21 quarantine for a period not to exceed twelve months. An owner may
22 upon written request receive an extension of quarantine not to
23 exceed one hundred twenty days.

24 Calves under eight months of age officially vaccinated
25 within thirty days after date of importation may be released from
26 such quarantine for brucellosis.

27 b. Cattle of recognized beef type over eighteen months of
28 age if shipped into the state for feeding purposes under feeder
29 quarantine for a period not to exceed one hundred twenty days,
30 provided, however, that this provision shall not apply to springer
31 heifers and cows, or heifers and cows with calves, said animals
32 being classified as breeding cattle.

33 c. Native Iowa cattle of recognized beef type if
34 transferred between owners for feeding purposes only, but they
35 shall be subject to the same quarantine provisions, including age
36 and right to release as calves vaccinated within thirty days
37 following date of purchase, as cattle imported into the state. It
38 shall be the responsibility of the seller and any selling agency
39 or agent handling such transaction to furnish evidence of the sale
40 and acceptance of the quarantine by the buyer by the immediate
41 completion of the feeders agreement affidavit and delivery of it
42 to the Iowa division of animal industry."
