1 Section 1. Section 473.20, subsection 1, Code 2001, is
2 amended to read as follows:

3 1. The department may make loans to the state, state
4 agencies, political subdivisions of the state, school
5 districts, area education agencies, community colleges, and
6 nonprofit organizations for implementation of energy
7 conservation measures identified in a comprehensive
8 engineering analysis. Loans shall ~~not be made for energy~~
9 ~~conservation measures that require more than an average of six~~
10 ~~years for the state, state agency, political subdivision of~~
11 ~~the state, school district, area education agency, community~~
12 ~~college, or nonprofit organization as an entity to recoup the~~
13 ~~actual or projected cost of construction and acquisition of~~
14 ~~the improvements, and cost of the engineering plans and~~
15 ~~specifications~~ be made for all cost effective energy
16 management improvements. For the state, state agencies,
17 political subdivisions of the state, school districts, area
18 education agencies, community colleges, and nonprofit
19 organizations to receive a loan from the fund, the department
20 shall require completion of an energy management plan
21 including an energy audit and a comprehensive engineering
22 analysis. The department shall approve loans made under this
23 section.

24 EXPLANATION

25 This bill amends a provision of the energy loan fund
26 administered by the department of natural resources. Out of
27 the fund, the department makes loans to the state, state
28 agencies, political subdivisions, school districts, area
29 education agencies, community colleges, and nonprofit
30 organizations for implementing energy conservation measures
31 identified in a comprehensive engineering analysis.

32 The bill strikes language requiring recoupment of energy
33 conservation costs within an average of six years and provides
34 that a loan shall be made for all cost effective management
35 improvements.
