19 the patients or a person liable for such support, such  
20 reasonable charges for care, service, and treatment as may  
21 be fixed by the state board of regents. Earnings shall be

16 Sec. 8. Chapter two hundred seventy-one (271), Code 1975,  
17 is repealed.

18 EXPLANATION

19 The bill changes the name of the state hospital at Oakdale  
20 from the state sanatorium to the Oakdale campus. The purpose  
21 of the institution is broadened from the treatment of tuber-  
22 culous patients to health related research, education, and  
23 service programs. The state board of regents would manage  
24 the institution in the same manner as its other institutions.  
25 The bill provides the method for establishing charges for  
26 services performed in patient treatment and the relation-  
27 ship which would exist between the Oakdale campus and the  
28 university hospitals.
