Office of the Governor

STATE CAPITOL
DES MOINES, IOWA, 50319

ROBERT D RAY
GOVERNOR

June 7, 1979

The Honorable Melvin D. Synhorst
Secretary of State
State Capitol Building
L O C A L

Dear Mr. Secretary:

I hereby transmit Senate File 471, an act making appropriations to various state regulatory and finance departments, boards and commissions and specifying the full-time equivalent positions for each, and making appropriations to the moneys and credits replacement fund, to the county government assistance fund, to the municipal assistance fund, to the Department of Revenue from the motor vehicle fuel tax fund and to the Department of Job Service from the Iowa public employees' retirement system fund.

Senate File 471 is approved June 7, 1979, with the following exception which I hereby disapprove.

I am unable to approve the item designated as Section 8 which reads as follows:

Sec. 8. Notwithstanding the provisions of section eight point thirty-nine (8.39) of the Code, funds appropriated under this Act shall not be subject to transfer to any other department, institution or agency. Any unencumbered or unobligated balances of any appropriation made under this Act which exists on June thirtieth of a fiscal year shall revert to the fund from which it was appropriated.

Section 8.39 of the Code of Iowa authorizes the Governor and the State Comptroller to transfer funds from one agency to another when the original appropriation has proven to be insufficient to meet the legitimate expenses of the receiving agency. Rarely has the transfer authority been utilized.

However, the legislative authors of 8.39 realized that no budgeting is foolproof. With the flexibility 8.39 provides, we can make necessary adjustments when unforeseen or changing circumstances arise or miscalculations are discovered.

The Honorable Melvin D. Synhorst
Page 2
June 7, 1979

Occasionally the legislature has made appropriations knowing and expecting that a transfer would be made if the original appropriation proved to be insufficient for the intended purpose.

A new safeguard to the transfer authority was added in 1978. Legislation was adopted last year which we accepted requiring notification of various legislators two weeks prior to the transfer of funds for the purpose of review and comment by the legislators. We would be happy to accept and would respect such comments, although to date none have been forthcoming.

We do not anticipate making transfers from or to the appropriations contained in Senate File 471. Yet the restriction in Section 8 sets a bad precedent. Fortunately, none of the other major operating appropriation bills passed by the legislature this year contain similar restrictions.

For these reasons, I hereby disapprove this item in accordance with Amendment 4 of the Amendments of 1968 to the Constitution of the State of Iowa. All other items of Senate File 471 are hereby approved this date.

Sincerely,

Robert D. Ray
Governor
