

423B.9 Issuance of bonds.

1. For purposes of this section unless the context otherwise requires:

a. “Bond issuer” or “issuer” means a city, a county, or a secondary recipient.

b. “Designated portion” means the portion of the local option sales and services tax revenues which is authorized to be expended for one or a combination of purposes under an adopted public measure.

c. “Secondary recipient” means a political subdivision of the state which is to receive revenues from a local option sales and services tax over a period of years pursuant to the terms of a chapter 28E agreement with one or more cities or counties.

2. An issuer of public bonds which is a recipient of revenues from a local option sales and services tax imposed pursuant to this chapter may issue bonds in anticipation of the collection of one or more designated portions of the local option sales and services tax and may pledge irrevocably an amount of the revenue derived from the designated portions for each of the years the bonds remain outstanding to the payment of the bonds. Bonds may be issued only for one or more of the purposes set forth on the ballot proposition concerning the imposition of the local option sales and services tax, except bonds shall not be issued which are payable from that portion of tax revenues designated for property tax relief. The bonds may be issued in accordance with the procedures set forth in either subsection 3 or 4.

3. The governing body of an issuer may authorize the issuance of bonds which are payable from the designated portion of the revenues of the local option sales and services tax, and not from property tax, by following the authorization procedures set forth for cities in section 384.83. Bonds may be issued for the purpose of refunding outstanding and previously issued bonds under this subsection without otherwise complying with the provisions of this subsection.

4. To authorize the issuance of bonds payable as provided in this subsection, the governing body of an issuer shall comply with all of the procedures as follows:

a. A bond issuer may institute proceedings for the issuance of bonds by causing a notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds, together with the maximum rate of interest which the bonds are to bear, and the right to petition for an election, to be published at least once in a newspaper of general circulation within the political subdivision or unincorporated area at least ten days prior to the meeting at which it is proposed to take action for the issuance of the bonds.

If at any time before the date fixed for taking action for the issuance of the bonds, a petition signed by eligible electors residing within the jurisdiction seeking to issue the bonds in a number equal to at least three percent of the registered voters of the bond issuer is filed, asking that the question of issuing the bonds be submitted to the registered voters, the governing body shall either by resolution declare the proposal to issue the bonds to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of issuing the bonds. The proposition of issuing bonds under this subsection is not approved unless the vote in favor of the proposition is equal to at least sixty percent of the vote cast. If a petition is not filed, or if a petition is filed and the proposition of issuing the bonds is approved at an election, the governing body acting on behalf of the issuer may proceed with the authorization and issuance of the bonds. Bonds may be issued for the purpose of refunding outstanding and previously issued bonds under this subsection without otherwise complying with the provisions of this subsection.

b. The provisions of chapter 76 apply to the bonds payable as provided in this subsection, except that the mandatory levy to be assessed pursuant to section 76.2 shall be at a rate to generate an amount which together with the receipts from the pledged designated portion of the local option sales and services tax is sufficient to pay the interest and principal on the bonds. All amounts collected as a result of the levy assessed pursuant to section 76.2 and paid out in the first instance for bond principal and interest shall be repaid to the bond issuer which levied the tax from the first available designated portion of local option sales and services tax collections received in excess of the requirement for the payment of the principal and interest of the bonds and when repaid shall be applied in reduction of property taxes. The amount of bonds which may be issued under section 76.3 shall be the amount which could be retired from the actual collections of the designated portions of the local option sales and services

tax for the last four calendar quarters, as certified by the director of revenue. The amount of tax revenues pledged jointly by other cities or counties may be considered for the purpose of determining the amount of bonds which may be issued. If the local option sales and services tax has been in effect for less than four calendar quarters, the tax collected within the shorter period may be adjusted to project the collections of the designated portion for the full year for the purpose of determining the amount of the bonds which may be issued. The provisions of this section constitute separate authorization for the issuance of bonds and shall prevail in the event of conflict with any other provision of the Code limiting the amount of bonds which may be issued or the source of payment of the bonds. Bonds issued under this section shall not limit or restrict the authority of the bond issuer to issue bonds under other provisions of the Code.

5. A city or county, jointly with one or more other political subdivisions as provided in chapter 28E, may pledge irrevocably any amount derived from the designated portions of the revenues of the local option sales and services tax to the support or payment of bonds of an issuer, issued for one or more purposes set forth on the ballot proposition concerning the imposition of the local option sales and services tax or a political subdivision may apply the proceeds of its bonds to the support of any such purpose.

6. Bonds issued pursuant to this section shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, and shall not be subject to the provisions of any other law or charter relating to the authorization, issuance, or sale of bonds. Bonds issued pursuant to this section are declared to be issued for an essential public and governmental purpose. Bonds issued pursuant to this section shall be authorized by resolution of the governing body and may be issued in one or more series and shall bear the date or dates, be payable on demand or mature at the time or times, bear interest at the rate or rates not exceeding that permitted by chapter 74A, be in the denomination or denominations, be in the form, have the rank or priority, be executed in the manner, be payable in the medium of payment, at the place or places, be subject to the terms of redemption, with or without premium, be secured in the manner, and have the other characteristics, as may be provided by the resolution authorizing their issuance. The bonds may be sold at public or private sale at a price as may be determined by the governing body.
