

CHAPTER 13  
MILK AND MILK PRODUCTS

[Prior to 7/29/87, Health Department[470]]

**641—13.1(135) Jurisdiction.** The production, processing and distribution of milk and milk products are by law under the jurisdiction of the Iowa department of inspections and appeals.

Cities also are granted by Iowa Code section 368.25, the power to adopt ordinances pertaining to milk sanitation. It is therefore suggested that cities and towns regulate production, transportation, processing, handling, sampling, examination, grading, labeling, regrading and sale of milk and milk products, the inspection of dairy herds, dairies and milk plants, the issuing and revocation of permits to milk producers and distributors, the placarding of restaurants and other establishments serving milk or milk products in accordance with the terms of the unabridged form of the current edition of the Milk Ordinance and Code recommended by the United States Public Health Service, a copy of which is on file with the department or which may be procured from the United States Public Health Service or the Superintendent of Documents, Washington, D.C.
