11 levy that is necessary to pay the principal and
12 interest on bonds issued by the municipality to

16 be included in the certification. Such school district
17 shall pay over the amount certified by November 1 and

26 property tax revenue necessary for payment of
27 principal and interest on such bonds, as provided in
28 subsection 2, the school district is not required to

GOVERNOR'S VETO MESSAGE

A copy of the following communication was received and placed on file:

Brent Siegrist
Speaker of the House
State Capitol Building
L O C A L

Dear Speaker Siegrist:

I hereby transmit House File 608, an act relating to the delinquency charges on certain pre-computed consumer credit transactions.

At a time when predatory lending is on the rise, this legislation would be a benefit to such lenders. It represents a risk to Iowa Consumers and a loss to the Iowa economy. The added costs are born by the citizens of Iowa then realized by out-of-state high-cost lenders.

The Attorney General's Office supports the rejection of this bill as poor consumer practice that would ultimately represent no benefit to the citizens and economy of our state. In fact, he indicates that Iowans participating in these loan programs may find repayment to be a strain and in the end, only compound their financial problems.

For the above reasons, I hereby respectfully disapprove House File 608.

Sincerely,
Thomas J. Vilsack
Governor

8 Sec. 23. NEW SECTION. 455B.166 DEPARTMENT OF
9 NATURAL RESOURCES – DEVELOPMENT OF COMPREHENSIVE
10 PLANS AND PROGRAMS FOR AIR QUALITY.

11 1. As used in this section, unless the context
12 otherwise requires:

13 a. "Airborne pollutant" means hydrogen sulfide,
14 ammonia, or odor.

15 b. "Separated location" means a location or object
16 from which a separation distance is required under
17 section 455B.162, other than a public thoroughfare.

18 2. The department shall conduct a comprehensive
19 field study to monitor the level of airborne
20 pollutants emitted from animal feeding operations in
21 this state, including but not limited to each type of
22 confinement feeding operation structure.

23 3. a. After the completion of the field study,
24 the department may develop comprehensive plans and
25 programs for the abatement, control, and prevention of
26 airborne pollutants originating from animal feeding
27 operations in accordance with this section. The
28 comprehensive plans and programs may be developed if
29 the baseline data from the field study demonstrates to
30 a reasonable degree of scientific certainty that

31 airborne pollutants emitted by an animal feeding
32 operation are present at a separated location at
33 levels commonly known to cause a material and
34 verifiable adverse health effect. The department may
35 adopt any comprehensive plans or programs in
36 accordance with chapter 17A prior to implementation or
37 enforcement of an air quality standard but in no event
38 shall the plans and programs provide for the
39 enforcement of an air quality standard prior to
40 December 1, 2004.

41 b. Any air quality standard established by the
42 department for animal feeding operations shall be
43 based on and enforced at distances measured from a
44 confinement feeding operation structure to a separated
45 location. In providing for the enforcement of the
46 standards, the department shall take all initial
47 measurements at the separated location. If the
48 department determines that a violation of the
49 standards exists, the department may conduct an
50 investigation to trace the source of the airborne

Page 14

1 pollutant. This section does not prohibit the
2 department from entering the premises of an animal
3 feeding operation in compliance with section 455B.103.
4 The department shall comply with standard biosecurity
5 requirements customarily required by the animal
6 feeding operation which are necessary in order to
7 control the spread of disease among an animal
8 population.

9 c. The department shall establish recommended best
10 management practices, mechanisms, processes, or
11 infrastructure under the comprehensive plans and
12 programs in order to reduce the airborne pollutants
13 emitted from an animal feeding operation.

14 d. The department shall provide a procedure for
15 the approval and monitoring of alternative or
16 experimental practices, mechanisms, processes, or
17 infrastructure to reduce the airborne pollutants
18 emitted from an animal feeding operation, which may be
19 incorporated as part of the comprehensive plans and
20 programs developed under this section.

21 Sec. 24. NEW SECTION. 455B.167 CIVIL PENALTY.
22 A person who violates this part shall be subject to
23 a civil penalty which shall be established, assessed,
24 and collected in the same manner as provided in
25 section 455B.109. Any civil penalty collected shall
26 be deposited in the animal agriculture compliance fund
27 created in section 455B.127.

28 Sec. 25. Section 455B.171, subsections 2, 3, 4, 5,
29 6, 8, 20, 43, and 47, Code 2001, are amended by

30 striking the subsections.

31 Sec. 26. Section 455B.191, subsection 8, Code
32 2001, is amended to read as follows:

33 8. Moneys assessed and collected in civil
34 penalties and interest earned on civil penalties,
35 arising out of a violation involving an animal feeding
36 operation, shall be deposited in the ~~manure storage~~
37 ~~indemnity animal agriculture compliance~~ fund as
38 created in section ~~455J.2~~ 455B.127.

39 SUBPART B

40 ANIMAL FEEDING OPERATIONS

41 Sec. 27. Section 455B.200, Code 2001, is amended
42 to read as follows:

43 455B.200 GENERAL.

44 1. The commission shall establish by rule adopted
45 pursuant to chapter 17A, requirements relating to the
46 construction, including expansion, or operation of
47 animal feeding operations, including related animal
48 feeding operation structures. The requirements shall
49 include but are not limited to minimum manure control,
50 the issuance of permits, and departmental

Page 15

1 investigations, inspections, and testing.
2 2. Any provision referring generally to compliance
3 with the requirements of this chapter as applied to
4 animal feeding operations also includes compliance
5 with requirements in rules adopted by the commission
6 pursuant to this section, orders issued by the
7 department as authorized under this chapter, and the
8 terms and conditions applicable to permits or manure
9 management plans required under this subpart.
10 However, for purposes of approving or disapproving an
11 application for a construction permit as provided in
12 section 455B.200E, conditions for the approval of an
13 application based on results produced by a master
14 matrix are not requirements of this chapter until the
15 department approves or disapproves an application
16 based on those results.
17 3. The department and the attorney general shall
18 enforce the provisions of this chapter in the same
19 manner as provided in division I, unless otherwise
20 provided in this section.

21 Sec. 28. Section 455B.200A, subsections 1 through
22 4, Code 2001, are amended to read as follows:

23 1. The department shall ~~issue~~ approve or
24 disapprove applications for permits for the
25 construction, including the expansion, of animal
26 ~~confinement~~ feeding operation structures, ~~including~~
27 ~~structures which are part of confinement feeding~~
28 ~~operations~~, as provided by rules adopted pursuant to

29 section 455B.200 this chapter. The department's
 30 decision to approve or disapprove a permit for the
 31 construction of a confinement feeding operation shall
 32 be based on whether the application is submitted
 33 according to procedures required by the department and
 34 the application meets standards established by the
 35 department. A person shall not begin construction of
 36 a confinement feeding operation structure requiring a
 37 permit under this section, unless the department shall
 38 issue a first approves the person's application and
 39 issues to the person a construction permit to an
 40 animal feeding operation if an application is
 41 submitted according to procedures required by the
 42 department and. The department shall provide
 43 conditions for requiring when a person must obtain a
 44 construction permit.

45 a. Except as provided in paragraph "b", a person
 46 must obtain a permit to construct any of the
 47 following:

48 (1) A confinement feeding operation structure if
 49 after construction its confinement feeding operation
 50 would have an animal unit capacity of at least one

Page 16

1 thousand animal units.

2 (2) The confinement feeding operation structure is
 3 an unformed manure storage structure.

4 b. A person is not required to obtain a permit to
 5 construct a confinement feeding operation structure,
 6 if any of the following apply:

7 (1) The confinement feeding operation structure,
 8 if constructed, would be part of a small animal
 9 feeding operation. However, the person must obtain a
 10 permit under this section if the confinement feeding
 11 operation structure is an unformed manure storage
 12 structure.

13 (2) The confinement feeding operation structure is
 14 part of a confinement feeding operation which is owned
 15 by a research college conducting research activities
 16 as provided in section 455B.206.

17 2. The department shall issue a construction
 18 permit upon approval of an application. The
 19 department shall approve the application meets
 20 standards established by the department, if the
 21 application is submitted to the county board of
 22 supervisors in the county where the proposed
 23 confinement feeding operation is to be located as
 24 required pursuant to section 455B.200E, and the
 25 application meets the requirements of this chapter.
 26 If a county submits an approved recommendation
 27 pursuant to a construction evaluation resolution filed

28 with the department, the application must also achieve
29 a satisfactory rating produced by the master matrix
30 used by the board or department under section
31 455B.200E. The department shall approve the
32 application regardless of whether the animal feeding
33 operation applicant is required to obtain such to be
34 issued a construction permit. The department shall
35 not require that a person obtain a permit for the
36 construction of an animal feeding operation structure
37 if the structure is part of a small animal feeding
38 operation. For purposes of this section, an animal
39 feeding operation structure includes a manure storage
40 structure.
41 2. 3. The department shall not issue approve an
42 application for a construction permit for the
43 construction of an animal feeding operation structure
44 which is part of a confinement feeding operation
45 unless the person applicant submits all of the
46 following:
47 a. An indemnity fee as provided in section 455J.3
48 which that the department shall deposit into the
49 manure storage indemnity fund created in section
50 455J.2.

Page 17

1 b. A manure management plan as provided in section
2 455B.203 and manure management plan filing fee as
3 provided in section 455B.203C.
4 c. A construction permit application fee as
5 provided in section 455B.203C.
6 3A. The applicant may submit a master matrix as
7 completed by the applicant.
8 3. 4. a. A confinement feeding operation meets
9 threshold requirements under this paragraph if the
10 confinement feeding operation after construction of a
11 proposed confinement feeding operation structure would
12 have a minimum animal unit capacity of the following:
13 (1) Three thousand animal units for animals other
14 than swine maintained as part of a swine farrowing and
15 gestating operation or farrow-to-finish operation or
16 cattle maintained as part of a cattle operation.
17 (2) One thousand two hundred fifty animal units
18 for swine maintained as part of a swine farrowing and
19 gestating operation.
20 (3) Two thousand seven hundred fifty animal units
21 for swine maintained as part of a farrow-to-finish
22 operation.
23 (4) Four thousand animal units for cattle
24 maintained as part of a cattle operation.
25 b. The department shall not issue approve an
26 application for a construction permit for the

27 ~~construction of unless the following apply:~~

28 (1) If the application is for a permit to
 29 construct an unformed manure storage structure, the
 30 application must include a statement approved by a
 31 professional engineer certifying that the construction
 32 of the unformed manure storage structure complies with
 33 the construction design standards required in this
 34 subpart.

35 (2) If the application is for a permit to
 36 construct three or more animal confinement feeding
 37 operation structures unless the applicant files, the
 38 application must include a statement approved by a
 39 professional engineer registered pursuant to chapter
 40 542B certifying providing that the construction of the
 41 animal confinement feeding operation structures will
 42 not impede the drainage through established drainage
 43 tile lines which cross property boundary lines unless
 44 measures are taken to reestablish the drainage prior
 45 to completion of construction. For a confinement
 46 feeding operation that meets threshold requirements,
 47 the statement must be approved by a professional
 48 engineer. Otherwise, if the application is for a
 49 permit to construct a formed manure storage structure,
 50 the statement must be part of the construction design

Page 18

1 statement as provided in section 455B.200C.
 2 (3) If the application is for a permit to
 3 construct a formed manure storage structure, other
 4 than for a confinement feeding operation meeting
 5 threshold requirements, the applicant must include a
 6 construction design statement as provided in section
 7 455B.200C. An application for a permit to construct a
 8 formed manure storage structure as part of a
 9 confinement feeding operation that meets threshold
 10 requirements must include a statement approved by a
 11 professional engineer certifying that the construction
 12 of the formed manure storage structure complies with
 13 the requirements of this subpart.

14 (4) The department may only require that an
 15 application for a permit to construct a formed manure
 16 storage structure or egg washwater storage structure
 17 that is part of a confinement feeding operation
 18 meeting threshold requirements include an engineering
 19 report, construction plans, or specifications prepared
 20 by a licensed professional engineer or the natural
 21 resources conservation service of the United States
 22 department of agriculture.

23 4.5. Prior As a condition to issuing a permit to
 24 a person approving an application for the construction
 25 of an animal feeding operation a construction permit,

26 the department may require any of the following:
27 a. The installation of a related pollution control
28 device or practice, including but not limited to the
29 installation and operation of a hydrological water
30 pollution monitoring system for an exclusively earthen
31 unformed manure storage structure according to rules
32 which shall be adopted by the department.
33 b. The department's approval of the installation
34 of any proposed system to permanently lower the
35 groundwater table at a site as part of the
36 construction of an unformed manure storage structure,
37 as is necessary to ensure that the unformed manure
38 storage structure does not pollute groundwater
39 sources, including providing for standards as provided
40 in section 455B.205.
41 Sec. 29. Section 455B.200A, subsections 5 through
42 8, Code 2001, are amended by striking the subsections.
43 Sec. 30. Section 455B.200B, unnumbered paragraph
44 1, Code 2001, is amended to read as follows:
45 For purposes of this ~~part~~ subpart, all of the
46 following shall apply:
47 Sec. 31. Section 455B.200B, subsection 1, Code
48 2001, is amended by striking the subsection and
49 inserting in lieu thereof the following:
50 1. Two or more animal feeding operations under

Page 19

1 common ownership or management are deemed to be a
2 single animal feeding operation if they are adjacent
3 or utilize a common area or system for manure
4 disposal. In addition, for purposes of determining
5 whether two or more confinement feeding operations are
6 adjacent, all of the following must apply:
7 a. At least one confinement feeding operation
8 structure must be constructed on and after May 21,
9 1998.
10 b. A confinement feeding operation structure which
11 is part of one confinement feeding operation is
12 separated by less than a minimum required distance
13 from a confinement feeding operation structure which
14 is part of the other confinement feeding operation.
15 The minimum required distance shall be as follows:
16 (1) One thousand two hundred fifty feet for
17 confinement feeding operations having a combined
18 animal unit capacity of less than one thousand animal
19 units.
20 (2) Two thousand five hundred feet for confinement
21 feeding operations having a combined animal unit
22 capacity of one thousand animal units or more.
23 Sec. 32. Section 455B.200B, Code 2001, is amended
24 by adding the following new subsections:

25 NEW SUBSECTION. 3. In calculating the animal unit
26 capacity of a confinement feeding operation, the
27 animal unit capacity shall include the animal unit
28 capacity of all confinement feeding operation
29 buildings which are part of the confinement feeding
30 operation, unless a confinement feeding operation
31 building has been abandoned as provided in section
32 455B.161A.

33 NEW SUBSECTION. 4. All distances between
34 locations or objects provided in this subpart shall be
35 measured in feet from their closest points.

36 NEW SUBSECTION. 5. a. The department shall
37 designate by rule each one hundred year floodplain in
38 this state according to the location of the one
39 hundred year floodplain. A person shall not be
40 prohibited from constructing a confinement feeding
41 operation on a one hundred year floodplain unless the
42 one hundred year floodplain is designated by rule in
43 accordance with this subsection.

44 b. (1) Until the effective date of rules adopted
45 by the department to designate the location of each
46 one hundred year floodplain in this state, a person
47 shall not construct a confinement feeding operation
48 structure on land that contains a soil type classified
49 as alluvial unless the one of the following applies:

50 (a) If the person does not apply for a

Page 20

1 construction permit as provided in section 455B.200A,
2 the person must petition the department for a
3 declaratory order pursuant to section 17A.9 to
4 determine whether the location of the proposed
5 confinement feeding operation structure is located on
6 a one hundred year floodplain. The department shall
7 issue a declaratory order in response to the petition,
8 notwithstanding any other provision provided in
9 section 17A.9 to the contrary, within thirty days from
10 the date that the petition is filed with the
11 department.

12 (b) If the person does apply for a construction
13 permit as provided in section 455B.200A, the person
14 must identify that the land contains a soil type
15 classified as alluvial. The department shall
16 determine whether the land is located on a one hundred
17 year floodplain.

18 (2) The department shall provide in its
19 declaratory order or its approval or disapproval of a
20 construction permit application a determination
21 regarding whether the confinement feeding operation is
22 to be located on a one hundred year floodplain,
23 whether the confinement feeding operation may be

24 constructed at the location, and any conditions for
25 the construction.

26 (3) This paragraph "b" is repealed on the
27 effective date that rules are adopted by the
28 department pursuant to paragraph "a". The department
29 shall provide a caption on the adopted rule as
30 published in the Iowa administrative bulletin as
31 provided in section 17A.4, stating that this paragraph
32 is repealed as provided in this subparagraph
33 subdivision. The director of the department shall
34 deliver a copy of the adopted rule to the Iowa Code
35 editor.

36 NEW SUBSECTION. 6. As used in this subpart,
37 unless the context otherwise requires:

38 a. "Critical public area" means land as designated
39 by the department pursuant to rules adopted pursuant
40 to chapter 17A, if all of the following apply:

41 (1) The land is part of a public park, preserve,
42 or recreation area that is owned or managed by the

49 protected wetland by the United States department of
50 the interior or the department of natural resources,

Page 21

1 including but not limited to a protected wetland as
2 defined in section 456B.1, if the land is owned and
3 managed by the federal government or the department of
4 natural resources. However, a designated wetland does
5 not include land where an agricultural drainage well
6 has been plugged causing a temporary wetland or land
7 within a drainage district or levee district.

8 c. "Document" means any form required to be
9 processed by the department under this subpart
10 regulating animal feeding operations, including but
11 not limited to applications or related materials for
12 permits as provided in section 455B.200A, manure
13 management plans as provided in section 455B.203,
14 comment or evaluation by a county board of supervisors
15 considering an application for a construction permit,
16 the department's analysis of the application including
17 using and responding to a master matrix pursuant to
18 section 455B.200E, and notices required under those
19 sections.

20 d. "High-quality water resource" means that part
21 of a water source or wetland that the department has
22 designated as any of the following:

23 (1) A high-quality water (Class "HQ") or a high-
 24 quality resource water (Class "HQR") according to 567
 25 IAC ch. 61, in effect on January 1, 2001.

26 (2) A protected water area system, according to a
 27 state plan adopted by the department in effect on
 28 January 1, 2001.

29 e. "Karst terrain" means land having karst

35 f. "Major water source" means a water source that
 36 is a lake, reservoir, river, or stream located within
 37 the territorial limits of the state, or any marginal
 38 river area adjacent to the state, if the water source
 39 is capable of supporting a floating vessel capable of
 40 carrying one or more persons during a total of a six-
 41 month period in one out of ten years, excluding
 42 periods of flooding which has been identified by rules
 43 adopted by the commission.

44 g. "One hundred year floodplain" means the land
 45 adjacent to a major water source, if there is at least
 46 a one percent chance that the land will be inundated
 47 in any one year, according to calculations adopted by
 48 rules adopted pursuant to section 455B.200. In making
 49 the calculations, the department shall consider
 50 available maps or data compiled by the federal

13 Sec. 33. NEW SECTION. 455B.200C CONSTRUCTION
 14 DESIGN STATEMENT – FORMED MANURE STORAGE STRUCTURES.

15 1. a. Except as provided in paragraph "b", a
 16 person shall not construct a formed manure storage
 17 structure, unless the person submits a construction
 18 design statement for filing with the department.

19 b. The following persons are not required to
 20 submit a construction design statement with the
 21 department:

22 (1) A person who constructs a formed manure
23 storage structure as part of a small animal feeding
24 operation.

25 (2) A person who submits a statement approved by a
26 professional engineer certifying that the construction
27 of the formed manure storage structure complies with
28 the construction design standards required in this
29 subpart, including a person required to submit such a
30 statement as part of an application for a construction
31 permit pursuant to section 455B.200A.

32 2. The construction design statement must include
33 all of the following:

34 a. A summary description of the type of formed
35 manure storage structure proposed to be constructed,
36 including whether such formed manure storage structure
37 is to be constructed of concrete.

38 b. (1) If the formed manure storage structure is
39 to be constructed of concrete, a statement by the
40 person responsible for constructing the formed manure
41 storage structure certifying that such person will
42 construct the formed manure storage structure in
43 accordance with the construction design standards
44 required in this subpart.

45 (2) If the formed manure storage structure is not
46 to be constructed of concrete, a statement by the
47 person responsible for constructing the formed manure
48 storage structure certifying that such person will
49 construct the formed manure storage structure in
50 accordance with the construction design standards

Page 23

1 required in this subpart.

2 c. If a construction permit is required pursuant
3 to section 455B.200A for the construction of three or
4 more confinement feeding operation structures that
5 include a formed manure storage structure, the
6 contractor must provide that the construction of the
7 formed manure storage structure will not impede
8 drainage through established drainage tile lines which
9 cross property boundary lines unless measures are
10 taken to reestablish the drainage prior to completion
11 of construction.

12 d. A manure management plan as required in section
13 455B.203 which may be submitted as part of an
14 application for a construction permit as provided in
15 section 455B.200A.

16 3. Unless the construction design statement is
17 part of a construction permit application as provided
18 in section 455B.200A, the department shall file the
19 construction design statement. Otherwise, the
20 department shall approve or disapprove the

21 construction design statement as part of the
 22 construction permit application. The construction
 23 design statement shall be considered filed on the date
 24 that it is first received by the department. The
 25 department may request information from the person
 26 submitting the construction design statement if the
 27 department determines that it is incorrect or
 28 incomplete. Within thirty days after filing the
 29 construction design statement, the department shall
 30 notify the person that the construction design
 31 statement is filed and request any additional
 32 information.

33 Sec. 34. NEW SECTION. 455B.200D DOCUMENT
 34 PROCESSING REQUIREMENTS.

35 1. The department shall adopt and promulgate forms
 36 required to be completed in order to comply with this
 37 subpart including forms for documents that the
 38 department shall make available on the internet.

39 2. a. The department shall provide for procedures
 40 for the receipt, filing, processing, and return of
 41 documents in an electronic format, including but not
 42 limited to the transmission of documents by the
 43 internet. The department shall provide for
 44 authentication of the documents that may include
 45 electronic signatures as provided in chapter 554D.

46 b. The department shall to every extent feasible
 47 provide for the processing of permits and manure
 48 management plans required under this subpart using
 49 electronic systems, including programming, necessary
 50 to ensure the completeness and accuracy of the

Page 24

1 documents in accordance with the requirements of this
 2 subpart.

3 Sec. 35. NEW SECTION. 455B.200E CONSTRUCTION
 4 PERMIT APPLICATION PROCEDURE – COMMENTS – MASTER
 5 MATRIX.

6 1. a. The department shall deliver a copy or
 7 require the applicant to deliver a copy of the
 8 application for a permit to construct, including
 9 expanding, a confinement feeding operation structure
 10 pursuant to section 455B.200A, including supporting
 11 documents, to the county board of supervisors in the
 12 county where the confinement feeding operation
 13 structure subject to the permit is proposed to be
 14 constructed.

15 b. The county auditor or other county officer
 16 designated by the county board of supervisors may
 17 accept the application on behalf of the board. If the
 18 department requires the applicant to deliver a copy of
 19 the application to the county board of supervisors,

20 the board shall notify the department that the board
21 has received the application according to procedures
22 required by the department.

23 2. Regardless of whether the county board of
24 supervisors has adopted a construction evaluation
25 resolution, the county may provide comment to the
26 department on a construction permit application for a
27 confinement feeding operation structure.

28 a. The board shall provide for comment as follows:

29 (1) The board shall publish a notice that the
30 board has received the application in a newspaper
31 having a general circulation in the county.

32 (2) The notice shall include all of the following:

33 (a) The name of the person applying to receive the
34 construction permit.

35 (b) The name of the township where the confinement
36 feeding operation structure is to be constructed.

37 (c) Each type of confinement feeding operation
38 structure proposed to be constructed.

39 (d) The animal unit capacity of the confinement
40 feeding operation if the construction permit were to
41 be approved.

42 (e) The time when and the place where the
43 application may be examined as provided in section
44 22.2.

45 (f) Procedures for providing public comments to
46 the board as provided by the board.

47 b. The board may hold a public hearing to receive
48 public comments regarding the application. The county
49 board of supervisors may submit comments by the board
50 and the public to the department as provided in this

Page 25

1 section, including but not limited to all of the
2 following:

3 (1) The existence of an object or location not
4 included in the application that benefits from a
5 separation distance requirement as provided in section
6 455B.162 or 455B.204.

7 (2) The suitability of soils and the hydrology of
8 the site where construction of a confinement feeding
9 operation structure is proposed.

10 (3) The availability of land for the application
11 of manure originating from the confinement feeding
12 operation.

13 (4) Whether the construction of a proposed
14 confinement feeding operation structure will impede
15 drainage through established tile lines, laterals, or
16 other improvements which are constructed to facilitate
17 the drainage of land not owned by the person applying
18 for the construction permit.

19 3. A county board of supervisors may adopt a
20 construction evaluation resolution relating to the
21 construction of a confinement feeding operation
22 structure. The board must submit such resolution to
23 the department for filing. If the board has submitted
24 such resolution to the department, the board may
25 evaluate the construction permit application and
26 submit an adopted recommendation to the department to
27 approve or disapprove a construction permit
28 application as provided in this subsection. The board
29 must make its decision to recommend approval or
30 disapproval of the permit application as provided in
31 this subsection.

32 a. For the expansion of a confinement feeding
33 operation that includes a confinement feeding
34 operation structure constructed prior to April 1,
35 2002, the board shall not evaluate a construction
36 permit application for the construction or expansion
37 of a confinement feeding operation structure if after
38 the expansion of the confinement feeding operation,
39 its animal unit capacity is one thousand six hundred
40 sixty-six animal units or less.

41 b. The board must conduct an evaluation of the
42 application using the master matrix as provided in
43 section 455B.200F. The board's recommendation may be
44 based on the master matrix as provided or may be based
45 on comments under this section regardless of the
46 results of the master matrix.

47 c. In completing the master matrix, the board
48 shall not score criteria on a selective basis. The
49 board must score all criteria which is part of the
50 master matrix according to the terms and conditions

Page 26

1 relating to construction as specified in the
2 application or commitments for manure management that
3 are to be incorporated into a manure management plan
4 as provided in section 455B.203.

5 d. The board's adopted recommendation to the
6 department shall include the specific reasons and any
7 supporting documentation for the decision to recommend
8 approval or disapproval of the application.

9 4. The department must receive the county board of
10 supervisor's comments or evaluation for approval or
11 disapproval of an application for a construction
12 permit not later than thirty days following the
13 applicant's delivery of the application to the
14 department. Regardless of whether the department
15 receives comments or an evaluation by a county board
16 of supervisors, the department must approve or
17 disapprove an application for a construction permit

18 within sixty days following the applicant's delivery
19 of the application to the department. However, the
20 applicant may deliver a notice requesting a
21 continuance. Upon receipt of a notice, the time
22 required for the county or department to act upon the
23 application shall be suspended for the period provided
24 in the notice, but for not more than thirty days after
25 the department's receipt of the notice. The applicant
26 may submit more than one notice. However, the
27 department may provide that an application is
28 terminated if no action is required by the department
29 for one year following delivery of the application to
30 the board. The department may also provide for a
31 continuance when it considers the application. The
32 department shall provide notice to the applicant and
33 the board of the continuance. The time required for
34 the department to act upon the application shall be
35 suspended for the period provided in the notice, but
36 for not more than thirty days. However, the
37 department shall not provide for more than one
38 continuance.

39 5. a. The department shall approve an application
40 for a construction permit if the board of supervisors
41 which has filed a county construction evaluation
42 resolution submits an adopted recommendation to
43 approve the construction permit application which may
44 be based on a satisfactory rating produced by the
45 master matrix to the department and the department
46 determines that the application meets the requirements
47 of this chapter. The department shall disapprove an
48 application that does not satisfy the requirements of
49 this chapter regardless of the adopted recommendation
50 of the board. The department shall consider any

Page 27

1 timely filed comments made by the board as provided in
2 this section to determine if an application meets the
3 requirements of this chapter.

4 b. If the board submits to the department an
5 adopted recommendation to disapprove an application
6 for a construction permit that is based on a rating
7 produced by the master matrix, the department shall
8 first determine if the application meets the
9 requirements of this chapter as provided in section
10 455B.200. The department shall disapprove an
11 application that does not satisfy the requirements of
12 this chapter regardless of any result produced by
13 using the master matrix. If the application meets the
14 requirements of this chapter, the department shall
15 conduct an independent evaluation of the application
16 using the master matrix. The department shall approve

17 the application if it achieves a satisfactory rating
18 according to the department's evaluation. The
19 department shall disapprove the application if it
20 produces an unsatisfactory rating regardless of
21 whether the application satisfies the requirements of
22 this chapter. The department shall consider any
23 timely filed comments made by the board as provided in
24 this section to determine if an application meets the
25 requirements of this chapter.

26 c. If the county board of supervisors does not
27 submit a construction evaluation resolution to the
28 department, fails to submit an adopted recommendation,
29 submits only comments, or fails to submit comments,
30 the department shall approve the application if the
31 application meets the requirements of this chapter as
32 provided in section 455B.200.

33 6. The department may conduct an inspection of the
34 site on which the construction is proposed after
35 providing at a minimum twenty-four hours notice or
36 upon receiving consent from the construction permit
37 applicant. The county board of supervisors that has
38 adopted a construction evaluation resolution may
39 designate a county employee to accompany a
40 departmental official during the site inspection. The
41 county employee shall have the same right to access to
42 the site's real estate as the departmental official
43 conducting the inspection during the period that the
44 county employee accompanies the departmental official.
45 The departmental official and the county employee
46 shall comply with standard biosecurity requirements
47 customarily required by the confinement feeding
48 operation that are necessary in order to control the
49 spread of disease among an animal population.
50 7. Upon written request by a county resident, the

Page 28

1 county board of supervisors shall forward to the
2 county resident a copy of the board's adopted
3 recommendation, any county comments to the department
4 on the permit application, and the department's
5 responses, as provided in chapter 22.

6 8. a. The department shall deliver a notice to
7 the applicant within three days of the department's
8 decision to approve or disapprove an application for a
9 construction permit. If the board of supervisors has
10 submitted an adopted recommendation to the department
11 for the approval or disapproval of a construction
12 permit application as provided in this section, the
13 department shall notify the board of the department's
14 decision to approve or disapprove the application at
15 the same time.

16 b. (1) The applicant may contest the department's
17 decision by requesting a hearing and may elect to have
18 the hearing conducted before an administrative law
19 judge pursuant to chapter 17A or before the
20 commission. If the applicant and a board of
21 supervisors are both contesting the department's
22 decision, the applicant may request that the
23 commission conduct the hearing on a consolidated
24 basis. The commission shall hear the case according
25 to procedures established by rules adopted by the
26 department. The commission may hear the case as a
27 contested case proceeding under chapter 17A. The
28 department, upon petition by the applicant, shall
29 deliver to the administrative law judge or the
30 commission a copy of the board of supervisors'
31 recommendation together with the results produced by
32 its master matrix and any supporting data or documents
33 submitted with the results, comments submitted by the
34 board to the department, and the department's
35 evaluation of the application including the results
36 produced by its matrix and any supporting data or
37 documents. If the commission hears the case, its
38 decision shall be the department's final agency
39 action. The commission shall render a decision within
40 thirty-five days from the date that the applicant or
41 board files a demand for a hearing.

42 (2) A county board of supervisors that has
43 submitted an adopted recommendation to the department
44 may contest the department's decision by requesting a
45 hearing before the commission. The commission shall
46 hear the case according to procedures established by
47 rules adopted by the department. The commission may
48 hear the case as a contested case proceeding under
49 chapter 17A. The board may request that the
50 department submit a copy of the department's

Page 29

1 evaluation of the application including the results
2 produced by its matrix and any supporting data or
3 documents. The decision by the commission shall be
4 the department's final agency action. The commission
5 shall render a decision within thirty-five days from
6 the date that the board initiates the proceeding.

7 c. Judicial review of the decision of either the
8 department or the commission may be sought in
9 accordance with the terms of chapter 17A.

10 9. An applicant for a construction permit may
11 withdraw the permit application from consideration by
12 the department at any time by filing a written request
13 with the department. The filing of the request shall
14 not prejudice the right of the applicant to resubmit

15 the application.

16 Sec. 36. **NEW SECTION.** 455B.200F MASTER MATRIX.

17 1. The department shall adopt rules for the
18 development and use of a master matrix. The purpose
19 of the master matrix is to provide a comprehensive
20 assessment mechanism in order to produce a
21 statistically verifiable basis for determining whether
22 to approve or disapprove an application for the
23 construction, including expansion, of a confinement
24 feeding operation structure requiring a permit
25 pursuant to section 455B.200A.

26 a. The master matrix shall be used to establish
27 conditions for the construction of a confinement
28 feeding operation structure and for the implementation
29 of manure management practices, which conditions shall
30 be included in the approval of the construction permit
31 or the original manure management plan as applicable.
32 The master matrix shall be used to determine all of
33 the following:

34 (1) The appropriate location to construct a
35 confinement feeding operation structure, including the
36 proximity and orientation of a proposed confinement
37 feeding operation structure to objects or locations
38 for which separation distances are required pursuant
39 to sections 455B.162 and 455B.204.

40 (2) The appropriate type of a confinement feeding
41 operation structure required to be constructed,
42 including the type and size of the manure storage
43 structure, or the installation of a related pollution-
44 control device.

45 b. The master matrix shall be designed to produce
46 quantifiable results based on the scoring of objective
47 criteria according to an established value scale.
48 Each criterion shall be assigned points corresponding
49 to the value scale. The master matrix shall consider
50 risks and factors mitigating risks if the confinement

Page 30

1 feeding operation structure were constructed according
2 to the application.

3 c. The master matrix may be a computer model.
4 However, the master matrix must be a practical tool
5 for use by persons when completing applications and by
6 persons when scoring applications. To every extent
7 feasible, the master matrix shall include criteria
8 presented in the form of questions that may be readily
9 scored according to ascertainable data and upon which
10 reasonable persons familiar with the location of a
11 proposed construction site would not ordinarily
12 disagree.

13 2. The master matrix shall include criteria

14 valuing environmental and community impacts, for use
 15 by county boards of supervisors and the department.
 16 The master matrix shall include definite point
 17 selections for all criteria provided in the master
 18 matrix. The master matrix shall provide only for
 19 scoring of positive points and shall not provide for
 20 deduction of points. The master matrix shall provide
 21 for a minimum threshold score required to receive a
 22 satisfactory rating. The master matrix shall be
 23 structured to ensure that it feasibly provides for a
 24 satisfactory rating. Criteria valuing environmental
 25 impacts shall account for animal agriculture's
 26 relationship to quality of the environment and the
 27 conservation of natural resources, and may include
 28 factors that refer to all of the following:

- 29 (a) Topography.
- 30 (b) Surface water drainage characteristics.
- 31 (c) The suitability of the soils and the hydrology
 32 or hydrogeology of the site.
- 33 (d) The proximity to public use areas and critical
 34 public areas.
- 35 (e) The proximity to water sources, including
 36 high-quality water resources.

37 Sec. 37. Section 455B.201, Code 2001, is amended
 38 by adding the following new subsection:

39 NEW SUBSECTION. 2A. The department may require
 40 that the owner of a confinement feeding operation
 41 install and operate a water pollution monitoring
 42 system as part of an unformed manure storage
 43 structure.

44 Sec. 38. Section 455B.203, subsections 1 and 2,
 45 Code 2001, are amended to read as follows:

46 1. The following persons shall submit a manure
 47 management plan, including an original manure
 48 management plan and an updated manure management plan,
 49 as required in this section to the department:

50 a. The owner of a confinement feeding operation,

Page 31

1 other than a small animal feeding operation, if ~~the~~
 2 ~~animal~~ any of the following apply:
 3 (1) The confinement feeding operation was
 4 constructed after May 31, 1985, regardless of whether
 5 the confinement feeding operation structure was
 6 required to be constructed pursuant to a construction
 7 permit ~~approved by rules adopted by the department.~~
 8 b. (2) ~~The owner of a confinement feeding~~
 9 ~~operation, if the confinement feeding operation is~~
 10 ~~required to be constructed pursuant to a permit issued~~
 11 ~~by the department~~ The owner constructs a manure
 12 storage structure, regardless of whether the person is

13 required to be issued a permit for the construction
14 pursuant to section 455B.200A or whether the person
15 has submitted a prior manure management plan.

16 e. b. A person who applies manure from a
17 confinement feeding operation, other than a small
18 animal feeding operation, which is located in another
19 state, if the manure is applied on land located in
20 this state.

21 1A. Not more than one confinement feeding
22 operation shall be covered by a single manure
23 management plan.

24 1B. The owner of a confinement feeding operation
25 who is required to submit a manure management plan
26 under this section shall submit an updated manure
27 management plan to the department on an annual basis.
28 The department shall provide for a date that each
29 updated manure management plan is required to be
30 submitted to the department. The department may
31 provide for staggering the dates on which updated
32 manure management plans are due. To satisfy the
33 requirements of an updated manure management plan, an
34 owner of a confinement feeding operation may, in lieu
35 of a submitting a complete plan, file a document
36 stating that the manure management plan has not
37 changed, or state all of the changes made since the
38 original manure management plan or a previous updated
39 manure management plan was submitted and approved.

40 1C. The department shall deliver a copy of the
41 manure management plan or require the person
42 submitting the manure management plan to deliver a
43 copy of the manure management plan to all of the
44 following:

45 a. The county board of supervisors in the county
46 where the manure storage structure owned by the person
47 is located.

48 b. The county board of supervisors in the county
49 where the manure storage structure is proposed to be
50 constructed. If the person is required to be issued a

Page 32

1 permit for the construction of the manure storage
2 structure as provided in section 455B.200A, the manure
3 management plan shall accompany the application for
4 the construction permit as provided in section
5 455B.200A.

6 c. The county board of supervisors in the county
7 where the manure is to be applied.

8 The manure management plan shall be filed with the
9 county board of supervisors. The county auditor or
10 other county officer may accept the manure management
11 plan on behalf of the board.

12 2. A person shall not remove manure from a manure
13 storage structure which is part of a confinement
14 feeding operation for which a manure management plan
15 is required under this section, unless the department
16 approves a manure management plan, including an
17 original manure management plan and an updated manure
18 management plan, as required in this section. The
19 manure management plan shall be submitted by the owner
20 of the confinement feeding operation as provided by
21 the department ~~on forms prescribed by the department~~
22 in accordance with section 455B.200D. The owner of a
23 confinement feeding operation required to submit a
24 manure management plan for the construction of a
25 manure storage structure may remove manure from
26 another manure storage structure that is constructed,
27 if the department has approved a manure management
28 plan covering that manure storage structure. The
29 department may adopt rules allowing a person to remove
30 manure from a manure storage structure until the
31 manure management plan is approved or disapproved by
32 the department according to terms and conditions

30 include the phosphorus index as part of the original
31 manure management plan and updated manure management
32 plans.

33 Subparagraph subdivisions (b) through (e) and this
34 paragraph are repealed on the date that any person who

4 original manure management plan rather than a manure
5 management plan update. However, the habitual
6 violator required to submit a replacement original
7 manure management plan must submit an annual

8 compliance fee in the same manner as if the habitual
9 violate were submitting an updated manure management
10 plan.

 22 shall determine the balance of unencumbered and
 23 unobligated moneys in the assessment account of the
 24 animal agriculture compliance fund created pursuant to
 25 section 455B.127. If on that date the balance of
 26 unencumbered and unobligated moneys in the account is

37 ~~3. 4.~~ A separation distance required in subsection
38 2 shall not apply to any of the following:
39 a. A location or object and a farm pond or
40 privately owned lake, as defined in section 462A.2.
41 b. A confinement feeding operation building, an

11 a designated area, unless one of the following
12 applies:
13 1- a. The manure is land applied by injection or
14 incorporation within twenty four hours following the
15 application on the same date as the manure was land
16 applied.
17 2- b. An area of permanent vegetation cover,
18 including filter strips and riparian forest buffers,
19 exists for fifty feet surrounding the designated area
20 other than an unplugged agricultural drainage well or
21 surface intake to an unplugged agricultural drainage
22 well, and that the area of permanent vegetation cover
23 is not subject to manure application.
24 c. The department adopts rules requiring an
25 increased separation distance for the application of
26 manure located in proximity to a high quality water
27 resource in order to protect the integrity of the high
28 quality water resource. However, the department shall
29 not provide for an increased separation distance

2 Sec. 58. NEW SECTION. 481A.151 RESTITUTION FOR
3 POLLUTION CAUSING INJURY TO WILD ANIMALS.

4 1. A person who is liable for polluting a water of
5 this state in violation of state law, including this
6 chapter, shall also be liable to pay restitution to
7 the department for injury caused to a wild animal by
8 the pollution. The amount of the restitution shall
9 also include the department's administrative costs for
10 investigating the incident. The administration of
11 this section shall not result in a duplication of
12 damages collected by the department under section
13 455B.392, subsection 1, paragraph "c".

14 2. The commission shall adopt rules providing for
15 procedures for investigations and the administrative
16 assessment of restitution amounts. The rules shall
17 establish an opportunity to appeal a departmental
18 action including by a contested case proceeding under
19 chapter 17A. A final administrative decision
20 assessing an amount of restitution may be enforced by
21 the attorney general at the request of the director.

22 3. Rules adopted by the commission shall provide
23 for methods used to determine the extent of an injury
24 and the monetary values for the loss of injured wild
25 animals based on species.

26 a. The rules shall provide for methods used to
27 count dead fish and to calculate restitution values.
28 The rules may incorporate methods and values published
29 by the American fisheries society. To every extent
30 practicable, the values shall be based on the
31 estimates of lost recreational angler opportunities
32 where applicable. As an alternative method of
33 valuation, the rules may provide that for fish species
34 that are protected by catch limits, possession limits,
35 size limits, or closed seasons applicable to anglers,
36 liquidated damages apply. The amount of the
37 liquidated damages shall not exceed fifteen dollars
38 per fish. For fish species that are classified by the
39 commission as endangered or threatened, the rules may
40 establish liquidated damages not to exceed one
41 thousand dollars per fish.

42 b. The rules shall provide guidelines for
43 estimating the extent of loss of a species that is
44 affected by a pollution incident but which would not
45 be practical to count in sample areas. The rules may
46 establish liquidated damage amounts for species whose
47 replacement cost is difficult to determine.

48 4. Moneys collected by the department in
49 restitution shall be deposited into the state fish and
50 game protection fund. The moneys shall be used

Page 43

1 exclusively to support restoration or improvement of
2 fisheries, including but not limited to aquatic
3 habitat improvement projects as provided in rules
4 adopted by the commission. However, moneys collected
5 from restitution paid for investigative costs shall be
6 used as determined by the director.

7 Sec. 59. MANURE STORAGE INDEMNITY FUND –
8 TEMPORARY TRANSFER. Notwithstanding section 455J.2,
9 the department is authorized to temporarily transfer
10 any amount of the unobligated and unencumbered balance
11 of the manure storage indemnity fund as provided under
12 section 455J.2 to the general account of the animal
13 agriculture compliance fund as created in section
14 455B.127, as enacted in this Act, for use as provided
15 in section 455B.127. The department shall return the
16 amount transferred under this section to the manure
17 storage indemnity fund according to a schedule
18 established by the department upon the collection of
19 compliance fees deposited into the animal agriculture
20 compliance fund pursuant to section 455B.203C.
21 Notwithstanding section 455B.127, the department may
22 return moneys from the assessment account of the
23 animal agriculture compliance fund to the manure
24 storage indemnity fund if at any time moneys are not
25 sufficiently available to make the return from the
26 general account of the animal agriculture compliance
27 fund.

28 Sec. 60. FORMED MANURE STORAGE STRUCTURES –
29 CONSTRUCTION DESIGN STANDARDS. Until the effective
30 date of rules adopted by the department providing
31 construction design standards for formed manure
32 storage structures as provided in section 455B.205A,
33 as enacted in this Act, the department's rules
34 providing construction design standards used in the
35 construction of formed manure storage structures shall
36 apply to formed manure storage structures as provided
37 in section 455B.205A, regardless of whether a formed

Jacobs of Polk, on behalf of the House, presented plaques to each leader in appreciation of his service and dedication to the Iowa House of Representatives during the Seventy-ninth General Assembly.

Speaker pro tempore Sukup in the chair at 9:50 p.m.

REMARKS BY MINORITY LEADER MYERS

Minority Leader Myers offered the following remarks:

Thank you, Mr. Speaker.

Mr. Speaker, ladies and gentlemen of the House.

I want to start by thanking my caucus for the privilege of serving as your leader.

I want to thank my assistant leaders who have worked so hard to help me do this job.

I want to thank all the people who make this place run – the clerks, the Chief Clerk and her staff, the doorkeepers, and our nonpartisan agencies.

I want to thank my staff – Carolyn and Mark – and our caucus staff – Paulee, Dave, Dean, Jenifer, Mary, Joe, Ed, Anna and Tom.

I think many people on both sides of the aisle put a lot of work into this session. The budget problems we faced this year were formidable. But I have to say that, despite what may have been good intentions, I am disappointed at how this session turned out.

I am disappointed that we did not work together the way that I know we can.

We wasted too much time on things that, either because of our actions or the Governor's, would not become law. Our budget subcommittees really were not given a chance to do their work. They were forced to start their work too late, and when they had completed their work it was sometimes ignored.

We had an opportunity this year, provided to us by a tight budget, to modernize and streamline state government, but we did not. Instead of making fundamental decisions about priorities, we just nickel and dimed state departments. I did not think our budget contained a vision for Iowa or addressed our fundamental problems.

When we began the session Democrats said we wanted to protect Iowans' economic security now and provide growth for Iowa's future.

We worked with Republicans to pass a good series of venture capital and investor-friendly initiatives. That was a highlight of this session.

But we also came here to continue progress in keeping our public schools the best in the nation, and to improve health care for seniors and children. Instead, at best we maintained the commitments we made last year.

We have a fundamental underlying problem in this state – we are losing too many of our best and brightest children. No child should have to leave his or her hometown and family to find a good job. Our goal must be to provide better opportunities for our kids after they graduate.

We have differences about how to do that, but we need to put aside partisanship and work through those differences for the common good.

We are leaving here with our work undone. We will certainly be back here again and probably sooner than later. When we come back, we stand ready to work with you and Governor Vilsack on a budget that we all support.

I have enjoyed working with Speaker Siegrist and Majority Leader Rants these past two years. I want to thank you for the courtesy and assistance you have shown me.

REMARKS BY MAJORITY LEADER RANTS

Majority Leader Rants offered the following remarks:

Thank you Mr. Speaker. Mr. Speaker, Ladies and Gentlemen of the House, It's day 89. For those along press row, this has been the shortest regular session of the General Assembly since 1972. It certainly doesn't feel like the shortest session in twenty years, in fact it feels like the longest.

In preparation for this moment, I took some time last night to look at the two other "closing remarks" I've given from this spot. Their beginnings are remarkably the same.

Last year I remarked that "the fiscal predicament this General Assembly has faced is unprecedented. The state of Iowa has not seen a revenue shortfall of this magnitude in the last thirty years." Well, it's no longer unprecedented. We've had to deal with two very difficult years. States across the nation have been strapped by an economic recession that depleted their resources. While many of them responded by raising taxes Iowa resisted that idea. We responded by using our emergency funds to protect our local schools from further across the board reductions. We have asked other areas of state government to sacrifice funding so that it could be spent on our children. We leave here today with a smaller state government – but one that reflects our priorities; educating our young people, growing our economy, and protecting our environment.

Mr. Speaker I have no doubt that after the gavel falls today Governor Vilsack will issue a press release accusing Republicans of not spending as much money as he wants. Ladies and gentlemen, "guilty as charged." Three times now Governor Vilsack has claimed that the Legislature wasn't spending enough money only to reverse himself a few months later and either ask us to send him a deappropriations bill, or make sweeping across the board cuts himself. How many times do Tom Vilsack and Sally Peterson have to be proven wrong before Iowans say "enough is enough?"

Colleagues, for the last three weeks the Governor has asked publicly and privately, that we fund the teacher quality program, Hawk-I, and provide more money to fund the largest salary and benefit package ever provided for state employees. At our meeting with the Governor on Monday I told him "I get it. I've heard it a dozen times already. Those are your top three priorities. Now tell me what is number four and number five." The Governor replied state universities and community colleges. Governor Vilsack, all five priority areas were addressed in House File 2623. We have stretched the taxpayers dollar as far as it will go, farther in some areas, and there is no more.

When all the dust settles, and the political press releases finally fall to the bottom of the waste can; local school districts will receive a net increase of 41 million dollars, at a time when other states are retreating on the education front. Just as important, we made policy changes that some would call a tool box for innovative schools – such as the creation of public charter schools.

Mr. Speaker with all my heart I wish Representative Russ Teig was with us in the chamber today. When this legislative session is remembered, one of the items for which it will be known is Representative Teig's work on our venture capital initiative. If we as Iowans are going to see our state thrive and grow we must all be willing to

take more risks, more initiative. This General Assembly led the way this year with an ambitious five part plan to encourage more entrepreneurship and more capital investment in our economy. It is no quick fix to our current problems, but it is no band-aid either. The Governor has already signed a portion of this package – I would encourage him to approve the rest.

The other signature piece of this session is the livestock confinement legislation we just completed. Again I wish Representative Teig was in the chamber as he, more than any other legislator, spent the first portion of this session working to ensure that this issue was addressed. Even though I believe Russ started the ball rolling, Representative Klemme, Ralph, my friend, you picked up the ball and you ran with it. I can't thank you enough for the work that you have done this year. You, and David and Gene, put untold hours into this work. Ralph, part of me feels like apologizing for putting you through the most difficult year of your legislative tenure – but it's something you should be proud of. Those grand kids of yours will grow up in the better, cleaner state, because of your efforts.

I want to take a moment to thank my Republican colleagues. I want to thank you for giving me the opportunity to serve as your Majority Leader for the last two years. I can't imagine a better group of people to work with. We have such a diverse caucus, one in which members have such diverse backgrounds and expertise on such a host of issues. I've been blessed to get to know each one of you. I have often tried to explain to others, often times without success, particularly to the press that our caucus members are always willing to do the right thing over the politically expedient thing. That commitment to core values and a sense of doing what is right never ceases to amaze me. You have worked tirelessly for the last few weeks, go home to your families, recuperate and rejuvenate. Your work here is done, and done well.

To Chuck, Libby, Danny, Steve and Bill. You are a great team. I can't thank you enough for the guidance you've provided me, and the moral, and sometimes physical support along the way.

Representative Myers. It has been a pleasure to get to know you over the last two years. I hope that we have set a new standard for communication between the parties. You have always been fair, honest and frank with me. You've helped me move the process along, when you could, and I thank you for that. We've had many opportunities the last two years for joint appearance before the public, and on TV. My only regret is that I was unable to get you to curse out loud.

Mr. Speaker, the House staff has done an excellent job this year. They always do, so it shouldn't be a surprise. The people's House works because of the people in it. But we too often overlook the obstacles that we put in their path. Me in particular. I'll switch the order of bills coming up for debate without informing the ladies in the well, and I can never seem to stump them. To the folks in the chief clerks office, to the central staff agencies to the door keepers and the pages, I want to thank you for your service to the people of Iowa and to us.

I want to thank our Republican caucus staff for the work you've done. I think we've got the best staff in the building. All through session I lived with the constant fear that I was going to lose another of you to the Bush administration or to other greener pastures. You always ready with an answer when we need one, you help my office

and me keep track of what's going on and where. Jeff, Kellie, Lew, Jason, Lon, Pat, Stephanie, Brad, Bruce, and Mary, thank you for your service.

To my own staff. Allison, thank you so much for not bailing out on me back in January. Best decision I made all year. I hope that you will be the first person I've hired that actually comes back and works for me two sessions in a row. To Jackie, my intern thanks for your volunteer time. I appreciate you keeping our web site up to date so Representative Warnstadt would have something to read in his spare time. And to Dan, my page, I hope you learned more about what the world needs from reading about John Gault in my office, and in listening to the debate on the floor.

To the Republican retirees: what can I say? I spent most of my time trying to talk you out of leaving the House...I wish all of you the very best in your new endeavors. You've certainly earned a rest and a change of pace. There are many stories that could be told, but I'd like to tell only one. One that had such an influence on me and my legislative career.

In the second week of session in 1993. We Republicans had just taken control of the House in the wake of the Iowa trust scandal, and we were establishing a new ethics code. Representative Rod Halvorson, not to be confused with Roger, was offering what our caucus had dubbed "thou shalt be an angel" amendments trying to one-up the Republicans. For two days we'd been debating this bill and every amendment was going down 49-51, 49-51. Well, I was sitting over there where Representative Seng sits with Steve Churchill. We were two freshly scrubbed freshmen, just fresh from the election full of righteousness and independence. After about an hour of debate on one of Rod Halvorson's amendments we were pretty much convinced that Rod was right. So up went the votes on the board. And then suddenly instead of going down 49-51, it's passing 51-49. Suddenly this figure rose up across the chamber from us, and as if by magic flew, I mean flew over rows of desk to land in front of us. And seeing her coming the two of us just kind of shrunk down into the shadows behind our desks as Representative Teresa Garman, then one of the assistant leaders for our caucus, commenced to inform these freshmen in no uncertain terms that this was a caucus position, and we under no circumstances were going to vote against our leadership, that we were supposed to always follow the way leadership voted, and who did we think we were? Well by the time Teresa got done dressing us down, and making us flip our votes on the board, we were afraid that it wasn't safe to go back to the Speaker's Conference room for the next caucus. Well Teresa I learned my lesson that night and it was a valuable one. I will forever associate you with "caucus positions" and "blindly following leadership."

Lastly, Mr. Speaker I don't know where to begin. I say that because I'm afraid that once I start I don't know how I'll end. But I'll give it a try. Hopefully I'll be able to keep up my normal stoney exterior. We'll see.

For the last three years there has rarely been a day that goes by that we don't touch base with each other on an issue of politics or policy. I can't tell you how much I'll miss that. I won't miss waiting fifteen minutes for you to show up for every meeting we're supposed to have somewhere or another. I will miss the calming influence you bring to all of our struggle and endeavors. I won't miss your decisiveness. I will miss your advice and counsel. I won't miss the mess you leave in my car everytime we travel across the state, but I will miss having you ride shotgun. Brent, I've learned so much from you in this job, you are a great role model and a mentor, and an even better

friend. I wish only the best for you and Val, Evan and Harriet. Your going to have your hands full the next two months, and I want to share with you a song lyric from the Doors. "Keep your eyes on the road, and your hands upon the wheel." You do that, and it'll all turn out fine.

Ladies and Gentlemen, as you look around this room, it's obvious that this place takes its toll. It takes its toll on our health, both mental and physical. It takes a toll on our marriages and families. It takes a toll on our business and professional lives. It's time to repair that wear and tear. It's time to return home. Thank you all, it's been an honor to serve with each and every one of you.

REMARKS BY SPEAKER SIEGRIST

Speaker Siegrist offered the following remarks:

Ladies and Gentlemen of the House: I chose to speak from here (the Majority Leader's desk) instead of the Speaker's chair, which I obviously could have done. First off, I'm not sure if I'll get through this. When you have "Darth" Millage breaking down and stoic Carroll, I'm a little worried about myself. But I chose to speak from here, even though I've been deeply honored being Speaker of this House, because this is where I've gotten my fondest memories of the Iowa House – the years as Majority Leader and also the years as just a regular member of the House, running around, finding the good candy, of course, and being on the floor. I've been deeply honored to be Speaker, but this is where I always felt best. The Speaker's Well sits up there pretty high, yet almost every day, Representative Drake would lumber down and stand in front of me. I'd be sitting in my elevated chair, and I still had to look up to him. But, I did want to come down here to the floor for my closing speech.

For the last ten years, I've been honored to give a final day speech as the Majority Leader or Speaker and generally, you talk about the Session and the year and what's gone on. I'm only going to do that for about one minute and then I would just like to say a few other things. You would think that after eighteen years of building up to this, I would know what to say, but I'm not sure. I've just jotted down some notes.

I always quote things, so it's Charles Dickens, *A Tale of Two Cities*: "It was the best of times and it was the worst of times." That would sum up this year. It was the best of times – we did good things: venture capital, the livestock bill, we did invest in education. And it was the worst of times because we didn't do all that we wanted to do. We couldn't do the things that we wanted to do, so it was both the best and worst of times. For you pseudo-intellectuals out there, I hope you enjoyed that quote. I'd prefer to refer to the Eagles' *Hotel California* the way I felt about this session, "You can check in any time you want, but you can never leave." That is what the session has felt like more often than not.

We have done our work here. I hope the Governor signs the bill. I think we've done some good work. We can always do better, but I think this Assembly has done, as it always has, a lot of good work.

Over the last few days, we've had a lot of speeches. I'm sure a lot of you do this – as you sit here, when people get up and talk about the memories, you tear up because everything's from the heart. It's been fun to remember some things. Dave Schrader

mentioned the night the lights went out. I had forgotten about that. The reminiscing is really, really important but when you try to do it yourself, and I'm sure the retirees can relate to this, it is just so hard to think about it. Had I known I was going to go on this ride of my life, which it truly has been for eighteen years, I would've taken some notes as Bill Witt did. It would've been better because you just can't pull them down out of the air.

And so, I'm not going to do that because I want to talk about some people. I was going through some papers, some clippings, in the garage at our home the other day, and I had forgotten that in 1987, I froze Regents tuitions in the State of Iowa. I had forgotten I had offered an amendment and you Democrats voted for it – and we froze tuition at the Regents for seven days until Speaker Avenson took you back there and convinced you that was a bad thing to do. So, I had forgotten those things. And there are just so many stories like that, but my favorite story, the one that I'll tell you that is very brief, is when I used to sit there where Taylor the Elder is sitting, when I was on Education Appropriations. I was gone one day and Mary Rhoads was my clerk those first eight years, a wonderful person. I came back and she said Sue Lerdal is looking for you. I said, "OK, what did she want?" And Mary said, "I don't know. She just walked up and said 'where's the little guy?'" So, I thank Sue for that.

There are thousands of memories here. We are a family. That's kind of a trite thing to say, but we have shared many things over the years. Good and bad. Magic and tragic. We're a family. When I think back on the people that I've served with that we've lost, and I don't have all the names, but you're saddened when you think of people like Jack Beaman, Horace Daggett, Clay Spear, Phil Brammer, Tom Miller, Louis Muhlbauer, and more, that you've had the privilege to serve with and who are no longer with us. It's a sad thing. We do grieve together when we have to as a family. Becky Dolecheck, Pat Murphy's sister, Chuck Gipp's mom and Russ Teig. You know, we talk about being a family, but the neat thing is, we don't just say it. We really believe that. When we need it, when people in this Chamber need it, we're all here for each other. And it's very, very important. So, we are a family. We share the bad times and we share the good times. And there's a lot of happiness here, too – the birth of my two children Evan and Harriet, with my wife. I look around the room – Bill Dix, Frank Chiodo, Bob Brunkhorst, Chris Rants, numerous children that have been born while we're here. And numerous grandchildren – I'm looking at the Klemmes. I always enjoy the big children, so you get a lot of candy. I know Representative Petersen has her son here tonight.

We've been happy and astounded that Brad Hansen and Chuck Larson found women that would marry them, which really does prove that often-stated mantra that you hear: looks don't really matter. We were overjoyed that Dave Millage found a beautiful and charming woman to marry him, which, for a good Catholic like me, proves that there are Iowans that are eligible for canonization and sainthood. As some of you know, I met and married my wife, Valerie, while I was here. She worked for the Democratic Party. I met Val here, we had children here, and as you reflect back, I spent 18 years here. From age 32 to 49, I spent my middle age here and it's been a great ride. I want to thank Val for being here tonight. I want to thank her for the sacrifices she's made. She has made a lot of sacrifices and I wouldn't say this if I didn't believe it: I wouldn't be as successful as I have been if she wouldn't have been by my side. And my success mostly has come since we've been married. So, I do want to thank her and my family for the sacrifices they've made. And I want to thank you for the sacrifices that you make. We don't get enough credit for that, and you know that.

We all make sacrifices to serve here because we really want to serve the public and that's very, very special. An amazing, dedicated group of people that we're all privileged to serve with each other. Even the Senate fits into that category.

The family that we have here is very big, as you know. Like everyone has said, I know I'm going to forget to name people, but the Central Staff Agency, the Doormen, the Pages, the people in all the offices that we depend on, Margaret and Gayle and Kathy down in the Well. We have a great, great amount of people here that we are very blessed to have with us. The caucus staffs that both leaders have mentioned that make us good: Allison and Jeff and Lon and Mary and Stefani and Lou and Kellie and Pat and Brad and Jason and Bruce, and on the Democratic side, Mark and Carolyn and Paulee and Tom and Ed and Joe and Mary and Jenifer and Anna and Dean and Dave. This place wouldn't run without you. And we don't say that enough. Without you, this place wouldn't be as good as it is and we do appreciate it.

You look around the Chamber and I could say something about everybody, but you can't do that. Representative Boddicker, I want the continuing e-mails about your son's wrestling career. Even though I'm not going to be here, I want to know how he's doing. You're such a remarkable group of people that come here to do the right thing. We have our partisan battles, but you're here to do the right thing and that's what is so very impressive about you. After all these years, last year I finally did have a revelation about why it's like herding cats around here. It took me seventeen years. As you know, last year was pretty tough. We went into caucus toward the end, and we were in there about two hours. After my caucus performed open heart surgery without any anesthesia, I went back to my office. I was saying, why don't they understand this? Why don't they see it the same way? And it might've been Chuck Gipp that said, "Well, you've got to understand. They're all leaders back home." And I'd never thought of it that way, but we're all individual leaders back home. We have leaders here that you elect and we're flattered by that, but you're all leaders back home. I guess sometimes we lose track of that. That's why it's challenging to build a consensus here because you all represent different people and you're all leaders in your own communities. That was a good revelation for me to have after seventeen years, how important you all are back home because I think we lose sight of that.

But the bottom line here is friendship and special friendships. We're all friends, and obviously, some of us are more special. You get to know people even better. Yesterday, somebody from my first class called me. I was in my office and Mike Peterson called me, the former Democratic State Party Chairman. Mike called me to wish me well. It was very nice of him. He works for a big company now so I asked him to get me a PAC contribution, which I think he's going to do. I talked to Ron Corbett tonight. You forge these very special friendships and don't ever lose that. I look at John Connors and remember the talks that we've had and what he means to the institution. Representative Cohoon kind of made me mad this year. He didn't bring any chips; he brought us health food. Janet Metcalf and I came in together. We have the bond of the Class of '84. Mike Cormack, who some days I wanted to throw out the window but nonetheless, he was always here to fight for his principles. Brad Hansen, a former student of mine, despite that, has been successful. I would feel good if my influence on Brad had one iota to do with his success here. And the leadership team that I have on my side, and the Democratic leadership team that is just as important – Steve Sukup, Chuck Gipp, Russ Teig, who we all miss, Danny Carroll, Libby Jacobs, Bill Dix. People that gave me counsel. People that tried to make me be a better person

and tried to make sure what direction we should go. Those are people that will be with us forever.

I've been incredibly blessed. I've spent 18 years in the legislature, 14 years in leadership, which means that my members had some faith in me that I could, hopefully, do the right thing. And it's been an amazing run. Fourteen years in leadership, ten years as one of the leaders of the House. When you get to be a leader, you get to deal with the other leaders on the other side of the aisle. That's what's very special.

I have three staff members and they all thought I should quote a rock song from their favorite artist. Dan likes Billy Joel and there's his song, "Running on Ice," that is for Dick Myers, Dave Schrader, and Christopher. It says, "As fast as I can climb, a new disaster every time I turn around. As soon as I get one fire put out, there's another building burning down." And that's what leadership is about. There are a lot of fires here and we do our very, very best. Dave Schrader, I'm glad you came back tonight. I know you had to race. I thought you'd do a little better than eighth, but I'm sure you'll do better another night. I wish you nothing but the best. You were a good adversary. You were a good friend, and a very fair person on the floor. The years that you served your Democratic caucus, you did an excellent job. I'm glad you're back here tonight. Dick Myers, these last two years have been very fun. You are just a genuinely decent human being who does what he thinks is best. I've enjoyed our relationship of trying to do what's best for Iowa and I wish you all the best. Christopher Rants. Obviously, you develop a very close friendship and a very close working relationship with the people like Christopher, and Ron Corbett before him. I've enjoyed playing the bad cop to Chris' good cop these last couple of years. I've tried to teach him to be a little less laid back. We all know that Christopher has a bit of an edgy personality, but he's done a wonderful job. He's done a better job of running this place than I did. Everybody has different strengths, but Christopher, we all learn from each other. I learned some things from him as it relates to his personality and how my personality can get better in terms of running this place. I will value that friendship forever.

The lobbyists up in the gallery and the reporters in press row – we're all friends. I understand that the press will do what they have to do in their jobs. I feel like if I ran into the lobbyists and the press again after we're out of here, that we can be friends, we can talk, we can enjoy each other's company. They're very special people. We have some of the best lobbyists that provide information to us. We have some of the best press that take very good care of us. They do their job but do it in a fair way. I thank you for that.

As I've said, I have three people in my office. I inherited Dan Fogleman from Ron Corbett. I spend most of my time trying to have Dan not get me thrown in jail for some of the statements he writes and trying to calm him down, but he's done a great job. He's done his work to make me look good as a leader and I appreciate that deeply. Becky came into the office with us. Becky is a consummate professional, and you know that. I always knew that people that went in my office were treated right. Becky's job is to try and make me only fifteen minutes late to the meetings with Rants. She has had a tough job, but I thank her very much. Susan has been with me from the beginning of my leadership career. I'm not going to say too much because I know she won't want me to, but she's been with me from the beginning. I've endured her temper tantrums and she has endured me being the way I am, totally unorganized. Susan's favorite artist is Bruce Springsteen. This is something that would apply to all three

people in my office from the song, *Lucky Man*. "I went to see the gypsy the other night. She looked in my palm, looked me in the eye and said, you're a lucky man." I'm a lucky man for a lot of reasons, but particularly for the people that have helped me in my office.

It's about time to go home. I see Clel was just either itching his foot or reaching for his boot. I do need to wrap up and I apologize for taking a little time. This is an awesome place and we forget that too often. When we bring people into this Chamber, they go "Wow". We come in here every day and we don't even look at it. This is an incredible place. You have been honored by your constituents to serve here. A lot of times, and Dick and Dave can relate to this as well as Christopher, we're here late at night in the middle of the summer. We might walk out of here at 11:00 o'clock at night and nobody's here. I'll find myself stopping on the stairwell and looking at this building. Don't take it for granted. I'm leaving now, so now I see these things. Take some time to think about what you're doing here. Do it every day, every week. Think about why we're here. Think about what this building's about. You have to have some awe every time you walk into this building, if you want to serve it right. If you want to serve your people right, you have to have some type of feeling that this is a special place. You're not special, although you are, but you're special because they elected you to come here. So, please do that.

People have talked to me this week about what my legacy is. I don't know. All I know is that the only permanent legacy I have is my picture is going to go up on the wall. And, as I said the other night, that's way cool. But, it's going to be right above the water fountain. I'm going to be coming back checking for watermarks. I do feel very, very good about having my picture on the wall. It's been a privilege to be here.

You know, I'm running for Congress, and by the way, I'm the best guy running. But I mean this sincerely – if I get elected, I hope to do a good job for all of Iowa, not just the Fifth District. If I don't, it's a win, too, because I'll be home with my family. Representative Scherrman said in the first speech that was given this year, that he was going home to be with his family. I always thought that's what I would say when I left. I can't say that because maybe I won't be going home to see my family. But if I happen to lose the primary, and I'm not planning on it, it'll still be a win because I'll go home and be with my family. I figure I win either way on June 4th. I'll hope for the best, but I'll be fine either way it goes.

If I do get elected to Congress, being called Congressman is pretty impressive, but from the pit of my heart, it will never match being called Mr. Speaker. That is something that will be with me for forever. Being a Congressman will be fun, but being Mr. Speaker of the House is something that will always be with me. I thank you for that. I've got a lot of people who gave me quotes that I should say. Becky's favorite group is the Doobie Brothers, which I like a lot. Their song, *One by One*, goes, "So, one by one, we're given these moments to live. Just as one by one they're taken away. So one by one, I'm taking each day in my stride. And one by one, the memories stay." There are a lot of memories out of this place in eighteen years. Somebody over in press row said, "You've got to quote Buffet." They said a good one would be *Changes in Latitude, Changes in Attitude*. The song goes, "Oh yesterdays are over my shoulder so I can't look back for too long. There's just too much to see waiting in front of me and I know that I just can't go wrong." That's pretty good, but it's not the one I was going to use. About a year ago, driving down the road, doing 65, Clel (of course, it was a 45 zone), I was listening to Buffet as I tend to do. I found the one that I'm going to leave

with tonight. Buffet has a song called "He Went to Paris." It's a pretty good song. It's the story of a guy's life and his trials and tribulations. He's eighty-eight years old when he dies. I have to take some editorial privilege with it because I have to change it a little bit to make it fit the situation. Obviously, I'm not 88, but the lines go, "After '18' years of perpetual motion, if he likes you he'll smile then he'll say, Some of it was magic, Some of it was tragic, but I had a good time all the way."

I had a good time all the way. It's been a privilege and an honor to serve with you. God bless. Thank you, Mr. Speaker.

 3 inserting the following:
 4 "Section 1. Section 422.5, subsection 1, paragraph
 5 j, subparagraph (2), unnumbered paragraph 1, Code
 6 2001, is amended to read as follows:
 7 The tax imposed upon the taxable income of a
 8 resident shareholder in an S corporation which has in
 9 effect for the tax year an election under subchapter S
 10 of the Internal Revenue Code or of a resident member
 11 of a limited liability company which has elected to
 12 have its income taxed directly to the member and
 13 carries on business within and without the state may
 14 be computed by reducing the amount determined pursuant
 15 to paragraphs "a" through "i" by the amounts of
 16 nonrefundable credits under this division and by
 17 multiplying this resulting amount by a fraction of
 18 which the resident's net income allocated to Iowa, as
 19 determined in section 422.8, subsection 2, paragraph
 20 "b", is the numerator and the resident's total net
 21 income computed under section 422.7 is the
 22 denominator. If a resident shareholder or resident
 23 member has elected to take advantage of this
 24 subparagraph, and for the next tax year elects not to
 25 take advantage of this subparagraph, the resident
 26 shareholder or resident member shall not reelect to
 27 take advantage of this subparagraph for the three tax
 28 years immediately following the first tax year for
 29 which the shareholder or member elected not to take
 30 advantage of this subparagraph, unless the director
 31 consents to the reelection. This subparagraph also
 32 applies to individuals who are residents of Iowa for
 33 less than the entire tax year.

34 Sec. 2. Section 422.5, subsection 1, paragraph k,

40 of the state alternative minimum tax computed in this
41 subsection. In the case of a resident or part-year
42 resident shareholder in an S corporation which has in
43 effect for the tax year an election under subchapter S
44 of the Internal Revenue Code or of a resident or part-
45 year resident member of a limited liability company

47 the member and carries on business within and without
48 the state, a nonresident, including a nonresident
49 estate or trust, or an individual, estate, or trust
50 that is domiciled in the state for less than the

1 entire tax year, the state's apportioned share of the
2 state alternative minimum tax is the amount of tax
3 computed under this subsection, reduced by the
4 applicable credits in sections 422.10 through 422.12
5 and this result multiplied by a fraction with a
6 numerator of the sum of state net income allocated to
7 Iowa as determined in section 422.8, subsection 2,
8 paragraph "a" or "b" as applicable, plus tax
9 preference items, adjustments, and losses under
10 subparagraph (1) attributable to Iowa and with a
11 denominator of the sum of total net income computed
12 under section 422.7 plus all tax preference items,
13 adjustments, and losses under subparagraph (1). In
14 computing this fraction, those items excludable under
15 subparagraph (1) shall not be used in computing the
16 tax preference items. Married taxpayers electing to
17 file separate returns or separately on a combined
18 return must allocate the minimum tax computed in this
19 subsection in the proportion that each spouse's
20 respective preference items, adjustments, and losses
21 under subparagraph (1) bear to the combined preference
22 items, adjustments, and losses under subparagraph (1)
23 of both spouses.

24 Sec. 3. Section 422.8, subsection 2, paragraph b,

28 of income and expenses from an S corporation or
29 limited liability company that carries on business
30 within and without the state when those items of
31 income and expenses pass directly to the shareholders
32 or members under provisions of the Internal Revenue

33 Code. These items of income and expenses are

 43 director, reduced by ~~fifty percent~~ of the amount of
 44 any of these distributions that are made to enable the
 45 shareholder or member to pay federal income tax on
 46 items of income, loss, and expenses from the S
 47 corporation or limited liability company.
 48 Sec. 4. Section 422.8, subsection 6, Code 2001, is

16 petition is not filed, or if a petition is filed and
17 the proposition of issuing the bonds is approved at an

35 repaid to the school district from the first available
36 designated portion of the school district's amount
37 received from the school district sales and use tax
38 fund under section 297A.1 received in excess of the
39 requirement for the payment of the principal and
40 interest of the bonds and when repaid shall be applied
41 in reduction of property taxes. The amount of bonds
42 which may be issued under section 76.3 shall be the
43 amount which could be retired from the actual
44 collections of the designated portions of the school
45 district's amount received from the school district
46 sales and use tax fund under section 297A.1 for the
47 last four calendar quarters, as certified by the
48 director of revenue and finance. The amount of tax
49 revenues pledged jointly by other cities or counties
50 may be considered for the purpose of determining the

Page 7

1 amount of bonds which may be issued.
2 3. The provisions of this section constitute
3 separate authorization for the issuance of bonds and
4 shall prevail in the event of conflict with any other
5 provisions of state law limiting the amount of bonds
6 which may be issued or the source of payment of the
7 bonds. Bonds issued under this section shall not
8 limit or restrict the authority of the school district
9 to issue bonds under other provisions of state law.

 8 received from the school district sales and use tax
 9 fund under section 297A.1?"

30 revenue and finance that the school district wants to
31 receive its guaranteed school infrastructure amount.
32 The notification shall be provided by July 1, 2002.

40 subparagraph (1) shall cease to receive its guaranteed

17 districts, for purposes of subparagraph (1), shall be
18 calculated by adding together the actual enrollment

23 by the department of education pursuant to section

19 the school district sales and use tax fund under
20 section 297A.1, subsection 1, paragraph "b", shall be
21 spent for infrastructure purposes only according to a
22 plan developed by the board of directors. The plan

42 district who voted at the last general election,
43 asking that an election be called to approve or

44 Sec. . NEW SECTION. 297A.3 BONDING.

45 A school district may issue bonds as provided in
46 this section if it complies with all of the following
47 procedures:

48 1. A school district may institute proceedings for
49 the issuance of bonds by causing a notice of the
50 proposal to issue the bonds, including a statement of

Page 6

1 the amount and purpose of the bonds, and the right of
2 voters to petition for an election, to be published at
3 least once in a newspaper of general circulation
4 within the school district at least ten days prior to
5 the meeting at which it is proposed to take action for
6 the issuance of the bonds.

7 If at any time before the date fixed for taking
8 action for the issuance of the bonds, a petition is
9 filed signed by five percent of the registered voters
10 of the school district, asking that the question of
11 issuing the bonds be submitted to the registered
12 voters, the board of directors shall either by

13 resolution declare the proposal to issue the bonds to
14 be abandoned or shall direct the county commissioner
15 of elections to call a special election upon the
16 question of issuing the bonds. The proposition of
17 issuing bonds under this section is not approved
18 unless the vote in favor of the proposition is equal
19 to at least sixty percent of the vote cast. If a
20 petition is not filed, or if a petition is filed and
21 the proposition of issuing the bonds is approved at an
22 election, the board of directors may proceed with the
23 authorization and issuance of the bonds. Bonds may be
24 issued for the purpose of refunding outstanding and
25 previously issued bonds under this section without
26 otherwise complying with the provisions of this
27 section.

28 2. The provisions of chapter 76 apply to the bonds
29 payable as provided in this subsection, except that
30 the mandatory levy to be assessed pursuant to section
31 76.2 shall be at a rate to generate an amount which
32 together with the receipts from the pledged designated
33 portion of the school district's amount received from
34 the school district sales and use tax fund under
35 section 297A.1 is sufficient to pay the interest and
36 principal on the bonds. All amounts collected as a
37 result of the levy assessed pursuant to section 76.2
38 and paid out for bond principal and interest shall be
39 repaid to the school district from the first available
40 designated portion of the school district's amount
41 received from the school district sales and use tax
42 fund under section 297A.1 received in excess of the
43 requirement for the payment of the principal and
44 interest of the bonds and when repaid shall be applied
45 in reduction of property taxes. The amount of bonds
46 which may be issued under section 76.3 shall be the
47 amount which could be retired from the actual
48 collections of the designated portions of the school
49 district's amount received from the school district
50 sales and use tax fund under section 297A.1 for the

Page 7

1 last four calendar quarters, as certified by the
2 director of revenue and finance. The amount of tax
3 revenues pledged jointly by other cities or counties
4 may be considered for the purpose of determining the
5 amount of bonds which may be issued.

6 3. The provisions of this section constitute
7 separate authorization for the issuance of bonds and
8 shall prevail in the event of conflict with any other
9 provisions of state law limiting the amount of bonds
10 which may be issued or the source of payment of the
11 bonds. Bonds issued under this section shall not

12 limit or restrict the authority of the school district
 13 to issue bonds under other provisions of state law.

22 6. There is imposed a tax of ~~five~~ six percent upon
23 the gross receipts from the sales of optional service
24 or warranty contracts, except residential service
25 contracts regulated under chapter 523C, which provide
26 for the furnishing of labor and materials and require
27 the furnishing of any taxable service enumerated under
28 this section. The gross receipts are subject to tax
29 even if some of the services furnished are not
30 enumerated under this section. For the purpose of
31 this division, the sale of an optional service or
32 warranty contract, other than a residential service
33 contract regulated under chapter 523C, is a sale of
34 tangible personal property. Additional sales,
35 services, or use taxes shall not be levied on
36 services, parts, or labor provided under optional
37 service or warranty contracts which are subject to tax
38 under this section.

39 If the optional service or warranty contract is a
40 computer software maintenance or support service
41 contract and there is no separately stated fee for the
42 taxable personal property or for the nontaxable
43 service, the tax of ~~five~~ six percent imposed by this
44 subsection shall be imposed on fifty percent of the
45 gross receipts from the sale of such contract. If the
46 contract provides for technical support services only,
47 no tax shall be imposed under this subsection. The
48 provisions of this subsection also apply to the tax
49 imposed by chapter 423.

50 7. There is imposed a tax of ~~five~~ six percent upon

Page 10

1 the gross receipts from the renting of rooms,
2 apartments, or sleeping quarters in a hotel, motel,
3 inn, public lodging house, rooming house, manufactured
4 or mobile home which is tangible personal property, or
5 tourist court, or in any place where sleeping
6 accommodations are furnished to transient guests for
7 rent, whether with or without meals. "Renting" and
8 "rent" include any kind of direct or indirect charge

9 for such rooms, apartments, or sleeping quarters, or
10 their use. For the purposes of this division, such
11 renting is regarded as a sale of tangible personal
12 property at retail. However, this tax does not apply
13 to the gross receipts from the renting of a room,
14 apartment, or sleeping quarters while rented by the
15 same person for a period of more than thirty-one
16 consecutive days.

17 10. There is imposed a tax of ~~five~~ six percent
18 upon the gross receipts from the rendering,
19 furnishing, or performing of services as defined in
20 section 422.42.

21 12. A tax of ~~five~~ six percent is imposed upon the
22 gross receipts from the sales of prepaid telephone
23 calling cards and prepaid authorization numbers. For
24 the purpose of this division, the sales of prepaid
25 telephone calling cards and prepaid authorization
26 numbers are sales of tangible personal property.

27 Sec. ___. Section 422.43, subsection 13, paragraph
28 a, unnumbered paragraph 1, Code Supplement 2001, is
29 amended to read as follows:

30 A tax of ~~five~~ six percent is imposed upon the gross
31 receipts from the sales, furnishing, or service of
32 solid waste collection and disposal service.

33 Sec. ___. Section 422.43, subsections 16 and 17,
34 Code Supplement 2001, are amended to read as follows:

35 16. a. A tax of ~~five~~ six percent is imposed upon
36 the gross receipts from sales of bundled services
37 contracts. For purposes of this subsection, a
38 "bundled services contract" means an agreement
39 providing for a retailer's performance of services,
40 one or more of which is a taxable service enumerated
41 in this section and one or more of which is not, in
42 return for a consumer's or user's single payment for
43 the performance of the services, with no separate
44 statement to the consumer or user of what portion of
45 that payment is attributable to any one service which
46 is a part of the contract.

47 b. For purposes of the administration of the tax
48 on bundled services contracts, the director may enter
49 into agreements of limited duration with individual
50 retailers, groups of retailers, or organizations

Page 11

1 representing retailers of bundled services contracts.
2 Such an agreement shall impose the tax rate only upon
3 that portion of the gross receipts from a bundled
4 services contract which is attributable to taxable
5 services provided under the contract.

6 17. A tax of ~~five~~ six percent is imposed upon the
7 gross receipts from any mobile telecommunication

8 service which this state is allowed to tax by the
 9 provisions of the federal Mobile Telecommunications
 10 Sourcing Act, Pub. L. No. 106-252, 4 U.S.C. § 116 et
 11 seq. For purposes of this subsection, taxes on mobile
 12 telecommunications service, as defined under the
 13 federal Mobile Telecommunications Sourcing Act, that
 14 are deemed to be provided by the customer's home
 15 service provider shall be paid to the taxing
 16 jurisdiction whose territorial limits encompass the
 17 customer's place of primary use, regardless of where
 18 the mobile telecommunication service originates,
 19 terminates, or passes through and shall in all other
 20 respects be taxed in conformity with the federal
 21 Mobile Telecommunications Sourcing Act. All other
 22 provisions of the federal Mobile Telecommunications
 23 Sourcing Act are adopted by the state of Iowa and
 24 incorporated into this subsection by reference. With
 25 respect to mobile telecommunications service under the
 26 federal Mobile Telecommunications Sourcing Act the
 27 director shall, if requested, enter into agreements
 28 consistent with the provisions of the federal Act.

29 Sec. __. Section 422.43, Code Supplement 2001, is
 30 amended by adding the following new subsection:

31 NEW SUBSECTION. 18. The sales tax rate of six
 32 percent is reduced to five percent on July 1, 2022.

33 Sec. __. Section 422.47, Code Supplement 2001, is

 41 under the following conditions:

42 a. The goods, wares, or merchandise are
 43 incorporated into an improvement to real estate in
 44 fulfillment of a written contract fully executed prior
 45 to July 1, 2002. The refund shall not apply to
 46 equipment transferred in fulfillment of a mixed
 47 construction contract.

48 b. The contractor has paid to the department or to
 49 a retailer the full six percent tax.

50 c. The claim is filed on forms provided by the

Page 12

1 department and is filed within one year of the date
 2 the tax is paid.

3 A contractor who makes an erroneous application for
 4 refund shall be liable for payment of the excess
 5 refund paid plus interest at the rate in effect under
 6 section 421.7. In addition, a contractor who

7 willfully makes a false application for refund is
 8 guilty of a simple misdemeanor and is liable for a
 9 penalty equal to fifty percent of the excess refund
 10 claimed. Excess refunds, penalties, and interest due
 11 under this subsection may be enforced and collected in
 12 the same manner as the tax imposed by this division.

13 Sec. __. Section 422.69, subsection 2, Code 2001,
 14 is amended to read as follows:

24 Sec. __. Section 422E.1, Code 2001, is amended by
 25 adding the following new subsections:

26 NEW SUBSECTION. 4. a. This chapter does not
 27 apply to any county for the period beginning after the
 28 effective date of this Act and ending January 1, 2022.

29 b. In the case of a county that has in effect on
 30 March 31, 2002, a local sales and services tax for
 31 school infrastructure purposes, the increase in the
 32 state sales and services tax under chapter 422,
 33 division IV, from five percent to six percent shall
 34 replace the county's local sales and services tax for
 35 school infrastructure purposes and to this extent the
 36 local sales and services tax for school infrastructure
 37 purposes is repealed.

38 NEW SUBSECTION. 5. Local sales and services tax
 39 receipts collected prior to July 1, 2002, pursuant to
 40 this chapter, may be applied by a school district for
 41 the purposes of section 76.4.

42 Sec. __. Section 423.2, Code 2001, is amended to
 43 read as follows:

44 423.2 IMPOSITION OF TAX.

 49 six percent of the purchase price of the property. An
 50 excise tax is imposed on the use of manufactured

1 housing in this state at the rate of ~~five~~ six percent
 2 of the purchase price if the manufactured housing is
 3 sold in the form of tangible personal property and at
 4 the rate of ~~five~~ six percent of the installed purchase
 5 price if the manufactured housing is sold in the form

6 of realty. An excise tax is imposed on the use in
7 this state of vehicles subject to registration or
8 subject only to the issuance of a certificate of title
9 at the rate of five percent. An excise tax is imposed
10 on the use of leased vehicles at the rate of five
11 percent of the amount otherwise subject to tax as
12 calculated pursuant to section 423.7A. The excise tax
13 is imposed upon every person using the property within
14 this state until the tax has been paid directly to the
15 county treasurer or the state department of
16 transportation, to a retailer, or to the department.
17 An excise tax is imposed on the use in this state of
18 services enumerated in section 422.43 at the rate of
19 ~~five~~ six percent. This tax is applicable where
20 services are rendered, furnished, or performed in this
21 state or where the product or result of the service is
22 used in this state. This tax is imposed on every
23 person using the services or the product of the
24 services in this state until the user has paid the tax
25 either to an Iowa use tax permit holder or to the
26 department. The rate of use tax of six percent shall
27 be reduced to five percent beginning July 1, 2022.

28 Sec. __. Section 423.24, Code 2001, is amended by
29 adding the following new subsection:

30 NEW SUBSECTION. 2A. One-sixth of all other

35 Sec. __. Section 423.24, subsection 3, Code 2001,
36 is amended to read as follows:

37 3. All other revenue arising under the operation
38 of this chapter not credited as specified in

40 general fund of the state.

41 Sec. __. APPLICABILITY. This section applies in
42 regard to the increase in the state sales and use
43 taxes from five to six percent. The six percent rate
44 applies to all sales of taxable personal property,
45 consisting of goods, wares, or merchandise if delivery
46 occurs on or after July 1, 2002. The six percent use
47 tax rate applies to the use of property when the first
48 taxable use in this state occurs on or after July 1,
49 2002. The six percent rate applies to the gross
50 receipts from the sale, furnishing, or service of gas,

Page 14

1 electricity, water, heat, pay television service, and
2 communication service if the date of billing the
3 customer is on or after July 1, 2002. In the case of
4 a service contract entered into prior to July 1, 2002,

5 which contract calls for periodic payments, the six
6 percent rate applies to those payments made or due on
7 or after July 1, 2002. This periodic payment applies,
8 but is not limited to, tickets or admissions, private
9 club membership fees, sources of amusement, equipment
10 rental, dry cleaning, reducing salons, dance schools,
11 and all other services subject to tax, except the
12 aforementioned utility services which are subject to a
13 special transitional rule. Unlike periodic payments
14 under service contracts, installment sales of goods,
15 wares, and merchandise are subject to the full amount
16 of sales or use tax when the sales contract is entered
17 into or the property is first used in Iowa.

48 year.

49 At the expiration of the twenty-eight day period,
50 if no petition is filed, the board shall use the

22 district.

23 d. For purposes of this subsection,
24 "infrastructure purposes" means those purposes for

3 filed signed by five percent of the registered voters

4 of the school district, asking that the question of
5 issuing the bonds be submitted to the registered
6 voters, the board of directors shall either by

10 question of issuing the bonds. The proposition of
11 issuing bonds under this section is not approved
12 unless the vote in favor of the proposition is equal
13 to at least sixty percent of the vote cast. If a
14 petition is not filed, or if a petition is filed and
15 the proposition of issuing the bonds is approved at an
16 election, the board of directors may proceed with the
17 authorization and issuance of the bonds. Bonds may be
18 issued for the purpose of refunding outstanding and
19 previously issued bonds under this section without
20 otherwise complying with the provisions of this
21 section.

22 2. The provisions of chapter 76 apply to the bonds
23 payable as provided in this subsection, except that
24 the mandatory levy to be assessed pursuant to section
25 76.2 shall be at a rate to generate an amount which

36 fund under section 297A.1 received in excess of the
37 requirement for the payment of the principal and
38 interest of the bonds and when repaid shall be applied
39 in reduction of property taxes. The amount of bonds
40 which may be issued under section 76.3 shall be the

43 district's amount received from the school district
44 sales and use tax fund under section 297A.1 for the
45 last four calendar quarters, as certified by the
46 director of revenue and finance. The amount of tax
47 revenues pledged jointly by other cities or counties
48 may be considered for the purpose of determining the
49 amount of bonds which may be issued.

50 3. The provisions of this section constitute

Page 7

1 separate authorization for the issuance of bonds and
2 shall prevail in the event of conflict with any other

3 provisions of state law limiting the amount of bonds
4 which may be issued or the source of payment of the
5 bonds. Bonds issued under this section shall not
6 limit or restrict the authority of the school district
7 to issue bonds under other provisions of state law.

23 2. There is imposed a tax of ~~five~~ six percent upon
24 the gross receipts derived from the operation of all

7 enumerated under this section. For the purpose of
8 this division, the sale of an optional service or
9 warranty contract, other than a residential service
10 contract regulated under chapter 523C, is a sale of
11 tangible personal property. Additional sales,
12 services, or use taxes shall not be levied on
13 services, parts, or labor provided under optional
14 service or warranty contracts which are subject to tax
15 under this section.

16 If the optional service or warranty contract is a
17 computer software maintenance or support service

19 taxable personal property or for the nontaxable
20 service, the tax of ~~five~~ six percent imposed by this
21 subsection shall be imposed on fifty percent of the

13 the gross receipts from sales of bundled services
14 contracts. For purposes of this subsection, a
15 "bundled services contract" means an agreement
16 providing for a retailer's performance of services,
17 one or more of which is a taxable service enumerated
18 in this section and one or more of which is not, in
19 return for a consumer's or user's single payment for
20 the performance of the services, with no separate
21 statement to the consumer or user of what portion of
22 that payment is attributable to any one service which
23 is a part of the contract.

24 b. For purposes of the administration of the tax
25 on bundled services contracts, the director may enter
26 into agreements of limited duration with individual
27 retailers, groups of retailers, or organizations
28 representing retailers of bundled services contracts.
29 Such an agreement shall impose the tax rate only upon
30 that portion of the gross receipts from a bundled
31 services contract which is attributable to taxable
32 services provided under the contract.

33 17. A tax of ~~five~~ six percent is imposed upon the
34 gross receipts from any mobile telecommunication

37 Sourcing Act, Pub. L. No. 106-252, 4 U.S.C. § 116 et
38 seq. For purposes of this subsection, taxes on mobile
39 telecommunications service, as defined under the
40 federal Mobile Telecommunications Sourcing Act, that
41 are deemed to be provided by the customer's home
42 service provider shall be paid to the taxing
43 jurisdiction whose territorial limits encompass the
44 customer's place of primary use, regardless of where
45 the mobile telecommunication service originates,
46 terminates, or passes through and shall in all other
47 respects be taxed in conformity with the federal
48 Mobile Telecommunications Sourcing Act. All other
49 provisions of the federal Mobile Telecommunications
50 Sourcing Act are adopted by the state of Iowa and

Page 11

1 incorporated into this subsection by reference. With
2 respect to mobile telecommunications service under the
3 federal Mobile Telecommunications Sourcing Act the
4 director shall, if requested, enter into agreements
5 consistent with the provisions of the federal Act.

6 Sec. 110. Section 422.47, Code Supplement 2001, is
7 amended by adding the following new subsection:

8 **NEW SUBSECTION.** 2. Construction contractors may
9 make application to the department for a refund of the

13 percent for taxes paid on goods, wares, or merchandise
14 under the following conditions:

15 a. The goods, wares, or merchandise are
16 incorporated into an improvement to real estate in

20 construction contract.

21 b. The contractor has paid to the department or to
22 a retailer the full six percent tax.

23 c. The claim is filed on forms provided by the
24 department and is filed within one year of the date
25 the tax is paid.

26 A contractor who makes an erroneous application for
27 refund shall be liable for payment of the excess
28 refund paid plus interest at the rate in effect under
29 section 421.7. In addition, a contractor who
30 willfully makes a false application for refund is
31 guilty of a simple misdemeanor and is liable for a
32 penalty equal to fifty percent of the excess refund
33 claimed. Excess refunds, penalties, and interest due
34 under this subsection may be enforced and collected in
35 the same manner as the tax imposed by this division.

36 Sec. 111. Section 422.69, subsection 2, Code 2001,
37 is amended to read as follows:

38 2. a. Unless Except as provided in paragraph "b",
39 or as otherwise provided, the fees, taxes, interest,

50 Act.

Page 12

1 b. In the case of a county that has in effect on
2 March 31, 2002, a local sales and services tax for
3 school infrastructure purposes, the increase in the
4 state sales and services tax under chapter 422,
5 division IV, from five percent to six percent shall
6 replace the county's local sales and services tax for
7 school infrastructure purposes and to this extent the
8 local sales and services tax for school infrastructure
9 purposes is repealed.

10 Sec. 113. Section 423.2, Code 2001, is amended to
11 read as follows:

12 423.2 IMPOSITION OF TAX.

13 An excise tax is imposed on the use in this state
14 of tangible personal property, including aircraft
15 subject to registration under section 328.20,
16 purchased for use in this state, at the rate of ~~five~~
17 six percent of the purchase price of the property. An
18 excise tax is imposed on the use of manufactured
19 housing in this state at the rate of ~~five~~ six percent
20 of the purchase price if the manufactured housing is
21 sold in the form of tangible personal property and at
22 the rate of ~~five~~ six percent of the installed purchase
23 price if the manufactured housing is sold in the form
24 of realty. An excise tax is imposed on the use in
25 this state of vehicles subject to registration or
26 subject only to the issuance of a certificate of title
27 at the rate of five percent. An excise tax is imposed
28 on the use of leased vehicles at the rate of five
29 percent of the amount otherwise subject to tax as
30 calculated pursuant to section 423.7A. The excise tax
31 is imposed upon every person using the property within
32 this state until the tax has been paid directly to the
33 county treasurer or the state department of
34 transportation, to a retailer, or to the department.
35 An excise tax is imposed on the use in this state of
36 services enumerated in section 422.43 at the rate of
37 ~~five~~ six percent. This tax is applicable where
38 services are rendered, furnished, or performed in this
39 state or where the product or result of the service is
40 used in this state. This tax is imposed on every
41 person using the services or the product of the
42 services in this state until the user has paid the tax
43 either to an Iowa use tax permit holder or to the
44 department.

45 Sec. 114. Section 423.24, Code 2001, is amended by
46 adding the following new subsection:

47 NEW SUBSECTION. 2A. One-sixth of all other
48 revenue arising under the operation of this chapter
49 shall be credited to the school district sales and use
50 tax fund created in section 293.1.

Page 13

1 Sec. 115. Section 423.24, subsection 3, Code 2001,
2 is amended to read as follows:

3 3. All other revenue arising under the operation
4 of this chapter not credited as specified in
5 subsections 1, 2, and 2A shall be credited to the
6 general fund of the state.

7 Sec. 116. APPLICABILITY. This section applies in
8 regard to the increase in the state sales and use
9 taxes from five to six percent. The six percent rate
10 applies to all sales of taxable personal property,
11 consisting of goods, wares, or merchandise if delivery
12 occurs on or after July 1, 2002. The six percent use
13 tax rate applies to the use of property when the first
14 taxable use in this state occurs on or after July 1,
15 2002. The six percent rate applies to the gross
16 receipts from the sale, furnishing, or service of gas,
17 electricity, water, heat, pay television service, and
18 communication service if the date of billing the
19 customer is on or after July 1, 2002. In the case of
20 a service contract entered into prior to July 1, 2002,
21 which contract calls for periodic payments, the six
22 percent rate applies to those payments made or due on
23 or after July 1, 2002. This periodic payment applies,
24 but is not limited to, tickets or admissions, private
25 club membership fees, sources of amusement, equipment
26 rental, dry cleaning, reducing salons, dance schools,
27 and all other services subject to tax, except the
28 aforementioned utility services which are subject to a

30 under service contracts, installment sales of goods,
31 wares, and merchandise are subject to the full amount
32 of sales or use tax when the sales contract is entered
33 into or the property is first used in Iowa.

34 Sec. 117. Sections 1, 101, and 102 of this Act,

3 Sec. ____ . NEW SECTION. 366.4 STRATEGIC
4 DEVELOPMENT PLAN – REQUIREMENTS.
5 1. A strategic development plan shall divide the
6 county into strategic development areas where future
7 development would be allowed to occur and strategic
8 preservation areas where development would not be
9 allowed. A strategic development plan shall address
10 transportation, public infrastructure, municipal
11 services, economic development, housing, recreation,
12 natural resources, and land use. A strategic
13 development plan may address hazard mitigation, energy
14 systems, cultural preservation, and other elements
15 appropriate to the area governed by the plan.
16 2. The committee shall conduct a review of
17 existing comprehensive plans governing the county, if
18 applicable, and governing each city located in the
19 county.
20 3. Before the committee drafts a strategic
21 development plan, the committee shall hold a public
22 hearing in order to obtain citizen input on
23 preparation of the strategic development plan. The
24 hearing shall be held no later than thirty days after
25 the committee's organizational meeting. The county
26 auditor shall publish notice of the time, date, place,
27 and purpose of the public hearing in a newspaper of
28 general circulation in the county. The notice must be
29 published not less than ten days but no more than
30 twenty days before the hearing. The notice shall

31 include a description of the general duties of the
32 strategic development committee and the cities and
33 counties represented on the strategic development
34 committee.

35 4. A strategic development plan shall include
36 documents describing and depicting the corporate
37 limits of each city in the county and the boundaries
38 of each strategic development area and each strategic
39 preservation area.

40 5. a. In establishing a strategic development
41 area, the plan shall do all of the following:

42 (1) Identify territory that a reasonable and

44 commercial, industrial, or residential growth over the
45 next twenty years based on historical experience,
46 economic trends, population growth patterns,
47 topographical characteristics, and any professional
48 planning, engineering, and economic studies that are
49 available. The city shall report population growth
50 projections for the city based upon federal census

Page 6

1 data.

2 (2) Identify agricultural land which has a corn
3 suitability rating of sixty or higher, according to
4 information released by Iowa state university to the
5 department of revenue and finance for assessment and
6 taxation of agricultural land. Agricultural land with
7 a corn suitability rating of sixty or higher shall not
8 be included in a strategic development area unless the
9 local strategic development committee makes a showing
10 that the land is necessary for the orderly development
11 of the strategic development area.

12 b. In establishing a strategic preservation area,
13 the plan shall identify territory to be preserved for
14 the next twenty years for agricultural purposes,
15 forests, recreational areas, wildlife management
16 areas, cultural areas, historical areas, or other
17 areas planned for preservation.

18 6. When designating that part of a strategic
19 development area contiguous to a city, the committee
20 shall identify, and give consideration to, the amount
21 of territory within the current incorporated
22 boundaries of the city that is vacant or undeveloped
23 land.

24 7. The committee shall utilize planning resources
25 that are available within the county, including city
26 and county planning commissions, zoning
27 administrators, and a council of governments
28 established pursuant to chapter 28H. The committee is
29 also encouraged to utilize the services of a joint

30 planning commission established pursuant to chapter
31 28I and colleges and universities in the state.
32 Sec. . NEW SECTION. 366.5 LOCAL GOVERNMENT
33 RATIFICATION OF STRATEGIC DEVELOPMENT PLAN.
34 1. Before the committee submits the plan
35 recommended for ratification, the committee shall hold
36 at least one public hearing on the proposed
37 recommended strategic development plan. The county
38 auditor shall publish notice of the time, place, and
39 purpose of the public hearing in a newspaper of
40 general circulation in the county. The notice must be

43 2. Not later than January 1, 2004, the committee
44 shall submit the recommended strategic development
45 plan to the county board of supervisors and the city
46 council of each city in the county.
47 a. Not later than sixty days after receiving the
48 recommended strategic development plan, the county
49 board of supervisors and each city council shall by
50 resolution either ratify or reject the recommended

Page 7

1 strategic development plan. A city or county that
2 fails to timely act on the resolution shall be deemed
3 to have ratified the recommended strategic development
4 plan on the last day of the sixty-day period. If the
5 strategic development plan is ratified, the committee
6 shall submit the plan to the land management planning
7 board for approval.
8 b. If the county board of supervisors or a city
9 council rejects the recommended strategic development
10 plan submitted by the committee, the county or city
11 shall submit its objections to the plan along with the
12 notice of rejection. After receiving objections to
13 the plan, the committee may recommend a revised
14 strategic development plan no later than sixty days
15 after the recommended plan is rejected or may resubmit
16 the original plan. Before the committee submits the
17 revised plan recommended for ratification, the
18 committee shall hold at least one public hearing on
19 the revised plan in the manner provided in subsection
20 1. The committee shall submit any revised strategic
21 development plan, or resubmit the original plan, to
22 the county board of supervisors and the city council
23 of each city in the county for ratification.
24 Not later than sixty days after receiving a revised
25 strategic development plan or resubmitted original
26 plan, the county board of supervisors and each city
27 council shall either ratify or reject the plan in the
28 same manner as provided in paragraph "a". A city or

29 county that fails to timely act on a resolution shall
 30 be deemed to have ratified the plan on the last day of
 31 the sixty-day period.

32 Sec.____. NEW SECTION. 366.6 DISPUTE RESOLUTION.

33 1. If a recommended strategic development plan and
 34 a revised strategic development plan are rejected
 35 pursuant to section 366.5, subsection 2, paragraph
 36 "b", the committee shall submit each of the rejected
 37 plans to the board for resolution of the matter within
 38 ten days of rejection of the revised plan. The board
 39 shall review the strategic development plans submitted
 40 by the committee and may adopt such amendments to a
 41 plan necessary for its approval by the board.

42 2. Not later than October 1, 2004, the board shall
 43 have approved strategic development plans submitted to
 44 the board for dispute resolution. Such approval is
 45 deemed to satisfy the approval requirement of section
 46 366.7.

47 Sec.____. NEW SECTION. 366.7 PLAN SUBMITTED TO
 48 BOARD FOR FINAL APPROVAL.

49 A strategic development plan ratified pursuant to
 50 section 366.5 shall be submitted to the board for

Page 8

1 approval within ten days of ratification of the plan.
 2 If the board determines that a plan conforms with the
 3 requirements of this chapter, the board shall approve
 4 the plan. If the board determines that a plan does
 5 not so conform, the board shall adopt such amendments
 6 to the plan necessary for its approval by the board.
 7 The board shall have approved all plans by January 1,
 8 2005.

9 Sec.____. NEW SECTION. 366.8 RECORDING OF
 10 STRATEGIC DEVELOPMENT PLAN.

11 After the board has approved a strategic
 12 development plan, the board shall retain a copy of the
 13 plan on file and shall forward a copy to the county
 14 auditor who shall record the plan in the office of
 15 county recorder no later than five days after
 16 receiving the plan from the board.

17 Sec.____. NEW SECTION. 366.9 DURATION OF PLANS
 18 – REVIEW AND AMENDMENT.

19 After a strategic development plan has been
 20 recorded with the county recorder, the plan shall
 21 remain in effect for not less than five years absent a
 22 showing of extraordinary circumstances necessitating a
 23 change in the plan. After expiration of the five-year
 24 period, the county or a city in the county may propose
 25 an amendment to the strategic development plan or may
 26 propose a review of the plan by filing notice with the
 27 county board of supervisors for the county and the

28 city council of each city in the county. Upon receipt
 29 of such notice by the county and each city, the county
 30 board of supervisors shall promptly reconvene the
 31 local strategic planning committee. The burden of
 32 proving the reasonableness of a proposed amendment to
 33 the plan shall be upon the party proposing the
 34 amendment. The procedures for amending the strategic
 35 development plan shall be the same as the procedures
 36 set forth in this chapter for creating the original
 37 strategic development plan.

38 Sec. __. NEW SECTION. 366.10 JUDICIAL REVIEW.

39 1. The county, a city in the county, a resident of
 40 the county, or an owner of real property located in
 41 the county may seek judicial review of a decision of
 42 the board relating to the strategic development plan
 43 presented to the board for its approval. The judicial
 44 review provisions of this section and chapter 17A
 45 shall be the exclusive means by which a person or
 46 party who is aggrieved or adversely affected by action
 47 of the board may seek judicial review of the action of
 48 the board or of a local government.

49 2. A petition for judicial review must be filed
 50 within sixty days after the strategic development plan

Page 9

1 is recorded with the county recorder. In accordance
 2 with the Iowa rules of civil procedure pertaining to
 3 service of process, copies of the petition shall be
 4 served upon the board.

5 3. The court's review is limited to questions
 6 relating to jurisdiction, regularity of proceedings,
 7 and whether the action of the board is, by a
 8 preponderance of the evidence, arbitrary,
 9 unreasonable, or without substantial supporting
 10 evidence. The court may nullify an action of the
 11 board and return the plan with appropriate directions
 12 to the board.

13 4. The filing of a petition for judicial review
 14 does not stay the effectiveness of the strategic
 15 development plan or recognition of strategic
 16 development areas and strategic preservation areas
 17 identified in the plan. However, the court may order
 18 a stay upon appropriate terms if it is shown to the
 19 satisfaction of the court that any party or the public
 20 at large is likely to suffer significant injury if a
 21 stay is not granted. If more than one petition for
 22 judicial review regarding a single board action is
 23 filed, all such petitions shall be consolidated and
 24 tried as a single civil action.

25 5. The following portions of section 17A.19 are
 26 not applicable to this chapter:

27 a. The portion of subsection 2 relating to where
 28 proceedings for judicial review shall be instituted.
 29 b. Subsection 5.
 30 c. Subsection 8.
 31 d. Subsections 10 through 12.
 32 Sec. . NEW SECTION. 366.11 LOCAL
 33 IMPLEMENTATION.
 34 1. A city or county governed by a strategic
 35 development plan shall not adopt ordinances regulating
 36 land development and management within its territory
 37 that are inconsistent with the strategic development
 38 plan governing the territory.
 39 2. A county that has approved a strategic
 40 development plan pursuant to this chapter, and any
 41 city in such county, shall use the strategic
 42 development plan as the basis for the comprehensive
 43 plan required pursuant to section 335.5 or 414.3 if
 44 the county or city has adopted a zoning ordinance.
 45 The county and each city shall amend its comprehensive
 46 plan to conform to the strategic development plan.
 47 After a strategic development plan is approved, all
 48 land use decisions made by the governing body of each
 49 city and county and the city's or county's planning
 50 commission shall be consistent with the strategic

Page 10

1 development plan.
 2 3. A city or county is under no obligation to
 3 provide municipal services for development that does
 4 not conform to the applicable strategic development
 5 plan.
 6 Sec. . NEW SECTION. 414.32 REGULATORY
 7 INCENTIVES.
 8 Cities may provide regulatory incentives, including
 9 expedited permitting and waiver of permit fees, for
 10 new development, expansion of existing development,
 11 and redevelopment within all or part of the
 12 incorporated boundaries of the city in areas
 13 containing undeveloped or underdeveloped land or
 14 buildings that are substandard, dilapidated, vacant,
 15 abandoned, or functionally obsolete.

30 supervision, the board shall discharge the person from
31 parole. A parole officer shall periodically review
32 all paroles assigned to the parole officer, and when
33 the parole officer determines that any person assigned

9 under the control of the department of revenue and
10 finance. Moneys in the fund include revenues credited

17 part in a county that voted on and approved prior to
18 March 31, 2002, the local sales and services tax for
19 school infrastructure purposes under chapter 422E
20 shall receive an amount equal to its guaranteed school
21 infrastructure amount as calculated under subsection 2
22 if the board of directors notifies the director of
23 revenue and finance that the school district wants to
24 receive its guaranteed school infrastructure amount.
25 The notification shall be provided by July 1, 2003.
26 If notification is not received by July 1, 2003, the
27 school district shall receive moneys pursuant to
28 paragraph "b". Nothing in this chapter shall prevent
29 a school district from using its guaranteed school

30 infrastructure amount to pay principal and interest on
 31 obligations issued pursuant to section 422E.4.

32 (2) A school district receiving moneys pursuant to
 33 subparagraph (1) shall cease to receive its guaranteed
 34 school infrastructure amount and shall receive moneys
 35 pursuant to paragraph "b" starting with the calendar

 44 "b" to the director of revenue and finance and the
 45 director of the department of management by the middle
 46 of the fifth month preceding the calendar quarter for

1 school districts not receiving moneys under paragraph
 2 "a" on a per student basis calculated by the director
 3 of revenue and finance by dividing the moneys

 5 combined actual enrollment for all school districts
 6 receiving distributions under this paragraph.

7 (2) The combined actual enrollment for school
 8 districts, for purposes of subparagraph (1), shall be
 9 calculated by adding together the actual enrollment
 10 for each school district receiving distributions under
 11 subparagraph (1) as determined by the department of
 12 management based on the actual enrollment figures
 13 reported by October 1 to the department of management
 14 by the department of education pursuant to section
 15 257.6, subsection 1. The combined actual enrollment
 16 count shall be forwarded to the director of revenue
 17 and finance by January 1, annually, for purposes of
 18 supplying estimated tax payment figures and making tax
 19 payments pursuant to subsection 3 for the following
 20 four calendar quarters.

21 2. a. For purposes of distributions under
 22 subsection 1, paragraph "a", the school district's
 23 guaranteed school infrastructure amount shall be
 24 calculated according to the following formula:

25 The district's guaranteed school infrastructure
 26 amount equals the product of the county guaranteed
 27 school infrastructure amount times the district's
 28 county actual enrollment divided by the county

29 combined actual enrollment.

20 voters sooner than six months from the date the plan
21 or part of the plan was previously submitted.
22 c. If the infrastructure plan is not approved at
23 an election as provided in paragraph "b", or if a plan
24 is not approved by the board, moneys received by a
25 school district or moneys in excess of those needed

26 for infrastructure purposes according to an approved

 23 majority of those voting prior to April 15, 2003, any
 24 amount of such dedicated moneys may be used for the

25 purposes specified under the plan.
26 Sec. 105. NEW SECTION. 298B.3 BONDING.
27 A school district receiving moneys pursuant to
28 section 298B.1, subsection 1, paragraph "a", or a
29 school district receiving moneys pursuant to section
30 298B.1, subsection 1, paragraph "b", which has
31 approved by election the use of the moneys for
32 infrastructure purposes, may anticipate the amount of
33 moneys to be received pursuant to section 298B.1 as
34 provided in this section.
35 The board of directors of a school district may

41 utilized solely for infrastructure purposes as defined
42 in section 298B.2, subsection 2.
43 Bonds issued under this section may be sold at
44 public sale as provided in chapter 75. Notice shall

4 by the resolution of the board of directors
5 authorizing their issuance. However, the maximum
6 period during which principal on the bonds is payable
7 shall not exceed the length of time the infrastructure

13 bonds ranking on a parity with such bonds and
14 additional bonds junior and subordinate to such bonds,
15 and that such bonds shall rank on a parity with or be
16 junior and subordinate to any bonds which may be then
17 outstanding. Bonds may be issued to refund
18 outstanding and previously issued bonds under this
19 section. Bonds are a contract between the school
20 district and holders, and the resolution issuing the
21 bonds and pledging tax revenues to be received from
22 the school district sales tax fund to the payment of
23 principal and interest on the bonds is a part of the

24 contract. Bonds issued pursuant to this section shall
 25 not constitute indebtedness within the meaning of any
 26 constitutional or statutory debt limitation or
 27 restriction, and shall not be subject to any other law
 28 relating to the authorization, issuance, or sale of
 29 bonds.

30 A school district may enter into a chapter 28E
 31 agreement with another school district or other public
 32 entity. The school district shall only expend its
 33 designated portion of tax revenues to be received from
 34 the school district sales tax fund.

14 one or more of which is a taxable service enumerated
15 in this section and one or more of which is not, in
16 return for a consumer's or user's single payment for
17 the performance of the services, with no separate
18 statement to the consumer or user of what portion of
19 that payment is attributable to any one service which
20 is a part of the contract.

21 b. For purposes of the administration of the tax
22 on bundled services contracts, the director may enter
23 into agreements of limited duration with individual

25 representing retailers of bundled services contracts.
26 Such an agreement shall impose the tax rate only upon

48 incorporated into this subsection by reference. With
49 respect to mobile telecommunications service under the
50 federal Mobile Telecommunications Sourcing Act the

Page 11

1 director shall, if requested, enter into agreements
2 consistent with the provisions of the federal Act.

3 Sec. 110. Section 422.43, Code Supplement 2001, is

5 NEW SUBSECTION. 18. The sales tax rate of six
6 percent is reduced to five percent on July 1, 2022.

7 Sec. 111. Section 422.47, Code Supplement 2001, is
8 amended by adding the following new subsection:

9 NEW SUBSECTION. 2. Construction contractors may
10 make application to the department for a refund of the
11 additional one percent tax paid under this division by
12 reason of the increase in the tax from five to six

14 under the following conditions:

15 a. The goods, wares, or merchandise are
16 incorporated into an improvement to real estate in
17 fulfillment of a written contract fully executed prior
18 to January 1, 2003. The refund shall not apply to
19 equipment transferred in fulfillment of a mixed

20 construction contract.

21 b. The contractor has paid to the department or to
22 a retailer the full six percent tax.

23 c. The claim is filed on forms provided by the
24 department and is filed within one year of the date
25 the tax is paid.

26 A contractor who makes an erroneous application for
27 refund shall be liable for payment of the excess
28 refund paid plus interest at the rate in effect under
29 section 421.7. In addition, a contractor who
30 willfully makes a false application for refund is
31 guilty of a simple misdemeanor and is liable for a
32 penalty equal to fifty percent of the excess refund
33 claimed. Excess refunds, penalties, and interest due
34 under this subsection may be enforced and collected in
35 the same manner as the tax imposed by this division.

36 Sec. 112. Section 422.69, subsection 2, Code 2001,
37 is amended to read as follows:

38 2. a. Unless Except as provided in paragraph "b",
39 or as otherwise provided, the fees, taxes, interest,

49 NEW SUBSECTION. 4. a. This chapter does not
50 apply to any county after the effective date of this

Page 12

1 section of this Act, except to the extent provided in
2 paragraph "b". Any election on the imposition of the
3 local sales and services tax scheduled to be held on
4 or after the effective date of this section of this
5 Act shall not be held.

6 b. A county that has voted on and approved prior
7 to March 31, 2002, a local sales and services tax for
8 school infrastructure purposes shall impose the tax
9 until December 31, 2002. However, the increase in the
10 state sales and services tax under chapter 422,
11 division IV, from five percent on January 1, 2003, to
12 six percent shall replace the county's local sales and
13 services tax for school infrastructure purposes and to
14 this extent the local sales and services tax for
15 school infrastructure purposes is repealed.

16 Sec. 114. APPLICABILITY. This section applies in
17 regard to the increase in the state sales tax from
18 five to six percent. The six percent rate applies to

19 all sales of taxable personal property, consisting of
 20 goods, wares, or merchandise if delivery occurs on or
 21 after January 1, 2003. The six percent rate applies
 22 to the gross receipts from the sale, furnishing, or
 23 service of gas, electricity, water, heat, pay
 24 television service, and communication service if the
 25 date of billing the customer is on or after January 1,
 26 2003. In the case of a service contract entered into
 27 prior to January 1, 2003, which contract calls for
 28 periodic payments, the six percent rate applies to
 29 those payments made or due on or after January 1,
 30 2003. This periodic payment applies, but is not
 31 limited to, tickets or admissions, private club
 32 membership fees, sources of amusement, equipment
 33 rental, dry cleaning, reducing salons, dance schools,
 34 and all other services subject to tax, except the
 35 aforementioned utility services which are subject to a
 36 special transitional rule. Unlike periodic payments
 37 under service contracts, installment sales of goods,
 38 wares, and merchandise are subject to the full amount
 39 of sales or use tax when the sales contract is entered
 40 into.

13 – REVIEW AND AMENDMENT.

14 After a strategic development plan has been
15 recorded with the county recorder, the plan shall
16 remain in effect for not less than five years absent a

18 change in the plan. After expiration of the five-year
19 period, the county or a city in the county may propose
20 an amendment to the strategic development plan or may
21 propose a review of the plan by filing notice with the

42 of the board may seek judicial review of the action of
43 the board or of a local government.

45 within sixty days after the strategic development plan

Page 9

1 relating to jurisdiction, regularity of proceedings,
 2 and whether the action of the board is, by a
 3 preponderance of the evidence, arbitrary,
 4 unreasonable, or without substantial supporting
 5 evidence. The court may nullify an action of the
 6 board and return the plan with appropriate directions
 7 to the board.

8 4. The filing of a petition for judicial review
 9 does not stay the effectiveness of the strategic
 10 development plan or recognition of strategic
 11 development areas and strategic preservation areas
 12 identified in the plan. However, the court may order
 13 a stay upon appropriate terms if it is shown to the
 14 satisfaction of the court that any party or the public
 15 at large is likely to suffer significant injury if a
 16 stay is not granted. If more than one petition for
 17 judicial review regarding a single board action is
 18 filed, all such petitions shall be consolidated and
 19 tried as a single civil action.

20 5. The following portions of section 17A.19 are

 31 territory that are inconsistent with the strategic
 32 development plan governing the territory.

33 2. A strategic development plan approved pursuant
 34 to this chapter shall be the basis for the
 35 comprehensive plan of each county required pursuant to
 36 section 335.5, if the county has adopted a zoning
 37 ordinance, and for the comprehensive plan of each city
 38 in the county required pursuant to section 414.3. The
 39 county and each city shall amend its comprehensive
 40 plan to conform to the strategic development plan.
 41 After a strategic development plan is approved, all
 42 land use decisions made by the governing body of each
 43 city and county and the city's or county's planning
 44 commission shall be consistent with the strategic
 45 development plan.

20 Sec. __. NEW SECTION. 366.9 DURATION OF PLANS
 21 – REVIEW AND AMENDMENT.

22 After a strategic development plan has been
 23 recorded with the county recorder, the plan shall
 24 remain in effect for not less than five years absent a
 25 showing of extraordinary circumstances necessitating a
 26 change in the plan. After expiration of the five-year
 27 period, the county or a city in the county may propose
 28 an amendment to the strategic development plan or may
 29 propose a review of the plan by filing notice with the
 30 county board of supervisors for the county and the
 31 city council of each city in the county. Upon receipt
 32 of such notice by the county and each city, the county

 36 the plan shall be upon the party proposing the
 37 amendment. The procedures for amending the strategic

 43 the county, or an owner of real property located in

 46 presented to the board for its approval. The judicial
 47 review provisions of this section and chapter 17A
 48 shall be the exclusive means by which a person or
 49 party who is aggrieved or adversely affected by action
 50 of the board may seek judicial review of the action of

Page 9

1 the board or of a local government.
 2 2. A petition for judicial review must be filed
 3 within sixty days after the strategic development plan
 4 is recorded with the county recorder. In accordance
 5 with the Iowa rules of civil procedure pertaining to
 6 service of process, copies of the petition shall be
 7 served upon the board.
 8 3. The court's review is limited to questions
 9 relating to jurisdiction, regularity of proceedings,
 10 and whether the action of the board is, by a
 11 preponderance of the evidence, arbitrary,

12 unreasonable, or without substantial supporting
 13 evidence. The court may nullify an action of the
 14 board and return the plan with appropriate directions
 15 to the board.

16 4. The filing of a petition for judicial review
 17 does not stay the effectiveness of the strategic
 18 development plan or recognition of strategic
 19 development areas and strategic preservation areas
 20 identified in the plan. However, the court may order
 21 a stay upon appropriate terms if it is shown to the
 22 satisfaction of the court that any party or the public
 23 at large is likely to suffer significant injury if a
 24 stay is not granted. If more than one petition for
 25 judicial review regarding a single board action is
 26 filed, all such petitions shall be consolidated and
 27 tried as a single civil action.

28 5. The following portions of section 17A.19 are
 29 not applicable to this chapter:

30 a. The portion of subsection 2 relating to where
 31 proceedings for judicial review shall be instituted.

 38 regulating land development and management within its
 39 territory that are inconsistent with the strategic
 40 development plan governing the territory.

41 2. A strategic development plan approved pursuant
 42 to this chapter shall be the basis for the
 43 comprehensive plan of each county required pursuant to
 44 section 335.5, if the county has adopted a zoning
 45 ordinance, and for the comprehensive plan of each city
 46 in the county required pursuant to section 414.3. The
 47 county and each city shall amend its comprehensive
 48 plan to conform to the strategic development plan.
 49 After a strategic development plan is approved, all
 50 land use decisions made by the governing body of each

Page 10

1 city and county and the city's or county's planning
 2 commission shall be consistent with the strategic
 3 development plan.

4 3. A city or county is under no obligation to

 9 INCENTIVES.

10 Cities shall provide regulatory incentives,

11 including expedited permitting and waiver of permit
 12 fees, for new development, expansion of existing

13 Sec. __. NEW SECTION. 366.9 DURATION OF PLANS
14 – REVIEW AND AMENDMENT.

15 After a strategic development plan has been
16 recorded with the county recorder, the plan shall
17 remain in effect for not less than five years absent a
18 showing of extraordinary circumstances necessitating a
19 change in the plan. After expiration of the five-year
20 period, the county or a city in the county may propose
21 an amendment to the strategic development plan or may
22 propose a review of the plan by filing notice with the
23 county board of supervisors for the county and the
24 city council of each city in the county. Upon receipt
25 of such notice by the county and each city, the county
26 board of supervisors shall promptly reconvene the

29 the plan shall be upon the party proposing the
30 amendment. The procedures for amending the strategic
31 development plan shall be the same as the procedures
32 set forth in this chapter for creating the original
33 strategic development plan.

34 Sec. __. NEW SECTION. 366.10 JUDICIAL REVIEW.

35 1. The county, a city in the county, a resident of
36 the county, or an owner of real property located in
37 the county may seek judicial review of a decision of
38 the board relating to the strategic development plan
39 presented to the board for its approval. The judicial
40 review provisions of this section and chapter 17A
41 shall be the exclusive means by which a person or
42 party who is aggrieved or adversely affected by action
43 of the board may seek judicial review of the action of
44 the board or of a local government.

45 2. A petition for judicial review must be filed
46 within sixty days after the strategic development plan
47 is recorded with the county recorder. In accordance
48 with the Iowa rules of civil procedure pertaining to
49 service of process, copies of the petition shall be
50 served upon the board.

Page 9

1 3. The court's review is limited to questions
2 relating to jurisdiction, regularity of proceedings,
3 and whether the action of the board is, by a
4 preponderance of the evidence, arbitrary,
5 unreasonable, or without substantial supporting
6 evidence. The court may nullify an action of the
7 board and return the plan with appropriate directions
8 to the board.

9 4. The filing of a petition for judicial review
10 does not stay the effectiveness of the strategic
11 development plan or recognition of strategic
12 development areas and strategic preservation areas
13 identified in the plan. However, the court may order
14 a stay upon appropriate terms if it is shown to the
15 satisfaction of the court that any party or the public
16 at large is likely to suffer significant injury if a
17 stay is not granted. If more than one petition for
18 judicial review regarding a single board action is
19 filed, all such petitions shall be consolidated and
20 tried as a single civil action.

21 5. The following portions of section 17A.19 are
22 not applicable to this chapter:

23 a. The portion of subsection 2 relating to where
24 proceedings for judicial review shall be instituted.

31 regulating land development and management within its
32 territory that are inconsistent with the strategic
33 development plan governing the territory.

34 2. A strategic development plan approved pursuant
35 to this chapter shall be the basis for the
36 comprehensive plan of each county required pursuant to
37 section 335.5, if the county has adopted a zoning
38 ordinance, and for the comprehensive plan of each city
39 in the county required pursuant to section 414.3. The
40 county and each city shall amend its comprehensive
41 plan to conform to the strategic development plan.
42 After a strategic development plan is approved, all
43 land use decisions made by the governing body of each
44 city and county and the city's or county's planning
45 commission shall be consistent with the strategic
46 development plan.

47 3. A city or county is under no obligation to

12 1. Budgeted ending fund balances on a cash basis
 13 for a budget year in excess of twenty-five percent of

14 budgeted expenditures in either the general fund,
15 county supplemental fund, or rural services fund for
16 that budget year shall be explicitly reserved or
17 designated for a specific purpose and specifically
18 described in the certified budget. The description
19 shall include the projected date that the expenditures
20 will be appropriated for the specific purpose. A
21 county is encouraged, but not required, to reduce
22 budgeted, unreserved, or undesignated ending fund
23 balances for the budget year to an amount equal to
24 approximately twenty-five percent of budgeted
25 expenditures in the general fund, county supplemental
26 fund, and rural services fund for that budget year
27 unless a decision is certified by the state appeal
28 board ordering a reduction in the ending fund balance
29 of any of those funds. In a protest to the county
30 budget under section 331.436, the county shall have
31 the burden of proving that the budgeted balances in
32 excess of twenty-five percent are reasonably likely to
33 be appropriated for the explicitly reserved or
34 designated specific purpose by the date identified in
35 the certified budget. The excess budgeted balance for
36 the specific purpose shall be considered an increase
37 in an item in the budget for purposes of section
38 24.28.

39 2. For a county that has, as of June 30, 2001,
40 reduced its actual ending fund balance to less than
41 twenty-five percent of actual expenditures on a cash
42 basis, additional property taxes may be computed and
43 levied as provided in this subsection. The additional
44 property tax levy amount is an amount not to exceed
45 twenty-five percent of actual expenditures from the
46 general fund and rural services fund for the fiscal
47 year beginning July 1, 2000, minus the combined ending
48 fund balances for those funds for that year. The
49 amount of the additional property taxes shall be
50 divided between the general fund and the rural

Page 15

1 services fund in proportion to the amount of actual
2 expenditures for general county services to total
3 actual expenditures for general and rural county
4 services for the fiscal year beginning July 1, 2000,
5 and in proportion to the amount of actual expenditures
6 for rural county services to total actual expenditures
7 for general and rural county services for the fiscal
8 year beginning July 1, 2000. However, the amount
9 apportioned for general county services and for rural
10 county services shall not exceed for each fund twenty-
11 five percent of actual expenditures for the fiscal
12 year beginning July 1, 2000.

13 All or a portion of additional property tax dollars
 14 may be levied for the purpose of increasing cash
 15 reserves for general county services and rural county
 16 services in the budget year. The additional property
 17 tax dollars authorized under this subsection but not
 18 levied may be carried forward as unused ending fund
 19 balance taxing authority until and for the fiscal year
 20 beginning July 1, 2007. The amount carried forward,
 21 when combined with unused taxing authority shall not
 22 exceed twenty-five percent of the maximum amount of
 23 property tax dollars available in the current fiscal
 24 year. Additionally, property taxes that are levied as
 25 unused ending fund balance taxing authority under this
 26 subsection may be the subject of a protest under
 27 section 331.436 and the amount will be considered an
 28 increase in an item in the budget for purposes of
 29 section 24.28. The amount of additional property
 30 taxes levied under this subsection shall not be
 31 included in the computation of the maximum amount of
 32 property tax dollars which may be certified and levied
 33 under section 331.423.

34 Sec. 118. Section 331.424, Code Supplement 2001,

9 April 10 preceding each fiscal year shall send to each

10 school district an estimate of the amount of tax
11 moneys each school district will receive for the year
12 and for each quarter of the year. At the end of each
13 quarter, the director may revise the estimates for the
14 year and remaining quarters.

15 b. The director shall remit ninety-five percent of
16 the estimated tax receipts collected during the
17 previous calendar quarter for the school district to
18 the school district on or before the end of the
19 following calendar quarter. The first distributions
20 shall be made on or before July 1, 2003, of the
21 estimated tax receipts collected during the calendar
22 quarter beginning January 1, 2003, and ending March
23 31, 2003.

24 c. The director shall remit a final payment of the
25 remainder of tax moneys due for the fiscal year before
26 November 10 of the next fiscal year. If an
27 overpayment has resulted during the previous fiscal
28 year, the November payment shall be adjusted to
29 reflect any overpayment.

30 d. If the distributions are to school districts
31 described in subsection 1, paragraph "a", the payments
32 to these school districts shall be made on a monthly
33 basis beginning with the first distribution to be made
34 in February 2003.

35 4. The department of revenue and finance has
36 rulemaking authority for purposes of carrying out the
37 provisions of this section.

Page 5

1 b. If a school district that qualifies to receive
2 a guaranteed school infrastructure amount under
3 section 298B.1, subsection 1, paragraph "a", elects to
4 receive moneys under section 298B.1, subsection 1,
5 paragraph "b", the school district shall use the
6 moneys received, in an amount equal to its guaranteed
7 school infrastructure amount, for the purposes
8 provided in paragraph "a" of this subsection until the

9 fiscal year immediately following the fiscal year in
10 which occurs the end of the original ten-year period
11 or the date listed on the original ballot proposition,
12 whichever is the earlier, as provided in chapter 422E,
13 at which time all moneys received shall be used as
14 provided in subsection 2.

15 2. a. Moneys received by a school district from
16 the school district sales tax fund under section
17 298B.1, subsection 1, paragraph "b", except to the
18 extent provided in subsection 1, paragraph "b", of the
19 section, shall be spent for property tax relief or
20 infrastructure purposes according to an infrastructure
21 plan developed by the board of directors. The
22 infrastructure plan may apply to more than one fiscal
23 year, but shall be reviewed periodically by the board
24 of directors. Prior to adoption of the plan, the
25 board of directors shall hold a public hearing on the
26 question of approval of the proposed plan. The board
27 shall set forth its proposal and shall publish the
28 notice of the time and place of a public hearing on
29 the proposed plan. Notice of the time and place of
30 the public hearing shall be published not less than
31 ten nor more than twenty days before the public
32 hearing in a newspaper which is a newspaper of general
33 circulation in the school district. At the hearing,
34 or no later than thirty days after the date of the
35 hearing, the board shall take action to adopt the
36 proposed plan.

37 b. If the board adopts the plan, the board shall
38 direct the county commissioner of elections to submit
39 the question of the approval or disapproval of the
40 infrastructure plan to the registered voters of the
41 school district at the next following regular school
42 election or a special election. If a majority of
43 those voting on the question favor the plan of the
44 board, the moneys received shall be used according to
45 the plan beginning with the first fiscal year
46 following that election until a change in the plan is
47 approved at a subsequent election by a majority of
48 those voting on the question. If a majority of those
49 voting on the question at the election does not favor
50 the plan of the board, the district shall use the

Page 6

1 moneys received as provided in paragraph "c" for the
2 fiscal year.

3 If a plan is not approved at an election, the
4 question of the approval of the plan or any part of
5 that plan shall not be submitted to the registered
6 voters sooner than six months from the date the plan
7 or part of the plan was previously submitted.

8 c. If the infrastructure plan is not approved at
 9 an election as provided in paragraph "b", or if a plan
 10 is not approved by the board, moneys received by a
 11 school district or moneys in excess of those needed
 12 for infrastructure purposes according to an approved
 13 plan shall be used for the fiscal year to reduce the
 14 following levies including income surtax, if any, in
 15 the order determined by the board:

16 (1) Bond levies under sections 298.18 and 298.18A
 17 and all other debt levies until the moneys received or
 18 the levies are reduced to zero.

19 (2) The regular physical plant and equipment levy
 20 under section 298.2, until the moneys received or the
 21 levy is reduced to zero.

22 (3) The voter-approved physical plant and
 23 equipment levy and income surtax, if any, under
 24 section 298.2, until the moneys received or the levy
 25 and income surtax, if any, is reduced to zero.

26 (4) The district management levy under section
 27 298.4, until the moneys received or the levy is
 28 reduced to zero.

29 (5) The cash reserve levy under section 298.10,
 30 until the moneys received or the levy is reduced to
 31 zero.

32 (6) The budget adjustment levy under section
 33 257.14, until the moneys received or the levy is
 34 reduced to zero.

35 (7) The playground and equipment levy under
 36 section 300.2, until the moneys received or the levy
 37 is reduced to zero.

38 d. For purposes of this subsection,
 39 "infrastructure purposes" means those purposes for
 40 which a school district is authorized to contract
 41 indebtedness and issue general obligation bonds under
 42 chapter 296 or to expend tax revenues under section
 43 298.3, the payment of principal and interest on
 44 general obligation bonds issued under chapter 296 or
 45 section 298.20 or loan agreements under section
 46 297.36, payments made pursuant to a real property
 47 lease or lease-purchase agreement, or the payment of
 48 principal and interest on bonds issued under section
 49 298.3 or 422E.4.

50 e. Notwithstanding any other provision in this

Page 7

1 subsection, moneys received by a school district from
 2 the school district sales tax fund under section
 3 298B.1, subsection 1, paragraph "b", during the fiscal
 4 year beginning July 1, 2002, shall be dedicated for
 5 property tax relief by reducing the levies specified
 6 in paragraph "c" for taxes payable in the fiscal year

7 beginning July 1, 2003. However, if an infrastructure
8 plan is approved at an election by the required
9 majority of those voting prior to April 15, 2003, any
10 amount of such dedicated moneys may be used for the
11 purposes specified under the plan.

12 Sec. 105. NEW SECTION. 298B.3 BONDING.

13 A school district receiving moneys pursuant to
14 section 298B.1, subsection 1, paragraph "a", or a
15 school district receiving moneys pursuant to section
16 298B.1, subsection 1, paragraph "b", which has
17 approved by election the use of the moneys for
18 infrastructure purposes, may anticipate the amount of
19 moneys to be received pursuant to section 298B.1 as
20 provided in this section.

21 The board of directors of a school district may
22 issue negotiable, interest-bearing school bonds,
23 without an additional election, and utilize tax
24 receipts derived from the school district sales tax
25 fund for principal and interest repayment. Proceeds
26 of the bonds issued pursuant to this section shall be
27 utilized solely for infrastructure purposes as defined
28 in section 298B.2, subsection 2.

29 Bonds issued under this section may be sold at
30 public sale as provided in chapter 75. Notice shall
31 be given and a hearing shall be held as provided in
32 section 73A.12. Bonds may bear dates, bear interest
33 at rates not exceeding that permitted by chapter 74A,
34 mature in one or more installments, be in either
35 coupon or registered form, carry registration and
36 conversion privileges, be payable as to principal and
37 interest at times and places, be subject to terms of
38 redemption prior to maturity with or without premium,
39 and be in one or more denominations, all as provided
40 by the resolution of the board of directors
41 authorizing their issuance. However, the maximum
42 period during which principal on the bonds is payable
43 shall not exceed the length of time the infrastructure
44 plan is valid. The resolution may also prescribe
45 additional provisions, terms, conditions, and
46 covenants which the board of directors deems
47 advisable, including provisions for creating and
48 maintaining reserve funds, the issuance of additional
49 bonds ranking on a parity with such bonds and
50 additional bonds junior and subordinate to such bonds,

Page 8

1 and that such bonds shall rank on a parity with or be
2 junior and subordinate to any bonds which may be then
3 outstanding. Bonds may be issued to refund
4 outstanding and previously issued bonds under this
5 section. Bonds are a contract between the school

6 district and holders, and the resolution issuing the
 7 bonds and pledging tax revenues to be received from
 8 the school district sales tax fund to the payment of
 9 principal and interest on the bonds is a part of the
 10 contract. Bonds issued pursuant to this section shall
 11 not constitute indebtedness within the meaning of any
 12 constitutional or statutory debt limitation or
 13 restriction, and shall not be subject to any other law
 14 relating to the authorization, issuance, or sale of
 15 bonds.

16 A school district may enter into a chapter 28E
 17 agreement with another school district or other public
 18 entity. The school district shall only expend its
 19 designated portion of tax revenues to be received from
 20 the school district sales tax fund.

21 Sec. 106. NEW SECTION. 298B.4 REPEAL.

22 This chapter is repealed July 1, 2022, for fiscal
 23 years beginning on or after that date.

24 Sec. 107. Section 422.43, subsections 1, 2, 4, 5,
 25 6, 7, 10, and 12, Code Supplement 2001, are amended to
 26 read as follows:

27 1. There is imposed a tax of ~~five~~ six percent upon
 28 the gross receipts from all sales of tangible personal
 29 property, consisting of goods, wares, or merchandise,
 30 except as otherwise provided in this division, sold at
 31 retail in the state to consumers or users; a like rate
 32 of tax upon the gross receipts from the sales,
 33 furnishing, or service of gas, electricity, water,
 34 heat, pay television service, and communication
 35 service, including the gross receipts from such sales
 36 by any municipal corporation or joint water utility
 37 furnishing gas, electricity, water, heat, pay
 38 television service, and communication service to the
 39 public in its proprietary capacity, except as
 40 otherwise provided in this division, when sold at
 41 retail in the state to consumers or users; a like rate
 42 of tax upon the gross receipts from all sales of
 43 tickets or admissions to places of amusement, fairs,
 44 and athletic events except those of elementary and
 45 secondary educational institutions; a like rate of tax
 46 on the gross receipts from an entry fee or like charge
 47 imposed solely for the privilege of participating in
 48 an activity at a place of amusement, fair, or athletic
 49 event unless the gross receipts from the sales of
 50 tickets or admissions charges for observing the same

Page 9

1 activity are taxable under this division; and a like
 2 rate of tax upon that part of private club membership
 3 fees or charges paid for the privilege of
 4 participating in any athletic sports provided club

5 members.

6 2. There is imposed a tax of ~~five~~ six percent upon
7 the gross receipts derived from the operation of all
8 forms of amusement devices and games of skill, games
9 of chance, raffles, and bingo games as defined in
10 chapter 99B, operated or conducted within the state,
11 the tax to be collected from the operator in the same
12 manner as for the collection of taxes upon the gross
13 receipts of tickets or admission as provided in this
14 section. The tax shall also be imposed upon the gross
15 receipts derived from the sale of lottery tickets or
16 shares pursuant to chapter 99E. The tax on the
17 lottery tickets or shares shall be included in the
18 sales price and distributed to the general fund as
19 provided in section 99E.10.

20 4. There is imposed a tax of ~~five~~ six percent upon
21 the gross receipts from the sales of engraving,
22 photography, retouching, printing, and binding
23 services. For the purpose of this division, the sales
24 of engraving, photography, retouching, printing, and
25 binding services are sales of tangible property.

26 5. There is imposed a tax of ~~five~~ six percent upon
27 the gross receipts from the sales of vulcanizing,
28 recapping, and retreading services. For the purpose
29 of this division, the sales of vulcanizing, recapping,
30 and retreading services are sales of tangible
31 property.

32 6. There is imposed a tax of ~~five~~ six percent upon
33 the gross receipts from the sales of optional service
34 or warranty contracts, except residential service
35 contracts regulated under chapter 523C, which provide
36 for the furnishing of labor and materials and require
37 the furnishing of any taxable service enumerated under
38 this section. The gross receipts are subject to tax
39 even if some of the services furnished are not
40 enumerated under this section. For the purpose of
41 this division, the sale of an optional service or
42 warranty contract, other than a residential service
43 contract regulated under chapter 523C, is a sale of
44 tangible personal property. Additional sales,
45 services, or use taxes shall not be levied on
46 services, parts, or labor provided under optional
47 service or warranty contracts which are subject to tax
48 under this section.

49 If the optional service or warranty contract is a
50 computer software maintenance or support service

Page 10

1 contract and there is no separately stated fee for the
2 taxable personal property or for the nontaxable
3 service, the tax of ~~five~~ six percent imposed by this

4 subsection shall be imposed on fifty percent of the
5 gross receipts from the sale of such contract. If the
6 contract provides for technical support services only,
7 no tax shall be imposed under this subsection. The
8 provisions of this subsection also apply to the tax
9 imposed by chapter 423.

10 7. There is imposed a tax of ~~five~~ six percent upon
11 the gross receipts from the renting of rooms,
12 apartments, or sleeping quarters in a hotel, motel,

15 tourist court, or in any place where sleeping
16 accommodations are furnished to transient guests for
17 rent, whether with or without meals. "Renting" and
18 "rent" include any kind of direct or indirect charge
19 for such rooms, apartments, or sleeping quarters, or
20 their use. For the purposes of this division, such
21 renting is regarded as a sale of tangible personal
22 property at retail. However, this tax does not apply
23 to the gross receipts from the renting of a room,
24 apartment, or sleeping quarters while rented by the
25 same person for a period of more than thirty-one
26 consecutive days.

27 10. There is imposed a tax of ~~five~~ six percent
28 upon the gross receipts from the rendering,
29 furnishing, or performing of services as defined in
30 section 422.42.

31 12. A tax of ~~five~~ six percent is imposed upon the
32 gross receipts from the sales of prepaid telephone
33 calling cards and prepaid authorization numbers. For
34 the purpose of this division, the sales of prepaid
35 telephone calling cards and prepaid authorization
36 numbers are sales of tangible personal property.

37 Sec. 108. Section 422.43, subsection 13, paragraph
38 a, unnumbered paragraph 1, Code Supplement 2001, is
39 amended to read as follows:

40 A tax of ~~five~~ six percent is imposed upon the gross
41 receipts from the sales, furnishing, or service of
42 solid waste collection and disposal service.

44 Code Supplement 2001, are amended to read as follows:

45 16. a. A tax of ~~five~~ six percent is imposed upon
46 the gross receipts from sales of bundled services
47 contracts. For purposes of this subsection, a
48 "bundled services contract" means an agreement
49 providing for a retailer's performance of services,
50 one or more of which is a taxable service enumerated

Page 11

1 in this section and one or more of which is not, in
2 return for a consumer's or user's single payment for

3 the performance of the services, with no separate
4 statement to the consumer or user of what portion of
5 that payment is attributable to any one service which
6 is a part of the contract.

7 b. For purposes of the administration of the tax
8 on bundled services contracts, the director may enter
9 into agreements of limited duration with individual
10 retailers, groups of retailers, or organizations
11 representing retailers of bundled services contracts.
12 Such an agreement shall impose the tax rate only upon
13 that portion of the gross receipts from a bundled
14 services contract which is attributable to taxable
15 services provided under the contract.

16 17. A tax of ~~five~~ six percent is imposed upon the
17 gross receipts from any mobile telecommunication
18 service which this state is allowed to tax by the

20 Sourcing Act, Pub. L. No. 106-252, 4 U.S.C. § 116 et
21 seq. For purposes of this subsection, taxes on mobile
22 telecommunications service, as defined under the
23 federal Mobile Telecommunications Sourcing Act, that
24 are deemed to be provided by the customer's home
25 service provider shall be paid to the taxing
26 jurisdiction whose territorial limits encompass the
27 customer's place of primary use, regardless of where
28 the mobile telecommunication service originates,
29 terminates, or passes through and shall in all other
30 respects be taxed in conformity with the federal
31 Mobile Telecommunications Sourcing Act. All other
32 provisions of the federal Mobile Telecommunications
33 Sourcing Act are adopted by the state of Iowa and
34 incorporated into this subsection by reference. With
35 respect to mobile telecommunications service under the
36 federal Mobile Telecommunications Sourcing Act the
37 director shall, if requested, enter into agreements
38 consistent with the provisions of the federal Act.

39 Sec. 110. Section 422.43, Code Supplement 2001, is
40 amended by adding the following new subsection:

41 NEW SUBSECTION. 18. The sales tax rate of six
42 percent is reduced to five percent on July 1, 2022.

43 Sec. 111. Section 422.47, Code Supplement 2001, is
44 amended by adding the following new subsection:

45 NEW SUBSECTION. 2. Construction contractors may
46 make application to the department for a refund of the
47 additional one percent tax paid under this division by
48 reason of the increase in the tax from five to six
49 percent for taxes paid on goods, wares, or merchandise
50 under the following conditions:

Page 12

1 a. The goods, wares, or merchandise are
2 incorporated into an improvement to real estate in
3 fulfillment of a written contract fully executed prior
4 to January 1, 2003. The refund shall not apply to
5 equipment transferred in fulfillment of a mixed
6 construction contract.

7 b. The contractor has paid to the department or to
8 a retailer the full six percent tax.

9 c. The claim is filed on forms provided by the
10 department and is filed within one year of the date
11 the tax is paid.

12 A contractor who makes an erroneous application for
13 refund shall be liable for payment of the excess
14 refund paid plus interest at the rate in effect under
15 section 421.7. In addition, a contractor who
16 willfully makes a false application for refund is
17 guilty of a simple misdemeanor and is liable for a
18 penalty equal to fifty percent of the excess refund
19 claimed. Excess refunds, penalties, and interest due
20 under this subsection may be enforced and collected in
21 the same manner as the tax imposed by this division.

22 Sec. 112. Section 422.69, subsection 2, Code 2001,
23 is amended to read as follows:

24 2. a. Unless Except as provided in paragraph "b",
25 or as otherwise provided, the fees, taxes, interest,
26 and penalties collected under this chapter shall be
27 credited to the general fund.

28 b. One-sixth of the fees, taxes, interest, and
29 penalties collected pursuant to division IV shall be
30 credited to the school district sales tax fund created
31 in section 298B.1. This paragraph is repealed July 1,
32 2022.

33 Sec. 113. Section 422E.1, Code 2001, is amended by
34 adding the following new subsection:

35 NEW SUBSECTION. 4. a. This chapter does not
36 apply to any county after the effective date of this
37 section of this Act, except to the extent provided in
38 paragraph "b". Any election on the imposition of the
39 local sales and services tax scheduled to be held on
40 or after the effective date of this section of this
41 Act shall not be held.

42 b. A county that has voted on and approved prior
43 to March 31, 2002, a local sales and services tax for
44 school infrastructure purposes shall impose the tax
45 until December 31, 2002. However, the increase in the
46 state sales and services tax under chapter 422,
47 division IV, from five percent on January 1, 2003, to
48 six percent shall replace the county's local sales and
49 services tax for school infrastructure purposes and to
50 this extent the local sales and services tax for

Page 13

1 school infrastructure purposes is repealed.
2 Sec. 114. APPLICABILITY. This section applies in
3 regard to the increase in the state sales tax from
4 five to six percent. The six percent rate applies to
5 all sales of taxable personal property, consisting of
6 goods, wares, or merchandise if delivery occurs on or
7 after January 1, 2003. The six percent rate applies
8 to the gross receipts from the sale, furnishing, or
9 service of gas, electricity, water, heat, pay
10 television service, and communication service if the
11 date of billing the customer is on or after January 1,
12 2003. In the case of a service contract entered into
13 prior to January 1, 2003, which contract calls for
14 periodic payments, the six percent rate applies to
15 those payments made or due on or after January 1,
16 2003. This periodic payment applies, but is not
17 limited to, tickets or admissions, private club
18 membership fees, sources of amusement, equipment
19 rental, dry cleaning, reducing salons, dance schools,
20 and all other services subject to tax, except the
21 aforementioned utility services which are subject to a
22 special transitional rule. Unlike periodic payments
23 under service contracts, installment sales of goods,
24 wares, and merchandise are subject to the full amount
25 of sales or use tax when the sales contract is entered
26 into.

27 Sec. 115. EFFECTIVE DATES.

7 to the plan necessary for its approval by the board.
8 The board shall have approved all plans by January 1,

10 Sec. . NEW SECTION. 366.8 RECORDING OF

16 county recorder no later than five days after
17 receiving the plan from the board.

18 Sec. . NEW SECTION. 366.9 DURATION OF PLANS
19 – REVIEW AND AMENDMENT.

20 After a strategic development plan has been
21 recorded with the county recorder, the plan shall
22 remain in effect for not less than five years absent a
23 showing of extraordinary circumstances necessitating a
24 change in the plan. After expiration of the five-year
25 period, the county or a city in the county may propose
26 an amendment to the strategic development plan or may
27 propose a review of the plan by filing notice with the
28 county board of supervisors for the county and the
29 city council of each city in the county. Upon receipt
30 of such notice by the county and each city, the county
31 board of supervisors shall promptly reconvene the
32 local strategic planning committee. The burden of
33 proving the reasonableness of a proposed amendment to
34 the plan shall be upon the party proposing the
35 amendment. The procedures for amending the strategic
36 development plan shall be the same as the procedures
37 set forth in this chapter for creating the original
38 strategic development plan.

39 Sec. . NEW SECTION. 366.10 JUDICIAL REVIEW.

40 1. The county, a city in the county, a resident of
41 the county, or an owner of real property located in
42 the county may seek judicial review of a decision of
43 the board relating to the strategic development plan
44 presented to the board for its approval. The judicial
45 review provisions of this section and chapter 17A
46 shall be the exclusive means by which a person or
47 party who is aggrieved or adversely affected by action
48 of the board may seek judicial review of the action of
49 the board or of a local government.

50 2. A petition for judicial review must be filed

Page 9

2 is recorded with the county recorder. In accordance
3 with the Iowa rules of civil procedure pertaining to
4 service of process, copies of the petition shall be
5 served upon the board.

6 3. The court's review is limited to questions
7 relating to jurisdiction, regularity of proceedings,
8 and whether the action of the board is, by a
9 preponderance of the evidence, arbitrary,
10 unreasonable, or without substantial supporting
11 evidence. The court may nullify an action of the
12 board and return the plan with appropriate directions
13 to the board.

14 4. The filing of a petition for judicial review
15 does not stay the effectiveness of the strategic
16 development plan or recognition of strategic
17 development areas and strategic preservation areas
18 identified in the plan. However, the court may order
19 a stay upon appropriate terms if it is shown to the
20 satisfaction of the court that any party or the public
21 at large is likely to suffer significant injury if a
22 stay is not granted. If more than one petition for
23 judicial review regarding a single board action is
24 filed, all such petitions shall be consolidated and
25 tried as a single civil action.

26 5. The following portions of section 17A.19 are
27 not applicable to this chapter:

28 a. The portion of subsection 2 relating to where
29 proceedings for judicial review shall be instituted.

37 land development and management within its territory
38 that are inconsistent with the strategic development
39 plan governing the territory.

40 2. A county that has approved a strategic
41 development plan pursuant to this chapter, and any
42 city in such county, shall use the strategic
43 development plan as the basis for the comprehensive
44 plan required pursuant to section 335.5 or 414.3 if
45 the county or city has adopted a zoning ordinance.
46 The county and each city shall amend its comprehensive
47 plan to conform to the strategic development plan.
48 After a strategic development plan is approved, all
49 land use decisions made by the governing body of each
50 city and county and the city's or county's planning

Page 10

1 commission shall be consistent with the strategic
2 development plan.

3 3. A city or county is under no obligation to
4 provide municipal services for development that does
5 not conform to the applicable strategic development
6 plan.

7 Sec. __. NEW SECTION. 366.12 COUNTY AND CITY
8 ZONING DISCRETIONARY.

9 This chapter shall not be construed as imposing a
10 requirement on a county or city to adopt a zoning
11 ordinance pursuant to chapter 335 or 414.

12 Sec. __. NEW SECTION. 414.32 REGULATORY
13 INCENTIVES.

14 Cities may provide regulatory incentives, including
15 expedited permitting and waiver of permit fees, for
16 new development, expansion of existing development,

8 under the control of the department of revenue and
9 finance. Moneys in the fund include revenues credited

11 appropriations made to the fund, and other moneys
12 deposited into the fund. The moneys credited in a
13 fiscal year to the fund shall be distributed as
14 follows:

15 a. (1) A school district located in whole or in
16 part in a county that voted on and approved prior to
17 March 31, 2002, the local sales and services tax for
18 school infrastructure purposes under chapter 422E
19 shall receive an amount equal to its guaranteed school
20 infrastructure amount as calculated under subsection 2
21 if the board of directors notifies the director of
22 revenue and finance that the school district wants to
23 receive its guaranteed school infrastructure amount.
24 The notification shall be provided by July 1, 2003.
25 If notification is not received by July 1, 2003, the
26 school district shall receive moneys pursuant to
27 paragraph "b". Nothing in this chapter shall prevent
28 a school district from using its guaranteed school
29 infrastructure amount to pay principal and interest on
30 obligations issued pursuant to section 422E.4.

31 (2) A school district receiving moneys pursuant to
32 subparagraph (1) shall cease to receive its guaranteed
33 school infrastructure amount and shall receive moneys
34 pursuant to paragraph "b" starting with the calendar
35 quarter immediately following the calendar quarter in
36 which occurs the end of the original ten-year period
37 or the date listed on the original ballot proposition,
38 whichever is the earlier, as provided in chapter 422E.
39 However, a school district receiving moneys pursuant
40 to subparagraph (1) may elect at anytime to receive
41 moneys pursuant to paragraph "b" by providing
42 notification to receive moneys pursuant to paragraph
43 "b" to the director of revenue and finance and the

49 pursuant to paragraph "a" shall be distributed to
50 school districts not receiving moneys under paragraph

Page 2

1 "a" on a per student basis calculated by the director
2 of revenue and finance by dividing the moneys
3 available during the previous calendar quarter by the
4 combined actual enrollment for all school districts
5 receiving distributions under this paragraph.

6 (2) The combined actual enrollment for school
7 districts, for purposes of subparagraph (1), shall be
8 calculated by adding together the actual enrollment
9 for each school district receiving distributions under
10 subparagraph (1) as determined by the department of
11 management based on the actual enrollment figures
12 reported by October 1 to the department of management
13 by the department of education pursuant to section
14 257.6, subsection 1. The combined actual enrollment

17 supplying estimated tax payment figures and making tax
18 payments pursuant to subsection 3 for the following
19 four calendar quarters.

20 2. a. For purposes of distributions under
21 subsection 1, paragraph "a", the school district's
22 guaranteed school infrastructure amount shall be
23 calculated according to the following formula:

24 The district's guaranteed school infrastructure
25 amount equals the product of the county guaranteed
26 school infrastructure amount times the district's
27 county actual enrollment divided by the county
28 combined actual enrollment.

29 b. For purposes of the formula in paragraph "a":

30 (1) "Base year" means the fiscal year beginning
31 July 1, 2001.

42 (4) "County guaranteed school infrastructure
43 amount" means an amount equal to the product of the
44 county's chapter 422E proportionate share times the

45 amount deposited in the school district sales tax fund
46 for the current quarter times the current quarter
47 county taxable sales percentage divided by the base
48 year county taxable sales percentage.
49 (5) "County's chapter 422E proportionate share"
50 means the percentage that the annualized revenues

Page 3

1 received or which would have been received in the
2 county under chapter 422E for the base year is of one-
3 fifth of the total state sales tax revenues collected
4 for deposit into the general fund of the state for the
5 base year.

6 (6) "Current quarter" means the calendar quarter
7 for which distributions under this section are being
8 made.

9 (7) "Current quarter county taxable sales
10 percentage" means the percentage that the taxable
11 sales in the county during the current quarter is of
12 the total state taxable sales during the current
13 quarter.

14 (8) "District's county actual enrollment" means
15 the actual enrollment of the school district that
16 attends school in the county for which the county

27 year and remaining quarters.

28 b. The director shall remit ninety-five percent of
29 the estimated tax receipts collected during the
30 previous calendar quarter for the school district to
31 the school district on or before the end of the
32 following calendar quarter. The first distributions
33 shall be made on or before July 1, 2003, of the
34 estimated tax receipts collected during the calendar
35 quarter beginning January 1, 2003, and ending March
36 31, 2003.

37 c. The director shall remit a final payment of the
38 remainder of tax moneys due for the fiscal year before
39 November 10 of the next fiscal year. If an
40 overpayment has resulted during the previous fiscal
41 year, the November payment shall be adjusted to
42 reflect any overpayment.

43 d. If the distributions are to school districts

44 described in subsection 1, paragraph "a", the payments
45 to these school districts shall be made on a monthly
46 basis beginning with the first distribution to be made

3 1. a. A school district receiving moneys from the
4 school district sales tax fund under section 298B.1,
5 subsection 1, paragraph "a", shall use the moneys as

50 b. If the board adopts the plan, the board shall

Page 5

1 direct the county commissioner of elections to submit
2 the question of the approval or disapproval of the
3 infrastructure plan to the registered voters of the
4 school district at the next following regular school
5 election or a special election. If a majority of
6 those voting on the question favor the plan of the
7 board, the moneys received shall be used according to
8 the plan beginning with the first fiscal year
9 following that election until a change in the plan is
10 approved at a subsequent election by a majority of
11 those voting on the question. If a majority of those

16 If a plan is not approved at an election, the

15 the school district sales tax fund under section
16 298B.1, subsection 1, paragraph "b", during the fiscal

18 property tax relief by reducing the levies specified
19 in paragraph "c" for taxes payable in the fiscal year
20 beginning July 1, 2003. However, if an infrastructure
21 plan is approved at an election by the required
22 majority of those voting prior to April 15, 2003, any
23 amount of such dedicated moneys may be used for the
24 purposes specified under the plan.

25 Sec. 105. NEW SECTION. 298B.3 BONDING.

26 A school district receiving moneys pursuant to
27 section 298B.1, subsection 1, paragraph "a", or a
28 school district receiving moneys pursuant to section
29 298B.1, subsection 1, paragraph "b", which has
30 approved by election the use of the moneys for

32 moneys to be received pursuant to section 298B.1 as
33 provided in this section.

34 The board of directors of a school district may

5 Sec. 23. NEW SECTION. 455B.166 DEPARTMENT OF
6 NATURAL RESOURCES – DEVELOPMENT OF COMPREHENSIVE
7 PLANS AND PROGRAMS FOR AIR QUALITY.

8 1. As used in this section, unless the context
9 otherwise requires:

10 a. "Airborne pollutant" means hydrogen sulfide,
11 ammonia, or odor.

12 b. "Separated location" means a location or object
13 from which a separation distance is required under
14 section 455B.162, other than a public thoroughfare.

15 2. The department shall conduct a comprehensive
16 field study to monitor the level of airborne
17 pollutants emitted from animal feeding operations in
18 this state, including but not limited to each type of
19 confinement feeding operation structure.

20 3. a. After the completion of the field study,
21 the department may develop comprehensive plans and
22 programs for the abatement, control, and prevention of

23 airborne pollutants originating from animal feeding
24 operations in accordance with this section. The
25 comprehensive plans and programs may be developed if
26 the baseline data from the field study demonstrates to
27 a reasonable degree of scientific certainty that
28 airborne pollutants emitted by a confinement feeding
29 operation are present at a separated location at
30 levels commonly known to cause a material and
31 verifiable adverse health effect. The department may
32 adopt any comprehensive plans or programs in
33 accordance with chapter 17A prior to implementation or
34 enforcement of an air quality standard but in no event
35 shall the plans and programs provide for the
36 enforcement of an air quality standard or emission
37 limitation prior to December 1, 2004.

38 b. Any air quality standard established by the
39 department for animal feeding operations under the
40 comprehensive plans and programs shall be based on
41 distances measured from a confinement feeding
42 operation structure to a separated location. In
43 providing for the enforcement of the standards, the
44 department shall take all initial measurements at the
45 separated location. If the department determines that
46 a violation of the standards exists, the department
47 may conduct an investigation to trace the source of
48 the airborne pollutant, including by taking
49 measurements at the property line of the separated
50 location. This section does not prohibit the

Page 14

1 department from entering the premises of an animal
2 feeding operation in compliance with section 455B.103.
3 The department shall comply with standard biosecurity
4 requirements customarily required by the animal
5 feeding operation which are necessary in order to
6 control the spread of disease among an animal
7 population.

8 c. The department shall establish recommended best
9 management practices, mechanisms, processes, or
10 infrastructure under the comprehensive plans and
11 programs in order to reduce the airborne pollutants
12 emitted from an animal feeding operation.

13 d. The department shall provide a procedure for
14 the approval and monitoring of alternative or
15 experimental practices, mechanisms, processes, or
16 infrastructure to reduce the airborne pollutants
17 emitted from an animal feeding operation, which may be
18 incorporated as part of the comprehensive plans and
19 programs developed under this section.

20 Sec. 24. NEW SECTION. 455B.167 CIVIL PENALTY.

21 A person who violates this part shall be subject to

22 a civil penalty which shall be established, assessed,
 23 and collected in the same manner as provided in
 24 section 455B.109. Any civil penalty collected shall
 25 be deposited in the animal agriculture compliance fund
 26 created in section 455B.127.

27 Sec. 25. Section 455B.171, subsections 2, 3, 4, 5,
 28 6, 8, 20, 43, and 47, Code 2001, are amended by
 29 striking the subsections.

30 Sec. 26. Section 455B.191, subsection 8, Code
 31 2001, is amended to read as follows:

32 8. Moneys assessed and collected in civil
 33 penalties and interest earned on civil penalties,
 34 arising out of a violation involving an animal feeding
 35 operation, shall be deposited in the ~~manure storage~~
 36 ~~indemnity animal agriculture compliance~~ fund as
 37 created in section ~~455J.2~~ 455B.127.

38 SUBPART B

39 ANIMAL FEEDING OPERATIONS

40 Sec. 27. Section 455B.200, Code 2001, is amended
 41 to read as follows:

42 455B.200 GENERAL.

43 1. The commission shall establish by rule adopted
 44 pursuant to chapter 17A, requirements relating to the
 45 construction, including expansion, or operation of
 46 animal feeding operations, including related animal
 47 feeding operation structures. The requirements shall
 48 include but are not limited to minimum manure control,
 49 the issuance of permits, and departmental
 50 investigations, inspections, and testing.

Page 15

1 2. Any provision referring generally to compliance
 2 with the requirements of this chapter as applied to
 3 animal feeding operations also includes compliance
 4 with requirements in rules adopted by the commission
 5 pursuant to this section, orders issued by the
 6 department as authorized under this chapter, and the
 7 terms and conditions applicable to permits or manure
 8 management plans required under this subpart.
 9 However, for purposes of approving or disapproving an
 10 application for a construction permit as provided in
 11 section 455B.200E, conditions for the approval of an
 12 application based on results produced by a master
 13 matrix are not requirements of this chapter until the
 14 department approves or disapproves an application
 15 based on those results.

16 3. The department and the attorney general shall
 17 enforce the provisions of this chapter in the same
 18 manner as provided in division I, unless otherwise
 19 provided in this section.

20 Sec. 28. Section 455B.200A, subsections 1 through

21 4, Code 2001, are amended to read as follows:
 22 1. The department shall approve or
 23 disapprove applications for permits for the
 24 construction, including the expansion, of animal
 25 feeding operation structures, including structures
 26 which are part of confinement feeding operations
 27 operation structures, as provided by rules adopted
 28 pursuant to section 455B.200 in this chapter. The A
 29 person shall not begin construction of a confinement
 30 feeding operation structure requiring a permit under
 31 this section, unless the department shall issue a
 32 first approves the person's application and issues to
 33 the person a construction permit to an animal feeding
 34 operation if an application is submitted according to
 35 procedures required by the department and. The
 36 department shall provide conditions for requiring when
 37 a person must obtain a construction permit.
 38 a. Except as provided in paragraph "b", a person
 39 must obtain a permit to construct any of the
 40 following:
 41 (1) A confinement feeding operation structure if
 42 after construction its confinement feeding operation
 43 would have an animal unit capacity of at least one
 44 thousand animal units.
 45 (2) The confinement feeding operation structure is
 46 an unformed manure storage structure.
 47 b. A person is not required to obtain a permit to
 48 construct a confinement feeding operation structure,
 49 if any of the following apply:
 50 (1) The confinement feeding operation structure,

Page 16

1 if constructed, would be part of a small animal
 2 feeding operation.

 4 part of a confinement feeding operation which is owned
 5 by a research college conducting research activities
 6 as provided in section 455B.206.
 7 2. The department shall issue a construction
 8 permit upon approval of an application. The
 9 department shall approve the application meets
 10 standards established by the department, if the
 11 application is submitted to the county board of
 12 supervisors in the county where the proposed
 13 confinement feeding operation is to be located as
 14 required pursuant to section 455B.200E, and the
 15 application meets the requirements of this chapter.
 16 If a county submits an approved recommendation
 17 pursuant to a construction evaluation resolution filed
 18 with the department, the application must also achieve
 19 a satisfactory rating produced by the master matrix

20 used by the board or department under section
 21 455B.200E. The department shall approve the
 22 application regardless of whether the animal feeding
 23 operation applicant is required to obtain such to be
 24 issued a construction permit. The department shall
 25 not require that a person obtain a permit for the
 26 construction of an animal feeding operation structure
 27 if the structure is part of a small animal feeding
 28 operation. For purposes of this section, an animal
 29 feeding operation structure includes a manure storage
 30 structure.

31 ~~2. 3.~~ The department shall not issue approve an
 32 application for a construction permit for the
 33 construction of an animal feeding operation structure
 34 which is part of a confinement feeding operation
 35 unless the person applicant submits all of the
 36 following:

37 a. An indemnity fee as provided in section 455J.3

44 c. A construction permit application fee as
 45 provided in section 455B.203C.

46 ~~3A.~~ The applicant may submit a master matrix as
 47 completed by the applicant.

48 ~~3. 4. a.~~ A confinement feeding operation meets
 49 threshold requirements under this paragraph if the
 50 confinement feeding operation after construction of a

Page 17

1 proposed confinement feeding operation would have a
 2 minimum animal unit capacity of the following:

3 (1) Three thousand animal units for animals other
 4 than swine maintained as part of a swine farrowing and
 5 gestating operation or farrow-to-finish operation or
 6 cattle maintained as part of a cattle operation.

7 (2) One thousand two hundred fifty animal units
 8 for swine maintained as part of a swine farrowing and
 9 gestating operation.

10 (3) Two thousand seven hundred fifty animal units
 11 for swine maintained as part of a farrow-to-finish
 12 operation.

13 (4) Four thousand animal units for cattle
 14 maintained as part of a cattle operation.

15 b. The department shall not issue approve an
 16 application for a construction permit for the
 17 construction of unless the following apply:

18 (1) If the application is for a permit to

19 construct an unformed manure storage structure, the
20 application must include a statement approved by a
21 professional engineer certifying that the construction
22 of the unformed manure storage structure complies with
23 the construction design standards required in this
24 subpart.

25 (2) If the application is for a permit to
26 construct three or more animal confinement feeding
27 operation structures unless the applicant files, the
28 application must include a statement approved by a
29 professional engineer registered pursuant to chapter
30 542B certifying providing that the construction of the
31 animal confinement feeding operation structures will
32 not impede the drainage through established drainage
33 tile lines which cross property boundary lines unless
34 measures are taken to reestablish the drainage prior
35 to completion of construction. For a confinement
36 feeding operation that meets threshold requirements,
37 the statement must be approved by a professional
38 engineer. Otherwise, if the application is for a
39 permit to construct a formed manure storage structure,
40 the statement must be part of the construction design
41 statement as provided in section 455B.200C.

42 (3) If the application is for a permit to
43 construct a formed manure storage structure, other
44 than for a confinement feeding operation meeting
45 threshold requirements, the applicant must include a
46 construction design statement as provided in section
47 455B.200C. An application for a permit to construct a
48 formed manure storage structure as part of a
49 confinement feeding operation that meets threshold
50 requirements must include a statement approved by a

Page 18

1 professional engineer certifying that the construction
2 of the formed manure storage structure complies with
3 the requirements of this subpart.

4 (4) The department may only require that an
5 application for a permit to construct a formed manure
6 storage structure or egg washwater storage structure
7 that is part of a confinement feeding operation
8 meeting threshold requirements include an engineering
9 report, construction plans, or specifications prepared
10 by a licensed professional engineer or the natural
11 resources conservation service of the United States
12 department of agriculture.

13 4. 5. Prior As a condition to issuing a permit to
14 a person approving an application for the construction
15 of an animal feeding operation a construction permit,
16 the department may require any of the following:
17 a. The installation of a related pollution control

18 device or practice, including but not limited to the
 19 installation and operation of a hydrological water
 20 pollution monitoring system for an exclusively earthen
 21 unformed manure storage structure according to rules
 22 which shall be adopted by the department.

23 b. The department's approval of the installation
 24 of any proposed system to permanently lower the
 25 groundwater table at a site as part of the
 26 construction of an unformed manure storage structure,
 27 as is necessary to ensure that the unformed manure
 28 storage structure does not pollute groundwater
 29 sources, including providing for standards as provided
 30 in section 455B.205.

31 Sec. 29. Section 455B.200A, subsections 5 through

 11 feeding operations having a combined animal unit
 12 capacity of one thousand animal units or more.

13 Sec. 32. Section 455B.200B, Code 2001, is amended
 14 by adding the following new subsections:

15 NEW SUBSECTION. 3. In calculating the animal unit
 16 capacity of a confinement feeding operation, the

17 animal unit capacity shall include the animal unit
18 capacity of all confinement feeding operation
19 buildings which are part of the confinement feeding
20 operation, unless a confinement feeding operation
21 building has been abandoned as provided in section
22 455B.161A.

23 NEW SUBSECTION. 4. All distances between
24 locations or objects provided in this subpart shall be
25 measured in feet from their closest points.

26 NEW SUBSECTION. 5. a. The department shall
27 designate by rule each one hundred year floodplain in
28 this state according to the location of the one
29 hundred year floodplain. A person shall not be
30 prohibited from constructing a confinement feeding
31 operation on a one hundred year floodplain unless the
32 one hundred year floodplain is designated by rule in
33 accordance with this subsection.

34 b. (1) Until the effective date of rules adopted
35 by the department to designate the location of each
36 one hundred year floodplain in this state, a person
37 shall not construct a confinement feeding operation
38 structure on land that contains a soil type classified
39 as alluvial unless the one of the following applies:

40 (a) If the person does not apply for a
41 construction permit as provided in section 455B.200A,
42 the person must petition the department for a
43 declaratory order pursuant to section 17A.9 to
44 determine whether the location of the proposed
45 confinement feeding operation structure is located on
46 a one hundred year floodplain. The department shall
47 issue a declaratory order in response to the petition,
48 notwithstanding any other provision provided in
49 section 17A.9 to the contrary, within thirty days from
50 the date that the petition is filed with the

Page 20

1 department.

2 (b) If the person does apply for a construction
3 permit as provided in section 455B.200A, the person
4 must identify that the land contains a soil type
5 classified as alluvial. The department shall
6 determine whether the land is located on a one hundred
7 year floodplain.

8 (2) The department shall provide in its
9 declaratory order or its approval or disapproval of a
10 construction permit application a determination
11 regarding whether the confinement feeding operation is
12 to be located on a one hundred year floodplain,
13 whether the confinement feeding operation may be
14 constructed at the location, and any conditions for
15 the construction.

16 (3) This paragraph "b" is repealed on the
 17 effective date that rules are adopted by the
 18 department pursuant to paragraph "a". The department
 19 shall provide a caption on the adopted rule as
 20 published in the Iowa administrative bulletin as
 21 provided in section 17A.4, stating that this paragraph
 22 is repealed as provided in this subparagraph
 23 subdivision. The director of the department shall
 24 deliver a copy of the adopted rule to the Iowa Code
 25 editor.

26 NEW SUBSECTION. 6. As used in this subpart,
 27 unless the context otherwise requires:

28 a. "Critical public area" means land as designated
 29 by the department pursuant to rules adopted pursuant
 30 to chapter 17A, if all of the following apply:

31 (1) The land is part of a public park, preserve,
 32 or recreation area that is owned or managed by the
 33 federal government; by the department, including under
 34 chapter 461A or 465C; or by a political subdivision.

 37 or contains a rare or valuable ecological system.

38 b. "Designated wetland" means land designated as a
 39 protected wetland by the United States department of
 40 the interior or the department of natural resources,
 41 including but not limited to a protected wetland as
 42 defined in section 456B.1, if the land is owned and
 43 managed by the federal government or the department of
 44 natural resources. However, a designated wetland does
 45 not include land where an agricultural drainage well
 46 has been plugged causing a temporary wetland or land
 47 within a drainage district or levee district.

48 c. "Document" means any form required to be
 49 processed by the department under this subpart
 50 regulating animal feeding operations, including but

Page 21

1 not limited to applications or related materials for
 2 permits as provided in section 455B.200A, manure
 3 management plans as provided in section 455B.203,
 4 comment or evaluation by a county board of supervisors
 5 considering an application for a construction permit,
 6 the department's analysis of the application including
 7 using and responding to a master matrix pursuant to
 8 section 455B.200E, and notices required under those
 9 sections.

10 d. "High-quality water resource" means that part
 11 of a water source or wetland that the department has
 12 designated as any of the following:

13 (1) A high-quality water (Class "HQ") or a high-
 14 quality resource water (Class "HQR") according to 567

15 IAC ch. 61, in effect on January 1, 2001.
 16 (2) A protected water area system, according to a
 17 state plan adopted by the department in effect on
 18 January 1, 2001.
 19 e. "Karst terrain" means land having karst
 20 formations that exhibit surface and subterranean
 21 features of a type produced by the dissolution of
 22 limestone, dolomite, or other soluble rock and
 23 characterized by closed depressions, sinkholes, or
 24 caves.
 25 f. "Major water source" means a water source that
 26 is a lake, reservoir, river, or stream located within
 27 the territorial limits of the state, or any marginal
 28 river area adjacent to the state, if the water source
 29 is capable of supporting a floating vessel capable of
 30 carrying one or more persons during a total of a six-
 31 month period in one out of ten years, excluding
 32 periods of flooding which has been identified by rules
 33 adopted by the commission.
 34 g. "One hundred year floodplain" means the land
 35 adjacent to a major water source, if there is at least
 36 a one percent chance that the land will be inundated
 37 in any one year, according to calculations adopted by
 38 rules adopted pursuant to section 455B.200. In making
 39 the calculations, the department shall consider
 40 available maps or data compiled by the federal
 41 emergency management agency.
 42 h. "Professional engineer" means a person engaged
 43 in the practice of engineering as defined in section
 44 542B.2 who is issued a certificate of licensure as a

 47 in section 455B.171.
 48 j. "Water source" means a lake, river, reservoir,
 49 creek, stream, ditch, or other body of water or
 50 channel having definite banks and a bed with water

Page 22

1 flow, except lakes or ponds without outlet to which
 2 only one landowner is riparian.
 3 Sec. 33. NEW SECTION. 455B.200C CONSTRUCTION
 4 DESIGN STATEMENT – FORMED MANURE STORAGE STRUCTURES.
 5 1. a. Except as provided in paragraph "b", a
 6 person shall not construct a formed manure storage
 7 structure, unless the person submits a construction
 8 design statement for filing with the department.
 9 b. The following persons are not required to
 10 submit a construction design statement with the
 11 department:
 12 (1) A person who constructs a formed manure
 13 storage structure as part of a small animal feeding

14 operation.

15 (2) A person who submits a statement approved by a
16 professional engineer certifying that the construction
17 of the formed manure storage structure complies with
18 the construction design standards required in this
19 subpart, including a person required to submit such a
20 statement as part of an application for a construction
21 permit pursuant to section 455B.200A.

22 2. The construction design statement must include
23 all of the following:

24 a. A summary description of the type of formed
25 manure storage structure proposed to be constructed,
26 including whether such formed manure storage structure
27 is to be constructed of concrete.

28 b. (1) If the formed manure storage structure is
29 to be constructed of concrete, a statement by the
30 person responsible for constructing the formed manure
31 storage structure certifying that such person will
32 construct the formed manure storage structure in
33 accordance with the construction design standards
34 required in this subpart.

35 (2) If the formed manure storage structure is not
36 to be constructed of concrete, a statement by the
37 person responsible for constructing the formed manure
38 storage structure certifying that such person will
39 construct the formed manure storage structure in
40 accordance with the construction design standards
41 required in this subpart.

42 c. If a construction permit is required pursuant
43 to section 455B.200A for the construction of three or
44 more confinement feeding operation structures that
45 include a formed manure storage structure, the
46 contractor must provide that the construction of the
47 formed manure storage structure will not impede
48 drainage through established drainage tile lines which
49 cross property boundary lines unless measures are
50 taken to reestablish the drainage prior to completion

Page 23

1 of construction.

2 d. A manure management plan as required in section
3 455B.203 which may be submitted as part of an
4 application for a construction permit as provided in
5 section 455B.200A.

6 3. Unless the construction design statement is
7 part of a construction permit application as provided
8 in section 455B.200A, the department shall file the
9 construction design statement. Otherwise, the
10 department shall approve or disapprove the
11 construction design statement as part of the
12 construction permit application. The construction

13 design statement shall be considered filed on the date
 14 that it is first received by the department. The
 15 department may request information from the person
 16 submitting the construction design statement if the
 17 department determines that it is incorrect or
 18 incomplete. Within thirty days after filing the
 19 construction design statement, the department shall
 20 notify the person that the construction design
 21 statement is filed and request any additional
 22 information.

23 Sec. 34. NEW SECTION. 455B.200D DOCUMENT
 24 PROCESSING REQUIREMENTS.

25 1. The department shall adopt and promulgate forms
 26 required to be completed in order to comply with this
 27 subpart including forms for documents that the
 28 department shall make available on the internet.

29 2. a. The department shall provide for procedures
 30 for the receipt, filing, processing, and return of
 31 documents in an electronic format, including but not
 32 limited to the transmission of documents by the
 33 internet. The department shall provide for

34 authentication of the documents that may include
 35 electronic signatures as provided in chapter 554D.

36 b. The department shall to every extent feasible
 37 provide for the processing of permits and manure
 38 management plans required under this subpart using
 39 electronic systems, including programming, necessary
 40 to ensure the completeness and accuracy of the
 41 documents in accordance with the requirements of this
 42 subpart.

43 Sec. 35. NEW SECTION. 455B.200E CONSTRUCTION
 44 PERMIT APPLICATION PROCEDURE – COMMENTS – MASTER
 45 MATRIX.

46 1. a. The department shall deliver a copy or
 47 require the applicant to deliver a copy of the
 48 application for a permit to construct, including
 49 expanding, a confinement feeding operation structure
 50 pursuant to section 455B.200A, including supporting

Page 24

1 documents, to the county board of supervisors in the
 2 county where the confinement feeding operation
 3 structure subject to the permit is proposed to be
 4 constructed.

5 b. The county auditor or other county officer
 6 designated by the county board of supervisors may
 7 accept the application on behalf of the board. If the
 8 department requires the applicant to deliver a copy of
 9 the application to the county board of supervisors,
 10 the board shall notify the department that the board
 11 has received the application according to procedures

12 required by the department.

13 2. Regardless of whether the county board of
14 supervisors has adopted a construction evaluation
15 resolution, the county may provide comment to the
16 department on a construction permit application for a
17 confinement feeding operation structure.

18 a. The board shall provide for comment as follows:

19 (1) The board shall publish a notice that the
20 board has received the application in a newspaper
21 having a general circulation in the county.

22 (2) The notice shall include all of the following:

23 (a) The name of the person applying to receive the
24 construction permit.

25 (b) The name of the township where the confinement
26 feeding operation structure is to be constructed.

27 (c) Each type of confinement feeding operation
28 structure proposed to be constructed.

29 (d) The animal unit capacity of the confinement
30 feeding operation if the construction permit were to
31 be approved.

32 (e) The time when and the place where the
33 application may be examined as provided in section
34 22.2.

35 (f) Procedures for providing public comments to
36 the board as provided by the board.

37 b. The board may hold a public hearing to receive
38 public comments regarding the application. The county
39 board of supervisors may submit comments by the board
40 and the public to the department as provided in this
41 section, including but not limited to all of the
42 following:

43 (1) The existence of an object or location not
44 included in the application that benefits from a
45 separation distance requirement as provided in section
46 455B.162 or 455B.204.

47 (2) The suitability of soils and the hydrology of
48 the site where construction of a confinement feeding
49 operation structure is proposed.

50 (3) The availability of land for the application

Page 25

1 of manure originating from the confinement feeding
2 operation.

3 (4) Whether the construction of a proposed
4 confinement feeding operation structure will impede
5 drainage through established tile lines, laterals, or
6 other improvements which are constructed to facilitate
7 the drainage of land not owned by the person applying
8 for the construction permit.

9 3. A county board of supervisors may adopt a
10 construction evaluation resolution relating to the

11 construction of a confinement feeding operation
12 structure. The board must submit such resolution to
13 the department for filing. If the board has submitted
14 such resolution to the department, the board may
15 evaluate the construction permit application and
16 submit an adopted recommendation to the department to
17 approve or disapprove a construction application
18 permit as provided in this subsection. The board must
19 make its decision to recommend approval or disapproval
20 of the permit application as provided in this
21 subsection.

22 a. For the expansion of a confinement feeding
23 operation that includes a confinement feeding
24 operation structure constructed prior to April 1,
25 2002, the board shall not evaluate a construction
26 permit application for the construction or expansion
27 of a confinement feeding operation structure if after
28 the expansion of the confinement feeding operation,
29 its animal unit capacity is one thousand six hundred
30 sixty-six animal units or less.

31 b. The board must conduct an evaluation of the
32 application using the master matrix as provided in
33 section 455B.200F. The board's recommendation may be
34 based on the master matrix as provided or may be based
35 on comments under this section regardless of the
36 results of the master matrix.

37 c. In completing the master matrix, the board
38 shall not score criteria on a selective basis. The
39 board must score all criteria which is part of the
40 master matrix according to the terms and conditions
41 relating to construction as specified in the
42 application or commitments for manure management that
43 are to be incorporated into a manure management plan
44 as provided in section 455B.203.

45 d. The board's adopted recommendation to the
46 department shall include the specific reasons and any
47 supporting documentation for the decision to recommend
48 approval or disapproval of the application.

49 4. The department must receive the county board of
50 supervisor's comments or evaluation for approval or

Page 26

1 disapproval of an application for a construction
2 permit not later than thirty days following the
3 applicant's delivery of the application to the
4 department. Regardless of whether the department
5 receives comments or an evaluation by a county board
6 of supervisors, the department must approve or
7 disapprove an application for a construction permit
8 within sixty days following the applicant's delivery
9 of the application to the department. However, the

10 applicant may deliver a notice requesting a
11 continuance. Upon receipt of a notice, the time
12 required for the county or department to act upon the
13 application shall be suspended for the period provided
14 in the notice, but for not more than thirty days after
15 the department's receipt of the notice. The applicant
16 may submit more than one notice. However, the
17 department may provide that an application is
18 terminated if no action is required by the department
19 for one year following delivery of the application to
20 the board. The department may also provide for a
21 continuance when it considers the application. The
22 department shall provide notice to the applicant and
23 the board of the continuance. The time required for
24 the department to act upon the application shall be
25 suspended for the period provided in the notice, but
26 for not more than thirty days. However, the
27 department shall not provide for more than one
28 continuance.

29 5. a. The department shall approve an application
30 for a construction permit if the board of supervisors
31 which has filed a county construction evaluation
32 resolution submits an adopted recommendation to
33 approve the construction permit application which may
34 be based on a satisfactory rating produced by the
35 master matrix to the department and the department
36 determines that the application meets the requirements
37 of this chapter. The department shall disapprove an
38 application that does not satisfy the requirements of
39 this chapter regardless of the adopted recommendation
40 of the board. The department shall consider any
41 timely filed comments made by the board as provided in
42 this section to determine if an application meets the
43 requirements of this chapter.

44 b. If the board submits to the department an
45 adopted recommendation to disapprove an application
46 for a construction permit that is based on a rating
47 produced by the master matrix, the department shall
48 first determine if the application meets the
49 requirements of this chapter as provided in section
50 455B.200. The department shall disapprove an

Page 27

1 application that does not satisfy the requirements of
2 this chapter regardless of any result produced by
3 using the master matrix. If the application meets the
4 requirements of this chapter, the department shall
5 conduct an independent evaluation of the application
6 using the master matrix. The department shall approve
7 the application if it achieves a satisfactory rating
8 according to the department's evaluation. The

9 department shall disapprove the application if it
10 produces an unsatisfactory rating regardless of
11 whether the application satisfies the requirements of
12 this chapter. The department shall consider any
13 timely filed comments made by the board as provided in
14 this section to determine if an application meets the
15 requirements of this chapter.

16 c. If the county board of supervisors does not
17 submit a construction evaluation resolution to the
18 department, fails to submit an adopted recommendation,
19 submits only comments, or fails to submit comments,
20 the department shall approve the application if the
21 application meets the requirements of this chapter as
22 provided in section 455B.200.

23 6. The department may conduct an inspection of the
24 site on which the construction is proposed after
25 providing at a minimum twenty-four hours notice or
26 upon receiving consent from the construction permit
27 applicant. The county board of supervisors that has
28 adopted a construction evaluation resolution may
29 designate a county employee to accompany a
30 departmental official during the site inspection. The
31 county employee shall have the same right to access to
32 the site's real estate as the departmental official
33 conducting the inspection during the period that the
34 county employee accompanies the departmental official.
35 The departmental official and the county employee
36 shall comply with standard biosecurity requirements
37 customarily required by the confinement feeding
38 operation that are necessary in order to control the
39 spread of disease among an animal population.

40 7. Upon written request by a county resident, the
41 county board of supervisors shall forward to the
42 county resident a copy of the board's adopted
43 recommendation, any county comments to the department
44 on the permit application, and the department's
45 responses, as provided in chapter 22.

46 8. a. The department shall deliver a notice to
47 the applicant within three days of the department's
48 decision to approve or disapprove an application for a
49 construction permit. If the board of supervisors has
50 submitted an adopted recommendation to the department

Page 28

1 for the approval or disapproval of a construction
2 permit application as provided in this section, the
3 department shall notify the board of the department's
4 decision to approve or disapprove the application at
5 the same time.

6 b. (1) The applicant may contest the department's
7 decision by requesting a hearing and may elect to have

8 the hearing conducted before an administrative law
9 judge pursuant to chapter 17A or before the
10 commission. If the applicant and a board of
11 supervisors are both contesting the department's
12 decision, the applicant may request that the
13 commission conduct the hearing on a consolidated
14 basis. The commission shall hear the case according
15 to procedures established by rules adopted by the
16 department. The commission may hear the case as a
17 contested case proceeding under chapter 17A. The
18 department, upon petition by the applicant, shall
19 deliver to the administrative law judge or the
20 commission a copy of the board of supervisors'
21 recommendation together with the results produced by
22 its master matrix and any supporting data or documents
23 submitted with the results, comments submitted by the
24 board to the department, and the department's
25 evaluation of the application including the results
26 produced by its matrix and any supporting data or
27 documents. If the commission hears the case, its
28 decision shall be the department's final agency
29 action. The commission shall render a decision within
30 thirty-five days from the date that the applicant or
31 board files a demand for a hearing.

32 (2) A county board of supervisors that has
33 submitted an adopted recommendation to the department
34 may contest the department's decision by requesting a
35 hearing before the commission. The commission shall
36 hear the case according to procedures established by
37 rules adopted by the department. The commission may
38 hear the case as a contested case proceeding under
39 chapter 17A. The board may request that the
40 department submit a copy of the department's
41 evaluation of the application including the results
42 produced by its matrix and any supporting data or
43 documents. The decision by the commission shall be
44 the department's final agency action. The commission
45 shall render a decision within thirty-five days from
46 the date that the board initiates the proceeding.
47 c. Judicial review of the decision of either the
48 department or the commission may be sought in
49 accordance with the terms of chapter 17A.

50 9. An applicant for a construction permit may

Page 29

1 withdraw the permit application from consideration by
2 the department at any time by filing a written request
3 with the department. The filing of the request shall
4 not prejudice the right of the applicant to resubmit
5 the application.

6 Sec. 36. NEW SECTION. 455B.200F MASTER MATRIX.

7 1. The department shall adopt rules for the
8 development and use of a master matrix. The purpose
9 of the master matrix is to provide a comprehensive
10 assessment mechanism in order to produce a
11 statistically verifiable basis for determining whether
12 to approve or disapprove an application for the
13 construction, including expansion, of a confinement
14 feeding operation structure requiring a permit
15 pursuant to section 455B.200A.

16 a. The master matrix shall be used to establish
17 conditions for the construction of a confinement
18 feeding operation structure and for the implementation
19 of manure management practices, which conditions shall
20 be included in the approval of the construction permit
21 or the original manure management plan as applicable.
22 The master matrix shall be used to determine all of
23 the following:

24 (1) The appropriate location to construct a
25 confinement feeding operation structure, including the
26 proximity and orientation of a proposed confinement
27 feeding operation structure to objects or locations
28 for which separation distances are required pursuant
29 to sections 455B.162 and 455B.204.

30 (2) The appropriate type of a confinement feeding
31 operation structure required to be constructed,
32 including the type and size of the manure storage
33 structure, or the installation of a related pollution-
34 control device.

35 b. The master matrix shall be designed to produce
36 quantifiable results based on the scoring of objective
37 criteria according to an established value scale.
38 Each criterion shall be assigned points corresponding
39 to the value scale. The master matrix shall consider
40 risks and factors mitigating risks if the confinement
41 feeding operation structure were constructed according
42 to the application.

43 c. The master matrix may be a computer model.
44 However, the master matrix must be a practical tool
45 for use by persons when completing applications and by
46 persons when scoring applications. To every extent
47 feasible, the master matrix shall include criteria
48 presented in the form of questions that may be readily
49 scored according to ascertainable data and upon which
50 reasonable persons familiar with the location of a

Page 30

1 proposed construction site would not ordinarily
2 disagree.

3 2. The master matrix shall include criteria
4 valuing environmental and community impacts, for use
5 by county boards of supervisors and the department.

6 The master matrix shall include definite point
 7 selections for all criteria provided in the master
 8 matrix. The master matrix shall provide only for
 9 scoring of positive points and shall not provide for
 10 deduction of points. The master matrix shall provide
 11 for a minimum threshold score required to receive a
 12 satisfactory rating. The master matrix shall be
 13 structured to ensure that it feasibly provides for a
 14 satisfactory rating. Criteria valuing environmental
 15 impacts shall account for animal agriculture's
 16 relationship to quality of the environment and the
 17 conservation of natural resources, and may include
 18 factors that refer to all of the following:

- 19 (a) Topography.
- 20 (b) Surface water drainage characteristics.
- 21 (c) The suitability of the soils and the hydrology
 22 or hydrogeology of the site.
- 23 (d) The proximity to public use areas and critical
 24 public areas.
- 25 (e) The proximity to water sources, including
 26 high-quality water resources.

27 Sec. 37. Section 455B.201, Code 2001, is amended
 28 by adding the following new subsection:

29 NEW SUBSECTION. 2A. The department may require
 30 that the owner of a confinement feeding operation
 31 install and operate a water pollution monitoring
 32 system as part of an unformed manure storage
 33 structure.

34 Sec. 38. Section 455B.203, subsections 1 and 2,
 35 Code 2001, are amended to read as follows:

36 1. The following persons shall submit a manure
 37 management plan, including an original manure
 38 management plan and an updated manure management plan,
 39 as required in this section to the department:

40 a. The owner of a confinement feeding operation,
 41 other than a small animal feeding operation, if ~~the~~
 42 animal any of the following apply:

43 (1) ~~The confinement~~ feeding operation was
 44 constructed after May 31, 1985, regardless of whether
 45 the confinement feeding operation ~~structure~~ was
 46 required to be constructed pursuant to a construction
 47 permit ~~approved by rules adopted by the department.~~

48 ~~b. (2) The owner of a confinement feeding~~

1 ~~by the department~~ The owner constructs a manure
 2 storage structure, regardless of whether the person is
 3 required to be issued a permit for the construction
 4 pursuant to section 455B.200A or whether the person

5 has submitted a prior manure management plan.

6 e. b. A person who applies manure from a
7 confinement feeding operation, other than a small
8 animal feeding operation, which is located in another
9 state, if the manure is applied on land located in
10 this state.

11 1A. Not more than one confinement feeding
12 operation shall be covered by a single manure
13 management plan.

14 1B. The owner of a confinement feeding operation
15 who is required to submit a manure management plan
16 under this section shall submit an updated manure
17 management plan to the department on an annual basis.
18 The department shall provide for a date that each
19 updated manure management plan is required to be
20 submitted to the department. The department may
21 provide for staggering the dates on which updated
22 manure management plans are due. To satisfy the
23 requirements of an updated manure management plan, an
24 owner of a confinement feeding operation may, in lieu
25 of a submitting a complete plan, file a document
26 stating that the manure management plan has not
27 changed, or state all of the changes made since the
28 original manure management plan or a previous updated
29 manure management plan was submitted and approved.

30 1C. The department shall deliver a copy of the
31 manure management plan or require the person
32 submitting the manure management plan to deliver a
33 copy of the manure management plan to all of the
34 following:

36 where the manure storage structure owned by the person
37 is located.

38 b. The county board of supervisors in the county
39 where the manure storage structure is proposed to be
40 constructed. If the person is required to be issued a
41 permit for the construction of the manure storage
42 structure as provided in section 455B.200A, the manure
43 management plan shall accompany the application for
44 the construction permit as provided in section
45 455B.200A.

46 c. The county board of supervisors in the county
47 where the manure is to be applied.
48 The manure management plan shall be filed with the
49 county board of supervisors. The county auditor or
50 other county officer may accept the manure management

Page 32

1 plan on behalf of the board.

2 2. A person shall not remove manure from a manure
3 storage structure which is part of a confinement

4 feeding operation for which a manure management plan
 5 is required under this section, unless the department
 6 approves a manure management plan, including an
 7 original manure management plan and an updated manure
 8 management plan, as required in this section. The
 9 manure management plan shall be submitted by the owner
 10 of the confinement feeding operation as provided by
 11 the department ~~on forms prescribed by the department~~
 12 in accordance with section 455B.200D. The owner of a
 13 confinement feeding operation required to submit a
 14 manure management plan for the construction of a
 15 manure storage structure may remove manure from
 16 another manure storage structure that is constructed,
 17 if the department has approved a manure management
 18 plan covering that manure storage structure. The
 19 department may adopt rules allowing a person to remove
 20 manure from a manure storage structure until the
 21 manure management plan is approved or disapproved by
 22 the department according to terms and conditions
 23 required by rules adopted by the department. ~~The~~
 24 ~~department shall approve or disapprove a manure~~
 25 ~~management plan within sixty days of the date that the~~
 26 ~~department receives a completed plan.~~

27 2A. The department shall not approve an original
 28 manure management plan unless the plan is accompanied
 29 by a manure management plan filing fee required
 30 pursuant to section 455B.203C. The department shall
 31 not approve an updated manure management plan unless
 32 the updated manure management plan is accompanied by
 33 an annual compliance fee required pursuant to section
 34 455B.203C.

35 2B. a. The department shall not issue approve an
 36 application for a permit for the construction of to
 37 construct a confinement feeding operation or a related
 38 animal feeding operation structure unless the
 39 applicant owner of the confinement feeding operation
 40 applying for approval submits a an original manure
 41 management plan together with an the application for
 42 the construction permit as provided in section
 43 455B.200A.

44 b. The department shall not file a construction
 45 design statement as provided in section 455B.200C,
 46 unless the owner of the confinement feeding operation
 47 structure submits an original manure management plan
 48 together with the construction design statement. The
 49 construction design statement and manure management
 50 plan may be submitted as part of a construction permit

Page 33

1 as provided in section 455B.200A.

2 2C. A manure management plan must be authenticated

3 by the person required to submit the manure management
4 plan as required by the department in accordance with
5 section 455B.200D.

6 2D. The department shall approve or disapprove a
7 manure management plan according to procedures
8 established by the department:

9 a. For an original manure management plan
10 submitted due to the construction of a confinement
11 feeding operation structure, the department shall
12 approve or disapprove the manure management plan as
13 follows:

14 (1) If the confinement feeding operation structure
15 is constructed pursuant to a construction permit
16 issued pursuant to section 455B.200A, the manure
17 management plan shall be approved or disapproved as
18 part of the construction permit application.

19 (2) If the confinement feeding operation structure
20 is not constructed pursuant to a construction permit
21 issued pursuant to section 455B.200A, the manure
22 management plan shall be approved or disapproved
23 within sixty days from the date that the department
24 receives the manure management plan.

25 b. For an original manure management plan
26 submitted for a reason other than the construction of
27 a confinement feeding operation structure, the manure
28 management plan shall be approved within sixty days
29 from the date that the department receives the manure
30 management plan.

31 c. For an updated manure management plan, the
32 manure management plan shall be approved within thirty
33 days from the date that the department receives the
34 updated manure management plan.

35 Sec. 39. Section 455B.203, subsection 3, paragraph
36 a, Code 2001, is amended to read as follows:

37 a. Restrictions on the application of manure based
38 on all of the following:

39 (1) Calculations necessary to determine the land
40 area required for the application of manure from a
41 confinement feeding operation based on nitrogen use
42 levels in order to obtain optimum crop yields
43 according to a crop schedule specified in the manure
44 management plan, and according to requirements adopted
45 by the department after receiving recommendations from
46 the animal agriculture consulting organization
47 provided for in 1995 Iowa Acts, chapter 195, section
48 37.

49 (2) (a) A phosphorus index. The department shall
50 establish a phosphorus index by rule in order to

2 a land area of manure originating from a confinement
3 feeding operation. The phosphorus index shall provide
4 for the application of manure on a field basis. The
5 phosphorus index shall be used to determine
6 application rates, based on the number of pounds of
7 phosphorus that may be applied per acre and
8 application practices. The phosphorus index shall be
9 based on the field office technical guide for Iowa as
10 published by the United States department of
11 agriculture, natural resources conservation service,
12 which sets forth nutrient management standards.
13 (b) The department shall develop a state
14 comprehensive nutrient management strategy. Prior to
15 developing the state comprehensive nutrient management
16 strategy, the department shall complete all of the
17 following:
18 (i) The development of a comprehensive state
19 nutrient budget for the maximum volume, frequency, and
20 concentration of nutrients for each watershed that
21 addresses all significant sources of nutrients in a
22 water of this state on a watershed basis.
23 (ii) The assessment of the available nutrient
24 control technologies required to identify and assess
25 their effectiveness.
26 (iii) The development and adoption of
27 administrative rules pursuant to chapter 17A required
28 to establish a numeric water quality standard for
29 phosphorus.
30 (c) Regardless of the development of the state
31 comprehensive nutrient management strategy as provided
32 in subparagraph subdivision (b), the department shall
33 adopt rules required to establish a phosphorus index.
34 The department shall cooperate with the United States
35 department of agriculture natural resource
36 conservation service technical committee for Iowa to
37 refine and calibrate the phosphorus index in adopting
38 the rules. However, in no instance shall the
39 phosphorus index require an application rate that is
40 less than the phosphorus use levels necessary to
41 obtain optimum crop yields according to a crop
42 schedule specified in the manure management plan.
43 Rules adopted by the department pursuant to this
44 subparagraph shall become effective on July 1, 2003.
45 (d) The department shall conduct a study that
46 considers the effects on waters of this state from
47 phosphorus originating from municipal and industrial
48 sources and from farm and lawn and garden use. The
49 department shall report the results of its study to
50 the general assembly by January 1, 2004.

Page 35

1 (e) A person submitting a manure management plan
2 shall include a phosphorus index as part of the manure
3 management plan as follows:

4 (i) A person who has submitted an original manure
5 management plan prior to April 1, 2002, shall not be
6 required to submit a manure management plan update
7 which includes a phosphorus index, until on and after
8 the four-year anniversary date that the department's
9 rules adopted to implement the phosphorus index become
10 effective.

11 (ii) A person required to submit an original
12 manure management plan on and after April 1, 2002, but
13 prior to the date that is sixty days after the
14 department's rules adopted to implement the phosphorus
15 index become effective, shall not be required to
16 submit a manure management plan update that includes a
17 phosphorus index until on and after the two-year
18 anniversary date that the department's rules adopted
19 to implement the phosphorus index become effective.

20 (iii) A person required to submit an original
21 manure management plan on and after the date that is
22 sixty days after the department's rules adopted to
23 implement the phosphorus index become effective shall
24 include the phosphorus index as part of the original
25 manure management plan and updated manure management
26 plans.

27 Subparagraph subdivisions (b) through (e) and this
28 paragraph are repealed on the date that any person who
29 has submitted an original manure management plan prior
30 to April 1, 2002, is required to submit a manure
31 management plan update which includes a phosphorus
32 index as provided in subparagraph subdivision (c),
33 subparagraph subdivision part (i). The department
34 shall publish a notice in the Iowa administrative
35 bulletin published immediately prior to that date, and

42 feeding operation in which a habitual violator owns a
43 controlling interest, as provided in section 455B.191,
44 shall submit a manure management plan to the
45 department on an annual basis, which must be approved
46 by the department for the following year of operation.
47 The manure management plan shall be a replacement
48 original manure management plan rather than a manure
49 management plan update. However, the habitual
50 violator required to submit a replacement original

Page 36

1 manure management plan must submit an annual
2 compliance fee in the same manner as if the habitual
3 violation were submitting an updated manure management
4 plan.

5 Sec. 41. Section 455B.203, subsection 7, Code
6 2001, is amended to read as follows:

7 7. A person submitting required to authenticate a
8 manure management plan submitted to the department who

30 management plan required to be filed as part of an
31 application for a construction permit shall be paid
32 together with the construction permit application fee.
33 The amount of the manure management plan filing fee
34 shall not exceed two hundred fifty dollars.

35 c. An annual compliance fee that is required to
36 accompany an updated manure management plan submitted
37 to the department for approval as provided in section
38 455B.203. The amount of the annual compliance fee
39 shall not exceed a rate of fifteen cents per animal
40 unit based on the animal unit capacity of the
41 confinement feeding operation covered by the manure
42 management plan. If the person filing the manure
43 management plan is a contract producer, as provided in
44 chapter 202, the contractor shall be assessed the
45 annual compliance fee.

14 compliance fund.

15 3. At the end of each fiscal year the department
16 shall determine the balance of unencumbered and
17 unobligated moneys in the assessment account of the
18 animal agriculture compliance fund created pursuant to
19 section 455B.127. If on that date the balance of
20 unencumbered and unobligated moneys in the account is
21 one million dollars or more, the department shall
22 adjust the rate of the annual compliance fee for the
23 following fiscal year. The adjusted rate for the
24 annual compliance fee shall be based on the
25 department's estimate of the amount required to ensure
26 that at the end of the following fiscal year the
27 balance of unencumbered and unobligated moneys in the
28 assessment account is not one million dollars or more.

29 Sec. 44. Section 455B.204, subsection 1, Code

45 state. The increased separation distance shall not be
46 more than two thousand feet. If the department
47 exercises its discretion to increase the separation
48 distance requirement, the department shall not approve
49 an application for the construction of a confinement
50 feeding operation structure within that separation

17 is not subject to manure application.

18 c. The department adopts rules requiring an
19 increased separation distance for the application of
20 manure located in proximity to a high quality water

31 provided in subsection 2.

32 2. a. Moneys received by a school district from
33 the school district sales tax fund under section
34 298B.1, subsection 1, paragraph "b", except to the
35 extent provided in subsection 1, paragraph "b", of the
36 section, shall be spent for property tax relief or
37 infrastructure purposes according to an infrastructure
38 plan developed by the board of directors. The
39 infrastructure plan may apply to more than one fiscal
40 year, but shall be reviewed periodically by the board
41 of directors. Prior to adoption of the plan, the
42 board of directors shall hold a public hearing on the
43 question of approval of the proposed plan. The board
44 shall set forth its proposal and shall publish the
45 notice of the time and place of a public hearing on
46 the proposed plan. Notice of the time and place of
47 the public hearing shall be published not less than
48 ten nor more than twenty days before the public
49 hearing in a newspaper which is a newspaper of general
50 circulation in the school district. At the hearing,

Page 5

1 or no later than thirty days after the date of the
2 hearing, the board shall take action to adopt the
3 proposed plan.

4 b. If the board adopts the plan, the board shall
5 direct the county commissioner of elections to submit
6 the question of the approval or disapproval of the
7 infrastructure plan to the registered voters of the
8 school district at the next following regular school
9 election or a special election. If a majority of
10 those voting on the question favor the plan of the
11 board, the moneys received shall be used according to
12 the plan beginning with the first fiscal year
13 following that election until a change in the plan is
14 approved at a subsequent election by a majority of
15 those voting on the question. If a majority of those
16 voting on the question at the election does not favor
17 the plan of the board, the district shall use the
18 moneys received as provided in paragraph "c" for the
19 fiscal year.

20 If a plan is not approved at an election, the
21 question of the approval of the plan or any part of
22 that plan shall not be submitted to the registered
23 voters sooner than six months from the date the plan
24 or part of the plan was previously submitted.

25 c. If the infrastructure plan is not approved at
26 an election as provided in paragraph "b", or if a plan
27 is not approved by the board, moneys received by a
28 school district or moneys in excess of those needed
29 for infrastructure purposes according to an approved
30 plan shall be used for the fiscal year to reduce the
31 following levies including income surtax, if any, in
32 the order determined by the board:

33 (1) Bond levies under sections 298.18 and 298.18A
34 and all other debt levies until the moneys received or
35 the levies are reduced to zero.

36 (2) The regular physical plant and equipment levy
37 under section 298.2, until the moneys received or the
38 levy is reduced to zero.

39 (3) The voter-approved physical plant and
40 equipment levy and income surtax, if any, under
41 section 298.2, until the moneys received or the levy
42 and income surtax, if any, is reduced to zero.

43 (4) The district management levy under section
44 298.4, until the moneys received or the levy is
45 reduced to zero.

46 (5) The cash reserve levy under section 298.10,
47 until the moneys received or the levy is reduced to
48 zero.

49 (6) The budget adjustment levy under section
50 257.14, until the moneys received or the levy is

Page 6

1 reduced to zero.

2 (7) The playground and equipment levy under
3 section 300.2, until the moneys received or the levy
4 is reduced to zero.

5 d. For purposes of this subsection,
6 "infrastructure purposes" means those purposes for
7 which a school district is authorized to contract
8 indebtedness and issue general obligation bonds under
9 chapter 296 or to expend tax revenues under section
10 298.3, the payment of principal and interest on
11 general obligation bonds issued under chapter 296 or
12 section 298.20 or loan agreements under section
13 297.36, payments made pursuant to a real property
14 lease or lease-purchase agreement, or the payment of
15 principal and interest on bonds issued under section
16 298.3 or 422E.4.

17 e. Notwithstanding any other provision in this
18 subsection, moneys received by a school district from
19 the school district sales tax fund under section
20 298B.1, subsection 1, paragraph "b", during the fiscal
21 year beginning July 1, 2002, shall be dedicated for
22 property tax relief by reducing the levies specified
23 in paragraph "c" for taxes payable in the fiscal year
24 beginning July 1, 2003. However, if an infrastructure
25 plan is approved at an election by the required
26 majority of those voting prior to April 15, 2003, any
27 amount of such dedicated moneys may be used for the
28 purposes specified under the plan.

29 Sec. 105. NEW SECTION. 298B.3 BONDING.

30 A school district receiving moneys pursuant to
31 section 298B.1, subsection 1, paragraph "a", or a
32 school district receiving moneys pursuant to section
33 298B.1, subsection 1, paragraph "b", which has
34 approved by election the use of the moneys for
35 infrastructure purposes, may anticipate the amount of
36 moneys to be received pursuant to section 298B.1 as
37 provided in this section.

38 The board of directors of a school district may
39 issue negotiable, interest-bearing school bonds,
40 without an additional election, and utilize tax
41 receipts derived from the school district sales tax
42 fund for principal and interest repayment. Proceeds
43 of the bonds issued pursuant to this section shall be
44 utilized solely for infrastructure purposes as defined
45 in section 298B.2, subsection 2.

46 Bonds issued under this section may be sold at
47 public sale as provided in chapter 75. Notice shall
48 be given and a hearing shall be held as provided in
49 section 73A.12. Bonds may bear dates, bear interest
50 at rates not exceeding that permitted by chapter 74A,

Page 7

1 mature in one or more installments, be in either
2 coupon or registered form, carry registration and
3 conversion privileges, be payable as to principal and
4 interest at times and places, be subject to terms of
5 redemption prior to maturity with or without premium,
6 and be in one or more denominations, all as provided
7 by the resolution of the board of directors
8 authorizing their issuance. However, the maximum
9 period during which principal on the bonds is payable
10 shall not exceed the length of time the infrastructure
11 plan is valid. The resolution may also prescribe
12 additional provisions, terms, conditions, and
13 covenants which the board of directors deems
14 advisable, including provisions for creating and
15 maintaining reserve funds, the issuance of additional
16 bonds ranking on a parity with such bonds and
17 additional bonds junior and subordinate to such bonds,
18 and that such bonds shall rank on a parity with or be
19 junior and subordinate to any bonds which may be then
20 outstanding. Bonds may be issued to refund
21 outstanding and previously issued bonds under this
22 section. Bonds are a contract between the school
23 district and holders, and the resolution issuing the
24 bonds and pledging tax revenues to be received from
25 the school district sales tax fund to the payment of
26 principal and interest on the bonds is a part of the
27 contract. Bonds issued pursuant to this section shall
28 not constitute indebtedness within the meaning of any
29 constitutional or statutory debt limitation or
30 restriction, and shall not be subject to any other law
31 relating to the authorization, issuance, or sale of
32 bonds.

33 A school district may enter into a chapter 28E
34 agreement with another school district or other public
35 entity. The school district shall only expend its
36 designated portion of tax revenues to be received from
37 the school district sales tax fund.

38 Sec. 106. NEW SECTION. 298B.4 REPEAL.

39 This chapter is repealed July 1, 2022, for fiscal
40 years beginning on or after that date."

1 of tax upon the gross receipts from the sales,
2 furnishing, or service of gas, electricity, water,
3 heat, pay television service, and communication
4 service, including the gross receipts from such sales
5 by any municipal corporation or joint water utility
6 furnishing gas, electricity, water, heat, pay

15 on the gross receipts from an entry fee or like charge
16 imposed solely for the privilege of participating in
17 an activity at a place of amusement, fair, or athletic
18 event unless the gross receipts from the sales of
19 tickets or admissions charges for observing the same
20 activity are taxable under this division; and a like
21 rate of tax upon that part of private club membership
22 fees or charges paid for the privilege of
23 participating in any athletic sports provided club
24 members.

25 2. There is imposed a tax of ~~five~~ six percent upon
26 the gross receipts derived from the operation of all
27 forms of amusement devices and games of skill, games
28 of chance, raffles, and bingo games as defined in
29 chapter 99B, operated or conducted within the state,
30 the tax to be collected from the operator in the same
31 manner as for the collection of taxes upon the gross
32 receipts of tickets or admission as provided in this
33 section. The tax shall also be imposed upon the gross
34 receipts derived from the sale of lottery tickets or
35 shares pursuant to chapter 99E. The tax on the
36 lottery tickets or shares shall be included in the
37 sales price and distributed to the general fund as
38 provided in section 99E.10.

39 4. There is imposed a tax of ~~five~~ six percent upon

1 6. There is imposed a tax of ~~five~~ six percent upon
2 the gross receipts from the sales of optional service
3 or warranty contracts, except residential service
4 contracts regulated under chapter 523C, which provide
5 for the furnishing of labor and materials and require
6 the furnishing of any taxable service enumerated under
7 this section. The gross receipts are subject to tax
8 even if some of the services furnished are not
9 enumerated under this section. For the purpose of
10 this division, the sale of an optional service or
11 warranty contract, other than a residential service
12 contract regulated under chapter 523C, is a sale of
13 tangible personal property. Additional sales,
14 services, or use taxes shall not be levied on
15 services, parts, or labor provided under optional
16 service or warranty contracts which are subject to tax
17 under this section.

18 If the optional service or warranty contract is a
19 computer software maintenance or support service
20 contract and there is no separately stated fee for the
21 taxable personal property or for the nontaxable
22 service, the tax of ~~five~~ six percent imposed by this
23 subsection shall be imposed on fifty percent of the
24 gross receipts from the sale of such contract. If the
25 contract provides for technical support services only,
26 no tax shall be imposed under this subsection. The
27 provisions of this subsection also apply to the tax
28 imposed by chapter 423.

29 7. There is imposed a tax of ~~five~~ six percent upon
30 the gross receipts from the renting of rooms,

34 tourist court, or in any place where sleeping
35 accommodations are furnished to transient guests for
36 rent, whether with or without meals. "Renting" and
37 "rent" include any kind of direct or indirect charge
38 for such rooms, apartments, or sleeping quarters, or
39 their use. For the purposes of this division, such
40 renting is regarded as a sale of tangible personal
41 property at retail. However, this tax does not apply
42 to the gross receipts from the renting of a room,
43 apartment, or sleeping quarters while rented by the
44 same person for a period of more than thirty-one
45 consecutive days.

46 10. There is imposed a tax of ~~five~~ six percent
47 upon the gross receipts from the rendering,
48 furnishing, or performing of services as defined in
49 section 422.42.

50 12. A tax of ~~five~~ six percent is imposed upon the

Page 10

1 gross receipts from the sales of prepaid telephone
2 calling cards and prepaid authorization numbers. For
3 the purpose of this division, the sales of prepaid
4 telephone calling cards and prepaid authorization
5 numbers are sales of tangible personal property.
6 Sec. 108. Section 422.43, subsection 13, paragraph
7 a, unnumbered paragraph 1, Code Supplement 2001, is
8 amended to read as follows:

9 A tax of ~~five~~ six percent is imposed upon the gross
10 receipts from the sales, furnishing, or service of
11 solid waste collection and disposal service.

12 Sec. 109. Section 422.43, subsections 16 and 17,
13 Code Supplement 2001, are amended to read as follows:

14 16. a. A tax of ~~five~~ six percent is imposed upon
15 the gross receipts from sales of bundled services
16 contracts. For purposes of this subsection, a
17 "bundled services contract" means an agreement
18 providing for a retailer's performance of services,
19 one or more of which is a taxable service enumerated
20 in this section and one or more of which is not, in
21 return for a consumer's or user's single payment for
22 the performance of the services, with no separate
23 statement to the consumer or user of what portion of
24 that payment is attributable to any one service which
25 is a part of the contract.

26 b. For purposes of the administration of the tax
27 on bundled services contracts, the director may enter
28 into agreements of limited duration with individual
29 retailers, groups of retailers, or organizations
30 representing retailers of bundled services contracts.
31 Such an agreement shall impose the tax rate only upon
32 that portion of the gross receipts from a bundled
33 services contract which is attributable to taxable
34 services provided under the contract.

35 17. A tax of ~~five~~ six percent is imposed upon the
36 gross receipts from any mobile telecommunication
37 service which this state is allowed to tax by the
38 provisions of the federal Mobile Telecommunications
39 Sourcing Act, Pub. L. No. 106-252, 4 U.S.C. § 116 et
40 seq. For purposes of this subsection, taxes on mobile
41 telecommunications service, as defined under the
42 federal Mobile Telecommunications Sourcing Act, that
43 are deemed to be provided by the customer's home
44 service provider shall be paid to the taxing
45 jurisdiction whose territorial limits encompass the
46 customer's place of primary use, regardless of where
47 the mobile telecommunication service originates,
48 terminates, or passes through and shall in all other
49 respects be taxed in conformity with the federal
50 Mobile Telecommunications Sourcing Act. All other

Page 11

1 provisions of the federal Mobile Telecommunications
2 Sourcing Act are adopted by the state of Iowa and
3 incorporated into this subsection by reference. With
4 respect to mobile telecommunications service under the
5 federal Mobile Telecommunications Sourcing Act the
6 director shall, if requested, enter into agreements
7 consistent with the provisions of the federal Act.

8 Sec. 110. Section 422.43, Code Supplement 2001, is
9 amended by adding the following new subsection:

10 NEW SUBSECTION. 18. The sales tax rate of six
11 percent is reduced to five percent on July 1, 2022.

12 Sec. 111. Section 422.47, Code Supplement 2001, is
13 amended by adding the following new subsection:

14 NEW SUBSECTION. 2. Construction contractors may
15 make application to the department for a refund of the
16 additional one percent tax paid under this division by
17 reason of the increase in the tax from five to six
18 percent for taxes paid on goods, wares, or merchandise
19 under the following conditions:

20 a. The goods, wares, or merchandise are
21 incorporated into an improvement to real estate in
22 fulfillment of a written contract fully executed prior
23 to January 1, 2003. The refund shall not apply to
24 equipment transferred in fulfillment of a mixed
25 construction contract.

26 b. The contractor has paid to the department or to
27 a retailer the full six percent tax.

28 c. The claim is filed on forms provided by the
29 department and is filed within one year of the date
30 the tax is paid.

31 A contractor who makes an erroneous application for
32 refund shall be liable for payment of the excess
33 refund paid plus interest at the rate in effect under
34 section 421.7. In addition, a contractor who
35 willfully makes a false application for refund is
36 guilty of a simple misdemeanor and is liable for a
37 penalty equal to fifty percent of the excess refund
38 claimed. Excess refunds, penalties, and interest due
39 under this subsection may be enforced and collected in
40 the same manner as the tax imposed by this division.

41 Sec. 112. Section 422.69, subsection 2, Code 2001,
42 is amended to read as follows:

43 2. a. Unless Except as provided in paragraph "b",
44 or as otherwise provided, the fees, taxes, interest,
45 and penalties collected under this chapter shall be
46 credited to the general fund.

47 b. One-sixth of the fees, taxes, interest, and
48 penalties collected pursuant to division IV shall be
49 credited to the school district sales tax fund created
50 in section 298B.1. This paragraph is repealed July 1,

Page 12

1 2022.

2 Sec. 113. Section 422E.1, Code 2001, is amended by
3 adding the following new subsection:

4 NEW SUBSECTION. 4. a. This chapter does not
5 apply to any county after the effective date of this
6 section of this Act, except to the extent provided in
7 paragraph "b". Any election on the imposition of the
8 local sales and services tax scheduled to be held on
9 or after the effective date of this section of this
10 Act shall not be held.

11 b. A county that has voted on and approved prior
12 to March 31, 2002, a local sales and services tax for
13 school infrastructure purposes shall impose the tax
14 until December 31, 2002. However, the increase in the
15 state sales and services tax under chapter 422,
16 division IV, from five percent on January 1, 2003, to
17 six percent shall replace the county's local sales and
18 services tax for school infrastructure purposes and to
19 this extent the local sales and services tax for
20 school infrastructure purposes is repealed.

21 Sec. 114. APPLICABILITY. This section applies in
22 regard to the increase in the state sales tax from
23 five to six percent. The six percent rate applies to
24 all sales of taxable personal property, consisting of
25 goods, wares, or merchandise if delivery occurs on or
26 after January 1, 2003. The six percent rate applies
27 to the gross receipts from the sale, furnishing, or
28 service of gas, electricity, water, heat, pay
29 television service, and communication service if the
30 date of billing the customer is on or after January 1,
31 2003. In the case of a service contract entered into
32 prior to January 1, 2003, which contract calls for
33 periodic payments, the six percent rate applies to
34 those payments made or due on or after January 1,
35 2003. This periodic payment applies, but is not
36 limited to, tickets or admissions, private club
37 membership fees, sources of amusement, equipment
38 rental, dry cleaning, reducing salons, dance schools,
39 and all other services subject to tax, except the
40 aforementioned utility services which are subject to a
41 special transitional rule. Unlike periodic payments
42 under service contracts, installment sales of goods,
43 wares, and merchandise are subject to the full amount
44 of sales or use tax when the sales contract is entered
45 into.

46 Sec. 115. EFFECTIVE DATES.

47 1. Sections 103, 104, and 113 of this Act,
48 enacting sections 298B.1 and 298B.2 and section

13 purposes of this section, "substance abuse" means a
14 pattern of pathological use of alcohol or a drug that
15 causes impairment in social or occupational
16 functioning, or that produces physiological dependency

21 (2) Affective disorders.

29 neurobiological disorders covered by this definition,
30 consistent with the guidelines provided in the most
31 recent edition of the American psychiatric
32 association's diagnostic and statistical manual of

4 copayments, coinsurance, and any other cost-sharing

2 By Alons, Kettering, Rayhons, Van Engelenhoven,
3 Johnson, Klemme, and Baudler
4 A resolution requesting the enactment of a federal tax
5 credit to offset the potential fiscal impact of new
6 federal regulations pertaining to manure control
7 structures.
8 *Whereas*, agriculture traditionally has been the
9 foundation of this nation's economic prosperity,
10 providing the basis for a system of production
11 unmatched in the world for its abundant and efficient
12 production of food, feed grains, and animal products,
13 and contributing billions of dollars in revenue each
14 year to the nation's economy from export sales; and
15 *Whereas*, the health of the agricultural economy
16 depends in great part on the scope of federal
17 regulation of all aspects of agriculture and
18 agricultural markets; and
19 *Whereas*, the possible imposition of regulations
20 promulgated by the United States Environmental
21 Protection Agency requiring animal feeding operations
22 to install new manure control structures or undertake
23 other new manure control practices would have a direct

25 market; and

27 imposition may be partially offset by a federal tax
28 credit for those individuals or businesses charged
29 with meeting any new federal manure control
30 regulations; *Now Therefore*,

1 *Be It Resolved By The House Of Representatives,*
 2 That the House of Representatives requests that a

1 House Resolution 132
 2 By Sievers
 3 A resolution requesting Iowa's congressional delegation
 4 to work to permanently repeal the federal death tax.
 5 *Whereas,* under federal tax relief legislation
 6 passed in 2001, the death tax was temporarily phased
 7 out, not permanently eliminated; and
 8 *Whereas,* women and minorities are very often owners
 9 of small and medium-sized businesses, and the death
 10 tax prevents their children from reaping the rewards
 11 of a lifetime trying to make a better life; and
 12 *Whereas,* farmers will face losing their farms if
 13 the federal government resumes the heavy taxation of
 14 the estates of people who invested most of their
 15 earnings back into their farms; and
 16 *Whereas,* employees suffer when they lose their jobs
 17 because many small and medium-sized businesses are
 18 liquidated to pay death taxes and because high capital
 19 costs depress the number of new businesses that could
 20 offer them a job; and
 21 *Whereas,* it has been estimated that if the federal
 22 estate tax had been repealed in 1996, over the next
 23 nine years the United States economy would have
 24 averaged as much as \$11 billion per year in extra
 25 output, and an average of one hundred forty-five
 26 thousand additional new jobs would have been created;
 27 and
 28 *Whereas,* the persistent uncertainty created by the
 29 federal sunset provision prevents families and small
 30 businesses from taking advantage of the repeal; and

Page 2

1 *Whereas,* having passed both the United States House

2 of Representatives and the United States Senate,
 3 elimination of the death tax has proven to hold wide
 4 bipartisan support; *Now Therefore*,
 5 *Be It Resolved By The House Of Representatives*,
 6 That the Iowa House of Representatives requests Iowa's
 7 elected representatives in the United States Congress
 8 to support, work to pass, and vote for the permanent
 9 repeal of the death tax.
 10 *Be It Further Resolved*, That copies of this
 11 Resolution be sent to the members of Iowa's
 12 congressional delegation.

 11 Assembly hosted the 1992 National Annual Meeting of
 12 the Council of State Governments and the 1994
 13 Midwestern Legislative Conference Meeting of the
 14 Council of State Governments in Des Moines; and

 18 to the legislature as an institution, her inspiring
 19 leadership in the Legislative Service Bureau's
 20 fulfillment of its nonpartisan drafting and staffing
 21 missions, and her determined attention to the

Dear Mr. Secretary:

I hereby transmit House File 678, an Act relating to child custody and visitation including the requirement of a settlement conference or mediation when a custody arrangement is disputed, and providing an effective date. House File 678 would define 'participation in mediation or a settlement conference' to include the receipt of assistance in the completion of a parenting agreement between the parties that specifies the details of visitation. This act would amend Iowa Code §598.7A, which currently requires a court to determine on its own motion, or upon the application of either party to a domestic relations proceeding, whether the parties to the proceeding shall participate in mediation to attempt to resolve differences, without court intervention.

Courts in the fifth, sixth and seventh judicial districts in Iowa have increasingly utilized mediation as a tool to facilitate voluntary settlements in domestic relations actions involving child custody issues. Mediation in these districts have allowed a number of parties to create equitable dissolution decrees, avoid the trauma of litigation, and reduce the hostility that is often associated with marital dissolution or other domestic relations actions involving child custody issues. Under Iowa Code §598.7A, courts in these districts have developed effective mediation programs that reflect the needs of their communities, and provide resources to support program implementation.

Representatives of the judicial branch have expressed some reservations with House File 678. The mandatory mediation programs that exist in Iowa rely on administrative services for coordination and oversight. The judicial branch should be confident that the programs can be adequately funded before a programmatic requirement is imposed. Parties responsible for implementing the mandatory mediation program should also be confident that a pool of qualified mediators will be easily accessible to parties living in all locations across the state in order to ensure that costs associated with mediation remain consistent statewide.

Given the concerns expressed by the judicial branch, and other parties responsible for the bill's implementation, I must conclude that House File 678 has not received the full support of those most integral to the bill's success. Neither the courts nor this office are opposed to the concept of mediation. It has clearly proven to serve as a useful tool in promoting settlement in domestic relations cases. However, in light of the budget challenges that are currently facing Iowa courts, I cannot support this bill until the concerns identified above: namely; administrative costs and the accessibility of qualified mediators throughout the state, have been adequately addressed.

For the reasons stated above, I hereby respectfully disapprove House File 678.

Sincerely,
Thomas J. Vilsack
Governor

Dear Mr. Secretary:

I hereby transmit House File 2339, an Act relating to the filing of a supersedeas bond, which among other things reduces the supersedeas bond amount that a defendant must post when appealing the order or judgment of a lower court. House File 2339 proposes to replace the existing guidelines governing supersedeas bonds, as outlined by the Iowa Supreme Court, with a reduced three-tier system.

Currently, supersedeas bonds are governed by Iowa R. App. P. 6.7(2), which provides:

If the judgment or order appealed from be for money, the penalty of such bond shall be 125 percent of the amount thereof, including costs, unless, in exceptional cases, the District Court fixes a larger amount; in all other cases, an amount sufficient to save appellee harmless from the consequences of the appeal...

The Supreme Court adopted Iowa R. App. P. 6.7(2) to ensure that parties, who obtained a successful judgment in a lower court, would not be prejudiced by a stay of judgment pending a final ruling on appeal. As in many surrounding states, the Court's supersedeas bond requirement protects the interests of non-appealing parties by requiring any party who seeks to stay the execution of a judgment to demonstrate that all costs, interest lost, and damages resulting from an appeal can be covered.

House File 2339 drastically reduces the level of protection afforded to judgment holders under Iowa law by creating a tiered bonding system that assigns different bonding requirements to different judgment awards. House File 2339 would reduce the amount of bonding required for judgments up to \$1 million from the current level of 125 percent of the judgment amount to 100 percent. For a judgment over \$1 million up to \$100 million, a party requesting a stay of execution would only be required to secure a bond of \$1 million, which would account for just 1 percent of the total amount of a \$100 million judgment, under this bill. For judgments over \$100 million, House File 2339 would require a party to secure bonding in the amount of \$25 million no matter how large the judgment grew.

The formula contained in House File 2339 would provide judgment holders with grossly inadequate security coverage during the pendency of their appeal. This would upset the current balance of rights between judgment holders and those seeking to stay the execution of a judgment on appeal. It could also allow some defendants, acting in

bad faith, to file frivolous appeals, post very little security, and dissipate assets during appeal, which would defeat the whole purpose of requiring a party to secure a supersedeas bond.

The formula contained in House File 2339 would also seem to defy a rational explanation when applied to various scenarios, since it would provide 100 percent coverage for a damage award between \$1 and \$1 million, 1 percent coverage for a \$100 million damage award, and 25 percent coverage for a judgment of \$100,000,001. Such wide disparities in statutory coverage could be characterized as arbitrary in the best possible light and a potential violation of the equal protection clause in the worst.

House File 2339 also contains a provision that expressly exempts the state or any of its political subdivisions from filing a supersedeas bond upon appeal of a lower court order or judgment if the court finds "good cause shown." Historically, courts have not ordered the state of Iowa to post a bond in order to stay the execution of a judgment on appeal. The state continues to maintain the position that it is not required to post a bond, and furthermore, judgment holders are precluded from executing judgments against it. House File 2339 could create more problems than it solves by prompting a court to conclude that the state is required to post a supersedeas bond in order to avoid the execution of a judgment, absent a Supreme Court Order, in the same manner as a private citizen.

For the reasons state above, I hereby respectfully disapprove House File 2339.

Sincerely,
Thomas J. Vilsack

Dear Mr. Secretary:

I hereby transmit House File 2612, an Act relating to and making transportation and other infrastructure-related appropriations to the state department of transportation, including allocation and use of moneys from the road use tax fund, primary road fund, and general fund of the state, and providing for the nonreversion of certain moneys and including an effective date.

Since the Legislature approved this bill, there has been a dramatic change in the State's revenue projections. On March 7th, the REC met and decreased general fund resources available to the state by \$205.5 million in fiscal year 2002 and \$220.1 million in fiscal year 2003. As a result, I intend to work with lawmakers in a special session this month to take responsible action to reduce spending, reallocate existing resources, and balance this budget.

Business-people and academic experts tell us again and again: the single most important component in attracting growth and investment is the quality of the

workforce. That is our advantage in Iowa. We have a highly educated population. We value learning and knowledge, and our budgets and policies have always reflected that.

I recently proposed a plan that would provide the necessary resources to maintain the progress we have made in education and health care while also providing funding from the tobacco settlement restricted capitals account to ensure highway construction is maintained at the same rate as planned. No road construction projects would be slowed or stopped under this compromise plan. At this time I am unable to approve this bill because it would not allow for an implementation of that plan.

For the above reasons, I respectfully disapprove House File 2612.

Sincerely,
Thomas J. Vilsack

Dear Mr. Secretary:

I hereby transmit Senate File 2190, an Act concerning workers' compensation, which among other things, would reduce workers' compensation payments made to injured employees by expanding the ability of employers to apportion compensation payments made to employees who suffer more than one work-related injury, or a single injury that follows a preexisting functional condition.

The workers' compensation statute has historically struck a carefully crafted balance between the interests of employers and employees in the state of Iowa. Legislators originally enacted the statute to create a consistent and fair compensation schedule for workers who suffered injuries during the course of their employment. Like the acts of most other states, the Iowa workers' compensation statute guaranteed prompt, yet limited, compensation for employee work-related injuries. Legislators also crafted the original statute to promote industrial and workplace safety, and reduce the likelihood that injured workers and their dependants would be forced to seek public assistance. In exchange for this well-defined and structured system, employees gave up all rights to seek full and fair compensation for their work-related injuries in a court of law. Thus, the Iowa workers' compensation statute became the exclusive remedy for all work-related injuries, regardless of the circumstance.

Senate File 2190 destroys the effective balance between the interests of employers and the well-being of injured workers by expanding an employer's ability to apportion workers' compensation payments due and owing when the employer received a prior payment for a prior injury. In essence, Senate File 2190 would allow an employer to receive a 'credit' for any pre-existing condition that affected the employability of a worker, whenever a subsequent workplace injury increased the industrial disability of the worker, regardless of the nature of the subsequent injury, or its relationship to the prior one. Senate File 2190 would also allow an employer to apportion a work-related

injury, even where a prior injury or disease would not cause an ascertainable portion of the work-related injury, and wouldn't independently produce some degree of disability before the subsequent injury. This change would be clearly divergent from the common law of tortious liability, and it would contravene the initial intent of the worker's compensation statute.

Under Senate File 2190, a worker who has suffered a partial disability of 35 percent for a damaged shoulder tendon, can only recover a workers' compensation payment of 15 percent, for a subsequent and unrelated back injury, sustained on the job, which results in an additional 50 percent loss to the worker's earning capacity. As such, this worker, whose working capacity has fallen from 100% to 15% would see his or her compensation payment reduced under Senate File 2190 for 85% to 50%. This result would be unjust and untenable. Not only would it lead to an unconscionable windfall for employers, at the expense of working Iowans, but it would also jeopardize the safety of workers by removing a powerful incentive for Iowa companies to maintain safe working environments.

Workers' compensation is widely regarded as an important tool to ensure that employers update working environments and minimize any hazardous working conditions that may jeopardize the health and safety of their workforce. Workers' compensation also constitutes the first line of defense against economic catastrophe, whenever a wage earner sustains a substantial work-related injury. Senate File 2190 would impose undue hardships on injured workers and their dependants by shifting the fiscal responsibility for support following a work-related injury from the employer to the injured employee. Senate File 2190 may also have the unintended consequence of increasing the tax burden placed on Iowa taxpayers, who fund public assistance programs that support injured and/or displaced workers with reduced earning capacities.

The state of Iowa must protect its workers. Protection cannot be provided without ensuring that workers who suffer a substantial work-related injury have access to a balanced and consistent compensation schedule. Senate File 2190 would create a plainly inequitable compensation schedule by expanding apportionment limitations in a manner that would substantially reduce compensation payments made to employees who suffer more than on work-related injury, or a single injury that follows a preexisting functional condition. This bill would shift an unjust portion of the burden of diminished employability away from employers, and place it squarely on the shoulders of injured workers.

For this reason, I hereby respectfully disapprove Senate File 2190.

Sincerely,
Thomas J. Vilsack

GOVERNOR'S ITEM VETO MESSAGES

May 10, 2002

The Honorable Chester Culver
Secretary of State
State Capitol
L O C A L

Dear Mr. Secretary:

I hereby transmit House File 2623, an Act relating to public funding provisions involving the compensation and benefits for public officials and employees, county mental health allowed growth, regulatory and other properly related matters of the state, making and reducing appropriations, and providing effective dates.

This administration has made clear from day one that our top priority for Iowa is education. Over the past four years, our investment in education has paid tremendous dividends in more quality teachers, smaller classes, and better results. We have seen record interest in higher education, record enrollment in our colleges, and record employment in our workforce. House File 2623 makes an important investment in Iowa's K-12 schools by funding the student achievement and teacher quality program. This is a vital investment not only in our young people, but also in the future of our state.

House File 2623 is, therefore, signed on this date with the following exceptions, which I hereby disapprove.

I am unable to approve Section 17. This section would eliminate the requirement that innovation projects produce savings and eliminates the standing appropriation to repay the innovations fund for savings that do not accrue directly to a department. This would reduce the flexibility of the program.

I am unable to approve Sections 18, 19, 20, 21, 33, 34 and 35. This administration has continually supported improvement of customer service to Iowa citizens through the use of information technology and advanced telecommunications services. The use of credit card transactions as a way to pay for certain government services is one example of this commitment to improved customer service. We will continue to support efforts to improve customer service, however, the above referenced sections of this bill relating to the use of credit card transactions, while well intended, would adversely impact these efforts as well as the citizens of Iowa. There is no funding provided to departments to make system changes required to allow the intake of credit card payments. In addition, the language does not allow for the capture of transaction fees associated with credit card processing. A credit card payment system without the proper technology and funding to support it will result in poor system performance and customer dissatisfaction.

I am unable to approve Section 42, which amends Chapter 556.12, subsection 1, relating to notice and publication requirements of unclaimed property, commonly referred to as "The Great Iowa Treasure Hunt". This language is contrary to Section 9 of the Uniform Unclaimed Property Act of 1995, which Chapter 556.12, subsection 1, is based on, and the proposed language would unduly restrict the flexibility of the State

Treasurer in scheduling the workload of personnel available to return property to Iowans.

I am unable to approve Section 49. This section requires the departments of personnel, information technology and general services to identify duplicative job responsibilities throughout state government and report these positions to the oversight committee by September 1, 2002. These determinations on an enterprise-wide basis are already being done.

I am unable to approve Section 52. This section requires the departments of agriculture and natural resources to file a written report on a quarterly basis with the appropriations subcommittee regarding all expenditures of moneys during the quarter and the number of FTE's allocated during the quarter. This information is obtainable by the Legislative Fiscal Bureau from the state's accounting and personnel systems, and no mandate is needed to enable legislators to access it.

I am unable to approve Sections 57 and 59. These sections would eliminate the Scope of Practice Review Committee (SPRC) related to the Department of Public Health. This is the only science-based forum available to work out scope of practice issues between health care professions. Most health care organizations do not support eliminating the SPRC: three-fourths of the Iowa health care providers in a recent survey favored keeping the SPRC process as it is or keeping it with some modifications.

I am unable to approve Section 58. This section would make the appropriation to the division on the Status of African-Americans contingent on the appointment of all nine members to the Commission on the Status of African-Americans. This language raises the prospect that the entire budget for the division would be in jeopardy anytime there is a vacancy on the commission. It is not appropriate to unfairly single out one commission for a different standard, and this is not a precedent we want to set for any commission.

I am unable to approve Section 65. This section limits the costs for riverboat enforcement that can be billed to riverboats, which is an amount less than 100% of costs for riverboat enforcement in fiscal year 2003. If retained, this would act as a cap in future years, which would generate a lower percentage of actual costs in each future fiscal year. The limitation on track gaming creates a situation where there are not sufficient expenditures in track gaming and pari-mutuel to even approach an additional \$420,000. This provision would lead to a reduction in revenue that is not reflected in the Legislature's budget assumptions.

I am unable to approve Sections 66 and 67. Section 66 amends the 2002 Iowa Acts, Senate File 2623, Section 175, subsection 14 pertaining to public transit assistance, by striking the subsection. I have approved the funding of Public Transit Assistance as provided in Senate File 2623, Section 175, subsection 14. Section 67 proposes to reduce the amount appropriated from the general fund of the state to the Department of Transportation for public transit assistance for fiscal year 2002, by \$1,107,938. These dollars have already been allocated and likely spent by local public transit systems. To seek their repayment would have serious impacts on public transit services.

For the above reasons, I respectfully disapprove these items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in House File 2623 are hereby approved as of this date.

Dear Mr. Secretary:

I hereby transmit Senate File 2317, an Act relating to the tobacco master settlement agreement, including tobacco product manufacturer compliance, making an appropriation, and providing penalties. This legislation provides additional remedies to aid in the enforcement of the Model Statute, Code 453C which was required to be approved and enforced by the state in the master settlement agreement with the tobacco manufacturers.

Section 1-8 of this bill would require compliance with Chapter 453C before a distributor could affix stamps to the product. Additionally, a registered agent would be required for service of process of those out of state manufacturers selling in this state. Iowa is required to "diligently enforce" Chapter 453C and penalties for failure to our monetary and substantial [sic]. The possibility exists that the entire amount owed to Iowa for any particular year could be eliminated if the statute is not diligently enforced.

Section 9 is the balance owed the private counsel retained to represent Iowa in its litigation against the tobacco manufacturers. The original appropriation contained in House File 755, Section 25, of last year's appropriation was \$944,877.60 short of the obligation owed to the attorneys by contract. The shortage was created when estimates paid by tobacco manufacturers over the last three years did not meet actual obligation. When the contractual obligation to the attorneys is concluded, the balance of the payments will be assigned to the state.

In its present form there is some question as to whether Sections 1-8 would jeopardize Iowa having a qualified model statue within the meaning of the master settlement agreement. That in itself would result in substantial monetary penalties for the State.

Senate File 2317 is, therefore, signed on this date with the following exceptions, which I hereby disapprove.

I am unable to approve Sections 1-8 given the potential to put Iowa in non-compliance with the master settlement agreement. I look forward to working with lawmakers to approve legislation that would ensure compliance with the master settlement agreement and not jeopardize these funds.

For the above reasons, I respectfully disapprove these items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in Senate File 2317 are hereby approved as of this date.

Sincerely,
Thomas J. Vilsack

Dear Mr. Secretary:

I hereby transmit Senate File 2326, an Act making, reducing, and transferring appropriations and providing for other properly related matters and including effective dates.

Since the legislature approved this bill, there has been a dramatic change in the state's revenue projections. Most states and the federal government experienced a large reduction in final pay income tax returns and a correspondingly large increase in taxpayers due refunds. Because of this change in circumstance, I asked the state's Revenue Estimating Conference (REC) to meet to review their official revenue estimate for both fiscal years 2002 and 2003.

On May 7th, the REC met and decreased general fund resources available to the state by \$205.5 million in fiscal year 2002 and \$220.1 million in fiscal year 2003. By law, both the governor and the legislature must rely on the REC estimate in preparing and approving the state budget.

While I am concerned about many details within this bill, there is a larger, more fundamental concern that prevents me from approving the majority of this bill. Due to recent action by the REC in lowering revenue projections, signing this bill would enact a general fund budget for fiscal year 2003 that results in a general fund deficit of more than \$200 million and would be an irresponsible action. I cannot and will not do so.

At the same time, we cannot go back on our commitment to our children and families. Education at all levels is the number one priority in Iowa. To build on progress in student achievement, reduced class sizes, and job and wealth creation, we must have an educated workforce, and we must use our colleges and universities as an engine for economic growth. Even as we work to cut budgets, we must do all we can to preserve our commitment to education and maintain the educational opportunities for our children.

To help ensure this educational commitment, I am approving Division IV, Sections 76 through 86, the education portion of Senate File 2326 with the noted exceptions. While it falls short of my original goals for funding, given our current fiscal realities, it is likely the best investment we can make at this time. We will continue to work for additional resources in education through achieving savings and efficiencies in

government. In the end, however, we must look to our educated workforce and our colleges and universities to be a catalyst for economic growth in our state. In the long run, education is the key to Iowa's economic prosperity.

In order for our children to have the best opportunities available to them, they must also have adequate access to health care. Iowa has the distinction of being the top performing state in the nation according to The Social Health of the States, conducted by the Fordham Institute for Innovation in Social Policy. In an effort to continue the progress we have made in ensuring every child receives the medical attention they need I am approving Sections 106, which provides funding for the Healthy and Well Kids in Iowa (HAWK-I) program. In a nation as wealthy as ours, no child should be left out.

Senate File 2326 is, therefore, signed on this date with the following exceptions, which I hereby disapprove.

I am unable to approve Division I, Sections 1 through 33; Division II, Sections 34 through 45; Division III, Sections 46 through 75; Division V, Sections 87 through 98; Division VI, Sections 99 through 105 and Sections 107 through 140; Division VII, Sections 141 through 162; Division VIII, Sections 163 through 167. This action is necessary as a result of the REC's lowering the revenue estimates. I intend to work with lawmakers in a special session this month to take responsible action to reduce spending, reallocate existing resources, and balance this budget.

I am unable to approve Section 79, subsection 15, paragraph 2. This paragraph states that it is the intent of the General Assembly to cease providing assistance for the Jobs for America's Graduates (JAG) program on June 30, 2003. This is a valuable program that provides direct services to the most at-risk juniors and seniors in local school districts through direct intervention. These students are worked with intently to ensure that they graduate and are successful in obtaining a job or enrolling in postsecondary training. It is our duty to provide the tools to enable all students to succeed.

I am unable to approve Section 79, subsection 16, paragraph 2. This paragraph states that it is the intent of the General Assembly to cease providing assistance for the Americorps After-School Initiative on June 30, 2003. Americorps is an after school program aimed at middle school students located in schools with high rates of juvenile crime, violence and drug abuse. This is an important tool in linking people across Iowa willing to volunteer to improve a child's life.

For the above reasons, I respectfully disapprove these items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in Senate File 2326 are hereby approved as of this date.

Sincerely,
Thomas J. Vilsack
Governor

COMMUNICATION FROM THE GOVERNOR

Pursuant to Article IV, section XI of the Constitution of the State of Iowa, the following communication from Governor Thomas J. Vilsack was presented and read to the House of Representatives:

May 23, 2002

The Honorable Brent Siegrist

Proclamation

Whereas, the 2002 regular session of the Seventy-ninth General Assembly adjourned pursuant to House Concurrent Resolution 124, and

Whereas, the 2002 extraordinary session of the seventy-ninth General Assembly adjourned pursuant to House Concurrent Resolution 125, and

Whereas, since the General Assembly approved the state budget for fiscal years 2002 and 2003, the state has experienced a dramatic change in revenue projections, and

Whereas, Iowa along with most states and the federal government experienced a large reduction in final pay income tax returns and a correspondingly large increase in taxpayers due refunds, and

Whereas, as a result of the revenue estimating conference action on May 7, general fund resources available to the state decreased by \$205.5 million in fiscal year 2002 and \$220.1 million in fiscal year 2003, and

Whereas, by law, both the Governor and the Legislature must rely on the revenue estimating conference's estimate in preparing and approving the state budget, and

Whereas, due to recent action by the revenue estimating conference in lowering revenue projections, I did not approve most of the budget for fiscal year 2003 as passed by the General Assembly because it was no longer a balanced budget, and

Whereas, we must maintain a balanced budget that funds the vital state services that Iowans rely on everyday.

Now, Therefore, I, Thomas J. Vilsack, Governor of the State of Iowa, in accordance with Article IV, Section XI, of the Constitution of the State of Iowa, do hereby proclaim that the Seventy-ninth General Assembly shall convene in extraordinary session in Des Moines, Iowa at 10:00 a.m., on the 28th day of May, 2002, and to that end I do call up and direct the members of the House of Representatives to convene in the Supreme Court Chamber at the State Capitol and members of the Senate to convene in room 22 at the State Capitol at 10:00 a.m., on the 28th day of May, 2002 for the purpose which the assembly is convened, namely the matter of revising a fiscal year 2002 and a fiscal year 2003 state budget and matters properly related thereto.

- 13 under the public safety peace officers' retirement,

17 which, but for participation in the program, the sum
18 of the number of years of credited service and the
19 employee's age in years as of December 31, 2003,

21 c. "Employee" means an employee of the executive

25 if the district elects to participate in the program,
26 an employee of the state board of regents if the board
27 elects to participate in the program, an employee of
28 the judicial branch if the judicial branch elects to
29 participate in the program, and an employee of the
30 department of justice. However, "employee" does not
31 mean an elected official.

5 and accrued vacation balances in a form other than as
6 provided in this section.

7 c. Agree to waive all rights to file suit against
8 the state of Iowa, including all of its departments,
9 agencies, and other subdivisions, based on state or
10 federal claims arising out of the employment

13 the program waives any right to accept permanent part-

15 other than as an elected official on or after August
16 15, 2002.

17 e. Agree to separate from employment with the
18 state by August 15, 2002.

19 3. Upon acceptance to participate in the program
20 and separation from employment with the state by

27 4. The department of personnel shall administer
28 the program, including the determination of
29 eligibility for participation in the program, and
30 shall adopt administrative rules to administer the
31 program. The department may adopt rules on an
32 emergency basis under section 17A.4, subsection 2, and
33 section 17A.5, subsection 2, paragraph "b", to
34 implement this section and the rules shall be
35 effective immediately upon filing unless a later date
36 is specified in the rules.

37 5. The legislative council shall provide an
38 incentive program for employees of the legislative
39 branch consistent with the program provided in this
40 section for executive branch employees. The
41 legislative council shall collaborate with the
42 department of personnel to establish the program as
43 required under this subsection. The program provided
44 pursuant to this subsection shall establish the same
45 time guidelines and benefit calculations as provided
46 under the program for executive branch employees.

47 Sec. __. EARLY TERMINATION PROGRAMS –
48 MISCELLANEOUS PROVISIONS.

49 1. DEFINITIONS. For purposes of this section,
50 unless the context otherwise requires:

Page 3

1 a. "Early termination participant" means an
2 eligible state employee who participates in an early
3 termination program.

4 b. "Early termination program" means a sick leave
5 and vacation incentive program as established or
6 required in this Act and the similar early termination
7 program established for state employees as established
8 pursuant to a collective bargaining agreement entered
9 into pursuant to chapter 20.

10 2. GROUP INSURANCE ELIGIBILITY. An early
11 termination participant shall be eligible to continue
12 participation in the group plan or under the group

13 contract at the early termination participant's own
14 expense in the same manner as a retired employee
15 pursuant to section 509A.13. In addition, an early
16 termination participant shall be deemed an eligible
17 retired state employee for purposes of eligibility for
18 continuation of group insurance covering spouses as
19 provided in section 509A.13A.

20 3. RELEASE OF RECORDS. Notwithstanding any
21 provision of chapter 22 or section 97B.17 to the
22 contrary, records of the department of personnel
23 maintained for the operation of the Iowa public
24 employees' retirement system may be released to the
25 directors, agents, and employees of the legislative
26 fiscal bureau, the department of revenue and finance,
27 the department of management, and the department of
28 personnel, for the purposes of administering and
29 monitoring an early termination program. A person
30 receiving a record pursuant to this subsection shall
31 maintain the confidentiality of any information
32 otherwise required to be kept confidential and shall
33 be subject to the same penalties as the custodian of
34 the records for the public dissemination of such
35 information. The authority to request a record as
36 provided pursuant to this subsection shall cease June
37 30, 2003.

38 4. REPORTING REQUIREMENTS. The department of
39 personnel, in collaboration with the department of
40 management, shall present a report by October 1, 2002,
41 concerning the operation of early termination programs
42 as provided in this Act. The reports shall be
43 submitted in conjunction with the reports required to
44 be submitted by the department of personnel pursuant
45 to 2001 Iowa Acts, Second Extraordinary Session,
46 chapter 5, section 4. The department shall also
47 submit an annual update concerning early termination
48 programs as provided in this Act by October 1 of each
49 year for four years, commencing October 1, 2003. The
50 reports shall include information concerning the

Page 4

1 number of early termination program participants, the
2 cost of the early termination program including any
3 payments made to participants, the number of state
4 employment positions eliminated pursuant to an early
5 termination program, the number of positions vacated
6 by an early termination program participant that have
7 been refilled, and the savings to the state based upon
8 the early termination program.

9 5. SAVINGS. a. For an executive branch position
10 vacated by an early termination participant pursuant
11 to an early termination program, the savings from that

12 termination, as determined by the department of
13 management, shall offset amounts that would otherwise
14 be reduced from the appropriation to the executive
15 branch department or establishment that employed the
16 participant due to the implementation of a furlough
17 program. The moneys saved by the department or
18 establishment due to the termination would then be
19 used by the department or establishment to reduce or
20 end the furlough program as it would otherwise apply
21 to the employees of that department or establishment,
22 to the extent of the savings. If savings in excess of
23 the amounts reduced by the department of management
24 for the applicable executive branch department or
25 establishment are received, and the furlough program
26 for that department or establishment ceases, those
27 moneys shall not revert to the general fund but shall
28 be transferred to the applicable executive branch
29 department or establishment for personnel costs which
30 shall not be expended for personnel costs without
31 prior approval of the department of management.

32 b. For a judicial or legislative branch position
33 vacated by an early termination participant pursuant
34 to an early termination program, the savings from that
35 termination, as determined by the judicial or
36 legislative branch as applicable, shall offset amounts
37 that would otherwise be reduced from the appropriation
38 to the legislative or judicial branch that employed
39 the participant due to the implementation of a
40 furlough program. The moneys saved by the legislative
41 or executive branch due to the termination would then
42 be used by the department or establishment to reduce
43 or end the furlough program as it would otherwise
44 apply to the employees of that branch, to the extent
45 of the savings.

46 6. ACROSS-THE-BOARD WAGE INCREASE DELAY. If an
47 employee organization representing state employees
48 agrees to an across-the-board wage increase delay as
49 provided in this subsection and to participate in an
50 early termination program as provided in this Act,

Page 5

1 then any across-the-board wage increases for employees
2 of the same state employer, who are not covered by a
3 collective bargaining agreement, which would otherwise
4 take effect at the beginning of the pay period in
5 which July 1, 2002, falls, shall be delayed until the
6 pay period in which November 1, 2002, falls."

7 2. By renumbering as necessary.

GOVERNOR'S ITEM VETO MESSAGE

June 4, 2002

The Honorable Chester Culver
Secretary of State
State Capitol
L O C A L

Dear Secretary Culver:

I hereby transmit House File 2625, an Act addressing public funding provisions and properly related matters by making, reducing, and transferring appropriations, adjusting other expenditures for the fiscal year beginning July 1, 2001, and including

other appropriations, cooperative tax credits, and effective and retroactive applicability date provisions.

With the Revenue Estimating Conference's recent action to decrease general fund resources available to the state by \$205.5 million in fiscal year 2002, I took responsible action in calling a special session to take the necessary steps to balance the budget. House File 2625 is the result of a plan that I worked with legislators in developing to solve the budget shortfall for the current year. The plan included a series of funding transfers that allow us to continue to provide the priority services of Iowans.

However, the bill has several provisions which I cannot support. I oppose the Republicans' continuous assault on our senior citizens by attempting to raise prescription drug costs on Iowans in need. I have vetoed their attempt to double the co-payments on prescription drugs in the past, and I will do so again. I also cannot support the Republicans' plan to add an unnecessary, burdensome layer of bureaucracy and cost to the delivery of medical assistance. The burdens created for some Iowa families and seniors are simply unacceptable.

House File 2625 is, therefore, signed on this date with the following exceptions, which I hereby disapprove.

I am unable to approve Division V, Section 34 in its entirety. This provision would increase the cost of prescription drugs for Iowans most in need. This, in effect, is a tax on a group-aged, blind, disabled, children, and caretakers with very little or no income. Additionally, if the individuals do not have the funds, the pharmacist is required to dispense the drug anyway. This requires pharmacists to subsidize the costs and creates an additional reluctance on the part of pharmacists to handle Medicaid patients.

Section 34 would also require additional bureaucracy and associated costs by calling for monthly reporting requirements for those who experience a change in income, mailing address, household composition, or health insurance. In doing so, the legislature would be creating an additional layer of bureaucracy, and an additional layer of cost to process the monthly reports. This new bureaucratic requirement is particularly unnecessary, considering the Department of Human Services already requires Iowans in need who receive medical assistance to report changes in such factors.

I am unable to approve Section 37. This section removes the requirement that the legislature establish the state percent of allowable growth in funding for our local school districts within the first 30 days of legislative session. This provision was developed to ensure the state's commitment to education was made up front and did not get bogged down in last minute budget negotiations and to provide adequate planning time for school districts. Now, more than ever, when education is our state's top priority, we must maintain that commitment to our local schools.

I am unable to approve Section 40, subsection 1. This section requires the departments of personnel to identify duplicative job responsibilities throughout state government and report these positions to the oversight committee. These determinations on an enterprise-wide basis are already being done.

I am unable to approve Section 40, subsection 3. This administration has made every attempt to provide quality educational opportunities for all Iowans. This section denies the opportunity for state workers to access educational assistance. With a shrinking state workforce, it is more important than ever to make sure the remaining professionals have the training and education they need to effectively serve Iowans. I believe this option should be maintained.

I am unable to approve Section 42. This section eliminates state funding to the State Medical Library. The legislature had intended to shift this funding from the medical library to the Department of Cultural Affairs for cultural grants, but the bill failed to complete the transfer. While the republican legislature eliminates the medical library funding, they also establish a task force charged with determining whether to continue the State Medical Library; and if so, where it should be located. The medical library provides essential educational materials and diagnostic and research searches for health professionals and students. Closing this valuable resource for many Iowans is shortsighted and unnecessary.

For the above reasons, I respectfully disapprove these items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in House File 2625 are hereby approved as of this date.

Sincerely,
Thomas J. Vilsack
Governor

June 12, 2002

The Honorable Chester Culver
Secretary of State
State Capitol
L O C A L

Dear Secretary Culver:

I hereby transmit House File 2627, an Act addressing public funding provisions and properly related matters by making, reducing, and transferring appropriations, adjusting other expenditures for the fiscal year beginning July 1, 2002, and including other appropriations, cooperative tax credits, and effective and retroactive applicability date provisions.

With the revenue estimating conference's recent action to decrease general fund resources available to the state by \$212.5 million in fiscal year 2003, I took responsible action in calling a special session to take the necessary steps to balance the budget. I had offered a reasonable alternative plan that would have protected more of the services provided to Iowans. However, the legislative leaders in the majority party rejected my plan. This left me with two options – sign the bill as passed by the legislature or have no budget in place for new fiscal year that starts in just a few weeks. Clearly, it would be irresponsible to shut down state government. Therefore, I have no alternative but to sign this legislation.

Despite the extraordinary challenge of a national recession, I am pleased that we were successful in our administration's fight to preserve some key priorities of Iowa

families, including improving learning by reducing class sizes and increasing teacher quality, and preserving access to health care for our children and senior citizens. I am also please to restore \$600,000 to the Enrich Iowa Libraries program. A reduction in funding to this important initiative would stifle the progress this administration has made in improving educational opportunities for Iowa's children.

However, this bill has several provisions which I cannot support. I oppose the Republicans' continuous assault on our senior citizens by attempting to raise prescription drug costs on Iowans in need. I have vetoed their attempt to double the copayments on prescription drugs in the past, and I will do so again. The burdens created for some Iowa families and seniors are simply unacceptable.

House File 2627 is, therefore, signed on this date with the following exceptions, which I hereby disapprove.

I am unable to approve the items designated as Section 3, subsection 7 in its entirety, Section 9, subsection 3 in its entirety, and Section 21, subsection 2 in its entirety. These sections require commerce, racing and gaming, and the lottery to report the Accountable Government Act activities by January 13, 2003. With the reduction of state employees, this would create an unnecessary requirement. Such reports should be completed per the implementation procedures as set forth in Iowa Code Chapter 8E.

I am unable to approve the items designated as Section 5, subsection 5 in its entirety, Section 13, subsection 2 in its entirety, Section 26, subsection 2 in its entirety, and Section 28 in its entirety. These sections require the Departments of General Services, Personnel and Information Technology to identify duplicative situations within state government and report by September 1, 2002. Such activities should be conducted on an enterprise wide basis as set forth in Section 11, subsection 3 of the bill.

I am unable to approve the item designated as Section 26, subsection 1 in its entirety. This item requires the Information Technology Department to notify the Department of Management prior to any fee increases. The Department of Management is then to notify the Legislative Fiscal Bureau. The two departments will work cooperatively to examine such fee or rate increases, without the necessity of this legislative mandate.

I am unable to approve the item designated as a portion of Section 30. This would increase the maximum possible award to an employee for a cost saving idea from \$2,500 to \$25,000. While employee suggestions are encouraged and indeed welcomed, the state's current financial situation precludes such an increase.

I am unable to approve the item designated as Section 49, numbered paragraph 3. Last year the legislature approved and I signed into law the Accountable Government Act. This legislation established a comprehensive, enterprise-wide process for setting program goals and establishing results measurements. This section would create redundancies in goals and results measurements for the Department of Economic Development.

I am unable to approve the items designed as Section 59, paragraph 2b, Section 60, paragraph 2b and Section 61, paragraph 2b. These sections would require any

business or individual receiving benefits from specified regent programs to have a commercially viable service or product. Many of the proposals and ideas brought to these programs have not been developed to a stage of commercialization. To apply this criteria at such an early stage of development would be contradictory to the very services these programs are designed to provide.

I am unable to approve the item designated as Section 64, numbered paragraph 3. The Department of Workforce Development has identified federal funds that can be used to collect labor market information. Monies from the penalty and interest account can and have been used to support services in the workers' compensation and labor divisions of the department. The budget cuts sustained by these divisions could have an adverse impact to the safety of Iowa's citizens and its workforce. The director of the Department of Workforce Development currently has the authority to reassign unused penalty and interest funds. We must maintain that flexibility to reallocate dollars when needed to ensure the safety of Iowans.

I am unable to approve the item designated as Section 72. Expenditure information for the executive branch agencies of state government is currently available to the economic development appropriation subcommittee and the Legislative Fiscal Bureau on a daily basis through the Iowa Financial and Accounting System. The Legislative Fiscal Bureau also has the authority to request expenditure information from regent universities. The reporting requirement in this section would duplicate existing data and place an unneeded requirement on limited staff resources.

I am unable to approve the item designated as Section 73. The Department of Workforce Development has begun a multi-phased project to upgrade the electronic unemployment insurance processing system. This upgrade will address the reporting and transmitting problems identified in this section of the bill. I concur that this problem must be addressed, however, the complexity and magnitude of the needed upgrade cannot be accomplished and implemented by July 1, 2002.

I am unable to approve the item designated as a portion of Section 102, subsection 2d. This language requires new reporting every other month to legislators on net budgeting. This section would require additional staff resources at a time when funding for staff has been severely reduced.

I am unable to approve the item designated as Section 106 in its entirety. Last year the legislature approved and I signed into law the Accountable Government Act. This legislation established a comprehensive, enterprise-wide process for setting program goals and establishing results measurements. This section would create redundancies in goals and results measurements for these departments.

I am unable to approve the item designated as Section 108 in its entirety. This section would repeal the enabling language for the Community Grant Fund and end the program. Although no money is appropriated for the Community Grant Fund in the coming fiscal year, we should maintain the possibility of funding for this program when more resources are available.

I am unable to approve the item designated as portion of Section 111, subsection 6. This language requires the Department of Human Services to consult with the Welfare Reform Council and legislative members prior to implementing rules related to the

Family Investment Program as required by the federal government. This mandated consultation process may unduly delay the rules where federally required.

I am unable to approve the item designated as Section 115, subsection 8 in its entirety. This language continues language from prior years related to the number of beds allowed in a community setting for persons with mental retardation. With the implementation of home and community based waivers, this language is no longer needed.

I am unable to approve the item designated as Section 117, subsection 1 in its entirety. This subsection would require the Department of Human Services to seek input and recommendations from legislative members prior to entering into or extending a managed care contract for mental health and substance abuse services. The process for securing contracts provides that vendors will be evaluated on a specific set of criteria to assure fairness and eliminate potential conflicts of interest. This process includes a period of securing comments without giving the appearance of conflict of interest. Therefore, this section is not necessary.

I am unable to approve the item designated as Section 119, subsection 5 in its entirety. This language requires additional notice to legislators if additional federal childcare funds are received. This section would require additional staff resources when funding for staff has been severely reduced.

I am unable to approve the item designated as Section 120, subsection 1, unnumbered paragraph 2. This item requires the Department of Human Services to submit a plan for relocating males currently at Toledo, a female-only institution. This language has been included in the appropriation bill for the past three years, however, the legislature has failed to fund the proposal. My recommendation in a previous year had included funding for this change, however, the legislature chose to use that funding instead for other programs.

I am unable to approve the item designed as Section 121, subsection 9 in its entirety. This language requires the Department of Human Services and juvenile court officers to develop criteria for intensive tracking and supervision of delinquent youth. These criteria were developed two years ago in response to this language, thus, this language is no longer needed.

I am unable to approve the item designated as Section 121, subsection 18. This directs the Department of Human Services to privatize the administration of foster care and adoption programs. Given the fact that no additional funds were provided for this purpose and staffing has been severely reduced, implementation of this section is not feasible.

I am unable to approve the item designated as a portion of Section 132, subsection 2. This item requires the Department of Human Services to submit proposed legislation to correct Code references related to service areas. This appears to be the realm of the Legislative Fiscal Bureau or Code Editor rather than the Department of Human Services, especially at a time when the department's resources have been severely reduced.

I am unable to approve the items designated as Section 135, subsections 2 and 3 in their entirety. This language provides legislative intent for items already in progress

or that appear to infringe on executive branch management duties. It is preferable that the Department of Human Services be allowed to have flexibility in this area.

I am unable to approve the item designated at 137, subsection 1b(3) in its entirety. The provision would increase the cost of prescription drugs for Iowans most in need. This is an addition financial burden on a group with very little or no income. Additionally, if the individuals do not have the funds, the pharmacist is required to dispense the drug anyway. This could create an additional reluctance on the part of pharmacists to handle Medicaid patients.

I am unable to approve the items designated as Section 138 in their entirety. This section would exempt a currently closed nursing facility in Dows from the Certificate of Need approval process and from meeting current life safety code and physical plant requirements if the facility reopens by July 1, 2004. Allowing this section would put the state at risk for liability in the event of any physical plant or clinical operation problems. Excluding a facility from these requirements could place vulnerable residents at health and safety risks and would set a dangerous precedent.

I am unable to approve the items designated as Section 141 and Section 151, subsection 2c in their entirety. This language directs the department to reduce administrative requirements for the targeted case management waiver. These requirements are needed to obtain federal approval and support documentation for claims for federal funds under the waiver.

I am unable to approve the items designated as Section 142 and Section 151, subsection 2f in their entirety. This provision would require nursing facilities to be certified for Medicaid and Medicare – even if the facility does not take Medicare patients. I have previously directed the Department of Human Services to prepare administrative rules to address dual certification for all applicable nursing facilities, thus requiring certification of a nursing facility for both Medicare and Medicaid when they are, in fact, providing services for clients of each program. This directive avoids unnecessary additional administrative cost for dual certification that would be borne by the state, over 62 nursing facilities, and Iowans who receive nursing home services.

I am unable to approve the language in Section 165, subsection 2, unnumbered paragraph 1. This section would limit the amount of reimbursement in relation to state costs from riverboat and racetrack enforcement costs. Sections 167, 168 and 169 clearly change the reimbursement rate from riverboats and racetracks enforcement costs to 100% of the related expenses.

I am unable to approve Section 199(a). This section would de-appropriate \$600,000 from the FY 2003 Rebuild Iowa Infrastructure fund appropriation for the Enrich Iowa Libraries program. Quality libraries are a key component of the educational infrastructure for Iowa's children. A reduction in funding would stifle the progress this administration has made in improving educational opportunities for Iowa's children.

I am unable to approve Section 215. The administration has made every attempt to provide quality educational opportunities for all Iowans. This section denies state employees the opportunity to access educational assistance. I believe this option should be maintained to further enhance the knowledge and skills of our workforce.

I am unable to approve the designated portion of Section 216. While I understand the need to reduce paper within state government, I feel that there are times when making state information available to the public in paper format is appropriate. An example would be making Iowa tourism brochures available at welcome centers, tourism booths, and other appropriate venues.

I am unable to approve Section 230. This section would increase the available yearly allocation of tax credits for the Accelerated Career Education program (ACE). I recognize that ACE programs allow education and business entities to provide students with valuable education curriculum designed to meet the needs of specific industry sectors. I support the expansion of these programs, however, it should not be accomplished through the elimination of other vital economic development tools. I look forward to working with the legislature to identify opportunities to increase funding for ACE programs in the next legislative session.

I am unable approve Sections 231 and 232. These sections are designed to eliminate the New Jobs Tax Credit for businesses to raise the cap for tax credits for the Accelerated Career Education programs at community colleges. Sections 231 and 232 would eliminate a valuable tool used by communities and developers to encourage business growth and expansion. The elimination of the New Jobs Tax Credit would adversely affect the economic development packages of many communities.

For the above reasons, I respectfully disapprove these items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in House File 2627 are hereby approved as of this date.

Sincerely,
Thomas J. Vilsack
Governor
