

Comment Report

HF 383

A bill for an act providing for boards of directors of school districts to include nonvoting student representatives.

Subcommittee Members: Henderson-CH, Abdul-Samad, Gehlbach

Date: 02/28/2023

Time: 12:15 PM

Location: House Lounge 2

Name: Courtney Collier

Comment: I oppose this bill HF 383. Let students be students. The school board is an adult role and elected office. There should not be a student asked to participate in this adult matter. Students can be involved at their school through student council another means, and they could have a voice at the school board by speaking up during public comment. The push to create student activists is out of control.
