Roll call

Approval of previous minutes

Presentation from Iowa State University Veterinary Diagnostic Lab

Discussion of ILHAC funding, what is covered and the projects under the funding.

The testing that is done on each category of livestock was covered.

Discussion of the Vet Diagnostics lab. They covered the investment in 2005, and showed the boom in testing done because of the investment. Explained the plans for a new lab project, and discussed the costs. The veterinary doctors explained the testing capacity and how that affects Iowa livestock.

Questions and comments to the presenters from Representatives.

With no further business, the committee adjourned at 10:00

Representative Norlin Mommsen

David Wade, Committee Secretary
