A BILL FOR

An Act to adopt the Scribner Decimal "C" log rule as the standard log rule for determining the board foot content of saw logs.

Be It Enacted by the General Assembly of the State of Iowa:

- 1 Section 1. The Scribner Decimal "C" log rule is hereby
- 2 adopted as the standard log rule for determining the board foot
- 3 content of saw logs; and all contracts hereafter entered into
- 4 for the cutting, purchase and sale of saw logs shall be deemed
- 5 to be made on the basis of such standard rule unless some other
- 6 method is specifically agreed upon.

EXPLANATION OF HOUSE FILE 247

There are several methods of determining the board foot content of saw logs. Some methods favor the buyer, some the seller. Since the sale of most saw logs in Iowa is by small woodlot owners who are not always aware of the different methods of measurement, it seems desirable that a specific rule be adopted so that both the buyer and seller of saw logs use a standard method of measurement.
