

b. The provider shall complete Form 470-2579, Application for Authorization to Make Presumptive Medicaid Eligibility Determinations, and submit it to the department for approval in order to become certified as a provider qualified to make presumptive eligibility determinations. Once the provider has been approved as a provider qualified to make presumptive Medicaid eligibility determinations, Form 470-2582, Memorandum of Understanding Between the Iowa Department of Human Services and a Qualified Provider, shall be signed by the provider and the department.

c. Once the qualified provider has made a presumptive eligibility determination for a pregnant woman, the provider shall:

(1) Contact the department to obtain a state identification number for the pregnant woman who has been determined presumptively eligible.

(2) Notify the department in writing of the determination within five working days after the date of the presumptive determination is made. A copy of the Presumptive Medicaid Eligibility Notice of Decision, Form 470-2580, shall be used for this purpose.

(3) Inform the pregnant woman in writing, at the time the determination is made, that if she chose not to apply for Medicaid on the Health Services Application, Form 470-2927, she has until the last day of the month following the month of the preliminary determination to file an application with the department. A Presumptive Medicaid Eligibility Notice of Decision, Form 470-2580, shall be issued by the qualified provider for this purpose.

(4) Forward copies of the Health Services Application, Form 470-2927, to the appropriate offices for eligibility determinations if the pregnant woman indicated on the application that she was applying for any of the other programs listed on the application. These copies shall be forwarded within two working days from the date of the presumptive determination.

d. In the event that a pregnant woman needing prenatal care does not appear to be presumptively eligible, the qualified provider shall inform the pregnant woman that she may file an application at the local department office if she wishes to have a formal determination made.

e. Presumptive eligibility shall end under any of the following conditions:

(1) The woman fails to file an application for Medicaid in accordance with rule 441—76.1(249A) by the last day of the month following the month of the presumptive eligibility determination.

(2) The woman files a Medicaid application by the last day of the month following the month of the presumptive eligibility determination and has been found ineligible for Medicaid.

(3) Rescinded IAB 5/1/91, effective 7/1/91.

f. The adequate and timely notice requirements and appeal rights associated with an application that is filed pursuant to rule 441—76.1(249A) shall apply to an eligibility determination made on the Medicaid application. However, notice requirements and appeal rights of the Medicaid program shall not apply to a woman who is:

(1) Denied presumptive eligibility by a qualified provider.

(2) Determined to be presumptively eligible by a qualified provider and whose presumptive eligibility ends because the woman fails to file an application by the last day of the month following the month of the initial presumptive eligibility determination.

(3) Rescinded IAB 5/1/91, effective 7/1/91.

g. A woman shall not be determined to be presumptively eligible for Medicaid more than once per pregnancy.

75.1(31) *Persons and families terminated from the family medical assistance program (FMAP) due to the increased earnings of the specified relative in the eligible group.* Medicaid shall be available for a period of up to 12 additional months to families who are canceled from FMAP as provided in subrule 75.1(14) because the specified relative of a dependent child receives increased income from employment.

For the purposes of this subrule, “family” shall mean individuals living in the household whose needs and income were included in determining the FMAP eligibility of the household members at the time that the FMAP benefits were terminated. “Family” also includes those individuals whose needs and income would be taken into account in determining the FMAP eligibility of household members if the household were applying in the current month.

a. Increased income from employment includes:

- (1) Beginning employment.
- (2) Increased rate of pay.
- (3) Increased hours of employment.

b. In order to receive transitional Medicaid coverage under these provisions, an FMAP family must have received FMAP during at least three of the six months immediately preceding the month in which ineligibility occurred.

c. The 12 months’ Medicaid transitional coverage begins the day following termination of FMAP eligibility.

d. When ineligibility is determined to occur retroactively, the transitional Medicaid coverage begins with the first month in which FMAP eligibility was erroneously granted, unless the provisions of paragraph “f” below apply.

e. Rescinded IAB 8/12/98, effective 10/1/98.

f. Transitional Medicaid shall not be allowed under these provisions when it has been determined that the recipient received FMAP in any of the six months immediately preceding the month of cancellation as the result of fraud. Fraud shall be defined in accordance with Iowa Code Supplement section 239B.14.

g. During the transitional Medicaid period, assistance shall be terminated at the end of the first month in which the eligible group ceases to include a child, as defined by the family medical assistance program.

h. If the family receives transitional Medicaid coverage during the entire initial six-month period and has returned, by the twenty-first day of the fourth month, a complete Notice of Decision/Quarterly Income Report, Form 470-2663, Medicaid shall continue for an additional six months, subject to paragraphs “g” and “i” of this subrule. Failure to return a completed form shall result in cancellation of assistance. A completed form is a form with all items answered, signed, dated no earlier than the first day of the budget month, and accompanied by verification as required in paragraphs 75.57(1)“f” and 75.57(2)“L.”

i. Assistance shall be terminated at the close of the first or fourth month of the additional six-month period if any of the following conditions exist:

(1) The family fails to return a complete Notice of Decision/Quarterly Income Report, Form 470-2663, by the twenty-first day of the first month or the fourth month of the additional six-month period as required in paragraph 75.1(31)“h,” unless the family establishes good cause for failure to report on a timely basis. Good cause for failure to return the report timely shall be established when the family demonstrates one or more of the following conditions exist:

1. There was a serious illness or death of the recipient or a member of the recipient’s family.
2. There was a family emergency or household disaster, such as a fire, flood, or tornado.
3. The recipient offers a good cause beyond the recipient’s control.
4. There was a failure to receive the department’s notification for a reason not attributable to the recipient. Lack of a forwarding address is attributable to the recipient.

(2) The specified relative had no earnings in one or more of the previous three months, unless the lack of earnings was due to an involuntary loss of employment, illness, or there were instances when problems could negatively impact the client’s achievement of self-sufficiency as described at 441—subrule 93.133(4).

(3) It is determined that the family’s average gross earned income, minus child care expenses for the children in the eligible group necessary for the employment of the specified relative, during the immediately preceding three-month period exceeds 185 percent of the federal poverty level as defined by the United States Office of Management and Budget and revised annually in accordance with Section 673(2) of the Omnibus Budget Reconciliation Act of 1981.

j. These provisions apply to specified relatives defined at paragraph 75.55(1)“a,” including:

(1) Any parent who is in the home. This includes parents who are included in the eligible group as well as those who are not.

(2) A stepparent who is included in the eligible group and who has assumed the role of the caretaker relative due to the absence or incapacity of the parent.

(3) A needy specified relative who is included in the eligible group.

k. The timely notice requirements as provided in 441—subrule 76.4(1) shall not apply when it is determined that the family failed to meet the eligibility criteria specified in paragraph “g” or “i” above. Transitional Medicaid shall be terminated beginning with the first month following the month in which the family no longer met the eligibility criteria. An adequate notice shall be provided to the family when any adverse action is taken.

75.1(32) *Persons and families terminated from refugee cash assistance (RCA) because of income earned from employment.* Refugee medical assistance (RMA) shall be available as long as the eight-month limit for the refugee program is not exceeded to persons who are receiving RMA and who are canceled from the RCA program solely because a member of the eligible group receives income from employment.

a. An RCA recipient shall not be required to meet any minimum program participation time frames in order to receive RMA coverage under these provisions.

b. A person who returns to the home after the family became ineligible for RCA may be included in the eligible group for RMA coverage if the person was included on the assistance grant the month the family became ineligible for RCA.

75.1(33) *Qualified disabled and working persons.* Medicaid shall be available to cover the cost of the premium for Part A of Medicare (hospital insurance benefits) for qualified disabled and working persons.

a. Qualified disabled and working persons are persons who meet the following requirements:

(1) The person’s monthly income does not exceed 200 percent of the federal poverty level applicable to the family size involved.

(2) The person’s resources do not exceed twice the maximum amount allowed under the supplemental security income (SSI) program.

(3) The person is not eligible for any other Medicaid benefits.

(4) The person is entitled to enroll in Medicare Part A of Title XVIII under Section 1818A of the Social Security Act (as added by Section 6012 of OBRA 1989).

b. The amount of the person’s income and resources shall be determined as under the SSI program.

75.1(34) *Specified low-income Medicare beneficiaries.* Medicaid shall be available to persons who are entitled to hospital insurance under Part A of Medicare to cover the cost of the Medicare Part B premium, provided the following conditions are met:

a. The person’s monthly income exceeds 100 percent of the federal poverty level but is less than the following percentage of the federal poverty level (as defined by the United States Office of Management and Budget and revised annually in accordance with Section 673(2) of the Omnibus Budget Reconciliation Act of 1981) applicable to a family of the size involved:

(1) 110 percent effective January 1, 1993.

(2) 120 percent effective January 1, 1995, and thereafter.

b. The person’s resources do not exceed twice the maximum amount of resources that a person may have and obtain benefits under the Supplemental Security Income (SSI) program.

c. The amount of income and resources shall be determined as under the SSI program unless the person lives and is expected to live at least 30 consecutive days in a medical institution and has a spouse at home. Then the resource determination shall be made according to subrules 75.5(3) and 75.5(4). Income shall not include any amount of social security income attributable to the cost-of-living increase through the month following the month in which the annual revision of the official poverty level is published.

d. The effective date of eligibility shall be as set forth in rule 441—76.5(249A).

75.1(35) Medically needy persons.

a. Coverage groups. Subject to other requirements of this chapter, Medicaid shall be available to the following persons:

(1) Pregnant women. Pregnant women who would be eligible for FMAP-related coverage groups except for excess income or resources. For FMAP-related programs, pregnant women shall have the unborn child or children counted in the household size as if the child or children were born and living with them.

(2) FMAP-related persons under the age of 19. Persons under the age of 19 who would be eligible for an FMAP-related coverage group except for excess income.

(3) CMAP-related persons under the age of 21. Persons under the age of 21 who would be eligible in accordance with subrule 75.1(15) except for excess income.

(4) SSI-related persons. Persons who would be eligible for SSI except for excess income or resources.

(5) FMAP-specified relatives. Persons whose income or resources exceed the family medical assistance program's limit and who are a specified relative as defined at subrule 75.55(1) living with a child who is determined dependent.

b. Resources and income of all persons considered.

(1) Resources of all specified relatives and of all potentially eligible individuals living together, except as specified at subparagraph 75.1(35)“b”(2) or who are excluded in accordance with the provisions of rule 441—75.59(249A), shall be considered in determining eligibility of adults. Resources of all specified relatives and of all potentially eligible individuals living together shall be disregarded in determining eligibility of children. Income of all specified relatives and of all potentially eligible individuals living together, except as specified at subparagraph 75.1(35)“b”(2) or who are excluded in accordance with the provisions of rule 441—75.59(249A), shall be considered in determining eligibility.

(2) The amount of income of the responsible relative that has been counted as available to an FMAP household or SSI individual shall not be considered in determining the countable income for the medically needy eligible group.

(3) The resource determination shall be according to subrules 75.5(3) and 75.5(4) when one spouse is expected to reside at least 30 consecutive days in a medical institution.

c. Resources.

(1) The resource limit for adults in SSI-related households shall be \$10,000 per household.

(2) Disposal of resources for less than fair market value by SSI-related applicants or recipients shall be treated according to policies specified in rule 441—75.23(249A).

(3) The resource limit for FMAP- or CMAP-related adults shall be \$10,000 per household. In establishing eligibility for children for this coverage group, resources of all persons in the eligible group, regardless of age, shall be disregarded. In establishing eligibility for adults for this coverage group, resources shall be considered according to department of public health 641—subrule 75.4(2).

(4) The resources of SSI-related persons shall be treated according to SSI policies.

(5) When a resource is jointly owned by SSI-related persons and FMAP-related persons, the resource shall be treated according to SSI policies for the SSI-related person and according to FMAP policies for the FMAP-related persons.

d. Income. All unearned and earned income, unless specifically exempted, disregarded, deducted for work expenses, or diverted shall be considered in determining initial and continuing eligibility.

(1) Income policies specified in subrules 75.57(1) through 75.57(8), and paragraphs 75.57(9)“c,” “g,” “h,” and “i” regarding treatment of earned and unearned income are applied to FMAP-related and CMAP-related persons when determining initial eligibility and the two-step process for determining continuing eligibility unless otherwise specified. The three-step process for determining initial eligibility and the two-step process for determining ongoing eligibility, as described at rule 441—75.57(249A), shall not apply to medically needy persons.

(2) Income policies as specified in federal SSI regulations regarding treatment of earned and unearned income are applied to SSI-related persons when determining initial and continuing eligibility.

(3) The monthly income shall be determined prospectively unless actual income is available.

(4) The income for the certification period shall be determined by adding both months’ net income together to arrive at a total.

(5) The income for the retroactive certification period shall be determined by adding each month of the retroactive period to arrive at a total.

e. Medically needy income level (MNIL).

(1) The MNIL is based on 133 1/3 percent of the schedule of basic needs, as provided in subrule 75.58(2), with households of one treated as households of two, as follows:

Number of Persons	1	2	3	4	5	6	7	8	9	10
MNIL	\$483	\$483	\$566	\$666	\$733	\$816	\$891	\$975	\$1058	\$1158

Each additional person \$116

(2) When determining household size for the MNIL, all potential eligibles and all individuals whose income is considered as specified in paragraph 75.1(35)“b” shall be included unless the person has been excluded according to the provisions of rule 441—75.59(249A).

(3) The MNIL for the certification period shall be determined by adding both months’ MNIL to arrive at a total.

The MNIL for the retroactive certification period shall be determined by adding each month of the retroactive period to arrive at a total.

(4) The total net countable income for the certification period shall be compared to the total MNIL for the certification period based on family size as specified in subparagraph (2).

If the total countable net income is equal to or less than the total MNIL, the medically needy individuals shall be eligible for Medicaid.

If the total countable net income exceeds the total MNIL, the medically needy individuals shall not be eligible for Medicaid unless incurred medical expenses equal or exceed the difference between the net income and the MNIL.

(5) Effective date of approval. Eligibility during the certification period or the retroactive certification period shall be effective as of the first day of the first month of the certification period or the retroactive certification period when the medically needy income level (MNIL) is met.

f. Verification of medical expenses to be used in spenddown calculation. The applicant or recipient shall submit evidence of medical expenses that are for noncovered Medicaid services and for covered services incurred prior to the certification period to the county office on a claim form, which shall be completed by the medical provider. In cases where the provider is uncooperative or where returning to the provider would constitute an unreasonable requirement on the applicant or recipient, the form shall be completed by the worker. Verification of medical expenses for the applicant or recipient that are covered Medicaid services and occurred during the certification period shall be submitted by the provider to the fiscal agent on a claim form. The applicant or recipient shall inform the provider of the applicant's or recipient's spenddown obligation at the time services are rendered or at the time the applicant or recipient receives notification of a spenddown obligation. Verification of allowable expenses incurred for transportation to receive medical care as specified in rule 441—78.13(249A) shall be verified on Form 470-0394, Medical Transportation Claim.

Applicants who have not established that they met spenddown in the current certification period shall be allowed 12 months following the end of the certification period to submit medical expenses for that period or 12 months following the date of the notice of decision when the certification period had ended prior to the notice of decision.

g. Spenddown calculation.

(1) Medical expenses that are incurred during the certification period may be used to meet spenddown. Medical expenses incurred prior to a certification period shall be used to meet spenddown if not already used to meet spenddown in a previous certification period and if all of the following requirements are met. The expenses:

1. Remain unpaid as of the first day of the certification period.
2. Are not Medicaid-payable in a previous certification period or the retroactive certification period.
3. Are not incurred during any prior certification period with the exception of the retroactive period in which the person was conditionally eligible but did not meet spenddown.

Notwithstanding numbered paragraphs "1" through "3" above, paid medical expenses from the retroactive period can be used to meet spenddown in the retroactive period or in the certification period for the two months immediately following the retroactive period.

(2) Order of deduction. Spenddown shall be adjusted when a bill for a Medicaid-covered service incurred during the certification period has been applied to meet spenddown if a bill for a covered service incurred prior to the certification period is subsequently received. Spenddown shall also be adjusted when a bill for a noncovered Medicaid service is subsequently received with a service date prior to the Medicaid-covered service. Spenddown shall be adjusted when an unpaid bill for a Medicaid-covered service incurred during the certification period has been applied to meet spenddown if a paid bill for a covered service incurred in the certification period is subsequently received with a service date prior to the date of the notice of spenddown status.

If spenddown has been met and a bill is received with a service date after spenddown has been met, the bill shall not be deducted to meet spenddown.

Incurred medical expenses, including those reimbursed by a state or political subdivision program other than Medicaid, but excluding those otherwise subject to payment by a third party, shall be deducted in the following order:

1. Medicare and other health insurance premiums, deductibles, or coinsurance charges.

EXCEPTION: When some of the household members are eligible for full Medicaid benefits under the Health Insurance Premium Payment Program (HIPPP), as provided in rule 441—75.21(249A), the health insurance premium shall not be allowed as a deduction to meet the spenddown obligation of those persons in the household in the medically needy coverage group.

2. An average statewide monthly standard deduction for the cost of medically necessary personal care services provided in a licensed residential care facility shall be allowed as a deduction for spend-down. These personal care services include assistance with activities of daily living such as preparation of a special diet, personal hygiene and bathing, dressing, ambulation, toilet use, transferring, eating, and managing medication.

The average statewide monthly standard deduction for personal care services shall be based on the average per day rate of health care costs associated with residential care facilities participating in the state supplementary assistance program for a 30.4-day month as computed in the Unaudited Compilation of Cost and Statistical Data for Residential Care Facilities (Category: All; Type of Care: Residential; Location: All; and Type of Control: All). The average statewide standard deduction for personal care services used in the medically needy program shall be updated and effective the first day of the first month beginning two full months after the release of the Unaudited Compilation of Cost and Statistical Data for Residential Care Facilities report.

3. Medical expenses for necessary medical and remedial services that are recognized under state law but not covered by Medicaid, chronologically by date of submission.

4. Medical expenses for acupuncture, chronologically by date of submission.

5. Medical expenses for necessary medical and remedial services that are covered by Medicaid, chronologically by date of submission.

(3) When incurred medical expenses have reduced income to the applicable MNIL, the individuals shall be eligible for Medicaid.

(4) Medical expenses reimbursed by a public program other than Medicaid prior to the certification period shall not be considered a medical deduction.

h. Medicaid services. Persons eligible for Medicaid as medically needy will be eligible for all services covered by Medicaid except:

(1) Care in a nursing facility or an intermediate care facility for the mentally retarded.

(2) Care in an institution for mental disease.

(3) Care in a Medicare-certified skilled nursing facility.

(4) Rehabilitative treatment services pursuant to 441—Chapter 185.

i. Reviews. Reviews of eligibility shall be made for SSI-related, CMAP-related, and FMAP-related medically needy recipients with a zero spenddown as often as circumstances indicate but in no instance shall the period of time between reviews exceed 12 months.

SSI-related, CMAP-related, and FMAP-related medically needy persons shall complete Form 470-2927, Health Services Application, as part of the review process when requested to do so by the county office.

j. Redetermination. When an SSI-related, CMAP-related, or FMAP-related recipient who has had ongoing eligibility because of a zero spenddown has income that exceeds the MNIL, a redetermination of eligibility shall be completed to change the recipient's eligibility to a two-month certification with spenddown. This redetermination shall be effective the month the income exceeds the MNIL or the first month following timely notice.

(1) The Health Services Application, Form 470-2927, shall be used to determine eligibility for SSI-related medically needy when an SSI recipient has been determined to be ineligible for SSI due to excess income or resources in one or more of the months after the effective date of the SSI eligibility decision.

(2) All eligibility factors shall be reviewed on recertifications. A face-to-face interview is not required for recertifications if the last face-to-face interview was less than 12 months ago and there has not been a break in assistance. When the length of time between face-to-face interviews would exceed 12 months, a face-to-face interview shall be required.

k. Recertifications. A new application shall be made when the certification period has expired and there has been a break in assistance as defined at rule 441—75.25(249A). When the certification period has expired and there has not been a break in assistance, the person shall use the Health Services Application, Form 470-2927, to be recertified.

l. Disability determinations. An applicant receiving social security disability benefits under Title II of the Social Security Act or railroad retirement benefits based on the Social Security Act definition of disability by the Railroad Retirement Board shall be deemed disabled without any further determination. In other cases under the medically needy program, the department shall conduct an independent determination of disability unless the applicant has been denied supplemental security income benefits based on lack of disability and does not allege either (1) a disabling condition different from or in addition to that considered by the Social Security Administration, or (2) that the applicant's condition has changed or deteriorated since the most recent Social Security Administration determination.

(1) In conducting an independent determination of disability, the department shall use the same criteria required by federal law to be used by the Social Security Administration of the United States Department of Health and Human Services in determining disability for purposes of Supplemental Security Income under Title XVI of the Social Security Act. The disability determination services bureau of the division of vocational rehabilitation shall make the initial disability determination on behalf of the department.

(2) For an independent determination of disability, the applicant or recipient or the applicant's or recipient's authorized representative shall submit either Form 470-2465, Disability Report for Adults, if the applicant or recipient is aged 18 or over, or Form 470-3912, Disability Report for Children, if the applicant or recipient is under the age of 18. A signed Authorization for Source to Release Information to the Department of Human Services, Form 470-2467, shall be completed for each medical source listed on the disability report.

(3) In connection with any independent determination of disability, the department shall determine whether reexamination of the person's medical condition will be necessary for periodic redeterminations of eligibility.

75.1(36) Expanded specified low-income Medicare beneficiaries. Through September 30, 2003, Medicaid benefits to cover the cost of the Medicare Part B premium shall be available to persons who are entitled to Medicare Part A provided the following conditions are met:

a. The person is not otherwise eligible for Medicaid.

b. The person's monthly income is at least 120 percent of the federal poverty level but is less than 135 percent of the federal poverty level (as defined by the United States Office of Management and Budget and revised annually in accordance with Section 673(2) of the Omnibus Budget Reconciliation Act of 1981) applicable to a family of the size involved.

c. The person's resources do not exceed twice the maximum amount of resources that a person may have and obtain benefits under the Supplemental Security Income (SSI) program.

d. The amount of the income and resources shall be determined the same as under the SSI program unless the person lives and is expected to live at least 30 consecutive days in a medical institution and has a spouse at home. Then the resource determination shall be made according to subrules 75.5(3) and 75.5(4). Income shall not include any amount of social security income attributable to the cost-of-living increase through the month following the month in which the annual revision of the official poverty level is published.

e. The effective date of eligibility shall be as set forth in rule 441—76.5(249A).

75.1(37) Home health specified low-income Medicare beneficiaries. Rescinded IAB 10/30/02, effective 1/1/03.

75.1(38) Continued Medicaid for disabled children from August 22, 1996. Medical assistance shall be available to persons who were receiving SSI as of August 22, 1996, and who would continue to be eligible for SSI but for Section 211(a) of the Personal Responsibility and Work Opportunity Act of 1996 (P.L. 104-193).

75.1(39) Working persons with disabilities.

a. Medical assistance shall be available to all persons who meet all of the following conditions:

(1) They are disabled as determined pursuant to rule 441—75.20(249A), except that being engaged in substantial gainful activity will not preclude a determination of disability.

(2) They are less than 65 years of age.

(3) They are members of families (including families of one) whose income is less than 250 percent of the most recently revised official federal poverty level for the family. Family income shall include gross income of all family members, less supplemental security income program disregards, exemptions, and exclusions, including the earned income disregards.

(4) They receive earned income from employment or self-employment or are eligible under paragraph “c.”

(5) They would be eligible for medical assistance under another coverage group set out in this rule (other than the medically needy coverage groups at subrule 75.1(35)), disregarding all income, up to \$10,000 of available resources, and any additional resources held by the disabled individual in a retirement account, a medical savings account, or an assistive technology account. For this purpose, disability shall be determined as under subparagraph (1) above.

(6) They have paid any premium assessed under paragraph “b” below.

b. A monthly premium shall be assessed when gross income of the eligible individual is greater than 150 percent of the federal poverty level for an individual. Gross income includes all earned and unearned income of the eligible individual.

Beginning with the month of application, the monthly premium amount shall be established for a six-month period based on projected average monthly income for the six-month period. The monthly premium established for a six-month period shall not be increased due to an increase in income during the six-month period but may be reduced or eliminated prospectively during the period if a reduction in projected average monthly income is documented.

Eligible persons with income above 150 percent of the federal poverty level are required to complete and return Form 470-3693, Earned Income Statement for Premium, with income information to determine premium amount.

(1) Premiums shall be assessed as follows:

INCOME OF THE ELIGIBLE INDIVIDUAL ABOVE:	MONTHLY PREMIUM
150% of Federal Poverty Level	\$20
174% of Federal Poverty Level	\$38
198% of Federal Poverty Level	\$56
222% of Federal Poverty Level	\$74
246% of Federal Poverty Level	\$92
270% of Federal Poverty Level	\$110
294% of Federal Poverty Level	\$128
318% of Federal Poverty Level	\$146
342% of Federal Poverty Level	\$164
366% of Federal Poverty Level	\$182
390% of Federal Poverty Level	\$201

(2) Eligibility is contingent upon the payment of any assessed premiums. A medical card shall not be issued for a month until the premium for the month is received. The premium must be paid within three months of the month of eligibility or the month of initial billing, whichever is later, for the person to receive a medical card.

(3) When the department notifies the applicant of the amount of the premiums, the applicant shall pay any premiums due as follows:

1. The premium for each month is due the fourteenth day of the month the premium is to cover. EXCEPTIONS: The premium for the month of initial billing is due the fourteenth day of the following month; premiums for any months prior to the month of initial billing are due on the fourteenth day of the third month following the month of billing.

2. If the fourteenth day falls on a weekend or a state holiday, payment is due the first working day following the holiday or weekend.

3. When any premium payment due in the month it is to cover is not received by the due date, Medicaid eligibility shall be canceled.

(4) Payments received shall be applied in the following order:

1. To the current calendar month in which the payment is received if the premium for the current calendar month is unpaid.

2. To the following month if payment is received in the last five working days of the month and the premium for the following month is unpaid.

3. To prior months when a full payment has not been received. Payments shall be applied beginning with the most recent unpaid month before the current calendar month, then the oldest unpaid prior month and forward until all prior months have been paid.

4. When premiums for all months above have been paid, any excess shall be held and applied to any months for which eligibility is subsequently established, as specified in numbered paragraphs "1," "2," and "3" above, and then to future months when a premium becomes due.

5. Any excess on an inactive account shall be refunded to the client after two calendar months of inactivity or upon request from the client.

(5) An individual's case may be reopened no more than once every six months when Medicaid eligibility is canceled for nonpayment of premium. However, the premium must be paid in full within the calendar month following the month the payment was due for reopening.

(6) Premiums may be submitted in the form of cash, money orders, or personal checks to the department at the following address: Department of Human Services, Supply Unit A-Level, Room 77, Hoover State Office Building, 1305 East Walnut, Des Moines, Iowa 50319.

(7) Once an individual is canceled from Medicaid due to nonpayment of premiums, the individual must reapply to establish Medicaid eligibility unless the reopening provisions of this subrule apply.

(8) When a premium due in the month it is to cover is not received by the due date, a notice of decision will be issued to cancel Medicaid. The notice will include reopening provisions that apply if payment is received and appeal rights.

(9) Form 470-3694, Billing Statement, shall be used for billing and collection.

c. Persons receiving assistance under this coverage group who become unable to work due to a change in their medical condition or who lose employment shall remain eligible for a period of six months from the month of the change in their medical condition or loss of employment as long as they intend to return to work and continue to meet all other eligibility criteria under this subrule.

d. For purposes of this rule, the following definitions apply:

"Assistive technology" is the systematic application of technologies, engineering, methodologies, or scientific principles to meet the needs of and address the barriers confronted by individuals with disabilities in areas that include education, rehabilitation, technology devices and assistive technology services.

“*Assistive technology accounts*” include funds in contracts, savings, trust or other financial accounts, financial instruments or other arrangements with a definite cash value set aside and designated for the purchase, lease or acquisition of assistive technology, assistive technology devices or assistive technology services. Assistive technology accounts must be held separate from other accounts and funds and must be used to purchase, lease or otherwise acquire assistive technology, assistive technology services or assistive technology devices for the working person with a disability when a physician, certified vocational rehabilitation counselor, licensed physical therapist, licensed speech therapist, or licensed occupational therapist has established the medical necessity of the device, technology, or service and determined the technology, device, or service can reasonably be expected to enhance the individual’s employment.

“*Assistive technology device*” is any item, piece of equipment, product system or component part, whether acquired commercially, modified or customized, that is used to increase, maintain, or improve functional capabilities or address or eliminate architectural, communication, or other barriers confronted by persons with disabilities.

“*Assistive technology service*” means any service that directly assists an individual with a disability in the selection, acquisition, or use of an assistive technology device or other assistive technology. It includes, but is not limited to, services referred to or described in the Assistive Technology Act of 1998, 29 U.S.C. 3002(4).

“*Family*,” if the individual is under 18 and unmarried, includes parents living with the individual, siblings under 18 and unmarried living with the individual, and children of the individual who live with the individual. If the individual is 18 years of age or older, or married, “family” includes the individual’s spouse living with the individual and any children living with the individual who are under 18 and unmarried. No other persons shall be considered members of an individual’s family. An individual living alone or with others not listed above shall be considered to be a family of one.

“*Medical savings account*” means an account exempt from federal income taxation pursuant to Section 220 of the United States Internal Revenue Code (26 U.S.C. § 220).

“*Retirement account*” means any retirement or pension fund or account, listed in Iowa Code section 627.6(8) “f” as exempt from execution, regardless of the amount of contribution, the interest generated, or the total amount in the fund or account.

75.1(40) *People who have been screened and found to need treatment for breast or cervical cancer.*

a. Medical assistance shall be available to people who:

(1) Have been screened for breast or cervical cancer under the Centers for Disease Control and Prevention Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act and have been found to need treatment for either breast or cervical cancer (including a precancerous condition);

(2) Do not otherwise have creditable coverage, as that term is defined by the Health Insurance Portability and Accountability Act (HIPAA) (42 U.S.C. Section 300gg(c)(1)), and are not eligible for medical assistance under Iowa Code section 249A.3(1); and

(3) Are under the age of 65.

b. Eligibility established under paragraph “a” continues until the person is:

(1) No longer receiving treatment for breast or cervical cancer;

(2) No longer under the age of 65; or

(3) Covered by creditable coverage or eligible for medical assistance under Iowa Code section 249A.3(1).

c. Presumptive eligibility. A person who has been screened for breast or cervical cancer under the Centers for Disease Control and Prevention Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act, who has been found to need treatment for either breast or cervical cancer (including a precancerous condition), and who is determined by a qualified provider to be presumptively eligible for medical assistance under paragraph "a" shall be eligible for medical assistance until the last day of the month following the month of the presumptive eligibility determination if no Medicaid application is filed in accordance with rule 441—76.1(249A) by that day or until the date of a decision on a Medicaid application filed in accordance with rule 441—76.1(249A) by the last day of the month following the month of the presumptive eligibility determination, whichever is earlier.

The person shall complete Form 470-2927, Health Services Application, in order for the qualified provider to make the presumptive eligibility determination. Presumptive eligibility shall begin no earlier than the date the qualified Medicaid provider determines eligibility.

Payment of claims for services provided to a person under this paragraph is not dependent upon a finding of Medicaid eligibility for the person.

(1) A provider who is qualified to determine presumptive eligibility is defined as a provider who:

1. Is eligible for payment under the Medicaid program; and

2. Either:

- Has been named lead agency for a county or regional local breast and cervical cancer early detection program under a contract with the department of public health; or

- Has a cooperative agreement with the department of public health under the Centers for Disease Control and Prevention Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act to receive reimbursement for providing breast or cervical cancer screening or diagnostic services to participants in the Care for Yourself Breast and Cervical Cancer Early Detection Program; and

3. Has made application and has been specifically designated by the department in writing as a qualified provider for the purpose of determining presumptive eligibility under this rule.

(2) The provider shall complete Form 470-3864, Application for Authorization to Make Presumptive Medicaid Eligibility Determinations (BCCT), and submit it to the department for approval in order to be designated as a provider qualified to make presumptive eligibility determinations. Once the department has approved the provider's application, the provider and the department shall sign Form 470-3865, Memorandum of Understanding with a Qualified Provider for People with Breast or Cervical Cancer Treatment. When both parties have signed the memorandum, the department shall designate the provider as a qualified provider and notify the provider.

(3) When a qualified provider has made a presumptive eligibility determination for a person, the provider shall:

1. Contact the department to obtain a state identification number for the person who has been determined presumptively eligible.

2. Notify the department in writing of the determination within five working days after the date the presumptive eligibility determination is made. The provider shall use a copy of Form 470-2580, Presumptive Medicaid Eligibility Notice of Decision, for this purpose.

3. Inform the person in writing, at the time the determination is made, that if the person has not applied for Medicaid on Form 470-2927, Health Services Application, the person has until the last day of the month following the month of the preliminary determination to file the application with the department. The qualified provider shall use Form 470-2580, Presumptive Medicaid Eligibility Notice of Decision, for this purpose.

4. Forward copies of Form 470-2927, Health Services Application, to the appropriate department office for eligibility determination if the person indicated on the application that the person was applying for any of the other programs. The provider shall forward these copies and proof of screening for breast or cervical cancer under the Centers for Disease Control and Prevention Breast and Cervical Cancer Early Detection Program within two working days from the date of the presumptive eligibility determination.

(4) In the event that a person needing care does not appear to be presumptively eligible, the qualified provider shall inform the person that the person may file an application at the county department office if the person wishes to have an eligibility determination made by the department.

(5) Presumptive eligibility shall end under either of the following conditions:

1. The person fails to file an application for Medicaid in accordance with rule 441—76.1(249A) by the last day of the month following the month of the presumptive eligibility determination.

2. The person files a Medicaid application by the last day of the month following the month of the presumptive eligibility determination and is found ineligible for Medicaid.

(6) Adequate and timely notice requirements and appeal rights shall apply to an eligibility determination made on a Medicaid application filed pursuant to rule 441—76.1(249A). However, notice requirements and appeal rights of the Medicaid program shall not apply to a person who is:

1. Denied presumptive eligibility by a qualified provider.

2. Determined to be presumptively eligible by a qualified provider and whose presumptive eligibility ends because the person fails to file an application by the last day of the month following the month of the presumptive eligibility determination.

(7) A new period of presumptive eligibility shall begin each time a person is screened for breast or cervical cancer under the Centers for Disease Control and Prevention Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act, is found to need treatment for breast or cervical cancer, and files Form 470-2927, Health Services Application, with a qualified provider.

This rule is intended to implement Iowa Code sections 249A.3, 249A.4 and 249A.6.

441—75.2(249A) Medical resources. Medical resources include health and accident insurance, eligibility for care through Veterans' Administration, specialized child health services, Title XVIII of the Social Security Act (Medicare) and other resources for meeting the cost of medical care which may be available to the recipient. These resources must be used when reasonably available.

When a medical resource may be obtained by filing a claim or an application, and cooperating in the processing of that claim or application, that resource shall be considered to be reasonably available, unless good cause for failure to obtain that resource is determined to exist.

The department shall approve payment only for those services or that part of the cost of a given service for which no medical resources exist unless pay and chase provisions as defined in rule 441—75.25(249A) are applicable. Persons who have been approved by the Social Security Administration for supplemental security income shall complete Form 470-2304, Medicaid Information Questionnaire for SSI Persons, and return it to the local office of the department. Persons eligible for Part B of the Medicare program shall make assignment to the department on Form 470-2304, Medicaid Information Questionnaire for SSI Persons.

75.2(1) The recipient, or one acting on the recipient's behalf, shall file a claim, or submit an application, for any reasonably available medical resource, and shall also cooperate in the processing of the claim or application. Failure to do so, without good cause, shall result in the termination of medical assistance benefits. The medical assistance benefits of a minor or a legally incompetent adult recipient shall not be terminated for failure to cooperate in reporting medical resources.

75.2(2) When a parent or payee, acting on behalf of a minor, or of a legally incompetent adult recipient, fails to file a claim or application for reasonably available medical resources, or fails to cooperate in the processing of a claim or application, without good cause, the medical assistance benefits of the parent or payee shall be terminated.

75.2(3) Good cause for failure to cooperate in the filing or processing of a claim or application shall be considered to exist when the recipient, or one acting on behalf of a minor, or of a legally incompetent adult recipient, is physically or mentally incapable of cooperation. Good cause shall be considered to exist when cooperation is reasonably anticipated to result in:

- a. Physical or emotional harm to the recipient for whom medical resources are being sought.
- b. Physical or emotional harm to the parent or payee, acting on the behalf of a minor, or of a legally incompetent adult recipient, for whom medical resources are being sought.

75.2(4) The department shall make the determination of good cause based on information and evidence provided by the recipient, or by one acting on the recipient's behalf.

75.2(5) When the department receives information through a cross-match with department of employment services and child support recovery files which indicates the absent parent of a Medicaid-eligible child is employed, the department shall send Form 470-0413, Absent Parent Insurance Questionnaire, to the absent parent in order to obtain health insurance coverage information. If the absent parent does not respond within 15 days from the date Form 470-0413 is sent, the department shall send Form 470-2240, Employer Insurance Questionnaire, to the employer in order to obtain the health insurance coverage information.

This rule is intended to implement Iowa Code sections 249A.4, 249A.5 and 249A.6.

441—75.3(249A) Acceptance of other financial benefits. An applicant or recipient shall take all steps necessary to apply for and, if entitled, accept any income or resources for which the applicant or recipient may qualify, unless the applicant or recipient can show an incapacity to do so. Sources of benefits may be, but are not limited to, annuities, pensions, retirement or disability benefits, veterans' compensation and pensions, old-age, survivors, and disability insurance, railroad retirement benefits, black lung benefits, or unemployment compensation.

75.3(1) When it is determined that the supplemental security income (SSI)-related applicant or recipient may be entitled to other cash benefits, the department shall send a Notice Regarding Acceptance of Other Benefits, Form 470-0383, to the applicant or recipient.

75.3(2) The SSI-related applicant or recipient must express an intent to apply or refuse to apply for other benefits within ten calendar days from the date the notice is issued. A signed refusal to apply or failure to return the form shall result in denial of the application or cancellation of Medicaid unless the applicant or recipient is mentally or physically incapable of filing the claim for other cash benefits.

75.3(3) When the SSI-related applicant or recipient is physically or mentally incapable of filing the claim for other cash benefits, the local office shall request the person acting on behalf of the recipient to pursue the potential benefits.

75.3(4) The SSI-related applicant or recipient shall cooperate in applying for the other benefits. Failure to timely secure the other benefits shall result in cancellation of Medicaid.

EXCEPTION: An applicant or recipient shall not be required to apply for supplementary security income to receive Medicaid under subrule 75.1(17).

This rule is intended to implement Iowa Code sections 249A.3 and 249A.4.

441—75.4(249A) Medical assistance lien.

75.4(1) When payment is made by the department for medical care or expenses through the medical assistance program on behalf of a recipient, the department shall have a lien, to the extent of those payments, to all monetary claims which the recipient may have against third parties. A lien is not effective unless the department files a notice of lien with the clerk of the district court in the county where the recipient resides and with the recipient's attorney when the recipient's eligibility for medical assistance is established. The notice of lien shall be filed before the third party has concluded a final settlement with the recipient, the recipient's attorney, or other representative. The third party shall obtain a written determination from the department concerning the amount of the lien before a settlement is deemed final. A compromise, including, but not limited to, notification, settlement, waiver or release, of a claim, does not defeat the department's lien except pursuant to the written agreement of the director or the director's designee under which the department would receive less than full reimbursement of the amounts it expended. A settlement, award, or judgment structured in any manner not to include medical expenses or an action brought by a recipient or on behalf of a recipient which fails to state a claim for recovery of medical expenses does not defeat the department's lien if there is any recovery on the recipient's claim.
