33 EXPLANATION

34 This bill requires the department of agriculture and land
35 stewardship to revise certain application requirements

1 applicable to the women, infants, and children Iowa farmers
2 market nutrition program and the senior farmers market
3 nutrition program.

4 The revision is to provide that the number of certified
5 vendor applications required for a farmers market to
6 participate in either or both of the programs shall be reduced
7 to one. Under the department's administrative rules and
8 requirements, a certified vendor is an individual who meets
9 the program's conditions and is guaranteed payment on all
10 vouchers accepted provided the vendor remains in compliance
11 with the program requirements. The rules provide a standard
12 of five applications and program requirements provide a
13 standard of three applications in order for a farmers market
14 to be authorized to participate in one of the programs;
15 however, only one certified vendor must be present during the
16 hours of operation.

17 The department is required to implement the revision to be
18 effective for the farmers market season that commences in
19 spring 2005. The bill provides emergency rulemaking authority
20 allowing the department to bypass most procedural requirements
21 in the rulemaking process except for review by the
22 administrative rules review committee.

23 The bill takes effect upon enactment.
