SF 2381

1 Section 1. Section 455B.301A, subsection 1, paragraph c,
2 Code 2005, is amended to read as follows:

3 ~~c. Other approved techniques of solid waste management~~
4 ~~including, but not limited to, combustion~~ Combustion with
5 energy recovery~~.~~

6 d. Other approved techniques of solid waste management
7 including but not limited to combustion for waste disposal,
8 and disposal in sanitary landfills.

9 Sec. 2. Section 455D.3, subsection 1, unnumbered paragraph
10 2, Code 2005, is amended to read as follows:

11 Notwithstanding section 455D.1, subsection 6, facilities
12 which employ combustion of solid waste with energy recovery
13 and refuse-derived fuel, which are included in an approved
14 comprehensive plan, ~~and which were in operation prior to July~~
15 ~~17-1989,~~ may include these processes in the definition of
16 recycling for the purpose of meeting the state goal if at
17 least thirty-five percent of the waste reduction goal,
18 required to be met by July 1, 2000, pursuant to this section,
19 is met through volume reduction at the source and recycling
20 and reuse, as established pursuant to section 455B.301A,
21 subsection 1, paragraphs "a" and "b".

22 EXPLANATION

23 This bill relates to combustion of solid waste with energy
24 recovery.

25 Currently, a waste management hierarchy in descending order
26 of preference is established as the solid waste management
27 policy of the state. The bill places combustion with energy
28 recovery as a higher preference above other approved
29 techniques of solid waste management, including but not
30 limited to combustion for waste disposal and disposal in
31 sanitary landfills.

32 Currently, facilities which employ combustion of solid
33 waste with energy recovery and refuse-derived fuel, which are
34 included in an approved comprehensive plan, and which were in
35 operation prior to July 1, 1989, may include these processes

1 in the definition of "recycling" for the purpose of meeting
2 solid waste reduction goals if certain criteria are met. The
3 bill eliminates the requirement that such facilities must have
4 been in operation prior to July 1, 1989.

is met through volume reduction at the source and recycling and reuse, as established pursuant to section 455B.301A, subsection 1, paragraphs "a" and "b".

SENATE FILE 2381

AN ACT

RELATING TO COMBUSTION OF SOLID WASTE WITH ENERGY RECOVERY.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF IOWA:

Section 1. Section 455B.301A, subsection 1, paragraph c, Code 2005, is amended to read as follows:

c. ~~Other approved techniques of solid waste management including, but not limited to, combustion~~ Combustion with energy recovery.

d. Other approved techniques of solid waste management including but not limited to combustion for waste disposal and disposal in sanitary landfills.

Sec. 2. Section 455D.3, subsection 1, unnumbered paragraph 2, Code 2005, is amended to read as follows:

Notwithstanding section 455D.1, subsection 6, facilities which employ combustion of solid waste with energy recovery and refuse-derived fuel, which are included in an approved comprehensive plan, ~~and which were in operation prior to July 1, 1989,~~ may include these processes in the definition of recycling for the purpose of meeting the state goal if at least thirty-five percent of the waste reduction goal, required to be met by July 1, 2000, pursuant to this section,

JEFFREY M. LAMBERTI
President of the Senate

CHRISTOPHER C. RANTS
Speaker of the House

I hereby certify that this bill originated in the Senate and is known as Senate File 2381, Eighty-first General Assembly.

MICHAEL E. MARSHALL
Secretary of the Senate

Approved _____, 2006

THOMAS J. VILSACK
Governor
