

Comment Report

HF 2412

A bill for an act requiring radon testing and mitigation in public schools, and including applicability provisions. (Formerly HF 2264.) Effective date: 07/01/2022.

Subcommittee Members: Johnson-CH, Smith, J., Sweeney

Date: 03/10/2022

Time: 10:00 AM

Location: Room 217 Conference Room

Name: Margaret Buckton

Comment: The Urban Education Network supports this bill. Although it mandates radon testing and mitigation, most UEN districts already have this policy in place for regular testing and the followup mitigation when results would warrant that. We appreciate the flexibility for trained school employees to be able to conduct the testing and for the use of state penny school school infrastructure (SAVE) as an allowable source to pay for the costs of testing and mitigation.
