13 new approaches to marketing lamb and wool products.
14 The three projects shall be established by the area
15 school branch in the department of education which
16 shall allocate moneys appropriated under this
17 paragraph equally between area schools selected as
18 project sites. The selection of an area school as a

27 applying to be selected as pilot project sites. The

29 assign a weight to and consider the following
30 criteria:

31 (a) The area school's relevant and available
32 educational facilities.

33 (b) The number of persons interested in beginning
34 or expanding lamb and wool production in the area
35 school's merged area.

36 (c) The current number of sheep in the area

38 (d) The increase in the number of sheep in the

46 production in the area.

47 (g) The qualifications of the person selected by
48 the area school to direct the project, and the
49 qualifications of persons selected by the area school
50 to instruct producers participating in the project.

1 The committee shall be staffed by employees of the
2 department of education as appointed by the director
3 of the department. The evaluation and recommendations
4 shall be submitted to the director of education not
5 later than December 30, 1988.

6 (2) An area school selected to be a pilot project
7 site is entitled to regular disbursements of funds by
8 the department to establish the project, and for
9 salaries, support, maintenance, and other operational
10 purposes according to a schedule which shall be
11 established by the area school branch of the
12 department of education. An area school shall not
13 have less than thirty producers participating in the
14 project, on or after December 30, 1990. If after that
15 time, less than thirty producers participate in a
16 project when the department is disbursing scheduled
17 funds to the area school, the amount of funds to the
18 school shall be reduced proportionately according to
19 the number of producers participating in the project.
20 The amount withheld shall be added equally to the
21 amount disbursed to area schools having thirty or more
22 producers participating in their respective projects.
23 Only producers are eligible to participate in a
24 project. The area school branch of the department of

29 notwithstanding any other fee paid to the area school.
30 However, the total amount charged to producers to
31 participate in the program shall not be more than the
32 amount appropriated under this section.

33 (3) Each pilot site shall provide participating
34 producers with the following: assistance in
35 implementing sound management practices to improve
36 production efficiency; education in the areas of
37 nutrition, breeding practices, lambing techniques,
38 animal health, facilities design, marketing, and
