GOVERNOR

April 6, 1990

The Honorable Jo Ann Zimmerman
President of the Senate
State Capitol Building
L O C A L

Dear Madam President:

I hereby transmit Senate File 2327, an act relating to and making appropriations to the Department of Economic Development, INTERNET, Wallace Technology Transfer Foundation, Iowa Finance Authority, and Small Business Advocate, and establishing a Small Business Advocate.

Senate File 2327 is, therefore, approved on this date with the following exceptions which I hereby disapprove.

I am unable to approve the item designated as section 1, subsection 10, unnumbered and unlettered paragraph 2 in its entirety. This provision stipulates that any official Iowa trade mission led by a member of the executive council shall be represented by a bipartisan delegation of the executive council. This is nearly identical to language that was item vetoed last year and is currently the subject of litigation. An appeal of the recent district court's decision on the case is pending, so no final determination has been made. The rationale for last year's veto is still valid. Should a trade mission require the participation of a member of the executive council because of their particular expertise, the invitation is certain to be extended.

I am unable to approve the designated portion of Section 1, subsection 27, unnumbered and unlettered paragraph 1. This provision provides that unencumbered or unobligated funds appropriated from previous fiscal years be reallocated to satellite centers. The Department of Economic Development currently has the flexibility to allocate funds to the satellite centers should this be determined to be the most pressing need. However, there are many other responsibilities associated with the satellite center network appropriation, some of which have been expanded in other legislation this session. It is important for the department to maintain the flexibility to allocate the funds as necessary to carry out the mission of the network as a whole.

The Honorable Jo Ann Zimmerman

I am unable to approve the designated portion of section 6, subsection 3, unnumbered and unlettered paragraph 1. This language would provide programmatic detail concerning the new value-added agricultural financing program. I am pleased the General Assembly has accepted my recommendation to establish this new program, which will assist in building upon our agricultural strengths. However, the specific provisions in Senate File 2327 are inconsistent with Senate File 2385, a separate bill creating the program which I have approved. The result of this veto will be to allow the provisions of Senate File 2385 to remain in effect.

I am unable to approve the item designated as section 6, subsection 3, unnumbered and unlettered paragraph 2 in its entirety. This provision allows the agricultural products advisory council to expend funds to employ a consultant to assist in the development and implementation of a program and plan for the promotion of agricultural products. However, the plan has now been completed, adopted by the council and submitted to me and to the General Assembly. Because the Code requirements have been satisfied, the provision in Senate File 2327 is unnecessary.

I am unable to approve the item designated as section 8, unnumbered and unlettered paragraph 5 in its entirety. This provision stipulates that if the Treasurer of State has not provided the total amount appropriated for fiscal year 1991 to the World Food Prize Foundation by June 30 of 1991, the remaining amount shall not revert but shall be available for expenditure by the Department of Economic Development for technical assistance centers. It would be fiscally irresponsible to commit in advance potential unspent balances for expenditure in the subsequent fiscal year.

I am unable to approve the item designated as section 13 in its entirety. This provision provides a \$50,000 appropriation for a special events fund in the Department of Economic Development. This is similar language I vetoed last year, for reasons which are still valid. Currently, the community cultural grants program is dedicated to providing assistance for similar purposes.

I am unable to approve the items designated as sections 27, 36 and 37 in their entirety. These provisions relate to the responsibilities given to all agencies in state government for implementing the small business advocate program created and funded elsewhere in the bill.

The Honorable Jo Ann Zimmerman
April 6, 1990
Page 3

Section 27 requires that in the event that processing takes more than two weeks, agencies which issue licenses and permits send a notice of issuance procedures to applicants two weeks after receipt of the application. Section 36 requires each agency to designate a small business assistance officer and specifies the responsibilities of the officer. Section 37 relates to requirements for maintaining and disseminating a current catalogue of all types of projects, licenses, permits and other regulatory requirements administered by the agency.

I support the concept of providing relief to small businesses, and as such I am leaving intact the provisions which create, fund and specify the responsibilities of the office of small business advocate. However, sections 27, 36 and 37 may actually work to the detriment of small business through the imposition of requirements that may further delay the process of issuing licenses and permits, and the resolution of complaints. It should be the small business advocate's responsibility to work with state government to design more reasonable and workable procedures.

I am unable to approve the designated portion of section 28. This provision commits future year receipts from the Iowa Community Development Loan Fund to the Iowa Finance Authority for the E911 financing program. I am leaving intact the \$500,000 appropriation in this bill for fiscal year 1991. However, from the standpoint of fiscal responsibility and accountability, I cannot support making future year funding commitments for the E911 program. There is no compelling reason why this program should not be reviewed on a regular basis in the same manner as are other programs that compete for state resources.

Overall, the action taken by the General Assembly in Senate File 2327 will enable the state to move ahead in several key areas: international trade, work force development, community betterment, housing and business financing.

For the above reasons, I hereby respectfully disapprove these items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in Senate File 2327 are hereby approved as of this date.

Sincerely,

Terry E. Branstad
Governor
