The fee for new registration shall be paid by the owner of the vehicle to the county treasurer at the time application is made for a new registration and certificate of title, if applicable. A new registration receipt shall not be issued until the fee has been paid. The county treasurer or the department of transportation shall require every applicant for a new registration receipt for a vehicle subject to registration to supply information as the county treasurer or the director deems necessary as to the time of purchase, the purchase price, and other information relative to the purchase of the vehicle. On or before the tenth day of each month, the county treasurer or the department of transportation shall remit to the department of revenue the amount of the fees for new registration collected during the preceding month.

a. For purposes of this subsection, “*purchase price*” applies to the measure subject to the fee for new registration. “*Purchase price*” shall be determined in the same manner as “*sales price*” is determined for purposes of computing the tax imposed upon the sales price of tangible personal property under chapter 423, pursuant to the definition of sales price in section 423.1, subject to the following exemptions:

(i) The vehicle traded to the retailer is the type of vehicle normally sold in the regular course of the retailer’s business.

(ii) The vehicle traded to the retailer is intended by the retailer to be ultimately sold at retail or is intended to be used by the retailer or another in the remanufacturing of a like vehicle.

(b) In a transaction between persons, neither of which is a retailer of vehicles subject to registration, in which a vehicle subject to registration is traded toward the purchase price of another vehicle subject to registration, the amount of the trade-in value allowed on the vehicle subject to registration traded is exempted from the purchase price.

(c) In order for the trade-in value to be excluded from the purchase price, the name or names on the title and registration of the vehicle being purchased must be the same name or names on the title and registration of the vehicle being traded. The following trades qualify under this subparagraph division (c):

(i) A trade involving spouses, if the traded vehicle and the acquired vehicle are titled in the name of one or both of the spouses, with no outside party named on the title.

(ii) A trade involving a grandparent, parent, or child, including adopted and step relationships, if the name of one of the family members from the title of the traded vehicle is also on the title of the newly acquired vehicle.

(iii) A trade involving a business, if one of the owners listed on the title of the traded vehicle is a business, and the names on the title are separated by “or”.

(iv) A trade in which the vehicle being purchased is titled in the name of an individual

other than the owner of the traded vehicle due to the cosigning requirements of a financial institution.

(e) The application for registration and title of the motor vehicle being registered is filed with the county treasurer within two weeks of the date the replaced motor vehicle is returned to the motor vehicle dealer's inventory.

(f) The motor vehicle being registered is placed in the same or substantially similar service as the replaced motor vehicle.

b. For purposes of this subsection, the fee for new registration on a vehicle registered in this state by the manufacturer of that vehicle from a manufacturer's statement of origin is calculated on the base value of fifty percent of the retail list price of the vehicle.

c. The following are exempt from the fee for new registration imposed under this subsection, as long as a valid affidavit is filed with the county treasurer at the time of application for registration:

(1) Entities listed in section 423.3, subsections 17, 18, 19, 20, 21, 22, 26, 27, 28, 31, and 79, to the extent that those entities are exempt from the tax imposed on the sale of tangible personal property, consisting of goods, wares, or merchandise, sold at retail in the state to consumers or users.

(2) Vehicles as defined in section 321.1, subsections 41, 64A, 71, 85, and 88, except such vehicles subject to registration which are designed primarily for carrying persons, when purchased for lease and actually leased to a lessee for use outside the state of Iowa and the subsequent sole use in Iowa is in interstate commerce or interstate transportation.

This exemption is equally available where the vehicles subject to registration are transferred from a corporation to a sole proprietorship, partnership, or limited liability company formed by that corporation for the purpose of continuing the business when all of the incidents of ownership are owned by the same person or persons who were stockholders of the corporation.

(b) This exemption also applies where the vehicles subject to registration are transferred from a corporation as part of the liquidation of the corporation to its stockholders if within three months of such transfer the stockholders retransfer those vehicles subject to registration to a sole proprietorship, partnership, or limited liability company for the purpose of continuing the business of the corporation when all of the incidents of ownership are owned by the same person or persons who were stockholders of the corporation.

(c) This exemption applies to corporations that have been in existence for not longer than twenty-four months.

(4) Vehicles subject to registration which are transferred from a corporation that is primarily engaged in the business of leasing vehicles subject to registration to a corporation that is primarily engaged in the business of leasing vehicles subject to registration when the transferor and transferee corporations are part of the same controlled group for federal income tax purposes.

interstate commerce. For purposes of this subparagraph (5), “*substantially in interstate commerce*” means that a minimum of twenty-five percent of the miles operated by the vehicle accrues in states other than Iowa. This subparagraph (5) applies only to vehicles which are registered for a gross weight of thirteen tons or more.

(b) For purposes of this subparagraph (5), trailers and semitrailers registered or operated under chapter 326 are deemed to be used substantially in interstate commerce and to be registered for a gross weight of thirteen tons or more.

If the vehicle is found to have not met the exemption requirements or the exemption was revoked, the value of the vehicle upon which the fee for new registration shall be imposed is based on the original purchase price if revocation or nonqualification for this exemption occurs during the first year following registration. If revocation or nonqualification for this exemption occurs after the first year following registration, the value of the vehicle upon which the fee shall be imposed is the book or market value, whichever is less, at the time the exemption requirements were not met or the exemption was revoked.

(17) Vehicles titled under a salvage certificate of title. However, when such a vehicle has been repaired and a regular certificate of title is applied for, the fee for new registration is due as follows:

(a) If the owner of the vehicle is a licensed recycler, unless the applicant is licensed as

(b) Once the vehicle is used by the lessor for a purpose other than for lease, the exemption under this subparagraph (25) no longer applies and, unless there is another exemption from the fee for new registration, the fee for new registration is due on the fair market value of the vehicle determined at the time the lessor uses the vehicle for a purpose other than for lease, payable to the department.
