7. "Mechanics' notice and lien registry number" means a number provided by the administrator for all residential construction properties posted to the mechanics' notice and lien registry.
8. "Owner" means the legal or equitable titleholder of record.
9. "Owner-builder" means the legal or equitable titleholder of record who furnishes material for or performs labor upon a building, erection, or other improvement, or who

10. "*Residential construction*" means construction on single-family or two-family dwellings occupied or used, or intended to be occupied or used, primarily for residential purposes, and includes real property pursuant to [chapter 499B](#).

572.2 Persons entitled to lien.

1. Every person who furnishes any material or labor for, or performs any labor upon, any building or land for improvement, alteration, or repair thereof, including those engaged in the construction or repair of any work of internal or external improvement, and those engaged in grading, sodding, installing nursery stock, landscaping, sidewalk building, fencing on any land or lot, by virtue of any contract with the owner, owner-builder, general contractor, or subcontractor shall have a lien upon such building or improvement, and land belonging to the owner on which the same is situated or upon the land or lot so graded, landscaped, fenced, or otherwise improved, altered, or repaired, to secure payment for the material or labor furnished or labor performed.

2. If material is rented by a person to the owner, general contractor, or subcontractor, the person shall have a lien upon such building, improvement, or land to secure payment for the material rental. The lien is for the reasonable rental value during the period of actual use of the material and any reasonable periods of nonuse of the material taken into account in the rental agreement. The delivery of material to such building, improvement, or land, whether or not delivery is made by the person, creates a presumption that the material was used in the course of alteration, construction, or repair of the building, improvement, or land. However, this presumption shall not pertain to recoveries sought under a surety bond.

3. An owner-builder is not entitled to a lien under [this chapter](#) as to work the owner-builder performs, or is contractually obligated to perform, prior to transferring title to the buyer.

[C51, §981, 1010; R60, §1846; C73, §2130; C97, §3089; C24, 27, 31, 35, 39, §10271; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §572.2]

572.3 Collateral security before completion of work. Repealed by 2018 Acts, ch 1094, §1.

572.4 Security after completion of work.

After the completion of such work, the taking of security of any kind shall not affect the right to establish a mechanic's lien unless such new security shall, by express agreement, be given and received in lieu of such lien.

[C97, §3088; C24, 27, 31, 35, 39, §10273; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §572.4]

572.6 In case of leasehold interest.

When the interest of such person is only a leasehold, the forfeiture of the lease for the nonpayment of rent, or for noncompliance with any of the other conditions therein, shall not forfeit or impair the mechanic's lien upon such building or improvement; but the same may be sold to satisfy such lien, and removed by the purchaser within thirty days after the sale thereof.

[R60, §1854; C73, §2140; C97, §3090; C24, 27, 31, 35, 39, §10275; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §572.6]

572.7 In case of internal improvement.

When the lien is for material furnished or labor performed in the construction, repair, or equipment of any railroad, canal, viaduct, or other similar improvement, said lien shall attach to the erections, excavations, embankments, bridges, roadbeds, rolling stock, and other equipment and to all land upon which such improvements or property may be situated, except the easement or right-of-way.

[C73, §2132; C97, §3091; C24, 27, 31, 35, 39, §10276; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §572.7]

- c. The name and last known mailing address of the owner of the property.
- d. The address of the property or a description of the location of the property if the property cannot be reasonably identified by an address.

2. Upon posting of the lien, the administrator shall mail a copy of the lien to the owner. If the statement of the lien consists of more than one page, the administrator may omit such pages as consist solely of an accounting of the material furnished or labor performed. In this case, the administrator shall attach a notification that pages of accounting were omitted and may be inspected on the mechanics' notice and lien registry internet site.

3. A lien perfected under [this section](#) shall be limited to the county or counties in which the building, land, or improvement to be charged with the lien is situated. The county or counties identified on the mechanics' notice and lien registry internet site at the time of posting the required notices pursuant to [sections 572.13A](#) and [572.13B](#) shall be the only county or counties in which the building, land, or improvement may be charged with a mechanic's lien.

572.13A Notice of commencement of work — general contractor — owner-builder.

1. Either a general contractor, or an owner-builder who has contracted or will contract with a subcontractor to provide labor or furnish material for the property, shall post a notice of commencement of work to the mechanics' notice and lien registry internet site no later than ten days after the commencement of work on the property. A notice of commencement of work is effective only as to any labor, service, equipment, or material furnished to the property subsequent to the posting of the notice of commencement of work. A notice of commencement of work shall include all of the following information:

- a. The name and address of the owner.
- b. The name, address, and telephone number of the general contractor or owner-builder.

- d. The legal description that adequately describes the property to be charged with the lien.
- e. The date work commenced.
- f. The tax parcel identification number.
- g. Any other information prescribed by the administrator pursuant to rule.

2. If a general contractor or owner-builder fails to post the required notice of commencement of work to the mechanics' notice and lien registry internet site pursuant to [subsection 1](#), within ten days of commencement of the work on the property, a subcontractor may post the notice in conjunction with the posting of the required preliminary notice pursuant to [section 572.13B](#). A notice of commencement of work must be posted to the mechanics' notice and lien registry internet site before preliminary notices pursuant to [section 572.13B](#) may be posted.

3. *a.* At the time a notice of commencement of work is posted on the mechanics' notice and lien registry internet site, the administrator shall assign a mechanics' notice and lien registry number and send a copy of the owner notice described in [section 572.13](#). The owner notice shall contain the following language:

Persons or companies furnishing labor or materials for the improvement of real property may enforce a lien upon the improved property if they are not paid for their contributions, even if the parties have no direct contractual relationship with the owner. The mechanics' notice and lien registry internet site provides a listing of all persons or companies furnishing labor or materials who have posted a lien or who may post a lien upon the improved property. If the person or company has posted its notice or lien to the mechanics' notice and lien registry internet site, you may be required to pay the person or company even if you have paid the general contractor the full amount due. Therefore, check the mechanics' notice and lien registry internet site for information about the property including persons or companies furnishing labor or materials before paying your general contractor. In addition, when making payment to your general contractor, it is important

to obtain lien waivers from your general contractor and from persons or companies registered as furnishing labor or materials to your property. The information in the mechanics' notice and lien registry is posted on the internet site of the mechanics' notice and lien registry.

b. Other relevant information may be included with the notice described in [subsection 1](#) as prescribed by the administrator pursuant to rule.

c. The notice described in [subsection 1](#) shall be sent to the owner's address as posted to the mechanics' notice and lien registry internet site by the general contractor, owner-builder, or subcontractor. If the owner's address is different than the property address, a copy of the notice shall also be sent to the property address, addressed to the owner if a mailing address has been assigned to the property by the United States postal service.

d. Notices under [this section](#) shall not be sent to owner-builders.

4. A general contractor who fails to provide notice pursuant to [this section](#) is not entitled to a lien and remedy provided by [this chapter](#).

5. [This section](#) applies only to residential construction properties.

572.13B Preliminary notice — subcontractor — residential construction.

1. A subcontractor shall post a preliminary notice to the mechanics' notice and lien registry internet site. A preliminary notice posted before the balance due is paid to the general contractor or the owner-builder is effective as to all labor, service, equipment, and material furnished to the property by the subcontractor. The preliminary notice shall contain all of the following information:

a. The name of the owner.

b. The mechanics' notice and lien registry number.

c. The name, address, and telephone number of the subcontractor furnishing the labor, service, equipment, or material.

d. The name and address of the person who contracted with the claimant for the furnishing of the labor, service, equipment, or material.

e. The name of the general contractor or owner-builder under which the claimant is performing or will perform the work.

f. The address of the property or a description of the location of the property if the property cannot be reasonably identified by an address.

g. The legal description that adequately describes the property to be charged with the lien.

h. The date the material or materials were first furnished or the labor was first performed.

i. The tax parcel identification number.

j. Any other information required by the administrator pursuant to rule.

2. At the time a preliminary notice is posted to the mechanics' notice and lien registry internet site, the administrator shall send notification to the owner, including the owner notice described in [section 572.13, subsection 1](#), and shall post the mailing of the notice on the mechanics' notice and lien registry internet site as prescribed by the administrator pursuant to rule. Notices under [this section](#) shall not be sent to owner-builders. Upon request, the administrator shall provide proof of service at no cost for the notice required under [this section](#).

3. a. A mechanic's lien perfected under [this chapter](#) is enforceable only to the extent of the balance due the general contractor or the owner-builder at the time of the posting of the preliminary notice specified in [subsection 1](#), and, except for residential construction property owned by an owner-builder, also is enforceable only to the extent of the balance due the general contractor at the time the owner actually receives the notice provided pursuant to [subsection 2](#) or paragraph "b".

b. (1) In any action to enforce a mechanic's lien perfected under [this chapter](#) against the owner, the subcontractor bears the burden to prove by a preponderance of the evidence that the owner received notice pursuant to [subsection 2](#). A subcontractor may satisfy the burden

of proof by providing separate notice to an owner by including but not limited to any of the following means:

- (a) By certified mail with return receipt.
- (b) By personal service in the manner original notices are required to be served.
- (c) By actual notice with a signed receipt from the owner acknowledging notice.

(2) If the subcontractor provides an affidavit of mailing, the presumption is that the owner received the notice on the fourth day of business for the post office after the notice was sent and the burden of proof shifts from the subcontractor to the owner to refute the presumption.

4. A subcontractor who fails to post a preliminary notice pursuant to [this section](#) shall not be entitled to a lien and remedy provided under [this chapter](#).

5. [This section](#) applies only to residential construction properties.

If the court shall find that such building or improvement should not be sold separately, it shall take an account of and ascertain the separate values of the land, and the building or improvement, and order the whole sold, and distribute the proceeds of such sale so as to secure to the superior lien, encumbrance, or mortgage priority upon the land, and to the mechanic's lien priority upon the building or improvement.

2. *Lien on existing building or improvement for repairs or additions.* If the material furnished or labor performed was for additions, repairs, or betterments upon any building or improvement, the court shall take an accounting of the values before such material was furnished or labor performed, and the enhanced value caused by such additions, repairs, or betterments; and upon the sale of the premises, distribute the proceeds of such sale so as to secure to the superior mortgagee or lienholder priority upon the land and improvements as they existed prior to the attaching of the mechanic's lien, and to the mechanic's lienholder priority upon the enhanced value caused by such additions, repairs, or betterments. In case the premises do not sell for more than sufficient to pay off the superior mortgage or other superior lien, the proceeds shall be applied on the superior mortgage or other superior liens.
