May 2, 1989

The Honorable Jo Ann Zimmerman  
President of the Senate  
State Capitol Building  
L O C A L

Dear Madam President:

I hereby transmit Senate File 363, an act relating to and making supplemental appropriations to the auditor of state, department of general services, department of human services, college aid commission, state board of regents, Iowa department of public health, department of commerce, department of corrections, judicial department, department of cultural affairs, Iowa state fair authority, department of agriculture and land stewardship, department of natural resources, department of public defense, state department of transportation, department of personnel, Iowa finance authority, and council of state governments for the remainder of the fiscal year ending June 30, 1989, and providing an effective date.

Senate File 363 appropriates \$50.4 million in state general fund money in this fiscal year -- which ends in just two months. While many of the projects included in Senate File 363 are worthy and deserve consideration for future funding, I object strongly to the basis upon which this spending bill was passed.

Many of the programs receiving appropriations would not even begin until next fiscal year, a fact recognized repeatedly by the anti-reversion clauses included throughout the bill. This reverse deficit spending is a bad budgeting and accounting practice. And the result is equally bad; income taxpayers would fail to get some tax relief.

Let me explain. Flush with state revenues growing greater than had been anticipated in December, the General Assembly went on a \$50 million April spending binge, leaving the state taxpayers with a \$9 million hangover next year. By spending so much money yet this fiscal year the state would almost certainly fail to

The Honorable Jo Ann Zimmerman  
May 2, 1989  
Page 2

reach a \$60 million ending balance on June 30. In fact, current estimates place the ending balance at \$41 million. The result: many state income taxpayers will be kicked into higher income tax rates costing them a total of \$9 million next tax year. Why? Because a \$60 million ending balance is required by law before indexing of income tax rates takes place. Iowa's income taxes are high enough the way it is; we don't need to make them any higher through a spending sleight of hand.

We ought to go through with indexing income tax rates as planned. To do so would provide six times as much tax relief to low income Iowans as those in the upper income levels. Therefore, I reject notions that indexing somehow favors the wealthy -- it is, in fact, fair and progressive.

It is for that reason that I am required to veto approximately \$20.5 million in spending from Senate File 363. I have been assured by our state budget officials that based on current revenue estimates vetoing this amount of spending should be sufficient to ensure a \$60 million balance at the end of this fiscal year.

I am willing to consider in future fiscal years many of the appropriation items I am required to veto, but I am not willing to obligate spending to force a tax increase on Iowa income taxpayers.

Senate File 363 is, therefore, approved on this date with the following exceptions, which I hereby disapprove.

I am unable to approve the item designated as Section 6, subsection 5, subparagraphs r through ab. This part of Senate File 363 appropriates \$1 million to the Department Human Services for major maintenance projects at the various institutions. I have authorized sufficient projects to spend up to \$517,000 to address the highest priorities of the department for major maintenance at the institutions; further appropriations for this purpose can be considered in appropriate fiscal years.

I am unable to approve the item designated as Section 6, subsection 6 in its entirety. This provision provides an additional \$1.7 million in spending for major maintenance projects at the mental health institutes and hospital schools. The \$517,000 approved in subsection 5 will provide funds for the most serious of these problems; the needs identified in subsection 6 can be better addressed in future fiscal years.

The Honorable Jo Ann Zimmerman  
May 2, 1989  
Page 3

I am unable to approve the item designated as Section 6, subsection 7, subparagraphs b through w. This action will provide the Department of Human Services with \$600,000 to remodel the student housing building at the Eldora Training School which is in desperate need of such renovation. I recommended financing for this project in the lottery, but I am willing to accept this method of funding. The remaining capital improvement items included in subsection 7 can be more appropriately addressed in a future fiscal year.

I am unable to approve the item designated as Section 6, subsection 10 in its entirety. This section of the bill prevents a reversion of unspent funds until March 30 of 1990. Such unspent funds should revert by June 30 of this year in order to ensure a \$60 million ending balance. If this section were not item vetoed, all of the projects in these sections would have to be vetoed to assure indexation will occur.

The approved portions of Section 6 will provide DHS with a total of \$1.1 million to address some of the most critical major maintenance and capital needs. The remaining portion the lump sum appropriations will remain unspent, consistent with the Brady Rule which was recognized by the Iowa Attorney General's Office Op. Att'y. Gen. No. 87-6-4 (June 26, 1987) and the Iowa Supreme Court Welden v. Ray, 229 N.W.2d 706, 714 (Iowa 1975).

I am unable to approve the item designated as Section 11 in its entirety. This section provides \$1 million of new money to set up emergency juvenile shelters throughout the state. This would appear to be an ongoing commitment of state funds for this purpose; it is inappropriate to start this new program in a supplemental bill with full recognition that the funds would not be able to be spent this fiscal year. Emergency juvenile shelters are a serious problem and can be addressed by the legislature in a more appropriate fiscal year.

I am unable to approve the item designated as Section 13, subsection 1, unnumbered paragraph 2; and Section 13, subsection 2, subparagraph a, subsubparagraphs 6 through 22; and Section 13, subsection 2, subparagraph b, in its entirety. The effect of this item veto will be to provide the Department of Corrections with \$1.1 million for essential major maintenance and capital projects. While the department clearly has a significant need for major maintenance and capital renovation, the majority of these funds would not be able to be spent in Fiscal Year 1989 anyway and should be considered in a future fiscal year.

The Honorable Jo Ann Zimmerman  
May 2, 1989  
Page 4

Moreover, some of the essential capital renovation needs in the institutions can be accomplished by adoption of my recommendations to add additional secure prison beds which are critically needed to protect the public safety.

I am unable to approve the item designated as Section 16, subsection 3 and unnumbered paragraph 1 in its entirety. This provision of Senate File 363 provides \$1.8 million to the judicial system to automate child support collections. At the present time, the Department of Human Services has a fully computerized child support collection system operating in an acceptable way. However, legislation passed last year requires that child support collections be transferred to the Judicial Department in the coming fiscal year. It would be far wiser for the Department of Human Services and the Judicial Department to work out a transfer of the automated system established at the Department of Human Services for the AFDC cases. To do so would save the state at least \$1.8 million and could also avoid jeopardizing approximately \$3 million in federal support.

I am unable to approve the item designated as Section 18 in its entirety. This provision of the bill could add to the state's generally accepted accounting principles (GAAP) deficit. Section 18 requires that certain excessive obligations of the state for Fiscal Year 1989 be paid for by the state in Fiscal Year 1990. Pushing such obligations off at the same time the legislature is spending an additional \$50 million of state funds in Fiscal Year 1989 to avoid state income tax indexing is uncalled for and cannot be supported. If additional funds are needed to pay indigent defense claims, appropriations transfers or adjustments should be sought.

I am unable to approve the item designated as Section 19, Subsections 2, 3, 4 and 5 in their entirety. This portion of Senate File 363 appropriates funds to the Regent institutions for various capital projects. I have recommended a number of these projects be funded as part of our contingency appropriations in Fiscal Year 1990 and continue to believe that they should be considered for such an appropriation.

I have approved subsection 1 of this section which will allow the University of Northern Iowa to complete its construction of a new boiler which was obligated last fiscal year and subsection 6 of this section to provide over \$1.2 million for essential fire and environmental safety improvements at the Regent institutions.

The Honorable Jo Ann Zimmerman  
May 2, 1989  
Page 5

The other projects included for spending this year would not reasonably be obligated in Fiscal Year 89 and should therefore be considered in a future fiscal year.

I am unable to approve the item designated as Sections 22 and 23 in their entirety. This portion of Senate File 363 provides funding to the Department of Cultural Affairs for a transmitter and a library conference. I question the need to appropriate \$30,000 of funds to prepare for a library conference; however, if such a need exists the appropriations should be made in the correct fiscal year. The transmitter could also be considered in a future fiscal year.

I am unable to approve that item designated as Sections 25 and 26 in their entirety; the portions of Section 29 so designated; and Sections 30 and 31 in their entirety.

These items provide additional money to the Department of Agriculture for various purposes. Funds for video equipment and desk top publishing computer equipment are vetoed from this bill. If the legislature wants to consider providing such equipment to the Department of Agriculture it should be considered in a future fiscal year.

I am unable to approve that item designated as Section 37 in its entirety. This Section of the bill provides \$500,000 of general fund money for airport terminal improvements. This fiscal year \$250,000 of Road Use Tax Funds are already provided for such improvements. If the legislature wishes to start a new program providing general fund money for airport terminal improvements, it should be considered in a future fiscal year.

I am unable to approve the designated portion of Section 38, unnumbered paragraph 2, and unnumbered paragraphs 3, 4 and 7. This item in Senate 363 provides \$7.9 million of funds to the Department of General Services for various capitol complex projects.

Specifically, \$5.5 million is provided to continue the restoration of the capitol building. Indeed, \$900,000 of those funds have already been obligated. And therefore, the \$5.5 million for the capitol building restoration is approved by my action. However, the \$2.4 million of funds appropriated to design a new legislative office building and to design two new parking ramps cannot be approved. Planning and design money for this purpose had been

The Honorable Jo Ann Zimmerman  
May 2, 1989  
Page 6

appropriated last year and these additional funds cannot be spent this fiscal year, in any event. Moreover, I cannot approve the construction of a new legislative office building and other facilities on the capitol complex at this time.

I am unable to approve the items designated as Sections 40 and 41 in their entirety.

These sections of Senate File 363 appropriate funds to the Department of Personnel and the Department of Human Services to construct a child care center on the capitol complex and to recruit child care providers. The state has, in the recently concluded collective bargaining negotiations, authorized pre-tax benefits for child care for all state employees. I believe that is the most appropriate way to give state employees who are parents of children a choice providing their children with appropriate care. Moreover, this appropriation and funds to recruit child care providers can be more appropriately considered in a future fiscal year.

I am unable to approve the item designated as Section 44 in its entirety.

This section of the bill appropriates \$3 million to the Iowa Finance Authority for various housing programs. I am generally supportive of these housing programs and have recommended their funding through lottery appropriations in Fiscal Year 1990. Indeed, the drafts of the Lottery bill that my office is aware of have included substantial funds for these housing programs. In addition, Section 45 of this bill provides an additional \$1.5 million to the Iowa Finance Authority for housing purposes. In all, as much as \$5 million could be available to the Iowa Finance Authority for housing in Fiscal Year 1990 compared with \$1.5 million this year. As a result, the \$3 million appropriation provided for in this supplemental bill is not necessary at this time.

In short, Senate File 363 includes over \$50 million of additional spending this fiscal year. Much of this spending cannot be reasonably obligated or utilized during the two months that remain in our state fiscal year. However, the legislature clearly attempted to appropriate the funds at this time to ensure that the state's ending balance would fall below the \$60 million needed to trigger indexing of income tax rates. I cannot support that effort to increase income taxes for Iowans by approximately \$9 million for the next tax year.

The Honorable Jo Ann Zimmerman  
May 2, 1989  
Page 7

I have, with these item vetoes, attempted to recognize some of the key priorities of this administration and the General Assembly. However, the \$20.4 million of spending which is eliminated from this bill is necessary in order to secure income tax indexing for the next year.

For the above reasons, I hereby respectfully disapprove these items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in Senate File 363 are hereby approved as of this date.

Sincerely,

Terry E. Branstad
