14 EXPLANATION

15 This bill consolidates the seven existing Iowa congress-
16 sional districts into six districts, the boundaries of which
17 are drawn exclusively upon county lines as required by the
18 1968 amendment to Article III, section 37, of the Constitu-
19 tion of the State of Iowa. The official 1970 census popula-
20 tions of the six districts established by this bill are as
21 follows:

- 22 District 1 -- 469,429
- 23 District 2 -- 471,921
- 24 District 3 -- 471,898
- 25 District 4 -- 470,712
- 26 District 5 -- 470,214
- 27 District 6 -- 470,867

28 The overall population variance ratio (population of the
29 largest district divided by the population of the smallest
30 district) for the districts established by this bill is 1.0053
31 to 1; i.e., the largest district is 53 hundredths of one percent
32 larger than the smallest district. The official 1970 census
33 population of the state is 2,825,041; this figure divided
34 by six is 470,840. The largest district established by this
35 bill has a population 23 hundredths of one percent larger

1 than one-sixth of the total state population, and the smallest
2 district established by this bill has a population three-
3 tenths of one percent smaller than that figure.
