212.8(5) Planning principles (0-10 points). The extent to which the project has taken the following planning principles into consideration:

A review, analysis and evaluation from the IDEED staff will be submitted to the vision Iowa program review committee of the board who will then make a final recommendation to the complete board for final approval, denial or deferral. 212.10(4) Awards may be conditioned upon commitment of other sources of funds necessary to complete the project.

212.10(5) Amendments to contracts. Any substantive change to a contract shall be considered an amendment. Changes include time extensions, budget revisions and significant alteration of the funded projects that change the scope, location, objectives or scale of the approved project. Amendments must be requested in writing by the recipient and are not considered valid until approved by the vision Iowa board and confirmed in writing by IDED following the procedure specified in the contract between the recipient and the vision Iowa board.

These rules are intended to implement 2000 Iowa Acts, chapter 1174.
