Comment: I would like to see this bill become law. In Black Hawk County, the policy of each school district differs. Waterloo schools are charging us for the use of their 4 buildings for the caucus this year while Cedar Falls and 4 other locations in the county are not charging us for the use of their buildings. I would also like to see this bill amended to prohibit other extracurricular activities on caucus night. This is especially important during presidential years, but would be helpful during nonpresidential years as well.
