400.4(1) New vehicle. If application is made for a new vehicle, a manufacturer's certificate of origin, properly assigned to the applicant, shall be submitted. A manufacturer's certificate of origin shall not be accepted if the assignment to the applicant is made by any person other than the manufacturer, importer, distributor or a licensed motor vehicle dealer franchised to sell that line make of vehicle.

a. The first person, including a dealer not franchised to sell that line make of vehicle, who is assigned the manufacturer's certificate of origin shall obtain a certificate of title and register the vehicle.

b. An uncanceled security interest noted on the reverse side of a manufacturer's certificate of origin (MCO) shall be noted as a separate security interest on the certificate of title, in addition to any security interest acknowledged by the applicant, unless the applicant indicates in the security interest area on the title application that the security interest is the same as the one noted on the reverse side of the MCO.

c. If a 1980 or subsequent model year vehicle is manufactured by a person other than the original manufacturer, both the original manufacturer's certificate of origin and the final manufacturer's certificate of origin shall be submitted. All assignments or reassignments of ownership of the vehicle shall be made on the final manufacturer's certificate of origin. The face of the original manufacturer's certificate of origin shall be stamped in bold type with the statement: "Final manufacturer's MSO has been issued on this vehicle." The original manufacturer's vehicle identification number shall be listed on the final manufacturer's certificate of origin.

400.4(2) Used vehicle registered or titled in this state. The last issued certificate of title, properly assigned to the applicant, shall be submitted. An uncanceled security interest noted on the face of the certificate of title shall be noted on the face of the certificate of title issued to the applicant, in addition to any security interest acknowledged by the applicant. If the vehicle is not subject to titling provisions, the last issued registration receipt, properly assigned to the applicant, shall be submitted.

400.4(3) *Used vehicle from a foreign jurisdiction.* If the vehicle was subject to the issuance of a certificate of title in the foreign jurisdiction, the certificate of title issued by the foreign jurisdiction to the applicant or properly assigned to the applicant shall be submitted.

b. A certificate of title issued in a foreign jurisdiction may be assigned to a motor vehicle dealer in another jurisdiction, except to a motor vehicle dealer licensed in this state, and the dealer may reassign the certificate of title to the applicant. An assignment or reassignment form, issued by a foreign jurisdiction, may be used with a foreign title certificate to complete an assignment or reassignment of ownership from a foreign motor vehicle dealer to the applicant, providing the ownership chain is complete.

c. If the vehicle was not subject to the issuance of a certificate of title in the foreign jurisdiction, the registration document issued by the foreign jurisdiction to the applicant or properly assigned to the applicant shall be submitted.

(1) If the foreign registration document is not issued in the applicant's name and does not contain an assignment of ownership form, a bill of sale conveying ownership from the owner as listed on the foreign registration document to the applicant shall be submitted with the foreign registration document.

(2) Upon receipt of the foreign registration document, the county treasurer shall issue a nontransferable—nonnegotiable registration unless the foreign registration document has been approved by the department.

(3) Acceptance of the foreign registration document shall be determined by the department on an individual basis, if the county treasurer of the county where the certificate of title is to be issued cannot determine whether the document is acceptable.

d. If a trailer weighing 2000 lbs. or less is exempt from the issuance of a certificate of title and registration in the foreign jurisdiction, a bill of sale conveying ownership to the applicant, if acquired by a resident from a nonresident, or an affidavit of ownership signed by the applicant, if the applicant is establishing residence in this state, shall be submitted.

e. If a motor vehicle is exempt from the issuance of a certificate of title and registration in the foreign jurisdiction, the bonding procedures as provided in Iowa Code section 321.24 shall be followed.

f. Rescinded IAB 3/8/89, effective 4/12/89.

400.4(4) *Used vehicle acquired by a resident of this state from a government agency.* If the vehicle was acquired from an agency of the federal government, the applicant shall surrender the government bill of sale, Form 97 or 97A, properly assigned to the applicant. If the vehicle was acquired from the state of Iowa or a subdivision of government the applicant shall surrender the Iowa certificate of title issued in the name of the agency, properly assigned to the applicant.

400.4(5) *Mobile home.* If the vehicle described on the application is a mobile home with an Iowa title, the applicant shall submit a tax clearance form to show that no taxes are owing, unless the title has been issued to a dealer licensed under Iowa Code chapter 322B. The form may be obtained by any owner of record of the mobile home from the county treasurer.

400.4(6) *Vehicle acquired by a resident of this state by operation of law.* If the vehicle was acquired by the applicant by operation of law as upon inheritance, devise or bequest, order in bankruptcy, insolvency, foreclosure, foreclosure or execution sale, under the laws of descent and distribution, artisan's lien sale, storage lien sale or abandoned vehicle sale, the last issued certificate of title shall be submitted by the applicant, or when that is not possible, presentation of satisfactory proof of the applicant's ownership and right of possession to the vehicle shall be submitted by the applicant. Proof of ownership may consist of a foreclosure sale affidavit, artisan's or storage lien affidavit, affidavit of death intestate, abandoned vehicle sales receipt, peace officers bill of sale or court order.

400.4(7) *Foreign ownership document issued in a language other than English.* A foreign ownership document issued in a language other than English may be required to be reproduced in writing in English and certified to be a correct translation by a person qualified to translate that particular language. The English translation and certification shall be submitted with the foreign ownership document.

761—400.8 Rescinded, effective 7/8/87.

761—400.9(321) Security interest notation, 30-day limit. The presumption that a purported security interest holder received a certificate of title on the date of creation of the purported security interest in the vehicle or the date of the issuance of the certificate of title, whichever is the latter, as provided for in Iowa Code subsection 321.50(6), may be overcome if the purported security interest holder did not actually come into possession of the certificate of title at that time. This may be accomplished by filing with the county treasurer a statement in writing, indicating the date that the certificate of title did come into the possession of the purported secured party. If the time listed in the statement is within 30 days of the date the certificate of title is delivered to the county treasurer, the county treasurer shall note the security interest on the certificate of title.

This rule is intended to implement Iowa Code subsection 321.50(6).

761—400.10(321) Assignment of security interest. A security interest noted on a certificate of title may be assigned to another secured party without losing the seniority of the security interest by complying with the procedure in Iowa Code section 321.50 or with the following procedure:

400.10(1) Notice of assignment. The secured party listed on the title certificate shall make the following notation in the cancellation portion of the certificate of title where security interest is noted “Assigned to (name of assignee).” The date, name of secured party and signature of the person noting the assignment shall be completed in the cancellation portion pertaining to the security interest.

400.10(2) Application for notation of security interest. The assignee shall complete an application for notation of a security interest on the form provided by the department. The application form shall be signed by the assignee in the space where the signature of the owner is ordinarily required. The signature of the owner shall not be required on an assignment of a security interest.

400.10(3) Submission of documents to county treasurer. The certificate of title, application for notation of security interest and appropriate notation fee shall be submitted to the county treasurer of the county where the certificate of title was issued.

a. The county treasurer shall not be required to cancel the security interest previously noted and shall note the security interest of the assignee in the second security interest portion of the face of the certificate of title, or on a subsequent security interest form if the security interest that has been assigned is a second security interest.

b. In the event there are additional security interests noted on the certificate of title, the seniority of the assignee’s security interest may be preserved by issuance of a certificate of title in lieu of the original, on which the assignee’s security interest shall be noted in the same seniority as the assignor’s.

c. In either event, a receipt for notation of security interest form shall be processed and the new receipt number shall be listed in the appropriate space provided. The original notation date shall also be listed and the words “by assignment” shall be listed following the name of the assignee.

This rule is intended to implement Iowa Code section 321.50.

761—400.11(321) Sheriff’s levy noted as a security interest. A sheriff’s levy may be noted as a security interest on a certificate of title if the sheriff so desires.

Form 411046, “Application for Notation of Security Interest,” shall be completed and shall be signed by the sheriff or the sheriff’s deputy in the space where the signature of the owner is ordinarily required. The signature of the owner shall not be required. The appropriate notation fee shall be submitted with the application form to the county treasurer of the county where the certificate of title was issued. If the certificate of title is not surrendered with the application, the county treasurer shall notify the holder of the certificate of title in the manner prescribed in Iowa Code section 321.50.

This rule is intended to implement Iowa Code section 321.50.

761—400.12(321) Duplicate certificate of title. When a certificate of title is lost or destroyed, application for a duplicate certificate of title shall be made on Form 411033, “Application for Duplicate of Iowa Certificate of Title to a Motor Vehicle.” All owners of the vehicle as listed on the certificate of title shall sign the application form. If an owner is deceased, the signatures and documents specified in subrules 400.14(4) and 400.14(5) shall be required in lieu of the deceased owner’s signature. A person entitled to vehicle ownership under the laws of descent and distribution shall sign the required forms and shall insert the words “heir at law” following the signature.

This rule is intended to implement Iowa Code section 321.42.

761—400.13(321) Bond required before title issued. If an applicant for a certificate of title cannot provide the supporting documents required in rule 400.4(321), the following shall apply:

400.13(1) Application. Form 411008, "Application for Registration and Certificate of Title for a Vehicle upon which the County Treasurer or Department of Transportation is not Satisfied as to the Ownership Thereof," shall be completed by the applicant and submitted to the department.

400.13(2) Exhibits. The following exhibits shall be submitted with the application:

- a. A photograph of the vehicle which shows the front and one side of the vehicle.
- b. The written ownership document received at the time the vehicle was acquired.
- c. A pencil tracing of the vehicle identification number. If the vehicle identification number is missing or has been defaced or altered, the applicant shall complete and submit Form 411041, "Application for Assigned Vehicle Identification Number Plate."

400.13(3) Examination.

a. After a properly completed application and the required exhibits have been submitted, the department shall search the state files to determine if there is an owner of record for the vehicle and if the vehicle has been reported stolen or embezzled.

b. If a record is found, the applicant shall be advised to send a certified letter return receipt requested to the owner of record at the last known address stating that the applicant is the present owner of the vehicle and requesting a duplicate title with an assignment to the applicant on the reverse side. The applicant shall submit the returned receipt to the department.

c. If a record of a junking certificate is found, the applicant may request reinstatement of the certificate of title to the vehicle if the junking certificate was issued in error, as explained in rule 400.23(321). If the department determines that the vehicle was not junked in error and denies the request, the applicant may complete application for a certificate of title by submitting a copy of the denial letter, resubmitting Form 411008 with the required exhibits, and filing the required bond.

400.13(4) Approval.

a. If the department determines that the applicant has complied with this rule, that there is sufficient evidence to indicate that the applicant is the rightful owner, and that there is no known unsatisfied security interest, the department shall:

- (1) Determine the current value of the vehicle.
- (2) Notify the applicant to deposit cash or file a surety bond with the department in an amount equal to one and one-half times the current value of the vehicle.

b. After the cash deposit or surety bond has been received, the department shall:

- (1) If applicable, affix an assigned identification number plate to the vehicle.

400.60(2) *Credit for transfer to spouse, parent or child.* Credit shall be allowed toward a new registration for a vehicle being transferred to the applicant from the applicant's spouse, parent or child, or from a former spouse pursuant to a dissolution of marriage decree, if application for the certificate of title and registration (or just registration if the vehicle is not subject to titling provisions) is made within 15 days after the date of transfer.
