly, or the legislative council if the general assembly is not in session, and the governor, authorize the treasurer of state to enter into additional financing agreements above the one million dollar authorization contained in this section. The treasurer of state shall not enter into a financing agreement for real or personal property which is to be constructed for use as a prison or prison-related facility without prior authorization by a constitutional majority of

each house of the general assembly and approval by the governor of the use, location, and maximum cost, not including interest expense, of the real or personal property to be financed. However, financing agreements for an energy conservation measure, as defined in section 7D.34, for an energy management improvement, as defined in section 473.19, or for costs associated with projects under section 473.13A, are exempt from the provisions of this subsection, but are subject to the requirements of section 7D.34. In addition, financing agreements funded through the materials and equipment revolving fund established in section 307.47 are exempt from the provisions of this subsection.

7. The treasurer of state shall decide upon the most economical method of financing a state agency's request for funds. The treasurer of state may utilize master lease-purchase agreements, issue certificates of participation in lease-purchase agreements, or use any other financing method or method of sale which the treasurer believes will provide savings to the state in issuance or interest costs.

8. A financing agreement to which the state is a party is an obligation of the state for purposes of chapters 502 and 636, and is a lawful investment for banks, trust companies, building and loan associations, savings and loan associations, investment companies, insurance companies, insurance associations, executors, guardians, trustees, and other fiduciaries responsible for the investment of funds.

9. Publication of any notice, whether under section 73A.12 or otherwise, and other or further proceedings with respect to the financing agreements referred to in this section are not required except as set forth in this section, notwithstanding any provisions of other statutes of the state to the contrary.

The selection criteria shall take into consideration, but are not limited to, compensation, expenses, experience with similar issues, scheduling, ability to provide the services of individuals with specific knowledge in the relevant subject matter and length of the engagement. The treasurer may waive the requirements for a competitive selection procedure for any specific employment upon written notice to the executive council stating why the waiver is in the public interest. Upon selection by the treasurer, the authority shall promptly employ the individual or firm and be responsible for payment of costs.

b. Submit an account to the respective authority for all costs incurred in each transaction. The treasurer will charge an authority for costs of administration. The authority shall disburse to the treasurer the amounts set forth in the account.

5. The treasurer may delay implementation of this section for up to six months following July 1, 1986, for an authority to facilitate an orderly transition.

1. The treasurer of state is authorized to issue and sell bonds on behalf of the state to provide funds for certain infrastructure projects and for purposes of the Iowa jobs program established in section 16.194. The treasurer of state shall have all of the powers which are necessary or convenient to issue, sell and secure bonds and carry out the treasurer of state's duties, and exercise the treasurer of state's authority under this section and sections 12.88 through 12.90. The treasurer of state may issue and sell bonds in such amounts as the treasurer of state determines to be necessary to provide sufficient funds for certain infrastructure projects and the revenue bonds capitals fund, the payment of interest on the bonds, the establishment of reserves to secure the bonds, the payment of costs of issuance of the bonds, the payment of other expenditures of the treasurer of state incident to and necessary or convenient to carry out the issuance and sale of the bonds, and the payment of all other expenditures of the treasurer of state necessary or convenient to administer the funds and to carry out the purposes for which the bonds are issued and sold. The treasurer of state may issue and sell bonds in one or more series on the terms and conditions the treasurer of state determines to be in the best interest of the state, in accordance with this section in such amounts as the treasurer of state determines to be necessary to fund the purposes for which such bonds are issued and sold. The treasurer of state may issue and sell bonds in amounts which provide aggregate net proceeds of not more than five hundred forty-five million dollars, excluding any bonds issued and sold to refund outstanding bonds

issued under this section, as follows:

a. The treasurer of state may issue and sell bonds in amounts which provide aggregate net proceeds of not more than one hundred eighty-five million dollars for capital projects which qualify as vertical infrastructure projects as defined in section 8.57, subsection 6, paragraph "c", to the extent practicable in any fiscal year and without limiting other qualifying capital expenditures.

b. The treasurer of state may issue and sell bonds in amounts which provide aggregate net proceeds of not more than three hundred sixty million dollars for purposes of the Iowa jobs program established in section 16.194 and for watershed flood rebuilding and prevention projects, soil conservation projects, sewer infrastructure projects, for certain housing and public service shelter projects and public broadband and alternative energy projects, and for projects relating to bridge safety and the rehabilitation of deficient bridges.

2. Bonds issued and sold under this section are payable solely and only out of the moneys in the revenue bonds debt service fund and any bond reserve funds established pursuant to section 12.89, and only to the extent provided in the trust indenture, resolution, or other instrument authorizing their issuance. All moneys in the revenue bonds debt service fund and any bond reserve funds established pursuant to section 12.89 may be deposited with trustees or depositories in accordance with the terms of the trust indentures, resolutions, or other instruments authorizing the issuance of bonds and pledged by the treasurer of state to the payment thereof. Bonds issued and sold under this section shall contain a statement that the bonds are limited special obligations of the state and do not constitute a debt or indebtedness of the state or a pledge of the faith or credit of the state or a charge against the general credit or general fund of the state. The treasurer of state shall not pledge the credit or taxing power of this state or any political subdivision of this state or make bonds issued and sold pursuant to this section payable out of any moneys except those in the revenue bonds debt service fund and any bond reserve funds established pursuant to section 12.89.

3. The proceeds of bonds issued and sold by the treasurer of state and not required for immediate disbursement may be deposited with a trustee or depository as provided in the bond documents and invested or reinvested in any investment as directed by the treasurer of state and specified in the trust indenture, resolution, or other instrument pursuant to which the bonds are issued and sold without regard to any limitation otherwise provided by law.

4. The bonds, if issued and sold, shall be:

a. In a form, issued in denominations, executed in a manner, and payable over terms and with rights of redemption, and be subject to such other terms and conditions as prescribed in the trust in-

denture, resolution, or other instrument authorizing their issuance.

b. Negotiable instruments and investment securities under the laws of the state and sold at prices, at public or private sale, and in a manner, as prescribed by the treasurer of state. Chapters 73A, 74, 74A, and 75 do not apply to the sale or issuance of the bonds.

c. Subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest, and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this section and as determined by the trust indenture, resolution, or other instrument authorizing their issuance.

5. The bonds are securities in which public officers and bodies of this state; political subdivisions of this state; insurance companies and associations and other persons carrying on an insurance business; banks, trust companies, savings associations, savings and loan associations, and investment companies; administrators, guardians, executors, trustees, and other fiduciaries; and other persons authorized to invest in bonds or other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them.

6. Bonds must be authorized by a trust indenture, resolution, or other instrument of the treasurer of state.

7. The resolution, trust indenture, or any other instrument by which a pledge is created shall not be required to be recorded or filed under the Iowa uniform commercial code, chapter 554, to be valid, binding, or effective.

8. Any bonds issued and sold under the provisions of this section are declared to be issued and sold for an essential public and governmental purpose, and all bonds issued and sold under this section except as otherwise provided in any trust indentures, resolutions, or other instruments authorizing their issuance shall be exempt from taxation by the state of Iowa and the interest on the bonds shall be exempt from the state income tax and the state inheritance tax.

9. The treasurer of state may issue and sell bonds for the purpose of refunding any bonds issued and sold pursuant to this section then outstanding, including the payment of any redemption premiums thereon and any interest accrued or to accrue to the date of redemption of the outstanding bonds. Until the proceeds of bonds issued for the purpose of refunding outstanding bonds are applied to the purchase or retirement of outstanding bonds or the redemption of outstanding bonds, the proceeds may be placed in escrow and be invested and reinvested in accordance with the provisions of this section. The interest, income, and profits earned or realized on an investment may also be applied to the payment of the outstanding bonds to be refunded by purchase, re-

tirement, or redemption. After the terms of the escrow have been fully satisfied and carried out, any balance of proceeds and interest earned or realized on the investments shall be returned to the treasurer of state for deposit in the revenue bonds debt service fund established in section 12.89. All refunding bonds shall be issued, sold and secured and subject to the provisions of this section in the same manner and to the same extent as other bonds issued and sold pursuant to this section.

10. Bonds issued and sold pursuant to this section are limited special obligations of the state and are not a debt or indebtedness of the state, nor of any political subdivision of the state, and do not constitute a pledge of the faith and credit of the state or a charge against the general credit or general fund of the state. The issuance and sale of any bonds pursuant to this section by the treasurer of state do not directly, indirectly, or contingently obligate the state or a political subdivision of the state to apply moneys from or to levy or pledge any form of taxation whatever to, or to continue the appropriation of the funds for, the payment of the bonds. Bonds issued and sold under this section are payable solely and only from moneys in the revenue bonds debt service fund and any reserve fund created in section 12.89 and only to the extent provided in the trust indenture, resolution, or other instrument authorizing their issuance.

11. The treasurer of state may enter into or obtain authorizing documents and other agreements and ancillary arrangements with respect to the bonds as the treasurer of state determines to be in the best interests of the state, including but not limited to trust indentures, resolutions, other instruments authorizing the issuance of the bonds, liquidity facilities, remarketing or dealer agreements, letter of credit agreements, insurance policies, guaranty agreements, reimbursement agreements, indexing agreements, or interest rate exchange agreements.

12. Neither the treasurer of state, the Iowa jobs board, nor any person acting on behalf of the treasurer of state or the Iowa jobs board while acting within the scope of their employment or agency, is subject to personal liability resulting from carrying out the powers and duties conferred by this section and sections 12.88 through 12.90.

13. As used in this section and sections 12.88 through 12.90, the term “bonds” means bonds, notes, or other evidence of obligations.

12.89 Revenue bonds debt service fund and bond reserve funds.

1. A revenue bonds debt service fund is created and established as a separate and distinct fund in the state treasury. The treasurer of state shall act as custodian of the fund and disburse moneys contained in the fund. The moneys in such fund are appropriated and shall be used for the purpose of making all payments with respect to bonds issued and sold pursuant to section 12.87, including but not limited to the following:

a. Principal payments, interest payments, sinking fund payments, purchase price, redemption price, redemption premiums, and interest rate exchange payments.

b. Fees and expenses of trustees, paying agents, remarketing agents, financial advisors, underwriters, depositories, guarantors, bond insurers, liquidity or credit facility providers, interest rate indexing agents, and other professional services providers.

c. Costs and expenses of the treasurer of state incident to and necessary and convenient to carry out the issuance and sale of the bonds and the administration of the revenue bonds.

2. Moneys in the revenue bonds debt service fund shall include but are not limited to the follow-

ing, which shall be deposited with the treasurer of state or the treasurer of state's designee as provided in any bond or security documents and credited to the fund:

a. The proceeds of bonds to the extent provided in the trust indenture, resolution, or other instrument authorizing their issuance and investment earnings on the proceeds.

b. The revenues required to be deposited into the fund pursuant to section 8.57, subsection 6, paragraph "e", subparagraphs (1) and (2).

c. Transfers from any bond reserve fund created pursuant to this section.

d. Interest attributable to investment of moneys in the fund or an account of the fund.

e. Any other moneys from any other sources which may be legally available to the treasurer of state for the purpose of the fund.

3. *a.* The treasurer of state may create and establish one or more special funds, to be known as bond reserve funds, to secure one or more issues of bonds issued and sold pursuant to section 12.87. The treasurer of state shall pay into each bond reserve fund any moneys appropriated and made available for the purpose of the fund, any proceeds of sale of bonds to the extent provided in the trust indenture, resolution, or other instrument authorizing their issuance, and any other moneys which may be legally available to the treasurer of state for the purpose of the fund from any other sources. All moneys held in a bond reserve fund shall be used or transferred to the revenue bonds debt service fund to be used as required solely to make the payments authorized to be made from such fund pursuant to subsection 1.

b. Moneys in a bond reserve fund shall not be transferred or withdrawn from the fund at any time in an amount that will reduce the amount of the fund to less than the bond reserve fund requirement established for the fund, as provided in this subsection, except for the purpose of making, with respect to bonds secured in whole or in part by the fund, the payments authorized to be made from such fund pursuant to subsection 1 for the payment of which sufficient moneys in the revenue bonds debt service fund are not available. Any income or interest earned by, or incremental to, a bond reserve fund due to the investment of moneys in the bond reserve fund may be transferred by the treasurer of state to other funds or accounts to the extent the transfer does not reduce the amount of that bond reserve fund below the established bond reserve fund requirement.

c. The treasurer of state shall not at any time issue and sell bonds, secured in whole or in part by a bond reserve fund if, upon the issuance of the bonds, the amount in the bond reserve fund will be less than the bond reserve fund requirement for the fund, unless the treasurer of state at the time of issuance of the bonds deposits in the fund from the proceeds of the bonds issued or from other legally available sources an amount which, together

with the amount then in the fund, will not be less than the bond reserve fund requirement for the fund. For the purposes of this subsection, the term “*bond reserve fund requirement*” means, as of any particular date of computation, an amount of moneys, as provided in the trust indenture, resolution, or other instrument authorizing the bonds with respect to which the fund is established.

d. To assure the continued solvency of any bonds secured by a bond reserve fund, provision is made in paragraph “c” for the accumulation in each bond reserve fund of an amount equal to the bond reserve fund requirement for the fund. In order further to assure maintenance of the bond reserve funds, the treasurer of state shall, on or before January 1 of each calendar year, make and deliver to the governor and to both houses of the general assembly the treasurer of state’s certificate stating the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund and requesting that the budget and appropriation bills approved for such fiscal year include amounts sufficient to restore each bond reserve fund to the bond reserve fund requirement for such fund. Within thirty days after the beginning of the session of the general assembly next following the delivery of the certificate, the governor may submit to both houses printed copies of a budget including the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund. Any sums appropriated by the general assembly and paid to the treasurer of state pursuant to this subsection shall be deposited by the treasurer of state in the applicable bond reserve fund.

4. Except as otherwise provided in this section, the moneys on deposit in the revenue bonds debt service fund or any bond reserve fund relating to bonds issued pursuant to section 12.87 shall be held for the sole benefit of the bonds and shall not be pledged or used for the benefit of any bonds issued by the treasurer of state pursuant to any other section of the Code.

5. Moneys in the revenue bonds debt service fund and any bond reserve fund created pursuant to this section are not subject to section 8.33; provided however, that on August 31 following the close of each fiscal year, any moneys on deposit in the revenue bonds debt service fund at the end of such fiscal year, which is determined by the treasurer of state to not be encumbered or obligated or otherwise necessary to make the payments for such fiscal year authorized to be made from such fund pursuant to subsection 1, shall be credited to the rebuild Iowa infrastructure fund. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys in the revenue bonds debt service fund and any bond reserve fund shall be credited to such funds.

3. Annual appropriation bonds may be issued and sold in one or more series on the terms and

conditions the treasurer of state determines to be in the best interest of the state, in accordance with this section in such amounts as the treasurer of state determines to be necessary to fund the purposes for which such annual appropriation bonds are issued. The treasurer of state may issue annual appropriation bonds in amounts which provide aggregate net proceeds of not more than one hundred five million dollars for purposes of alternative energy projects and for purposes of the vertical infrastructure restricted capitals fund created in section 8.57D.

4. The treasurer of state may issue annual appropriation bonds as the treasurer of state determines necessary or desirable to pay for expenditures for certain infrastructure projects and other purposes as provided in subsection 3, to the extent practicable in any fiscal year and without limiting other qualifying capital expenditures considered and approved by a constitutional majority of each house of the general assembly and the governor and to provide sufficient funds for the payment of interest on the annual appropriation bonds, the establishment of reserves with respect to the annual appropriation bonds, the payment of costs of issuance of the annual appropriation bonds, the payment of other expenditures of the treasurer of state incident to and necessary or convenient in connection with the issuance of the annual appropriation bonds, and the payment of all other expenditures necessary or convenient to carry out the purposes for which the annual appropriation bonds are issued. The annual appropriation bonds are not secured by any pledge of the faith and credit or the taxing powers of the state. Annual appropriation bonds shall not directly or indirectly obligate the state to make payments thereon beyond any fiscal year for which sufficient funds have been appropriated by law for such purpose.

8. In the event that funds are not appropriated for any fiscal year in an amount sufficient to make the payments of principal and interest and any other amounts due under the annual appropriation bonds during such fiscal year all of the following shall apply:

Annual appropriation bonds, the repayment thereof and any reserve and debt service funds established with respect thereto shall be subject to nonappropriation. Annual appropriation bonds issued under this section shall contain a conspicuous statement of the limitations established in this subsection.

b. A request that budget and appropriation bills approved for such fiscal year include amounts sufficient to make the payments due with respect to annual appropriation bonds during that fiscal year and to fund or restore any reserve fund to the reserve fund requirement for that reserve fund.

11. If, after amounts have been appropriated for a fiscal year to make payment of principal and interest and any other amounts due with respect to the annual appropriation bonds for such fiscal year and to fund or restore any reserve fund to the reserve fund requirement for that reserve fund, the treasurer of state determines that the amounts appropriated for such purposes are insufficient for any reason, the treasurer of state

shall make and deliver to the governor and to both houses of the general assembly the treasurer of state's certificate that includes a statement of the amount of the deficiency and a request for an additional appropriation for such fiscal year to make up such deficiency.

12. Any amounts appropriated by law from the general fund of the state or any other legally available funds to make the payments due with respect to annual appropriation bonds for a fiscal year shall be paid to the treasurer of state on or after the first business day of such fiscal year in as many installments as are needed to accumulate the total amount so appropriated as soon as funds become legally available and such amounts, as received, shall be deposited by the treasurer of state in the annual appropriation bonds debt service fund.

13. Any amounts appropriated by law to fund or restore any reserve fund shall be paid to the treasurer of state as soon as funds become legally available and shall be deposited by the treasurer of state in the applicable reserve fund. For any fiscal year for which amounts have been lawfully appropriated in an amount sufficient to make payment of principal and interest and any other amounts due with respect to annual appropriation bonds for such fiscal year, to the extent that appropriated funds have not become fully available so that amounts deposited into the annual appropriation bonds debt service fund are not sufficient to make such payment when due, any moneys on deposit in a reserve fund established with respect to the annual appropriation bonds may be transferred to the annual appropriation bonds debt service fund and used to make such payments, subject to the provisions of this section.

14. The treasurer of state may from time to time issue annual appropriation bonds for the purpose of refunding any annual appropriation bonds then outstanding, including the payment of any redemption premiums thereon and any interest accrued or to accrue to the date of redemption of the outstanding annual appropriation bonds. Until the proceeds of annual appropriation bonds issued for the purpose of refunding outstanding annual appropriation bonds are applied to the purchase or retirement of outstanding annual appropriation bonds or the redemption of outstanding annual appropriation bonds, the proceeds may be placed in escrow and be invested and reinvested in accordance with the provisions of this section, the authorizing documents, and any applicable escrow. The interest, income, and profits earned or realized on an investment may also be applied to the payment of the outstanding annual appropriation bonds to be refunded by purchase, retirement, or redemption. After the terms of the escrow have been fully satisfied and carried out, any balance of proceeds and interest earned or realized on the investments shall be returned to the general fund of the state. All refunding annual appropriation

bonds shall be issued and subject to the provisions of this section in the same manner and to the same extent as other annual appropriation bonds issued pursuant to this section.

15. *a.* It is the intent of the general assembly that the general assembly make timely appropriations from moneys in the general fund of the state or any other legally available funds that are sufficient to make payment of principal and interest and any other amounts due with respect to annual appropriation bonds in a fiscal year and to fund or restore any reserve fund established with respect to the annual appropriation bonds to the reserve fund requirement for that reserve fund.

b. This section does not create and shall not be construed as creating a general, legal, or enforceable obligation of the general assembly to appropriate any moneys for any fiscal year for any of the foregoing purposes and the decision to appropriate such moneys for any fiscal year shall be at the complete discretion of the then current general assembly and governor who shall have the final responsibility for making such decisions.

16. Neither the treasurer of state nor any person acting on behalf of the treasurer of state, while acting within the scope of their employment or agency, is subject to personal liability resulting from carrying out the powers and duties conferred by this section.

17. Amounts appropriated pursuant to this section are not subject to a uniform reduction in accordance with section 8.31.

1. *a.* The governor or the governor's designee shall sell and assign all or a portion of the state's share to the authority pursuant to one or more sales agreements for the purpose of securitization as described in the program plan and as specified in section 12E.10. The attorney general shall assist the governor in the preparation and review of all necessary documentation to effect such a sale as soon as reasonably practicable.

b. Any sales agreement shall be consistent with the program plan and this chapter. The terms and conditions of the sale established in such sales agreement may include but are not limited to any of the following:

(1) A requirement that the state enforce, at the sole expense of the authority, the provisions of the master settlement agreement that require payment of the state's share that has been sold to the authority under a sales agreement.

(2) A requirement that the state not agree to any amendment of the master settlement agreement that materially and adversely affects the authority's ability to receive the state's share that has been sold to the authority.

(3) An agreement that the anticipated use by the state of bond proceeds received pursuant to the sales agreement shall be for capital projects, certain debt service on outstanding obligations that funded capital projects, payment of attorney fees related to the master settlement agreement, and to provide a secure and stable source of funding to the state for purposes designated by section 12E.3A and other provisions of this chapter.

(4) A statement that the net proceeds from the sale of bonds shall be deposited in the tobacco settlement trust fund established under section 12E.12 and that in no event shall the amounts in the trust fund be available or be applied for payment of bonds or any claim against the authority or any debt or obligation of the authority.

(5) A requirement that the net proceeds received by the authority from the sale of any tax-exempt bonds issued to provide funds for capital projects, certain debt service, and attorney fees related to the master settlement agreement be paid by the authority to the state as consideration for the sale of that portion of the state's share, that such net proceeds be deposited by the state upon receipt in the tax-exempt bond proceeds restricted capital funds account of the tobacco settlement trust fund, and that such proceeds are to be held by the authority solely for the benefit of the state, subject to annual appropriation by the state in ac-

cordance with section 12E.10, subsection 1, paragraph "b".

Each amount transferred shall be the consideration received by the state for that portion of the state's share.

2. The sale made under this section shall be irrevocable during the time when bonds are outstanding under this chapter, and shall be a part of the contractual obligation owed to the bondholders. The sale shall constitute and be treated as a true sale and absolute transfer of the property so transferred and not as a pledge or other security interest for any borrowing. The characterization of such a sale as an absolute transfer shall not be negated or adversely affected by the fact that only a portion of the state's share is being sold, or by the state's acquisition or retention of an ownership interest in the residual assets.

3. On or after the effective date of such sale, the state shall not have any right, title, or interest in the portion of the master settlement agreement sold and such portion shall be the property of the authority and not the state, and shall be owned, received, held, and disbursed by the authority or its trustee or assignee, and not the state.

1. *a.* (1) The authority shall implement the program plan and shall proceed with a securitization to maximize the transference of risks associated with the master settlement agreement.

(2) The authority shall issue tax-exempt bonds as necessary in amounts determined by the authority sufficient to provide net proceeds for deposit in the tax-exempt bond proceeds restricted capital funds account of the tobacco settlement trust fund, to be used for capital projects, certain debt service on outstanding obligations which funded capital projects, and attorney fees related to the master settlement agreement.

(3) The authority may also issue taxable bonds or tax-exempt bonds to provide additional amounts to be used for the purposes specified in section 12E.3A.

(4) Notwithstanding subparagraphs (1) and (2), the authority is not required to issue tax-exempt bonds if the authority determines that the issuance would not be in the best interest of the state due to market conditions.

b. It is the expectation of the state that not less than eighty-five percent of the proceeds of any issue of tax-exempt bonds will be expended within five years from the effective date of the sale, consistent with the requirements of federal law, and that the specific capital projects, debt service, and attorney fees payments shall be determined annually through appropriations authorized by a constitutional majority of each house of the general assembly and approved by the governor.

2. The authority shall periodically report to the legislative council and the governor regarding implementation of the program plan and shall, prior to any public offering of bonds, submit a report to the legislative council and the governor describing the terms of the proposed bond issue.

12E.11 Authority — bonds.

1. The authority may issue bonds and, if bonds are issued, shall make the proceeds from the bonds available to the state pursuant to the sales agreement to fund capital projects, certain debt service on outstanding obligations that funded capital projects, and attorney fees related to the master settlement agreement, and to provide a secure and stable source of funding to the state, consistent with the purposes of section 12E.3A and

other provisions of this chapter. In connection with the issuance of bonds and subject to the terms of the sales agreement, the authority shall determine the terms and other details of the financing and the method of implementation of the program plan. Bonds issued pursuant to this section may be secured by a pledge of all or a portion of the state's share and any moneys derived from the state's share, and any other sources available to the authority with the exception of moneys in the tobacco settlement trust fund. The authority may also issue refunding bonds, including advance refunding bonds, for the purpose of refunding previously issued bonds, and may issue other types of bonds, debt obligations, and financing arrangements necessary to fulfill its purposes or the purposes of this chapter.

2. The authority may issue its bonds in principal amounts which, in the opinion of the authority, are necessary to provide sufficient funds for achievement of its purposes, the payment of interest on its bonds, the establishment of reserves to secure the bonds, the costs of issuance of its bonds, and all other expenditures of the authority incident to and necessary to carry out its purposes or powers. The bonds are investment securities and negotiable instruments within the meaning of and for the purposes of the uniform commercial code, chapter 554.

3. Bonds issued by the authority are payable solely and only out of the moneys, assets, or revenues pledged by the authority and are not a general obligation or indebtedness of the authority or an obligation or indebtedness of the state or any subdivision of the state. The authority shall not pledge the credit or taxing power of the state or any political subdivision of the state, or create a debt or obligation of the state, or make its debts payable out of any moneys except those of the authority, excluding those moneys deposited in the tobacco settlement trust fund.

4. Bonds shall state on their face that they are payable both as to principal and interest solely out of the assets of the authority pledged for their purpose and do not constitute an indebtedness of the state or any political subdivision of the state; are secured solely by and payable solely from assets of the authority pledged for such purpose; constitute neither a general, legal, or moral obligation of the state or any of its political subdivisions; and that the state has no obligation or intention to satisfy any deficiency or default of any payment of the bonds.

5. Any amount pledged by the authority to be received under the master settlement agreement shall be valid and binding at the time the pledge is made. Amounts so pledged and then or thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act. The lien of any such pledge shall be valid and binding as

against all parties having claims of any kind against the authority, whether such parties have notice of the lien. Notwithstanding any other provision to the contrary, the resolution of the authority or any other instrument by which a pledge is created need not be recorded or filed to perfect such pledge.

6. The proceeds of bonds issued by the authority and not required for deposit in the tobacco settlement trust fund may be invested in any manner approved by the board and specified in the trust indenture or resolution pursuant to which the bonds must be issued, notwithstanding any other provision to the contrary.

7. The bonds shall comply with all of the following:

a. The bonds shall be in a form, issued in denominations, executed in a manner, and payable over terms and with rights of redemption, as the board prescribes in the resolution authorizing their issuance.

b. The bonds shall be fully negotiable instruments under the laws of this state and may be sold at prices, at public or private sale, and in a manner as prescribed by the board. Chapters 73A, 74, 74A, and 75 shall not apply to the sale or issuance of bonds under this chapter.

c. The bonds shall be subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest which may be fixed or variable during any period the bonds are outstanding, and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this chapter and as determined by resolution of the board authorizing their issuance.

8. The bonds issued under this chapter are securities in which insurance companies and associations and other persons engaged in the business of insurance; banks, trust companies, savings associations, savings and loan associations, and investment companies; administrators, guardians, executors, trustees, and other fiduciaries; and other persons authorized to invest in bonds or other obligations of the state may properly and legally invest funds, including capital, in their control or belonging to them.

9. Bonds must be authorized by a resolution of the board. However, a resolution authorizing the issuance of bonds may delegate to an officer of the authority the power to negotiate and fix the details of an issue of bonds by an appropriate certificate of the authorized officer.

10. To comply with federal law with respect to the issuance of bonds, the interest of which is tax-exempt pursuant to the Internal Revenue Code, the authority may issue a certain series of bonds, or periodically issue several series of bonds, so that interest on the bonds remains exempt from federal taxation or to comply with the purposes specified in this chapter.

11. The net proceeds of tax-exempt bonds issued to provide funds for capital projects, certain debt service, and attorney fees related to the master settlement agreement which the state treasurer is authorized and directed to deposit on behalf of the state shall be deposited in the account and shall be used to fund capital projects, certain debt service, and the payment of attorney fees related to the master settlement agreement. With respect to capital projects, it is the intent of the general assembly to fund capital projects that qualify as vertical infrastructure projects as defined in section 8.57, subsection 6,

paragraph “c”, to the extent practicable in any fiscal year and without limiting other qualifying capital expenditures considered and approved by a constitutional majority of each house of the general assembly and the governor.

In establishing the investment policy and goal statement of the fund, the standard utilized by the board shall be the exercise of judgment and care, under the prevailing circumstances, which persons of prudence, discretion, and intelligence exercise in the management of their own financial affairs, not for the purpose of speculation, but with regard to the permanent disposition of the funds, considering the probable income, as well as the probable safety, of their capital.

For the purposes of this paragraph, “*appropriate consideration*” includes, but is not limited to, a determination by the authority and the board that the particular investment or investment policy is reasonably designed to further the purposes of the tobacco settlement program plan, taking into consideration the risk of loss and the opportunity for gain or other return associated with the investment or investment policy and consideration of all of the following as they relate to the tobacco settlement trust fund:

6. *a.* Expenses incurred in the sale and purchase of securities belonging to the fund shall be charged to the fund, and the amount required for the investment management expenses may be paid from the fund, subject to the limitations stated in this subsection. The amount paid for investment management expenses for a fiscal year under this section shall not exceed the reasonable and customary charge to similar funds for similar purposes. Once the bonds and the installments of debt service thereon are so selected, that debt service and bonds shall not be paid, or provided to be paid, from any other source including the state or any of its departments or agencies. Provided, however, that if funds are not appropriated to pay debt service on such bonds when due, the issuing agency

shall pay the debt service from any available source as provided in the bond covenants. To the extent that this section does not allow proceeds of previously issued refunding bonds to be applied for the purpose of the refunding, the issuing agency may expend such proceeds to improve, remodel, or repair buildings or other infrastructure upon authorization of the issuing agency's authority.

15.329 Eligible business.

1. To be eligible to receive incentives under this part, a business shall meet all of the following requirements:

a. If the qualifying investment is ten million dollars or more, the community has approved by ordinance or resolution the start-up, location, or expansion of the business for the purpose of receiving the benefits of this part.

b. The business has not closed or substantially reduced operations in one area of this state and relocated substantially the same operations in a community in another area of this state. This paragraph shall not be construed to prohibit a business from expanding its operation in a community if existing operations of a similar nature in this state are not closed or substantially reduced.

c. The business shall create or retain jobs as part of a project, and the jobs created or retained shall meet one of the following qualifying wage thresholds:

(1) If the business is creating jobs, the business shall demonstrate that the jobs will pay at least one hundred percent of the qualifying wage threshold at the start of the project completion period, at least one hundred thirty percent of the qualifying wage threshold by the project completion date, and at least one hundred thirty percent of the qualifying wage threshold until the maintenance period completion date.

(2) If the business is retaining jobs, the business shall demonstrate that the jobs retained will pay at least one hundred thirty percent of the qualifying wage threshold throughout both the project completion period and the maintenance period.

d. The business shall provide a sufficient package of benefits to each employee holding a created or retained job. The board, at the recommendation of the department, shall adopt rules determining what constitutes a sufficient package of benefits.

e. The business shall demonstrate that the jobs created or retained will have a sufficient impact on state and local government revenues as determined by the department after calculating the fiscal impact ratio of the project.

f. The business shall not be a retail business or a business where entrance is limited by a cover charge or membership requirement.

g. Notwithstanding the qualifying wage threshold requirements in paragraph “c”, if a business is also the recipient of financial assistance under another program administered by the department, and the other program requires the payment of higher wages than the wages required under this subsection, the business shall be required to pay the higher wages.

2. A business providing a sufficient package of benefits to each employee holding a created or retained job shall qualify for a credit against the qualifying wage threshold requirements described in subsection 1, paragraph “c”. The credit shall be calculated in the manner described in section 15G.112, subsection 4, paragraph “b”.

3. Any business located in a quality jobs enterprise zone is ineligible to receive the economic development incentives under the program.

4. If the department finds that a business has a record of violations of the law, including but not limited to environmental and worker safety statutes, rules, and regulations, over a period of time that tends to show a consistent pattern, the business shall not qualify for economic development assistance under this part, unless the department finds that the violations did not seriously affect public health or safety, or the environment, or if it did, that there were mitigating circumstances. In making the findings and determinations regarding violations, mitigating circumstances, and whether the business is disqualified for economic development assistance under this part, the department shall be exempt from chapter 17A.

5. The department shall also consider a variety of factors including but not limited to the following in determining the eligibility of a business to participate in the program:

a. The quality of the jobs to be created or retained. In rating the quality of the jobs, the department shall place greater emphasis on those jobs that have a higher wage scale, have a lower turnover rate, are full-time or career-type positions, provide comprehensive health benefits, or have other related factors which could be considered to be higher in quality, than to other jobs. Businesses that have wage scales substantially below that of existing Iowa businesses in that area should be rated as providing the lowest quality of jobs and should therefore be given the lowest ranking for providing such assistance.

b. The impact of the proposed project on other businesses in competition with the business being considered for assistance. The department shall make a good faith effort to identify existing Iowa businesses within an industry in competition with the business being considered for assistance. The department shall make a good faith effort to determine the probability that the proposed financial assistance will displace employees of the existing businesses. In determining the impact on businesses in competition with the business being considered for assistance, jobs created or retained as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created or retained.

c. The economic impact to this state of the proposed project. In measuring the economic impact, the department shall place greater emphasis on projects which can demonstrate the existence of one or more of the following conditions:

- (1) A business with a greater percentage of sales out-of-state or of import substitution.
 - (2) A business with a higher proportion of in-state suppliers.
 - (3) A project which would provide greater diversification of the state economy.
 - (4) A business with fewer in-state competitors.
 - (5) A potential for future job growth.
 - (6) A project which is not a retail operation.
6. The department may waive any of the requirements of this section for good cause shown.

1. *a.* An eligible business may claim a tax credit equal to a percentage of the new investment directly related to new jobs created or retained by the location or expansion of an eligible business under the program. The tax credit shall be amortized equally over five calendar years. The tax credit shall be allowed against taxes imposed under chapter 422, division II, III, or V, and against the moneys and credits tax imposed in section 533.329. If the business is a partnership, S corporation, limited liability company, cooperative organized under chapter 501 and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, cooperative organized under chapter 501 and filing as a partnership for federal tax purposes, or estate or trust. The percentage shall be determined as provided in section 15.335A. Any tax credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until depleted, whichever occurs first.

b. Subject to prior approval by the department of economic development, in consultation with the department of revenue, an eligible business whose project primarily involves the production of value-added agricultural products or uses biotechnology-related processes may elect to receive a refund of all or a portion of an unused tax credit. For purposes of this subsection, such an eligible business includes a cooperative described in section 521 of the Internal Revenue Code which is not required to file an Iowa corporate income tax return, and whose project primarily involves the production of ethanol. The refund may be applied against a tax liability imposed under chapter 422, division II, III, or V, and against the moneys and credits tax imposed in section 533.329. If the business is a partnership, S corporation, limited liability company, cooperative organized under chapter 501 and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, co-

operative organized under chapter 501 and filing as a partnership for federal tax purposes, or estate or trust.

2. For purposes of this subsection, “*new investment directly related to new jobs created by the location or expansion of an eligible business under the program*” means the cost of machinery and equipment, as defined in section 427A.1, subsection 1, paragraphs “e” and “j”, purchased for use in the operation of the eligible business, the purchase price of which has been depreciated in accordance with generally accepted accounting principles, the purchase price of real property and any buildings and structures located on the real property, and the cost of improvements made to real property which is used in the operation of the eligible business. “*New investment directly related to new jobs created by the location or expansion of an eligible business under the program*” also means the annual base rent paid to a third-party developer by an eligible business for a period not to exceed ten years, provided the cumulative cost of the base rent payments for that period does not exceed the cost of the land and the third-party developer’s costs to build or renovate the building for the eligible business. The eligible business shall enter into a lease agreement with the third-party developer for a minimum of five years. If, however, within five years of purchase, the eligible business sells, disposes of, razes, or otherwise renders unusable all or a part of the land, buildings, or other existing structures for which tax credit was claimed under this section, the tax liability of the eligible business for the year in which all or part of the property is sold, disposed of, razed, or otherwise rendered unusable shall be increased by one of the following amounts:

a. One hundred percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within one full year after being placed in service.

b. Eighty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within two full years after being placed in service.

c. Sixty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within three full years after being placed in service.

e. Twenty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within five full years after being placed in service.

3. a. An eligible business whose project primarily involves the production of value-added agricultural products or uses biotechnology-related processes, which elects to receive a refund of all

or a portion of an unused tax credit, shall apply to the department of economic development for tax credit certificates. Such an eligible business shall not claim a tax credit refund under this subsection unless a tax credit certificate issued by the department of economic development is attached to the taxpayer’s tax return for the tax year for which the tax credit refund is claimed. For purposes of this subsection, an eligible business includes a cooperative described in section 521 of the Internal Revenue Code which is not required to file an Iowa corporate income tax return, and whose project primarily involves the production of ethanol. For purposes of this subsection, an eligible business also includes a cooperative described in section 521 of the Internal Revenue Code which is required to file an Iowa corporate income tax return and whose project primarily involves the production of ethanol. Such cooperative may elect to transfer all or a portion of its tax credit to its members. The amount of tax credit transferred and claimed by a member shall be based upon the pro rata share of the member’s earnings of the cooperative.

b. A tax credit certificate issued under this subsection shall not be valid until the tax year following the date of the capital investment project completion. A tax credit certificate shall contain the taxpayer’s name, address, tax identification number, the date of project completion, the amount of the tax credit, and other information required by the department of revenue. The department of economic development shall not issue tax credit certificates under this subsection which total more than four million dollars during a fiscal year. If the department receives and approves applications for tax credit certificates under this subsection in excess of four million dollars, the applicants shall receive certificates for a prorated amount. The department shall issue a tax credit certificate to each member contained on the submitted list.

15.335 Research activities credit.

1. An eligible business may claim a corporate tax credit for increasing research activities in this state during the period the eligible business is participating in the program. For purposes of this section, “*research activities*” includes the development and deployment of innovative renewable energy generation components manufactured or assembled in this state. For purposes of this section, “*innovative renewable energy generation components*” does not include a component with more than two hundred megawatts of installed effective nameplate capacity. The tax credits for innovative renewable energy generation components shall not exceed two million dollars.

a. (1) The credit equals the sum of the following:

(a) Six and one-half percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

(b) Six and one-half percent of the basic research payments determined under section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

(2) The state’s apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research expenditures.

b. In lieu of the credit amount computed in paragraph “a”, subparagraph (1), an eligible business may elect to compute the credit amount for qualified research expenses incurred in this state in a manner consistent with the alternative incremental credit described in section 41(c)(4) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used for the taxpayer’s federal income tax. The election made under this paragraph is for the tax year and the taxpayer may use another or the same method for any subsequent year.

c. For purposes of the alternate credit computation method in paragraph “b”, the credit percentages applicable to qualified research expenses described in clauses (i), (ii), and (iii) of section 41(c)(4)(A) of the Internal Revenue Code are one and sixty-five hundredths percent, two and twenty hundredths percent, and two and seventy-five hundredths percent, respectively.

2. The credit allowed in this section is in addition to the credit authorized in section 422.10 and section 422.33, subsection 5. However, if the alter-

native credit computation method is used in section 422.10 or section 422.33, subsection 5, the credit allowed in this section shall also be computed using that method.

3. If the eligible business is a partnership, S corporation, limited liability company, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

4. a. For purposes of this section, "base amount", "basic research payment", and "qualified research expense" mean the same as defined for the federal credit for increasing research activities under section 41 of the Internal Revenue Code, except that for the alternative incremental credit such amounts are for research conducted within this state.

b. For purposes of this section, "Internal Revenue Code" means the Internal Revenue Code in effect on January 1, 2009.

5. Any credit in excess of the tax liability for the taxable year shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on its final, completed return credited to the tax liability for the following year.

6. The department of revenue shall by February 15 of each year issue an annual report to the general assembly containing the total amount of all claims made by employers under this section, and the portion of the claims issued as refunds, for all claims processed during the previous calendar year. The report shall contain the name of each claimant for whom a tax credit in excess of five hundred thousand dollars was issued and the amount of the credit received.

Members shall not have an interest in any person to whom a tax credit is allocated and issued by the board.

a. The five voting members shall be appointed by the governor and confirmed by the senate pursuant to section 2.32. One nonvoting member shall be appointed by the majority leader of the senate after consultation with the president of the senate and one nonvoting member shall be appointed by the minority leader of the senate. One nonvoting member shall be appointed by the speaker of the house of representatives after consultation with the majority leader of the house of representatives and one nonvoting member shall be appointed by the minority leader of the house of representatives.

The nonvoting members shall serve terms as provided in section 69.16B. Vacancies shall be filled in the same manner as the appointment of the original members.

c. Members shall be compensated by the board for direct expenses and mileage but members shall not receive a director's fee, per diem, or salary for service on the board.

3. The board shall have the power to engage consultants, expend funds, invest funds, contract, bond or insure against loss, or perform any other act necessary to carry out its purpose, provided,

however, that the board shall not hire employees.

4. Members of the board shall be indemnified against loss to the broadest extent permissible under chapter 669.

5. Meetings of the board shall, except to the extent necessary to protect confidential information with respect to investments in the Iowa fund of funds, be subject to chapter 21.

The board shall, in cooperation with the department of revenue, establish criteria and procedures for the allocation and issuance of tax credits to designated investors by means of certificates issued by the board. The criteria shall include the contingencies that must be met for a certificate to be redeemable by a designated investor or transferee in order to receive a tax credit. The contingencies to redemption shall be tied to the scheduled rates of return of equity interests purchased by designated investors in the Iowa fund of funds. The procedures established by the board, in cooperation with the department of revenue, shall relate to the procedures for the issuance of the certificates and the related tax credits, for the transfer of a certificate and related tax credit by a designated investor, and for the redemption of a certificate and related tax credit by a designated investor or transferee. The board shall also establish criteria and procedures for assessing the likelihood of future certificate redemptions by designated investors and transferees, including, without limitation, criteria and procedures for evaluating the value of investments made by the Iowa fund of funds and the returns from the Iowa fund of funds.

7. Pursuant to section 15E.66, the board shall issue certificates which may be redeemable for tax credits to provide incentives to designated investors to make equity investments in the Iowa fund of funds. The board shall issue the certificates so that not more than twenty million dollars of tax credits may be initially redeemable in any fiscal year. The board shall indicate on the tax certificate the principal amount of the tax credit and the date or dates on which the credit may be first claimed.

and shall not exceed one-half of one percent of the equity investment of the designated investor.

9. The board shall, in consultation with the Iowa capital investment corporation, publish an annual report of the activities conducted by the Iowa fund of funds, and present the report to the governor and the general assembly. The annual report shall include a copy of the audit of the Iowa fund of funds and a valuation of the assets of the Iowa fund of funds, review the progress of the investment fund allocation manager in implementing its investment plan, and describe any redemption or transfer of a certificate issued pursuant to this division, provided, however, that the annual report shall not identify any specific designated investor who has redeemed or transferred a certificate. Every five years, the board shall publish a progress report which shall evaluate the progress of the state of Iowa in accomplishing the purposes stated in section 15E.61.

10. The board shall redeem a certificate submitted to the board by a designated investor and shall calculate the amount of the allowable tax credit based upon the investment returns received by the designated investor and its predecessors in interest and the provisions of the certificate. Upon submission of a certificate for redemption, the board shall issue a verification to the department of revenue setting forth the maximum tax credit which may be claimed by the designated investor with respect to the redemption of the certificate.

e. A report describing all violations of environmental law or worker safety law within the last five years. If, upon review of the application, the enterprise zone commission finds that a business has a record of violations of the law, statutes, rules, or regulations that tends to show a consistent pattern, the enterprise zone commission shall not make an award of financial assistance to the business unless the board finds either that the violations did not seriously affect public health, public safety, or the environment, or, if such violations did seriously affect public health, public safety, or the environment, that mitigating circumstances were present.

3. If a business has received incentives or as-

If a business has received incentives or assistance under section 15E.196 and experiences a layoff within the state or closes any of its facilities within the state after receiving the incentives and assistance, the business may be subject to repayment of all or a portion of the incentives and assistance that it has received.

15E.193B Eligible housing business.

1. A housing business qualifying under this section is eligible to receive incentives and assistance only as provided in this section. An eligible housing business shall not receive incentives or assistance for a home or multiple dwelling unit built or rehabilitated in an enterprise zone designated pursuant to section 15E.194, subsection 3 or 5. Sections 15E.193 and 15E.196 do not apply to an eligible housing business qualifying under this section.

2. An eligible housing business under this section includes a housing developer, housing contractor, or nonprofit organization that builds or rehabilitates a minimum of four single-family homes located in that part of a city or county in which there is a designated enterprise zone or one multiple dwelling unit building containing three or more individual dwelling units located in that part of a city or county in which there is a designat-

3. The single-family homes and dwelling units which are rehabilitated or constructed by the eligible housing business shall include the necessary amenities. When completed and made available for occupancy, the single-family homes and dwelling units shall meet the United States department of housing and urban development's housing quality standards and local safety standards.

4. The eligible housing business shall complete its building or rehabilitation within two years from the time the business begins construction on the single-family homes and dwelling units. The failure to complete construction or rehabilitation within two years shall result in the eligible housing business becoming ineligible and subject to the repayment requirements and penalties enumerated in subsection 7. The department may extend the prescribed two-year completion period for any current or future project which has not been completed if the department determines that completion within the two-year period is impossible or impractical as a result of a substantial loss caused by flood, fire, earthquake, storm, or other catastrophe. For purposes of this subsection, "substantial loss" means damage or destruction in an amount in excess of thirty percent of the project's expected eligible basis as set forth in the eligible housing business's application.

5. An eligible housing business shall provide the enterprise zone commission with all of the following information:

a. The long-term strategic plan for the housing business which shall include labor and infrastructure needs.

b. Information dealing with the benefits the housing business will bring to the area.

c. Examples of why the housing business should be considered or would be considered a good business enterprise.

e. Information showing the total costs and sources of project financing that will be utilized for the new investment directly related to housing for which the business is seeking approval for a tax credit provided in subsection 6, paragraph "a".

f. If the eligible housing business is a partnership, S corporation, or limited liability company using low-income housing tax credits authorized under section 42 of the Internal Revenue Code to assist in the financing of the housing development, the name of any partner if the business is a partnership, a shareholder if the business is an S corporation, or a member if the business is a limited liability company and the amount designated as allowed under subsection 8.

6. An eligible housing business which has been approved to receive incentives and assistance by the department of economic development pursuant to application as provided in section 15E.195 shall receive all of the following incentives and assistance for a period not to exceed ten years:

a. An eligible housing business may claim a tax credit up to a maximum of ten percent of the new investment which is directly related to the building or rehabilitating of a minimum of four single-family homes located in that part of a city or county in which there is a designated enterprise zone or one multiple dwelling unit building containing three or more individual dwelling units located in that part of a city or county in which there is a designated enterprise zone. The new investment that may be used to compute the tax credit shall not exceed the new investment used for the first one hundred forty thousand dollars of value for each single-family home or for each unit of a multiple dwelling unit building containing three or more units. The tax credit may be used to reduce the tax liability imposed under chapter 422, division II, III, or V, or chapter 432. Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until depleted, whichever occurs earlier. If the business is a partnership, S corporation, limited liability company, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust except as allowed for under subsection 8 when low-income housing tax credits authorized under section 42 of the Internal Revenue Code are used to assist in the financing of the housing development.

The department of revenue shall have the authority to recover the value of state taxes or incentives provided under this section. The value of state incentives provided under this section includes applicable interest and penalties. The department of economic development and the city and county, as applicable, shall enter into agreement with the business specifying the method for determining the amount of incentives or assistance paid which will be repaid in the event of failure to maintain the requirements of this section. In addition, a business that fails to maintain the requirements of this section shall

not receive incentives or assistance for each year during which the business is not in compliance.

8. The amount of the tax credits determined pursuant to subsection 6, paragraph “a”, for each project shall be approved by the department of economic development. The department shall utilize the financial information required to be provided under subsection 5, paragraph “e”, to determine the tax credits allowed for each project. In determining the amount of tax credits to be allowed for a project, the department shall not include the portion of the project cost financed through federal, state, and local government tax credits, grants, and forgivable loans. Upon approving the amount of the tax credit, the department of economic development shall issue a tax credit certificate to the eligible housing business except when low-income housing tax credits authorized under section 42 of the Internal Revenue Code are used to assist in the financing of the housing development in which case the tax credit certificate may be issued to a partner if the business is a partnership, a shareholder if the business is an S corporation, or a member if the business is a limited liability company in the amounts designated by the eligible partnership, S corporation, or limited liability company. An eligible housing business or the designated partner if the business is a partnership, designated shareholder if the business is an S corporation, or designated member if the business is a limited liability company, or transferee shall not claim the tax credit unless a tax credit certificate is attached to the taxpayer’s return for the tax year for which the tax credit is claimed. The tax credit certificate shall contain the taxpayer’s name, address, tax identification number, the amount of the tax credit, and other information required by the department of revenue. The tax credit certificate shall be transferable if the housing development is located in a brownfield site as defined in section 15.291, if the housing development is located in a blighted area as defined in section 403.17, or if low-income housing tax credits authorized under section 42 of the Internal Revenue Code are used to assist in the financing of the housing development. Not more than three million dollars worth of tax credits for housing developments that are located in a brownfield site as defined in section 15.291 or housing developments located in a blighted area as defined in section 403.17 shall be transferred in one calendar year. The three million dollar annual limit does not apply to tax credits awarded to an eligible housing business having low-income housing tax credits authorized under section 42 of the Internal Revenue Code to assist in the financing of the housing development. The department may approve an application for tax credit certificates for transfer from an eligible housing business located in a brownfield site as defined in section 15.291 or in a blighted area as defined in section 403.17 that would result in the issuance of more than three

million dollars of tax credit certificates for transfer, provided the department, through negotiation with the eligible business, allocates those tax credit certificates for transfer over more than one calendar year. The department shall not approve more than one million five hundred thousand dollars in tax credit certificates for transfer to any one eligible housing business located in a brownfield site as defined in section 15.291 or in a blighted area as defined in section 403.17 in a calendar year. If three million dollars in tax credit certificates for transfer have not been issued at the end of a calendar year, the remaining tax credit certificates for transfer may be issued in advance to an eligible housing business scheduled to receive a tax credit certificate for transfer in a later calendar year. Any time the department approves a tax credit certificate for transfer which has not been allocated at the end of a calendar year, the department may prorate the remaining certificates to more than one eligible applicant. If the entire three million dollars of tax credit certificates for transfer is not issued in a given calendar year, the remaining amount may be carried over to a succeeding calendar year. Tax credit certificates issued under this chapter may be transferred to any person or entity. The department of economic development shall notify the department of revenue of the tax credit certificates which have been approved for transfer. Within ninety days of transfer, the transferee must submit the transferred tax credit certificate to the department of revenue along with a statement containing the transferee’s name, tax identification number, and address, and the denomination that each replacement tax credit certificate is to carry and any other information required by the department of revenue. Within thirty days of receiving the transferred tax credit certificate and the transferee’s statement, the department of revenue shall issue one or more replacement tax credit certificates to the transferee. Each replacement certificate must contain the information required to receive the original certificate and must have the same expiration date that appeared in the transferred tax credit certificate. Tax credit certificate amounts of less than the minimum amount established by rule of the department of economic development shall not be transferable. A tax credit shall not be claimed by a transferee under subsection 6, paragraph “a”, until a replacement tax credit certificate identifying the transferee as the proper holder has been issued.

The transferee may use the amount of the tax credit transferred against the taxes imposed under chapter 422, divisions II, III, and V, and chapter 432 for any tax year the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included as income under chapter 422, divisions II, III, and V. Any consideration paid for the transfer of the tax credit shall not be deducted

from income under chapter 422, divisions II, III, and V.

9. The department of economic development and the department of revenue shall each adopt rules to jointly administer this section.

If an exemption provided pursuant to this subsection is made applicable to only a portion of the property within an enterprise zone, the definition of that subset of eligible property must be by uniform criteria which further some planning objective established by the city or county enterprise zone commission and approved by the eligible city or county. The exemption may be allowed for a period not to exceed ten years beginning the year the eligible business enters into an agreement with the county or city to locate or expand operations in an enterprise zone.

b. The Iowa agricultural industry finance loan shall be repayable upon terms and conditions negotiated by the parties.

(1) The repayment period shall begin six years following the date when the Iowa agricultural industry finance loan is awarded and end twenty-five years after the date that the repayment period begins.

(2) At least four percent of the amount of the Iowa agricultural industry finance loan due shall be paid each year to the department. However, the department may accept an assignment of a loan made by the corporation providing financing to an eligible person pursuant to section 15E.209. The assigned loan shall grant to the department the corporation's right to payment under the loan. Any such assignment shall be made by an agreement executed by the department and the corporation. The assignment agreement shall be subject to all of the following:

(a) The period of assignment may be for any number of years. The department shall apply to the amounts due under the Iowa agricultural industry finance loan the principal, interest, and fees which the eligible person is obligated to pay under the assigned loan. The total amount of the principal, interest, and fees that the eligible person is obligated to pay to the department during the period of assignment plus any other repayment of the Iowa agricultural industry finance loan made by the corporation to the department must equal the amount of the Iowa agricultural industry finance loan that the corporation would otherwise be obligated to repay the department during that same period. However, the agreement may provide that during any year of the assignment period the eligible person may pay more or less than four percent of the amount of the Iowa agricultural industry finance loan that the corporation would otherwise be obligated to repay during that year.

The eligible person shall make principal payments to the department in the amount of one million dollars for each year on October 1, 2007, October 1, 2008, and October 1, 2009. The eligible person

The eligible person shall pay the interest amount on October 1, 2010. Upon the payment of the principal balance of the loan and the accrued interest, the debt shall be retired.

(d) Notwithstanding any provision of this division to the contrary, the corporation shall repay the department the principal balance of the Iowa agricultural industry finance loan beginning on October 1, 2007. The principal balance of the loan equals twenty-one million five hundred seventeen thousand two hundred thirty-nine dollars. The corporation shall repay the department five hundred seventeen thousand two hundred thirty-nine dollars by October 1, 2007, and for each subsequent year the corporation shall repay the department at least one million dollars by October 1 until the total principal balance of the loan is repaid. This subparagraph division shall not be construed to limit the department's authority to negotiate the payment of interest accruing on the principal balance which shall be paid to the department as provided by an agreement executed by the department and the corporation.

(e) Notwithstanding any provision of this division to the contrary, payments of principal and interest of the loan granted by the corporation to an eligible person and assigned to the department pursuant to this subparagraph during calendar year 2003 which were deferred pursuant to subparagraph division (c) shall be forgiven and the total debt, including interest, shall be retired.

Evidence of such disregard shall include a history of serious or uncorrected violations of state or federal law protecting occupational health and safety or the environment, including but not limited to serious or uncorrected violations of occupational safety and health standards enforced by the division of labor services of the department of workforce development pursuant to chapter 84A, or rules enforced by the department of natural resources pursuant to chapter 455B or 459, subchapters II and III.

The auditor of state may audit the books and accounts of the corporation at any time. The results of the annual audit and any audit for the current year conducted by the auditor of state shall be included as part of the report.

(5) The execution of an agreement between the corporation and an eligible recipient as required by the department as a condition of providing financing, in which the eligible recipient agrees to become a shareholder in the corporation. 15G.112 Grow Iowa values financial assistance program.

1. *Program established.*

a. The department shall establish and administer a grow Iowa values financial assistance program for purposes of providing financial assistance from the fund to applicants. The financial assistance shall be provided from moneys credited to the grow Iowa values fund and not otherwise obligated or allocated pursuant to section 15G.111.

b. The program shall consist of the components described in subsections 4 through 9. Each fiscal year, the department, with the approval of the board, shall allocate an amount of financial assistance from the fund that may be awarded under each component of the program to qualifying applicants.

c. In making awards of financial assistance pursuant to subsections 4 and 5, the department shall calculate the fiscal impact ratio, and in reviewing each application to determine the amount of financial assistance to award, the board shall

consider the appropriateness of the award to the fiscal impact ratio of the project and to other factors deemed relevant by the board.

d. For each award of financial assistance under the program, the department and the recipient of the financial assistance shall enter into an agreement describing the terms and obligations under which the financial assistance is being provided. The department may negotiate, subject to approval by the board, the terms and obligations of the agreement. An agreement shall contain but need not be limited to all of the following terms and obligations:

- (1) A project completion date.
- (2) A maintenance period completion date.
- (3) The number of jobs to be created or retained.

(4) The amount of financial assistance to be provided under the program.

(5) An amount of matching funds from a city or county. The department shall adopt by rule a formula for determining the amount of matching funds required.

e. The department may enforce the terms and obligations of agreements described in paragraph "d".

f. A recipient of financial assistance shall meet all terms and obligations in an agreement by the project completion date, but the board may for good cause extend the project completion date.

g. During the maintenance period, a recipient of financial assistance shall continue to comply with the terms and obligations of an agreement entered into pursuant to paragraph "d".

h. If a business that is approved to receive financial assistance experiences a layoff within this state or closes any of its facilities within this state, the board has the discretion to reduce or eliminate some or all of the amount of financial assistance to be received. If a business has received financial assistance under this part and experiences a layoff within this state or closes any of its facilities within this state, the business may be subject to repayment of all or a portion of the incentives that the business has received.

2. *Standard program requirements.* In addition to the eligibility requirements of the individual program components applicable to the financial assistance sought, a business shall be subject to all of the following requirements:

a. The business shall submit to the department with its application for financial assistance a report describing all violations of environmental law or worker safety law within the last five years. If, upon review of the application, the board finds that a business has a record of violations of the law, statutes, rules, or regulations that tends to show a consistent pattern, the board shall not make an award of financial assistance to the business unless the board finds either that the violations did not seriously affect public health, public safety, or the environment, or, if such violations

did seriously affect public health, public safety, or the environment, that mitigating circumstances were present.

b. The business shall not have closed, or substantially reduced, operations in one area of this state and relocated substantially the same operations in a community in another area of this state. However, this paragraph shall not be construed to prohibit a business from expanding its operation in a community if existing operations of a similar nature in this state are not closed or substantially reduced.

c. The proposed project shall not negatively impact other businesses in competition with the business being considered for assistance. The department shall make a good faith effort to identify existing Iowa businesses within an industry in competition with the business being considered for financial assistance. The department shall make a good faith effort to determine the probability that the proposed financial assistance will displace employees of the existing businesses. In determining the impact on businesses in competition with the business being considered for financial assistance, jobs created or retained as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created or retained.

d. The business shall only employ individuals legally authorized to work in this state. In addition to any and all other applicable penalties provided by current law, all or a portion of the assistance received by a business which has received financial assistance under the program and is found to knowingly employ individuals not legally authorized to work in this state is subject to recapture by the department.

3. *County and regional wage calculations.*

a. In administering the financial assistance program, the department shall annually calculate a county wage and a regional wage for each county for purposes of determining the eligibility of applicants for financial assistance under the program.

(1) The county wage and the regional wage shall be an hourly wage rate based on data from the most recent four quarters of wage and employment information from the quarterly covered wage and employment data report issued by the department of workforce development.

(2) The department shall not include the value of benefits when calculating the county wage or the regional wage.

b. The county wage shall be the average of the wages paid for jobs performed in the county by employers in all employment categories except the employment categories of government, agriculture, and mining.

c. The regional wage shall be calculated as follows:

(1) Multiplying by four the county wage of a county.

(2) Adding together the county wage of each of

the counties adjacent to the county.

(3) Adding the result obtained in subparagraph (1) to the result obtained in subparagraph (2).

(4) Dividing the result obtained in subparagraph (3) by the sum of the number of counties adjacent to the county plus four.

(a) If the business is creating jobs, the business shall demonstrate that the jobs will pay at least one hundred percent of the qualifying wage threshold at the start of the project completion period, at least one hundred thirty percent of the qualifying wage threshold by the project completion date, and at least one hundred thirty percent of the qualifying wage threshold until the maintenance period completion date.

(b) If the business is retaining jobs, the business shall demonstrate that the jobs retained will pay at least one hundred thirty percent of the qualifying wage threshold throughout both the project completion period and the maintenance period.

(2) The business shall provide a sufficient package of benefits to each employee holding a created or retained job. The board, at the recommendation of the department, shall adopt rules determining what constitutes a sufficient package of benefits.

(3) The business shall demonstrate that the jobs created or retained will have a sufficient impact on state and local government revenues as determined by the department after calculating the fiscal impact ratio of the project.

(4) The business shall not be a retail business or a business where entrance is limited by a cover charge or membership requirement.

b. A business providing a sufficient package of benefits to each employee holding a created or retained job shall qualify for a credit against any of the one hundred thirty percent qualifying wage threshold requirements described in paragraph "a", subparagraph (1). The credit shall be calculated and applied as follows:

(1) By multiplying the qualifying wage threshold of the county in which the business is located by one and three-tenths.

(2) By multiplying the result of subparagraph (1) by one-tenth.

(3) The amount of the result of subparagraph (2) shall be credited against the amount of the one hundred thirty percent qualifying wage threshold requirement that the business is required to meet under paragraph "a", subparagraph (1).

(4) The credit shall not be applied against the one hundred percent of qualifying wage threshold

requirement described in paragraph “a”, subparagraph (1).

c. Notwithstanding the qualifying wage threshold requirements described in paragraph “a”, subparagraph (1), if a business is also the recipient of financial assistance under another program administered by the department, and the other program requires the payment of higher wages than the wages required under this subsection, the business shall be required to pay the higher wages.

b. The business shall provide a sufficient package of benefits to each employee holding a created or retained job. The board, at the recommendation of the department, shall adopt rules determining what constitutes a sufficient package of benefits.

c. The business shall demonstrate that the jobs created or retained will have a sufficient impact on state and local government revenues as determined by the department after calculating the fiscal impact ratio of the project.

c. Subsection 1, NEW paragraphs i and j

21.5 Closed session.

1. A governmental body may hold a closed session only by affirmative public vote of either two-

thirds of the members of the body or all of the members present at the meeting. A governmental body may hold a closed session only to the extent a closed session is necessary for any of the following reasons:

a. To review or discuss records which are required or authorized by state or federal law to be kept confidential or to be kept confidential as a condition for that governmental body's possession or continued receipt of federal funds.

b. To discuss application for letters patent.

c. To discuss strategy with counsel in matters that are presently in litigation or where litigation is imminent where its disclosure would be likely to prejudice or disadvantage the position of the governmental body in that litigation.

d. To discuss the contents of a licensing examination or whether to initiate licensee disciplinary investigations or proceedings if the governmental body is a licensing or examining board.

e. To discuss whether to conduct a hearing or to conduct hearings to suspend or expel a student, unless an open session is requested by the student or a parent or guardian of the student if the student is a minor.

f. To discuss the decision to be rendered in a contested case conducted according to the provisions of chapter 17A.

g. To avoid disclosure of specific law enforcement matters, such as current or proposed investigations, inspection or auditing techniques or schedules, which if disclosed would enable law violators to avoid detection.

h. To avoid disclosure of specific law enforcement matters, such as allowable tolerances or criteria for the selection, prosecution, or settlement of cases, which if disclosed would facilitate disregard of requirements imposed by law.

i. To evaluate the professional competency of an individual whose appointment, hiring, performance, or discharge is being considered when necessary to prevent needless and irreparable injury to that individual's reputation and that individual requests a closed session.

j. To discuss the purchase of particular real estate only where premature disclosure could be reasonably expected to increase the price the governmental body would have to pay for that property. The minutes and the tape recording of a session closed under this paragraph shall be available for public examination when the transaction discussed is completed.

k. To discuss information contained in records in the custody of a governmental body that are confidential records pursuant to section 22.7, subsection 50.

l. To discuss patient care quality and process improvement initiatives in a meeting of a public hospital or to discuss marketing and pricing strategies or similar proprietary information in a meeting of a public hospital, where public disclosure of

such information would harm such a hospital's competitive position when no public purpose would be served by public disclosure. The minutes and the audio recording of a closed session under this paragraph shall be available for public inspection when the public disclosure would no longer harm the hospital's competitive position. For purposes of this paragraph, "public hospital" means the same as defined in section 249J.3. This paragraph does not apply to the information required to be disclosed pursuant to section 347.13, subsection 11, or to any discussions relating to terms or conditions of employment, including but not limited to compensation of an officer or employee or group of officers or employees.

2. The vote of each member on the question of holding the closed session and the reason for holding the closed session by reference to a specific exemption under this section shall be announced publicly at the open session and entered in the minutes. A governmental body shall not discuss any business during a closed session which does not directly relate to the specific reason announced as justification for the closed session.

3. Final action by any governmental body on any matter shall be taken in an open session unless some other provision of the Code expressly permits such actions to be taken in closed session.

4. A governmental body shall keep detailed minutes of all discussion, persons present, and action occurring at a closed session, and shall also tape record all of the closed session. The detailed minutes and tape recording of a closed session shall be sealed and shall not be public records open to public inspection. However, upon order of the court in an action to enforce this chapter, the detailed minutes and tape recording shall be unsealed and examined by the court in camera. The court shall then determine what part, if any, of the minutes should be disclosed to the party seeking enforcement of this chapter for use in that enforcement proceeding. In determining whether any portion of the minutes or recording shall be disclosed to such a party for this purpose, the court shall weigh the prejudicial effects to the public interest of the disclosure of any portion of the minutes or recording in question, against its probative value as evidence in an enforcement proceeding. After such a determination, the court may permit inspection and use of all or portions of the detailed minutes and tape recording by the party seeking enforcement of this chapter. A governmental body shall keep the detailed minutes and tape recording of any closed session for a period of at least one year from the date of that meeting.

5. Nothing in this section requires a governmental body to hold a closed session to discuss or act upon any matter.

CHAPTER 22

EXAMINATION OF PUBLIC RECORDS (OPEN RECORDS)

22.1 Definitions.

1. The term “*government body*” means this state, or any county, city, township, school corporation, political subdivision, tax-supported district, nonprofit corporation other than a fair conducting a fair event as provided in chapter 174, whose facilities or indebtedness are supported in whole or in part with property tax revenue and which is licensed to conduct pari-mutuel wagering pursuant to chapter 99D; the governing body of a drainage or levee district as provided in chapter 468, including a board as defined in section 468.3, regardless of how the district is organized; or other entity of this state, or any branch, department, board, bureau, commission, council, committee, official, or officer of any of the foregoing or any employee delegated the responsibility for implementing the requirements of this chapter.

2. The term “*lawful custodian*” means the government body currently in physical possession of the public record. The custodian of a public record in the physical possession of persons outside a government body is the government body owning that record. The records relating to the investment of public funds are the property of the public body responsible for the public funds. Each government body shall delegate to particular officials or employees of that government body the responsibility for implementing the requirements of this chapter and shall publicly announce the particular officials or employees to whom responsibility for implementing the requirements of this chapter has been delegated. “*Lawful custodian*” does not mean an automated data processing unit of a public body if the data processing unit holds the records solely as the agent of another public body, nor does it mean a unit which holds the records of other public bodies solely for storage.

3. As used in this chapter, “*public records*” includes all records, documents, tape, or other information, stored or preserved in any medium, of or belonging to this state or any county, city, township, school corporation, political subdivision, nonprofit corporation other than a fair conducting a fair event as provided in chapter 174, whose facilities or indebtedness are supported in whole or in part with property tax revenue and which is licensed to conduct pari-mutuel wagering pursuant to chapter 99D, or tax-supported district in this state, or any branch, department, board, bureau, commission, council, or committee of any of the foregoing.

“*Public records*” also includes all records relating to the investment of public funds including but not limited to investment policies, instructions, trading orders, or contracts, whether in the custo-

dy of the public body responsible for the public funds or a fiduciary or other third party.

The following public records shall be kept confidential, unless otherwise ordered by a court, by the lawful custodian of the records, or by another person duly authorized to release such information:

1. Personal information in records regarding a student, prospective student, or former student maintained, created, collected or assembled by or for a school corporation or educational institution maintaining such records. This subsection shall not be construed to prohibit a postsecondary education institution from disclosing to a parent or guardian information regarding a violation of a federal, state, or local law, or institutional rule or policy governing the use or possession of alcohol or a controlled substance if the child is under the age of twenty-one years and the institution determines that the student committed a disciplinary violation with respect to the use or possession of alcohol or a controlled substance regardless of whether that information is contained in the student’s education records.

2. Hospital records, medical records, and professional counselor records of the condition, diagnosis, care, or treatment of a patient or former patient or a counselee or former counselee, including outpatient. However, confidential communications between a crime victim and the victim’s counselor are not subject to disclosure except as provided in section 915.20A. However, the Iowa department of public health shall adopt rules which provide for the sharing of information among agencies and providers concerning the maternal and child health program including but not limited to the statewide child immunization information system, while maintaining an individual’s confidentiality.

3. Trade secrets which are recognized and protected as such by law.

4. Records which represent and constitute the work product of an attorney, which are related to litigation or claim made by or against a public body.

5. Peace officers’ investigative reports, and specific portions of electronic mail and telephone billing records of law enforcement agencies if that information is part of an ongoing investigation, except where disclosure is authorized elsewhere in this Code. However, the date, time, specific location, and immediate facts and circumstances sur-

rounding a crime or incident shall not be kept confidential under this section, except in those unusual circumstances where disclosure would plainly and seriously jeopardize an investigation or pose a clear and present danger to the safety of an individual. Specific portions of electronic mail and telephone billing records may only be kept confidential under this subsection if the length of time prescribed for commencement of prosecution or the finding of an indictment or information under the statute of limitations applicable to the crime that is under investigation has not expired.

The records shall be released to a criminal or juvenile justice agency only pursuant to an investigation of a particular person or organization suspected of committing a known crime. The records shall be released only upon a judicial determination that a rational connection exists between the requested release of information and a legitimate end and that the need for the information is cogent and compelling.

14. The material of a library, museum or archive which has been contributed by a private person to the extent of any limitation that is a condition of the contribution.

18. Communications not required by law, rule, procedure, or contract that are made to a government body or to any of its employees by identified persons outside of government, to the extent that the government body receiving those communications from such persons outside of government could reasonably believe that those persons would be discouraged from making them to that government body if they were available for general public examination. As used in this subsection, "*persons outside of government*" does not include persons or employees of persons who are communicating with respect to a consulting or contractual relationship with a government body or who are communicating with a government body with whom an arrangement for compensation exists. Notwithstanding this provision:

a. The communication is a public record to the extent that the person outside of government making that communication consents to its treatment as a public record.

c. Information contained in the communication is a public record to the extent that it indicates the date, time, specific location, and immediate facts and circumstances surrounding the occurrence of a crime or other illegal act, except to the extent that its disclosure would plainly and seriously jeopardize a continuing investigation or pose a clear and present danger to the safety of any person. In any action challenging the failure of the lawful custodian to disclose any particular information of the kind enumerated in this paragraph, the burden of proof is on the lawful custodian to demonstrate that the disclosure of that information would jeopardize such an investigation or would pose such a clear and present danger.

19. Examinations, including but not limited to cognitive and psychological examinations for law enforcement officer candidates administered by or on behalf of a governmental body, to the extent that their disclosure could reasonably be believed

by the custodian to interfere with the accomplishment of the objectives for which they are administered.

This subsection shall not be construed to interfere with the responsibilities of the federal government or the state historic preservation officer pertaining to access, disclosure, and use of archaeological site records.

21. Information concerning the nature and location of any ecologically sensitive resource or site if, in the opinion of the director of the department of natural resources after consultation with the state ecologist, disclosure of the information will result in unreasonable risk of damage to or loss of the resource or site where the resource is located. This subsection shall not be construed to interfere with the responsibilities of the federal government or the director of the department of natural resources and the state ecologist pertaining to access, disclosure, and use of the ecologically sensitive site records.

f. The threshold amount applied to a city applies to a city hospital.

3. *a.* When a competitive quotation is required, the governmental entity shall make a good faith effort to obtain quotations for the work from at least two contractors regularly engaged in such work prior to letting a contract. Good faith effort shall include advising all contractors who have filed with the governmental entity a request for notice of projects. The governmental entity shall provide such notice in a timely manner so that a requesting contractor will have a reasonable opportunity to submit a competitive quotation. Quotations may be obtained from contractors after the governmental entity provides a description of the work to be performed, including the plans

and specifications prepared by an architect, landscape architect, or engineer, if required under chapter 542B, 544B, or 544A, and an opportunity to inspect the work site. The contractor shall include in the quotation the price for labor, materials, equipment, and supplies required to perform the work. If no quotations are received to perform the work, or if the governmental entity's estimated cost to do the work with its employee is less than the lowest responsive, responsible quotation received, the governmental entity may authorize its employee or employees to perform the work.

CHAPTER 28

COMMUNITY EMPOWERMENT ACT

28.8 School ready children grant program — establishment and administration.

1. The departments of education, human services, and public health shall jointly develop and promote a school ready children grant program which shall provide for all of the following components:

a. Identify the indicators that will be used to assess the effectiveness of the school ready children grants, including the amount of early intellectual stimulation of very young children, the basic skill levels of students entering school, the health status of children, the incidence of child abuse and neglect, the level of parental involvement with their children, and the degree of quality of and accessibility to child care.

b. Identify guidelines and a process to be used for determining the readiness of a community empowerment area for administering school ready children grants.

c. Provide for technical assistance concerning funding sources, program design, and other pertinent areas.

2. The program developed and components identified under subsection 1 are subject to approval by the Iowa empowerment board. The Iowa empowerment board shall provide maximum flexibility to grantees for the use of the grant moneys included in a school ready children grant.

3. A school ready children grant shall, at a minimum, be used to provide the following:

a. Preschool services provided on a voluntary basis to children deemed at risk of not succeeding in elementary school as determined by the community board and specified in the grant plan developed in accordance with this section.

b. Family support services and parent education programs promoted to parents of children from birth through five years of age. The services and programs shall be offered in a flexible manner to accommodate the varying schedules, meeting place requirements, and other needs of working parents. Family support services shall include but are not limited to home visitation.

c. A comprehensive school ready children grant plan developed by a community board for providing services for children from birth through five years of age including but not limited to child development services, child care services, training child care providers to encourage early intellectual stimulation of very young children, children's health and safety services, assessment services to identify chemically exposed infants and children, family support services, and parent education programs. At a minimum, the plan shall do all of the following:

(1) Describe community needs for children

from birth through five years of age as identified through ongoing assessments.

(2) Describe the current and desired levels of community coordination of services for children from birth through five years of age, including the involvement and specific responsibilities of all related organizations and entities.

(3) Identify all federal, state, local, and private funding sources available in the community empowerment area that will be used to provide services to children from birth through five years of age.

(4) Describe how funding sources will be used collaboratively and the degree to which the moneys can be combined to provide necessary services to children.

(5) Identify the results the community board expects to achieve through implementation of the school ready children grant program, and identify community-specific quantifiable performance indicators to be reported in the annual report.

4. The community board shall submit an annual report on the effectiveness of the grant program in addressing school readiness and children's health and safety needs to the Iowa empowerment board and to the local governing bodies. The annual report shall indicate the effectiveness of the community board in achieving state and locally determined goals.

5. *a.* A school ready children grant shall be awarded to a community board annually. The Iowa empowerment board may grant an extension from the award date and any application deadlines based upon the award date, to allow for a later implementation date in the initial year in which a community board submits a comprehensive school ready grant plan to the Iowa empowerment board. However, receipt of continued funding is subject to submission of the required annual report and the Iowa board's determination that the community board is measuring, through the use of performance and results indicators developed by the Iowa board with input from community boards, progress toward and is achieving the desired results identified in the grant plan. If progress is not measured through the use of performance and results indicators toward achieving the identified results, the Iowa board may request a plan of corrective action, withhold any increase in funding, or withdraw grant funding.

b. The Iowa board shall distribute school ready children grant moneys to community boards with approved comprehensive school ready children grant plans based upon a determination of readiness of the community empowerment area to effectively utilize the moneys, with the grant moneys being adjusted for other federal and state

grant moneys to be received by the area for services to children from birth through five years of age.

c. A community board's readiness shall be ascertained by evidence of successful collaboration among public or private early care, education, health, or human services interests or a documented program design evincing a strong likelihood of leading to a successful collaboration between these interests. Other criteria which may be used by the Iowa board to ascertain readiness and to determine funding amounts include one or more of the following:

(1) Experience or other evidence of capacity to successfully implement the services in the plan.

(2) Local public and private funding and other resources committed to implementation of the plan.

(3) Adequacy of plans for commitment of local funding and other resources for implementation of the plan.

d. The Iowa board's provisions for distribution of school ready grant moneys shall take into account contingencies for possible increases and decreases in the provision of state and local funding in future fiscal years which may be used for purposes of school ready children grants and for early childhood programs grants and for differences in local capacity for program implementation and provision of local funding. In developing these provisions, the Iowa board shall consider equity concerns; options for making capacity adjustments by restricting grant amounts based on service population size groupings to accommodate small, medium, and large population groupings; and options for making adjustments to accommodate varying amounts of time and assistance needed for implementation, such as extending the grant period to more than one year.

e. The amount of school ready children grant funding the Iowa empowerment board may carry forward annually shall not exceed twenty percent. School ready children grant funds received by a community empowerment board in a fiscal year shall be carried forward to the following fiscal year. However, any funds which remain unencumbered and unobligated in excess of twenty percent of the funds received in a fiscal year shall be subtracted by the Iowa empowerment board from the allocation to the community empowerment board for the following fiscal year.

6. The priorities for school ready children grant funds shall include providing preschool services on a voluntary basis to children deemed at risk of not succeeding in elementary school, training child care providers and others to encourage early intellectual stimulation of very young children, and offering family support services and parent education programs on a voluntary basis to parents of children from birth through five years of age. The grant funds also may be used to provide other services to children from birth through five years of age as specified in the comprehensive

school ready children grant plan.

7. It is the intent of the general assembly that community empowerment areas consider whether support services to prevent the spread of infectious diseases, prevent child injuries, develop health emergency protocols, help with medication, and care for children with special health needs are being provided to child care facilities registered or licensed under chapter 237A.

Moneys credited to the account shall be distributed by the department of education in the form of grants to community empowerment areas pursuant to criteria established by the Iowa board in accordance with law.

3. Unless a different amount is authorized by law, up to three percent of the school ready children grant moneys distributed under the auspices of the Iowa board to a community empowerment area board may be used by the community board for administrative costs and other implementation expenses.

Moneys credited to the account are appropriated to and shall be distributed by the department of human services in the form of grants to community empowerment areas pursuant to criteria established by the Iowa board in accordance with law. The criteria shall include but are not limited to a requirement that a community empowerment area must be designated by the Iowa board in accordance with section 28.5, in order to be eligible to receive an early childhood programs grant.

b. The maximum funding amount a community empowerment area is eligible to receive from the early childhood programs grant account for a fiscal year shall be determined by applying the area's percentage of the state's average monthly family investment program population in the preceding fiscal year to the total amount credited to the account for the fiscal year.

c. A community empowerment area receiving

funding from the early childhood programs grant account shall comply with any federal reporting requirements associated with the use of that funding and other results and reporting requirements established by the Iowa empowerment board. The department of human services shall provide technical assistance in identifying and meeting the federal requirements. The availability of funding provided from the account is subject to changes in federal requirements and amendments to Iowa law.

d. The moneys distributed from the early childhood programs grant account shall be used by community empowerment areas for the purposes of enhancing quality child care capacity in support of parent capability to obtain or retain employment. The moneys shall be used with a primary emphasis on low-income families and children from birth to five years of age. Moneys shall be provided in a flexible manner and shall be used to implement strategies identified by the community empowerment area to achieve such purposes. The department of human services may use a portion of the funding appropriated to the department under this subsection for provision of technical assis-

tance and other support to community empowerment areas developing and implementing strategies with grant moneys distributed from the account.

e. Moneys from a federal block grant that are credited to the early childhood programs grant account but are not distributed to a community empowerment area or otherwise remain unobligated or unexpended at the end of the fiscal year shall revert to the fund created in section 8.41 to be available for appropriation by the general assembly in a subsequent fiscal year.

5. A first years first account is created in the Iowa empowerment fund under the authority of the department of management. The account shall consist of gift or grant moneys obtained from any source, including but not limited to the federal government. Moneys credited to the account are appropriated to the department of management to be used for the community empowerment-related purposes for which the moneys were received.

29C.6 Proclamation of disaster emergency by governor.

In exercising the governor's powers and duties under this chapter and to effect the policy and purpose, the governor may:

1. After finding a disaster exists or is threatened, proclaim a state of disaster emergency. This proclamation shall be in writing, indicate the area affected and the facts upon which it is based, be signed by the governor, and be filed with the secretary of state. If the state of disaster emergency specifically constitutes a public health disaster as defined in section 135.140, the written proclamation shall include a statement to that effect. A state of disaster emergency shall continue for thirty days, unless sooner terminated or extended in writing by the governor. The general assembly may, by concurrent resolution, rescind this proclamation. If the general assembly is not in session, the legislative council may, by majority vote, rescind this proclamation. Rescission shall be effective upon filing of the concurrent resolution or resolution of the legislative council with the secretary of state. A proclamation of disaster emergency shall activate the disaster response and recovery aspect of the state, local, and interjurisdictional disaster emergency plans applicable to the political subdivision or area in question and be authority for the deployment and use of any forces to which the plan applies, and for use or distribution of any supplies, equipment, and materials and facilities assembled, stockpiled, or arranged to be made available.

2. When, at the request of the governor, the president of the United States has declared a major disaster to exist in this state, enter into purchase, lease, or other arrangements with any agency of the United States for temporary housing units to be occupied by disaster victims and to make such units available to any political subdivision of the state, to assist any political subdivision of this state which is the locus of temporary housing for disaster victims, to acquire sites necessary for such temporary housing and to do all things required to prepare such sites to receive and utilize temporary housing units, by advancing or lending funds available to the governor from any appropriation made by the legislature or from any other source, allocating funds made available by any agency, public or private, or becoming a copartner with the political subdivision for the execution and performance of any temporary housing for disas-

ter victims project. Any political subdivision of this state is expressly authorized to acquire, temporarily or permanently, by purchase, lease, or otherwise, sites required for installation of temporary housing units for disaster victims, and to enter into whatever arrangements are necessary to prepare or equip such sites to utilize the housing units. The governor may temporarily suspend or modify, for not to exceed sixty days, any public health, safety, zoning, transportation, or other requirement of law or regulation within this state when by proclamation, the governor deems such suspension or modification essential to provide temporary housing for disaster victims.

3. When the president of the United States has declared a major disaster to exist in the state and upon the governor's determination that a local government of the state will suffer a substantial loss of tax and other revenues from a major disaster and has demonstrated a need for financial assistance to perform its governmental functions, apply to the federal government, on behalf of the local government for a loan, receive and disburse the proceeds of any approved loan to any applicant local government, determine the amount needed by any applicant local government to restore or resume its governmental functions, and certify the same to the federal government; however, no application amount shall exceed twenty-five percent of the annual operating budget of the applicant for the fiscal year in which the major disaster occurs. The governor may recommend to the federal government, based upon the governor's review, the cancellation of all or any part or repayment when, in the first three full fiscal year period following the major disaster, the revenues of the local government are insufficient to meet its operating expenses, including additional disaster-related expenses of a municipal operation character.

4. When a disaster emergency is proclaimed, notwithstanding any other provision of law, through the use of state agencies or the use of any of the political subdivisions of the state, clear or remove from publicly or privately owned land or water, debris and wreckage which may threaten public health or safety or public or private property. The governor may accept funds from the federal government and utilize such funds to make grants to any local government for the purpose of removing debris or wreckage from publicly or privately owned land or water. Authority shall not be exercised by the governor unless the affected local government, corporation, organization or individual shall first present an additional authorization for removal of such debris or wreckage from public and private property and, in the case of removal of debris or wreckage from private property, such corporation, organization or individual shall first agree to hold harmless the state or local government against any claim arising from such remov-

al. When the governor provides for clearance of debris or wreckage, employees of the designated state agencies or individuals appointed by the state may enter upon private land or waters and perform any tasks necessary to the removal or clearance operation. Any state employee or agent complying with orders of the governor and performing duties pursuant to such orders under this chapter shall be considered to be acting within the scope of employment within the meaning specified in chapter 669.

5. When the president of the United States has declared a major disaster to exist in the state and upon the governor's determination that financial assistance is essential to meet disaster-related necessary expenses or serious needs of individuals or families adversely affected by a major disaster that cannot be otherwise adequately met from other means of assistance, accept a grant by the federal government to fund such financial assistance, subject to such terms and conditions as may be imposed upon the grant and enter into an agreement with the federal government pledging the state to participate in the funding of the financial assistance authorized in an amount not to exceed twenty-five percent thereof, and, if state funds are not otherwise available to the governor, accept an advance of the state share from the federal government to be repaid when the state is able to do so.

6. Suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business, or the orders or rules, of any state agency, if strict compliance with the provisions of any statute, order or rule would in any way prevent, hinder, or delay necessary action in coping with the emergency by stating in a proclamation such reasons. Upon the request of a local governing body, the governor may also suspend statutes limiting local governments in their ability to provide services to aid disaster victims.

7. On behalf of this state, enter into mutual aid arrangements with other states and to coordinate mutual aid plans between political subdivisions of this state.

8. Delegate any administrative authority vested in the governor under this chapter and provide for the subdelegation of any such authority.

9. Cooperate with the president of the United States and the heads of the armed forces, the emergency management agencies of the United States and other appropriate federal officers and agencies and with the officers and agencies of other states in matters pertaining to emergency management of the state and nation.

10. Utilize all available resources of the state government as reasonably necessary to cope with the disaster emergency and of each political subdivision of the state.

11. Transfer the direction, personnel, or functions of state departments and agencies or units

thereof for the purpose of performing or facilitating emergency management.

12. Subject to any applicable requirements for compensation, commandeer or utilize any private property if the governor finds this necessary to cope with the disaster emergency.

13. Direct the evacuation of all or part of the population from any stricken or threatened area within the state if the governor deems this action necessary for the preservation of life or other disaster mitigation, response, or recovery.

14. Prescribe routes, modes of transportation, and destinations in connection with evacuation.

15. Control ingress and egress to and from a disaster area, the movement of persons within the area, and the occupancy of premises in such area.

16. Suspend or limit the sale, dispensing, or transportation of alcoholic beverages, firearms, explosives, and combustibles.

17. *a.* When the president of the United States has declared a major disaster to exist in the state and upon the governor's determination that financial assistance is essential to meet disaster-related necessary expenses or serious needs of local and state government adversely affected by a major disaster that cannot be otherwise adequately met from other means of assistance, accept a grant by the federal government to fund the financial assistance, subject to terms and conditions imposed upon the grant, and enter into an agreement with the federal government pledging the state to participate in the funding of the financial assistance authorized to local government and eligible private nonprofit agencies in an amount not to exceed ten percent of the total eligible expenses, with the applicant providing the balance of any participation amount. If financial assistance is granted by the federal government for state disaster-related expenses or serious needs, the state shall participate in the funding of the financial assistance authorized in an amount not to exceed twenty-five percent of the total eligible expenses. If financial assistance is granted by the federal government for hazard mitigation, the state may participate in the funding of the financial assistance authorized to a local government in an amount not to exceed ten percent of the eligible expenses, with the applicant providing the balance of any participation amount. If financial assistance is granted by the federal government for state-related hazard mitigation, the state may participate in the funding of the financial assistance authorized, not to exceed fifty percent of the total eligible expenses. If state funds are not otherwise available to the governor, an advance of the state share may be accepted from the federal government to be repaid when the state is able to do so.

b. State participation in funding financial assistance under paragraph "a" is contingent upon

the local government having on file a state-approved, comprehensive, countywide emergency operations plan which meets the standards adopted pursuant to section 29C.9, subsection 8.

29C.20A Disaster aid individual assistance grant fund.

1. A disaster aid individual assistance grant fund is created in the state treasury for the use of the executive council. Moneys in the fund may be expended following the governor's proclamation of a state of disaster emergency. The executive council may make financial grants to meet disaster-related expenses or serious needs of individuals or families adversely affected by a disaster which cannot otherwise be met by other means of financial assistance. The aggregate total of grants awarded shall not be more than one million dollars during a fiscal year. However, within the same fiscal year, additional funds may be specifically authorized by the executive council to meet additional needs.

2. The grant funds shall be administered by the department of human services. The department shall adopt rules to create the Iowa disaster aid individual assistance grant program. The rules shall specify the eligibility of applicants and eligible items for grant funding. The executive council shall use grant funds to reimburse the department of human services for its actual expenses associated with the administration of the grants.

3. To be eligible for a grant, an applicant shall have an annual household income that is less than two hundred percent of the federal poverty level based on the number of people in the applicant's household as defined by the most recently revised poverty income guidelines published by the United States department of health and human services. The amount of a grant for a household shall not exceed five thousand dollars. Expenses eligible for grant funding shall be limited to personal property, home repair, food assistance, and temporary housing assistance. An applicant for a grant shall sign an affidavit committing to refund any part of the grant that is duplicated by any other assistance, such as but not limited to insurance or assistance from community development groups, charities, the small business administration, and the federal emergency management agency.

4. The homeland security and emergency management division shall submit an annual report, by January 1 of each year, to the legislative fiscal committee and the general assembly's standing committees on government oversight concerning the activities of the grant program in the previous fiscal year.

29C.22 Statewide mutual aid compact.

This statewide mutual aid compact is entered into with all other emergency management commissions established pursuant to section 29C.9, counties, cities, and other political subdivisions that enter into this compact in substantially the following form:

1. *Article I — Purpose and authorities.*

a. This compact is made and entered into by and between the participating emergency management commissions established pursuant to section 29C.9, counties, cities, and political subdivisions which enact this compact. For the purposes of this agreement, the term "participating governments" means emergency management commissions, counties, cities, townships, and other political subdivisions of the state which have not, through ordinance or resolution of the governing body, acted to withdraw from this compact. The inclusion of emergency management commissions in the term "participating governments" shall not convey taxing authority or other legal authority to emergency management commissions that is not otherwise granted in this chapter.

b. The purpose of this compact is to provide for mutual assistance between the participating governments entering into this compact in managing any emergency or disaster that is declared in accordance with a countywide comprehensive emergency operations plan or by the governor, whether arising from natural disaster, technological hazard, man-made disaster, community disorder, insurgency, terrorism, or enemy attack.

c. This compact shall also provide for mutual cooperation in emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by participating governments during emergencies, such actions occurring outside actual declared emergency periods.

2. *Article II — General implementation.*

a. Each participating government entering into this compact recognizes many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies under this compact. Each participating government further recognizes that there will be emergencies which require immediate access and present procedures to apply outside resources to make a prompt and effective response to the emergency. This is because few, if any, individual governments have all the resources they may need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.

b. The prompt, full, and effective use of resources of the participating governments, including any resources on hand or available from any source, that are essential to the safety, care, and welfare of the people in the event of any emergency

or disaster declared by the governor or any participating government, shall be the underlying principle on which all articles of this compact shall be understood.

c. On behalf of the participating government in the compact, the legally designated official who is assigned responsibility for emergency management will be responsible for formulation of the appropriate intrastate mutual aid plans and procedures necessary to implement this compact.

3. *Article III — Participating government responsibilities.*

a. It shall be the responsibility of each participating government to formulate procedural plans and programs for intrastate cooperation in the performance of the responsibilities listed in this article. In formulating the plans, and in carrying them out, the participating governments, insofar as practical, shall:

(1) Review individual hazards analyses and, to the extent reasonably possible, determine all those potential emergencies the participating governments might jointly suffer, whether due to natural disaster, technological hazard, man-made disaster, civil disorders, insurgency, terrorism, or enemy attack.

(2) Review the participating governments' individual emergency plans and develop a plan that will determine the mechanism for the intrastate management and provision of assistance concerning any potential emergency.

(3) Develop intrastate procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans.

(4) Assist in warning communities adjacent to or crossing the participating governments' boundaries.

(5) Protect and ensure uninterrupted delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment, services, and resources, both human and material.

(6) Inventory and set procedures for the intrastate loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness.

(7) Provide, to the extent authorized by law, for temporary suspension of any ordinances that restrict the implementation of the above responsibilities.

b. The authorized representative of a participating government may request assistance of another participating government by contacting the authorized representative of that participating government. The provisions of this compact shall only apply to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing. If verbal, the request shall be confirmed in writing within thirty days of the verbal request. Requests shall provide all of the following:

(1) A description of the emergency service function for which assistance is needed, such as but not limited to fire services, law enforcement, emergency medical, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue.

(2) The amount and type of personnel, equipment, materials, and supplies needed, and a reasonable estimate of the length of time that the personnel, equipment, materials, and supplies will be needed.

(3) The specific place and time for staging of the assisting participating government's response and a point of contact at that location.

c. The authorized representative of a participating government may initiate a request by contacting the homeland security and emergency management division of the state department of public defense. When a request is received by the division, the division shall directly contact other participating governments to coordinate the provision of mutual aid.

d. Frequent consultation shall occur between officials who have been assigned emergency management responsibilities and other appropriate representatives of the participating governments with affected jurisdictions and state government, with free exchange of information, plans, and resource records relating to emergency capabilities.

e. For purposes of this subsection, "*authorized representative of a participating government*" means a mayor or the mayor's designee, a member of the county board of supervisors or a representative of the board, or an emergency management coordinator or the coordinator's designee.

4. *Article IV — Limitations.* Any participating government requested to render mutual aid or conduct exercises and training for mutual aid shall take the necessary action to provide and make available the resources covered by this compact in accordance with the terms of the compact. However, it is understood that the participating government rendering aid may withhold resources to the extent necessary to provide reasonable protection for the participating government. Each participating government shall afford to the emergency forces of any other participating government, while operating within its jurisdictional limits under the terms and conditions of this compact, the same powers, except that of arrest unless specifically authorized by the receiving participating government, duties, rights, and privileges as are afforded forces of the participating government in which the emergency forces are performing emergency services. Emergency forces shall continue under the command and control of their regular leaders, but the organizational units shall come under the operational control of the emergency services authorities of the participating government receiving assistance. These conditions

may be activated, as needed, only subsequent to a declaration of a state of emergency or disaster by the governor or by competent authority of the participating government that is to receive assistance, or commencement of exercises or training for mutual aid, and shall continue so long as the exercises or training for mutual aid are in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving jurisdiction, whichever is longer.

5. *Article V — Licenses and permits.* If a person holds a license, certificate, or other permit issued by any participating government to this compact evidencing the meeting of qualifications for professional, mechanical, or other skills, and when the assistance is requested by another participating government, the person shall be deemed licensed, certified, or permitted by the participating government requesting assistance to render aid involving the skill to a declared emergency or disaster, subject to the limitations and conditions as the governor may prescribe by executive order or otherwise.

6. *Article VI — Liability.* Officers or employees of a participating government rendering aid in another participating government jurisdiction pursuant to this compact shall be considered agents of the requesting participating government for tort liability and immunity purposes and a participating government or its officers or employees rendering aid in another jurisdiction pursuant to this compact shall not be liable on account of any act or omission in good faith on the part of the forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection with the aid. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

7. *Article VII — Supplementary agreements.* Because it is probable that the pattern and detail of the machinery for mutual aid among two or more participating governments may differ from that among other participating governments, this compact contains elements of a broad base common to all political subdivisions, and this compact shall not preclude any political subdivision from entering into supplementary agreements with another political subdivision or affect any other agreements already in force between political subdivisions. Supplementary agreements may include, but shall not be limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, and equipment and supplies.

8. *Article VIII — Workers' compensation.* Each participating government shall provide for the payment of workers' compensation and death benefits to injured members of the emergency forces of that participating government and representatives of deceased members of the emergency

forces in case the members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within their own jurisdiction.

9. *Article IX — Reimbursement.* Any participating government rendering aid in another jurisdiction pursuant to this compact shall be reimbursed by the participating government receiving the emergency aid for any loss or damage to or expense incurred in the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with the requests. However, an aiding political subdivision may assume in whole or in part the loss, damage, expense, or other cost, or may loan the equipment or donate the services to the receiving participating government without charge or cost, and any two or more participating governments may enter into supplementary agreements establishing a different allocation of costs among the participating governments. Article VIII expenses shall not be reimbursable under this provision.

10. *Article X — Evacuation and sheltering.* Plans for the orderly evacuation and reception of portions of the civilian population as the result of any emergency or disaster shall be worked out and maintained between the participating governments and the emergency management or services directors of the various jurisdictions where any type of incident requiring evacuations might occur. The plans shall be put into effect by request of the participating government from which evacuees come and shall include the manner of transporting the evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends, and the forwarding of the evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. The plans shall provide that the participating government receiving evacuees and the participating government from which the evacuees come shall mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for the evacuees, for expenditures for transportation, food, clothing, medicines and medical care, and like items. The expenditures shall be reimbursed as agreed by the participating government from which the evacuees come. After the termination of the emergency or disaster, the participating government from which the evacuees come shall assume the responsibility for the ultimate support of repatriation of such evacuees.

11. *Article XI — Implementation.*

a. This compact shall become operative July 1, 2009.

b. Any participating government may withdraw from this compact by adopting an ordinance

or resolution repealing the same, but a withdrawal shall not take effect until thirty days after the governing body of the withdrawing participating government has given notice in writing of the withdrawal to the administrator of the homeland security and emergency management division who shall notify all other participating governments. The action shall not relieve the withdrawing political subdivision from obligations assumed under this compact prior to the effective date of withdrawal.

c. Duly authenticated copies of this compact and any supplementary agreements as may be entered into shall be deposited, at the time of their approval, with the administrator of the homeland security and emergency management division

who shall notify all participating governments and other appropriate agencies of state government.

12. *Article XII — Validity.* This compact shall be construed to effectuate the purposes stated in article I. If any provision of this compact is declared unconstitutional, or the applicability of the compact to any person or circumstances is held invalid, the constitutionality of the remainder of this compact and the applicability of this compact to other persons and circumstances shall not be affected.

CHAPTER 34A

ENHANCED 911 EMERGENCY TELEPHONE SYSTEMS

34A.7A Wireless communications surcharge — fund established — distribution and permissible expenditures.

1. *a.* Notwithstanding section 34A.6, the administrator shall adopt by rule a monthly surcharge of up to sixty-five cents to be imposed on each wireless communications service number provided in this state. The surcharge shall be imposed uniformly on a statewide basis and simultaneously on all wireless communications service numbers as provided by rule of the administrator.

b. The program manager shall provide no less than one hundred days' notice of the surcharge to be imposed to each wireless communications service provider. The program manager, subject to the sixty-five cent limit in paragraph "a", may adjust the amount of the surcharge as necessary, but no more than once in any calendar year.

c. (1) The surcharge shall be collected as part of the wireless communications service provider's periodic billing to a subscriber. The surcharge shall appear as a single line item on a subscriber's periodic billing indicating that the surcharge is for E911 emergency telephone service. In the case of prepaid wireless telephone service, this surcharge shall be remitted based upon the address associated with the point of purchase, the customer billing address, or the location associated with the mobile telephone number for each active prepaid wireless telephone that has a sufficient positive balance as of the last days of the information, if that information is available.

(2) In compensation for the costs of billing and collection, the wireless communications service provider may retain one percent of the gross surcharges collected.

(3) The surcharges shall be remitted quarterly by the wireless communications service provider

to the program manager for deposit into the fund established in subsection 2.

(4) A wireless communications service provider is not liable for an uncollected surcharge for which the wireless communications service provider has billed a subscriber but which has not been paid.

2. Moneys collected pursuant to subsection 1 shall be deposited in a separate wireless E911 emergency communications fund within the state treasury under the control of the program manager. Section 8.33 shall not apply to moneys in the fund. Moneys earned as income, including as interest, from the fund shall remain in the fund until expended as provided in this section. Moneys in the fund shall be expended and distributed in the following priority order:

a. An amount as appropriated by the general assembly to the administrator shall be allocated to the administrator and program manager for implementation, support, and maintenance of the functions of the administrator and program manager and to employ the auditor of state to perform an annual audit of the wireless E911 emergency communications fund.

b. The program manager shall allocate twenty-one percent of the total amount of surcharge generated to wireless carriers to recover their costs to deliver E911 phase 1 services. If the allocation in this paragraph is insufficient to reimburse all wireless carriers for such carrier's eligible expenses, the program manager shall allocate a prorated amount to each wireless carrier equal to the percentage of such carrier's eligible expenses as compared to the total of all eligible expenses for all wireless carriers for the calendar quarter during which such expenses were submitted. When prorated expenses are paid, the remaining

unpaid expenses shall no longer be eligible for payment under this paragraph.

c. The program manager shall reimburse wire-line carriers on a calendar quarter basis for carriers' eligible expenses for transport costs between the selective router and the public safety answering points related to the delivery of wireless E911 phase 1 services.

d. The program manager shall reimburse wire-line carriers and third-party E911 automatic location information database providers on a calendar quarterly basis for the costs of maintaining and upgrading the E911 components and functionalities beyond the input to the E911 selective router, including the E911 selective router and the automatic location information database.

e. The program manager shall apply an amount up to five hundred thousand dollars per calendar quarter to any outstanding wireless E911 phase 1 obligations incurred pursuant to this chapter prior to July 1, 2004.

f. b. If automatic tabulating equipment is used in any election, the county commissioner of elections shall not charge any political subdivision of the state a rental fee for the use of any automatic tabulating equipment.

47.6 Election dates — conflicts — public measures.

1. *a.* (1) The governing body of a political subdivision which has authorized a special election to which section 39.2, subsections 1, 2, and 3, are applicable shall by written notice inform the commissioner who will be responsible for conducting the election of the proposed date of the special election.

(a) If a public measure will appear on the ballot at the special election, the governing body shall submit the complete text of the public measure to the commissioner with the notice of the proposed date of the special election.

(b) If the proposed date of the special election coincides with the date of a regularly scheduled election or previously scheduled special election, the notice shall be given no later than 5:00 p.m. on the last day on which nomination papers may be filed with the commissioner for the regularly scheduled election or previously scheduled special election, but in no case shall notice be less than thirty-two days before the election. Otherwise, the notice shall be given at least thirty-two days in advance of the date of the proposed special election.

(2) Upon receiving the notice, the commissioner shall promptly give written approval of the proposed date unless it appears that the special election, if held on that date, would conflict with a regular election or with another special election previously scheduled for that date.

b. A public measure shall not be withdrawn from the ballot at any election if the public measure was placed on the ballot by a petition, or if the election is a special election called specifically for the purpose of deciding one or more public measures for a single political subdivision. However, a public measure which was submitted to the county commissioner of elections by the governing body of a political subdivision may be withdrawn by the governing body which submitted the public measure if the public measure was to be placed on the ballot of a regularly scheduled election. The notice of withdrawal must be made by resolution of the governing body and must be filed with the commissioner no later than the last day upon which a candidate may withdraw from the ballot.

2. For the purpose of this section, a conflict between two elections exists only when one of the elections would require use of precinct boundaries which differ from those to be used for the other election, or when some but not all of the registered voters of any precinct would be entitled to vote in one of the elections and all of the registered voters of the same precinct would be entitled to vote in

the other election. Nothing in this subsection shall deny a commissioner discretionary authority to approve holding a special election on the same date as another election, even though the two elections may be defined as being in conflict, if the commissioner concludes that to do so will cause no undue difficulties.

3. a. A city council, county board of supervisors, school district board of directors, or merged area board of directors that has authorized a public measure to be submitted to the voters at a special election held pursuant to section 39.2, subsection 4, shall file the full text of the public measure with the commissioner no later than 5:00 p.m. on the forty-sixth day before the election.

Candidates for city offices in cities in which a primary election may be necessary shall file their nomination papers with the city clerk not later than 5:00 p.m. on the fifty-fourth day before the election. a. Annexation of territory by a city. When an existing city annexes territory, the city clerk shall furnish the commissioner a detailed map of the annexed territory. If a city is divided into wards for voting purposes, the detailed map shall show the ward designations for the annexed territory. The commissioner shall change the registration of persons residing in that territory to reflect the annexation and the city precinct to which each of those persons is assigned. If the commissioner cannot determine the names and addresses of the persons affected by the annexation, the commissioner shall send each person who may be involved a letter informing the person that the person's registration may be in error, and requesting that each person provide the commissioner with the information necessary to correct the registration records.

b. Change of official street name or house or building number by a city or county. When the city or county changes the name of a street or the number of a house or other building in which a person resides, the city clerk or county board of supervisors shall inform the commissioner of the change, and the commissioner shall change the registration of each person affected.

c. Incorporation or discontinuance of a city. When a new city is incorporated or an existing city is discontinued, the city clerk shall notify the commissioner. The commissioner shall change the registration of each person affected.

d. Change of rural route designation of the residence of the registered voter. The commissioner shall request each postmaster in the county to inform the commissioner of each change in rural route designation and the names of the persons affected, and the commissioner shall change the registration of each person as appropriate.

4. *a.* A commissioner, either independently or in cooperation with the state registrar of voters, and in accordance with rules of the state voter registration commission, may enter into an agreement with a licensed vendor of the United States postal service participating in the national change of address program to identify registered voters of the county who may have moved either within or outside the county.

b. If the information provided by the vendor indicates that a registered voter has moved to another address within the county, the commissioner shall change the registration records to show the new residence address, and shall also mail a notice

of that action to the new address. The notice shall be sent by forwardable mail, and shall include a postage prepaid preaddressed return form by which the registered voter may verify or correct the address information.

c. If the information provided by the vendor indicates that a registered voter has moved to an address outside the county, the commissioner shall make the registration record inactive, and shall mail a notice to the registered voter at the new address.

(1) The notice shall be sent by forwardable mail, and shall include a postage paid preaddressed return card on which the registered voter may state the registered voter's current address.

(2) The notice shall contain a statement in substantially the following form:

"Information received from the United States postal service indicates that you are no longer a resident of, and therefore not eligible to vote in (name of county) County, Iowa. If this information is not correct, and you still live in (name of county) County, please complete and mail the attached postage paid card at least ten days before the primary or general election and at least eleven days before any other election at which you wish to vote. If the information is correct and you have moved, please contact a local official in your new area for assistance in registering there. If you do not mail in the card, you may be required to show identification before being allowed to vote in (name of county) County. If you do not return the card, and you do not vote in an election in (name of county) County, Iowa, on or before (date of second general election following the date of the notice) your name will be removed from the list of voters in that county."

d. If the information provided by the vendor indicates the registered voter has moved to another county within the state, the notice required by paragraph "c" shall include a statement that registration in the county of the person's current residence is required.

e. If a registered voter returns a card sent pursuant to this subsection and confirms that the registered voter has moved to a new residence outside the county, the commissioner shall cancel the registration of the voter.

f. If a registered voter returns a card sent pursuant to this subsection and states that the registered voter's residence address has not changed for the purpose of voter registration, the commissioner shall reinstate the record to active status, making any other changes directed by the registrant in the notice.

5. The commissioner shall keep a record of the names and addresses of the registered voters to whom notices under this section are sent and the date of the notice. When the return card from a no-

tice is received by the commissioner, the commissioner shall record the date it was received and whether the registrant had moved within the county, moved to an address outside the county, or had not changed residence.

b. Each list shall be as current as possible, but shall in all cases reflect voter activity reported to any commissioner twenty-eight or more days before preparation of the list.

c. Each list shall be in the order and form specified by the list purchaser, and shall contain the registration data specified by the list purchaser, provided compliance with the request is within the capability of the record maintenance system used by the registrar.

d. Lists prepared shall not include inactive records unless specifically requested by the requester.

e. The registrar shall prepare updates to lists at least biweekly, and after the close of registration for a regularly scheduled election, but before the election, if requested to do so at the time a list is purchased. 2. The registrar shall update information on participation in an election no later than sixty days after each election.

3. The registrar shall maintain a log of the name, address, and telephone number of every person who receives a list under this section, and of every person who reviews registration records in the office of the registrar. CHAPTER 49

METHOD OF CONDUCTING ELECTIONS

49.13 Commissioner to appoint members, chairperson.

1. The membership of each precinct election board shall be appointed by the commissioner, not less than fifteen days before each election held in the precinct, from the election board panel drawn up as provided in section 49.15. Precinct election officials shall be registered voters of the county, or other political subdivision within which precincts have been merged across county lines pursuant to section 49.11, subsection 3, paragraph "a", in which they are appointed. Preference shall be given to appointment of residents of a precinct to serve as precinct election officials for that precinct, but the commissioner may appoint other residents of the county where necessary.

2. To the extent necessary, election boards shall include members of the two political parties

whose candidates for president of the United States or for governor, as the case may be, received the largest and next largest number of votes in the county at the last general election. Election boards may also include persons not members of either of these parties. However, persons who are not members of either of these political parties shall not comprise more than one-third of the membership of an election board.

3. In appointing the election board to serve for any election in which candidates' names do appear under the heading of these political parties, the commissioner shall give preference to the persons designated by the respective county chairpersons of these political parties for placement on the election board panel, as provided by section 49.15, in the order that they were so designated. However, the commissioner may for good cause decline to

appoint a designee of a county chairperson if that chairperson is notified and allowed two working days to designate a replacement.

4. The commissioner shall designate one member of each precinct election board as chairperson of that board. If a counting board authorized by chapter 51 is appointed, the chairperson shall have authority over the mechanics of the work of both boards. At the discretion of the commissioner, two people who are members of different political parties may be appointed as co-chairpersons. The co-chairpersons shall have joint authority over the work of the precinct election board.

5. The commissioner may appoint high school students who are not yet qualified to be registered voters to serve as precinct election board members.

a. To qualify to serve as a precinct election board member, a high school student shall:

(1) Be a United States citizen.

(2) Be at least seventeen years of age and a student in good standing enrolled in a public or private secondary school in Iowa.

(3) Receive credit in at least four subjects, each of one period or hour, or the equivalent thereof, at all times. The eligible subjects are language arts, social studies, mathematics, science, health, physical education, fine arts, foreign language, and vocational education. Coursework taken as a post-secondary enrollment option for which a school district or accredited nonpublic school grants academic credit toward high school graduation shall be used in determining eligibility. A student shall not be denied eligibility if the student's school program deviates from the traditional two-semester school year. Each student wishing to participate under this subsection shall be passing all coursework for which credit is given and shall be making adequate progress toward graduation requirements at the end of each grading period. At the end of a grading period that is the final grading period in a school year, a student who receives a failing grade in any course for which credit is awarded is ineligible to participate under this subsection. A student who is eligible at the close of a semester is academically eligible to participate under this subsection until the beginning of the subsequent semester. A student with a disability who has an individualized education program shall not be denied eligibility to participate under this subsection on the basis of scholarship if the student is making adequate progress, as determined by school officials, towards the goals and objectives of the student's individualized education program.

(4) At the time of appointment, have the written approval of the principal of the secondary school the student attends.

(5) Have the written approval of the student's parent or legal guardian.

(6) Have satisfactorily completed the training course for election officials.

(7) Meet all other qualifications for appointment and service as an election board member except the requirement of being a registered voter.

b. No more than one student precinct election board member may serve on each precinct election board.

c. Student precinct election board members shall not serve as the chairperson of a precinct election board.

d. Before serving at a partisan election, the student precinct election board member must certify in writing to the commissioner the political party with which the student is affiliated.

e. Student precinct election board members shall not be allowed to work more hours than allowed under the applicable labor laws.

f. A student who serves on a precinct election board is not eligible to receive class credit for such service unless such service qualifies as meeting the requirements of a class assignment imposed on all students in the class.

g. No later than fourteen days after the date of the election, the commissioner shall report to the appropriate secondary school the following information:

(1) The name of each student attending the school who served as a precinct election board member on election day.

(2) The number of hours the student served as a precinct election board member.

(3) The precinct number and polling place location where the student served as a precinct election board member.

(4) Any other information the commissioner deems appropriate or that is requested by the school.

49.25 Equipment required at polling places.

1. The commissioner shall determine pursuant to section 49.26, subsection 2, in advance of an

2. The commissioner shall furnish to each precinct, in advance of each election, voting booths in the following number:

a. At each regularly scheduled election, at least one for every three hundred fifty voters who voted in the last preceding similar election held in the precinct.

b. At any special election at which the ballot contains only a single public measure or only candidates for a single office or position, the number determined by the commissioner.

3. The commissioner shall furnish to each precinct the necessary ballot boxes, suitably equipped with seals or locks and keys, and voting booths. The voting booths shall provide for voting in secrecy. At least one voting booth in each precinct shall be accessible to persons with disabilities. Ballot boxes shall be locked or sealed before the polls open and shall remain locked or sealed until the polls are closed, except as provided in section 51.7 or to provide necessary service to malfunctioning automatic tabulating equipment. If a ballot box is opened prior to the closing of the polls, two precinct election officials not of the same party shall be present and observe the ballot box being opened.

4. Secrecy folders or sleeves shall be provided for use at any precinct where ballots are used which cannot be folded to obscure the marks made by the voters.

2. a. The commissioner shall determine in advance of each election conducted for a city of three thousand five hundred or less population or for any school district whether the ballots will be counted by automatic tabulating equipment or by the precinct election officials. In making such a determination, the commissioner shall consider voter turnout for recent similar elections and factors considered likely to affect voter turnout for the forthcoming election.

b. If the commissioner concludes that voting will probably be so light as to make counting of ballots by the precinct election officials less expensive than preparation and use of automatic tabulating equipment, paper ballots shall be used. The commissioner may use ballots and instructions simi-

lar to those used when the ballots are counted by automatic tabulating equipment.

The precinct election register shall be a list of the names and addresses of all registered voters of the precinct. Inactive records listed in the election register shall be clearly identified with a special mark or symbol.

b. When a precinct is divided by a district boundary, and some, but not all, registered voters of the precinct may vote on an issue or office from that district, the election register shall clearly indicate which of the registered voters are entitled to vote in the district.

The sample ballot published as a part of the notice may at the discretion of the commissioner be reduced in size relative to the actual ballot but such reduction shall not cause upper case letters appearing in candidates' names or in summaries of public measures on the published sample ballot to be less than nine point type. The notice shall also state the date of the election, the hours the polls will be open, the location of each polling place at which voting is to occur in the election, and the names of the precincts voting at each polling place, but the statement need not set forth any fact which is apparent from the portion of the ballot appearing as a part of the same notice. 49.73 Time of opening and closing polls.

1. At all elections, except as otherwise permitted by this section, the polls shall be opened at 7:00 a.m. if at least one official from each of the political parties referred to in section 49.13 is present. On the basis of voter turnout for recent similar elections and factors considered likely to so affect voter turnout for the forthcoming election as to justify shortened voting hours for that election, the commissioner may direct that the polls be opened at 12:00 noon for:

- a. Any school district election.
- b. Any election conducted for a city, including a local option sales and services tax election conducted pursuant to section 423B.1. At elections conducted pursuant to chapter 423B, all polling places shall have the same voting hours.
- c. Any election conducted for a benefited district.
- d. Any election conducted for the unincorporated area of a county.

2. The commissioner shall not shorten voting hours for any election if there is filed in the commissioner's office, at least twenty-five days before the election, a petition signed by at least fifty eligible electors of the school district or city, as the case may be, requesting that the polls be opened not later than 7:00 a.m. All polling places where the candidates of or any public question submitted by any one political subdivision are being voted upon shall be opened at the same hour, except that this requirement shall not apply to merged areas established under chapter 260C. The hours at which the respective precinct polling places are to open shall not be changed after publication of the notice required by section 49.53. The polling places shall

b. At the discretion of the commissioner, this declaration may be printed on each page of the election register and the voter shall sign the election register next to the voter's printed name. The voter's signature in the election register shall be considered the voter's signed declaration of eligibility affidavit. The state commissioner of elections shall prescribe by rule an alternate method for providing the information in subsection 2 for those counties where the declaration of eligibility is printed in the election register. The state voter registration system shall be designed to allow for the affidavit to be printed on each page of the election register and to allow sufficient space for the voter's signature.

2. If the declaration of eligibility is not printed on each page of the election register, any of those persons present pursuant to section 49.104, subsection 2, 3, or 5, may upon request view the signed declarations of eligibility and may review the signed declarations on file so long as the person does not interfere with the functions of the precinct election officials. If the declaration of eligibility is printed on the election register, voters

shall also sign a voter roster which the precinct election official shall make available for viewing. Any of those persons present pursuant to section 49.104, subsection 2, 3, or 5, may upon request view the roster of those voters who have signed declarations of eligibility, so long as the person does not interfere with the functions of the precinct election officials.

3. *a.* A precinct election official shall require any person whose name does not appear on the election register as an active voter to show identification. Specific documents which are acceptable forms of identification shall be prescribed by the state commissioner.

b. A precinct election official may require of the voter unknown to the official, identification in the form prescribed by the state commissioner by rule. If identification is established to the satisfaction of the precinct election officials, the person may then be allowed to vote.

4. *a.* A person whose name does not appear on the election register of the precinct in which that person claims the right to vote shall not be permitted to vote, unless the person affirms that the person is currently registered in the county and presents proof of identity, or the commissioner informs the precinct election officials that an error has occurred and that the person is a registered voter of that precinct. If the commissioner finds no record of the person's registration but the person insists that the person is a registered voter of that precinct, the precinct election officials shall allow the person to cast a ballot in the manner prescribed by section 49.81.

b. If the voter informs the precinct election official that the voter resides in the precinct and is not registered to vote, the voter may register to vote pursuant to section 48A.7A and cast a ballot. If such a voter is unable to establish identity and residency in the manner provided in section 48A.7A, subsection 1, paragraph "b" or "c", the voter shall be allowed to cast a ballot in the manner prescribed by section 49.81.

c. A person who has been sent an absentee ballot by mail but for any reason has not received it shall be permitted to cast a ballot in person pursuant to section 53.19 and in the manner prescribed by section 49.81.

5. The request for the telephone number in the declaration of eligibility in subsection 1 is not mandatory and the failure by the voter to provide the telephone number does not affect the declaration's validity.

b. Before leaving the voting booth, the voter

may enclose the ballot in a secrecy folder to conceal the marks on the ballot.

c. If the precinct has automatic tabulating equipment that will not permit more than one ballot to be inserted at a time, the voter may insert the ballot into the tabulating device; otherwise, the election official shall place the ballot in the ballot box. An identifying mark or symbol shall not be endorsed on the voter's ballot.

2. This section does not prohibit a voter from taking minor children into the voting booth with the voter.

Any voter who may declare upon oath that the voter is blind, cannot read the English language, or is, by reason of any physical disability other than intoxication, unable to cast a vote without assistance, shall, upon request, be assisted by the two officers as provided in section 49.89, or alternatively by any other person the voter may select in casting the vote. The officers, or the person selected by the voter, shall cast the vote of the voter requiring assistance, and shall thereafter give no information regarding the vote cast. 49.99 Writing name on ballot.

1. The voter may also write on the line provided for write-in votes the name of any person for whom the voter desires to vote and mark the voting target opposite the name. If the voter is using a voting system other than an optical scan voting system, as defined in section 52.1, the writing of the name shall constitute a valid vote for the person whose name has been written on the ballot without regard to whether the voter has made a mark opposite the name. However, when a write-in vote is cast using an optical scan voting system, the ballot must also be marked in the corresponding space in order to be counted. Marking the voting target opposite a write-in line without writing a name on the line shall not affect the validity of the remainder of the ballot.

2. If a voter writes the name of a person more than once in the proper places on a ballot for an office to which more than one person is to be elected, all but one of those votes for that person for that office are void and shall not be counted.

The commissioner shall specify the number of precincts included in the report to the state commissioner of elections.

The special precinct board shall also canvass any absentee ballots which were received after the polls closed in accordance with section 53.17. If necessary, they shall reconvene again on the day of the canvass by the board of supervisors to canvass any absentee ballots which were timely received. The board shall contact the chairperson of the special precinct board before adjourning and include in the canvass any absentee ballots which were received after the polls closed in accordance with section 53.17 and which were canvassed by the special precinct board after election day. The abstract shall further indicate the name of each person who received votes for each office on the ballot, and the number of votes each person named received for that office, and the number of votes for and against each question submitted to the voters at the election. The votes of all write-in candidates who each received less than five percent of the votes cast for an office shall be reported collectively under the heading "scattering".

3. The board shall certify an election canvass summary report prepared by the commissioner. The election canvass summary report shall include the results of the election, including scatterings, overvotes, and undervotes, by precinct for each contest and public measure that appeared on the ballot of the election being canvassed.

4. The board shall prepare a certificate showing the total number of people who cast ballots in the election. For general elections and elections held pursuant to section 69.14, a copy of the certificate shall be forwarded to the state commissioner.

50.48 General recount provisions.

1. a. The county board of canvassers shall order a recount of the votes cast for a particular office or nomination in one or more specified election precincts in that county if a written request therefor is made not later than 5:00 p.m. on the third day following the county board's canvass of the election in question. The request shall be filed with the commissioner of that county, or with the commissioner responsible for conducting the election if section 47.2, subsection 2, is applicable, and shall be signed by either of the following:

(1) A candidate for that office or nomination whose name was printed on the ballot of the pre-

cinct or precincts where the recount is requested.

(2) Any other person who receives votes for that particular office or nomination in the precinct or precincts where the recount is requested and who is legally qualified to seek and to hold the office in question.

b. Immediately upon receipt of a request for a recount, the commissioner shall send a copy of the request to the apparent winner by certified mail. The commissioner shall also attempt to contact the apparent winner by telephone. If the apparent winner cannot be reached within four days, the chairperson of the political party or organization which nominated the apparent winner shall be contacted and shall act on behalf of the apparent winner, if necessary. For candidates for state or federal offices, the chairperson of the state party shall be contacted. For candidates for county offices, the county chairperson of the party shall be contacted.

2. *a.* The candidate requesting a recount under this section shall post a bond, unless the abstracts prepared pursuant to section 50.24, or section 43.49 in the case of a primary election, indicate that the difference between the total number of votes cast for the apparent winner and the total number of votes cast for the candidate requesting the recount is less than the greater of fifty votes or one percent of the total number of votes cast for the office or nomination in question. If a recount is requested for an office to which more than one person was elected, the vote difference calculations shall be made using the difference between the number of votes received by the person requesting the recount and the number of votes received by the apparent winner who received the fewest votes. Where votes cast for that office or nomination were canvassed in more than one county, the abstracts prepared by the county boards in all of those counties shall be totaled for purposes of this subsection. If a bond is required, it shall be filed with the state commissioner for recounts involving a state office, including a seat in the general assembly, or a seat in the United States Congress, and with the commissioner responsible for conducting the election in all other cases, and shall be in the following amount:

(1) For an office filled by the electors of the entire state, one thousand dollars.

(2) For United States representative, five hundred dollars.

(3) For senator in the general assembly, three hundred dollars.

(4) For representative in the general assembly, one hundred fifty dollars.

(5) For an office filled by the electors of an entire county having a population of fifty thousand or more, two hundred dollars.

(6) For any elective office to which subparagraphs (1) through (5) are not applicable, one hundred dollars.

b. After all recount proceedings for a particular office are completed and the official canvass of votes cast for that office is corrected or completed pursuant to subsections 5 and 6, if necessary, any bond posted under this subsection shall be returned to the candidate who requested the recount if the apparent winner before the recount is not the winner as shown by the corrected or completed canvass. In all other cases, the bond shall be deposited in the general fund of the state if filed with the state commissioner or in the election fund of the county with whose commissioner it was filed.

3. *a.* The recount shall be conducted by a board which shall consist of:

(1) A designee of the candidate requesting the recount, who shall be named in the written request when it is filed.

(2) A designee of the apparent winning candidate, who shall be named by that candidate at or before the time the board is required to convene.

(3) A person chosen jointly by the members designated under subparagraphs (1) and (2).

b. The commissioner shall convene the persons designated under paragraph “*a.*”, subparagraphs (1) and (2), not later than 9:00 a.m. on the seventh day following the county board’s canvass of the election in question. If those two members cannot agree on the third member by 8:00 a.m. on the ninth day following the canvass, they shall immediately so notify the chief judge of the judicial district in which the canvass is occurring, who shall appoint the third member not later than 5:00 p.m. on the eleventh day following the canvass.

4. *a.* When all members of the recount board have been selected, the board shall undertake and complete the required recount as expeditiously as reasonably possible. The commissioner or the commissioner’s designee shall supervise the handling of ballots to ensure that the ballots are protected from alteration or damage. The board shall open only the sealed ballot containers from the precincts specified to be recounted in the request or by the recount board. The board shall recount only the ballots which were voted and counted for the office in question, including any disputed ballots returned as required in section 50.5. If automatic tabulating equipment was used to count the ballots, the recount board may request the commissioner to retabulate the ballots using the automatic tabulating equipment. The same program used for tabulating the votes on election day shall be used at the recount unless the program is believed or known to be flawed.

b. Any member of the recount board may at any time during the recount proceedings extend the recount of votes cast for the office or nomination in question to any other precinct or precincts in the same county, or from which the returns were reported to the commissioner responsible for conducting the election, without the necessity of posting additional bond.

c. The ballots shall be resealed by the recount board before adjournment and shall be preserved as required by section 50.12. At the conclusion of the recount, the recount board shall make and file with the commissioner a written report of its findings, which shall be signed by at least two members of the recount board. The recount board shall complete the recount and file its report not later than the eighteenth day following the county board's canvass of the election in question.

5. If the recount board's report is that the abstracts prepared pursuant to the county board's canvass were incorrect as to the number of votes cast for the candidates for the office or nomination in question, in that county or district, the commissioner shall at once so notify the county board. The county board shall reconvene within three days after being so notified, and shall correct its previous proceedings.

6. The commissioner shall promptly notify the state commissioner of any recount of votes for an office to which section 50.30 or section 43.60 in the

case of a primary election, is applicable. If necessary, the state canvass required by section 50.38, or by section 43.63, as the case may be, shall be delayed with respect to the office or the nomination to which the recount pertains. The commissioner shall subsequently inform the state commissioner at the earliest possible time whether any change in the outcome of the election in that county or district resulted from the recount.

7. If the election is an election held by a city which is not the final election for the office in question, the recount shall progress according to the times provided by this subsection. If this subsection applies the canvass shall be held by the second day after the election, the request for a recount must be made by the third day after the election, the board shall convene to conduct the recount by the sixth day after the election, and the report shall be filed by the eleventh day after the election.

b. "Ballot" includes paper ballots designed to be read by automatic tabulating equipment. In ap-

propriate contexts, "ballot" also includes conventional paper ballots.

c. "Ballot marking device" means a pen, pencil, or similar writing tool, or an electronic device, all designed for use in marking an optical scan ballot, and so designed or fabricated that the mark it leaves may be detected and the vote so cast counted by automatic tabulating equipment.

d. "Optical scan ballot" means a printed ballot designed to be marked by a voter with a ballot marking device.

e. "Optical scan voting system" means a system employing paper ballots under which votes are cast by voters by marking paper ballots with a ballot marking device and thereafter counted by use of automatic tabulating equipment.

2. The state commissioner shall formulate, with the advice and assistance of the examiners, and adopt rules governing the testing and examination of any optical scan voting system by the board of examiners. The rules shall prescribe the method to be used in determining whether the system is suitable for use within the state and performance standards for voting equipment in use within the state. Their report shall be filed in the office of the state commissioner and shall state whether in their opinion the kind of system so examined can be safely used by voters at elections under the conditions prescribed in this chapter. If the report states that the system can be so used, it shall be deemed approved by the examiners, and systems of its kind may be adopted for use at elections as provided in this section. Any form of system not so approved cannot be used at any election.

4. Before actual use by a county of a particular optical scan voting system which has been approved for use in this state, the state commissioner shall formulate, with the advice and assistance of the examiners, and adopt rules governing the development of vote counting programs and all procedures used in actual counting of votes by means of that system.

ABSENT VOTERS

53.2 Application for ballot.

1. *a.* Any registered voter, under the circumstances specified in section 53.1, may on any day, except election day, and not more than seventy days prior to the date of the election, apply in person for an absentee ballot at the commissioner's office or at any location designated by the commissioner. However, for those elections in which the commissioner directs the polls be opened at noon pursuant to section 49.73, a voter may apply in person for an absentee ballot at the commissioner's office from 8:00 a.m. until 11:00 a.m. on election day.

b. A registered voter may make written application to the commissioner for an absentee ballot. A written application for an absentee ballot must be received by the commissioner no later than 5:00 p.m. on the Friday before the election. A written application for an absentee ballot delivered to the commissioner and received by the commissioner more than seventy days prior to the date of the election shall be retained by the commissioner and processed in the same manner as a written application received not more than seventy days before the date of the election.

2. *a.* The state commissioner shall prescribe a form for absentee ballot applications. However, if a registered voter submits an application on a sheet of paper no smaller than three by five inches in size that includes all of the information required in this section, the prescribed form is not required.

b. Absentee ballot applications may include instructions to send the application directly to the county commissioner of elections. However, no absentee ballot application shall be preaddressed or printed with instructions to send the applications

to anyone other than the appropriate commissioner.

c. No absentee ballot application shall be preaddressed or printed with instructions to send the ballot to anyone other than the voter.

3. This section does not require that a written communication mailed to the commissioner's office to request an absentee ballot, or any other document be notarized as a prerequisite to receiving or marking an absentee ballot or returning to the commissioner an absentee ballot which has been voted.

4. Each application shall contain the name and signature of the registered voter, the registered voter's date of birth, the address at which the voter is registered to vote, and the name or date of the election for which the absentee ballot is requested, and such other information as may be necessary to determine the correct absentee ballot for the registered voter. If insufficient information has been provided, either on the prescribed form or on an application created by the applicant, the commissioner shall, by the best means available, obtain the additional necessary information.

5. An application for a primary election ballot which specifies a party different from that recorded on the registered voter's voter registration record, or if the voter's voter registration record does not indicate a party affiliation, shall be accepted as a change or declaration of party affiliation. The commissioner shall approve the change or declaration and enter a notation of the change on the registration records at the time the absentee ballot request is noted on the voter's registration record. A notice shall be sent with the ballot requested informing the voter that the voter's registration record will be changed to show that the

voter is now affiliated with the party whose ballot the voter requested. If an application for a primary election ballot does not specify a party and the voter registration record of the voter from whom the application is received shows that the voter is affiliated with a party, the voter shall be mailed the ballot of the party indicated on the voter's registration record.

6. If an application for an absentee ballot is received from an eligible elector who is not a registered voter the commissioner shall send the eligible elector a voter registration form and another absentee ballot application form. If the application is received after the time registration closes pursuant to section 48A.9 but by 5:00 p.m. on the Saturday before the election for general and primary elections or by 5:00 p.m. on the Friday before the election for all other elections, the commissioner shall notify the applicant by mail of the election day and in-person absentee registration provisions of section 48A.7A. In addition to notification by mail, the commissioner shall also attempt to contact the applicant by any other method available to the commissioner.

7. A registered voter who has not moved from the county in which the elector is registered to vote may submit a change of name, telephone number, or address on the absentee ballot application form when requesting an absentee ballot. Upon receipt of a properly completed form, the commissioner shall enter a notation of the change on the registration records.

8. An application for an absentee ballot that is returned to the commissioner by a person acting as an actual or implied agent for a political party, candidate, or committee, all as defined by chapter 68A, shall be returned to the commissioner within seventy-two hours of the time the completed application was received from the applicant or no later than 5:00 p.m. on the Friday before the election, whichever is earlier.

53.8 Ballot mailed.

1. Upon receipt of an application for an absentee ballot and immediately after the absentee ballots are printed, the commissioner shall mail an absentee ballot to the applicant within twenty-four hours, except as otherwise provided in subsection 3. The absentee ballot shall be enclosed in an unsealed envelope bearing a serial number and affidavit. The absentee ballot and unsealed envelope shall be enclosed in or with a return envelope marked postage paid which bears the same serial number as the unsealed envelope. The absentee ballot, unsealed envelope, and return envelope shall be enclosed in a third envelope to be sent to the registered voter. If the ballot cannot be folded so that all of the votes cast on the ballot will be hidden, the commissioner shall also enclose a secrecy envelope with the absentee ballot.

2. a. The commissioner shall enclose with the absentee ballot a statement informing the applicant that the sealed return envelope may be mailed to the commissioner by the registered voter or the voter's designee or may be personally delivered to the commissioner's office by the registered voter or the voter's designee. The statement shall also inform the voter that the voter may request that the voter's designee complete a receipt when retrieving the ballot from the voter. A blank receipt shall be enclosed with the absentee ballot.

b. If an application is received so late that it is unlikely that the absentee ballot can be returned in time to be counted on election day, the commissioner shall enclose with the absentee ballot a statement to that effect.

3. a. When an application for an absentee ballot is received by the commissioner of any county from a registered voter who is a patient in a hospital in that county or a resident of any facility in that county shown to be a health care facility by the list of licenses provided the commissioner under section 135C.29, the absentee ballot shall be delivered to the voter and returned to the commissioner in the manner prescribed by section 53.22.

b. (1) If the application is received more than five days before the ballots are printed and the commissioner has elected to have the ballots personally delivered during the ten-day period after the ballots are printed, the commissioner shall mail to the applicant within twenty-four hours a letter in substantially the following form:

Your application for an absentee ballot for the election to be held on has been received. This ballot will be personally delivered to you by a bipartisan team sometime during the ten days after the ballots are printed. If you will not be at the address from which your application was sent during any or all of the ten-day period immediately following the printing of the ballots, the ballot will be personally delivered to you sometime during the fourteen days preceding the election. If you will not be at the address from which your application was sent during either of these time periods, contact this office and arrangements will be made to have your absentee ballot delivered at a time when you will be present at that address.

(2) If the application is received more than fourteen calendar days before the election and the commissioner has not elected to mail absentee ballots to applicants as provided under section 53.22, subsection 3, and has not elected to have the absentee ballots personally delivered during the ten-day period after the ballots are printed, the commissioner shall mail to the applicant within twenty-four hours a letter in substantially the following form:

Your application for an absentee ballot for the election to be held on has been re-

ceived. This ballot will be personally delivered to you by a bipartisan team sometime during the fourteen days preceding the election. If you will not be at the address from which your application was sent during any or all of the fourteen-day period immediately preceding the election, contact this office and arrangements will be made to have your absentee ballot delivered at a time when you will be present at that address.

c. Nothing in this subsection nor in section 53.22 shall be construed to prohibit a registered voter who is a hospital patient or resident of a health care facility, or who anticipates entering a hospital or health care facility before the date of a forthcoming election, from casting an absentee ballot in the manner prescribed by section 53.10 or 53.11.

However, if a special election is scheduled in the county on a date that falls between the date of the regular city election and the date of the city runoff election, the commissioner is not required to establish a satellite absentee voting station for the city runoff election.

b. A satellite absentee voting station established by petition must be open at least one day for a minimum of six hours. A satellite absentee voting station established at the direction of the commissioner or by petition may remain open until 5:00 p.m. on the day before the election.

53.17 Mailing or delivering ballot.

1. The sealed envelope containing the absentee ballot shall be enclosed in a return envelope which shall be securely sealed. The sealed return envelope shall be returned to the commissioner by one of the following methods:

a. The sealed return envelope may be delivered by the registered voter, by the voter's designee, or by the special precinct election officials designated pursuant to section 53.22, subsection 1, to the commissioner's office no later than the time the polls are closed on election day. However, if delivered by the voter's designee, the envelope shall be delivered within seventy-two hours of retrieving it from the voter or before the closing of the polls on election day, whichever is earlier.

b. The sealed return envelope may be mailed to the commissioner by the registered voter or by the voter's designee. If mailed by the voter's designee, the envelope must be mailed within seventy-two hours of retrieving it from the voter or within time to be postmarked not later than the day before the election, whichever is earlier.

2. In order for the ballot to be counted, the return envelope must be received in the commissioner's office before the polls close on election day or be clearly postmarked by an officially authorized postal service not later than the day before the election and received by the commissioner not later than noon on the Monday following the election.

3. If the law authorizing the election specifies that the supervisors canvass the votes earlier than the Monday following the election, absentee ballots returned through the mail must be received not later than the time established for the canvass by the board of supervisors for that election. The commissioner shall contact the post office serving the commissioner's office at the latest practicable hour before the canvass by the board of supervisors for that election, and shall arrange for absentee ballots received in that post office but

not yet delivered to the commissioner's office to be brought to the commissioner's office before the canvass for that election by the board of supervisors.

4. When a person designated by the voter retrieves a completed absentee ballot from the voter, the designee shall, upon request of the voter, fill out a receipt to be retained by the voter. The state commissioner shall prescribe a form for receipts required by this subsection. The receipt shall include all of the following:

- a. The name of the voter's designee.
- b. The date and time the completed absentee ballot was received from the voter.
- c. The name and date of the election for which the absentee ballot is being voted.
- d. The name of the political party, candidate, or committee for which the designee is acting as an actual or implied agent, if applicable.

53.18 Manner of preserving ballot and application — review of affidavit — replacement ballots.

1. When the return envelope containing the completed absentee ballot is received by the commissioner, the commissioner shall at once record receipt of such ballot. Absentee ballots shall be stored in a secure place until they are delivered to the absentee and special voters precinct board.

2. If the commissioner receives the return envelope containing the completed absentee ballot by 5:00 p.m. on the Saturday before the election for general and primary elections and by 5:00 p.m. on the Friday before the election for all other elections, the commissioner shall open the envelope to review the affidavit for any deficiencies. If the affidavit contains a deficiency that would cause the ballot to be rejected, the commissioner shall, within twenty-four hours of the time the envelope was received, notify the voter of that fact and that the voter may correct the deficiency by 5:00 p.m. on the day before the election.

3. If the affidavit envelope is open when received by the commissioner, or has been opened and resealed, or if the ballot is not enclosed in the affidavit envelope, the commissioner shall immediately notify the voter of that fact and that the

voter's absentee ballot shall not be counted unless the voter applies for a replacement ballot and returns the replacement ballot in the time permitted under section 53.17, subsection 2. The replacement ballot application shall be the same as is required for an application under section 53.2. If the information on the replacement ballot application matches the information on the original application, the voter shall be allowed to complete a replacement absentee ballot. The same serial number that was assigned to the records of the original absentee ballot application shall be used on the envelope and records of the replacement ballot. The affidavit envelope containing the completed replacement ballot shall be marked "Replacement ballot". The affidavit envelope containing the original ballot shall be marked "Defective ballot" and the replacement ballot and replacement ballot application shall be attached to the original application and affidavit envelope containing the original ballot and shall be stored in a secure place until they are delivered to the absentee and special voters precinct board, notwithstanding sections 53.26 and 53.27.

4. The state commissioner of elections shall adopt rules for implementation of this section.

53.20 Special precinct established.

1. There is established in each county a special precinct to be known as the absentee ballot and special voters precinct. Its jurisdiction shall be coterminous with the borders of the county, for the purposes specified by sections 53.22 and 53.23, and the requirement that precincts not cross the boundaries of legislative districts shall not be applicable to it. The commissioner shall draw up an election board panel for the special precinct in the manner prescribed by section 49.15, having due regard for the nature and extent of the duties required of members of the election board and the election officers to be appointed from the panel.

2. a. Results from the special precinct shall be reported separately from the results of the ballots cast at the polls on election day. The commissioner shall for general elections also report the results of the special precinct by the resident precincts of the voters who cast absentee and provisional ballots. For all other elections, the commissioner may report the results of the special precinct by the resident precincts of the voters who cast absentee and provisional ballots, or may report the absentee results as a single precinct.

b. For the general election and for any election in which the commissioner determines in advance of the election to report the results of the special precinct by the resident precincts of the voters who cast absentee and provisional ballots, the commissioner shall prepare a separate absentee ballot style for each precinct in the county and

shall program the voting system to produce reports by the resident precincts of the voters.

53.21 Replacement of lost or spoiled absentee ballots.

1. A voter who has requested an absentee ballot may obtain a replacement ballot if the voter declares that the original ballot was lost or did not arrive. The commissioner upon receipt of a written or oral request for a replacement ballot shall provide a duplicate ballot. The same serial number that was assigned to the records of the original absentee ballot request shall be used on the envelopes and records of the replacement ballot.

2. a. The commissioner shall include with the replacement ballot two copies of a statement in substantially the following form:

The absentee ballot which I requested on (date) has been lost or was never received. If I find this absentee ballot I will return it, unvoted, to the commissioner.

.....
(Signature of voter)
.....
(Date)

b. The voter shall enclose one copy of the above statement in the return envelope with the affidavit envelope and retain a copy for the voter's records.

3. a. A voter who spoils an absentee ballot may return it to the commissioner. The outside of the return envelope shall be marked "SPOILED BALLOT". The commissioner shall replace the ballot in the manner provided in this section for lost ballots.

b. An absentee ballot returned to the commissioner without a designation that the ballot was spoiled shall not be replaced.

2009 Acts, ch 57, §67
Subsection 2, paragraph b amended

53.22 Balloting by confined persons.

1. a. (1) A registered voter who has applied for an absentee ballot, in a manner other than that prescribed by section 53.10 or 53.11, and who is a resident or patient in a health care facility or hospital located in the county to which the application has been submitted shall be delivered the appropriate absentee ballot by two special precinct election officers, one of whom shall be a member of each of the political parties referred to in section 49.13, who shall be appointed by the commissioner from the election board panel for the special precinct established by section 53.20. The special precinct election officers shall be sworn in the manner provided by section 49.75 for election board members, shall receive compensation as provided in section 49.20, and shall perform their duties dur-

ing the ten calendar days after the ballots are printed if the commissioner so elects, during the fourteen calendar days preceding the election, and on election day if all ballots requested under section 53.8, subsection 3, have not previously been delivered and returned.

(2) If materials are prepared for the two special precinct election officials, a list shall be made of all voters to whom ballots are to be delivered. The list shall be sent with the officials who deliver the ballots and shall include spaces to indicate whether the person was present at the hospital or health care facility when the officials arrived, whether the person requested assistance from the officials, whether the person was assisted by another person of the voter's choice, the time that the ballot was returned to the officials, and any other notes the officials deem necessary.

(3) The officials shall also be issued a supply of extra ballots to replace spoiled ballots. Receipts shall be issued in substantially the same form as receipts issued to precinct election officials pursuant to section 49.65. All ballots shall be accounted for and shall be returned to the commissioner. Separate envelopes shall be provided for the return of spoiled ballots and unused ballots.

b. If an applicant under this subsection notifies the commissioner that the applicant will not be available at the health care facility or hospital address at any time during the ten-day period after the ballots are printed, if applicable, or during the fourteen-day period immediately prior to the election, but will be available there at some other time prior to the election or on election day, the commissioner shall direct the two special precinct election officers to deliver the applicant's ballot at an appropriate time preceding the election or on election day. If a person who so requested an absentee ballot has been dismissed from the health care facility or hospital, the special precinct election officers may take the ballot to the voter if the voter is currently residing in the county.

c. The special precinct election officers shall travel together in the same vehicle and both shall be present when an applicant casts an absentee ballot. If either or both of the special precinct election officers fail to appear at the time the duties set forth in this section are to be performed, the commissioner shall at once appoint some other person, giving preference to persons designated by the respective county chairpersons of the political parties described in section 49.13, to carry out the requirements of this section. The persons authorized by this subsection to deliver an absentee ballot to an applicant, if requested, may assist the applicant in filling out the ballot as permitted by section 49.90. After the voter has securely sealed the marked ballot in the envelope provided and has subscribed to the oath, the voted absentee ballots shall be deposited in a sealed container which shall be returned to the commissioner on the same

day the ballots are voted. On election day the officers shall return the sealed container by the time the polls are closed.

2. Any registered voter who becomes a patient or resident of a hospital or health care facility in the county where the voter is registered to vote within three days prior to the date of any election or on election day may request an absentee ballot during that period or on election day. As an alternative to the application procedure prescribed by section 53.2, the registered voter may make the request directly to the officers who are delivering and returning absentee ballots under this section. Alternatively, the request may be made by telephone to the office of the commissioner not later than four hours before the close of the polls. If the requester is found to be a registered voter of that county, these officers shall deliver the appropriate absentee ballot to the registered voter in the manner prescribed by this section.

3. For any election except a primary or general election or a special election to fill a vacancy under section 69.14, the commissioner may, as an alternative to subsection 1, mail an absentee ballot to an applicant under this section to be voted and returned to the commissioner in accordance with this chapter. This subsection only applies to applications for absentee ballots from a single health care facility or hospital if there are no more than two applications from that facility or hospital.

4. The commissioner shall mail an absentee ballot to a registered voter who has applied for an absentee ballot and who is a patient or resident of a hospital or health care facility outside the county in which the voter is registered to vote.

5. *a.* If the registered voter becomes a patient or resident of a hospital or health care facility outside the county where the voter is registered to vote within three days before the date of any election or on election day, the voter may designate a person to deliver and return the absentee ballot. The designee may be any person the voter chooses except that no candidate for any office to be voted upon for the election for which the ballot is requested may deliver a ballot under this subsection. The request for an absentee ballot may be made by telephone to the office of the commissioner not later than four hours before the close of the polls. If the requester is found to be a registered voter of that county, the ballot shall be delivered by mail or by the person designated by the voter. An application form shall be included with the absentee ballot and shall be signed by the voter and returned with the ballot.

b. Absentee ballots voted under this subsection shall be delivered to the commissioner no later than the time the polls are closed on election day. If the ballot is returned by mail the return envelope must be received by the time the polls close, or clearly postmarked by an officially authorized postal service not later than the day before the election and received by the commissioner no later

than the time established for the canvass by the board of supervisors for that election.

6. Observers representing candidates, political parties, or nonparty political organizations, or observers who are opponents or proponents of a ballot issue to be voted on at the election are prohibited from being present at a hospital or health care facility during the time the special precinct election officers are delivering absentee ballots to the residents of such hospital or health care facility.

53.23 Special precinct election board.

1. The election board of the absentee ballot and special voters precinct shall be appointed by the commissioner in the manner prescribed by sections 49.12 and 49.13, except that the number of precinct election officials appointed to the board shall be sufficient to complete the counting of absentee ballots by 10:00 p.m. on election day.

2. The board's powers and duties shall be the same as those provided in chapter 50 for precinct election officials in regular precinct polling places. However, the election board of the special precinct shall receive from the commissioner and count all absentee ballots for all precincts in the county; when two or more political subdivisions in the county hold elections simultaneously the special precinct election board shall count absentee ballots cast in all of the elections so held. The tally list shall be recorded on forms prescribed by the state commissioner.

3. *a.* The commissioner shall set the convening time for the board, allowing a reasonable amount of time to complete counting all absentee ballots by 10:00 p.m. on election day.

b. (1) The commissioner may direct the board to meet on the day before the election for the purpose of reviewing the absentee voters' affidavits appearing on the sealed affidavit envelopes. If in the commissioner's judgment this procedure is necessary due to the number of absentee ballots received, the members of the board may open the sealed affidavit envelopes and remove the secrecy envelope containing the ballot, but under no circumstances shall a secrecy envelope be opened before the board convenes on election day, except as provided in paragraph "c". If the affidavit envelopes are opened before election day pursuant to this paragraph "b", two observers, one appointed by each of the two political parties referred to in section 49.13, subsection 2, shall witness the proceedings. The observers shall be appointed by the county chairperson or, if the county chairperson fails to make an appointment, by the state chairperson. However, if either or both political parties fail to appoint an observer, the commissioner may continue with the proceedings.

(2) If the board finds any ballot not enclosed in a secrecy envelope and the ballot is folded in such a way that any of the votes cast on the ballot are visible, the two special precinct election officials, one from each of the two political parties referred to in section 49.13, subsection 2, shall place the ballot in a secrecy envelope. No one shall examine the ballot, except as provided in paragraph “c”.

c. For the general election, the commissioner may convene the special precinct election board on the day before the election to begin counting absentee ballots. However, if in the preceding general election the counting of absentee ballots was not completed by 10:00 p.m. on election day, the commissioner shall convene the special precinct election board on the day before the next general election to begin counting absentee ballots. The board shall not release the results of its tabulation pursuant to this paragraph until the count is completed on election day.

4. The room where members of the special precinct election board are engaged in counting absentee ballots on the day before the election pursuant to subsection 3, paragraph “c”, or during the hours the polls are open shall be policed so as to prevent any person other than those whose presence is authorized by this subsection from obtaining information about the progress of the count. The only persons who may be admitted to that room are the members of the board, one challenger representing each political party, one observer representing any nonparty political organization or any candidate nominated by petition pursuant to chapter 45 or any other nonpartisan candidate in a city or school election appearing on the ballot of the election in progress, one observer representing persons supporting a public measure appearing on the ballot and one observer representing persons opposed to such measure, and the commissioner or the commissioner’s designee. It shall be unlawful for any of these persons to communicate or attempt to communicate, directly or indirectly, information regarding the progress of the count at any time while the board is convened pursuant to subsection 3, paragraph “c”, or at any time before the polls are closed.

5. The special precinct election board shall preserve the secrecy of all absentee and provisional ballots. After the affidavits on the envelopes have been reviewed and the qualifications of the persons casting the ballots have been determined, those that have been accepted for counting shall be opened. The ballots shall be removed from the affidavit envelopes without being unfolded or examined, and then shall be thoroughly intermingled, after which they shall be unfolded and tabulated. If secrecy folders or envelopes are used with provisional paper ballots, the ballots shall be removed from the secrecy folders after the ballots have been intermingled.

6. The special precinct election board shall not

release the results of its tabulation on election day until all of the ballots it is required to count on that day have been counted, nor release the tabulation of provisional ballots accepted and counted under chapter 50 until that count has been completed.

If the affidavit envelope is open, or has been opened and resealed, or if the ballot is not enclosed in the affidavit envelope, and an affidavit envelope with the same serial number and marked “Replacement ballot” is not attached as provided in section 53.18, the vote shall be rejected by the absentee and special voters precinct board.

2. If the absentee ballot is rejected prior to the opening of the affidavit envelope, the voter casting the ballot shall be notified by a precinct election official by the time the canvass is completed of the reason for the rejection on a form prescribed by the state commissioner of elections.

53.40 Request requirements — transmission of ballot.

1. a. A request in writing for a ballot may be made by any member of the armed forces of the United States who is or will be a qualified voter on the day of the election at which the ballot is to be cast, at any time before the election. Any member of the armed forces of the United States may re-

quest ballots for all elections to be held through the next two general elections. The request may be made by using the federal postcard application form and indicating that the applicant wishes to receive ballots for all elections as permitted by state law. The county commissioner shall send the applicant a ballot for each election held after the application is received and through the next two general elections. The commissioner shall forward a copy of the absentee ballot request to other commissioners who are responsible under section 47.2, subsection 2, for conducting elections in which the applicant is eligible to vote.

b. Unless the request specifies otherwise, a request for the primary election shall also be considered a request for the general election. In the case of the general election, request may be made not more than seventy days before the election, for and on behalf of a voter in the armed forces of the United States by a spouse, parent, parent-in-law, adult brother, adult sister, or adult child of the voter, residing in the county of the voter's residence. However, a request made by other than the voter may be required to be made on forms prescribed by the state commissioner.

c. A request shall show the residence, including street address, if any, of the voter and the age of the voter and shall designate the address to which the ballot is to be sent. In the case of the primary election, the request shall also show the party affiliation of the voter. The request shall be made to the commissioner of the county of the voter's residence. However, if the request is made by the voter to any elective state, city, or county official, the official shall forward it to the commissioner of the county of the voter's residence, and such request so forwarded shall have the same force and effect as if made directly to the commissioner by the voter.

2. The commissioner shall immediately on the fortieth day prior to the particular election transmit ballots to the voter by mail or otherwise, postage prepaid, as directed by the state commissioner, requests for which are in the commissioner's hands at that time, and thereafter so transmit ballots immediately upon receipt of requests. A request for ballot for the primary election which does not state the party affiliation of the voter making the request is void and of no effect. A request which does not show that the person for whom a ballot is requested will be a qualified voter in the precinct in which the ballot is to be cast on the day of the election for which the ballot is requested, shall not be honored. However, a request which states the age and the city, including street address, if any, or township, and county where the voter resides, and which shows a sufficient period of residence, is sufficient to show that the person is a qualified voter. A request by the voter containing substantially the information required is sufficient.

3. If the affidavit on the affidavit envelope

shows that the affiant is not a qualified voter on the day of the election at which the ballot is offered for voting, the envelope shall not be opened, but the envelope and ballot contained in the envelope shall be preserved and returned by the precinct election officials to the commissioner, who shall preserve them for the period of time and under the conditions provided for in sections 50.12 through 50.15 and section 50.19.

53.53 Federal write-in ballots.

1. Upon receipt of an official federal write-in ballot, the commissioner shall examine the voter's written declarations on the envelope. If it appears that the voter is eligible to vote under the provisions of this division, has applied in a timely fashion for an absentee ballot, and has complied with all requirements for the federal write-in ballot, then the federal write-in ballot is valid unless the Iowa absentee ballot is received in time to be counted.

2. The voter's declaration or affirmation on the federal write-in ballot constitutes a sufficient registration under the provisions of chapter 48A and the commissioner shall place the voter's name on the registration record as a registered voter, if the voter's name does not already appear on the registration record. No witness to the oath is necessary.

3. Federal write-in absentee ballots may be used in primary and general elections, and in special elections held pursuant to section 69.14. The federal write-in absentee ballot transmission envelope may also serve as an application for voter registration if the information submitted is sufficient to register the person to vote and the applicant is otherwise eligible to vote under the provisions of this division.

4. The federal write-in ballot shall not be counted if any of the following apply:

a. The ballot was submitted from within the United States, unless the voter is a member of the armed forces of the United States as described in section 53.37, subsection 2, on active duty, and away from the voter's county of residence for purposes of serving on active duty.

The department of workforce development, in consultation with the departments of economic development, education, human services, and human rights, the department on aging, and the department for the blind, shall establish guidelines for colocating state and federal employment and training programs in centers providing services at the local level. The centers shall be known as workforce development centers. The departments shall also jointly establish an integrated management information system for linking the programs within a local center to the same programs within other local centers and to the state. The guidelines shall provide for local design and operation within the guidelines. The core services available at a center shall include but are not limited to all of the following:

1. *Information.* Provision of information shall include labor exchange and labor market information as well as career guidance and occupational information. Training and education institutions which receive state or federal funding shall provide to the centers consumer-related information on their programs, graduation rates, wage scales for graduates, and training program prerequisites. The basic assessment may be provided by the center or by existing service providers such as community colleges or by a combination of the two.

3. *Training accounts.* Training accounts may be established for both basic skill development and vocational or technical training. CHAPTER 85

WORKERS' COMPENSATION

85.38 Reduction of obligations of employer.

1. *Contributions or donations.* The compensation herein provided shall be the measure of liability which the employer has assumed for injuries or death that may occur to employees in the employer's employment subject to the provisions of this chapter, and it shall not be in anywise reduced by contribution from employees or donations from any source.

2. *Benefits paid under group plans.*

a. In the event the employee with a disability shall receive any benefits, including medical, surgical, or hospital benefits, under any group plan covering nonoccupational disabilities contributed to wholly or partially by the employer, which benefits should not have been paid or payable if any rights of recovery existed under this chapter, chapter 85A, or chapter 85B, then the amounts so paid to the employee from the group plan shall be credited to or against any compensation payments, including medical, surgical, or hospital, made or to be made under this chapter, chapter 85A, or chapter 85B. The amounts so credited shall be deducted from the payments made under these chapters. Any nonoccupational plan shall be reimbursed in the amount deducted. This section shall not apply to payments made under any group plan which would have been payable even though there was an injury under this chapter or an occupational disease under chapter 85A or an occupational hearing loss under chapter 85B. Any employer receiving such credit shall keep the employee safe and harmless from any and all claims or liabilities that may be made against them by reason of having received the payments only to the extent of the credit.

b. If an employer denies liability under this chapter, chapter 85A, or chapter 85B, for payment for any medical services received or weekly compensation requested by an employee, and the employee is a beneficiary under either an individual or group plan for nonoccupational illness, injury, or disability, the nonoccupational plan shall not deny payment for the medical services received or for benefits under the plan on the basis that the employer's liability under this chapter, chapter 85A, or chapter 85B is unresolved.

3. *Supplementation of workers' compensation benefits.* A public employer shall not supplement an employee's workers' compensation benefits by reducing the employee's sick leave, vacation leave, or earned compensatory time entitlements, unless the employer first notifies the employee of the employee's option to supplement and the employee elects to so supplement.

4. *Lien for hospital and medical services under chapter 249A.* In the event any hospital or medical services as provided in section 85.27 are paid by the state department of human services on behalf of an employee who is entitled to such benefits under the provisions of this chapter or chapter 85A or 85B, a lien shall exist as respects the right of such employee to benefits as described in section 85.27.

85.59 Benefits for inmates and offenders.

1. For the purposes of this section:

a. "Inmate" includes:

(1) A person confined in a reformatory, state penitentiary, release center, or other state penal or correctional institution while that person works in connection with the maintenance of the institution, in an industry maintained in the institution, or in an industry referred to in section 904.809, or while on detail to perform services on a public works project.

(2) A person who is performing unpaid community service under the direction of the district court, board of parole, or judicial district department of correctional services, or an inmate providing services pursuant to a chapter 28E agreement entered into pursuant to section 904.703, or who is performing a work assignment of value to the state or to the public under chapter 232.

b. "Unpaid community service under the direction of the district court" includes but is not limited to community service ordered and performed pursuant to section 598.23A.

2. For purposes of this section, an inmate on a work assignment under section 904.703 working in construction or maintenance at a public or charitable facility, or under assignment to another agency of state, county, or local government, shall be considered an employee of the state.

3. a. If an inmate is permanently incapacitated by injury in the performance of the inmate's work in connection with the maintenance of the institution, in an industry maintained in the institution, or in an industry referred to in section 904.809, while on detail to perform services on a public works project, or while performing services authorized pursuant to section 904.809, or is permanently or temporarily incapacitated in connection with the performance of unpaid community service under the direction of the district court, board of parole, or judicial district department of correctional services, or in connection with the provision of services pursuant to a chapter 28E agreement entered into pursuant to section

904.703, or who is performing a work assignment of value to the state or to the public under chapter 232, that inmate shall be awarded only the benefits provided in section 85.27 and section 85.34, subsections 2 and 3. The weekly rate for such permanent disability is equal to the minimum rate as provided in this chapter.

b. Weekly compensation benefits under this section may be determined prior to the inmate's release from the institution, but payment of benefits to an inmate shall commence as of the time of the inmate's release from the institution either upon parole or final discharge. However, if the inmate is awarded benefits for an injury incurred in connection with the performance of unpaid community service under the direction of the district court, board of parole, or judicial district department of correctional services, or in connection with the provision of services pursuant to a chapter 28E agreement entered into pursuant to section 904.703, or who is performing a work assignment of value to the state or to the public under chapter 232, weekly compensation benefits under this section shall be determined and paid as in other workers' compensation cases.

c. If an inmate is receiving benefits under the provisions of this section and is recommitted to an institution covered by this section, the benefits shall immediately cease. If benefits cease because of the inmate's recommitment, the benefits shall resume upon subsequent release from the institution.

d. If death results from the injury, death benefits shall be awarded and paid to the dependents of the inmate as in other workers' compensation cases except that the weekly rate shall be equal to sixty-six and two-thirds percent of the state average weekly wage paid employees as determined by the department of workforce development under section 96.19, subsection 36, and in effect at the time of the injury.

4. Payment under this section shall be made promptly out of appropriations which have been made for that purpose, if any. An amount or part thereof which cannot be paid promptly from the appropriation shall be paid promptly out of money in the state treasury not otherwise appropriated.

5. The time limit for commencing an original proceeding to determine entitlement to benefits under this section is the same as set forth in section 85.26. If an injury occurs to an inmate so as to qualify the inmate for benefits under this section, notwithstanding the fact that payments of weekly benefits are not commenced, an acknowledgment of compensability shall be filed with the workers' compensation commissioner within thirty days of the time the responsible authority receives notice or knowledge of the injury as required by section 85.23.

6. If a dispute arises as to the extent of disabili-

ty when an acknowledgment of compensability is on file or when an award determining liability has been made, an action to determine the extent of disability must be commenced within one year of the time of the release of the inmate from the institution. This does not bar the right to reopen the claim as provided by section 85.26, subsection 2.

7. Responsibility for the filings required by chapter 86 for injuries resulting in permanent disability or death and as modified by this section shall be made in the same manner as for other employees of the institution.

DIVISION OF WORKERS' COMPENSATION

86.13 Compensation payments.

1. If an employer or insurance carrier pays weekly compensation benefits to an employee, the employer or insurance carrier shall file with the workers' compensation commissioner in the form and manner required by the workers' compensation commissioner a notice of the commencement

of the payments. The payments establish conclusively that the employer and insurance carrier have notice of the injury for which benefits are claimed but the payments do not constitute an admission of liability under this chapter or chapter 85, 85A, or 85B.

2. If an employer or insurance carrier fails to

file the notice required by this section, the failure stops the running of the time periods in section 85.26 as of the date of the first payment. If commenced, the payments shall be terminated only when the employee has returned to work, or upon thirty days' notice stating the reason for the termination and advising the employee of the right to file a claim with the workers' compensation commissioner.

3. This section does not prevent the parties from reaching an agreement for settlement regarding compensation. However, the agreement is valid only if signed by all parties and approved by the workers' compensation commissioner.

4. *a.* If a denial, a delay in payment, or a termination of benefits occurs without reasonable or probable cause or excuse known to the employer or insurance carrier at the time of the denial, delay in payment, or termination of benefits, the workers' compensation commissioner shall award benefits in addition to those benefits payable under this chapter, or chapter 85, 85A, or 85B, up to fifty percent of the amount of benefits that were denied, delayed, or terminated without reasonable or probable cause or excuse.

b. The workers' compensation commissioner

shall award benefits under this subsection if the commissioner finds both of the following facts:

(1) The employee has demonstrated a denial, delay in payment, or termination of benefits.

(2) The employer has failed to prove a reasonable or probable cause or excuse for the denial, delay in payment, or termination of benefits.

c. In order to be considered a reasonable or probable cause or excuse under paragraph "b", an excuse shall satisfy all of the following criteria:

(1) The excuse was preceded by a reasonable investigation and evaluation by the employer or insurance carrier into whether benefits were owed to the employee.

(2) The results of the reasonable investigation and evaluation were the actual basis upon which the employer or insurance carrier contemporaneously relied to deny, delay payment of, or terminate benefits.

(3) The employer or insurance carrier contemporaneously conveyed the basis for the denial, delay in payment, or termination of benefits to the employee at the time of the denial, delay, or termination of benefits.

The surety bond shall be executed by a surety company authorized to do business in this state, and the bond shall be continuous in nature until canceled by the surety with not less than thirty days' written notice to the contractor and to the division of labor services of the department of workforce development indicating the surety's desire to cancel the bond. The surety company shall not be liable under the bond for any contract commenced after the cancellation of the bond. The bond shall be in the sum of the greater of the following:

- (1) One thousand dollars.
- (2) Five percent of the contract price.

b. An out-of-state contractor may file a blanket bond in an amount at least equal to fifty thousand dollars for a two-year period in lieu of filing an individual bond for each contract. Notice to the contractor shall be mailed to the contractor's last known address and to the contractor's registered agent for service of process, if any, within the state. The contractor or surety shall have the opportunity to apply to the director of revenue for a hearing within thirty days after the giving of such notice. Upon the failure to timely request a hearing, the bond shall be forfeited. If, after the hearing upon timely request, the department of revenue or the department of workforce development finds that the contractor has failed to pay the total of all taxes payable, the department of revenue or the department of workforce development shall order the bond forfeited. The amount of the forfeiture shall be the amount of taxes payable or the amount of the bond, whichever is less. For purposes of this section "*taxes payable*" means all tax, penalties, interest, and fees that the department of revenue has previously determined to be due to the state by assessment or in an appeal of an assessment, including contributions to the unemployment compensation insurance system.

5. If it is determined that this section may cause denial of federal funds which would otherwise be available, or is otherwise inconsistent with requirements of federal law, this section shall be suspended, but only to the extent necessary to prevent denial of the funds or to eliminate the inconsistency with federal requirements.

6. The bond required by this section may be attached by the commissioner for collection of fees and penalties due to the division.

CHAPTER 96

EMPLOYMENT SECURITY — UNEMPLOYMENT COMPENSATION

96.3 Payment — determination — duration — child support intercept.

1. *Payment.* Twenty-four months after the date when contributions first accrue under this chapter, benefits shall become payable from the fund; provided, that wages earned for services defined in section 96.19, subsection 18, paragraph "g", subparagraph (3), irrespective of when performed, shall not be included for purposes of determining eligibility, under section 96.4 or full-time weekly wages, under subsection 4 of this section, for the purposes of any benefit year commencing on or after July 1, 1939, nor shall any benefits with respect to unemployment occurring on and after July 1, 1939, be payable under subsection 5 of this section on the basis of such wages. All benefits shall be paid through employment offices in accordance with such regulations as the department of workforce development may prescribe.

2. *Total unemployment.* Each eligible individual who is totally unemployed in any week

shall be paid with respect to such week benefits in an amount which shall be equal to the individual's weekly benefit amount.

3. *Partial unemployment.* An individual who is partially unemployed in any week as defined in section 96.19, subsection 38, paragraph "b", and who meets the conditions of eligibility for benefits shall be paid with respect to that week an amount equal to the individual's weekly benefit amount less that part of wages payable to the individual with respect to that week in excess of one-fourth of the individual's weekly benefit amount. The benefits shall be rounded to the lower multiple of one dollar.

4. *Determination of benefits.* With respect to benefit years beginning on or after July 1, 1983, an eligible individual's weekly benefit amount for a week of total unemployment shall be an amount equal to the following fractions of the individual's total wages in insured work paid during that quarter of the individual's base period in which such to-

tal wages were highest; the director shall determine annually a maximum weekly benefit amount equal to the following percentages, to vary with the number of dependents, of the statewide average weekly wage paid to employees in insured work which shall be effective the first day of the first full week in July:

If the number of dependents is:	The weekly benefit amount shall equal the following fraction of high quarter wages:	Subject to the following maximum percentage of the statewide average weekly wage:
0	1/23	53%
1	1/22	55%
2	1/21	57%
3	1/20	60%
4 or more	1/19	65%

The maximum weekly benefit amount, if not a multiple of one dollar, shall be rounded to the lower multiple of one dollar. However, until such time as sixty-five percent of the statewide average weekly wage exceeds one hundred ninety dollars, the maximum weekly benefit amounts shall be determined using the statewide average weekly wage computed on the basis of wages reported for calendar year 1981. As used in this section "*dependent*" means dependent as defined in section 422.12, subsection 1, paragraph "a", as if the individual claimant was a taxpayer, except that an individual claimant's nonworking spouse shall be deemed to be a dependent under this section. "*Nonworking spouse*" means a spouse who does not earn more than one hundred twenty dollars in gross wages in one week.

5. a. *Duration of benefits.* The maximum total amount of benefits payable to an eligible individual during a benefit year shall not exceed the total of the wage credits accrued to the individual's account during the individual's base period, or twenty-six times the individual's weekly benefit amount, whichever is the lesser. The director shall maintain a separate account for each individual who earns wages in insured work. The director shall compute wage credits for each individual by crediting the individual's account with one-third of the wages for insured work paid to the individual during the individual's base period. However, the director shall recompute wage credits for an individual who is laid off due to the individual's employer going out of business at the factory, establishment, or other premises at which the individual was last employed, by crediting the individual's account with one-half, instead of one-third, of the wages for insured work paid to the individual during the individual's base period. Benefits paid to an eligible individual shall be charged against the base period wage credits in the individual's ac-

count which have not been previously charged, in the inverse chronological order as the wages on which the wage credits are based were paid. However if the state "off indicator" is in effect and if the individual is laid off due to the individual's employer going out of business at the factory, establishment, or other premises at which the individual was last employed, the maximum benefits payable shall be extended to thirty-nine times the individual's weekly benefit amount, but not to exceed the total of the wage credits accrued to the individual's account.

b. *Training extension benefits.*

(1) An individual who has been separated from a declining occupation or who has been involuntarily separated from employment as a result of a permanent reduction of operations at the last place of employment and who is in training with the approval of the director or in a job training program pursuant to the Workforce Investment Act of 1998, Pub. L. No. 105-220, at the time regular benefits are exhausted, may be eligible for training extension benefits.

(2) A declining occupation is one in which there is a lack of sufficient current demand in the individual's labor market area for the occupational skills for which the individual is fitted by training and experience or current physical or mental capacity, and the lack of employment opportunities is expected to continue for an extended period of time, or the individual's occupation is one for which there is a seasonal variation in demand in the labor market and the individual has no other skill for which there is current demand.

(3) The training extension benefit amount shall be twenty-six times the individual's weekly benefit amount and the weekly benefit amount shall be equal to the individual's weekly benefit amount for the claim in which benefits were exhausted while in training.

(4) An individual who is receiving training extension benefits shall not be denied benefits due to application of section 96.4, subsection 3, or section 96.5, subsection 3. However, an employer's account shall not be charged with benefits so paid. Relief of charges under this paragraph "b" applies to both contributory and reimbursable employers, notwithstanding section 96.8, subsection 5.

(5) In order for the individual to be eligible for training extension benefits, all of the following criteria must be met:

(a) The training must be for a high-demand occupation or high-technology occupation, including the fields of life sciences, advanced manufacturing, biotechnology, alternative fuels, insurance, and environmental technology. "*High-demand occupation*" means an occupation in a labor market area in which the department determines work opportunities are available and there is a lack of qualified applicants.

(b) The individual must file any unemploy-

ment insurance claim to which the individual becomes entitled under state or federal law, and must draw any unemployment insurance benefits on that claim until the claim has expired or has been exhausted, in order to maintain the individual's eligibility under this paragraph "b". Training extension benefits end upon completion of the training even though a portion of the training extension benefit amount may remain.

(c) The individual must be enrolled and making satisfactory progress to complete the training.

6. *Part-time workers.*

a. As used in this subsection the term "part-time worker" means an individual whose normal work is in an occupation in which the individual's services are not required for the customary scheduled full-time hours prevailing in the establishment in which the individual is employed, or who, owing to personal circumstances, does not customarily work the customary scheduled full-time hours prevailing in the establishment in which the individual is employed.

b. The director shall prescribe fair and reasonable general rules applicable to part-time workers, for determining their full-time weekly wage, and the total wages in employment by employers required to qualify such workers for benefits. An individual is a part-time worker if a majority of the weeks of work in such individual's base period includes part-time work. Part-time workers are not required to be available for, seek, or accept full-time employment.

7. *Recovery of overpayment of benefits.*

a. If an individual receives benefits for which the individual is subsequently determined to be ineligible, even though the individual acts in good faith and is not otherwise at fault, the benefits shall be recovered. The department in its discretion may recover the overpayment of benefits either by having a sum equal to the overpayment deducted from any future benefits payable to the individual or by having the individual pay to the department a sum equal to the overpayment.

b. (1) If the department determines that an overpayment has been made, the charge for the overpayment against the employer's account shall be removed and the account shall be credited with an amount equal to the overpayment from the unemployment compensation trust fund and this credit shall include both contributory and reimbursable employers, notwithstanding section 96.8, subsection 5. However, provided the benefits were not received as the result of fraud or willful misrepresentation by the individual, benefits shall not be recovered from an individual if the employer did not participate in the initial determination to award benefits pursuant to section 96.6, subsection 2, and an overpayment occurred because of a subsequent reversal on appeal regarding the issue of the individual's separation from employment. The employer shall not be charged with the benefits.

(2) An accounting firm, agent, unemployment insurance accounting firm, or other entity that represents an employer in unemployment claim matters and demonstrates a continuous pattern of failing to participate in the initial determinations to award benefits, as determined and defined by rule by the department, shall be denied permission by the department to represent any employers in unemployment insurance matters. This subparagraph does not apply to attorneys or counselors admitted to practice in the courts of this state pursuant to section 602.10101.

8. *Back pay.* If an individual receives benefits for a period of unemployment and subsequently receives a payment for the same period from the individual's employer in the form of or in lieu of back pay, the benefits shall be recovered. The department, in its discretion, may reach an agreement with the individual and the employer to allow the employer to deduct the amount of the benefits from the back pay and remit a sum equal to that amount to the unemployment compensation fund and the balance to the individual, or may recover the amount of the benefits either by having a sum equal to that amount deducted from any future benefits payable to the individual or by having the individual pay to the department a sum equal to that amount. If an agreement is reached to allow the employer to deduct the amount of benefits from the back pay and remit that amount to the fund, the department shall not charge that amount to the employer's account under section 96.7.

9. *Child support intercept.*

a. An individual filing a claim for benefits under section 96.6, subsection 1, shall, at the time of filing, disclose whether the individual owes a child support obligation which is being enforced by the child support recovery unit established in section 252B.2. If an individual discloses that such a child support obligation is owed and the individual is determined to be eligible for benefits under this chapter, the department shall notify the child support recovery unit of the individual's disclosure and deduct and withhold from benefits payable to the individual the amount specified by the individual.

b. However, if the child support recovery unit and an individual owing a child support obligation reach an agreement to have specified amounts deducted and withheld from the individual's benefits and the child support recovery unit submits a copy of the agreement to the department, the department shall deduct and withhold the specified amounts.

c. (1) However, if the department is notified of income withholding by the child support recovery unit under chapter 252D or section 598.22 or 598.23 or if income is garnished by the child support recovery unit under chapter 642 and an individual's benefits are condemned to the satisfaction of the child support obligation being enforced by

the child support recovery unit, the department shall deduct and withhold from the individual's benefits that amount required through legal process.

(2) Notwithstanding section 642.2, subsections 2, 3, 6, and 7, which restrict garnishments under chapter 642 to wages of public employees, the department may be garnisheed under chapter 642 by the child support recovery unit established in section 252B.2, pursuant to a judgment for child support against an individual eligible for benefits under this chapter.

(3) Notwithstanding section 96.15, benefits under this chapter are not exempt from income withholding, garnishment, attachment, or execution if withheld for or garnisheed by the child support recovery unit, established in section 252B.2, or if an income withholding order or notice of the income withholding order under section 598.22 or 598.23 is being enforced by the child support recovery unit to satisfy the child support obligation of an individual who is eligible for benefits under this chapter.

d. An amount deducted and withheld under paragraph "a", "b", or "c" shall be paid by the department to the child support recovery unit, and shall be treated as if it were paid to the individual as benefits under this chapter and as if it were paid by the individual to the child support recovery unit in satisfaction of the individual's child support obligations.

e. If an agreement for reimbursement has been made, the department shall be reimbursed by the child support recovery unit for the administrative costs incurred by the department under this section which are attributable to the enforcement of child support obligations by the child support recovery unit.

10. *Voluntary income tax withholding.* All payments of benefits made after December 31, 1996, are subject to the following:

a. An individual filing a new application for benefits shall, at the time of filing the application, be advised of the following:

(1) Benefits paid under this chapter are subject to federal and state income tax.

(2) Legal requirements exist pertaining to estimated tax payments.

(3) The individual may elect to have federal income tax deducted and withheld from the individual's payment of benefits at the amount specified in the Internal Revenue Code as defined in section 422.3.

(4) The individual may elect to have Iowa state income tax deducted and withheld from the individual's payment of benefits at the rate of five percent.

(5) The individual shall be permitted to change the individual's previously elected withholding status.

b. Amounts deducted and withheld from bene-

fits shall remain in the unemployment compensation fund until transferred to the appropriate taxing authority as a payment of income tax.

c. The director shall follow all procedures specified by the United States department of labor, the federal internal revenue service, and the department of revenue pertaining to the deducting and withholding of income tax.

d. Amounts shall be deducted and withheld under this subsection only after amounts are deducted and withheld for any overpayment of benefits, child support obligations, and any other amounts authorized to be deducted and withheld under federal or state law.

11. *Overissuance of food stamp benefits.* The department shall collect any overissuance of food stamp benefits by offsetting the amount of the overissuance from the benefits payable under this chapter to the individual. This subsection shall only apply if the department is reimbursed under an agreement with the department of human services for administrative costs incurred in recouping the overissuance. The provisions of section 96.15 do not apply to this subsection.

96.4 Required findings.

An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

1. The individual has registered for work at and thereafter has continued to report at an employment office in accordance with such regulations as the department may prescribe. The provisions of this subsection shall be waived if the individual is deemed temporarily unemployed as defined in section 96.19, subsection 38, paragraph "c".

2. The individual has made a claim for benefits in accordance with the provisions of section 96.6, subsection 1.

3. The individual is able to work, is available for work, and is earnestly and actively seeking work. This subsection is waived if the individual is deemed partially unemployed, while employed at the individual's regular job, as defined in section 96.19, subsection 38, paragraph "b", subparagraph (1), or temporarily unemployed as defined in section 96.19, subsection 38, paragraph "c". The work search requirements of this subsection and the disqualification requirement for failure to apply for, or to accept suitable work of section 96.5, subsection 3, are waived if the individual is not disqualified for benefits under section 96.5, subsection 1, paragraph "h".

4. *a.* The individual has been paid wages for insured work during the individual's base period

in an amount at least one and one-quarter times the wages paid to the individual during that quarter of the individual's base period in which the individual's wages were highest; provided that the individual has been paid wages for insured work totaling at least three and five-tenths percent of the statewide average annual wage for insured work, computed for the preceding calendar year if the individual's benefit year begins on or after the first full week in July and computed for the second preceding calendar year if the individual's benefit year begins before the first full week in July, in that calendar quarter in the individual's base period in which the individual's wages were highest, and the individual has been paid wages for insured work totaling at least one-half of the amount of wages required under this paragraph in the calendar quarter of the base period in which the individual's wages were highest, in a calendar quarter in the individual's base period other than the calendar quarter in which the individual's wages were highest. The calendar quarter wage requirements shall be rounded to the nearest multiple of ten dollars.

b. For an individual who does not have sufficient wages in the base period, as defined in section 96.19, to otherwise qualify for benefits pursuant to this subsection, the individual's base period shall be the last four completed calendar quarters immediately preceding the first day of the individual's benefit year if such period qualifies the individual for benefits under this subsection.

(1) Wages that fall within the alternative base period established under this paragraph "b" are not available for qualifying benefits in any subsequent benefit year.

(2) Employers shall be charged in the manner provided in this chapter for benefits paid based upon quarters used in the alternative base period.

c. If the individual has drawn benefits in any benefit year, the individual must during or subsequent to that year, work in and be paid wages for insured work totaling at least two hundred fifty dollars, as a condition to receive benefits in the next benefit year.

5. Benefits based on service in employment in a nonprofit organization or government entity, defined in section 96.19, subsection 18, are payable in the same amount, on the same terms and subject to the same conditions as compensation payable on the same basis of other service subject to this chapter, except that:

a. Benefits based on service in an instructional, research, or principal administrative capacity in an educational institution including service in or provided to or on behalf of an educational institution while in the employ of an educational service agency, a government entity, or a nonprofit organization shall not be paid to an individual for any week of unemployment which begins during the period between two successive academic years

or during a similar period between two regular terms, whether or not successive, or during a period of paid sabbatical leave provided for in the individual's contract, if the individual has a contract or reasonable assurance that the individual will perform services in any such capacity for any educational institution for both such academic years or both such terms.

b. Benefits based on service in any other capacity for an educational institution including service in or provided to or on behalf of an educational institution while in the employ of an educational service agency, a government entity, or a nonprofit organization, shall not be paid to an individual for any week of unemployment which begins during the period between two successive academic years or terms, if the individual performs the services in the first of such academic years or terms and has reasonable assurance that the individual will perform services for the second of such academic years or terms. If benefits are denied to an individual for any week as a result of this paragraph and the individual is not offered an opportunity to perform the services for an educational institution for the second of such academic years or terms, the individual is entitled to retroactive payments of benefits for each week for which the individual filed a timely claim for benefits and for which benefits were denied solely by reason of this paragraph.

c. With respect to services for an educational institution in any capacity under paragraph "a" or "b", benefits shall not be paid to an individual for any week of unemployment which begins during an established and customary vacation period or holiday recess if the individual performs the services in the period immediately before such vacation period or holiday recess, and the individual has reasonable assurance that the individual will perform the services in the period immediately following such vacation period or holiday recess.

d. For purposes of this subsection, "educational service agency" means a governmental agency or government entity which is established and operated exclusively for the purpose of providing educational services to one or more educational institutions.

6. a. An otherwise eligible individual shall not be denied benefits for any week because the individual is in training with the approval of the director, nor shall the individual be denied benefits with respect to any week in which the individual is in training with the approval of the director by reason of the application of the provision in subsection 3 of this section relating to availability for work, and an active search for work or the provision of section 96.5, subsection 3, relating to failure to apply for or a refusal to accept suitable work. However, an employer's account shall not be charged with benefits so paid.

b. (1) An otherwise eligible individual shall not be denied benefits for a week because the indi-

vidual is in training approved under 19 U.S.C. § 2296(a), as amended by section 2506 of the federal Omnibus Budget Reconciliation Act of 1981, because the individual leaves work which is not suitable employment to enter the approved training, or because of the application of subsection 3 of this section or section 96.5, subsection 3, or a federal unemployment insurance law administered by the department relating to availability for work, active search for work, or refusal to accept work.

(2) For purposes of this paragraph, “*suitable employment*” means work of a substantially equal or higher skill level than an individual’s past adversely affected employment, as defined in 19 U.S.C. § 2319(l), if weekly wages for the work are not less than eighty percent of the individual’s average weekly wage.

7. The individual participates in reemployment services as directed by the department pursuant to a profiling system, established by the department, which identifies individuals who are likely to exhaust benefits and be in need of re-employment services.

96.7 Employer contributions and reimbursements.

1. *Payment.* Contributions accrue and are payable, in accordance with rules adopted by the department, on all taxable wages paid by an employer for insured work.

2. *Contribution rates based on benefit experience.*

a. (1) The department shall maintain a separate account for each employer and shall credit each employer’s account with all contributions which the employer has paid or which have been paid on the employer’s behalf.

(2) The amount of regular benefits plus fifty percent of the amount of extended benefits paid to an eligible individual shall be charged against the account of the employers in the base period in the inverse chronological order in which the employment of the individual occurred.

(a) However, if the individual to whom the benefits are paid is in the employ of a base period employer at the time the individual is receiving the benefits, and the individual is receiving the same employment from the employer that the individual received during the individual’s base period, benefits paid to the individual shall not be charged against the account of the employer. This provision applies to both contributory and reimbursable employers, notwithstanding subparagraph (3) and section 96.8, subsection 5.

(b) An employer’s account shall not be charged with benefits paid to an individual who left the work of the employer voluntarily without good cause attributable to the employer or to an individ-

ual who was discharged for misconduct in connection with the individual’s employment, or to an individual who failed without good cause, either to apply for available, suitable work or to accept suitable work with that employer, but shall be charged to the unemployment compensation fund. This paragraph applies to both contributory and reimbursable employers, notwithstanding section 96.8, subsection 5.

(c) The amount of benefits paid to an individual, which is solely due to wage credits considered to be in an individual’s base period due to the exclusion and substitution of calendar quarters from the individual’s base period under section 96.23, shall be charged against the account of the employer responsible for paying the workers’ compensation benefits for temporary total disability or during a healing period under section 85.33, section 85.34, subsection 1, or section 85A.17, or responsible for paying indemnity insurance benefits.

(d) The account of an employer shall not be charged with benefits paid to an individual for unemployment that is directly caused by a major natural disaster declared by the president of the United States, pursuant to the federal Disaster Relief Act of 1974, if the individual would have been eligible for federal disaster unemployment assistance benefits with respect to that unemployment but for the individual’s receipt of regular benefits.

(e) The account of an employer shall not be charged with benefits paid to an individual who is laid off if the benefits are paid as the result of the return to work of a permanent employee who is one of the following:

(i) A member of the national guard or organized reserves of the armed forces of the United States ordered to temporary duty, as defined in section 29A.1, subsection 3, 11, or 12, for any purpose, who has completed the duty as evidenced in accordance with section 29A.43.

(ii) A member of the civil air patrol performing duty pursuant to section 29A.3A, who has completed the duty as evidenced in accordance with section 29A.43.

(3) The amount of regular benefits charged against the account of an employer for a calendar quarter of the base period shall not exceed the amount of the individual’s wage credits based on employment with the employer during that quarter. The amount of extended benefits charged against the account of an employer for a calendar quarter of the base period shall not exceed an additional fifty percent of the amount of the individual’s wage credits based on employment with the employer during that quarter. However, the amount of extended benefits charged against the account of a governmental entity which is either a reimbursable or contributory employer, for a calendar quarter of the base period shall not exceed

an additional one hundred percent of the amount of the individual's wage credits based on employment with the governmental entity during that quarter.

(4) The department shall adopt rules prescribing the manner in which benefits shall be charged against the accounts of several employers for which an individual performed employment during the same calendar quarter.

(5) This chapter shall not be construed to grant an employer or an individual in the employer's service, prior claim or right to the amount paid by the employer into the unemployment compensation fund either on the employer's own behalf or on behalf of the individual.

(6) Within forty days after the close of each calendar quarter, the department shall notify each employer of the amount of benefits charged to the employer's account during that quarter. The notification shall show the name of each individual to whom benefits were paid, the individual's social security number, and the amount of benefits paid to the individual. An employer which has not been notified as provided in section 96.6, subsection 2, of the allowance of benefits to an individual, may within thirty days after the date of mailing of the notification appeal to the department for a hearing to determine the eligibility of the individual to receive benefits. The appeal shall be referred to an administrative law judge for hearing and the employer and the individual shall receive notice of the time and place of the hearing.

b. (1) If an organization, trade, or business, or a clearly segregable and identifiable part of an organization, trade, or business, for which contributions have been paid is sold or transferred to a subsequent employing unit, or if one or more employing units have been reorganized or merged into a single employing unit, and the successor employer, having qualified as an employer as defined in section 96.19, subsection 16, paragraph "b", continues to operate the organization, trade, or business, the successor employer shall assume the position of the predecessor employer or employers with respect to the predecessors' payrolls, contributions, accounts, and contribution rates to the same extent as if no change had taken place in the ownership or control of the organization, trade, or business. However, the successor employer shall not assume the position of the predecessor employer or employers with respect to the predecessor employer's or employers' payrolls, contributions, accounts, and contribution rates which are attributable to that part of the organization, trade, or business transferred, unless the successor employer applies to the department within ninety days from the date of the partial transfer, and the succession is approved by the predecessor employer or employers and the department.

(2) Notwithstanding any other provision of this chapter, if an employer sells or transfers its

organization, trade, or business, or a portion thereof, to another employer, and at the time of the sale or transfer, there is substantially common ownership, management, or control of the two employers, then the unemployment experience attributable to the sold or transferred organization, trade, or business shall be transferred to the successor employer. The transfer of part or all of an employer's workforce to another employer shall be considered a sale or transfer of the organization, trade, or business where the predecessor employer no longer operates the organization, trade, or business with respect to the transferred workforce and such organization, trade, or business is operated by the successor employer.

(3) (a) Notwithstanding any other provision of this chapter, if a person is not an employer at the time such person acquires an organization, trade, or business of an employer, or a portion thereof, the unemployment experience of the acquired organization, trade, or business shall not be transferred to such person if the department finds such person acquired the organization, trade, or business solely or primarily for the purpose of obtaining a lower rate of contribution. Instead, such person shall be assigned the applicable new employer rate under paragraph "c".

(b) In determining whether an organization, trade, or business or portion thereof was acquired solely or primarily for the purpose of obtaining a lower rate of contribution, the department shall use objective factors which may include the cost of acquiring the organization, trade, or business; whether the person continued the acquired organization, trade, or business; how long such organization, trade, or business was continued; and whether a substantial number of new employees were hired for performance of duties unrelated to the organization, trade, or business operated prior to the acquisition. The department shall establish methods and procedures to identify the transfer or acquisition of an organization, trade, or business under this subparagraph (3) and subparagraph (2).

(4) The predecessor employer, prior to entering into a contract with a successor employer relating to the sale or transfer of the organization, trade, or business, or a clearly segregable and identifiable part of the organization, trade, or business, shall disclose to the successor employer the predecessor employer's record of charges of benefits payments and any layoffs or incidences since the last record that would affect the experience record. A predecessor employer who fails to disclose or willfully discloses incorrect information to a successor employer regarding the predecessor employer's record of charges of benefits payments is liable to the successor employer for any actual damages and attorney fees incurred by the successor employer as a result of the predecessor employer's failure to disclose or disclosure of

incorrect information. The department shall include notice of the requirement of disclosure in the department's quarterly notification given to each employer pursuant to paragraph "a", subparagraph (6).

(5) The contribution rate to be assigned to the successor employer for the period beginning not earlier than the date of the succession and ending not later than the beginning of the next following rate year, shall be the contribution rate of the predecessor employer with respect to the period immediately preceding the date of the succession, provided the successor employer was not, prior to the succession, a subject employer, and only one predecessor employer, or only predecessor employers with identical rates, are involved. If the predecessor employers' rates are not identical and the successor employer is not a subject employer prior to the succession, the department shall assign the successor employer a rate for the remainder of the rate year by combining the experience of the predecessor employers. If the successor employer is a subject employer prior to the succession, the successor employer may elect to retain the employer's own rate for the remainder of the rate year, or the successor employer may apply to the department to have the employer's rate redetermined by combining the employer's experience with the experience of the predecessor employer or employers. However, if the successor employer is a subject employer prior to the succession and has had a partial transfer of the experience of the predecessor employer or employers approved, then the department shall recompute the successor employer's rate for the remainder of the rate year.

c. (1) A nonconstruction contributory employer newly subject to this chapter shall pay contributions at the rate specified in the twelfth benefit ratio rank but not less than one percent until the end of the calendar year in which the employer's account has been chargeable with benefits for twelve consecutive calendar quarters immediately preceding the computation date.

(2) A construction contributory employer, as defined under rules adopted by the department, which is newly subject to this chapter shall pay contributions at the rate specified in the twenty-first benefit ratio rank until the end of the calendar year in which the employer's account has been chargeable with benefits for twelve consecutive calendar quarters.

(3) Thereafter, the employer's contribution rate shall be determined in accordance with paragraph "d", except that the employer's average annual taxable payroll and benefit ratio may be computed, as determined by the department, for less than five periods of four consecutive calendar quarters immediately preceding the computation date.

d. The department shall determine the contribution rate table to be in effect for the rate year following the computation date, by determining the

ratio of the current reserve fund ratio to the highest benefit cost ratio on the computation date. On or before the fifth day of September the department shall make available to employers the contribution rate table to be in effect for the next rate year.

(1) The current reserve fund ratio is computed by dividing the total funds available for payment of benefits, on the computation date, by the total wages paid in covered employment excluding reimbursable employment wages during the first four calendar quarters of the five calendar quarters immediately preceding the computation date. However, in computing the current reserve fund ratio the following amounts shall be added to the total funds available for payment of benefits on the following computation dates:

- (a) Twenty million dollars on July 1, 2004.
- (b) Seventy million dollars on July 1, 2005.
- (c) One hundred twenty million dollars on July 1, 2006.
- (d) One hundred fifty million dollars on July 1, 2007, and on each subsequent computation date.

(2) The highest benefit cost ratio is the highest of the resulting ratios computed by dividing the total benefits paid, excluding reimbursable benefits paid, during each consecutive twelve-month period, during the ten-year period ending on the computation date, by the total wages, excluding reimbursable employment wages, paid in the four calendar quarters ending nearest and prior to the last day of such twelve-month period; however, the highest benefit cost ratio shall not be less than .02.

If the current reserve fund ratio, divided by the highest benefit cost ratio:

"Benefit ratio" means a number computed to six decimal places on July 1 of each year obtained by dividing the average of all benefits charged to an employer during the five periods of four consecutive calendar quarters immediately preceding the computation date by the employer's average annual taxable payroll.

Each employer qualified for an experience rating shall be assigned a contribution rate for each rate year that corresponds to the employer's benefit ratio rank in the contribution rate table effective for the rate year from the following contribution rate tables. Each employer's benefit ratio

rank shall be computed by listing all the employers by increasing benefit ratios, from the lowest benefit ratio to the highest benefit ratio and grouping the employers so listed into twenty-one separate ranks containing as nearly as possible four and seventy-six hundredths percent of the total taxable wages, excluding reimbursable employment wages, paid in covered employment during

the four completed calendar quarters immediately preceding the computation date. If an employer's taxable wages qualify the employer for two separate benefit ratio ranks the employer shall be afforded the benefit ratio rank assigned the lower contribution rate. Employers with identical benefit ratios shall be assigned to the same benefit ratio rank.

e. The department shall fix the contribution rate for each employer and notify the employer of the rate by regular mail to the last known address of the employer. An employer may appeal to the department for a revision of the contribution rate within thirty days from the date of the notice to the employer. After providing an opportunity for a hearing, the department may affirm, set aside, or modify its former determination and may grant the employer a new contribution rate. The department shall notify the employer of its decision by regular mail. Judicial review of action of the department may be sought pursuant to chapter 17A.

If an employer's account has been charged with benefits as the result of a decision allowing benefits and the decision is reversed, the employer may appeal, within thirty days from the date of the next contribution rate notice, for a recomputation of the rate. If contributions become due at a disputed contribution rate prior to the employer receiving a decision reversing benefits, the employer shall pay the contributions at the disputed rate but shall be eligible for a refund pursuant to section 96.14, subsection 5. If a base period employ-

er's account has been charged with benefits paid to an employee at a time when the employee was employed by the base period employer in the same employment as in the base period, the employer may appeal, within thirty days from the date of the first notice of the employer's contribution rate which is based on the charges, for a recomputation of the rate.

f. If an employer has not filed a contribution and payroll quarterly report, as required pursuant to section 96.11, subsection 6, for a calendar quarter which precedes the computation date and upon which the employer's rate of contribution is computed, the employer's average annual taxable payroll shall be computed by considering the delinquent quarterly reports as containing zero taxable wages.

If a delinquent quarterly report is received by September 30 following the computation date the contribution rate shall be recomputed by using the taxable wages in all the appropriate quarterly reports on file to determine the average annual taxable payroll.

If a delinquent quarterly report is received after

September 30 following the computation date the contribution rate shall not be recomputed, unless the rate is appealed in writing to the department under paragraph "e" and the delinquent quarterly report is also submitted not later than thirty days after the department notifies the employer of the rate under paragraph "e".

3. *Determination and assessment of contributions.*

a. As soon as practicable and in any event within two years after an employer has filed reports, as required pursuant to section 96.11, subsection 6, the department shall examine the reports and determine the correct amount of contributions due, and the amount so determined by the department shall be the contributions payable. If the contributions found due are greater than the amount paid, the department shall send a notice by certified mail to the employer with respect to the additional contributions and interest assessed. A lien shall attach as provided in section 96.14, subsection 3, if the assessment is not paid or appealed within thirty days of the date of the notice of assessment.

b. If the department discovers from the examination of the reports required pursuant to section 96.11, subsection 6, or in some other manner that wages, or any portion of wages, payable for employment, have not been listed in the reports, or that reports were not filed when due, or that reports have been filed showing contributions due but contributions in fact have not been paid, the department shall at any time within five years after the time the reports were due, determine the correct amount of contributions payable, together with interest and any applicable penalty as provided in this chapter. The department shall send a notice by certified mail to the employer of the amount assessed and a lien shall attach as provided in paragraph "a".

c. The certificate of the department to the effect that contributions have not been paid, that reports have not been filed, or that information has not been furnished as required under the provisions of this chapter, is prima facie evidence of the failure to pay contributions, file reports, or furnish information.

4. *Employer liability determination.* The department shall initially determine all questions relating to the liability of an employing unit or employer, including the amount of contribution, the contribution rate, and successorship. A copy of the initial determination shall be sent by regular mail to the last address, according to the records of the department, of each affected employing unit or employer.

The affected employing unit or employer may appeal in writing to the department from the initial determination. An appeal shall not be entertained for any reason by the department unless the appeal is filed with the department within

thirty days from the date on which the initial determination is mailed. If an appeal is not so filed, the initial determination shall with the expiration of the appeal period become final and conclusive in all respects and for all purposes.

A hearing on an appeal shall be conducted according to rules adopted by the department. A copy of the decision of the administrative law judge shall be sent by regular mail to the last address, according to the records of the department, of each affected employing unit or employer.

The department's decision on the appeal shall be final and conclusive as to the liability of the employing unit or employer unless the employing unit or employer files an appeal for judicial review within thirty days after the date of mailing of the decision as provided in subsection 5.

5. *Judicial review.* Notwithstanding chapter 17A, petitions for judicial review may be filed in the district court of the county in which the employer resides, or in which the employer's principal place of business is located, or in the case of a nonresident not maintaining a place of business in this state either in a county in which the wages payable for employment were earned or paid or in Polk county, within thirty days after the date of the notice to the employer of the department's final determination as provided for in subsection 2, 3, or 4.

The petitioner shall file with the clerk of the district court a bond for the use of the respondent, with sureties approved by the clerk, with any penalty to be fixed and approved by the clerk. The bond shall not be less than fifty dollars and shall be conditioned on the petitioner's performance of the orders of the court. In all other respects, the judicial review shall be in accordance with chapter 17A.

6. *Jeopardy assessments.* If the department believes that the collection of contributions payable or benefits reimbursable will be jeopardized by delay, the department may immediately make an assessment of the estimated amount of contributions due or benefits reimbursable, together with interest and applicable penalty, and demand payment from the employer. If the payment is not made, the department may immediately file a lien against the employer which may be followed by the issuance of a distress warrant.

The department shall be permitted to accept a bond from the employer to satisfy collection until the amount of contributions due is determined. The bond shall be in an amount deemed necessary, but not more than double the amount of the contributions involved, with securities satisfactory to the department.

7. *Financing benefits paid to employees of governmental entities.*

a. A governmental entity which is an employer under this chapter shall pay benefits in a manner provided for a reimbursable employer unless the

governmental entity elects to make contributions as a contributory employer. The election shall be effective for a minimum of one calendar year and may be changed if an election is made to become a reimbursable employer prior to December 1 for a minimum of the following calendar year.

However, if on the effective date of the election the governmental entity has a negative balance in its contributory account, the governmental entity shall pay to the fund within a time period determined by the department the amount of the negative balance and shall immediately become liable to reimburse the unemployment compensation fund for benefits paid in lieu of contributions. Regular or extended benefits paid after the effective date of the election, including those based on wages paid while the governmental entity was a contributory employer, shall be billed to the governmental entity as a reimbursable employer.

b. A governmental entity electing to make contributions as a contributory employer, with at least eight consecutive calendar quarters immediately preceding the computation date throughout which the employer's account has been chargeable with benefits, shall be assigned a contribution rate under this paragraph. Contribution rates shall be assigned by listing all governmental contributory employers by decreasing percentages of excess from the highest positive percentage of excess to the highest negative percentage of excess. The employers so listed shall be grouped into seven separate percentage of excess ranks each containing as nearly as possible one-seventh of the total taxable wages of governmental entities eligible to be assigned a rate under this paragraph.

As used in this subsection, "percentage of excess" means a number computed to six decimal places on July 1 of each year obtained by dividing the excess of all contributions attributable to an employer over the sum of all benefits charged to an employer by the employer's average annual payroll. An employer's percentage of excess is a positive number when the total of all contributions paid to an employer's account for all past periods to and including those for the quarter immediately preceding the rate computation date exceeds the total benefits charged to such account for the same period. An employer's percentage of excess is a negative number when the total of all contributions paid to an employer's account for all past periods to and including those for the quarter immediately preceding the rate computation date is less than the total benefits charged to such account for the same period.

As used in this subsection, "average annual taxable payroll" means the average of the total amount of taxable wages paid by an employer for insured work during the three periods of four consecutive calendar quarters immediately preceding the computation date. However, for an employer which qualifies on any computation date for a computed rate on the basis of less than twelve consecu-

tive calendar quarters of chargeability immediately preceding the computation date, "average annual taxable payroll" means the average of the employer's total amount of taxable wages for the two periods of four consecutive calendar quarters immediately preceding the computation date.

The department shall annually calculate a base rate for each calendar year. The base rate is equal to the sum of the benefits charged to governmental contributory employers in the calendar year immediately preceding the computation date plus or minus the difference between the total benefits and contributions paid by governmental contributory employers since January 1, 1980, which sum is divided by the total taxable wages reported by governmental contributory employers during the calendar year immediately preceding the computation date, rounded to the next highest one-tenth of one percent. Excess contributions from the years 1978 and 1979 shall be used to offset benefits paid in any calendar year where total benefits exceed total contributions of governmental contributory employers. The contribution rate as a percentage of taxable wages of the employer shall be assigned as follows:

If the percentage of excess rank is:	The contribution rate shall be:	Approximate cumulative taxable payroll
1	Base Rate - 0.9	14.3
2	Base Rate - 0.6	28.6
3	Base Rate - 0.3	42.9
4	Base Rate	57.2
5	Base Rate + 0.3	71.5
6	Base Rate + 0.6	85.8
7	Base Rate + 0.9	100.0

If a governmental contributory employer is grouped into two separate percentage of excess ranks, the employer shall be assigned the lower contribution rate of the two percentage of excess ranks. Notwithstanding the provisions of this paragraph, a governmental contributory employer shall not be assigned a contribution rate less than one-tenth of one percent of taxable wages unless the employer has a positive percentage of excess greater than five percent.

Governmental entities electing to be contributory employers which are not eligible to be assigned a contribution rate under this paragraph shall be assigned the base rate as a contribution rate for the calendar year.

c. For the purposes of this subsection, "governmental reimbursable employer" means an employer which makes payments to the department for the unemployment compensation fund in an amount equal to the regular and extended benefits paid, which are based on wages paid for service in the employ of the employer. Benefits paid to an eligible individual shall be charged against the base

period employers in the inverse chronological order in which the employment of the individual occurred. However, the amount of benefits charged against an employer for a calendar quarter of the base period shall not exceed the amount of the individual's wage credits based upon employment with that employer during that quarter. At the end of each calendar quarter, the department shall bill each governmental reimbursable employer for benefits paid during that quarter. Payments by a governmental reimbursable employer shall be made in accordance with subsection 8, paragraph "b", subparagraphs (2) through (5).

d. A state agency, board, commission, or department, except a state board of regents institution, shall, after approval of the billing for a governmental reimbursable employer as provided in subsection 8, paragraph "b", submit the billing to the director of the department of administrative services. The director of the department of administrative services shall pay the approved billing out of any funds in the state treasury not otherwise appropriated. A state agency, board, commission, or department shall reimburse the director of the department of administrative services out of any revolving, special, trust, or federal fund from which all or a portion of the billing can be paid, for payments made by the director of the department of administrative services on behalf of the agency, board, commission, or department.

e. If the entire enterprise or business of a reimbursable governmental entity is sold or otherwise transferred to a subsequent employing unit and the acquiring employing unit continues to operate the enterprise or business, the acquiring employing unit shall assume the position of the reimbursable governmental entity with respect to the reimbursable governmental entity's liability to pay the department for reimbursable benefits based on the governmental entity's payroll to the same extent as if no change in the ownership or control of the enterprise or business had occurred, whether or not the acquiring employing unit elected or elects, or was or is eligible to elect, to become a reimbursable employer with respect to the acquiring employing unit's own payroll prior to or after the acquisition of the governmental entity's enterprise or business.

f. If a reimbursable instrumentality of the state or of a political subdivision is discontinued other than by sale or transfer to a subsequent employing unit as described in paragraph "e", the state or the political subdivision, respectively, shall reimburse the department for benefits paid to former employees of the instrumentality after the instrumentality is discontinued.

8. *Financing benefits paid to employees of nonprofit organizations.*

a. A nonprofit organization which is, or becomes, subject to this chapter, shall pay contributions under subsections 1 and 2, unless the non-

profit organization elects, in accordance with this paragraph, to reimburse the unemployment compensation fund for benefits paid in an amount equal to the amount of regular benefits and of one-half of the extended benefits paid, which are based on wages paid for service in the employ of the nonprofit organization during the effective period of the election.

(1) A nonprofit organization may elect to become a reimbursable employer for a period of not less than two calendar years by filing with the department a written notice of its election not later than thirty days prior to the beginning of the calendar year for which the election is to be effective.

(2) A nonprofit organization which makes an election in accordance with subparagraph (1) shall continue to be a reimbursable employer until the nonprofit organization files with the department a written notice terminating its election not later than thirty days prior to the beginning of the calendar year for which the termination is to be effective.

(3) The department may for good cause extend the period within which a notice of election or termination of election must be filed and may permit an election or termination of election to be retroactive.

(4) The department, in accordance with rules, shall notify each nonprofit organization of any determination made by the department of the status of the nonprofit organization as an employer and of the effective date of any election or termination of election. A determination is subject to appeal and review in accordance with subsections 4 and 5.

b. Reimbursements for benefits paid in lieu of contributions shall be made in accordance with the following:

(1) At the end of each calendar quarter, the department shall bill each nonprofit organization which has elected to reimburse the unemployment compensation fund for benefits paid in an amount equal to the full amount of regular benefits and one-half of the amount of extended benefits paid during the quarter which are based on wages paid for service in the employ of the organization. Benefits paid to an individual shall be charged against the base period employers in the inverse chronological order in which the employment of the individual occurred. However, the amount of benefits charged against an employer for a calendar quarter of the base period shall not exceed the amount of the individual's wage credits based upon employment with that employer during that quarter.

(2) The nonprofit organization shall pay the bill not later than thirty days after the bill was mailed or otherwise delivered to the last known address of the nonprofit organization, unless the nonprofit organization has filed an application for redetermination in accordance with subparagraph (4).

(3) Reimbursements made by a nonprofit organization shall not be deducted, in whole or in part, from the wages of individuals in the employ of the nonprofit organization.

(4) The amount due specified in a bill from the department is conclusive unless, not later than fifteen days following the date the bill was mailed or otherwise delivered to the last known address of the nonprofit organization, the nonprofit organization files an application for redetermination with the department setting forth the grounds for the application. The department shall promptly review the amount due specified in the bill and shall issue a redetermination. The redetermination is conclusive on the nonprofit organization unless, not later than thirty days after the redetermination was mailed or otherwise delivered to the last known address of the nonprofit organization, the nonprofit organization files an appeal to the district court pursuant to subsection 5.

(5) The provisions for collection of contributions under section 96.14 are applicable to reimbursements for benefits paid in lieu of contributions.

(6) If the entire enterprise or business of a reimbursable nonprofit organization is sold or otherwise transferred to a subsequent employing unit and the acquiring employing unit continues to operate the enterprise or business, the acquiring employing unit shall assume the position of the reimbursable nonprofit organization with respect to the nonprofit organization's liability to pay the department for reimbursable benefits based on the nonprofit organization's payroll to the same extent as if no change in the ownership or control of the enterprise or business had occurred, whether or not the acquiring employing unit elected or elects, or was or is eligible to elect, to become a reimbursable employer with respect to the acquiring employing unit's own payroll prior to or after the acquisition of the nonprofit organization's enterprise or business.

9. *Indian tribes.*

a. For purposes of this chapter, employment by an Indian tribe shall be covered in the same manner and terms as provided for governmental entities and the same exclusions that are applicable for governmental entities shall also apply.

b. In financing benefits paid to employees of an Indian tribe under this chapter, a contribution rate shall be determined and contributions shall be assessed and collected from an Indian tribe in the same manner provided in this chapter for contributory employers, except that an Indian tribe shall have the option of electing to become a governmental reimbursable employer. An Indian tribe shall have the option to make a separate election as provided in this paragraph for itself and for each subdivision, subsidiary, or business enterprise wholly owned by the Indian tribe. The reimbursable status of an Indian tribe shall be in the same manner, to the same extent, and on the same

terms as are applicable to all governmental reimbursable employers under this chapter.

c. If the department determines that an Indian tribe has failed to make any payment required pursuant to this chapter after providing the Indian tribe with ninety days' notice of this failure, the department may issue a determination that ceases coverage of all employment by that Indian tribe until such time as all payments are received by the department.

10. *Group accounts.* Two or more nonprofit organizations or two or more governmental entities which have become reimbursable employers in accordance with subsection 7 or subsection 8, paragraph "a", may file a joint application to the department for the establishment of a group account for the purpose of sharing the cost of benefits paid which are attributable to service in the employ of the employers. The application shall identify and authorize a group representative to act as the group's agent for the purposes of this subsection. Upon approval of the application, the department shall establish a group account for the employers effective as of the beginning of the calendar quarter in which the department receives the application and shall notify the group's agent of the effective date of the account. The account shall remain in effect for not less than one year until terminated at the discretion of the department or upon application by the group. Upon establishment of the account, each employer member of the group shall be liable for benefit reimbursements in lieu of contributions with respect to each calendar quarter in an amount which bears the same ratio to the total benefits paid in the quarter which are attributable to service performed in the employ of all members of the group, as the total wages paid for service performed in the employ of the member in the quarter bear to the total wages paid for service performed in the employ of all members of the group in the quarter. The department shall adopt rules with respect to applications for establishment, maintenance, and termination of group accounts, for addition of new members to, and withdrawal of active members from group accounts, and for the determination of the amounts which are payable by members of the group and the time and manner of the payments.

11. *Temporary emergency surcharge.* If on the first day of the third month in any calendar quarter, the department has an outstanding balance of interest accrued on advance moneys received from the federal government for the payment of unemployment compensation benefits, or is projected to have an outstanding balance of accruing federal interest for that calendar quarter, the department shall collect a uniform temporary emergency surcharge for that calendar quarter, retroactive to the beginning of that calendar quarter. The surcharge shall be a percentage of employer contribution rates and shall be set at a uniform percentage, for all employers subject to the

surcharge, necessary to pay the interest accrued on the moneys advanced to the department by the federal government, and to pay any additional federal interest which will accrue for the remainder of that calendar quarter. The surcharge shall apply to all employers except governmental entities, nonprofit organizations, and employers assigned a zero contribution rate. The department shall adopt rules prescribing the manner in which the surcharge will be collected. Interest shall accrue on all unpaid surcharges under this subsection at the same rate as on regular contributions and shall be collectible in the same manner. The surcharge shall not affect the computation of regular contributions under this chapter.

A special fund to be known as the temporary emergency surcharge fund is created in the state treasury. The special fund is separate and distinct from the unemployment compensation fund. All contributions collected from the temporary emergency surcharge shall be deposited in the special fund. The special fund shall be used only to pay interest accruing on advance moneys received from the federal government for the payment of unemployment compensation benefits. Interest earned upon moneys in the special fund shall be deposited in and credited to the special fund.

If the department determines on June 1 that no outstanding balance of interest due has accrued on advanced moneys received from the federal government for the payment of unemployment compensation benefits, and that no outstanding balance is projected to accrue for the remainder of the calendar year, the department shall notify the treasurer of state of its determination. The treasurer of state shall immediately transfer all moneys, including accrued interest, in the temporary emergency surcharge fund to the unemployment compensation fund for the payment of benefits.

Subsection 2, paragraph a, subparagraph (2), NEW subparagraph division (e)

96.9 Unemployment compensation fund.

1. *Establishment and control.* There is hereby established as a special fund, separate and apart from all public moneys or funds of this state, an unemployment compensation fund, which shall be administered by the department exclusively for the purposes of this chapter. This fund shall consist of:

- a. All contributions collected under this chapter,
- b. Interest earned upon any moneys in the fund,
- c. Any property or securities acquired through the use of moneys belonging to the fund,
- d. All earnings of such property or securities, and
- e. All money credited to this state's account in the unemployment trust fund pursuant to section 903 of the Social Security Act, codified at 42 U.S.C.

§ 501 – 503, 1103 – 1105, 1321 – 1324. All moneys in the unemployment compensation fund shall be mingled and undivided.

2. *Accounts and deposits.*

a. The state treasurer shall be ex officio treasurer and custodian of the fund and shall administer such fund in accordance with the directions of the department. The director of the department of administrative services shall issue warrants upon the fund pursuant to the order of the department and such warrants shall be paid from the fund by the treasurer.

b. The treasurer shall maintain within the fund three separate accounts:

- (1) A clearing account.
- (2) An unemployment trust fund account.
- (3) A benefit account.

c. All moneys payable to the unemployment compensation fund and all interest and penalties on delinquent contributions and reports shall, upon receipt thereof by the department, be forwarded to the treasurer who shall immediately deposit them in the clearing account, but the interest and penalties on delinquent contributions and reports shall not be deemed to be a part of the fund. Refunds of contributions payable pursuant to section 96.14 shall be paid by the treasurer from the clearing account upon warrants issued by the director of the department of administrative services under the direction of the department. After clearance thereof, all other moneys in the clearing account, except interest and penalties on delinquent contributions and reports, shall be immediately deposited with the secretary of the treasury of the United States to the credit of the account of this state in the unemployment trust fund, established and maintained pursuant to section 904 of the Social Security Act as amended, any provisions of law in this state relating to the deposit, administration, release or disbursement of moneys in the possession or custody of this state to the contrary notwithstanding. Interest and penalties on delinquent contributions and reports collected from employers shall be transferred from the clearing account to the special employment security contingency fund. The benefit account shall consist of all moneys requisitioned from this state's account in the unemployment trust fund for the payment of benefits. Except as herein otherwise provided, moneys in the clearing and benefit account may be deposited by the treasurer, under the direction of the department, in any bank or public depository in which general funds of the state may be deposited, but no public deposit insurance charge or premium shall be paid out of the fund. The treasurer shall give a separate bond conditioned upon the faithful performance of the treasurer's duties as custodian of the fund in an amount fixed by the governor and in form and manner prescribed by law. Premiums for said bond shall be paid from the administration fund.

d. Interest paid upon the moneys deposited with the secretary of the treasury of the United States shall be credited to the unemployment compensation fund.

3. *Withdrawals.* Moneys shall be requisitioned from this state's account in the unemployment trust fund solely for the payment of benefits and in accordance with regulations prescribed by the department, except that money credited to this state's account pursuant to section 903 of the Social Security Act may, subject to the conditions prescribed in subsection 4 of this section, be used for the payment of expenses incurred for the administration of this chapter. The department shall from time to time requisition from the unemployment trust fund such amounts, not exceeding the amounts standing to the account of this state therein, as the department deems necessary for the payment of benefits for a reasonable future period. Upon receipt thereof the treasurer shall deposit such moneys in the benefit account, and shall disburse such moneys upon warrants drawn by the director of the department of administrative services pursuant to the order of the department for the payment of benefits solely from such benefit account. Expenditures of such moneys from the benefit account and refunds from the clearing account shall not be subject to any provisions of law requiring specific appropriations or other formal release by state officers of money in their custody. All warrants issued by the director of the department of administrative services for the payment of benefits and refunds shall bear the signature of the director of the department of administrative services. Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which such sums were requisitioned shall either be deducted from estimates for, and may be utilized for the payment of, benefits during succeeding periods, or, in the discretion of the department, shall be redeposited with the secretary of the treasury of the United States, to the credit of this state's account in the unemployment trust fund, as provided in subsection 2 of this section.

4. *Money credited under section 903 of the Social Security Act.*

a. Money credited to the account of this state in the unemployment trust fund by the secretary of the treasury of the United States pursuant to section 903 of the Social Security Act may not be requisitioned from this state's account or used except for the payment of benefits and for the payment of expenses incurred for the administration of this chapter. Such money may be requisitioned pursuant to subsection 3 of this section for the payment of benefits. Such money may also be requisitioned and used for the payment of expenses incurred for the administration of this chapter but only pursuant to a specific appropriation by the legislature and only if the expenses are incurred

and the money is requisitioned after the enactment of an appropriation law which (1) specifies the purposes for which such money is appropriated and the amounts appropriated therefor, (2) limits the period within which such money may be obligated to a period ending not more than two years after the date of the enactment of the appropriation law, and (3) limits the amount which may be obligated during a twelve-month period beginning on July 1 and ending on the next June 30 to an amount which does not exceed the amount by which the aggregate of the amounts transferred to the account of this state pursuant to section 903 of the Social Security Act exceeds the aggregate of the amounts used by this state pursuant to this chapter and charged against the amounts transferred to the account of this state during the same twelve-month period. For purposes of this subsection, amounts used by this state for administration shall be chargeable against transferred amounts at the exact time the obligation is entered into. The use of money appropriated under this subsection shall be accounted for in accordance with standards established by the United States secretary of labor.

b. Money requisitioned as provided herein for the payment of expenses of administration shall be deposited in the employment security administration fund, but, until expended, shall remain a part of the unemployment compensation fund. The treasurer of state shall maintain a separate record of the deposit, obligation, expenditure, and return of funds so deposited. Any money so deposited which either will not be obligated within the period specified by the appropriation law or remains unobligated at the end of the period, and any money which has been obligated within the period but will not be expended, shall be returned promptly to the account of this state in the unemployment trust fund.

5. *Administration expenses excluded.* Any amount credited to this state's account in the unemployment trust fund under section 903 of the Social Security Act which has been appropriated for expenses of administration pursuant to subsection 4 of this section, whether or not withdrawn from such account, shall not be deemed assets of the unemployment compensation fund for the purpose of computing contribution rates under section 96.7, subsection 3, of this chapter.

6. *Management of funds in the event of discontinuance of unemployment trust fund.* The provisions of subsections 1, 2, and 3 to the extent that they relate to the unemployment trust fund shall be operative only so long as such unemployment trust fund continues to exist and so long as the secretary of the treasury of the United States continues to maintain for this state a separate book account of all funds deposited therein by this state for benefit purposes, together with this state's proportionate share of the earnings of such unemployment trust fund, from which no other state is

permitted to make withdrawals. If and when such unemployment trust fund ceases to exist, or such separate book account is no longer maintained, all moneys, properties, or securities therein, belonging to the unemployment compensation fund of this state shall be transferred to the treasurer of the unemployment compensation fund, who shall hold, invest, transfer, sell, deposit, and release such moneys, properties, or securities in a manner approved by the director, treasurer of state, and governor, in accordance with the provisions of this chapter: Provided, that such moneys shall be invested in the following readily marketable classes of securities; such securities as are authorized by the laws of the state of Iowa for the investment of trust funds. The treasurer shall dispose of securities and other properties belonging to the unemployment compensation fund only under the direction of the director, treasurer of state, and governor.

7. *Cancellation of warrants.* The director of the department of administrative services, as of January 1, April 1, July 1, and October 1 of each year, shall stop payment on all warrants for the payment of benefits which have been outstanding and unredeemed by the state treasurer for six months or longer. Should the original warrants subsequently be presented for payment, warrants in lieu thereof shall be issued by the director of the department of administrative services at the discretion of and certification by the department.

8. *Unemployment compensation reserve fund.*

a. A special fund to be known as the unemployment compensation reserve fund is created in the state treasury. The reserve fund is separate and distinct from the unemployment compensation fund. All moneys collected as reserve contributions, as defined in paragraph "b", shall be deposited in the reserve fund. The moneys in the reserve fund may be used for the payment of unemployment benefits and shall remain available for expenditure in accordance with the provisions of this subsection. The treasurer of state shall be the custodian of the reserve fund and shall disburse the moneys in the reserve fund in accordance with this subsection and the directions of the director of the department of workforce development.

b. If the balance in the reserve fund on July 1 of the preceding calendar year for calendar year 2004 and each year thereafter is less than one hundred fifty million dollars, a percentage of contributions, as determined by the director, shall be deemed to be reserve contributions for the following calendar year. If the percentage of contributions, termed the reserve contribution tax rate, is not zero percent as determined pursuant to this subsection, the combined tax rate of contributions to the unemployment compensation fund and to the unemployment compensation reserve fund shall be divided so that a minimum of fifty percent of the combined tax rate equals the unemployment

contribution tax rate and a maximum of fifty percent of the combined tax rate equals the reserve contribution tax rate except for employers who are assigned a combined tax rate of five and four-tenths. For those employers, the reserve contribution tax rate shall equal zero and their combined tax rate shall equal their unemployment contribution rate. When the reserve contribution tax rate is determined to be zero percent, the unemployment contribution rate for all employers shall equal one hundred percent of the combined tax rate. The reserve contributions collected in any calendar year shall not exceed fifty million dollars. The provisions for collection of contributions under section 96.14 are applicable to the collection of reserve contributions. Reserve contributions shall not be deducted in whole or in part by any employer from the wages of individuals in its employ. All moneys collected as reserve contributions shall not become part of the unemployment compensation fund but shall be deposited in the reserve fund created in this subsection.

c. Moneys in the reserve fund shall only be used to pay unemployment benefits to the extent moneys in the unemployment compensation fund are insufficient to pay benefits during a calendar quarter.

d. The interest earned on the moneys in the reserve fund shall be deposited in and credited to the reserve fund.

e. Moneys from interest earned on the unemployment compensation reserve fund shall be used by the department only upon appropriation by the general assembly and for administrative costs to collect the reserve contributions.

2009 Acts, ch 41, §30
Subsection 1, paragraph e amended

96.14 Priority — refunds.

1. *Interest.* Any employer who shall fail to pay any contribution and at the time required by this chapter and the rules of the department shall pay to the department in addition to such contribution, interest thereon at the rate of one percent per month and one-thirtieth of one percent for each day or fraction thereof computed from the date upon which said contribution should have been paid.

2. *Penalties.* Any employer who shall fail to file a report of wages paid to each of the employer's employees for any period in the manner and within the time required by this chapter and the rules of the department or any employer who the department finds has filed an insufficient report and fails to file a sufficient report within thirty days after a written request from the department to do so shall pay a penalty to the department.

a. The penalty shall become effective with the first day the report is delinquent or, where a report is insufficient, with the thirty-first day following the written request for a sufficient report.

b. The penalty for failing to file a sufficient report shall be in addition to any penalty incurred for a delinquent report where the delinquent report is also insufficient.

c. The amount of the penalty for delinquent and insufficient reports shall be computed based on total wages in the period for which the report was due and shall be computed as follows:

Days Delinquent or Insufficient	Penalty Rate
1 – 60	0.1%
61 – 120	0.2%
121 – 180	0.3%
181 – 240	0.4%
241 or over	0.5%

d. A penalty shall not be less than thirty-five dollars for each delinquent or insufficient report. Interest, penalties, and cost shall be collected by the department in the same manner as provided by this chapter for contributions.

e. If the department finds that any employer has willfully failed to pay any contribution or part thereof when required by this chapter and the rules of the department, with intent to defraud the department, then such employer shall in addition to such contribution or part thereof, pay a contribution equal to fifty percent of the amount of such contribution or part thereof, as the case may be.

f. If any tendered payment of any amount due in the form of a check, draft, or money order is not honored when presented to a financial institution, any costs assessed to the department by the financial institution and a fee of thirty dollars shall be assessed to the employer.

g. The department may cancel any interest or penalties if it is shown to the satisfaction of the department that the failure to pay a required contribution or to file a required report was not the result of negligence, fraud, or intentional disregard of the law or the rules of the department.

3. *Lien of contributions — collection.*

a. Whenever any employer liable to pay contributions refuses or neglects to pay the same, the amount, including any interest, together with the costs that may accrue in addition thereto, shall be a lien in favor of the state upon all property and rights to property, whether real or personal, belonging to said employer. An assessment of the unpaid contributions, interest and penalty shall be applied as provided in section 96.7, subsection 3, paragraphs “a” and “b”, and the lien shall attach as of the date the assessment is mailed or personally served upon the employer and shall continue for ten years, or until the liability for the amount is satisfied, unless sooner released or otherwise discharged. The lien may, within ten years from the date the lien attaches, be extended for up to an additional ten years by filing a notice during the ninth year with the appropriate county official of

any county. However, the department may release any lien, when after diligent investigation and effort it determines that the amount due is not collectible.

b. In order to preserve the aforesaid lien against subsequent mortgagees, purchasers or judgment creditors, for value and without notice of the lien, on any property situated in a county, the department shall file with the recorder of the county, in which said property is located, a notice of said lien.

c. The county recorder of each county shall prepare and keep in the recorder’s office an index containing the applicable entries specified in sections 558.49 and 558.52 and showing the following data, under the names of employers, arranged alphabetically:

- (1) The name of the employer.
- (2) The name “State of Iowa” as claimant.
- (3) Time notice of lien was filed for recording.
- (4) Date of notice.
- (5) Amount of lien then due.
- (6) When satisfied.

d. The recorder shall endorse on each notice of lien the day, hour, and minute when filed for recording and the document reference number, shall index the notice in the index and shall record the lien in the manner provided for recording real estate mortgages. The lien is effective from the time of the indexing of the lien.

e. The department shall pay recording fees as provided in section 331.604, for the recording of the lien, or for its satisfaction.

f. Upon the payment of contributions as to which the department has filed notice with a county recorder, the department shall forthwith file with said recorder a satisfaction of said contributions and the recorder shall enter said satisfaction on the notice on file in the recorder’s office and indicate said fact on the index aforesaid.

g. The department shall, substantially as provided in this chapter and chapter 626, proceed to collect all contributions as soon as practicable after they become delinquent, except that no property of the employer is exempt from payment of the contributions.

h. If, after due notice, any employer defaults in any payment of contributions or interest thereon, the amount due may be collected by civil action in the name of the department and the employer adjudged in default shall pay the costs of such action. Civil actions brought under this section to collect contributions or interest thereon from an employer shall be heard by the court at the earliest possible date and shall be entitled to preference upon the calendar of the court over all other civil actions except petitions for judicial review under this chapter and cases arising under the workers’ compensation law of this state.

i. It is expressly provided that the foregoing remedies of the state shall be cumulative and that

no action taken by the department shall be construed to be an election on the part of the state or any of its officers to pursue any remedy hereunder to the exclusion of any other remedy provided by law.

j. The courts of this state shall recognize and enforce liabilities for unemployment contributions, penalties, interest, and benefit overpayments imposed by other states which extend a like comity to this state. The department may sue in the courts of any other jurisdiction which extends such comity to collect unemployment contributions, penalties, interest, and benefit overpayments due this state. The officials of other states which, by statute or otherwise, extend a like comity to this state may sue in the district court to collect for such contributions, penalties, interest, and benefit overpayments. In any such case the director, as agent for and on behalf of any other state, may institute and conduct such suit for such other state. Venue of such proceedings shall be the same as for actions to collect delinquent contributions, penalties, interest, and benefit overpayments due under this chapter. A certificate by the secretary of any such state attesting the authority of such official to collect the contributions, penalties, interest, and benefit overpayments, is conclusive evidence of such authority. The requesting state shall pay the court costs.

k. If a political subdivision or a political subdivision instrumentality becomes delinquent in the payment of contributions, any payments owed as a government employer, penalty, interest and costs for more than two calendar quarters, the amount of such delinquency shall be deducted from any further moneys due the employer by the state. Such deduction shall be made by the director of the department of administrative services upon certification of the amount due. A copy of the certification will be mailed to the employer.

l. If an amount due from a governmental entity of this state remains due and unpaid for a period of one hundred twenty days after the due date, the director shall take action as necessary to collect the amount and shall levy against any funds due the governmental entity from the state treasurer, director of the department of administrative services, or any other official or agency of this state, or against an account established by the entity in any bank. The official, agency, or bank shall deduct the amount certified by the director from any accounts or deposits or any funds due the delinquent governmental entity without regard to any prior claim and shall promptly forward the amount to the director for the fund. However, the director shall notify the delinquent entity of the director's intent to file a levy by certified mail at least ten days prior to filing the levy on any funds due the entity from any state official or agency.

4. Priorities under legal dissolutions or distributions. In the event of any distribution of an employer's assets pursuant to an order of any

court under the laws of this state, including any receivership, assignment for benefit of creditors, adjudicated insolvency, composition, or similar proceeding, contributions then or thereafter due shall be paid in full prior to all other claims except taxes and claims for wages preferred as provided by statute. In the event of an employer's adjudication in bankruptcy, judicially confirmed extension proposal, or composition, under the federal Bankruptcy Act of 1898, as amended, contributions then or thereafter due shall be entitled to such priority as is provided in section 64 "a" of that Act [11 U.S.C. § 104 "b", as amended].

5. Refunds, compromises and settlements. If the department finds that an employer has paid contributions, interest on contributions, or penalties, which have been erroneously paid or if the employer has overpaid contributions because the employer's contribution rate was subsequently reduced pursuant to section 96.7, subsection 2, paragraph "e", solely due to benefits initially charged against but later removed from an employer's account, and the employer has filed an application for refund, the department shall refund the erroneous payment or overpayment. Refunds so made shall be charged to the fund to which the collections have been credited, and shall be paid to the employer without interest. A claim for refund shall be made within three years from the date of payment. For like cause, refunds, compromises, and settlements may be made by the department on its own initiative within three years of the date of the payment or assessment. If the department finds that the contribution that has been assessed against an employer is of doubtful collectibility or may not be collected in full, the department may institute a proceeding in the district court in the county in which the employer against which the tax is levied is located, requesting authority to compromise the contribution. Notice of the filing of an application shall be given to the interested parties as the court may prescribe. The court upon hearing may authorize the department to compromise and settle its claim for the contribution and shall fix the amount to be received by the department in full settlement of the claim and shall authorize the release of the department's lien for the contribution.

6. Nonresident employing units. Any employing unit which is a nonresident of the state of Iowa and for which services are performed in insured work within the state of Iowa and any resident employer for which such services are performed and who thereafter leaves the state of Iowa by having such services performed within the state of Iowa shall be deemed:

a. To agree that such employing unit shall be subject to the jurisdiction of the district court of the state of Iowa over all civil actions and proceedings against such employing unit for all purposes of this chapter, and

b. To appoint the secretary of state of this state

as its lawful attorney upon whom may be served all original notices of suit and other legal processes pertaining to such actions and proceedings, and

c. To agree that any original notice of suit or any other legal process so served upon such non-resident employing unit shall be of the same legal force and validity as if personally served on it in this state.

7. *Original notice — form.* The original notice of suit filed with the secretary of state shall be in form and substance the same as now provided in suits against residents of this state, except that the part of the notice pertaining to the return day shall be in substantially the following form:

And unless you appear and defend in the district court of Iowa in and for county at the courthouse in, Iowa, before noon of the sixtieth day following the filing of this notice with the secretary of state of this state, you will be adjudged in default, your default entered of record, and judgment rendered against you for the relief sought in plaintiff's petition.

8. *Manner of service.* Plaintiff in any such action shall cause the original notice of suit to be served as follows:

a. By filing a copy of said original notice of suit with said secretary of state, together with a fee of four dollars, and

b. By mailing to the defendant, and to each of the defendants if more than one, within ten days after said filing with the secretary of state, by restricted certified mail addressed to the defendant at the defendant's last known residence or place of abode, a notification of the said filing with the secretary of state.

9. *Notification to nonresident — form.* The notification, provided for in subsection 7, shall be in substantially the following form, to wit:

You will take notice that an original notice of suit against you, a copy of which is hereto attached, was duly served upon you at Des Moines, Iowa, by filing a copy of said notice on the day of (month), (year), with the secretary of state of the state of Iowa.

Dated at, Iowa, this day of (month), (year).

Attorney for Plaintiff.

10. *Optional notification.* In lieu of mailing said notification to the defendant in a foreign state, plaintiff may cause said notification to be personally served in the foreign state on the defen-

dant by any adult person not a party to the suit, by delivering said notification to the defendant or by offering to make such delivery in case defendant refuses to accept delivery.

11. *Proof of service.* Proof of the filing of a copy of said original notice of suit with the secretary of state, and proof of the mailing or personal delivery of said notification to said nonresident shall be made by affidavit of the party doing said acts. All affidavits of service shall be endorsed upon or attached to the originals of the papers to which they relate. All proofs of service, including the restricted certified mail return receipt, shall be forthwith filed with the clerk of the district court.

12. *Actual service within this state.* The foregoing provisions relative to service of original notice of suit on nonresidents shall not be deemed to prevent actual personal service in this state upon the nonresident in the time, manner, form, and under the conditions provided for service on residents.

13. *Venue of actions.* Actions against nonresidents as contemplated by this law may be brought in Polk county, or in the county in which such services were performed.

14. *Continuances.* The court in which such action is pending shall grant such continuances to a nonresident defendant as may be necessary to afford the defendant reasonable opportunity to defend said action.

15. *Duty of secretary of state.* The secretary of state shall keep a record of all notices of suit filed with the secretary, shall not permit said filed notices to be taken from the secretary's office except on an order of court, and shall, on request, and without fee, furnish any defendant with a certified copy of the notice in which the person is a defendant.

16. *Injunction upon nonpayment.* Any employer or employing unit refusing or failing to make and file required reports or to pay any contributions, interest or penalty under the provisions of this chapter, after ten days' written notice sent by the department to the employer's or employing unit's last known address by certified mail, may be enjoined from operating any business in the state while in violation of this chapter upon the complaint of the department in the district court of a county in which the employer or employing unit has or had a place of business within the state, and any temporary injunction enjoining the continuance of such business may be granted without notice and without a bond being required from the department. Such injunction may enjoin any employer or employing unit from operating a business unit until the delinquent contributions, interest or penalties shall have been made and filed or paid; or the employer shall have furnished a good and sufficient bond conditioned upon the payment of such delinquencies in such an amount and containing such terms as may be determined

by the court; or the employer has entered into a plan for the liquidation of such delinquencies as the court may approve, provided that such injunction may be reinstated upon the employer's failure to comply with the terms of said plan.

17. *Employer subpoena cost and penalty.* An employer who is served with a subpoena pursuant to section 96.11, subsection 7, for the investigation of an employer liability issue, to complete audits, to secure reports, or to assess contributions shall pay all costs associated with the subpoena, including service fees and court costs. The department shall penalize an employer in the amount of two hundred fifty dollars if that employer refused to honor a subpoena or negligently failed to honor a subpoena. The cost of the subpoena and any penalty shall be collected in the manner provided in subsection 3 of this section.

Provided, however, that if an employer subject to contributions solely because of the terms of this subsection shall establish proper proof to the satisfaction of the department that the employer's employees have been and will be duly covered and insured under the unemployment compensation law of another jurisdiction such employer shall not be deemed an employer and such services shall not be deemed employment under this chapter.

In determining the aggregate amount of wages paid statewide, the department shall disregard any limitation on the amount of wages subject to contributions under this chapter.

37. “Taxable wages” means an amount of wages upon which an employer is required to contribute based upon wages which have been paid during a calendar year to an individual by an employer or the employer’s predecessor, in this state or another state which extends a like comity to this state, with respect to employment, upon which the employer is required to contribute, which equals the greater of the following:

a. Sixty-six and two-thirds percent of the statewide average weekly wage which was used during the previous calendar year to determine maximum weekly benefit amounts, multiplied by fifty-two and rounded to the next highest multiple of one hundred dollars.

b. That portion of wages subject to a tax under a federal law imposing a tax against which credit may be taken for contributions required to be paid into a state unemployment compensation fund.

38. “Total and partial unemployment”.

a. An individual shall be deemed “totally unemployed” in any week with respect to which no wages are payable to the individual and during which the individual performs no services.

b. An individual shall be deemed partially unemployed in any week in which either of the following apply:

earns less than the individual's weekly benefit amount plus fifteen dollars.

(2) The individual, having been separated from the individual's regular job, earns at odd jobs less than the individual's weekly benefit amount plus fifteen dollars.

c. An individual shall be deemed temporarily unemployed if for a period, verified by the department, not to exceed four consecutive weeks, the individual is unemployed due to a plant shutdown, vacation, inventory, lack of work or emergency from the individual's regular job or trade in which the individual worked full-time and will again work full-time, if the individual's employment, although temporarily suspended, has not been terminated.

The reasonable cash value of remuneration in any medium other than cash, shall be estimated and determined in accordance with rules prescribed by the department. Wages payable to an individual for insured work performed prior to January 1, 1941, shall, for the purposes of sections 96.3, 96.4, and this section, be deemed to be wages paid within the calendar quarter with respect to which such wages were payable.

The term wages shall not include:

a. The amount of any payment, including any amount paid by an employer for insurance or annuities or into a fund to provide for such payment, made to or on behalf of an employee or any of the employee's dependents under a plan or system established by an employer which makes provisions for the employer's employees generally, or for the employer's employees generally and their dependents, or for a class, or classes of the employer's employees, or for a class or classes of the employer's employees and their dependents, on account of retirement, sickness, accident disability, medical or hospitalization expense in connection with sickness or accident disability, or death.

e. Any portion of the remuneration to a member of a limited liability company based on a membership interest in the company provided that the remuneration is allocated among members, and among classes of members, in proportion to their respective investments in the company. 43. "*Weekly benefit amount*". An individual's "*weekly benefit amount*" means the amount of benefits the individual would be entitled to receive for one week of total unemployment. 96.20 Reciprocal benefit arrangements.

1. The department is hereby authorized to enter into arrangements with the appropriate agencies of other states, or a contiguous country with which the United States has an agreement with respect to unemployment compensation or the federal government whereby potential rights to benefits accumulated under the unemployment compensation laws of several states or under such a law of the federal government, or both, may constitute the basis for the payment of benefits through a single appropriate agency under terms which the department finds will be fair and reasonable as to all affected interests and will not result in any substantial loss to the fund.

2. The department may enter into arrangements with the appropriate agencies of other states, or a contiguous country with which the United States has an agreement with respect to unemployment compensation or of the federal government (a) whereby wages or services, upon the basis of which an individual may become entitled to benefits under the unemployment compensation law of another state or of the federal government, shall be deemed to be wages for employment by employers for the purposes of section 96.3 and section 96.4, subsection 5; provided such other state agency or agency of the federal government

has agreed to reimburse the fund for such portion of benefits paid under this chapter upon the basis of such wages or services as the department finds will be fair and reasonable as to all affected interests, and (b) whereby the department will reimburse other state or federal agencies charged with the administration of unemployment compensation laws with such reasonable portion of benefits, paid under the law of any such other states or of the federal government upon the basis of employment or wages for employment by employers, as the department finds will be fair and reasonable as to all affected interests. Reimbursements so payable shall be deemed to be benefits for the purposes of section 96.3, subsection 5, paragraph “a”, and section 96.9, but no reimbursement so payable shall be charged against any employer’s account for the purposes of section 96.7, unless wages so transferred are sufficient to establish a valid claim in Iowa, and that such charges shall not exceed the amount that would have been charged on the basis of a valid claim. The department is hereby authorized to make to other state or federal agencies and receive from such other state or federal agencies, reimbursements from or to the fund, in accordance with arrangements pursuant to this section. The department shall participate in any arrangements for the payment of compensation on the basis of combining an individual’s wages and employment covered under this Act with the individual’s wages and employment covered under the unemployment compensation laws of other states which are approved by the United States secretary of labor in consultation with the state unemployment compensation agencies as reasonably calculated to assure the prompt and full payment of compensation in such situations and which include provisions for: Applying the base period of a single state law to a claim involving the combining of an individual’s wages and employment covered under two or more state unemployment compensation laws, and avoiding the duplication use of wages and employment by reason of such combining.

3. The department is hereby authorized to enter into agreements with the appropriate agencies of other states, or a contiguous country with which the United States has an agreement with respect to unemployment compensation or the federal government administering unemployment compensation laws to provide that contributions on wages for services performed by an individual in more than one state for the same employer may be paid to the appropriate agency of one state.

Subsection 2 amended

96.23 Base period exclusion.

1. The department shall exclude three or more calendar quarters from an individual’s base period, as defined in section 96.19, subsection 3, if the individual received workers’ compensation bene-

fits for temporary total disability or during a healing period under section 85.33, section 85.34, subsection 1, or section 85A.17 or indemnity insurance benefits during those three or more calendar quarters, if one of the following conditions applies to the individual’s base period:

a. The individual did not receive wages from insured work for three calendar quarters.

b. The individual did not receive wages from insured work for two calendar quarters and did not receive wages from insured work for another calendar quarter equal to or greater than the amount required for a calendar quarter, other than the calendar quarter in which the individual’s wages were highest, under section 96.4, subsection 4, paragraph “a”.

2. The department shall substitute, in lieu of the three or more calendar quarters excluded from the base period, those three or more consecutive calendar quarters, immediately preceding the base period, in which the individual did not receive such workers’ compensation benefits or indemnity insurance benefits.

Subsection 1, paragraph b amended

96.40 Voluntary shared work program.

1. An employer who wishes to participate in the shared work unemployment compensation program established under this section shall submit a written shared work plan in a form acceptable to the department for approval.

a. As a condition for approval by the department, a participating employer shall agree to furnish the department with reports relating to the operation of the shared work plan as requested by the department.

b. The employer shall monitor and evaluate the operation of the established shared work plan as requested by the department and shall report the findings to the department.

2. The department may approve a shared work plan if all of the following conditions are met:

a. The employer has filed all reports required to be filed under this chapter for all past and current periods and has paid all contributions due for all past and current periods.

b. The plan certifies that the aggregate reduction in work hours is in lieu of temporary layoffs which would have affected at least ten percent of the employees in the affected unit or units to which the plan applies and which would have resulted in an equivalent reduction in work hours. “Affected unit” means a specified plant, department, shift, or other definable unit.

c. The employees in the affected unit are identified by name and social security number and consist of at least five individuals.

d. The shared work plan reduces the normal weekly hours of work for an employee in the affected unit by not less than twenty percent and not more than fifty percent with a corresponding re-

duction in wages. Only full-time employees who normally work between thirty-five and forty hours per week are eligible to participate.

e. The reduction in hours and corresponding reduction in wages must be applied equally to all of the full-time employees in the affected unit.

f. The plan provides that fringe benefits will continue to be provided to employees in affected units as though their workweeks had not been reduced.

g. The plan will not serve as a subsidy of seasonal employment during the off season, nor as a subsidy of temporary part-time or intermittent employment.

h. The employer certifies that the employer will not hire additional part-time or full-time employees for the affected work force while the program is in operation.

i. The duration of the shared work plan will not exceed fifty-two weeks. An employing unit is eligible for approval of only one plan during a twenty-four-month period.

j. The plan is approved in writing by the collective bargaining representative for each employee organization or union which has members in the affected unit.

3. The employer shall submit a shared work plan to the department for approval at least thirty days prior to the proposed implementation date.

4. The department may revoke approval of a shared work plan and terminate the plan if the department determines that the shared work plan is not being executed according to the terms and intent of the shared work unemployment compensation program, or if it is determined by the department that the approval of the shared work plan was based, in whole or in part, upon information contained in the plan which was either false or substantially misleading.

5. An individual who is otherwise entitled to receive regular unemployment compensation benefits under this chapter shall be eligible to receive shared work benefits with respect to any week in which the department finds all of the following:

a. The individual is employed as a member of an affected unit subject to a shared work plan that was approved before the week in question and is in effect for that week.

b. The individual is able to work, available for work, and works all available hours with the participating employer.

c. The individual's normal weekly hours of work have been reduced by at least twenty percent but not more than fifty percent, with a corresponding reduction in wages.

6. The department shall not deny shared work benefits for any week to an otherwise eligible individual by reason of the application of any provision of this chapter which relates to availability for

work, active search for work, or refusal to apply for or accept work with an employer other than the participating employer under the plan.

7. The department shall pay an individual who is eligible for shared work benefits under this section a weekly shared work benefit amount equal to the individual's regular weekly benefit amount for a period of total unemployment, less any deductible amounts under this chapter except wages received from any employer, multiplied by the full percentage of reduction in the individual's hours as set forth in the employer's shared work plan. If the shared work benefit amount calculated under this subsection is not a multiple of one dollar, the department shall round the amount so calculated to the next lowest multiple of one dollar. An individual shall be ineligible for shared work benefits for any week in which the individual performs paid work for the participating employer in excess of the reduced hours established under the shared work plan.

8. An individual shall not be entitled to receive shared work benefits and regular unemployment compensation benefits in an aggregate amount which exceeds the maximum total amount of benefits payable to that individual in a benefit year as provided under section 96.3, subsection 5, paragraph "a".

9. *a.* Notwithstanding any other provisions of this chapter, all benefits paid under a shared work plan, which are chargeable to the participating employer or any other base period employer of a participating employee, shall be charged to the account of the participating employer under the plan.

b. An employer may provide as part of the plan a training program the employees may attend during the hours that have been reduced. If the employer is able to show that the training program will provide a substantive increase in the workplace and employability skills of the employee so as to reduce the potential for future periods of unemployment, the department shall relieve the employer of charges for benefits paid to the individual attending training under the plan. The employee may attend the training at the work site utilizing internal resources, provided the training is outside of the normal course of employment, or in conjunction with an educational institution.

10. An individual who has received all of the shared work benefits and regular unemployment compensation benefits available in a benefit year shall be considered an exhaustee, as defined in section 96.19, subsection 20, for purposes of the extended benefit program administered pursuant to section 96.29.

19A. “*Retirement system*” means the retirement plan as contained in this chapter or as duly amended.

20. “*Service*” means service under this chapter by an employee, except an elected official, for which the employee is paid covered wages. Service shall also mean the following:

a. Service in the armed forces of the United States, if the employee was employed by a covered employer immediately prior to entry into the armed forces, and if any of the following requirements are met:

(1) The employee was released from service and returns to covered employment with an employer within twelve months of the date on which the employee has the right of release from service or within a longer period as required by the applicable laws of the United States.

(2) The employee, while serving on active duty in the armed forces of the United States in an area designated by the president of the United States or the United States Congress as a combat zone or

as a qualified hazardous duty area, or deployed outside the United States away from the individual’s permanent duty station while participating in an operation designated by the United States secretary of defense as a contingency operation as defined in 10 U.S.C. § 101(a)(13), or which became such a contingency operation by the operation of law, dies, or suffers an injury or acquires a disease resulting in death, so long as the death from the injury or disease occurs within a two-year period from the date the employee suffered the active duty injury or disease and the active duty injury or disease prevented the employee from returning to covered employment as provided in subparagraph (1).

b. Leave of absence authorized by the employer prior to July 1, 1998, for a period not exceeding twelve months and ending no later than July 1, 1999.

However, effective July 1, 2004, “*service*” does not mean service for which an employee receives remuneration from an employer for temporary employment during any quarter in which the employee is on an otherwise unpaid leave of absence that is not authorized under the federal Family and Medical Leave Act of 1993 or other similar leave. Remuneration paid by the employer for the temporary employment shall not be treated by the system as covered wages.

e. Employment with an employer prior to January 1, 1946, if the member is not receiving a retirement allowance based upon that employment.

21. “*Service*” for an elected official means the period of membership service for which contributions are made beginning on the date an elected official assumes office and ending on the expiration date of the last term the elected official serves, excluding all the intervening periods during which the elected official is not an elected official.

22. “*Special service*” means service for an employer while employed in a protection occupation as provided in section 97B.49B, and as a county sheriff or deputy sheriff as provided in section 97B.49C.

23. Reserved.

24. a. *“Three-year average covered wage”* means a member’s covered wages averaged for the highest three years of the member’s service, except as otherwise provided in this subsection. The highest three years of a member’s covered wages shall be determined using calendar years. However, if a member’s final quarter of a year of employment does not occur at the end of a calendar year, the system may determine the wages for the third year by computing the average quarter of all quarters from the member’s highest calendar year of covered wages not being used in the selection of the two highest years and using the computed average quarter for each quarter in the third year in which no wages have been reported in combination with the final quarter or quarters of the member’s service to create a full year. However, the system shall not use the member’s final quarter of wages if using that quarter would reduce the member’s three-year average covered wage. If the three-year average covered wage of a member exceeds the highest maximum covered wages in effect for a calendar year during the member’s period of service, the three-year average covered wage of the member shall be reduced to the highest maximum covered wages in effect during the member’s period of service. Notwithstanding any other provision of this paragraph to the contrary, a member’s wages for the third year as computed by this paragraph shall not exceed, by more than three percent, the member’s highest actual calendar year of covered wages for a member whose first month of entitlement is January 1999 or later.

b. (1) Notwithstanding any other provisions of this subsection to the contrary, the three-year average covered wage shall be computed as follows for the following members:

(a) For a member who retires during the calendar year beginning January 1, 1997, and whose three-year average covered wage at the time of retirement exceeds forty-eight thousand dollars, the member’s covered wages averaged for the highest four years of the member’s service or forty-eight thousand dollars, whichever is greater.

(b) For a member who retires during the calendar year beginning January 1, 1998, and whose three-year average covered wage at the time of retirement exceeds fifty-two thousand dollars, the member’s covered wages averaged for the highest five years of the member’s service or fifty-two thousand dollars, whichever is greater.

(c) For a member who retires during the calendar year beginning January 1, 1999, and whose three-year average covered wage at the time of retirement exceeds fifty-five thousand dollars, the member’s covered wages averaged for the highest six years of the member’s service or fifty-five thousand dollars, whichever is greater.

(d) For a member who retires on or after January 1, 2000, but before January 1, 2001, and whose three-year average covered wage at the time of re-

tirement exceeds sixty-five thousand dollars, the member’s covered wages averaged for the highest six years of the member’s service or sixty-five thousand dollars, whichever is greater.

(e) For a member who retires on or after January 1, 2001, but before January 1, 2002, and whose three-year average covered wage at the time of retirement exceeds seventy-five thousand dollars, the member’s covered wages averaged for the highest six years of the member’s service or seventy-five thousand dollars, whichever is greater.

(2) For purposes of this paragraph, the highest years of the member’s service shall be determined using calendar years and may be determined using one computed year calculated in the manner and subject to the restrictions provided in paragraph “a”.

c. Notwithstanding any other provisions of this subsection to the contrary, for a member who retires on or after July 1, 2007, the member’s three-year average covered wage shall be the lesser of the three-year average covered wage as calculated pursuant to paragraph “a” and the adjusted covered wage amount. 99D.11 Pari-mutuel wagering — televising races — age restrictions.

1. Except as permitted in this section, the licensee shall permit no form of wagering on the results of the races.

2. Licensees shall only permit the pari-mutuel or certificate method of wagering as defined in this section.

3. The licensee may receive wagers of money only from a person present in a licensed racetrack enclosure on a horse or dog in the race selected by the person making the wager to finish first in the race. The person wagering shall acquire an interest in the total money wagered on all horses or dogs in the race as first winners in proportion to the amount of money wagered by the person.

4. The licensee shall issue to each person wagering a certificate on which shall be shown the number of the race, the amount wagered, and the number or name of the horse or dog selected as first winner.

5. As each race is run the licensee shall deduct sixteen percent from the total sum wagered on all horses or dogs as first winners. However, the commission shall authorize at the request of the licensee a deduction of a higher or lower percentage of the total sum wagered not to exceed eighteen percent and the additional deduction shall be retained by the licensee. The balance, after deducting breakage, shall be paid to the holders of certificates on the winning horse or dog in the proportion that the amount wagered by each certificate holder bears to the total amount wagered on all horses or dogs in the race as first winners. The licensee may pay a larger amount if approved by the commission. The licensee shall likewise receive other wagers on horses or dogs in places or combinations the commission may authorize. The method, procedure, and the authority and right of the licensee, as well as the deduction allowed to the licensee, shall be as specified with respect to wagers upon horses or dogs selected to run first. However, the commission shall authorize at the request of the licensee a deduction of a higher or lower percent of the total sum wagered not to exceed twenty-four percent on multiple or exotic wagering involving not more than two horses or dogs. The deduction authorized above twenty percent on the multiple or exotic wagering involving not more than two dogs or horses shall be retained by the licensee. For exotic wagering involving three or more horses or dogs, the commission shall authorize at the request of the licensee a deduction of a higher or lower percent of the total sum wagered not to exceed twenty-five percent on the exotic wagers. One percent of the exotic wagers on three or more horses or dogs shall be distributed as provided in section 99D.12.

6. *a.* All wagering shall be conducted within the racetrack enclosure where the licensed race is held, except as provided in paragraph "b".

b. The commission may authorize the licensee to simultaneously telecast within the racetrack

enclosure, for the purpose of pari-mutuel wagering, a horse or dog race licensed by the racing authority of another state. It is the responsibility of each licensee to obtain the consent of appropriate racing officials in other states as required by the federal Interstate Horseracing Act of 1978, 15 U.S.C. § 3001-3007, to televise races for the purpose of conducting pari-mutuel wagering. A licensee may also obtain the permission of a person licensed by the commission to conduct horse or dog races in this state to televise races conducted by that person for the purpose of conducting pari-mutuel racing. However, arrangements made by a licensee to televise any race for the purpose of conducting pari-mutuel wagering are subject to the approval of the commission, and the commission shall select the races to be televised. The races selected by the commission shall be the same for all licensees approved by the commission to televise races for the purpose of conducting pari-mutuel wagering. The commission shall not authorize the simultaneous telecast or televising of and a licensee shall not simultaneously telecast or televise any horse or dog race for the purpose of conducting pari-mutuel wagering unless the simultaneous telecast or televising is done at the racetrack of a licensee that schedules no less than sixty performances of nine live races each day of the season. For purposes of the taxes imposed under this chapter, races televised by a licensee for purposes of pari-mutuel wagering shall be treated as if the races were held at the racetrack of the licensee. Notwithstanding any contrary provision in this chapter, the commission may allow a licensee to adopt the same deductions as those of the pari-mutuel racetrack from which the races are being simultaneously telecast.

7. A person under the age of twenty-one years shall not make or attempt to make a pari-mutuel wager. A person who violates this subsection commits a scheduled violation under section 805.8C, subsection 5, paragraph "a".

For purposes of this section, “the direct personal on-the-job supervision and control and in the immediate presence of a licensee” shall mean the licensee and the apprentice electrician or unclassified person shall be working at the same project location but shall not require that the licensee and apprentice electrician or unclassified person be within sight of one another at all times.

5. An apprentice electrician shall not install, alter, or repair electrical equipment except as provided in this section, and the licensee employing or supervising an apprentice electrician shall not authorize or permit such actions by the apprentice electrician.

All holders of licenses expired for more than three months shall apply for a new license.

3. If the board determines that all licenses shall expire on the same date every three years for licenses specified in subsection 1, paragraph "a", the license fees shall be prorated by month. At or before commencement of any installation required to be inspected by the board, the licensee or property owner making such installation shall submit to the state fire marshal's office a request for inspection. The board shall prescribe the methods by which the request may be submitted, which may include electronic submission or through a form prescribed by the board that can be submitted either through the mail or by a fax transmission. The board shall also prescribe methods by which inspection fees can be paid, which may include electronic methods of payment. If the board or the state fire marshal's office becomes aware that a person has failed to file a necessary request for inspection, the board shall send

a written notification by certified mail that the request must be filed within fourteen days. Any person filing a late request for inspection shall pay a delinquency fee in an amount to be determined by the board. A person who fails to file a late request within fourteen days shall be subject to a civil penalty to be determined by the board by rule.

2. Notwithstanding subsection 1, the board may by rule provide for the issuance of a single permit to a licensee to request multiple inspections. The permit authorizes the licensee to perform new electrical installations specified in the permit. The board shall prescribe the methods by which the request for multiple inspections may be submitted, which may include electronic submission or through a form prescribed by the board that can be submitted either through the mail or by a fax transmission. The board shall also prescribe methods by which inspection fees can be paid, which may include electronic methods of payment. The board may perform inspections of each new electrical installation or any portion of the total number of new electrical installations made under each permit. The board shall establish fees for such permits, which shall not exceed the total inspection fees that would be required if each new electrical installation performed under the request for multiple inspections had been performed under individual requests for inspections as provided in subsection 1.

103.29 Political subdivisions — inspections — authority of political subdivisions.

1. A political subdivision performing electrical inspections prior to December 31, 2007, shall continue to perform such inspections. After December 31, 2013, a political subdivision may choose to discontinue performing its own inspections and permit the board to have jurisdiction over inspections in the political subdivision. If a political subdivision seeks to discontinue its own inspections prior to December 31, 2013, the political subdivision shall petition the board. On or after January 1, 2014, if a unanimous vote of the board finds that a political subdivision's inspections are inadequate by reason of misfeasance, malfeasance, or nonfeasance, the board may suspend or revoke the political subdivision's authority to perform its own inspections, subject to appeal according to the procedure set forth in section 103.34 and judicial review pursuant to section 17A.19. A political subdivision not performing electrical inspections prior to December 31, 2007, may make provision for inspection of electrical installations within its jurisdiction, in which case it shall keep on file with the board copies of its current inspection ordinances or resolutions and electrical codes.

2. A political subdivision performing electrical inspections pursuant to subsection 1 prior to De-

ember 31, 2007, may maintain a different supervision ratio than the ratio of three apprentice electricians and unclassified persons to one licensee specified in section 103.15, subsection 3, but may not exceed that ratio. A political subdivision which begins performing electrical inspections after December 31, 2007, shall maintain the specified three-to-one ratio unless the board approves a petition by the political subdivision for a lower ratio. A political subdivision which discontinues performing electrical inspections and permits the board to have jurisdiction over inspections shall maintain the specified three-to-one supervision ratio, and may not petition for a lower ratio unless the political subdivision subsequently resumes performing electrical inspections.

3. A political subdivision that performs electrical inspections may set appropriate permit fees to pay for such inspections. A political subdivision shall not require any person holding a license from the board to pay any license fee or take any examination if the person holds a current license issued by the board which is of a classification equal to or greater than the classification needed to do the work proposed. Any such political subdivision may provide a requirement that each person doing electrical work within the jurisdiction of such political subdivision have on file with the political subdivision a copy of the current license issued by the board or such other evidence of such license as may be provided by the board.

4. A political subdivision is authorized to determine what work may be performed by a class B licensee within the jurisdictional limits of the political subdivision, provided, however, that a political subdivision shall not prohibit a class B licensee from performing any type of work that the licensee was authorized to perform within the political subdivision under the authority of a license validly issued or recognized by the political subdivision on December 31, 2007.

5. A political subdivision that performs electrical inspections shall act as the authority having jurisdiction for electrical inspections and for amending the national electrical code adopted by the board pursuant to section 103.6 for work performed within the jurisdictional limits of the political subdivision, provided those inspections and amendments conform to the requirements of this chapter. Any action by a political subdivision with respect to amendments to the national electrical code shall be filed with the board prior to enforcement by the political subdivision, and shall not be less stringent than the minimum standards established by the board by rule.

6. A political subdivision may grant a variance or interpret the national electrical code in a manner which deviates from a standard interpretation on an exception basis for a one-time installation or planned installation so long as such a variance or interpretation does not present an electrical hazard or danger to life or property.

7. A county shall not perform electrical inspections on a farm or farm residence.

103.30 Inspections not required.

1. Nothing in this chapter shall be construed to require the work of employees of municipal utilities, railroads, electric membership or cooperative associations, investor-owned utilities, rural water associations or districts, or telecommunications systems to be inspected while the employees are acting within the scope of their employment.

2. The board may by rule exempt specified types of new electrical installations from the state electrical inspection requirements under section 103.23, provided that a political subdivision conducting inspections pursuant to section 103.24 shall not be prohibited from requiring inspection of any new electrical installation exempt by rule from state inspection pursuant to this subsection.

2. The board shall establish the fees for inspections in amounts not to exceed:

a. For each separate inspection of an installation, replacement, alteration, or repair, twenty-five dollars.

b. For services, change of services, temporary services, additions, alterations, or repairs on either primary or secondary services as follows:

c. For field irrigation system inspections, sixty dollars for each unit inspected.

d. For the first reinspection required as a result of a correction order, fifty dollars; a second reinspection required as a result of noncompliance with the same correction order, seventy-five dollars; and subsequent reinspections associated with the same correction order, one hundred dollars for each reinspection.

3. When an inspection is requested by a property owner, the minimum fee shall be thirty dollars plus five dollars per branch circuit or feeder.

The fee for fire and accident inspections shall be computed at the rate of forty-seven dollars per hour, and mileage and other expenses shall be reimbursed as provided by the office of the state fire marshal.

4. For installations requiring more than six months in the process of construction and in excess of three hundred dollars total inspection fees, the persons responsible for the installation may, after a minimum filing fee of one hundred dollars, pay a prorated fee for each month and submit it with an order for payment initiated by the electrical inspector.

5. A state electrical inspection fee shall not be assessed for an event benefiting a nonprofit association representing volunteer service providers. 103.33 Condemnation or disconnection orders — appeals — disposition of orders pending appeal.

1. Any person aggrieved by a condemnation or

disconnection order issued by the state fire marshal's office may appeal from the order by filing a written notice of appeal with the board within ten days after the date the order was served upon the property owner or within ten days after the order was filed with the board, whichever is later.

2. Upon receipt of the notice of appeal from a condemnation or disconnection order because the electrical installation is proximately dangerous to health or property, the order appealed from shall not be stayed unless countermanded by the board.

3. Upon receipt of notice of appeal from a condemnation or disconnection order because the electrical installation is not in compliance with accepted standards of construction for safety to health and property, except as provided in subsection 2, the order appealed from shall be stayed until final decision of the board and the board shall notify the property owner and the electrical contractor, class A master electrician, class B master electrician, fire alarm installer, special electrician, or if established by the board the residential master electrician, making the installation. STATE BUILDING CODE

103A.1 Establishment.

This division shall be known as the “*State Building Code Act*”.

2009 Acts, ch 41, §32
Section amended

103A.7 State building code.

1. The state building code commissioner with the approval of the advisory council is hereby empowered and directed to formulate and adopt and from time to time amend or revise and to promulgate, in conformity with and subject to the conditions set forth in this chapter, reasonable rules designed to establish minimum safeguards in the erection and construction of buildings and structures, to protect the human beings who live and work in them from fire and other hazards, and to establish regulations to further protect the health, safety, and welfare of the public.

2. The rules shall include reasonable provisions for the following:

- a. The installation of equipment.
- b. The standards or requirements for materials to be used in construction.
- c. The manufacture and installation of factory-built structures.
- d. Protection of the health, safety, and welfare

of occupants and users.

e. The accessibility and use by persons with disabilities and elderly persons, of buildings, structures, and facilities which are constructed and intended for use by the general public. The rules shall be consistent with federal standards for building accessibility and shall only apply to those buildings, structures, and facilities subject to chapter 104A.

f. The conservation of energy through thermal efficiency standards for buildings intended for human occupancy and which are heated or cooled and lighting efficiency standards for buildings intended for human occupancy which are lighted.

g. Standards for sustainable design, also known and referred to as green building standards.

h. Standards for safe rooms and storm shelters.

3. These rules shall comprise and be known as the state building code.

2009 Acts, ch 142, §1
Subsection 2, NEW paragraph h

103A.8 Standards.

The state building code shall as far as practical:

- 1. Provide uniform standards and require-

ments for construction, construction materials, and equipment through the adoption by reference of applicable national codes where appropriate and providing exceptions when necessary. The rules adopted shall include provisions imposing requirements reasonably consistent with or identical to recognized and accepted standards contained in performance criteria.

2. Establish such standards and requirements in terms of performance objectives.

3. Establish as the test of acceptability, adequate performance for the intended use.

4. Permit the use of modern technical methods, devices, and improvements which tend to reduce the cost of construction without substantially affecting reasonable requirements for the health, safety, and welfare of the occupants or users of buildings and structures.

5. Encourage the standardization of construction practices, methods, equipment, material, and techniques.

6. Eliminate restrictive, obsolete, conflicting, and unnecessary regulations and requirements which tend to unnecessarily increase construction costs or retard unnecessarily the use of new materials, or provide unwarranted preferential treatment to types or classes of materials or products or methods of construction.

7. Limit the application of thermal efficiency standards for energy conservation to construction of buildings which are heated or cooled. Air exchange fans designed to provide ventilation shall not be considered a cooling system. The commissioner shall exempt any construction from any thermal efficiency standard for energy conservation if the commissioner determines that the standard is unreasonable as it would apply to a particular building or class of buildings. No standard adopted by the commissioner for energy conservation in construction shall be interpreted to require the replacement or modification of any existing equipment or feature solely to ensure compliance with requirements for energy conservation in construction. Lighting efficiency standards shall recognize variations in lighting intensities required for the various tasks performed within the building. The commissioner shall consult with the office of energy independence regarding standards for energy conservation prior to the adoption of the standards. However, the standards shall be consistent with section 103A.8A.

8. Facilitate the development and use of renewable energy.

2009 Acts, ch 108, §6, 41
Subsection 7 amended

103A.8A Energy conservation requirements.

The state building code commissioner shall adopt as a part of the state building code a requirement that new single-family or two-family resi-

dential construction shall comply with energy conservation requirements. The requirements adopted by the commissioner shall be based upon a nationally recognized standard or code for energy conservation. The requirements shall only apply to single-family or two-family residential construction commenced after the adoption of the requirements. Notwithstanding any other provision of this chapter to the contrary, the energy conservation requirements adopted by the commissioner and approved by the council shall apply to new single-family or two-family residential construction commenced on or after July 1, 2008, and shall supersede and replace any minimum requirements for energy conservation adopted or enacted by a governmental subdivision prior to that date applicable to such construction. The state building code commissioner may provide training to builders, contractors, and other interested persons on the adopted energy conservation requirements.

103A.8C Standards for safe rooms and storm shelters.

1. The commissioner, after consulting with and receiving recommendations from the department of public defense, the department of natural resources, and the rebuild Iowa office, shall adopt rules pursuant to chapter 17A specifying standards and requirements for design and construction of safe rooms and storm shelters. In developing these standards, the commissioner shall consider nationally recognized standards. The standards and requirements shall be incorporated into the state building code established in section 103A.7, but shall not be interpreted to require the inclusion of a safe room or storm shelter in a building construction project unless such inclusion is expressly required by another statute or by a federal statute or regulation. However, if a safe room or storm shelter is included in any building construction project which reaches the design development phase on or after January 1, 2011, compliance with the standards developed pursuant to this section shall be required.

2. The commissioner may provide education and training to promote the use of best practices in the design, construction, and maintenance of buildings, safe rooms, and shelters to reduce the risk of personal injury from tornadoes or other severe weather.

103A.9 Factory-built structures.

1. The state building code shall contain provisions relating to the manufacture and installation of factory-built structures.

a. Factory-built structures manufactured in Iowa, after the effective date of the code, shall be manufactured in accordance with the code, unless the commissioner determines the structure is manufactured for installation outside the state.

b. Factory-built structures manufactured outside the state of Iowa, after the effective date of the code, and brought into Iowa for installation must, prior to installation, comply with the code.

c. Factory-built structures manufactured prior to the effective date of the code, which prior to that date have never been installed, must comply with the code prior to installation.

d. (1) All factory-built structures, without regard to manufacture date, shall be installed in accordance with the code in the governmental subdivisions which have adopted the state building code or any other building code. However, a governmental subdivision shall not require that a factory-built structure, that was manufactured in accordance with federally mandated standards, be renovated in accordance with the state building code or any other building code which the governmental subdivision has adopted when the factory-built structure is being moved from one lawful location to another unless such required renovation is in conformity with those specifications for the factory-built structure which existed when it was manufactured or the factory-built structure is being rented for occupancy.

(2) Existing factory-built structures not constructed to be in compliance with federally mandated standards may be moved from one established manufactured home community or mobile home park to another and shall not be required to be renovated to comply with the state building code or any other building code which the governmental subdivision has adopted unless the factory-built structure is being rented for occupancy or has been declared a public nuisance according to standards generally applied to housing.

e. Factory-built structures required to comply with the code provisions on manufacture shall not be modified in any way prior to or during installation, unless prior approval is obtained from the commissioner.

2. The commissioner shall establish an insignia of approval and provide that factory-built structures required to comply with code provisions on manufacture bear an insignia of approval prior to installation. The insignia may be issued for other factory-built structures which meet code standards and which were manufactured prior to the effective date of the state building code.

3. The commissioner may contract with local government agencies for enforcement of the code relating to manufacture of factory-built structures. Code provisions relating to installation of factory-built structures shall be enforced by the local building departments only in those governmental subdivisions which have adopted the state

building code or any other building code.

103A.10A Plan reviews and inspections.

1. All newly constructed buildings or structures subject to the state building code, including any addition, but excluding any renovation or repair of such a building or structure, owned by the state or an agency of the state, except as provided in subsection 2, shall be subject to a plan review and inspection by the commissioner or an independent building inspector appointed by the commissioner. Any renovation or repair of such a building or structure shall be subject to a plan review, except as provided in subsection 2. A fee shall be assessed for the cost of plan review, and, if applicable, the cost of inspection. The commissioner may inspect an existing building that is undergoing renovation or remodeling to enforce the energy conservation requirements established under this chapter.

2. All newly constructed buildings, including any addition, but excluding any renovation or repair of a building, owned by the state board of regents shall be subject to a plan review and inspection by the commissioner or the commissioner's staff or assistant. A renovation of a building owned by the state board of regents shall be subject to a plan review. The commissioner may inspect an existing building that is undergoing renovation or remodeling to enforce the energy conservation requirements established under this chapter. The commissioner and the state board of regents shall develop a plan to implement this provision.

3. All newly constructed buildings and structures the construction of which is paid for in whole or in part with moneys appropriated by the state but which are not wholly owned by the state are subject to the plan review and inspection requirements as provided in this subsection. If a governmental subdivision has adopted a building code, electrical code, mechanical code, and plumbing code and performs inspections pursuant to such codes, such buildings or structures shall be built to comply with such codes. However, if a governmental subdivision has not adopted a building code, electrical code, mechanical code, and plumbing code, or does not perform inspections pursuant to such codes, such buildings or structures shall be built to comply with the state building code and shall be subject to a plan review and inspection by the commissioner or an independent building inspector appointed by the commissioner. A fee shall be assessed for the cost of plan review and the cost of inspection.

4. The commissioner shall administer this section notwithstanding section 103A.19. The commissioner shall establish by rule proper qualifications for an independent building inspector and

for the commissioner's staff or assistant who performs inspections, and fees for plan reviews and inspections.

The return of the warrant shall be made promptly and shall be accompanied by a written inventory of any property seized. The inventory shall be made in the presence of the person executing the warrant and of the person from whose possession or premises the property was seized, if they are present, or in the presence of at least one credible person other than the person executing the warrant. A copy of the inventory shall be delivered to the person from whom or from whose premises the property was seized and to the applicant for the warrant.

(1) With the consent of the owner, operator, or agent in charge of the controlled premises;

(2) In situations presenting imminent danger to health or safety;

(4) In any other exceptional or emergency circumstance where time or opportunity to apply for a warrant is lacking; and

(5) In all other situations where a warrant is not constitutionally required.

e. Except when the owner, operator, or agent in charge of the controlled premises so consents in writing, no inspection authorized by this section shall extend to financial data; sales data, other than shipment data; or pricing data.

b. A licensed physician conducting an examination pursuant to this section may consult with or request the participation in the examination of facility personnel, and may include with or attach to the written report of the examination any findings or observations by facility personnel who have been consulted or have participated in the examination.

c. If the respondent is not taken into custody under section 125.81, but the court is subsequently informed that the respondent has declined to be examined by a licensed physician pursuant to the

court order, the court may order limited detention of the respondent as necessary to facilitate the examination of the respondent by the licensed physician.

2. A written report of the examination by a court-designated physician shall be filed with the clerk prior to the hearing date. A written report of an examination by a physician chosen by the respondent may be similarly filed. The clerk shall immediately:

a. Cause a report to be shown to the judge who issued the order.

b. Cause the respondent's attorney to receive a copy of the report of a court-designated physician.

3. If the report of a court-designated physician is to the effect that the respondent is not a chronic substance abuser, the court, without taking further action, may terminate the proceeding and dismiss the application on its own motion and without notice.

4. If the report of a court-designated physician is to the effect that the respondent is a chronic substance abuser, the court shall schedule a commitment hearing as soon as possible. The hearing shall be held not more than forty-eight hours after the report is filed, excluding Saturdays, Sundays, and holidays, unless an extension for good cause is requested by the respondent, or as soon thereafter as possible if the court considers that sufficient grounds exist for delaying the hearing.

2009 Acts, ch 41, §263

Subsection 1 redesignated pursuant to Code editor directive

125.81 Immediate custody.

1. If a person filing an application requests that a respondent be taken into immediate custody, and the court upon reviewing the application and accompanying documentation, finds probable cause to believe that the respondent is a chronic substance abuser who is likely to injure the person or other persons if allowed to remain at liberty, the court may enter a written order directing that the respondent be taken into immediate custody by the sheriff, and be detained until the commitment hearing, which shall be held no more than five days after the date of the order, except that if the fifth day after the date of the order is a Saturday, Sunday, or a holiday, the hearing may be held on the next business day. The court may order the respondent detained for the period of time until the hearing is held, and no longer except as provided in section 125.88, in accordance with subsection 2, paragraph "a", if possible, and if not, then in accordance with subsection 2, paragraph "b", or, only if neither of these alternatives is available in accordance with subsection 2, paragraph "c".

2. Detention may be:

a. In the custody of a relative, friend, or other suitable person who is willing and able to accept responsibility for supervision of the respondent, with reasonable restrictions as the court may or-

der including but not limited to restrictions on or a prohibition of any expenditure, encumbrance, or disposition of the respondent's funds or property.

b. In a suitable hospital, the chief medical officer of which shall be informed of the reasons why immediate custody has been ordered. The hospital may provide treatment which is necessary to preserve the respondent's life, or to appropriately control the respondent's behavior which is likely to result in physical injury to the person or to others if allowed to continue, and other treatment as deemed appropriate by the chief medical officer.

c. In the nearest facility which is licensed to care for persons with mental illness or substance abuse, provided that detention in a jail or other facility intended for confinement of those accused or convicted of a crime shall not be ordered.

3. The respondent's attorney may be allowed by the court to present evidence and arguments before the court's determination under this section. If such an opportunity is not provided at that time, respondent's attorney shall be allowed to present evidence and arguments after the issuance of the court's order of confinement and while the respondent is confined.

2009 Acts, ch 41, §187
Section amended

125.83A Placement in certain federal facilities.

1. If upon completion of the commitment hearing, the court finds that the contention that the respondent is a chronic substance abuser has been sustained by clear and convincing evidence, and the court is furnished evidence that the respondent is eligible for care and treatment in a facility operated by the United States department of veterans affairs or another agency of the United States government and that the facility is willing to receive the respondent, the court may so order. The respondent, when so placed in a facility operated by the United States department of veterans affairs or another agency of the United States government within or outside of this state, shall be subject to the rules of the United States department of veterans affairs or other agency, but shall not lose any procedural rights afforded the respondent by this chapter. The chief officer of the facility shall have, with respect to the respondent so placed, the same powers and duties as the chief medical officer of a hospital in this state would have in regard to submission of reports to the court, retention of custody, transfer, convalescent leave, or discharge. Jurisdiction is retained in the court to maintain surveillance of the respondent's treatment and care, and at any time to inquire into the respondent's condition and the need for continued care and custody.

2. Upon receipt of a certificate stating that a respondent placed under this chapter is eligible for care and treatment in a facility operated by the United States department of veterans affairs or

another agency of the United States government which is willing to receive the respondent without charge to the state of Iowa or any county in the state, the chief medical officer may transfer the respondent to that facility. Upon so doing, the chief medical officer shall notify the court which ordered the respondent's placement in the same manner as would be required in the case of a transfer under section 125.86, subsection 2, and the respondent transferred shall be entitled to the same rights as the respondent would have under that subsection. No respondent shall be transferred under this section who is confined pursuant to conviction of a public offense or whose placement was ordered upon contention of incompetence to stand trial by reason of mental illness, without prior approval of the court which ordered that respondent's placement.

3. A judgment or order of commitment by a court of competent jurisdiction of another state or the District of Columbia, under which any person is hospitalized or placed in a facility operated by the United States department of veterans affairs or another agency of the United States government, shall have the same force and effect with respect to that person while the person is in this state as the judgment or order would have if the person were in the jurisdiction of the court which issued it. That court shall be deemed to have retained jurisdiction of the person so placed for the purpose of inquiring into that person's condition and the need for continued care and custody, as do courts in this state under this section. Consent is given to the application of the law of the state or district in which the court is situated which issued the judgment or order as regards authority of the chief officer of any facility, operated in this state by the United States department of veterans affairs or another agency of the United States government, to retain custody, transfer, place on convalescent leave, or discharge the person so committed.

125.86 Periodic reports required.

1. No more than thirty days after entry of a court order for commitment to a facility under section 125.84, subsection 2, and thereafter at successive intervals not to exceed ninety days for as long as involuntary commitment of the respondent continues, the administrator of the facility shall report to the court which entered the order. The report shall be submitted in the manner required by section 125.84, shall state whether in the opinion of the chief medical officer the respondent's condition has improved, remains unchanged, or has deteriorated, and shall indicate the further length of time the respondent will be required to remain at the facility.

2. No more than sixty days after entry of a court order for treatment of a respondent under

section 125.84, subsection 3, and thereafter at successive intervals not to exceed ninety days for as long as involuntary treatment continues, the administrator of the facility or the psychiatrist or psychiatric advanced registered nurse practitioner treating the patient shall report to the court which entered the order. The report shall be submitted in the manner required by section 125.84, shall state whether in the opinion of the chief medical officer or the psychiatrist or psychiatric advanced registered nurse practitioner the respondent's condition has improved, remains unchanged, or has deteriorated, and shall indicate the further length of time the respondent will require treatment by the facility. If the respondent fails or refuses to submit to treatment as ordered by the court, the administrator of the facility shall at once notify the court, which shall order the respondent committed for treatment as provided by section 125.84, subsection 3, unless the court finds that the failure or refusal was with good cause, and that the respondent is willing to receive treatment as provided in the court's order, or in a revised order if the court sees fit to enter one. If the administrator of the facility reports to the court that the respondent requires full-time custody, care, and treatment in a facility, and the respondent is willing to be admitted voluntarily to the facility for these purposes, the court may enter an order approving the placement upon consultation with the administrator of the facility in which the respondent is to be placed. If the respondent is unwilling to be admitted voluntarily to the facility, the procedure for determining involuntary commitment, as provided in section 125.84, subsection 3, shall be followed.

3. *a.* A psychiatric advanced registered nurse practitioner treating a respondent previously committed under this chapter may complete periodic reports pursuant to this section on the respondent if the respondent has been recommended for treatment on an outpatient or other appropriate basis pursuant to section 125.84, subsection 3, and if a psychiatrist licensed pursuant to chapter 148 personally evaluates the respondent on at least an annual basis.

b. An advanced registered nurse practitioner who is not certified as a psychiatric advanced registered nurse practitioner but who meets the qualifications set forth in the definition of a mental health professional in section 228.1 on July 1, 2008, may complete periodic reports pursuant to paragraph "a".

2009 Acts, ch 133, §29
Subsection 3, paragraph a amended

125.91 Emergency detention.

1. The procedure prescribed by this section shall only be used for an intoxicated person who has threatened, attempted, or inflicted physical self-harm or harm on another, and is likely to inflict physical self-harm or harm on another unless

immediately detained, or who is incapacitated by a chemical substance, if that person cannot be taken into immediate custody under sections 125.75 and 125.81 because immediate access to the court is not possible.

2. *a.* A peace officer who has reasonable grounds to believe that the circumstances described in subsection 1 are applicable may, without a warrant, take or cause that person to be taken to the nearest available facility referred to in section 125.81, subsection 2, paragraph “*b*” or “*c*”. Such an intoxicated or incapacitated person may also be delivered to a facility by someone other than a peace officer upon a showing of reasonable grounds. Upon delivery of the person to a facility under this section, the examining physician may order treatment of the person, but only to the extent necessary to preserve the person’s life or to appropriately control the person’s behavior if the behavior is likely to result in physical injury to the person or others if allowed to continue. The peace officer or other person who delivered the person to the facility shall describe the circumstances of the matter to the examining physician. If the person is a peace officer, the peace officer may do so either in person or by written report. If the examining physician has reasonable grounds to believe that the circumstances in subsection 1 are applicable, the examining physician shall at once communicate with the nearest available magistrate as defined in section 801.4, subsection 10. The magistrate shall, based upon the circumstances described by the examining physician, give the examining physician oral instructions either directing that the person be released forthwith, or authorizing the person’s detention in an appropriate facility. The magistrate may also give oral instructions and order that the detained person be transported to an appropriate facility.

b. If the magistrate orders that the person be detained, the magistrate shall, by the close of business on the next working day, file a written order with the clerk in the county where it is anticipated that an application may be filed under section 125.75. The order may be filed by facsimile if necessary. The order shall state the circumstances under which the person was taken into custody or otherwise brought to a facility and the grounds

supporting the finding of probable cause to believe that the person is a chronic substance abuser likely to result in physical injury to the person or others if not detained. The order shall confirm the oral order authorizing the person’s detention including any order given to transport the person to an appropriate facility. The clerk shall provide a copy of that order to the chief medical officer of the facility to which the person was originally taken, any subsequent facility to which the person was transported, and to any law enforcement department or ambulance service that transported the person pursuant to the magistrate’s order.

3. The chief medical officer of the facility shall examine and may detain the person pursuant to the magistrate’s order for a period not to exceed forty-eight hours from the time the order is dated, excluding Saturdays, Sundays, and holidays, unless the order is dismissed by a magistrate. The facility may provide treatment which is necessary to preserve the person’s life or to appropriately control the person’s behavior if the behavior is likely to result in physical injury to the person or others if allowed to continue or is otherwise deemed medically necessary by the chief medical officer, but shall not otherwise provide treatment to the person without the person’s consent. The person shall be discharged from the facility and released from detention no later than the expiration of the forty-eight-hour period, unless an application for involuntary commitment is filed with the clerk pursuant to section 125.75. The detention of a person by the procedure in this section, and not in excess of the period of time prescribed by this section, shall not render the peace officer, physician, or facility detaining the person liable in a criminal or civil action for false arrest or false imprisonment if the peace officer, physician, or facility had reasonable grounds to believe that the circumstances described in subsection 1 were applicable.

4. The cost of detention in a facility under the procedure prescribed in this section shall be paid in the same way as if the person had been committed to the facility pursuant to an application filed under section 125.75.

Subsection 2, paragraph a amended

CHAPTER 126

DRUGS, DEVICES, AND COSMETICS

126.10 Drugs and devices — misbranding — labeling.

1. A drug or device is misbranded under any of the following circumstances:

a. If its labeling is false or misleading in any particular.

b. (1) If in a package form unless it bears a label containing both of the following:

(a) The name and place of business of the manufacturer, packer, or distributor.

(b) An accurate statement of the quantity of the contents in terms of weight, measure, or nu-

merical count.

(2) However, under subparagraph (1), subparagraph division (a), reasonable variations shall be permitted, and exemptions as to small packages shall be allowed, in accordance with rules adopted by the board.

c. If any word, statement, or other information required by or under the authority of this chapter to appear on the label or labeling is not prominently placed thereon with such conspicuousness, as compared with other words, statements, designs, or devices, in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

d. If it is for use by humans and contains any quantity of the narcotic or hypnotic substance alpha-eucaine, barbituric acid, beta-eucaine, bromal, cannabis, carbromal, chloral, coca, cocaine, codeine, heroin, marijuana, morphine, opium, paraldehyde, peyote, or sulphonmethane; or any chemical derivative of such a substance, which derivative, after investigation, has been designated as habit forming, by rules adopted by the board under this chapter or by regulations adopted by the secretary pursuant to section 502(d) of the federal Act; unless its label bears the name and quantity or proportion of such substance or derivative and in juxtaposition therewith the statement "Warning — May Be Habit Forming."

e. (1) If it is a drug, unless both of the following apply:

(a) Its label bears, to the exclusion of any other nonproprietary name except the applicable systematic chemical name or the chemical formula:

(i) The established name of the drug, as specified in subparagraph (3), if such exists; and

(ii) If the drug is fabricated from two or more ingredients, the established name and quantity of each active ingredient, including the quantity, kind, and proportion of any alcohol, and also including, whether active or not, the established name and quantity or proportion of any bromides, ether, chloroform, acetanilide, acetophenetidin, amidopyrine, antipyrine, atropine, hyoscyne, hyoscyamine, arsenic, digitalis, digitalis glucosides, mercury, ouabain, strophanthin, strychnine, thyroid, or any derivative or preparation of any such substances, contained therein. However, the requirement for stating the quantity of the active ingredients, other than the quantity of those specifically named in this subparagraph subdivision, applies only to prescription drugs.

(b) For a prescription drug, the established name of the prescription drug or of an ingredient is printed, on the label and on any labeling on which a name for the prescription drug or an ingredient is used, prominently and in type at least half as large as that used thereon for any proprietary name or designation for the prescription drug or ingredient. However, to the extent that

compliance with subparagraph division (a), subparagraph subdivision (ii), or this subparagraph division is impracticable, exemptions shall be allowed under rules or regulations adopted by the board or the secretary under the federal Act.

(2) If it is a device and it has an established name, unless its label bears, to the exclusion of any other nonproprietary name, its established name, as defined in subparagraph (4), prominently printed in type at least half as large as that used thereon for any proprietary name or designation for the device, except that to the extent compliance with this subparagraph is impracticable, exemptions shall be allowed under rules or regulations adopted by the board or the secretary under the federal Act.

(3) As used in subparagraph (1), the term "*established name*", with respect to a drug or ingredient thereof, means one of the following:

(a) The applicable official name designated pursuant to section 508 of the federal Act.

(b) If no such official name exists and the drug or ingredient is an article recognized in an official compendium, then its official title in the compendium.

(c) If neither subparagraph division (a) nor (b) applies, then the common or usual name, if any, of the drug or ingredient. However, if subparagraph division (b) applies to an article recognized in the United States Pharmacopoeia National Formulary and in the Homeopathic Pharmacopoeia of the United States under different official titles, the official title used in the United States Pharmacopoeia National Formulary applies unless it is labeled and offered for sale as a homeopathic drug, in which case the official title used in the Homeopathic Pharmacopoeia of the United States applies.

(4) As used in subparagraph (2), the term "*established name*" with respect to a device means one of the following:

(a) The applicable official name of the device pursuant to section 508 of the federal Act.

(b) If no such official name exists and the device is an article recognized in an official compendium, then its official title in the compendium.

(c) If neither subparagraph division (a) nor (b) applies, then any common or usual name of the device.

f. (1) Unless its labeling bears both of the following:

(a) Adequate directions for use.

(b) Adequate warnings against use in those pathological conditions, or by children, where its use may be dangerous to health, or against unsafe dosage or methods or durations of administration or application, in the manner and form necessary for the protection of users.

(2) However, if a requirement of subparagraph (1), subparagraph division (a), as applied to a drug or device, is not necessary for the protection of the

public health, the board or the secretary shall adopt rules or regulations exempting the drug or device from that requirement.

g. If it purports to be a drug the name of which is recognized in an official compendium, unless it is packaged and labeled as prescribed in the official compendium. However, the method of packing may be modified with the consent of the board or the secretary. If a drug is recognized in both the United States Pharmacopoeia National Formulary and the Homeopathic Pharmacopoeia of the United States, it is subject to the requirements of the United States Pharmacopoeia National Formulary with respect to packaging and labeling unless it is labeled and offered for sale as a homeopathic drug, in which case it is subject to the Homeopathic Pharmacopoeia of the United States, and not to the United States Pharmacopoeia National Formulary. However, if an inconsistency exists between this paragraph and paragraph “e” as to the name by which the drug or its ingredients shall be designated, paragraph “e” prevails.

h. If it has been found by the board or the secretary to be a drug liable to deterioration, unless it is packaged in the form and manner, and its label bears a statement of the precautions that the board or the secretary by rule or regulation requires as necessary for the protection of public health. Such a rule or regulation shall not be established for a drug recognized in an official compendium until the board or the secretary has informed the appropriate body charged with the revision of the official compendium of the need for such packaging or labeling requirements and that body has failed within a reasonable time to prescribe such requirements.

i. (1) If it is a drug and its container is so made, formed, or filled as to be misleading.

(2) If it is an imitation of another drug.

(3) If it is offered for sale under the name of another drug.

j. If it is dangerous to health when used in the dosage or manner, or with the frequency or duration prescribed, recommended, or suggested in its labeling.

k. If it is, or purports to be, or is represented as a drug composed wholly or partly of insulin, unless both of the following apply:

(1) It is from a batch with respect to which a certificate or release has been issued pursuant to section 506 of the federal Act.

(2) The certificate or release is in effect with respect to the drug.

l. (1) If it is, or purports to be, or is represented as a drug, composed wholly or partly of any kind of penicillin, streptomycin, chlortetracycline, chloramphenicol, bacitracin, or any other antibiotic drug, or any derivative thereof, unless both of the following apply:

(a) It is from a batch with respect to which a certificate or release has been issued pursuant to

section 507 of the federal Act.

(b) The certificate or release is in effect with respect to the drug.

(2) However, this paragraph “l” does not apply to any drug or class of drugs exempted by regulations adopted under section 507(c) or 507(d) of the federal Act.

m. If it is a color additive, the intended use of which is for the purpose of coloring only, unless its packaging and labeling are in conformity with the packaging and labeling requirements applicable to that color additive, as contained in regulations adopted under section 706 of the federal Act.

n. If it is a prescription drug distributed or offered for sale in this state, unless the manufacturer, packer, or distributor includes in all advertising and other descriptive printed matter issued or caused to be issued by the manufacturer, packer, or distributor with respect to the prescription drug a true statement of all of the following:

(1) The established name as defined in paragraph “e”, printed prominently and in type at least half as large as that used for any trade or brand name thereof.

(2) The formula showing quantitatively each ingredient of the prescription drug to the extent required for labels under paragraph “e”.

(3) Other information in brief summary relating to side effects, contraindications, and effectiveness as required in regulations adopted pursuant to section 701(e) of the federal Act.

o. If it was manufactured, prepared, propagated, compounded, or processed in an establishment in this state not duly registered under section 510 of the federal Act, if it was not included on a list required by section 510(j) of the federal Act, if a notice or other information respecting it was not provided as required by that section or section 510(k) of the federal Act, or if it does not bear the symbols from the uniform system for identification of devices prescribed under section 510(e) of the federal Act that are required by regulation.

p. If it is a drug and its packaging or labeling is in violation of an applicable regulation adopted pursuant to section 3 or 4 of the federal Poison Prevention Packaging Act of 1970, 15 U.S.C. § 1471 et seq.

q. If a trademark, trade name, or other identifying mark, imprint, or device of another trademark, trade name, mark, or imprint or any likeness of the foregoing has been placed thereon or upon its container with intent to defraud.

r. In the case of a restricted device distributed or offered for sale in this state, if either of the following applies:

(1) Its advertising is false or misleading in any particular.

(2) It is sold, distributed, or used in violation of regulations adopted pursuant to section 520(e) of the federal Act.

s. In the case of a restricted device distributed

or offered for sale in this state, unless the manufacturer, packer, or distributor includes in all advertising and other descriptive printed matter issued by the manufacturer, packer, or distributor with respect to the device both of the following:

(1) A true statement of the device's established name as defined in paragraph "e", printed prominently and in type at least half as large as that used for any trade or brand name thereof.

(2) A brief statement of the intended uses of the device and relevant warnings, precautions, side effects, and contraindications; and in the case of a specific device made subject to regulations adopted pursuant to the federal Act, a full description of the components of the device or the formula showing quantitatively each ingredient of the device to the extent required in regulations under the federal Act.

t. If it is a device subject to a performance standard established under section 514 of the federal Act, unless it bears labeling as prescribed in that performance standard.

u. If it is a device and there was a failure or refusal to comply with any requirement prescribed under section 518 of the federal Act respecting the device, or to furnish material required by or under section 519 of the federal Act respecting the device.

2. If an article is alleged to be misbranded because the labeling or advertising is misleading, then in determining whether the labeling or advertising is misleading, there shall be taken into account, among other things, not only representations made or suggested by statement, word, design, device, or any combination thereof, but also the extent to which the labeling or advertising fails to reveal facts material in the light of such representations, or material with respect to consequences which may result from the use of the article to which the labeling or advertising relates, under the conditions of use prescribed in the labeling or advertising or under customary or usual conditions of use.

3. The representation of a drug, in its labeling, as an antiseptic shall be considered to be a representation that it is a germicide, except in the case of a drug purporting to be, or represented as, an antiseptic for inhibitory use as a wet dressing, ointment, dusting powder, or such other use as involves prolonged contact with the body.

126.11 Exemptions in cases of drugs and devices — dispensing by prescription only.

1. The board shall adopt rules exempting from any labeling or packaging requirement of this chapter drugs and devices which are, in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at establishments other than those where

originally processed or packaged, on condition that such drugs and devices are not adulterated or misbranded upon removal from the processing, labeling, or repacking establishment.

2. Drug and device labeling or packaging exemptions adopted pursuant to the federal Act shall apply to drugs and devices in this state except insofar as modified or rejected by rules adopted by the board.

3. *a.* (1) This paragraph "a" applies to a drug intended for use by humans which is any of the following:

(a) Is a habit-forming drug to which section 126.10, subsection 1, paragraph "d" applies.

(b) Because of its toxicity or other potentiality for harmful effect, or the method of its use, or the collateral measures necessary to its use, is not safe for use except under the supervision of a practitioner licensed by law to administer the drug.

(c) Is limited by an approved application under section 505 of the federal Act to use under the professional supervision of a practitioner licensed by law to administer the drug.

(2) Such a drug shall be dispensed only upon a written, electronic, or facsimile prescription of a practitioner licensed by law to administer the drug, or upon an oral prescription of such a practitioner which is reduced promptly to writing and filed by the pharmacist, or by refilling any such written, electronic, facsimile, or oral prescription if the refilling is authorized by the prescriber either in the original written, electronic, or facsimile prescription or by oral order which is reduced promptly to writing and filed by the pharmacist. The act of dispensing a drug contrary to this paragraph "a" while the drug is held for sale results in the drug being misbranded.

b. A drug dispensed by filling or refilling a written, electronic, facsimile, or oral prescription of a practitioner licensed by law to administer the drug is exempt from section 126.10, except subsection 1, paragraph "a" and paragraph "i", subparagraphs (2) and (3), and subsection 1, paragraphs "k" and "l", and the packaging requirements of subsection 1, paragraphs "g", "h", and "p", if the drug bears a label containing the name and address of the dispenser, the date of the prescription or of its filling, the name of the prescriber, and, if stated in the prescription, the name of the patient, and the directions for use and cautionary statements, if any, contained in the prescription. This exemption does not apply to a drug dispensed in the course of the conduct of the business of dispensing drugs pursuant to diagnosis by mail, or to a drug dispensed in violation of paragraph "a" of this subsection.

c. The board may, by rule, remove a drug subject to section 126.10, subsection 1, paragraph "d", and section 505 of the federal Act from the requirements of paragraph "a" of this subsection when such requirements are not necessary for the pro-

tection of the public health.

d. A drug which is subject to paragraph “*a*” of this subsection is misbranded if, at any time prior to dispensing, its label fails to bear the statement: “Caution: Federal Law Prohibits Dispensing Without Prescription”, or “Caution: State Law Prohibits Dispensing Without Prescription”. A drug to which paragraph “*a*” of this subsection does not apply is misbranded if, at any time prior to dispensing, its label bears the caution statement quoted in the preceding sentence.

e. Prescription drug samples dispensed by a practitioner licensed by law to administer such drugs are exempt from section 126.10.

f. All electronic or facsimile prescriptions transmitted under this section shall comply with section 155A.27.

Subsection 3, paragraphs a – c amended

126.15 Cosmetics — misbranding.

1. A cosmetic is misbranded if any of the following apply:

a. Its labeling is false or misleading in any particular.

b. If in package form unless it bears a label containing both of the following:

(1) The name and place of business of the manufacturer, packer, or distributor.

(2) An accurate statement of the quantity of the contents in terms of weight, measure, or numerical count, which statement shall be separately and accurately stated in a uniform location upon the principal display panel of the label.

c. A word, statement, or other information required by or under the authority of this chapter to appear on the label or labeling is not prominently placed there with such conspicuousness, as compared with other words, statements, designs, or devices in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

d. Its container is so made, formed, or filled as to be misleading.

e. It is a color additive, unless its packaging and labeling are in conformity with the packaging and labeling requirements applicable to that color additive prescribed under section 706 of the federal Act. This paragraph does not apply to packages of color additives which, with respect to their use of cosmetics, are marketed and intended for use only in or on hair dyes, as specified in section 126.14, subsection 1.

f. Its packaging or labeling is in violation of an applicable regulation adopted pursuant to section 3 or 4 of the federal Poison Prevention Packaging Act of 1970, 15 U.S.C. § 1471 et seq.

2. The board shall adopt rules exempting from any labeling requirement of this chapter, cosmet-

ics which are in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at an establishment other than the establishment where they are originally processed or packed, on condition that such cosmetics are not adulterated or misbranded upon removal from the processing, labeling, or repacking establishment. Cosmetic labeling exemptions adopted under the federal Act apply to cosmetics in this state except as modified or rejected by rules adopted by the board.

126.18 Inspections.

1. *a.* For purposes of enforcement of this chapter, the board or any of its authorized agents, upon presenting appropriate credentials to the owner, operator, or agent in charge, may do both of the following:

(1) Enter at reasonable times any factory, warehouse, or other establishment in which drugs, devices, or cosmetics are manufactured, processed, packed, or held, for introduction into commerce or after such introduction; or enter a vehicle being used to transport or hold drugs, devices, or cosmetics in commerce.

(2) Inspect at reasonable times and within reasonable limits and in a reasonable manner such a factory, warehouse, establishment, or vehicle and all pertinent equipment, finished and unfinished materials, containers, and labeling therein, and obtain samples necessary to the enforcement of this chapter. b. Rules or standards shall not be adopted or enforced which would have the effect of denying a license to a hospital or other institution required to be licensed, solely by reason of the school or system of practice employed or permitted to be employed by physicians in the hospital, if the school or system of practice is recognized by the laws of this state.

2. *a.* The rules shall state that a hospital shall not deny clinical privileges to physicians and surgeons, podiatric physicians, osteopathic physicians and surgeons, dentists, certified health service providers in psychology, physician assistants, or advanced registered nurse practitioners licensed under chapter 148, 148C, 149, 152, or 153, or section 154B.7, solely by reason of the license held by the practitioner or solely by reason of the school or institution in which the practitioner received medical schooling or postgraduate training if the medical schooling or postgraduate training was accredited by an organization recognized by the council on postsecondary accreditation or an accrediting group recognized by the United States department of education.

This section shall not be construed to require a hospital to establish rules which are inconsistent with the scope of practice established for licensure of practitioners to whom this subsection applies.

d. This section shall not be construed to authorize the denial of clinical privileges to a practitioner or class of practitioners solely because a hospital has as employees of the hospital identically licensed practitioners providing the same or similar services.

3. The rules shall require that a hospital establish and implement written criteria for the

a. The ability of an applicant for privileges to provide patient care services independently and appropriately in the hospital.

b. The license held by the applicant to practice.

An employee of the department who gives unauthorized advance notice of an inspection made or planned to be made under this subsection or section 135C.38 shall be disciplined as determined by the director, except that if the employee is employed pursuant to the merit system provisions of chapter 8A, subchapter IV, the discipline shall not exceed the discipline authorized pursuant to that subchapter.

2. a. The department shall prescribe by rule that any licensee or applicant for license desiring to make specific types of physical or functional alterations or additions to its facility or to construct new facilities shall, before commencing the alteration or additions or new construction, submit plans and specifications to the department for preliminary inspection and approval or recommendations with respect to compliance with the department’s rules and standards.

b. When the plans and specifications have been properly approved by the department or other appropriate state agency, for a period of at least five years from completion of the construction or alteration, the facility or the portion of the facility constructed or altered in accord with the plans and specifications shall not be considered deficient or ineligible for licensing by reason of failure to meet any rule or standard established subsequent to approval of the plans and specifications.

c. When construction or alteration of a facility or portion of a facility has been completed in accord with plans and specifications submitted as required by this subsection and properly approved by the department or other appropriate state agency, and it is discovered that the facility or portion of a facility is not in compliance with a requirement of this chapter or of the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted, and the deficiency was apparent from the plans and specifications submitted but was not noted or objected to by the department or other appropriate state agency, the department or agency responsi-

ble for the oversight shall either waive the requirement or reimburse the licensee or applicant for any costs which are necessary to bring the new or reconstructed facility or portion of a facility into compliance with the requirement and which the licensee or applicant would not have incurred if the facility or portion of the facility had been constructed in compliance with the requirements of this chapter or of the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted.

d. If within two years from the completion of the construction or alteration of the facility or portion thereof, a department or agency of the state orders that the new or reconstructed facility or portion thereof be brought into compliance with the requirements of this chapter or the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted, the state shall have a claim for damages to the extent of any reimbursement paid to the licensee or applicant against any person who designed the facility or portion thereof for negligence in the preparation of the plans and specifications therefor, subject to all defenses based upon the negligence of the state in reviewing and approving those plans and specifications, but not thereafter.

e. The provisions of this subsection shall not apply where the deficiency presents a clear and present danger to the safety of the residents of the facility.

3. An inspector of the department may enter any licensed health care facility without a warrant, and may examine all records pertaining to the care provided residents of the facility. An inspector of the department may contact or interview any resident, employee, or any other person who might have knowledge about the operation of a health care facility. An inspector of the department of human services shall have the same right with respect to any facility where one or more residents are cared for entirely or partially at public expense, and an investigator of the designated protection and advocacy agency shall have the same right with respect to any facility where one or more residents have developmental disabilities or mental illnesses, and the state fire marshal or a deputy appointed pursuant to section 135C.9, subsection 1, paragraph “b” shall have the same right of entry into any facility and the right to inspect any records pertinent to fire safety practices and conditions within that facility. If any such inspector has probable cause to believe that any institution, building, or agency not licensed as a health care facility is in fact a health care facility as defined by this chapter, and upon producing identification that the individual is an inspector is denied entry thereto for the purpose of making an inspection, the inspector may, with the assistance of the county attorney of the county in which the purported health care facility is located, apply to

the district court for an order requiring the owner or occupant to permit entry and inspection of the premises to determine whether there have been any violations of this chapter.

135C.16A Inspectors — conflicts of interest.

1. Any of the following circumstances disqualifies an inspector from inspecting a particular health care facility under this chapter:

a. The inspector currently works or, within the past two years, has worked as an employee or employment agency staff at the health care facility, or as an officer, consultant, or agent for the health care facility to be inspected.

b. The inspector has any financial interest or any ownership interest in the facility. For purposes of this paragraph, indirect ownership, such as through a broad-based mutual fund, does not constitute financial or ownership interest.

c. The inspector has an immediate family member who has a relationship with the facility as described in paragraph “a” or “b”.

d. The inspector has an immediate family member who currently resides in the facility.

2. For purposes of this section, “*immediate family member*” means the same as set forth in 42 C.F.R. § 488.301, and includes a husband or wife; natural or adoptive parent, child, or sibling; step-parent, stepchild, or stepsibling; father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law; or grandparent or grandchild.

135C.19 Public disclosure of inspection findings — posting of citations.

1. Following an inspection of a health care facility by the department pursuant to this chapter, the department’s final findings with respect to compliance by the facility with requirements for licensing shall be made available to the public in a readily available form and place. Other information relating to a health care facility obtained by the department which does not constitute the department’s findings from an inspection of the facility shall not be made available to the public except in proceedings involving the citation of a facility for a violation under section 135C.40, or the denial, suspension, or revocation of a license under this chapter. The name of a person who files a complaint with the department shall be confidential.

2. *a.* A citation for a class I or class II violation which is issued to a health care facility and which has become final, or a copy of the citation, shall be prominently posted as prescribed in rules, until the violation is corrected to the department’s satisfaction. The citation or copy shall be posted in a place in plain view of the residents of the facility

cited, persons visiting the residents, and persons inquiring about placement in the facility.

b. A copy of each citation required to be posted by this subsection shall be sent by the department to the department of human services and to the designated protection and advocacy agency if the facility has one or more residents with developmental disabilities or mental illness.

3. If the facility cited subsequently advises the department of human services that the violation has been corrected to the satisfaction of the department of inspections and appeals, the department of human services shall maintain this advisory in the same file with the copy of the citation. The department of human services shall not disseminate to the public any information regarding citations issued by the department of inspections and appeals, but shall forward or refer inquiries to the department of inspections and appeals.

135C.20A Report cards — facility inspections — complaint procedures — availability to public — electronic access.

1. The department shall develop and utilize a report card system for the recording of the findings of any inspection of a health care facility. The report card shall include but is not limited to a summary of the findings of the inspection, any violation found, any enforcement action taken including any citations issued and penalties assessed, any actions taken to correct violations or deficiencies, and the nature and status of any action taken with respect to any uncorrected violation for which a citation was issued.

2. The report card form shall be developed by the department in cooperation with representatives of the department on aging, the state long-term care resident's advocate, representatives of resident advocate committees, representatives of protection and advocacy entities, consumers, and other interested persons.

3. The department shall make any completed report cards electronically accessible to the public, on a monthly basis, and shall compile the report cards on an annual basis and make the compilation electronically accessible to the public. The annual compilation shall also be available at the office of the department at the seat of government and shall be available to the public by mail, upon request and at the department's expense.

4. In addition to the monthly and annual compilations, the department shall provide compilations of the report cards on a cumulative basis. The cumulative compilation shall reflect the report cards of health care facilities during the four-year period prior to the production of the cumulative compilation. The cumulative compilation shall be applicable to a particular health care facility as a four-year report card history of that facility becomes available. The cumulative compilation

shall be available to the public in the same manner as the annual compilation.

Subsection 2 amended

135C.23 Express requirements for admission or residence.

No individual shall be admitted to or permitted to remain in a health care facility as a resident, except in accordance with the requirements of this section.

1. Each resident shall be covered by a contract executed at the time of admission or prior thereto by the resident, or the resident's legal representative, and the health care facility, except as otherwise provided by subsection 5 with respect to residents admitted at public expense to a county care facility operated under chapter 347B. Each party to the contract shall be entitled to a duplicate original thereof, and the health care facility shall keep on file all contracts which it has with residents and shall not destroy or otherwise dispose of any such contract for at least one year after its expiration. Each such contract shall expressly set forth:

a. The terms of the contract.

b. The services and accommodations to be provided by the health care facility and the rates or charges therefor.

c. Specific descriptions of any duties and obligations of the parties in addition to those required by operation of law.

d. Any other matters deemed appropriate by the parties to the contract. No contract or any provision thereof shall be drawn or construed so as to relieve any health care facility of any requirement or obligation imposed upon it by this chapter or any standards or rules in force pursuant to this chapter, nor contain any disclaimer of responsibility for injury to the resident, or to relatives or other persons visiting the resident, which occurs on the premises of the facility or, with respect to injury to the resident, which occurs while the resident is under the supervision of any employee of the facility whether on or off the premises of the facility.

2. *a.* A health care facility shall not knowingly admit or retain a resident:

(1) Who is dangerous to the resident or other residents.

(2) Who is in an acute stage of alcoholism, drug addiction, or mental illness.

(3) Whose condition or conduct is such that the resident would be unduly disturbing to other residents.

(4) Who is in need of medical procedures, as determined by a physician, or services which cannot be or are not being carried out in the facility.

b. This section does not prohibit the admission of a patient with a history of dangerous or disturbing behavior to an intermediate care facility for persons with mental illness, intermediate care facility for persons with mental retardation, nursing facility, or county care facility when the intermedi-

ate care facility for persons with mental illness, intermediate care facility for persons with mental retardation, nursing facility, or county care facility has a program which has received prior approval from the department to properly care for and manage the patient. An intermediate care facility for persons with mental illness, intermediate care facility for persons with mental retardation, nursing facility, or county care facility is required to transfer or discharge a resident with dangerous or disturbing behavior when the intermediate care facility for persons with mental illness, intermediate care facility for persons with mental retardation, nursing facility, or county care facility cannot control the resident's dangerous or disturbing behavior. The department, in coordination with the state mental health, mental retardation, developmental disabilities, and brain injury commission created in section 225C.5, shall adopt rules pursuant to chapter 17A for programs to be required in intermediate care facilities for persons with mental illness, intermediate care facilities for persons with mental retardation, nursing facilities, and county care facilities that admit patients or have residents with histories of dangerous or disturbing behavior.

c. The denial of admission of a person to a health care facility shall not be based upon the patient's condition, which is the existence of a specific disease in the patient, but the decision to accept or deny admission of a patient with a specific disease shall be based solely upon the ability of the health care facility to provide the level of care required by the patient.

3. Except in emergencies, a resident who is not essentially capable of managing the resident's own affairs shall not be transferred out of a health care facility or discharged for any reason without prior notification to the next of kin, legal representative, or agency acting on the resident's behalf. When such next of kin, legal representative, or agency cannot be reached or refuses to cooperate, proper arrangements shall be made by the facility for the welfare of the resident before the resident's transfer or discharge.

4. No owner, administrator, employee, or representative of a health care facility shall pay any commission, bonus, or gratuity in any form whatsoever, directly or indirectly, to any person for residents referred to such facility, nor accept any commission, bonus, or gratuity in any form whatsoever, directly or indirectly, for professional or other services or supplies purchased by the facility or by any resident, or by any third party on behalf of any resident, of the facility.

5. Each county which maintains a county care facility under chapter 347B shall develop a statement in lieu of, and setting forth substantially the same items as, the contracts required of other health care facilities by subsection 1. The statement must be approved by the county board of su-

pervisors and by the department. When so approved, the statement shall be considered in force with respect to each resident of the county care facility.

135C.25 Resident advocate committee appointments — duties — disclosure — liability.

1. Each health care facility shall have a resident advocate committee whose members shall be appointed by the director of the department on aging or the director's designee. A person shall not be appointed a member of a resident advocate committee for a health care facility unless the person is a resident of the service area where the facility is located. The resident advocate committee for any facility caring primarily for persons with mental illness, mental retardation, or a developmental disability shall only be appointed after consultation with the administrator of the division of mental health and disability services of the department of human services on the proposed appointments. Recommendations to the director or the director's designee for membership on resident advocate committees are encouraged from any agency, organization, or individual. The administrator of the facility shall not be appointed to the resident advocate committee and shall not be present at committee meetings except upon request of the committee.

2. Each resident advocate committee shall periodically review the needs of each individual resident of the facility and shall perform the functions pursuant to sections 135C.38 and 231.44.

3. A health care facility shall disclose the names, addresses, and phone numbers of a resident's family members, if requested, to a resident advocate committee member, unless permission for this disclosure is refused in writing by the family member. The facility shall provide a form on which a family member may indicate a refusal to grant this permission.

4. Neither the state nor any resident advocate committee member is liable for an action by a resident advocate committee member in the performance of duty, if the action is undertaken and carried out in good faith.

Subsection 1 amended

135C.30 Operation of facility under receivership.

When so authorized by section 135C.11, subsection 2, or section 135C.12, subsection 1, the director may file a verified application in the district court of the county where a health care facility licensed under this chapter is located, requesting that an individual nominated by the director be appointed as receiver for the facility with responsibility to bring the operation and condition of the

facility into conformity with this chapter and the rules or minimum standards promulgated under this chapter.

1. The court shall expeditiously hold a hearing on the application, at which the director shall present evidence in support of the application. The licensee against whose facility the petition is filed may also present evidence, and both parties may subpoena witnesses. The court may appoint a receiver for the health care facility in advance of the hearing if the director's verified application states that an emergency exists which presents an imminent danger of resultant death or physical harm to the residents of the facility. If the licensee against whose facility the receivership petition is filed informs the court at or before the time set for the hearing that the licensee does not object to the application, the court shall waive the hearing and at once appoint a receiver for the facility.

2. The court, on the basis of the verified application and evidence presented at the hearing, may order the facility placed under receivership, and if so ordered, the court shall direct either that the receiver assume the duties of administrator of the health care facility or that the receiver supervise the facility's administrator in conducting the day-to-day business of the facility. The receiver shall be empowered to control the facility's financial resources and to apply its revenues as the receiver deems necessary to the operation of the facility in compliance with this chapter and the rules or minimum standards promulgated under this chapter, but shall be accountable to the court for management of the facility's financial resources.

3. A receivership established under this section may be terminated by the district court which established it, after a hearing upon an application for termination. The application may be filed:

a. Jointly by the receiver and the current licensee of the health care facility which is in receivership, stating that the deficiencies in the operation, maintenance or other circumstances which were the grounds for establishment of the receivership have been corrected and that there are reasonable grounds to believe that the facility will be operated in compliance with this chapter and the rules or minimum standards promulgated under this chapter.

b. By the current licensee of the facility, alleging that termination of the receivership is merited for the reasons set forth in paragraph "a" of this subsection, but that the receiver has declined to join in the petition for termination of the receivership.

c. By the receiver, stating that all residents of the facility have been relocated elsewhere and that there are reasonable grounds to believe it will not be feasible to again operate the facility on a sound financial basis and in compliance with this chapter and the rules or minimum standards promulgated under this chapter, and asking that the court approve surrender of the facility's license

to the department and subsequent return of control of the facility's premises to the owners of the premises.

4. *a.* Payment of the expenses of a receivership established under this section is the responsibility of the facility for which the receiver is appointed, unless the court directs otherwise. The expenses include but are not limited to:

(1) Salary of the receiver.

(2) Expenses incurred by the facility for the continuing care of the residents of the facility.

(3) Expenses incurred by the facility for the maintenance of buildings and grounds of the facility.

(4) Expenses incurred by the facility in the ordinary course of business, such as employees' salaries and accounts payable.

b. The receiver is not personally liable for the expenses of the facility during the receivership. The receiver is an employee of the state as defined in section 669.2, subsection 4, only for the purpose of defending a claim filed against the receiver. Chapter 669 applies to all suits filed against the receiver.

5. This section does not:

a. Preclude the sale or lease of a health care facility, and the transfer or assignment of the facility's license in the manner prescribed by section 135C.8, while the facility is in receivership, provided these actions are not taken without approval of the receiver.

b. Affect the civil or criminal liability of the licensee of the facility placed in receivership, for any acts or omissions of the licensee which occurred before the receiver was appointed.

Subsection 4 redesignated pursuant to Code editor directive

135C.31A Assessment of residents — program eligibility — prescription drug coverage.

1. A health care facility shall assist the Iowa department of veterans affairs in identifying, upon admission of a resident, the resident's eligibility for benefits through the United States department of veterans affairs. The department of inspections and appeals, in cooperation with the department of human services, shall adopt rules to administer this section, including a provision that ensures that if a resident is eligible for benefits through the United States department of veterans affairs or other third-party payor, the payor of last resort for reimbursement to the health care facility is the medical assistance program. The rules shall also require the health care facility to request information from a resident or resident's personal representative regarding the resident's veteran status and to report to the Iowa department of veterans affairs only the names of residents identified as potential veterans along with the names of their spouses and any dependents. Information reported by the health care facility

shall be verified by the Iowa department of veterans affairs. This section shall not apply to the admission of an individual to a state mental health institute for acute psychiatric care or to the admission of an individual to the Iowa veterans home.

2. *a.* If a resident is identified, upon admission to a health care facility, as eligible for benefits through the United States department of veterans affairs pursuant to subsection 1 or through other means, the health care facility shall allow the resident to access any prescription drug benefit included in such benefits for which the resident is also eligible. The health care facility shall also assist the Iowa department of veterans affairs in identifying individuals residing in such health care facilities on July 1, 2009, who are eligible for the prescription drug benefit.

b. The department of inspections and appeals, the department of veterans affairs, and the department of human services shall identify any barriers to residents in accessing such prescription drug benefits and shall assist health care facilities in adjusting their procedures for medication administration to comply with this subsection.

Section amended

135C.33 Employees — child or dependent adult abuse information and criminal record checks — evaluations — application to other providers — penalty.

1. Prior to employment of a person in a facility, the facility shall request that the department of public safety perform a criminal history check and the department of human services perform child and dependent adult abuse record checks of the person in this state. A facility shall inform all persons prior to employment regarding the performance of the record checks and shall obtain, from the persons, a signed acknowledgment of the receipt of the information. A facility shall include the following inquiry in an application for employment:

“Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime, in this state or any other state?”

2. *a.* If it is determined that a person being considered for employment in a facility has been convicted of a crime under a law of any state, the department of public safety shall notify the licensee that upon the request of the licensee the department of human services will perform an evaluation to determine whether the crime warrants prohibition of the person’s employment in the facility.

b. If a department of human services child or dependent adult abuse record check shows that such person has a record of founded child or dependent adult abuse, the department of human services shall notify the licensee that upon the re-

quest of the licensee the department of human services will perform an evaluation to determine whether the founded child or dependent adult abuse warrants prohibition of employment in the facility.

c. An evaluation performed under this subsection shall be performed in accordance with procedures adopted for this purpose by the department of human services.

d. (1) If a person owns or operates more than one facility, and an employee of one of such facilities is transferred to another such facility without a lapse in employment, the facility is not required to request additional criminal and child and dependent adult abuse record checks of that employee.

(2) If the ownership of a facility is transferred, at the time of transfer the record checks required by this section shall be performed for each employee for whom there is no documentation that such record checks have been performed. The facility may continue to employ such employee pending the performance of the record checks and any related evaluation.

3. In an evaluation, the department of human services shall consider the nature and seriousness of the crime or founded child or dependent adult abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child or dependent adult abuse, the circumstances under which the crime or founded child or dependent adult abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child or dependent adult abuse again, and the number of crimes or founded child or dependent adult abuses committed by the person involved. If the department of human services performs an evaluation for the purposes of this section, the department of human services has final authority in determining whether prohibition of the person’s employment is warranted.

4. *a.* Except as provided in paragraph “*b*” and subsection 2, a person who has committed a crime or has a record of founded child or dependent adult abuse shall not be employed in a facility licensed under this chapter unless an evaluation has been performed by the department of human services.

b. A person with a criminal or abuse record who is employed by a facility licensed under this chapter and is hired by another licensee without a lapse in employment shall be subject to the criminal history and abuse record checks required pursuant to subsection 1. If an evaluation was previously performed by the department of human services concerning the person’s criminal or abuse record and it was determined that the record did not warrant prohibition of the person’s employment and the latest record checks do not indicate a crime was committed or founded abuse record was entered subsequent to that evaluation, the person may commence employment with the other

licensee while the department of human services' evaluation of the latest record checks is pending. Otherwise, the requirements of paragraph "a" remain applicable to the person's employment.

5. *a.* This section shall also apply to prospective employees of all of the following, if the provider is regulated by the state or receives any state or federal funding:

(1) An employee of a homemaker-home health aide, home care aide, adult day services, or other provider of in-home services if the employee provides direct services to consumers.

(2) An employee of a hospice, if the employee provides direct services to consumers.

(3) An employee who provides direct services to consumers under a federal home and community-based services waiver.

(4) An employee of an elder group home certified under chapter 231B, if the employee provides direct services to consumers.

(5) An employee of an assisted living program certified under chapter 231C, if the employee provides direct services to consumers.

b. In substantial conformance with the provisions of this section, prior to the employment of such an employee, the provider shall request the performance of the criminal and child and dependent adult abuse record checks. The provider shall inform the prospective employee and obtain the prospective employee's signed acknowledgment. The department of human services shall perform the evaluation of any criminal record or founded child or dependent adult abuse record and shall make the determination of whether a prospective employee of a provider shall not be employed by the provider.

6. *a.* The department of inspections and appeals, in conjunction with other departments and agencies of state government involved with criminal history and abuse registry information, shall establish a single contact repository for facilities and other providers to have electronic access to data to perform background checks for purposes of employment, as required of the facilities and other providers under this section.

b. The department may access the single contact repository for any of the following purposes:

(1) To verify data transferred from the department's nurse aide registry to the repository.

(2) To conduct record checks of applicants for employment with the department.

7. *a.* If a person employed by a facility, service, or program employer that is subject to this section is convicted of a crime or has a record of founded child or dependent adult abuse entered in the abuse registry after the person's employment application date, the person shall inform the employer of such information within forty-eight hours of the criminal conviction or entry of the record of founded child or dependent adult abuse. The employer shall act to verify the information within

forty-eight hours of notification. If the information is verified, the requirements of subsections 2, 3, and 4 regarding employability and evaluations shall be applied by the employer to determine whether or not the person's employment is continued. The employer may continue to employ the person pending the performance of an evaluation by the department of human services to determine whether prohibition of the person's employment is warranted. A person who is required by this subsection to inform the person's employer of a conviction or entry of an abuse record and fails to do so within the required period commits a serious misdemeanor.

b. If a facility, service, or program employer receives credible information, as determined by the employer, that a person employed by the employer has been convicted of a crime or a record of founded child or dependent adult abuse has been entered in the abuse registry after employment from a person other than the employee and the employee has not informed the employer of such information within the period required under paragraph "a", the employer shall act to verify the credible information within forty-eight hours of receipt of the credible information. If the information is verified, the requirements of subsections 2, 3, and 4 regarding employability and evaluations shall be applied to determine whether or not the person's employment is continued.

c. The employer may notify the county attorney for the county where the employer is located of any violation or failure by an employee to notify the employer of a criminal conviction or entry of an abuse record within the period required under paragraph "a".

135C.36 Violations classified — penalties.

Every violation by a health care facility of any provision of this chapter or of the rules adopted pursuant to it shall be classified by the department in accordance with this section. The department shall adopt and may from time to time modi-

fy, in accordance with chapter 17A rules setting forth so far as feasible the specific violations included in each classification and stating criteria for the classification of any violation not so listed.

1. A Class I violation is one which presents an imminent danger or a substantial probability of resultant death or physical harm to the residents of the facility in which the violation occurs. A physical condition or one or more practices in a facility may constitute a Class I violation. A Class I violation shall be abated or eliminated immediately unless the department determines that a stated period of time, specified in the citation issued under section 135C.40, is required to correct the violation. A licensee is subject to a penalty of not less than two thousand nor more than ten thousand dollars for each Class I violation for which the licensee's facility is cited.

2. A Class II violation is one which has a direct or immediate relationship to the health, safety, or security of residents of a health care facility, but which presents no imminent danger nor substantial probability of death or physical harm to them. A physical condition or one or more practices within a facility, including either physical abuse of any resident or failure to treat any resident with consideration, respect, and full recognition of the resident's dignity and individuality, in violation of a specific rule adopted by the department, may constitute a Class II violation. A violation of section 135C.14, subsection 8, or section 135C.31 and rules adopted under those sections shall be at least a Class II violation and may be a Class I violation. A Class II violation shall be corrected within a stated period of time determined by the department and specified in the citation issued under section 135C.40. The stated period of time specified in the citation may subsequently be modified by the department for good cause shown. A licensee is subject to a penalty of not less than one hundred nor more than five hundred dollars for each Class II violation for which the licensee's facility is cited; however the director may, upon written request of the facility, waive the penalty if the violation is corrected within the time specified in the citation. The department shall adopt rules in accordance with chapter 17A establishing criteria for the granting or denial of a waiver request.

3. A Class III violation is any violation of this chapter or of the rules adopted pursuant to it which violation is not classified in the department's rules nor classifiable under the criteria stated in those rules as a Class I or a Class II violation. A licensee shall not be subject to a penalty for a Class III violation, except as provided by section 135C.40, subsection 1, for failure to correct the violation within a reasonable time specified by the department in the notice of the violation.

4. Any state penalty, including a fine or citation, issued as a result of the federal survey and certification process shall be dismissed if the cor-

responding federal deficiency or citation is dismissed or removed.

5. If a facility self-identifies a deficient practice prior to an on-site visit inspection, there has been no complaint filed with the department related to that specific deficient practice, and the facility corrects such practice prior to an inspection, no citation shall be issued or fine assessed pursuant to subsection 2 or 3 except for those penalties arising pursuant to section 135C.33; 481 IAC § 57.12(2)(d), 57.12(3), 57.15(5), 57.25(1), 57.39, 58.11(3), 58.14(5), 58.19(2)(a), 58.19(2)(h), 58.28(1)(a), 58.43, 62.9(5), 62.15(1)(a), 62.19(2)(c), 62.19(7), 62.23(23)-(25), 63.11(2)(d), 63.11(3), 63.23(1)(a), 63.37, 64.4(9), 64.33, 64.34, 65.9(5), 65.15, or 65.25(3)-(5), or the successor to any of such rules; or 42 C.F.R. § 483.420(d), 483.460(c)(4), or 483.470(j), or the successor to any of such federal regulations.

The department may conduct the exit interview either in person or by telephone, and a second exit interview shall be provided if any additional issues or areas of concern are identified. The facility shall be provided two working days from the date of the exit interview to submit additional or rebuttal information to the department.

2.
