Office of the Governor

STATE CAPITOL
DES MOINES, IOWA 50319

ROBERT D. RAY
GOVERNOR

March 24, 1981

The Honorable Mary Jane Odell
Secretary of State
State Capitol Building
L O C A L

Dear Madam Secretary:

I hereby transmit Senate File 305, an act relating to the reduction, reversion, and allocation of funds previously appropriated by the General Assembly and providing a publication clause.

Senate File 305 is approved March 24, 1981, with the following exception which I hereby disapprove.

I am unable to approve the item designated in the act as Section 34 which reads as follows:

Sec. 34. Acts of the Sixty-eighth General Assembly, 1979 Session, chapter 8, section 3, subsection 6, as amended by Acts of the Sixty-eighth General Assembly, 1980 Session, chapter 1001, section 60, is amended to read as follows:

6. For children's services... \$20,455,000 ~~\$22,030,000~~
21,634,600

Notwithstanding section 234.1, subsection 4 and section 234.35, the department of social services shall not provide foster care, after the effective date of this Act through June 30, 1981, to any persons eighteen years of age or older unless those persons meet the current requirements for foster care and have been classified as mentally retarded or developmentally disabled. However, the department shall provide foster care, after the effective date of this Act through June 30, 1981, to those persons who are eighteen or nineteen years old, regularly attending a high school as full-time students or enrolled in an alternative education center approved by the state board of public instruction, and carrying a normal course load in pursuance of a regular high school diploma. The foster care shall cease upon graduation from high school.

The Honorable Mary Jane Odell

March 24, 1981

Notwithstanding the Acts of the Sixty-eighth General Assembly, 1979 Session, chapter 8, section 16, the department of social services, as of the effective date of this Act through June 30, 1981, shall reduce the foster parent payment rates by ten percent.

The department of social services, as of the effective date of this Act through June 30, 1981, shall reduce the subsidized adoption rates by ten percent.

Unlike most appropriation bills, this measure reduces appropriations rather than increases them. I commend the Iowa General Assembly for making a diligent effort to seek reductions in state spending where it is appropriate and feasible. Our legislators recognize, as do I, that we are in a difficult financial position given the state of our economy. We must continue to seek ways to curtail spending as is possible.

Section 34 would reduce the Department of Social Services' appropriation for children's services by \$395,000 in fiscal year 81 through a reduction in the payment levels for foster parent payments and subsidized adoptions by 10 percent, and by the ending of eligibility for foster care payments to individuals 18 years of age or older except those mentally retarded, developmentally disabled, or still in school. While I can accept the discontinuance of eligibility for those who are 18 years of age or older according to the standards of this bill, we believe there are problems with the immediate reduction in the foster parent and subsidized adoption payments.

The 10 percent reduction in foster parent payments and subsidized adoption payments cannot be implemented until May 1. There would be but two months worth of savings until the end of the current fiscal year. The Co-Chairmen of the Department of Social Services Appropriations Subcommittee have informed us it is their intention to restore the current level of payments beginning July 1, 1981. Therefore, it makes more sense for us to leave the payment level where it is today and where it would be again on July 1, rather than go through a two-month, temporary reduction with all the difficulties and concerns that might then arise. Let it be remembered foster care and subsidized adoptions are important and effective ways to keep children in homes and out of institutions.

The legislature will be considering a supplemental appropriations bill for the Department of Social Services later this session. They can adjust the amounts to be appropriated to reflect this item veto and provide the Department with only the funds that are actually necessary to meet the cost of the foster care program for the remainder of the fiscal year.

The Honorable Mary Jane Odell

Sincerely,

Robert D. Ray
Governor
