EDUCATION APPROPRIATIONS BILL

EXECUTIVE SUMMARY NOBA

SENATE FILE 539

Funding Summary: Senate File 539 appropriates a total of \$812.8 million from the General Fund and 12,280.6 FTE positions for FY 2012. This is a decrease of \$28.7 million compared to estimated net FY 2011 and an increase of \$34.1 million compared to H.F. 697 (Omnibus Appropriations Bill). No other funds are appropriated. This is a decrease of \$14.1 million compared to estimated net FY 2011. See the attached tracking document for funding totals and difference comparisons for individual budget unit items.

Biennial Budgeting – FY 2013: House File 697 appropriates General Fund, other funds, and FTE positions for FY 2013 for the Education budget and includes necessary corresponding language. These appropriations are equal to 85.0% of the House Omnibus appropriations for FY 2012, with the exception of Early Childhood Iowa Preschool Tuition Assistance, funded at 49.0% of FY 2012, and the Midwest Higher Education Consortium, funded at 100.0% of FY 2012. The Senate provides 50.0% of the FY 2012 Senate action appropriations for FY 2013.

Language Differences:

- **College Student Aid Commission – All Iowa Opportunity Foster Care Grant Program:** The Senate makes children of peace officers and firefighters that were killed or permanently disabled in the line of duty eligible for this Program while attending a Regents university or an Iowa community college. The Omnibus Bill does not address this. It is estimated that nine or ten additional children will be eligible for this Program annually.
- **College Student Aid Commission – National Guard Educational Assistance Program FY 2011:** The Senate makes an FY 2011 supplemental General Fund appropriation of \$500,000 for the National Guard Educational Assistance Program in FY 2011 to be used in FY 2012.
- **Department of Education - Preschool:** The House Omnibus Bill reduces the weighting for preschool students from 0.6 to 0.3 beginning in FY 2012. This weighting reduction will reduce preschool formula funding by approximately \$35.0 million in FY 2012 (based on a 0.0% allowable growth rate). Additionally, the House language specifies that school districts may not use more than 5.0% of preschool foundation aid for administration of the local preschool program. The Senate version does not address either of these proposals, however the Senate Standings Bill reduces the preschool formula weighting from 0.6 to 0.5.
- **Department of Education – Community Colleges:** The Senate adds statutory language establishing the Pathways for Academic Career and Employment Program and the Gap Tuition Assistance Program. Both Programs may be funded from the Workforce Training and Economic Development Funds. The Omnibus Bill does not address this.
- **Board of Educational Examiners Licensing Fees:** The Senate transfers \$111,000 from the Board's FY 2011 ending balance to Vocational Education Administration and \$177,000 to Vocational Rehabilitation Services. The Omnibus Bill does not fund this.
- **Board of Regents – Graduate Centers:** The Senate specifies that the Board of Regents may transfer funding among the three graduate centers and must notify the Legislative Council and the LSA in writing of the amount, date and purpose of the transfer. The Omnibus Bill does not address this.
- **Board of Regents – Peace Officers:** The Senate makes technical changes to several sections of the Code to clarify that campus police officers are sworn certified peace officers. The Omnibus Bill does not address this.
- **Board of Regents – Online Advanced Placement Academy:** The Senate appropriates \$500,000 from the General Fund to the University of Iowa (SUI) for the Iowa Online Advanced Placement Academy Science, Technology, Engineering, and Mathematics Initiative. The House version does not fund this. The Senate amends statute to establish the Academy within the International Center for Talented and Gifted Education at the SUI to provide advanced placement courses to high school students, training for teachers on how to teach advanced placement courses, and to provide preparation for middle school students for high school success. The Omnibus Bill does not address this.

**EDUCATION APPROPRIATIONS BILL
EXECUTIVE SUMMARY NOBA**

- **Early Childhood Iowa:**
 - The Senate amends statutory language to allow Early Childhood Iowa (ECI) area boards to use State grant funds to pay for required financial audits if the annual administrative allowance is insufficient. The Omnibus Bill does not address this.
 - The Senate adds statutory language requiring programs using evidence-based or promising models for home visitation to be given priority in the allocation of funding for home visitation programs. The Omnibus Bill does not address this.
 - The Omnibus Bill amends statutory language that currently requires 60.0% of family support funding from all sources to be used for programs with a home visitation component; the change to statute would apply the requirement to State family support funding only.
- **Department of Education – Senior Year Plus:** The Senate amends statute to specify the means by which students receiving competent private instruction may demonstrate proficiency for purposes of establishing eligibility for Senior Year Plus. The Omnibus Bill does not address this.
- **Department of Education – Regional Academies:** The Senate amends statute pertaining to regional academies to include grades 7 and 8, in addition to grades 9-12. The Senate also allows a school district establishing a regional academy to collaborate and partner with area education agencies, community colleges, accredited postsecondary institutions, accredited nonpublic schools, businesses, and private agencies. The Senate provides additional specifications including waiver procedures for statutory or regulatory requirements, allowable courses, and approval from the Department of Education (DE) on how funds generated from the supplementary weighting will be used. There may be a fiscal impact beginning in FY 2013, but any impact would be predicated on the number of new Regional Academies resulting from this legislation and the amount is currently unknown. The Omnibus Bill does not address this.
- **Student Achievement and Teacher Quality:** The Senate and House allocations of the Student Achievement and Teacher Quality appropriations differ as shown in the table below. In addition, the House version strikes the statute establishing the Teacher Development Academies.

	<u>Est.</u> <u>FY 2011</u>	<u>House</u> <u>FY 2012</u>	<u>Senate</u> <u>FY 2012</u>
National Board Certification Awards	\$ 831,450	\$ 600,000	\$ 600,000
Ambassador to Education	71,248	85,000	85,000
Beginning Teacher Mentoring and Induction	3,825,249	3,200,000	2,395,157
Career Development and Evaluator Training	571,731	613,878	600,000
Teacher Development Academies	1,517,755	0	1,104,843
Total	<u>\$6,817,433</u>	<u>\$4,498,878</u>	<u>\$ 4,785,000</u>

- **Department of Education – PPEL Uses:** The Senate expands the allowable uses of Physical Plant and Equipment Levy (PPEL) revenues to include transactions involving equipment and technology. The language permits technology equipment to be bundled as a single transaction to meet the \$500 requirement. The Omnibus Bill does not address this.
- **State Library and Library Service Areas (Division XCVI of Omnibus):** The Senate includes language from S.F. 410 as passed by the Senate to combine the Library Service Areas and the State Library in the new Division of Library Services under the DE. The Omnibus Bill does not address this. Both the House and Senate authorize local public libraries that receive State, county, or municipal support to dispose of obsolete library materials, and specifies that proceeds from any such sale may be used by the library for purchase of materials or provision of services.

-
- **Community Colleges – Pathways for Academic Career and Employment Program:** The Senate includes language from S.F. 328 as passed by the Senate to establish the Pathways for Academic Career and Employment Program and the Gap Tuition Assistance Program. The Omnibus Bill does not address this.
 - **Midwest Higher Education Compact (MHEC):** The House appropriates funds in FY 2011, FY 2012, and FY 2013 from the General Fund for the State’s annual membership dues for MHEC. The House also strikes the language requiring the Department of Management to assess members for dues based on the savings they received during the previous year. The Senate does not address this.
 - **School Dress Code (Division LXXXIV of Omnibus):** The House specifies that school boards may adopt dress code policies that prescribe standard dress or otherwise impose limitations on student dress without limiting students’ constitutional rights and privileges if the board determines that the policy would improve health, safety and the educational environment. The House further specifies that adoption of such a policy is not a violation of statute in regard to student exercise of free expression. The Senate does not address this issue.
 - **Organizations Representing School Boards, Members, and Administrators:** The Senate includes language defining organizations that receive fees for products or services or annual dues as taxpayer-funded organizations – for example, the Iowa Association of School Boards, the Urban Education Network, Iowa School Finance Information Services, and the School Administrators of Iowa. Requirements for reporting and auditing and restrictions regarding treatment of employees are included. The House does not address this.
