h. Medicaid services. Persons eligible for Medicaid as medically needy will be eligible for all services covered by Medicaid except:

(1) Care in a nursing facility or an intermediate care facility for the mentally retarded.

(2) Care in an institution for mental disease.

(3) Care in a Medicare-certified skilled nursing facility.

(4) Rehabilitative treatment services pursuant to 441—Chapter 185.

i. Reviews. Reviews of eligibility shall be made for SSI-related medically needy recipients with a zero spenddown as often as circumstances indicate but in no instance shall the period of time between reviews exceed 12 months.

SSI-related medically needy persons shall complete Form 470-3118, Medically Needy Recertification/State Supplementary and Medicaid Review, as part of the review process when requested to do so by the county office.

j. Redetermination. When an SSI-related recipient who has had ongoing eligibility because of a zero spenddown has income that exceeds the MNIL, a redetermination of eligibility shall be completed to change the recipient's eligibility to a two-month certification with spenddown. This redetermination shall be effective the month the income exceeds the MNIL or the first month following timely notice.

(1) The Medically Needy Recertification/State Supplementary and Medicaid Review, Form 470-3118, shall be used to determine eligibility for SSI-related medically needy when an SSI recipient has been determined to be ineligible for SSI due to excess income or resources in one or more of the months after the effective date of the SSI eligibility decision.

(2) All eligibility factors shall be reviewed on recertifications. A face-to-face interview is not required for recertifications if the last face-to-face interview was less than 12 months ago and there has not been a break in assistance. When the length of time between face-to-face interviews would exceed 12 months, a face-to-face interview shall be required.

k. Recertifications. A new application shall be made when the certification period has expired and there has been a break in assistance as defined at rule 441—75.25(249A). When the certification period has expired and there has not been a break in assistance, the person shall use the Medically Needy Recertification/State Supplementary and Medicaid Review, Form 470-3118, to be recertified. This form shall be treated as an application. For cases on the X-PERT system, if an interview is required as specified at subparagraph 75.1(35)*"j"*(2), the applicant may complete Form 470-3112 or 470-3122 (Spanish). When the applicant completes Form 470-3112 or Form 470-3122 (Spanish), the Summary of Facts, Form 470-3114, shall be completed and attached to the Summary Signature Page, Form 470-3113 or Form 470-3123 (Spanish), which has been signed and returned to the local or area office.

If an interview is not required as specified at subparagraph 75.1(35)*"j"*(2), when the Application for Assistance, Part 1, Form 470-3112 or 470-3122 (Spanish), is completed, the applicant shall be requested to complete Form 470-3118.

l. Disability determinations. An applicant receiving social security disability benefits under Title II of the Social Security Act or railroad retirement benefits based on the Social Security Act definition of disability by the Railroad Retirement Board shall be deemed disabled without any further determination. In other cases under the medically needy program, the department shall conduct an independent determination of disability unless the applicant has been denied supplemental security income benefits based on lack of disability and does not allege either (1) a disabling condition different from or in addition to that considered by the Social Security Administration, or (2) that the applicant's condition has changed or deteriorated since the most recent Social Security Administration determination.

(1) In conducting an independent determination of disability, the department shall use the same criteria required by federal law to be used by the Social Security Administration of the United States Department of Health and Human Services in determining disability for purposes of Supplemental Security Income under Title XVI of the Social Security Act. The disability determination services bureau of the division of vocational rehabilitation shall make the initial disability determination on behalf of the department.

(2) For an independent determination of disability, a Disability Report, Form 470-2465, must be obtained from the applicant or recipient or the applicant's or recipient's authorized representative. A signed Authorization for Source to Release Information to the Department of Human Services, Form 470-2467, shall be completed for each medical source listed on the disability report.

(3) In connection with any independent determination of disability, the department shall determine whether reexamination of the person's medical condition will be necessary for periodic redeterminations of eligibility.

75.1(36) *Expanded specified low-income Medicare beneficiaries.* Medicaid benefits to cover the cost of the Medicare Part B premium shall be available to persons who are entitled to Medicare Part A provided the following conditions are met:

a. The person's monthly income is at least 120 percent of the federal poverty level but is less than 135 percent of the federal poverty level (as defined by the United States Office of Management and Budget and revised annually in accordance with Section 673(2) of the Omnibus Budget Reconciliation Act of 1981) applicable to a family of the size involved.

b. The person's resources do not exceed twice the maximum amount of resources that a person may have and obtain benefits under the Supplemental Security Income (SSI) program.

c. The amount of the income and resources shall be determined the same as under the SSI program unless the person lives and is expected to live at least 30 consecutive days in a medical institution and has a spouse at home. Then the resource determination shall be made according to subrules 75.5(3) and 75.5(4). Income shall not include any amount of social security income attributable to the cost-of-living increase through the month following the month in which the annual revision of the official poverty level is published.

d. The person is not otherwise eligible for Medicaid.

e. The effective date of eligibility shall be as set forth in rule 441—76.5(249A).

75.1(37) *Home health specified low-income Medicare beneficiaries.*

a. Medicaid benefits to cover the cost of the home health portion of the Medicare Part B premium shall be available to persons who are entitled to Medicare Part A provided the following conditions are met:

(1) The person's monthly income is at least 135 percent of the federal poverty level but is less than 175 percent of the federal poverty level (as defined by the United States Office of Management and Budget and revised annually in accordance with Section 673(2) of the Omnibus Budget Reconciliation Act of 1981) applicable to a family of the size involved.

(2) The person's resources do not exceed twice the maximum amount of resources that a person may have and obtain benefits under the Supplemental Security Income (SSI) program.

(3) The amount of the income and resources shall be determined the same as under the SSI program unless the person lives and is expected to live at least 30 consecutive days in a medical institution and has a spouse at home. Then the resource determination shall be made according to subrules 75.5(3) and 75.5(4). Income shall not include any amount of social security income attributable to the cost-of-living increase through the month following the month in which the annual revision of the official poverty level is published.

(4) The person is not otherwise eligible for Medicaid.

b. The effective date of eligibility shall be as set forth in rule 441—76.5(249A).

c. Payment of the home health portion of Medicare Part B premium shall be made retroactively on an annual basis in April of each year for the prior calendar year.

75.1(38) *Continued Medicaid for disabled children from August 22, 1996.* Medical assistance shall be available to persons who were receiving SSI as of August 22, 1996, and who would continue to be eligible for SSI but for Section 211(a) of the Personal Responsibility and Work Opportunity Act of 1996 (P.L. 104-193).

This rule is intended to implement Iowa Code sections 249A.3, 249A.4 and 249A.6.

441—75.2(249A) Medical resources. Medical resources include health and accident insurance, eligibility for care through Veterans' Administration, specialized child health services, Title XVIII of the Social Security Act (Medicare) and other resources for meeting the cost of medical care which may be available to the recipient. These resources must be used when reasonably available.

When a medical resource may be obtained by filing a claim or an application, and cooperating in the processing of that claim or application, that resource shall be considered to be reasonably available, unless good cause for failure to obtain that resource is determined to exist.

Payment will be approved only for those services or that part of the cost of a given service for which no medical resources exist unless pay and chase provisions as defined in rule 441—75.25(249A) are applicable. Persons who have been approved by the Social Security Administration for supplemental security income shall complete Form MA-2124-0, Supplementary Information—Medicaid Application—Retroactive Medicaid Eligibility, and return it to the local office of the department of human services. Persons eligible for Part B of the Medicare program shall make assignment to the department on Form MA-2124-0, Supplementary Information—Medicaid Application—Retroactive Medicaid Eligibility.

75.2(1) The recipient, or one acting on the recipient's behalf, shall file a claim, or submit an application, for any reasonably available medical resource, and shall also cooperate in the processing of the claim or application. Failure to do so, without good cause, shall result in the termination of medical assistance benefits. The medical assistance benefits of a minor or a legally incompetent adult recipient shall not be terminated for failure to cooperate in reporting medical resources.

75.2(2) When a parent or payee, acting on behalf of a minor, or of a legally incompetent adult recipient, fails to file a claim or application for reasonably available medical resources, or fails to cooperate in the processing of a claim or application, without good cause, the medical assistance benefits of the parent or payee shall be terminated.

75.2(3) Good cause for failure to cooperate in the filing or processing of a claim or application shall be considered to exist when the recipient, or one acting on behalf of a minor, or of a legally incompetent adult recipient, is physically or mentally incapable of cooperation. Good cause shall be considered to exist when cooperation is reasonably anticipated to result in:

a. Physical or emotional harm to the recipient for whom medical resources are being sought.

b. Physical or emotional harm to the parent or payee, acting on the behalf of a minor, or of a legally incompetent adult recipient, for whom medical resources are being sought.

75.2(4) The determination of good cause shall be made by the Utilization Review Section of the Bureau of Medical Services. This determination shall be based on information and evidence provided by the recipient, or by one acting on the recipient's behalf.

75.2(5) When the department receives information through a cross-match with department of employment services and child support recovery files which indicates the absent parent of a Medicaid-eligible child is employed, the department shall send Form 470-0413, Absent Parent Insurance Questionnaire, to the absent parent in order to obtain health insurance coverage information. If the absent parent does not respond within 15 days from the date Form 470-0413 is sent, the department shall send Form 470-2240, Employer Insurance Questionnaire, to the employer in order to obtain the health insurance coverage information.

This rule is intended to implement Iowa Code sections 249A.4, 249A.5 and 249A.6.

441—75.3(249A) Acceptance of other financial benefits. An applicant or recipient shall take all steps necessary to apply for and, if entitled, accept any income or resources for which the applicant or recipient may qualify, unless the applicant or recipient can show an incapacity to do so. Sources of benefits may be, but are not limited to, contributions, annuities, pensions, retirement or disability benefits, veterans' compensation and pensions, old-age, survivors, and disability insurance, railroad retirement benefits, black lung benefits, or unemployment compensation.

75.3(1) When it is determined that the supplemental security income (SSI)-related applicant or recipient may be entitled to other cash benefits, a Notice Regarding Acceptance of Other Cash Benefit, Form MA-3017-0, shall be sent to the applicant or recipient.

75.3(2) The SSI-related applicant or recipient must express an intent to apply or refuse to apply for other benefits within five working days from the date the notice is issued. A signed refusal to apply or failure to return the form shall result in denial of the application or cancellation of Medicaid unless the applicant or recipient is mentally or physically incapable of filing the claim for other cash benefits.

75.3(3) When the SSI-related applicant or recipient is physically or mentally incapable of filing the claim for other cash benefits, the local office shall request the person acting on behalf of the recipient to pursue the potential benefits.

75.3(4) The SSI-related applicant or recipient shall cooperate in applying for the other benefits. Failure to timely secure the other benefits shall result in cancellation of Medicaid.

EXCEPTION: An applicant or recipient shall not be required to apply for supplementary security income to receive Medicaid under subrule 75.1(17).

This rule is intended to implement Iowa Code sections 249A.3 and 249A.4.

441—75.4(249A) Medical assistance lien.

75.4(1) The agency within the department of human services responsible for administration of the department's lien is the division of medical services. When payment is made by the department for medical care or expenses through the medical assistance program on behalf of a recipient, the department shall have a lien, to the extent of those payments, to all monetary claims which the recipient may have against third parties. A lien under this section is not effective unless the department files a notice of lien with the clerk of the district court in the county where the recipient resides and with the recipient's attorney when the recipient's eligibility for medical assistance is established. The notice of lien shall be filed before the third party has concluded a final settlement with the recipient, the recipient's attorney, or other representative. The third party shall obtain a written determination from the department concerning the amount of the lien before a settlement is deemed final for purposes of this section. A compromise, including, but not limited to, notification, settlement, waiver or release, of a claim under this section does not defeat the department's lien except pursuant to the written agreement of the director or the director's designee under which the department would receive less than full reimbursement of the amounts it expended. A settlement, award, or judgment structured in any manner not to include medical expenses or an action brought by a recipient or on behalf of a recipient which fails to state a claim for recovery of medical expenses does not defeat the department's lien if there is any recovery on the recipient's claim.

All notifications to the department required by law shall be directed to the Division of Medical Services—Third Party Liability, Fifth Floor, Hoover State Office Building, Des Moines, Iowa 50319-0114. Notification shall be considered made as of the time the notification is deposited so addressed, postage prepaid in the United States Postal Service system.

75.4(2) The department may pursue its rights to recover either directly from any third party or from any recovery obtained by or on behalf of any medical assistance recipient. If a recipient of the medical assistance program incurs the obligation to pay attorney fees and court costs for the purpose of enforcing a monetary claim to which the department has a lien under this section, upon the receipt of the judgment or settlement of the total claim, of which the lien for medical assistance payments is a part, the court costs and reasonable attorney fees shall first be deducted from this total judgment or settlement. One-third of the remaining balance shall then be deducted and paid to the recipient. From the remaining balance, the lien of the department shall be paid. Any amount remaining shall be paid to the recipient. An attorney acting on behalf of a recipient of medical assistance for the purpose of enforcing a claim to which the department has a lien shall not collect from the recipient any amount as attorney fees which is in excess of the amount which the attorney customarily would collect on claims not subject to this rule. The department will provide computer-generated documents or claim forms describing the services for which it has paid upon request of any affected recipient or the recipient's attorney. The documents may also be provided to a third party where necessary to establish the extent of the department's claim.

75.4(3) In those cases where appropriate notification is not given to the department or where the department's recovery rights are otherwise adversely affected by an action of the recipient or one acting on the recipient's behalf, medical assistance benefits shall be terminated. The medical assistance benefits of a minor child or a legally incompetent adult recipient shall not be terminated. Subsequent eligibility for medical assistance benefits shall be denied until an amount equal to the unrecovered claim has been reimbursed to the department or the individual produces documentation of incurred medical expense equal to the amount of the unrecovered claim. The incurred medical expense shall not be paid by the medical assistance program.

a. The client, or one acting on the client's behalf, shall provide information and verification as required to establish the availability of medical or third-party resources.

b. Rescinded IAB 9/4/91, effective 11/1/91.

c. The client or person acting on the client's behalf shall complete Form 470-2826, Supplemental Insurance Questionnaire, in a timely manner at the time of application, when any change in medical resources occurs during the application period, and when any changes in medical resources occur after the application is approved.

A report shall be considered timely when made within ten days from:

(1) The date that health insurance begins, changes, or ends.

(2) The date that eligibility begins for care through Veterans Administration, specialized child health services, Title XVIII of the Social Security Act (Medicare) and other resources.

(3) The date the client, or one acting on the client's behalf, files an insurance claim against an insured third party, for the payment of medical expenses that otherwise would be paid by Medicaid.

(4) The date the recipient, or one acting on the recipient's behalf, retains an attorney with the expectation of seeking restitution for injuries from a possibly liable third party, and the medical expenses resulting from those injuries would otherwise be paid by Medicaid.

(5) The date that the recipient, or one acting on the recipient's behalf, receives a partial or total settlement for the payment of medical expenses that would otherwise be paid by Medicaid.

The recipient may report the change in person, by telephone, by mail or by using the Ten Day Report of Change, Form PA-4106-0, which is mailed with the Aid to Dependent Children Assistance warrants.

d. The recipient, or one acting on the recipient's behalf, shall complete the Recipient Inquiry, Form MA-4047-0, when the department has reason to believe that the recipient has received an accident-related injury. Failure to cooperate in completing and returning this form, or in giving complete and accurate information, shall result in the termination of Medicaid benefits.

e. In those instances where the recovery rights of the department are adversely affected by the actions of a parent or payee, acting on the behalf of a minor, or legally incompetent adult recipient, the Medicaid benefits of the parent or payee shall be terminated. In those instances where a parent or payee fails to cooperate in completing or returning the Recipient Inquiry, Form MA-4047-0, or the Supplemental Insurance Questionnaire, Form 470-2826, or fails to give complete and accurate information concerning the accident-related injuries of a minor or legally incompetent adult recipient, the Medicaid benefits of the parent or payee shall be terminated.

f. The recipient, or one acting on the recipient's behalf, shall refund to the department from any settlement or payment received the amount of any medical expenses paid by Medicaid. Failure of the recipient to do so shall result in the termination of Medicaid benefits. In those instances where a parent or payee, acting on the behalf of a minor, or of a legally incompetent adult recipient, fails to refund a settlement overpayment to the department, the Medicaid benefits of the parent or payee shall be terminated.

75.4(4) Third party and provider responsibilities.

a. The health care services provider shall inform the department by appropriate notation on the Inpatient Hospital Claim, Form XIX HOSP-1, the Outpatient Hospital Claim, Form XIX HOSP-2, or on the Health Insurance Claim, Form HCFA 1500, that other coverage exists but did not cover the service being billed or that payment was denied.

b. The health care services provider shall notify the department in writing by mailing copies of any billing information sent to a recipient, an attorney, an insurer or other third party after a claim has been submitted to or paid by the department.

c. An attorney representing an applicant for or a past or present recipient of medical assistance on a claim to which the department has filed a lien under this rule shall notify the department of the claim of which the attorney has actual knowledge, prior to filing a claim, commencing an action or negotiating a settlement offer. Actual knowledge shall include the notice to the attorney pursuant to subrule 75.4(1). The mailing and deposit in a United States post office or public mailing box of the notice, addressed to the department at its state or regional office location, is adequate legal notice of the claim.

75.4(5) Department's lien.

a. The department's liens are valid and binding on an attorney, insurer or other third party only upon notice by the department or unless the attorney, insurer or other third party has actual notice that the recipient is receiving medical assistance from the department and only to the extent that the attorney, insurer or third party has not made payment to the recipient or an assignee of the recipient prior to the notice.

Any information released to an attorney, insurer or other third party, by the health care services provider, that indicates that reimbursement from the state was contemplated or received, shall be construed as giving the attorney, insurer or other third party actual knowledge of the department's involvement. For example, information supplied by a health care services provider which indicates medical assistance involvement shall be construed as showing involvement by the department under Iowa Code section 249A.6. Payment of benefits by an insurer or third party pursuant to the rights of the lienholder in this rule discharges the attorney, insurer or other third party from liability to the recipient or the recipient's assignee to the extent of the payment to the department.

b. When the department has reason to believe that an attorney is representing an applicant for or recipient of medical assistance on a claim to which the department filed a lien under this rule, the department shall issue notice to that attorney of the department's lien rights by mailing the Notice of Medical Assistance Lien, Form 470-3030, to the attorney.

c. When the department has reason to believe that an insurer is liable for the costs of a recipient's medical expenses, the department shall issue notice to the insurer of the department's lien rights by mailing the Notice of Medical Assistance Lien, Form 470-3030, to the insurer.

d. The mailing and deposit in a United States post office or public mailing box of the notice, addressed to the attorney or insurer is adequate legal notice of the department's subrogation rights.

75.4(6) For purposes of this rule the term "third party" includes an attorney, individual, institution, corporation, or public or private agency which is or may be liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant for or a past or present recipient of assistance under the medical assistance program.

75.4(7) The department may enforce its lien by a civil action against any liable third party.

This rule is intended to implement Iowa Code sections 249A.4, 249A.5, and 249A.6.

441—75.5(249A) Determination of countable income and resources for persons in a medical institution. In determining eligibility for any coverage group under rule 441—75.1(249A), certain factors must be considered differently for persons who reside in a medical institution. They are:

75.5(1) Determining income from property.

a. Nontrust property. Where there is nontrust property, unless the document providing income specifies differently, income paid in the name of one person shall be available only to that person. If payment of income is in the name of two persons, one-half is attributed to each. If payment is in the name of several persons, including a Medicaid client, a client's spouse, or both, the income shall be considered in proportion to the Medicaid client's or spouse's interest. If payment is made jointly to both spouses and no interest is specified, one-half of the couple's joint interest shall be considered available for each spouse. If the client or the client's spouse can establish different ownership by a preponderance of evidence, the income shall be divided in proportion to the ownership.

b. Trust property. Where there is trust property, the payment of income shall be considered available as provided in the trust. In the absence of specific provisions in the trust, the income shall be considered as stated above for nontrust property.

75.5(2) Division of income between married people for SSI-related coverage groups.

a. Institutionalized spouse and community spouse. If there is a community spouse, only the institutionalized person's income shall be considered in determining eligibility for the institutionalized spouse.

b. Spouses institutionalized and living together. Partners in a marriage who are residing in the same room in a medical institution shall be treated as a couple until the first day of the seventh calendar month that they continuously reside in the facility. The couple may continue to be considered as a couple for medical assistance effective the first day of the seventh calendar month of continuous residency if one partner would be ineligible for medical assistance or receive reduced benefits by considering them separate individuals or if they choose to be considered together. When spouses are treated as a couple, the combined income of the couple shall not exceed twice the amount of the income limit established in subrule 75.1(7). Persons treated together as a couple for income must be treated together for resources and persons treated individually for income must be treated individually for resources.

Spouses residing in the same room in a medical institution may be treated as individuals effective the first day of the seventh calendar month. The income of each spouse shall not exceed the income limit established in subrule 75.1(7).

c. Spouses institutionalized and living apart. Partners in a marriage who are both institutionalized, although not residing in the same room of the institution, shall be treated as individuals effective the month after the month the partners cease living together. Their income shall be treated separately for eligibility. If they live in the same facility after six months of continuous residence, they may be considered as a couple for medical assistance effective the first day of the seventh calendar month of continuous residency if one partner would be ineligible for medical assistance or receive reduced benefits by considering them separate individuals or if they choose to be considered together.

In the month of entry into a medical institution, income shall not exceed the amount of the income limit established in subrule 75.1(7).

75.5(3) Attribution of resources to institutionalized spouse and community spouse. The department shall determine the attribution of a couple's resources to the institutionalized spouse and to the community spouse when the institutionalized spouse is expected to remain in a medical institution at least 30 consecutive days on or after September 30, 1989, at the beginning of the first continuous period of institutionalization.

a. When determined. The department shall determine the attribution of resources between spouses at the earlier of the following:

(1) When either spouse requests that the department determine the attribution of resources at the beginning of the person's continuous stay in a medical facility prior to an application for Medicaid benefits. This request must be accompanied by Form 470-2577, Resources Upon Entering a Medical Facility, and necessary documentation.

(2) When the institutionalized spouse or someone acting on that person's behalf applies for Medicaid benefits. If the application is not made in the month of entry, or if the application is processed through the X-PERT system, the applicant shall also complete Form 470-2577 and provide necessary documentation.

b. Information required. The couple must provide the social security number of the community spouse. The attribution process shall include a match of the Internal Revenue Service data for both the institutionalized and community spouses.

c. Resources considered. The resources attributed shall include resources owned by both the community spouse and institutionalized spouse except for the following resources:

(1) The home in which the spouse or relatives as defined in 441—paragraph 41.22(3)*"a"* live (including the land that appertains to the home).

(2) Household goods, personal effects, and one automobile.

(3) The value of any burial spaces held for the purpose of providing a place for the burial of either spouse or any other member of the immediate family.

(4) Other property essential to the means of self-support of either spouse as to warrant its exclusion under the SSI program.

(5) Resources of a blind or disabled person who has a plan for achieving self-support as determined by division of vocational rehabilitation or the department of human services.

(6) For natives of Alaska, shares of stock held in a regional or a village corporation, during the period of 20 years in which the stock is inalienable, as provided in Section 7(h) and Section 8(c) of the Alaska Native Claims Settlement Act.

(7) Assistance under the Disaster Relief Act and Emergency Assistance Act or other assistance provided pursuant to federal statute on account of a presidentially declared major disaster and interest earned on these funds for the nine-month period beginning on the date these funds are received or for a longer period where good cause is shown.

(8) Any amount of underpayment of SSI or social security benefit due either spouse for one or more months prior to the month of receipt. This exclusion shall be limited to the first six months following receipt.

(9) A life insurance policy(ies) whose total face value is $1500 or less per spouse.

(10) An amount, not in excess of $1500 for each spouse that is separately identifiable and has been set aside to meet the burial and related expenses of that spouse. The amount of $1500 shall be reduced by an amount equal to the total face value of all insurance policies which are owned by the person or spouse and the total of any amounts in an irrevocable trust or other irrevocable arrangement available to meet the burial and related expenses of that spouse.

(11) Federal assistance paid for housing occupied by the spouse.

(12) Assistance from a fund established by a state to aid victims of crime for nine months from receipt when the client demonstrates that the amount was paid as compensation for expenses incurred or losses suffered as a result of a crime.

(13) Relocation assistance provided by a state or local government to a client comparable to assistance provided under Title II of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 which is subject to the treatment required by Section 216 of the Act.

d. Method of attribution. The resources attributed to the institutionalized spouse shall be one-half of the documented resources of both the institutionalized and community spouse as of the first moment of the first day of the month of the spouse's first entry to a medical facility. However, if one-half of the resources is less than $24,000, then $24,000 shall be protected for the community spouse. Also, when one-half the resources attributed to the community spouse exceeds $81,960, the amount over $81,960 shall be attributed to the institutionalized spouse. (The maximum limit shall be indexed annually by the consumer price index.)

If the institutionalized spouse has transferred resources to the community spouse under a court order for the support of the community spouse, the amount transferred shall be the amount attributed to the community spouse if it exceeds the specified limits above.

e. Notice and appeal rights. The department shall provide each spouse a notice of the attribution results. The notice shall state that either spouse has a right to appeal the attribution if the spouse believes:

(1) That the attribution is incorrect, or

(2) That the amount of income generated by the resources attributed to the community spouse is inadequate to raise the community spouse's income to the minimum monthly maintenance allowance.

If an attribution has not previously been appealed, either spouse may appeal the attribution upon the denial of an application for Medicaid benefits based on the attribution.

f. Appeals. Hearings on attribution decisions shall be governed by procedures in 441—Chapter 7. If the hearing establishes that the community spouse's resource allowance is inadequate to raise the community spouse's income to the minimum monthly maintenance allowance, there shall be substituted an amount adequate to provide the minimum monthly maintenance needs allowance.

(1) To establish that the resource allowance is inadequate and receive a substituted allowance, the applicant must provide verification of all the income of the community spouse.

(2) The amount of resources adequate to provide the community spouse minimum maintenance needs allowance shall be based on the cost of a single premium lifetime annuity with monthly payments equal to the difference between the monthly maintenance needs allowance and other countable income not generated by either spouse's countable resources.

(3) The resources necessary to provide the minimum maintenance needs allowance shall be based on the maintenance needs allowance as provided by these rules at the time of the filing of the appeal.

(4) To receive the substituted allowance, the applicant shall be required to obtain three estimates of the cost of the annuity and these amounts shall be averaged to determine the cost of an annuity.

(5) The averaged estimates representing the cost of an annuity shall be substituted for the amount of resources attributed to the community spouse when the amount of resources previously determined is less than the averaged cost of an annuity. If the amount of resources previously attributed for the community spouse is greater than the averaged cost of an annuity, there shall be no substitution for the cost of the annuity and the attribution will remain as previously determined.

(6) The applicant shall not be required to purchase this annuity as a condition of Medicaid eligibility.

(7) If the appellant provides a statement from three insurance companies that they will not provide estimates due to the potential annuitant's age, the amount to be set aside shall be determined using the following calculation: The difference between the community spouse's gross monthly income not generated by countable resources (times 12) and the minimum monthly maintenance needs allowance (times 12) shall be multiplied by the annuity factor for the age of the community spouse in the Table for an Annuity for Life published at the end of Iowa Code chapter 450. This amount shall be substituted for the amount of resources attributed to the community spouse pursuant to subparagraph 75.5(3)*"f"*(5).

75.5(4) Consideration of resources of married people.

a. One spouse in a medical facility who entered the facility on or after September 30, 1989.

(1) Initial month. When the institutionalized spouse is expected to stay in a medical facility less than 30 consecutive days, the resources of both spouses shall be considered in determining initial Medicaid eligibility.

When the institutionalized spouse is expected to be in a medical facility 30 consecutive days or more, only the resources not attributed to the community spouse according to subrule 75.5(3) shall be considered in determining initial eligibility for the institutionalized spouse.

The amount of resources counted for eligibility for the institutionalized spouse shall be the difference between the couple's total resources at the time of application and the amount attributed to the community spouse under this rule.

(2) Ongoing eligibility. After the month in which the institutionalized spouse is determined eligible, no resources of the community spouse shall be deemed available to the institutionalized spouse during the continuous period in which the spouse is in an institution. Resources which are owned wholly or in part by the institutionalized spouse and which are not transferred to the community spouse shall be counted in determining ongoing eligibility. The resources of the institutionalized spouse shall not count for ongoing eligibility to the extent that the institutionalized spouse intends to transfer and does transfer the resources to the community spouse within 90 days unless unable to effect the transfer.

(3) Exception based on estrangement. When it is established by a disinterested third-party source that the institutionalized spouse is estranged from the community spouse, Medicaid eligibility will not be denied on the basis of resources when the applicant can demonstrate hardship.

The applicant can demonstrate hardship when the applicant is unable to obtain information about the community spouse's resources after exploring all legal means.

The applicant can also demonstrate hardship when resources attributed from the community spouse cause the applicant to be ineligible, but the applicant is unable to access these resources after exhausting legal means.

(4) Exception based on assignment of support rights. The institutionalized spouse shall not be ineligible by attribution of resources that are not actually available when:

1. The institutionalized spouse has assigned to the state any rights to support from the community spouse, or

2. The institutionalized spouse lacks the ability to execute an assignment due to physical or mental impairment, but the state has the right to bring a support proceeding against a community spouse without an assignment.

b. One spouse in a medical institution prior to September 30, 1989. When one spouse is in the medical institution prior to September 30, 1989, only the resources of the institutionalized spouse shall count for eligibility according to SSI policies the month after the month of entry. In the month of entry, the resources of both spouses are countable toward the couple resource limit.

c. Spouses institutionalized and living together. The combined resources of both partners in a marriage who are residing in the same room in a medical institution shall be subject to the resource limit for a married couple until the first of the seventh calendar month that they continuously reside in the facility. The couple may continue to be considered as a couple for medical assistance effective with the seventh month if one partner would be ineligible for medical assistance or would receive reduced benefits by considering them separately or if they choose to be considered together. Persons treated together as a couple for resources must be treated together for income and persons treated individually for resources must be treated individually for income. Effective the first of the seventh calendar month of continuous residence, they may be treated as individuals, with the resource limit for each spouse the limit for a single person.

d. Spouses institutionalized and living apart. Partners in a marriage who are both institutionalized, although not residing in the same room of the institution, shall be treated as individuals effective the month after the month the partners cease living together. If they live in the same facility after six months of continuous residence, they may be considered as a couple for medical assistance effective the first day of the seventh calendar month of continuous residency if one partner would be ineligible for medical assistance or would receive reduced benefits by considering them separately or if they choose to be considered together.

In the month of entry into a medical institution, all resources of both spouses shall be combined and shall be subject to the resource limit for a married couple.

75.5(5) Consideration of resources for persons in a medical institution who have purchased and used a precertified or approved long-term care insurance policy pursuant to department of commerce, division of insurance, rules 191—Chapter 72. A person 65 years of age or older who is either the beneficiary of a certified long-term care policy or enrolled in a prepaid health care delivery plan that provides long-term care services pursuant to 191—Chapter 72 and who is eligible for medical assistance under 75.1(3), 75.1(4), 75.1(5), 75.1(6), 75.1(7), 75.1(9), 75.1(12), 75.1(13), 75.1(17), 75.1(18), 75.1(23) or 75.1(27) except for excess resources may be eligible for medical assistance under this subrule if the excess resources causing ineligibility under the listed coverage groups do not exceed the "asset adjustment" provided in this subrule. "Asset adjustment" shall mean a $1 disregard of resources for each $1 that has been paid out under the person's long-term care policy for qualified Medicaid long-term care services.

This rule is intended to implement Iowa Code sections 249A.3 and 249A.4 and chapter 249G.

441—75.6(249A) Disposal of resources for less than fair market value prior to July 1, 1989, or October 1, 1989, between spouses. Rescinded IAB 12/2/98, effective 2/1/99.

441—75.7(249A) Furnishing of social security number. As a condition of eligibility applicants or recipients of Medicaid must furnish their social security account numbers or proof of application for the numbers if they have not been issued or are not known and provide their numbers upon receipt.

75.7(1) Assistance shall not be denied, delayed, or discontinued pending the issuance or verification of the numbers when the applicants or recipients are cooperating in providing information necessary for issuance of their social security numbers.

75.7(2) The mother of a newborn child shall have until the second month following the mother's discharge from the hospital to apply for a social security account number for the child.

This rule is intended to implement Iowa Code section 249A.3.

441—75.8(249A) Medical assistance corrective payments. If a decision by the department or the Social Security Administration following an appeal on a denied application for any of the categories of medical assistance eligibility set forth in rule 441—75.1(249A) is favorable to the claimant, reimbursement will be made to the claimant for any medical bills paid by the claimant during the period between the date of the denial on the initial application and the date regular medical assistance coverage began when the bills were for medical services rendered in the period now determined to be an eligible period based on the following conditions:

75.8(1) These bills must be for services covered by the medical assistance program as set forth in 441—Chapter 78.

75.8(2) Reimbursement will be based on Medicaid rates for services in effect at the time the services were provided.

75.8(3) If a county relief agency has paid medical bills on the recipient's behalf and has not received reimbursement through assignment as set forth in 441—Chapter 80, the department will reimburse the county relief agency directly on the same basis as if the reimbursement was made to the recipient.

75.8(4) Recipients and county relief agencies shall file claims for payment under this subrule by submitting Form 470-2224, Verification of Paid Medical Bills, to the department. A supply of these forms is available from the county office. All requests for reimbursement shall be acted upon within 60 days of receipt of all Forms 470-2224 in the county office.

75.8(5) Any adverse action taken by the department with respect to an application for reimbursement is appealable under 441—Chapter 7.

This rule is intended to implement Iowa Code section 249A.4.

441—75.9(249A) Treatment of Medicaid qualifying trusts.

75.9(1) A Medicaid qualifying trust is a trust or similar legal device established, on or before August 10, 1993, other than by will by a person or that person's spouse under which the person may be the beneficiary of payments from the trust and the distribution of these payments is determined by one or more trustees who are permitted to exercise any discretion with respect to the distribution to the person. Trusts or initial trust decrees established prior to April 7, 1986, solely for the benefit of a mentally retarded person who resides in an intermediate care facility for the mentally retarded, are exempt.

75.9(2) The amount of income and principal from a Medicaid qualifying trust that shall be considered available shall be the maximum amount that may be permitted under the terms of the trust assuming the full exercise of discretion by the trustee or trustees for the distribution of the funds.

a. Trust income considered available shall be counted as income.

b. Trust principal (including accumulated income) considered available shall be counted as a resource, except where the trust explicitly limits the amount of principal that can be made available on an annual or less frequent basis. Where the trust limits the amount, the principal considered available over any particular period of time shall be counted as income for that period of time.

c. To the extent that the trust principal and income is available only for medical care, this principal or income shall not be used to determine eligibility. To the extent that the trust is restricted to medical expenses, it shall be used as a third party resource.

This rule is intended to implement Iowa Code section 249A.4.

441—75.10(249A) Residency requirements. Residency in Iowa is a condition of eligibility for medical assistance.

75.10(1) *Definitions.*

"Incapable of expressing intent" shall mean that the person meets one or more of the following conditions:

1. Has an IQ of 49 or less or has a mental age of seven or less.
2. Is judged legally incompetent.
3. Is found incapable of indicating intent based on medical documentation obtained from a physician, psychologist or other person licensed by the state in the field of mental retardation.

"Institution" shall mean an establishment that furnishes (in single or multiple facilities) food, shelter, and some treatment or services to four or more persons unrelated to the proprietor. Foster care facilities are included.

75.10(2) *Determining residency.* Residency is determined according to the following criteria:

a. Persons aged 21 and over.

(1) For any person not residing in an institution the state of residence is the state where the person is:

1. Living with the intention to remain there permanently or for an indefinite period (or, if incapable of expressing intent, where the person is living), or
2. Living and which the person entered with a job commitment or seeking employment (whether or not currently employed).

(2) For any institutionalized person who became incapable of indicating intent before age 21, the person's state of residence is:

1. That of the parent applying for Medicaid on the person's behalf, if the parents reside in separate states. If a legal guardian has been appointed and parental rights are terminated, the state of residence of the guardian is used instead of the parent's.
2. The parent's or legal guardian's state of residence at the time of placement. If a legal guardian has been appointed and parental rights are terminated, the state of residence of the guardian is used instead of the parent's.
3. The current state of residence of the parent or legal guardian who files the application if the person is institutionalized in the state. If a legal guardian has been appointed and parental rights are terminated, the state of residence of the guardian is used instead of the parent's.
4. The state of residence of the person who has been abandoned by the person's parents and does not have a legal guardian is the state in which the person is institutionalized.

(3) For any institutionalized person who became incapable of expressing intent at or after age 21, the state of residence is the state in which the person is physically present, except where another state makes a placement.

(4) For any other institutionalized person the state of residence is the state where the person is living with the intention to remain there permanently or for an indefinite period.

b. Persons under age 21.

(1) For any person who is emancipated from the person's parents or who is married and capable of expressing intent, the state of residence is the state where the person is living with the intention to remain there permanently or for an indefinite period.

(2) For any person not residing in an institution or foster home whose Medicaid eligibility is based on blindness or disability, the state of residence is the state in which the person is living.

(3) For any other person not in an institution or foster home and not subject to subparagraph (1) or (2) above, the state of residence is determined in accordance with rule 441—75.53(249A).

(4) For any person in an institution or foster home who is neither married nor emancipated, the state of residence is:

1. The parent's or legal guardian's state of residence at the time of placement. If a legal guardian has been appointed and parental rights are terminated, the state of residence of the guardian is used instead of the parent's.

2. The current state of residence of the parent or legal guardian who files the application if the person is in institutionalized or in foster care in that state. If a legal guardian has been appointed and parental rights are terminated, the state of residence of the guardian is used instead of the parent's.

3. The state of residence of the person who has been abandoned by the person's parents and does not have a legal guardian is the state in which the person is institutionalized or in foster care.

c. Persons placed by a state in an out-of-state foster home or institution. A state arranging or actually making the placement of a person in an institution or foster home in another state is considered the person's state of residence. However, a Title IV-E eligible child placed out of state by the department is eligible for Medicaid from the other state. Therefore, the Title IV-E eligible child shall only receive Iowa Medicaid until the receiving state provides coverage. A Title IV-E eligible child placed in Iowa by another state shall be considered eligible for Iowa Medicaid.

d. Medicaid-eligible persons receiving Medicaid from another state and gaining Iowa residency. These persons shall be granted Medicaid beginning with the month of residency in Iowa if the person is otherwise eligible and surrenders the other state's medical card. Good cause for not surrendering the other state's medical card shall exist when:

(1) The other state does not issue medical cards.

(2) The other state's medical card is a magnetic stripe or a computer chip card that contains more than Medicaid-related information.

(3) The other state's medical card: was left with Medicaid-eligible members of the person's household in the other state who did not move to Iowa with the person; was lost, mutilated, or destroyed; was not kept by the person upon the person's move to Iowa; or was previously surrendered to the other state.

In addition to surrendering the other state's medical card or establishing good cause, the cancellation of Medicaid in the other state shall be verified.

441—75.11(249A) Citizenship or alienage requirements.

75.11(1) *Definitions.*

"Care and services necessary for the treatment of an emergency medical condition" shall mean services provided in a hospital, clinic, office or other facility that is equipped to furnish the required care after the sudden onset of an emergency medical condition, provided the care and services are not related to an organ transplant procedure furnished on or after August 10, 1993. Payment for emergency medical services shall be limited to the day treatment is initiated for the emergency medical condition and the following two days.

"Emergency medical condition" shall mean a medical condition (including labor and delivery) manifesting itself by acute symptoms of sufficient severity (including severe pain) that the absence of immediate medical attention could reasonably be expected to result in one or more of the following:

1. Placing the patient's health in serious jeopardy.
2. Serious impairment to bodily functions.
3. Serious dysfunction of any bodily organ or part.

"Federal means-tested program" means all federal programs that are means-tested with the exception of:

1. Medical assistance for care and services necessary for the treatment of an emergency medical condition not related to an organ transplant procedure furnished on or after August 10, 1993.
2. Short-term, non-cash, in-kind emergency disaster relief.
3. Assistance or benefits under the National School Lunch Act.
4. Assistance or benefits under the Child Nutrition Act of 1966.
5. Public health assistance (not including any assistance under Title XIX of the Social Security Act) for immunizations with respect to immunizable diseases and for testing and treatment of symptoms of communicable diseases whether or not the symptoms are caused by a communicable disease.
6. Payments of foster care and adoption assistance under Parts B and E of Title IV of the Social Security Act for a parent or a child who would, in the absence of numbered paragraph "1," be eligible to have payments made on the child's behalf under such part, but only if the foster or adoptive parent (or parents) of the child is a qualified alien (as defined in Section 431).
7. Programs, services, or assistance (such as soup kitchens, crisis counseling and intervention, and short-term shelter) specified by the attorney general in the attorney general's sole and unreviewable discretion after consultation with appropriate federal agencies and departments, which:

- Deliver in-kind services at the community level, including through public or private nonprofit agencies.
- Do not condition the provision of assistance, the amount of assistance provided, or the cost of assistance provided on the individual recipient's income or resources; and
- Are necessary for the protection of life or safety.

8. Programs of student assistance under Titles IV, V, IX, and X of the Higher Education Act of 1965, and Titles III, VII, and VIII of the Public Health Services Act.
9. Means-tested programs under the Elementary and Secondary Education Act of 1965.
10. Benefits under the Head Start Act.
11. Benefits under the Job Training Partnership Act.

"Qualified alien" means an alien who is:

1. Lawfully admitted for permanent residence under the Immigration and Nationality Act;
2. Granted asylum under Section 208 of the Immigration and Nationality Act;
3. A refugee and who is admitted to the United States under Section 207 of the Immigration and Nationality Act;
4. Paroled into the United States under Section 212(d)(5) of the Immigration and Nationality Act for a period of at least one year;
5. An alien whose deportation is being withheld under Section 243(h) of the Immigration and Nationality Act; or
6. Granted conditional entry pursuant to Section 203(a)(7) of the Immigration and Nationality Act, as in effect prior to April 1, 1980.

"Qualifying quarters" includes all of the qualifying quarters of coverage as defined under Title II of the Social Security Act worked by a parent of an alien while the alien was under age 18 and all of the qualifying quarters worked by a spouse of the alien during their marriage if the alien remains married to the spouse or the spouse is deceased. No qualifying quarter of coverage that is creditable under Title II of the Social Security Act for any period beginning after December 31, 1996, may be credited to an alien if the parent or spouse of the alien received any federal means-tested public benefit during the period for which the qualifying quarter is so credited.

75.11(2) *Citizenship and alienage.*

a. To be eligible for Medicaid a person must be one of the following:

(1) A citizen or national of the United States.

(2) A qualified alien as defined in subrule 75.11(1) residing in the United States prior to August 22, 1996.

(3) A qualified alien who entered the United States on or after August 22, 1996, and who is:

- A refugee who is admitted to the United States under Section 207 of the Immigration and Nationality Act;
- Granted asylum under Section 208 of the Immigration and Nationality Act;
- An alien whose deportation is being withheld under Section 243(h) of the Immigration and Nationality Act; or
- A veteran with a discharge characterized as an honorable discharge and not on account of alienage, an alien who is on active duty in the Armed Forces of the United States other than active duty for training, or the veteran's spouse or unmarried dependent child.

(4) A qualified alien who entered the United States on or after August 22, 1996, and who has resided in the United States for a period of at least five years.

b. As a condition of eligibility, each recipient shall complete and sign Form 470-2549, Statement of Citizenship Status, attesting to the recipient's citizenship or alien status. The form shall be signed by the recipient, or when the recipient is incompetent or deceased, someone acting responsibly on the recipient's behalf. When both parents are in the home, both shall sign the form. An adult recipient shall sign the form for dependent children. As a condition of eligibility, all applicants for Medicaid shall attest to their citizenship status by signing the application form which contains the same declaration. As a condition of continued eligibility, recipients of SSI-related Medicaid not actually receiving SSI who have been continuous recipients since August 1, 1988, shall attest to their citizenship status by signing the application form which contains a similar declaration at time of review.

75.11(3) *Deeming of sponsor's income and resources.*

a. In determining the eligibility and amount of benefits of an alien, the income and resources of the alien shall be deemed to include the following:

(1) The income and resources of any person who executed an affidavit of support pursuant to Section 213A of the Immigration and Nationality Act (as implemented by the Personal Responsibility and Work Reconciliation Act of 1996) on behalf of the alien.

(2) The income and resources of the spouse of the person who executed the affidavit of support.

b. When an alien attains citizenship through naturalization pursuant to Chapter 2 of Title III of the Immigration and Nationality Act or has worked 40 qualifying quarters of coverage as defined in Title II of the Social Security Act or can be credited with qualifying quarters as defined at subrule 75.11(1) and, in the case of any qualifying quarter creditable for any period beginning after December 31, 1996, did not receive any federal means-tested public benefits, as defined in subrule 75.11(1), during any period, deeming of the sponsor's income and resources no longer applies.

75.11(4) *Eligibility for payment of emergency medical services.* Aliens who do not meet the provisions of subrule 75.11(2) and who would otherwise qualify except for their alienage status are eligible to receive Medicaid for emergency medical care as defined in subrule 75.11(1). To qualify under these provisions, the alien must meet all eligibility criteria, including state residence requirements provided at rules 441—75.10(249A) and 441—75.53(249A). However, the requirements of rule 441—75.7(249A) and subrules 75.11(2) and 75.11(3) do not apply to eligibility for aliens seeking the care and services necessary for the treatment of an emergency medical condition not related to an organ transplant procedure furnished on or after August 10, 1993.

441—75.12(249A) Persons who enter jails or penal institutions. A person who enters a jail or penal institution, including a work release center, shall not be eligible for Medicaid.

441—75.13(249A) Categorical relatedness.

75.13(1) *FMAP-related Medicaid eligibility.* Medicaid eligibility for persons who are under the age of 21, pregnant women, children, or specified relatives of dependent children who are not blind or disabled shall be determined using the income criteria in effect for the family medical assistance program (FMAP) as provided in subrule 75.1(14) unless otherwise specified. Income shall be considered prospectively.

75.13(2) *SSI-related Medicaid.* Medicaid eligibility for persons who are 65 years of age or older, blind, or disabled shall be determined using the eligibility requirements in effect governing the Supplemental Security Income (SSI) program in conjunction with the policies found in 441—Chapters 75 and 76. Income shall be considered prospectively.

Income that a person contributes to a trust as specified at 75.24(3)*"b"* shall not be considered for purposes of determining eligibility for SSI-related Medicaid.

For purposes of determining eligibility for SSI-related Medicaid, the SSI conditional eligibility process at 20 CFR 416.1240 to 416.1245 as amended to March 21, 1990, by which a client may receive SSI benefits while attempting to sell excess resources, is not considered an eligibility methodology. Persons found eligible for Medicaid prior to October 1, 1993, based on the SSI conditional eligibility process as an eligibility methodology may continue to be eligible for Medicaid on that basis until no later than April 1, 1994.

441—75.14(249A) Establishing paternity and obtaining support.

75.14(1) As a condition of eligibility, applicants and recipients of Medicaid in households with an absent parent shall cooperate in obtaining medical support for the applicant or recipient as well as for any other person in the household for whom Medicaid is requested and for whom the person can legally assign rights for medical support, except when good cause as defined in subrule 75.14(8) for refusal to cooperate is established.

a. The applicant or recipient shall cooperate in the following:

(1) Identifying and locating the parent of the child for whom Medicaid is requested.

(2) Establishing the paternity of a child born out of wedlock for whom Medicaid is requested.

(3) Obtaining medical support and payments for medical care for the applicant or recipient and for a child for whom Medicaid is requested.

(4) Rescinded IAB 2/3/93, effective 4/1/93.

b. Cooperation is defined as including the following actions by the applicant or recipient:

(1) Appearing at the county office or the child support recovery unit to provide verbal or written information or documentary evidence known to, possessed by or reasonably obtainable by the applicant or recipient that is relevant to achieving the objectives of the child support recovery program.

(2) Appearing as a witness at judicial or other hearings or proceedings.

(3) Providing information, or attesting to the lack of information, under penalty of perjury.

c. The applicant or recipient shall cooperate with the county office in supplying information with respect to the absent parent, the receipt of medical support or payments for medical care, and the establishment of paternity, to the extent necessary to establish eligibility for assistance and permit an appropriate referral to the child support recovery unit.

d. The applicant or recipient shall cooperate with the child support recovery unit to the extent of supplying all known information and documents pertaining to the location of the absent parent and taking action as may be necessary to secure medical support and payments for medical care or to establish paternity. This includes completing and signing documents determined to be necessary by the state's attorney for any relevant judicial or administrative process.

e. The income maintenance unit in the county office shall make the determination of whether or not the client has cooperated.

75.14(2) Failure of the applicant or recipient to cooperate shall result in denial or cancellation of the person's Medicaid benefits. In family medical assistance program (FMAP)-related Medicaid cases, all deductions and disregards described at paragraphs 75.57(2)*"a," "b,"* and *"c"* shall be allowed when otherwise applicable but income shall not be diverted to meet the needs of the parent who refuses to cooperate without good cause when establishing eligibility for the children as described at paragraph 75.57(8)*"a."*

75.14(3) Each applicant for or recipient of Medicaid who is required to cooperate with the child support recovery unit shall have the opportunity to claim good cause for refusing to cooperate in establishing paternity or securing medical support and payments for medical care. The provisions set forth in subrules 75.14(8) to 75.14(12) shall be used when making a determination of the existence of good cause.

75.14(4) Each applicant for or recipient of Medicaid shall assign to the department any rights to medical support and payments for medical care from any other person for which the person can legally make assignment. This shall include rights to medical support and payments for medical care on the applicant's or recipient's own behalf or on behalf of any other family member for whom the applicant or recipient is applying. An assignment is effective the same date the county office enters the eligibility information into the automated benefit calculation system or into the X-PERT system and is effective for the entire period for which eligibility is granted. Support payments not intended for medical support shall not be assigned to the department.

75.14(5) Referrals to the child support recovery unit for Medicaid applicants or recipients. The county office shall provide prompt notice to the child support recovery unit whenever assistance is furnished with respect to a child whose eligibility is based on the continued absence of a parent from the home or when any member of the eligible group is entitled to support payments.

"Prompt notice" means within two working days of the date assistance is approved.

75.14(6) Pregnant women establishing eligibility under the mothers and children (MAC) coverage group as provided at subrule 75.1(28) shall be exempt from the provisions in this rule for any born child for whom the pregnant woman applies for or receives Medicaid. Additionally, any previously pregnant woman eligible for postpartum coverage under the provision of subrule 75.1(24) shall not be subject to the provisions in this rule until after the end of the month in which the 60-day postpartum period expires. Pregnant women establishing eligibility under any other coverage groups except those set forth in subrule 75.1(24) or 75.1(28) shall be subject to the provisions in this rule when establishing eligibility for born children. A pregnant woman applying for or receiving Medicaid under any coverage group which requires her cooperation in establishing paternity and obtaining medical support for born children shall not be eligible under any other coverage group if she fails to cooperate without good cause.

75.14(7) Notwithstanding subrule 75.14(6), any pregnant woman or previously pregnant woman establishing eligibility under subrule 75.1(28) or 75.1(24) shall not be exempt from the provisions of 75.14(4) and 75.14(5) which require the applicant or recipient to assign any rights to medical support and payments for medical care and to be referred to the child support recovery unit.

75.14(8) Good cause for refusal to cooperate. Good cause shall exist when it is determined that cooperation in establishing paternity and securing support is against the best interests of the child.

a. The county office shall determine that cooperation is against the child's best interest when the applicant's or recipient's cooperation in establishing paternity or securing support is reasonably anticipated to result in:

(1) Physical or emotional harm to the child for whom support is to be sought; or

(2) Physical or emotional harm to the parent or specified relative with whom the child is living which reduces the person's capacity to care for the child adequately.

(3) Physical harm to the parent or specified relative with whom the child is living which reduces the person's capacity to care for the child adequately; or

(4) Emotional harm to the parent or specified relative with whom the child is living of a nature or degree that it reduces the person's capacity to care for the child adequately.

b. The county office shall determine that cooperation is against the child's best interest when at least one of the following circumstances exists, and the county office believes that because of the existence of that circumstance, in the particular case, proceeding to establish paternity or secure support would be detrimental to the child for whom support would be sought.

(1) The child was conceived as the result of incest or forcible rape.

(2) Legal proceedings for the adoption of the child are pending before a court of competent jurisdiction.

(3) The applicant or recipient is currently being assisted by a public or licensed private social agency to resolve the issue of whether to keep the child or relinquish the child for adoption, and the discussions have not gone on for more than three months.

c. Physical harm and emotional harm shall be of a serious nature in order to justify a finding of good cause. A finding of good cause for emotional harm shall be based only upon a demonstration of an emotional impairment that substantially affects the individual's functioning.

d. When the good cause determination is based in whole or in part upon the anticipation of emotional harm to the child, the parent, or the specified relative, the following shall be considered:

(1) The present emotional state of the individual subject to emotional harm.

(2) The emotional health history of the individual subject to emotional harm.

(3) Intensity and probable duration of the emotional impairment.

(4) The degree of cooperation required.

(5) The extent of involvement of the child in the paternity establishment or support enforcement activity to be undertaken.

75.14(9) Claiming good cause. Each applicant for or recipient of Medicaid who is required to cooperate with the child support recovery unit shall have the opportunity to claim good cause for refusing to cooperate in establishing paternity or securing support payments.

a. Prior to requiring cooperation, the county office shall notify the applicant or recipient on Form CS-1105-5, Requirements of Support Enforcement, of the right to claim good cause as an exception to the cooperation requirement and of all the requirements applicable to a good cause determination. One copy of this form shall be given to the applicant or recipient and one copy shall be signed by the applicant or recipient and the worker and filed in the case record.

b. The initial notice advising of the right to refuse to cooperate for good cause shall:

(1) Advise the applicant or recipient of the potential benefits the child may derive from the establishment of paternity and securing support.

(2) Advise the applicant or recipient that by law cooperation in establishing paternity and securing support is a condition of eligibility for the Medicaid program.

(3) Advise the applicant or recipient of the sanctions provided for refusal to cooperate without good cause.

(4) Advise the applicant or recipient that good cause for refusal to cooperate may be claimed and that if the county office determines, in accordance with these rules, that there is good cause, the applicant or recipient will be excused from the cooperation requirement.

(5) Advise the applicant or recipient that upon request, or following a claim of good cause, the county office will provide further notice with additional details concerning good cause.

c. When the applicant or recipient makes a claim of good cause or requests additional information regarding the right to file a claim of good cause, the county office shall issue a second notice, Form CS-1106-5, Requirements of Claiming Good Cause. When the applicant or recipient chooses to claim good cause, Form CS-1106-5 shall be signed and dated by the client and returned to the county office. This form:

(1) Indicates that the applicant or recipient must provide corroborative evidence of good cause circumstance and must, when requested, furnish sufficient information to permit the county office to investigate the circumstances.

(2) Informs the applicant or recipient that, upon request, the county office will provide reasonable assistance in obtaining the corroborative evidence.

(3) Informs the applicant or recipient that on the basis of the corroborative evidence supplied and the agency's investigation when necessary, the county office shall determine whether cooperation would be against the best interests of the child for whom support would be sought.

(4) Lists the circumstances under which cooperation may be determined to be against the best interests of the child.

(5) Informs the applicant or recipient that the child support recovery unit may review the county office's findings and basis for a good cause determination and may participate in any hearings concerning the issue of good cause.

(6) Informs the applicant or recipient that the child support recovery unit may attempt to establish paternity and collect support in those cases where the county office determines that this can be done without risk to the applicant or recipient if done without the applicant's or recipient's participation.

d. The applicant or recipient who refuses to cooperate and who claims to have good cause for refusing to cooperate has the burden of establishing the existence of a good cause circumstance. Failure to meet these requirements shall constitute a sufficient basis for the county office to determine that good cause does not exist. The applicant or recipient shall:

(1) Specify the circumstances that the applicant or recipient believes provide sufficient good cause for not cooperating.

(2) Corroborate the good cause circumstances.

(3) When requested, provide sufficient information to permit an investigation.

75.14(10) Determination of good cause. The county office shall determine whether good cause exists for each applicant for or recipient of the Medicaid program who claims to have good cause.

a. The applicant or recipient shall be notified by the county office of its determination that good cause does or does not exist. The determination shall:

(1) Be in writing.

(2) Contain the county office's findings and basis for determination.

(3) Be entered in the case record.

b. The determination of whether or not good cause exists shall be made within 45 days from the day the good cause claim is made. The county office may exceed this time standard only when:

(1) The case record documents that the county office needs additional time because the information required to verify the claim cannot be obtained within the time standard, or

(2) The case record documents that the claimant did not provide corroborative evidence within the time period set forth in subrule 75.14(11).

c. When the county office determines that good cause does not exist:

(1) The applicant or recipient shall be so notified and afforded an opportunity to cooperate, withdraw the application for assistance, or have the case closed; and

(2) Continued refusal to cooperate will result in the imposition of sanctions.

d. The county office shall make a good cause determination based on the corroborative evidence supplied by the applicant or recipient only after it has examined the evidence and found that it actually verifies the good cause claim.

e. Prior to making a final determination of good cause for refusing to cooperate, the county office shall:

(1) Afford the child support recovery unit the opportunity to review and comment on the findings and basis for the proposed determination, and

(2) Consider any recommendation from the child support recovery unit.

f. The child support recovery unit may participate in any appeal hearing that results from an applicant's or recipient's appeal of an agency action with respect to a decision on a claim of good cause.

g. Assistance shall not be denied, delayed, or discontinued pending a determination of good cause for refusal to cooperate when the applicant or recipient has specified the circumstances under which good cause can be claimed and provided the corroborative evidence and any additional information needed to establish good cause.

h. The county office shall:

(1) Periodically, but not less frequently than every six months, review those cases in which the agency has determined that good cause exists based on a circumstance that is subject to change.

(2) When it determines that circumstances have changed so that good cause no longer exists, rescind its findings and proceed to enforce the requirements pertaining to cooperation in establishing paternity and securing support.

75.14(11) Proof of good cause. The applicant or recipient who claims good cause shall provide corroborative evidence within 20 days from the day the claim was made. In exceptional cases where the county office determines the applicant or recipient requires additional time because of the difficulty in obtaining the corroborative evidence, the county office shall allow a reasonable additional period of time upon approval by the worker's immediate supervisor.

a. A good cause claim may be corroborated with the following types of evidence.

(1) Birth certificates or medical or law enforcement records which indicate that the child was conceived as the result of incest or forcible rape.

(2) Court documents or other records which indicate that legal proceedings for adoption are pending before a court of competent jurisdiction.

(3) Court, medical, criminal, child protective services, social services, psychological, or law enforcement records which indicate that the putative father or absent parent might inflict physical or emotional harm on the child or specified relative.

(4) Medical records which indicate emotional health history and present emotional health status of the specified relative or the children for whom support would be sought; or written statements from a mental health professional indicating a diagnosis or prognosis concerning the emotional health of the specified relative or the child for whom support would be sought.

(5) A written statement from a public or licensed private social agency that the applicant or recipient is being assisted by the agency to resolve the issue of whether to keep the child or relinquish the child for adoption.

(6) Sworn statements from individuals other than the applicant or recipient with knowledge of the circumstances which provide the basis for the good cause claim.

b. When, after examining the corroborative evidence submitted by the applicant or recipient, the county office wishes to request additional corroborative evidence which is needed to permit a good cause determination, the county office shall:

(1) Promptly notify the applicant or recipient that additional corroborative evidence is needed, and

(2) Specify the type of document which is needed.

c. When the applicant or recipient requests assistance in securing evidence, the county office shall:

(1) Advise the applicant or recipient how to obtain the necessary documents, and

(2) Make a reasonable effort to obtain any specific documents which the applicant or recipient is not reasonably able to obtain without assistance.

d. When a claim is based on the applicant's or recipient's anticipation of physical harm and corroborative evidence is not submitted in support of the claim:

(1) The county office shall investigate the good cause claim when the office believes that the claim is credible without corroborative evidence and corroborative evidence is not available.

(2) Good cause shall be found when the claimant's statement and investigation which is conducted satisfies the county office that the applicant or recipient has good cause for refusing to cooperate.

(3) A determination that good cause exists shall be reviewed and approved or disapproved by the worker's immediate supervisor and the findings shall be recorded in the case record.

e. The county office may further verify the good cause claim when the applicant's or recipient's statement of the claim together with the corroborative evidence do not provide sufficient basis for making a determination. When the county office determines that it is necessary, it may conduct an investigation of good cause claims to determine that good cause does or does not exist.

f. When it conducts an investigation of a good cause claim, the county office shall:

(1) Contact the absent parent or putative father from whom support would be sought when the contact is determined to be necessary to establish the good cause claim.

(2) Prior to making the necessary contact, notify the applicant or recipient so the applicant or recipient may present additional corroborative evidence or information so that contact with the parent or putative father becomes unnecessary, withdraw the application for assistance or have the case closed, or have the good cause claim denied.

75.14(12) Enforcement without specified relative's cooperation. When the county office makes a determination that good cause exists, it shall also make a determination of whether or not child support enforcement can proceed without risk of harm to the child or specified relative when the enforcement or collection activities do not involve their participation.

a. Prior to making the determination, the child support recovery unit shall have an opportunity to review and comment on the findings and basis for the proposed determination and the county office shall consider any recommendations from the unit.

b. The determination shall be in writing, contain the county office's findings and basis or the determination, and be entered into the case record.

c. When the county office excuses cooperation but determines that the child support recovery unit may proceed to establish paternity or enforce support, it shall notify the applicant or recipient to enable the individual to withdraw the application for assistance or have the case closed.

This rule is intended to implement Iowa Code sections 239.5 and 249A.4.

441—75.15(249A) Disposal of resources for less than fair market value on or after July 1, 1989, or on or after October 1, 1989, between spouses, and on or before August 10, 1993. Rescinded IAB 12/2/98, effective 2/1/99.

441—75.16(249A) Client participation in payment for medical institution care. Medicaid clients are required to participate in the cost of medical institution care. However, no client participation is charged when the combination of Medicare payments and the Medicaid benefits available to qualified Medicare beneficiaries covers the cost of institutional care.

75.16(1) *Income considered in determining client participation.* The department determines the amount of client participation based on the client's total monthly income, with the following exceptions:

a. FMAP-related clients. The income of a client and family whose eligibility is FMAP-related is not available for client participation when both of the following conditions exist:

(1) The client has a parent or child at home.

(2) The family's income is considered together in determining eligibility.

b. SSI-related clients who are employed. If a client receives SSI and is substantially gainfully employed, as determined by the Social Security Administration, the client shall have the SSI and any mandatory state supplementary assistance payment exempt from client participation for the two full months after entry to a medical institution.

c. SSI-related clients returning home within three months. If the Social Security Administration continues a client's SSI or federally administered state supplementary assistance payments for three months because it is expected that the client will return home within three months, these payments shall be exempt from client participation.

d. Married couples.

(1) Institutionalized spouse and community spouse. If there is a community spouse, only the institutionalized person's income shall be considered in determining client participation.

(2) Both spouses institutionalized. Client participation for each partner in a marriage shall be based on one-half of the couple's combined income when the partners are considered together for eligibility. Client participation for each partner who is considered individually for eligibility shall be determined individually from each person's income.

(3) Rescinded, IAB 7/11/90, effective 7/1/90.

e. State supplementary assistance recipients. The amount of client participation that a client paid under the state supplementary assistance program is not available for Medicaid client participation in the month of the client's entry to a medical institution.

f. Foster care recipients. The amount of income paid for foster care for the days that a child is in foster care in the same month as entry to a medical institution is not available for client participation.

75.16(2) *Allowable deductions from income.* In determining the amount of client participation, the department allows the following deductions from the client's income, taken in the order they appear:

a. Ongoing personal needs allowance. All clients shall retain $30 of their monthly income for a personal needs allowance with the following exception. If the client is a veteran or surviving spouse of a veteran who receives a Veterans' Administration pension subject to limitation of $90 after the month of entry pursuant to 38 U.S.C. Section 3203(f)(2), the veteran or surviving spouse of a veteran shall retain $90 from the veteran's pension for their personal needs allowance beginning the month after entry to a medical institution. The $90 allowance from a veteran's pension is in lieu of the $30 allowance from any income, not in addition thereto.

If the client has earned income, an additional $65 is added to the ongoing personal needs allowance from the earned income only.

b. Personal needs in the month of entry.

(1) Single person. A single person shall be given an allowance for stated home living expenses during the month of entry, up to the amount of the SSI benefit for a single person.

(2) Spouses entering institutions together and living together. Partners in a marriage who enter a medical institution in the same month and live in the same room shall be given an allowance for stated home living expenses during the month of entry, up to the amount of the SSI benefit for a couple.

(3) Spouses entering an institution together but living apart. Partners in a marriage who enter a medical institution during the same month and who are considered separately for eligibility shall each be given an allowance for stated home living expenses during the month of entry, up to one-half of the amount of the SSI benefit for a married couple. However, if the income of one spouse is less than one-half of the SSI benefit for a couple, the remainder of the allowance shall be given to the other spouse. If the couple's eligibility is determined together, an allowance for stated home living expenses shall be given to them during the month of entry up to the SSI benefit for a married couple.

(4) Community spouse enters a medical institution. When the second member of a married couple enters a medical institution in a later month, that spouse shall be given an allowance for stated expenses during the month of entry, up to the amount of the SSI benefit for one person.

c. Personal needs in the month of discharge. The client shall be allowed a deduction for home living expenses in the month of discharge. The amount of the deduction shall be the SSI benefit for one person (or for a couple, if both members are discharged in the same month). This deduction does not apply when a spouse is at home.

d. Maintenance needs of spouse and other dependents.

(1) Persons covered. An ongoing allowance shall be given for the maintenance needs of a community spouse. The allowance is limited to the extent that income of the institutionalized spouse is made available to or for the benefit of the community spouse. If there are minor or dependent children, dependent parents, or dependent siblings of either spouse who live with the community spouse, an ongoing allowance shall also be given to meet their needs.

(2) Income considered. The verified gross income of the spouse and dependents shall be considered in determining maintenance needs. The gross income of the spouse and dependent shall include all monthly earned and unearned income and assistance from the family investment program (FIP), supplemental security income (SSI), and state supplementary assistance (SSA). It shall also include the proceeds of any annuity or contract for sale of real property. Otherwise, the income shall be considered as the SSI program considers income. In addition, the spouse and dependents shall be required to apply for every income benefit for which they are eligible except that they shall not be required to accept SSI, FIP or SSA in lieu of the maintenance needs allowance. Failure to apply for all benefits shall mean reduction of the maintenance needs allowance by the amount of the anticipated income from the source not applied for.

(3) Needs of spouse. The maintenance needs of the spouse shall be determined by subtracting the spouse's gross income from $2,049. (This amount shall be indexed for inflation annually according to the consumer price index.)

However, if either spouse established through the appeal process that the community spouse needs income above $2,049, due to exceptional circumstances resulting in significant financial duress, an amount adequate to provide additional income as is necessary shall be substituted.

Also, if a court has entered an order against an institutionalized spouse for monthly income to support the community spouse, then the community spouse income allowance shall not be less than this amount.

(4) Needs of other dependents. The maintenance needs of the other dependents shall be established by subtracting each person's gross income from 133 percent of the monthly federal poverty level for a family of two and dividing the result by three. (Effective July 1, 1992, the percent shall be 150 percent.)

e. Maintenance needs of children (without spouse). When the client has children under 21 at home, an ongoing allowance shall be given to meet the children's maintenance needs.

The income of the children is considered in determining maintenance needs. The children's countable income shall be their gross income less the disregards allowed in the FIP program.

The children's maintenance needs shall be determined by subtracting the children's countable income from the FIP payment standard for that number of children. (However, if the children receive FIP, no deduction is allowed for their maintenance needs.)

f. Client's medical expenses. A deduction shall be allowed for the client's incurred expenses for medical or remedial care that are not subject to payment by a third party. This includes Medicare premiums and other health insurance premiums, deductibles or coinsurance, and necessary medical or remedial care recognized under state law but not covered under the state Medicaid plan.

This rule is intended to implement Iowa Code sections 239.5 and 249A.4.

441—75.17(249A) Verification of pregnancy. For the purpose of establishing Medicaid eligibility for pregnant women under this chapter, a signed statement from a maternal health center, family planning agency, physician's office, physician-directed qualifying provider, or advanced registered nurse practitioner who is a certified nurse midwife, as specified under the federal Social Security Act, Subsection 1902, shall serve as verification of pregnancy. Additionally, the number of fetuses shall be verified if more than one exists, and the probable date of conception shall be established when necessary to determine eligibility. When an examination is required and other medical resources are not available to meet the expense of the examination, the provider shall be authorized to make the examination and submit the claim for payment.

441—75.18(249A) Continuous eligibility for pregnant women. A pregnant woman who applies for Medicaid prior to the end of her pregnancy and subsequently establishes initial Medicaid eligibility under the provisions of this chapter shall remain continuously eligible throughout the pregnancy and the 60-day postpartum period, as provided in subrule 75.1(24), regardless of any changes in family income.

441—75.19(249A) Persons who may be excluded from the eligible group in determining FIP-related Medicaid eligibility. Rescinded IAB 10/8/97, effective 12/1/97.

441—75.20(249A) Disability requirements for SSI-related Medicaid.

75.20(1) *Applicants receiving federal benefits.* An applicant receiving supplemental security income on the basis of disability, social security disability benefits under Title II of the Social Security Act, or railroad retirement benefits based on the Social Security law definition of disability by the Railroad Retirement Board, shall be deemed disabled without further determination of disability.

75.20(2) *Applicants not receiving federal benefits.* When disability has not been established based on the receipt of social security disability or railroad retirement benefits based on the same disability criteria as used by the Social Security Administration, the department shall determine eligibility for SSI-related Medicaid based on disability as follows:

a. A Social Security Administration (SSA) disability determination under either a social security disability (Title II) application or a supplemental security income application is binding on the department until changed by SSA unless the applicant meets one of the following criteria:

(1) The applicant alleges a disabling condition different from, or in addition to, that considered by SSA in making its determination.

(2) The applicant alleges more than 12 months after the most recent SSA determination denying disability that the applicant's condition has changed or deteriorated since that SSA determination and alleges a new period of disability which meets the durational requirements, and has not applied to SSA for a determination with respect to these allegations.

(3) The applicant alleges less than 12 months after the most recent SSA determination denying disability that the applicant's condition has changed or deteriorated since that SSA determination, alleges a new period of disability which meets the durational requirements, and:

1. The applicant has applied to SSA for reconsideration or reopening of its disability decision and SSA refused to consider the new allegations, or

2. The applicant no longer meets the nondisability requirements for SSI but may meet the department's nondisability requirements for Medicaid eligibility.

b. When there is no binding SSA decision and the department is required to establish eligibility for SSI-related Medicaid based on disability, initial determinations shall be made by disability determination services, a bureau of the Iowa department of education under the division of vocational rehabilitation services.

A disability report shall be completed by the client on Form 470-2465, Disability Report. A signed release, Form 470-2467, Authorization for Source to Release Information to the Department of Human Services, shall be completed for each medical source listed on the Disability Report.

c. When an SSA decision on disability is pending when the person applies for Medicaid or when the person applies for either Title II benefits or SSI within ten working days of the Medicaid application, the department shall stay a decision on disability pending the SSA decision on disability.

75.20(3) *Time frames for decisions.* Determination of eligibility based on disability shall be completed within 90 days unless the applicant or an examining physician delays or fails to take a required action, or there is an administrative or other emergency beyond the department's or applicant's control.

75.20(4) *Redeterminations of disability.* In connection with any independent determination of disability, the department will determine whether reexamination of the person's medical condition will be necessary for periodic redeterminations of eligibility.

75.20(5) *Recipients whose disability was determined by the department.* When a Medicaid recipient has been approved for Medicaid based on disability determined by the department and later is determined by SSA not to be disabled for SSI, the recipient shall continue to be considered disabled for Medicaid eligibility purposes for 65 days from the date of the SSA denial. If at the end of the 65 days there is no appeal to the SSA, Medicaid shall be canceled with timely notice. If there is an appeal within 65 days, the recipient shall continue to be considered disabled for Medicaid eligibility purposes until a final SSA decision.

This rule is intended to implement Iowa Code section 249A.4.

441—75.21(249A) Health insurance premium payment program. The department shall pay for the cost of enrolling an eligible Medicaid recipient in a health insurance plan when the department determines it is cost-effective to do so.

75.21(1) *Condition of eligibility.* The recipient, or a person acting on the recipient's behalf, shall cooperate in providing information necessary for the department to establish availability and the cost-effectiveness of group health insurance. Persons who are eligible to enroll in a group health insurance plan which the department has determined is cost-effective, and who are otherwise eligible for Medicaid, shall apply for enrollment in the plan as a condition of Medicaid eligibility unless it can be established that insurance is being maintained on the Medicaid-eligible persons through another source (e.g., an absent parent is maintaining insurance on the Medicaid-eligible children).

When a parent fails to provide information necessary to determine availability and cost-effectiveness of group health insurance, fails to enroll in a group health insurance plan that has been determined cost-effective, or disenrolls from a group health insurance plan the department has determined cost-effective, Medicaid benefits of the parent shall be terminated unless good cause for failure to cooperate is established. Good cause for failure to cooperate shall be established when the parent or family demonstrates one or more of the following conditions exist:

a. There was a serious illness or death of the parent or a member of the parent's family.

b. There was a family emergency or household disaster, such as a fire, flood, or tornado.

c. The parent offers a good cause beyond the parent's control.

d. There was a failure to receive the department's request for information or notification for a reason not attributable to the parent. Lack of a forwarding address is attributable to the parent.

Medicaid benefits of a child shall not be terminated due to the failure of the parent to cooperate. Additionally, the Medicaid benefits of the spouse of the employed person shall not be terminated due to the employed person's failure to cooperate when the spouse cannot enroll in the plan independently of the employed person.

The presence of good cause does not relieve the parent of the requirement to cooperate. When necessary, the parent may be given additional time to cooperate when good cause is determined to exist.

75.21(2) *Non-employer related health insurance plans.* Participation in a health insurance plan that is not group health insurance as defined in rule 441—75.25(249A) is not a condition of Medicaid eligibility.

75.21(3) *Cost-effectiveness.* Cost-effectiveness shall mean the expenditures in Medicaid payments for a set of services are likely to be greater than the cost of paying the premiums and cost-sharing obligations under an insurance plan for those services. When determining the cost-effectiveness of the insurance plan, the following data shall be considered:

a. The cost of the insurance premium, coinsurance and deductibles. An employer-related group health insurance plan that provides major medical coverage and costs $50 or less per month shall be determined cost-effective when establishing eligibility for one-person Medicaid-eligible households. An employer-related group health insurance plan that provides major medical coverage and costs $100 or less per month shall be determined cost-effective when establishing eligibility for households of two or more Medicaid-eligible persons.

b. The scope of services covered under the insurance plan, including exclusions for preexisting conditions, etc.

c. The average anticipated Medicaid utilization, by age, sex, institutional status, Medicare eligibility, and coverage group, for persons covered under the insurance plan.

d. The specific health-related circumstances of the persons covered under the insurance plan. The HIPP Medical History Questionnaire, Form 470-2868, shall be used to obtain this information. Employer-related group health insurance plans that provide major medical coverage shall be determined cost-effective when there is a Medicaid-eligible pregnant woman who can be covered under the plan.

e. Annual administrative expenditures of $50 per Medicaid recipient covered under the health insurance policy.

f. Whether the estimated savings to Medicaid for persons covered under the health insurance plan are at least $5 per month per household.

75.21(4) *Coverage of non-Medicaid-eligible family members.* When it is determined to be cost-effective, the department shall pay for health insurance premiums for non-Medicaid-eligible family members if a non-Medicaid-eligible family member must be enrolled in the health plan in order to obtain coverage for the Medicaid-eligible family members. However, the needs of the non-Medicaid-eligible family members shall not be taken into consideration when determining cost-effectiveness and payments for deductibles, coinsurances or other cost-sharing obligations shall not be made on behalf of family members who are not Medicaid-eligible.

75.21(5) *Exceptions to payment.* Premiums shall not be paid for health insurance plans under any of the following circumstances:

a. The insurance plan is that of an absent parent.

b. The insurance plan is an indemnity policy which supplements the policyholder's income or pays only a predetermined amount for services covered under the policy (e.g., $50 per day for hospital services instead of 80 percent of the charge).

c. The insurance plan is a school plan offered on basis of attendance or enrollment at the school.

d. The premium is used to meet a spenddown obligation under the medically needy program, as provided in 441—Chapter 86, when all persons in the household are eligible or potentially eligible only under the medically needy program. When some of the household members are eligible for full Medicaid benefits under coverage groups other than medically needy, the premium shall be paid if it is determined to be cost-effective when considering only the persons receiving full Medicaid coverage. In those cases, the premium shall not be allowed as a deduction to meet the spenddown obligation for those persons in the household participating in the medically needy program.

e. The insurance plan is designed to provide coverage only for a temporary period of time (e.g., 30 to 180 days).

f. The persons covered under the plan are not Medicaid-eligible on the date the decision regarding eligibility for the HIPP program is made.

g. The person is eligible only for limited Medicaid services under the specified low-income Medicare beneficiary (SLMB) coverage group, in accordance with subrule 75.1(34).

h. Insurance coverage is being provided through the Iowa Comprehensive Health Insurance Association, in accordance with Iowa Code chapter 514E.

i. Insurance is being maintained on the Medicaid-eligible persons in the household through another source (e.g., an absent parent is maintaining insurance on the Medicaid-eligible children).

j. The insurance is a Medicare supplemental policy and the Health Insurance Premium Payment Application, Form 470-2875, was received on or after March 1, 1996.

75.21(6) *Duplicate policies.* When more than one cost-effective health insurance plan or policy is available, the department shall pay the premium for only one plan. The recipient may choose in which cost-effective plan to enroll. However, in situations where the department is buying in to the cost of Medicare Part A or Part B for eligible Medicare beneficiaries, the cost of premiums for a Medicare supplemental insurance policy may also be paid if the department determines it is likely to be cost-effective to do so.

75.21(7) *Discontinuation of premium payments.*

a. When the household loses Medicaid eligibility, premium payments shall be discontinued as of the month of Medicaid ineligibility.

b. When only part of the household loses Medicaid eligibility, a review shall be completed in order to ascertain whether payment of the health insurance premium continues to be cost-effective. If it is determined the policy is no longer cost-effective, premium payment shall be discontinued pending timely and adequate notice.

c. If the household fails to cooperate in providing information necessary to establish ongoing eligibility, premium payment shall be discontinued pending timely and adequate notice.

d. If the policyholder leaves the household, premium payments shall be discontinued pending timely and adequate notice.

e. If the insurance coverage is no longer available or the policy has lapsed, premium payments shall be discontinued as of the effective date of the termination of the coverage.

75.21(8) *Effective date of premium payment.* The effective date of premium payments for cost-effective health insurance plans shall be determined as follows:

a. Premium payments shall begin no earlier than the first day of the month in which the Employer's Statement of Earnings, Form 470-2844, or the Health Insurance Premium Payment Application, Form 470-2875, is received by the division of medical services or the first day of the first month in which the plan is determined to be cost-effective, whichever is later.

b. If the person is not enrolled in the plan when eligibility for participation in the HIPP program is established, premium payments shall begin in the month in which the first premium payment is due after enrollment occurs.

c. If there was a lapse in coverage during the application process (e.g., the policy is dropped and reenrollment occurs at a later date), premium payments shall not be made for any period of time prior to the current effective date of coverage.

d. In no case shall payments be made for premiums which were used as a deduction to income when determining client participation, the amount of the spenddown obligation, or for premiums due for periods of time covered prior to July 1, 1991.

The Employer Verification of Insurance Coverage, Form 470-3036, shall be used to verify the effective date of coverage and premiums for persons enrolled in group health insurance plans.

75.21(9) *Method of premium payment.* Payments of health insurance premiums will be made directly to the insurance carrier except as follows:

a. The department may arrange for payment to the employer in order to circumvent a payroll deduction.

b. When the employer will not agree to accept premium payments from the department in lieu of a payroll deduction to the employee's wages, the department shall reimburse the policyholder directly for payroll deductions or for payments made directly to the employer for the payment of health insurance premiums.

c. When premium payments are occurring through an automatic withdrawal from a bank account by the insurance carrier, the department may reimburse the policyholder for said withdrawals.

d. When the department is otherwise unable to make direct premium payments because the health insurance is offered through a contract that covers a group of persons identified as individuals by reference to their relationship to the entity, the department shall reimburse the policyholder for premium payments made to the entity.

75.21(10) *Payment of claims.* Claims from medical providers for persons participating in this program shall be paid in the same manner as claims are paid for other persons with a third-party resource in accordance with the provisions of 441—Chapters 79 and 80.

75.21(11) *Reviews of cost-effectiveness.* Reviews of cost-effectiveness shall be completed annually or at the time of the next health insurance contract renewal date for employer-related group health plans. Reviews may be conducted more frequently at the discretion of the department. The Health Insurance Premium Payment (HIPP) Program Review, Form 470-3016, shall be used for this purpose.

Reviews of cost-effectiveness shall be completed annually for non-employer-related group health plans. The recipient shall sign the Insurance Carrier Authorization to Release Information, Form 470-3015, as part of the review of non-employer-related plans so that the department may obtain pertinent information necessary to establish continued eligibility.

Failure of the policyholder to cooperate in the review process shall result in cancellation of premium payment and may result in Medicaid ineligibility as provided in subrule 75.21(1).

Redeterminations shall also be completed whenever a predetermined premium rate, deductible, or coinsurance increases, some of the persons covered under the policy lose full Medicaid eligibility, employment terminates or hours are reduced which affects the availability of health insurance, the insurance carrier changes, the policyholder leaves the home, or there is a decrease in the services covered under the policy. The policyholder shall report changes that may affect the availability or cost-effectiveness of the policy within ten calendar days from the date of the change. Changes may be reported by telephone, in writing, or in person. A HIPP Change Report, Form 470-3007, shall accompany all premium payments.

When employment terminates, hours of employment are reduced, or some other qualifying event affecting the availability of health insurance coverage occurs, the department shall verify whether insurance may be continued under the provisions of the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985, the Family Leave Act, or other insurance continuation provisions. The Employer Verification of COBRA Eligibility, Form 470-3037, shall be used for this purpose. If cost-effective, the department shall pay premiums to maintain insurance coverage for eligible Medicaid recipients after the occurrence of the qualifying event which would otherwise result in termination of coverage.

75.21(12) *Time frames for determining cost-effectiveness.* The department shall determine cost-effectiveness of the insurance plan and notify the recipient of the decision regarding payment of the premiums within 65 days from the date an Employer's Statement of Earnings, Form 470-2844, indicating the availability of group insurance or a Health Insurance Premium Payment Application, Form 470-2875, is received. Additional time may be granted when, for reasons beyond the control of the department or the recipient, information needed to establish cost-effectiveness cannot be obtained within the 65-day period.

75.21(13) *Notices.* An adequate notice shall be provided to the household under the following circumstances:

a. To inform the household of the initial decision on cost-effectiveness and premium payment.

b. To inform the household that premium payments are being discontinued because Medicaid eligibility has been lost by all persons covered under the policy.

c. The policy is no longer available to the family (e.g., the employer drops insurance coverage or the policy is terminated by the insurance company).

A timely and adequate notice shall be provided to the household informing them of a decision to discontinue payment of the health insurance premium because the department has determined the policy is no longer cost-effective or because the recipient has failed to cooperate in providing information necessary to establish continued eligibility for the program.

75.21(14) *Rate refund.* The department shall be entitled to any rate refund made when the health insurance carrier determines a return of premiums to the policyholder is due for any time period for which the department paid the premium.

75.21(15) *Reinstatement of eligibility.*

a. When eligibility for the HIPP program is canceled because the persons covered under the policy lose Medicaid eligibility, HIPP eligibility shall be reinstated when Medicaid eligibility is reestablished if all other eligibility factors are met.

b. When HIPP eligibility is canceled because of the recipient's failure to cooperate in providing information necessary to establish continued eligibility for the HIPP program, benefits shall be reinstated the first day of the first month in which cooperation occurs.

441—75.22(249A) AIDS/HIV health insurance premium payment program. For the purposes of this rule, "AIDS" and "HIV" are defined in accordance with Iowa Code section 141.21.

75.22(1) *Conditions of eligibility.* The department shall pay for the cost of continuing health insurance coverage to persons with AIDS or HIV-related illnesses when the following criteria are met:

a. The person with AIDS or HIV-related illness shall be the policyholder, or the spouse of the policyholder, of an individual or group health plan.

b. The person shall be a resident of Iowa in accordance with the provisions of rule 441—75.10(249A).

c. The person shall not be eligible for Medicaid. The person shall be required to apply for Medicaid benefits when it appears Medicaid eligibility may exist. Persons who are required to meet a spend-down obligation under the medically needy program, as provided in 441—Chapter 86, are not considered Medicaid-eligible for the purpose of establishing eligibility under these provisions.

When Medicaid eligibility is attained, premium payments shall be made under the provisions of rule 441—75.21(249A) if all criteria of that rule are met.

d. A physician's statement shall be provided verifying the policyholder or the spouse of the policyholder suffers from AIDS or an HIV-related illness. The physician's statement shall also verify that the policyholder or the spouse of the policyholder is or will be unable to continue employment in the person's current position or that hours of employment will be significantly reduced due to AIDS or HIV-related illness. The Physician's Verification of Diagnosis, Form 470-2958, shall be used to obtain this information from the physician.

e. Gross income shall not exceed 300 percent of the federal poverty level for a family of the same size. The gross income of all family members shall be counted using the definition of gross income under the supplemental security income (SSI) program.

f. Liquid resources shall not exceed $10,000 per household. The following are examples of countable resources:

(1) Unobligated cash.

(2) Bank accounts.

(3) Stocks, bonds, certificates of deposit, excluding Internal Revenue Service defined retirement plans.

g. The health insurance plan must be cost-effective based on the amount of the premium and the services covered.

75.22(2) *Application process.*

a. Application. Persons applying for participation in this program shall complete the AIDS/HIV Health Insurance Premium Payment Application, Form 470-2953. The applicant shall be required to provide documentation of income and assets. The application shall be available from and may be filed at any county departmental office or at the Division of Medical Services, Department of Human Services, Hoover State Office Building, Des Moines, Iowa 50319-0114.

An application shall be considered as filed on the date an AIDS/HIV Health Insurance Premium Payment Application, Form 470-2953, containing the applicant's name, address and signature is received and date-stamped in any county departmental office or the division of medical services.

b. Time limit for decision. Every reasonable effort will be made to render a decision within 30 days. Additional time for rendering a decision may be taken when, due to circumstances beyond the control of the applicant or the department, a decision regarding the applicant's eligibility cannot be reached within 30 days (e.g., verification from a third party has not been received).

c. Eligible on the day of decision. No payments will be made for current or retroactive premiums if the person with AIDS or an HIV-related illness is deceased prior to a final eligibility determination being made on the application, if the insurance plan has lapsed, or if the person has otherwise lost coverage under the insurance plan.

d. Waiting list. After funds appropriated for this purpose are obligated, pending applications shall be denied by the division of medical services. A denial shall require a notice of decision to be mailed within ten calendar days following the determination that funds have been obligated. The notice shall state that the applicant meets eligibility requirements but no funds are available and that the applicant will be placed on the waiting list, or that the applicant does not meet eligibility requirements. Applicants not awarded funding who meet the eligibility requirements will be placed on a statewide waiting list according to the order in which the completed applications were filed. In the event that more than one application is received at one time, applicants shall be entered on the waiting list on the basis of the day of the month of the applicant's birthday, lowest number being first on the waiting list. Any subsequent tie shall be decided by the month of birth, January being month one and the lowest number.

75.22(3) *Presumed eligibility.* The applicant may be presumed eligible to participate in the program for a period of two calendar months or until a decision regarding eligibility can be made, whichever is earlier. Presumed eligibility shall be granted when:

a. The application is accompanied by a completed Physician's Verification of Diagnosis, Form 470-2958.

b. The application is accompanied by a premium statement from the insurance carrier indicating the policy will lapse before an eligibility determination can be made.

c. It can be reasonably anticipated that the applicant will be determined eligible from income and resource statements on the application.

75.22(4) *Family coverage.* When the person is enrolled in a policy that provides health insurance coverage to other members of the family, only that portion of the premium required to maintain coverage for the policyholder or the policyholder's spouse with AIDS or an HIV-related illness shall be paid under this rule unless modification of the policy would result in a loss of coverage for the person with AIDS or an HIV-related illness.

75.22(5) *Method of premium payment.* Premiums shall be paid in accordance with the provisions of subrule 75.21(9).

75.22(6) *Effective date of premium payment.* Premium payments shall be effective with the month of application or the effective date of eligibility, whichever is later.

75.22(7) *Reviews.* The circumstances of persons participating in the program shall be reviewed quarterly to ensure eligibility criteria continues to be met. The AIDS/HIV Health Insurance Premium Payment Program Review, Form 470-2877, shall be completed by the recipient or someone acting on the recipient's behalf for this purpose.

75.22(8) *Termination of assistance.* Premium payments for otherwise eligible persons shall be paid under this rule until one of the following conditions is met:

a. The person becomes eligible for Medicaid. In which case, premium payments shall be paid in accordance with the provisions of rule 441—75.21(249A).

b. The insurance coverage is no longer available.

c. Maintaining the insurance plan is no longer considered the most cost-effective way to pay for medical services.

d. Funding appropriated for the program is exhausted.

e. The person with AIDS or an HIV-related illness dies.

f. The person fails to provide requested information necessary to establish continued eligibility for the program.

75.22(9) *Notices.*

a. An adequate notice as defined in 441—subrule 7.7(1) shall be provided under the following circumstances:

(1) To inform the applicant of the initial decision regarding eligibility to participate in the program.

(2) To inform the recipient that premium payments are being discontinued under these provisions because Medicaid eligibility has been attained and premium payments will be made under the provisions of rule 441—75.21(249A).

(3) To inform the recipient that premium payments are being discontinued because the policy is no longer available.

(4) To inform the recipient that premium payments are being discontinued because funding for the program is exhausted.

(5) The person with AIDS or an HIV-related illness dies.

b. A timely and adequate notice as defined in 441—subrule 7.7(1) shall be provided to the recipient informing the recipient of a decision to discontinue payment of the health insurance premium when the recipient no longer meets the eligibility requirements of the program or fails to cooperate in providing information to establish eligibility.

75.22(10) *Confidentiality.* The department shall protect the confidentiality of persons participating in the program in accordance with Iowa Code chapter 141. When it is necessary for the department to contact a third party to obtain information in order to determine initial or ongoing eligibility, a Consent to Release or Obtain Information, Form 470-0429, shall be signed by the recipient authorizing the department to make the contact.

This rule is intended to implement Iowa Code section 249A.4.

441—75.23(249A) Disposal of assets for less than fair market value after August 10, 1993. In determining Medicaid eligibility for persons described in 441—Chapters 75, 83, and 86, a transfer of assets occurring after August 10, 1993, will affect Medicaid payment for medical services as provided in this rule.

75.23(1) *Ineligibility for services.*

a. If an institutionalized individual or the spouse of the individual disposed of assets for less than fair market value on or after the look-back date specified in 75.23(2), the institutionalized individual is ineligible for medical assistance for nursing facility services, a level of care in any institution equivalent to that of nursing facility services, and home- and community-based waiver services during the period beginning on the first day of the first month during or after which assets were transferred for less than fair market value and which does not occur in any other periods of ineligibility under this rule and equal to the number of months specified in 75.23(3).

b. If a noninstitutionalized individual or the spouse of the individual disposed of assets for less than fair market value on or after the look-back date specified in 75.23(2), the individual is ineligible for medical assistance for home health care services, home and community care for functionally disabled elderly individuals, personal care services, and other long-term care services during the period beginning on the first day of the first month during or after which assets have been transferred for less than fair market value and which does not occur in any other periods of ineligibility under this rule and equal to the number of months specified in 75.23(3).

75.23(2) *Look-back date.* The look-back date is the date that is 36 months (or, in the case of payments from a trust or portion of a trust that are treated as assets disposed of by the individual, 60 months) before the date an institutionalized individual is both an institutionalized individual and has applied for medical assistance or the date the noninstitutionalized individual applies for medical assistance.

75.23(3) *Period of ineligibility.* The number of months of ineligibility shall be equal to the total cumulative uncompensated value of all assets transferred by the individual (or the individual's spouse) on or after the look-back date specified in 75.23(2), divided by the statewide average private pay rate for nursing facility services at the time of application. The average statewide cost to a private pay resident shall be determined by the department and updated annually for nursing facilities. For the period from July 1, 1998, through June 30, 1999, this average statewide cost shall be $2,567.77 per month or $84.42 per day.

75.23(4) *Reduction of period of ineligibility.* The number of months of ineligibility otherwise determined with respect to the disposal of an asset shall be reduced by the months of ineligibility applicable to the individual prior to a change in institutional status.

75.23(5) *Exceptions.* An individual shall not be ineligible for medical assistance, under this rule, to the extent that:

a. The assets transferred were a home and title to the home was transferred to either:

(1) A spouse of the individual.

(2) A child who is under the age of 21 or is blind or permanently and totally disabled as defined in 42 U.S.C. Section 1382c.

(3) A sibling of the individual who has an equity interest in the home and who was residing in the individual's home for a period of at least one year immediately before the individual became institutionalized.

(4) A son or daughter of the individual who was residing in the individual's home for a period of at least two years immediately before the date of institutionalization and who provided care to the individual which permitted the individual to reside at home rather than in an institution or facility.

b. The assets were transferred:

(1) To the individual's spouse or to another for the sole benefit of the individual's spouse.

(2) From the individual's spouse to another for the sole benefit of the individual's spouse.

(3) To a trust established solely for the benefit of a child who is blind or permanently and totally disabled as defined in 42 U.S.C. Section 1382c.

(4) To a trust established solely for the benefit of an individual under 65 years of age who is disabled as defined in 42 U.S.C. Section 1382c.

c. A satisfactory showing is made that:

(1) The individual intended to dispose of the assets either at fair market value, or for other valuable consideration.

(2) The assets were transferred exclusively for a purpose other than to qualify for medical assistance.

(3) All assets transferred for less than fair market value have been returned to the individual.

d. The denial of eligibility would work an undue hardship. Undue hardship shall exist only where both of the following conditions are met:

(1) The person who transferred the resource or the person's spouse has exhausted all means including legal remedies and consultation with an attorney to recover the resource.

(2) The person's remaining available resources (after the attribution for the community spouse) are less than the monthly statewide average cost of nursing facility services to a private pay resident. The value of all resources is counted except for:

1. The home if occupied by a dependent relative or if a doctor verifies that the person is expected to return home.
2. Household goods.
3. A vehicle required by the client for transportation.
4. Funds for burial of $4,000 or less.

Hardship will not be found if the resource was transferred to a person who was handling the financial affairs of the client or to the spouse or children of a person handling the financial affairs of the client unless the client demonstrates that payments cannot be obtained from the funds of the person who handled the financial affairs to pay for nursing facility services.

75.23(6) *Assets held in common.* In the case of an asset held by an individual in common with another person or persons in a joint tenancy, tenancy in common, or similar arrangement, the asset, or the affected portion of the asset, shall be considered to be transferred by the individual when any action is taken, either by the individual or by any other person, that reduces or eliminates the individual's ownership or control of the asset.

75.23(7) *Transfer by spouse.* In the case of a transfer by a spouse of an individual which results in a period of ineligibility for medical assistance under the state plan for the individual, the period of ineligibility shall be apportioned between the individual and the individual's spouse if the spouse otherwise becomes eligible for medical assistance under the state plan. The remaining penalty period shall be evenly divided on a monthly basis, with any remaining month of penalty (prorated as a half month to each spouse) applied to the spouse who initiated the transfer action.

If a spouse subsequently dies prior to the end of the penalty period, the remaining penalty period shall be applied to the surviving spouse's period of ineligibility.

75.23(8) *Definitions.* In this rule the following definitions apply:

"Assets" shall include all income and resources of the individual and the individual's spouse, including any income or resources which the individual or the individual's spouse is entitled to but does not receive because of action by:

1. The individual or the individual's spouse.
