SSB 3103

A bill for an act relating to complaints made to the department of natural resources.

Subcommittee Members: Shipley-CH, Celsi, Green

**Comment:** This is a good bill as anyone should be allowed to know their accuser's name. It aligns with the Bill of Rights sixth Amendment. Perhaps it will make some ideologies think twice about filing a complaint based on emotion, opinion, revenge, etc. instead of hard core fact. Years ago, Mary LaHay of the former Iowa voters for Companion Animals would file complaints on behalf of another.
