

SF 2071 – Volunteer Firefighter & EMS Tax Credit Increase (LSB 5741XS)
Analyst: Jeff Robinson (Phone: (515) 281-4614) (jeff.robinson@legis.iowa.gov)
Fiscal Note Version – New

Description

Senate File 2071 increases the Firefighter and Emergency Medical Services (EMS) Tax Credit from the existing maximum of \$50 to \$100. The change is retroactive to tax year 2014.

Background

The existing EMS and Firefighter Tax Credit was created in SF 2322 (Volunteer Firefighter and EMS Tax Credit Act of 2012). The credit was first available for tax year 2013.

Assumptions

- Since the tax credit was not available until tax year 2013, taxpayer usage numbers are not yet available. Therefore, usage and tax credit redemption numbers from the originating 2012 legislation are used. That estimate assumed 21,000 volunteer firefighter and EMS personnel would qualify for the credit.
- To estimate the projected impact of a nonrefundable \$100 tax credit, the Department of Revenue utilized their individual income tax micro-simulation model. The credit was randomly assigned to 21,000 tax returns, so the results could be adjusted for tax returns that do not have the full \$100 in income tax liability.
- Nonrefundable income tax credits impact the calculation of the local option income surtax for schools. Statewide, that surtax equals 3.5% of the revenue amount raised by the State individual income tax.

Fiscal Impact

The increased Firefighter and EMS Tax Credit proposed in **SF 2071** is estimated to reduce net General Fund revenue by \$975,000 per year, beginning in FY 2015.

As a nonrefundable tax credit, the credit will also have an impact on the revenue generated by the local option income surtax for schools. The tax credit increase is estimated to decrease the annual statewide surtax yield by \$35,000, beginning in FY 2015.
