

Rod Behrens,

I know that calling 7123558170 or visiting 329 Prospect St. would be a better way to have a word with you if you don't cooperate. Don't try to hide from this. You've no idea what I'm capable of in Council Bluffs.

I suggest you read this message carefully. Take a minute to relax, breathe, and really dig into it. We're talking about something serious here, and I ain't playing games. You don't know me however I know EVERYTHING about you and you must be thinking how, correct?

Well, you've been treading on thin ice with your browsing habits, clicking through those girly videos and clicking on links, stumbling upon some not-so-safe sites. I actually installed a Malware on a porn website and you accessed it to watch (if you know what I mean). And when you got busy watching our videos, your device started out operating as a RDP (Remote Control) which allowed me total access to your smartphone. I can look at everything on your display, switch on your cam and mic, and you wouldn't even notice. Oh, and I have got access to all your emails, contacts, and social media accounts too.

Been keeping tabs on your pathetic existence for a while now. It is just your bad luck that I accessed your misadventures. I gave in more days than I probably should have exploring into your personal life. Extracted quite a bit of juicy info from your system. and I've seen it all. Yeah, Yeah, I've got footage of you doing embarrassing things in your room (nice setup, by the way). I then developed videos and screenshots where on one side of the screen, there's the videos you had been watching, and on the other half, it is your vacant face. With simply a click, I can send this video to all of your contacts.

I feel your worry and confusion. Genuinely, I'm ready to wipe the slate clean, and let you move on with your life and forget you ever existed. I am about to give you two alternatives.

First Option is to disregard my message. You should know what will happen if you choose this path. Your video will get sent to all of your contacts. The video was straight fire, and I can't even fathom the humiliation you'll face when your colleagues, friends, and fam check it out. But hey, that's life, ain't it? Don't be playing the victim here.

Second option is to pay me, and be confidential about it. We'll call it my "keep the secret tip". Now Lets discuss what happens when you opt this option. Your dirty secret remains your secret. I'll wipe everything clean once you come through with the payment. You'll make the payment by Bitcoins only. I want you to know I'm aiming for a win-win here. I will keep my end of the bargain.

Amount to be sent: \$2000

BTC ADDRESS: 1631y3ZNfsb4xg7riCz3Q5zL3ReSY5NQtr

Once you pay up, you'll sleep like a baby. I keep my word.

Note: You have one day to make the payment and I will only accept Bitcoins (I've a unique pixel within this e mail, and right now I know that you've read this e mail). My system will catch that Bitcoin payment and wipe out all the dirt I got on you. Don't even think about replying to this or negotiating, it's pointless. The email and wallet are custom-made for you, untraceable. If I notice that you've shared or discussed this mail with anyone else, the shitty video will instantly start getting sent to your contacts. And don't even think about turning off your phone or resetting it to factory settings. It's pointless. I don't make mistakes, Rod.

Nice locality btw

Honestly, those online tips about covering your camera aren't as useless as they seem. I am waiting for my payment..
