ARC 5831B No questions on amendments to provisions for the renewable fuel infrastructure program.

Kibbie expressed the viewpoint that participants in this program need to commit to the advertising and sale of E-85. Several members concurred and commented that if the fuel is priced right, consumers will buy it. Sen. Connolly commented that the language regarding the waiver process is difficult to understand and should be simplified.

**IOWA FINANCE AUTHORITY** Mark Thompson represented the authority.

ARC 5849B No questions on amendments to update cross references.

ARC 5848B No action on amendments to ch 27 concerning the military service member home ownership assistance program.

**INSPECTIONS AND APPEALS DEPARTMENT** David Werning represented the department. Janet Metcalf represented Broadlawns Hospital.

Special review Mr. Werning stated that the sunset provision in 51.14(3) will be stricken to continue an allowance of 30 days from the patient's discharge from the hospital for a prescribing physician to authenticate written medication orders. If the department had not taken this action, the federal two-day requirement would apply to medication orders. The additional time is needed to allow visiting or consulting physicians to sign the written orders on their next visit to the hospital. Rep. Metcalf expressed appreciation to the department for continuing the provision which was slated to expire on June 30.

**PUBLIC HEALTH DEPARTMENT** Barb Nervig and Ben Woodworth represented the department.

ARC 5820B, ARC 5825B, ARC 5823B, ARC 5821B, ARC 5824B, and ARC 5822B were excused from review at this meeting.

Special review No action on ch 56 concerning the brain injury services program. Ms. Nervig reported that emergency implementation of the rules will allow individuals to apply for the cost-share component immediately.

**PUBLIC SAFETY DEPARTMENT** ARC 5847B and ARC 5837B were excused from review at this meeting.

**RACING AND GAMING COMMISSION** Jack Ketterer and assistant attorney general Jeff Peterzalek represented the commission. Rep. Rick Olson was also present.

Special review Mr. Ketterer distributed a proposed definition of "immediate danger" to be presented to the commission. In response to a question raised by the committee last month, Mr. Ketterer reported that since 2005 there have been 36 suspensions. Mr. Peterzalek stated that Iowa Code section 17A.18 sets out when a license may be summarily suspended prior to a hearing and that the pari-mutuel statutes also provide for summary suspension. Mr. Peterzalek asserted that that no property interest exists as the license is a privilege, not a right, of the license holder and noted that although he advised the commission that no change is necessary, the commission does plan to consider defining "immediate danger." Rep. Olson challenged the use of the word "could" in the proposed definition and commented that the definition does not address how conduct off the track affects the integrity of the industry.

Following committee discussion, no formal action was taken.

**EDUCATION DEPARTMENT** Carol Greta represented the department.

ARC 5767B No action on proposed amendments to ch 34 regarding funding for children residing in state institutions or mental health institutes. Ms. Greta advised the committee that these amendments have now been adopted.

Kathleen K. West
