441—201.3(600) Conditions of eligibility or ineligibility.

201.3(1) The child is eligible for subsidy when the department or a private agency has documented that it has been unable to place the child in an appropriate adoptive home without a subsidy and the child is determined to be a child with “special needs” based on one or more of the following reasons:

a. The child has a medically diagnosed disability which substantially limits one or more major life activities, requires professional treatment, assistance in self-care, or the purchase of special equipment.

b. The child has been determined to be mentally retarded by a qualified mental retardation professional.

c. The child has been determined by a qualified mental retardation professional to be at high risk of having mental retardation, of having an emotional disability as determined by a qualified mental health professional, or of having a physical disability as determined by a physician. Until a determination has been made that the child has mental retardation, emotional disability, or a physical disability, only a special services subsidy can be provided.

d. The child has been diagnosed by a qualified mental health professional to have a psychiatric condition which impairs the child's mental, intellectual, or social functioning, and for which the child requires professional services.

e. The child has been diagnosed by a qualified mental health professional to have a behavioral or emotional disorder characterized by situationally inappropriate behavior which deviates substantially from behavior appropriate to the child's age or significantly interferes with the child's intellectual, social and personal adjustment.

f. The child is aged eight or over and Caucasian.

g. The child is a member of a minority race or ethnic group or the child's biological parents are of different races.

h. The child is a member of a sibling group of three or more who are placed in the same adoptive home, or a sibling group of two if one of the children has special needs because of one of the above reasons.

201.3(2) A child who enters the United States from another country, on the basis of a visa classifying the child as an orphan; where the child entered the country, in accordance with the Immigration and Naturalization Act, Section 204-(4)(A) (i) (ii) for the purpose of adoption by a specific United States family is not eligible for subsidized adoption maintenance payments, medical assistance or special services except for nonrecurring expenses in the following situations:

a. The child from another country who meets the criteria in subrule 201.3(1) and whose adoption was finalized before January 1, 1987, but whose nonrecurring adoption expenses were paid after January 1, 1987, or whose adoption was finalized between January 1, 1987, and June 14, 1989, is eligible for reimbursement for nonrecurring expenses. The family must file an application on Form SS-6102-6, Application for Subsidy, complete Form SS-6602-6, Adoption Subsidy Agreement, and file the claim for reimbursement on Form IFAS #A-1, Claim Order/Claim Voucher, by December 14, 1990. Receipts must be included.

b. The child from another country who meets the criteria in subrule 201.3(1) and whose adoption is finalized after June 14, 1989, must file an application on Form SS-6102-6, Application for Adoption Subsidy and complete Form SS-6602-6, Adoption Subsidy Agreement, prior to or at the time of a final decree of adoption. The claim for reimbursement must be filed on Form IFAS #A-1, Claim Order/Claim Voucher, within two years of the date of the adoption decree and must include receipts.

c. If the adoptive placement disrupts prior to finalization or if the parental rights of the adoptive parents are terminated after the adoption is finalized and the department is named guardian of the child, the child may be eligible for subsidy in another adoptive placement.

201.3(3) Subsidies for children who were determined to be eligible prior to the effective date of this rule shall continue unless one of the conditions for termination defined in 441—201.7(600) is present.

201.3(4) The determination of whether a child meets eligibility requirements is made by the Iowa department of human services. An adverse determination may be appealed according to rules in 441—Chapter 7.

441—201.4(600) Application. Application for presubsidy or subsidy shall be made on Form SS-6102-6 (Application for Adoption Subsidy) at the time of the adoptive placement of the child, or at any time in the adoptive process prior to finalization of the adoption.

201.4(1) The prospective adoptive family residing in Iowa who has been studied and approved for adoptive placement or a family residing outside of the state of Iowa studied and approved by a governmental child-placing agency or a licensed child-placing agency in that state, may apply for subsidy for an eligible Iowa child.

201.4(2) Withdrawal of the application for the subsidy shall be reported to the department immediately.

201.4(3) The effective date for the Adoption Subsidy Agreement will be the date the agreement is signed by all parties, which may be the date the child is placed in the adoptive home or any date up to and including the date the adoption is finalized. The agreement shall state the amount of the presubsidy or subsidy, and the frequency and duration of payments.

201.4(4) An application for subsidy cannot be taken after the child is adopted except when one of the following occurs:

a. There are facts relevant to a child's eligibility that were not presented prior to the finalizing of the adoption. Upon receiving verification that the child was eligible prior to the child's adoption, the department may conduct an administrative review of the facts and may determine the child an eligible special needs child. Eligibility will be effective after Form SS-6102-6, Application for Subsidy, is completed and Form SS-6602-6, Adoption Assistance Agreement, is signed by all parties.

b. The child is adopted as provided in 201.3(2) "a."

Requests for determining a child an eligible special needs child after the adoption is finalized shall be forwarded with verification of eligibility to the division of adult, children, and family services, adoption program. An administrative review of eligibility factors shall be conducted and a written decision regarding the child's eligibility as a special needs child shall be rendered within 30 days of receipt of request and verification materials unless additional verification is requested. If additional verification is requested, a decision shall be reached within 30 days of receipt of additional verification materials.

441—201.5(600) Negotiation of amount of presubsidy or subsidy.

201.5(1) The amount of presubsidy or subsidy shall be negotiated between the department and the adoptive parents, and shall be based upon the needs of the child, and the circumstances of the family. Each time negotiations are completed, the Adoption Subsidy Agreement, Form SS-6602-6, shall be completed. When a child is eligible for subsidy but assistance is not needed by the child or family, or when the child is at risk of being determined a child with special needs and assistance may be needed in the future, only Form 470-0762, Agreement to Future Adoption Subsidy, shall be completed and retained in an inactive case record for future reference.

201.5(2) Other services available to the family free of charge to meet the needs of the child, such as other federal, state, and local governmental and private assistance programs, shall be explored and used prior to the expenditure of subsidy funds. Similarly, unearned income of the child from sources such as social security, veterans administration, railroad compensation, trust funds, and the family's insurance shall also be assessed and used where appropriate before subsidy funds are expended. Unearned income of the child shall be verified by documentation provided to the department worker by the family from the source of the income.

201.5(3) to 201.5(5) Rescinded IAB 5/3/89, effective 7/1/89.

201.5(6) A maintenance subsidy may be no less than \$10 per month.

201.5(7) A review of the child's eligibility, the family's circumstances, the needs of the child, and the child's unearned income shall be completed every two years, or more often if necessary due to the child's need for a special service, revision of subsidy amount because of the child's age, or request for review by the adoptive family, by the department worker to renegotiate the type and amount of subsidy.

201.5(8) Maintenance subsidy shall continue under the same rules if the adoptive family moves outside of the state of Iowa.

201.5(9) The maximum monthly maintenance payment for a child in subsidized adoption shall be made pursuant to the foster family care maintenance rates according to the age and special needs of the child as found at 441—subrule 156.6(1) and 441—paragraphs 156.6(4) “a” and “b.” If at the time of placement, the child was receiving the special needs payment found at 441—paragraph 156.6(4) “d” or was in group care and would have been eligible for the payment if the child had been in foster care, the child shall be eligible for this payment in a subsidized adoptive placement.

441—201.6(600) Types of subsidy.

201.6(1) *Special services only.*

a. Reimbursement to the adoptive family or direct payment made to a provider is limited to the following services:

(1) Outpatient counseling or therapy services. Reimbursement for outpatient individual or family services may be provided from a non-Medicaid provider only with approval from the regional administrator or designee and when one of the following applies:

1. The services are not available from a Medicaid provider within a reasonable distance from the family.

2. The child and the family were already receiving therapy or counseling from a non-Medicaid provider and it would not be in the child's best interest to disrupt the services.

3. Available Medicaid providers lack experience in working with foster, adoptive, or blended families.

Reimbursement to non-Medicaid providers shall be limited to the Medicaid rate.

(2) Rescinded IAB 6/9/93, effective 8/1/93.

(3) Medical services not covered by the Medicaid program shall be limited to an additional premium amount due to the child's special needs to include the child in the family's health insurance coverage group. An adoption subsidy payment shall not supplement the Medicaid payment rate to a Medicaid provider or a non-Medicaid provider.

(4) Child care, as required by the child's special needs. When a child's special need requires day care as determined by the physician, therapist, or other specialist, the family should be advised to apply for family day care assistance, or other community resources. These resources shall be used prior to the use of adoption subsidy funds.

(5) Medical transportation not covered by Medicaid and the family's lodging and meals, if necessary, when the child is receiving specialized care or the child and family are required to stay overnight as part of a treatment plan.

(6) Supplies and equipment as required by the child's special needs and unavailable through other resources.

(7) Attorney fees and court costs necessary to finalize the adoption, limited to the usual and customary fee for the area.

(8) Funeral benefits at the amount allowed for a foster child in accordance with 441—subrule 156.8(5).

b. The need for special services shall be established by a report in the child's record from the private or public agency which had guardianship of the child, and substantiating information from specialists as defined in rule 441—201.2(600).

c. Any single special service and any special service delivered over a 12-month period costing \$500 or more shall have prior approval from the central office adoption program manager prior to expending program funds.

d. For all Medicaid covered services the department shall reimburse at the same rate and duration as Medicaid as set forth in rule 441—79.1(249A).

201.6(2) Maintenance only. A monthly payment to assist with room, board, clothing and spending money may be provided, as determined under 201.5(600). The child will also be eligible for medical assistance pursuant to 441—Chapter 75.

201.6(3) Maintenance and special services. For special needs children, a special services subsidy may also be included when a maintenance subsidy is provided.

441—201.7(600) Termination of subsidy. Subsidy will terminate when any of the following occur:

201.7(1) The adoptive child no longer meets the definition of child in rule 441—201.1(600).

201.7(2) The child marries.

201.7(3) The adoptive parents are no longer using the maintenance payments to support the child.

201.7(4) Death of the child, or death of the parents of the child (one in a single-parent family and both in a two-parent family).

201.7(5) Upon conclusion of the terms of the agreement.

201.7(6) Upon request of the adoptive parents.

201.7(7) The adoptive parents are no longer legally responsible for the child.

201.7(8) The family fails to participate in the renewal process.

441—201.8(600) Reinstatement of subsidy. Reinstatement of subsidy will be made when the subsidy was terminated because of reasons in 201.7(3) or 201.7(6) to 201.7(8) and the reason for termination no longer exists.

441—201.9(600) New application. New applications will be taken at any time, but processed only so long as funds are available. Maintenance and special services already approved will continue.

441—201.10(600) Medical assistance based on residency. Special needs children eligible for any type of subsidy are entitled to medical assistance as defined in 441—Chapter 75. The funding source for medical assistance is based on the following criteria:

201.10(1) IV-E-eligible children:

a. IV-E-eligible children residing in Iowa from Iowa and from other states shall receive medical assistance from Iowa.

b. IV-E-eligible children from Iowa residing in another state shall receive medical assistance from the family's state of residence, even though medical assistance available in the family's state of residence may vary from Iowa's medical assistance.

201.10(2) Non-IV-E-eligible children:

- a.* Non-IV-E children from Iowa residing in Iowa shall be covered by Iowa's medical assistance.
- b.* Non-IV-E children from Iowa residing in another state shall receive medical assistance from the state of residence when the state has adopted the adoption assistance interstate compact and a contract between Iowa and the family's state of residence is completed. Medical assistance available in the family's state of residence may vary from Iowa's medical assistance.
- c.* Non-IV-E-eligible children from another state residing in Iowa shall continue to be covered by the other state's medical assistance unless the state has adopted the adoption assistance interstate compact and a contract between Iowa and the other state exists.

201.10(3) When an Iowa child receives medical assistance from another state, Iowa shall discontinue paying any medical costs the month following the move unless additional time is necessary for a timely notice of decision to be provided to the family. An exception shall be made when the initial Iowa subsidy agreement provides for services not covered by the other states.

441—201.11(600) Presubsidy recovery. The department shall recover the cost of presubsidy maintenance and special services provided by the department as follows:

201.11(1) Funds shall be applied to the cost of presubsidy maintenance and special services from the unearned income of the child.

201.11(2) The department shall serve as payee to receive the child's unearned income. The income shall be placed in an account from whence it shall be applied toward the cost of the child's current care and the remainder placed in an escrow account.

201.11(3) When a child has funds in escrow these funds may be used by the department to meet the current needs of the child not covered by the presubsidy payments and not prohibited by the source of the funds.

201.11(4) When the child leaves presubsidy care, funds in the escrow shall be paid to the adoptive parents, or to the child if the child has attained the age of majority.

These rules are intended to implement Iowa Code sections 600.17 to 600.21 and 600.23; and 1999 Iowa Acts, House File 760, section 33, subsection 5.
