DR. DASHIELL PASSES AWAY.

BORN in Dearborn county, Indiana, in 1826; came to Warren county in 1853; died at Indianola, Iowa, July 3, 1907, in his 81st year.

"I want to go home." With these words falling from his lips Dr. Mark A. DaShiell, the veteran physician, a prominent politician, and one of the best known citizens in the county, gave way to disease, brought on by old age, a few weeks ago and took to his bed. From the first stages of the attack it became evident to the members of his family that his existence here was only a matter of a few days. His life strings were worn out. The long and strenuous life of the man had been for some time telling upon him, and while he continued to move about and practice his profession he found it a difficult task.

Dr. DaShiell came to Warren county at the age of 27 in the year 1853. He had chosen the medical profession and graduated from the University of Indiana, his native state, and at Hartford began his career which was a most successful one. He was prominent in every good work in that community for many years, holding the confidence of his friends.

In politics he was a Whig, until the birth of the republican party, in which he was always active and many times honored. His first recognition came from President Lincoln and he held the office until his death, that of pension examiner, a period of 42 years. He assisted in the organization of the state and county medical societies, and was active in both.

He was one of the early campaigners in this county and his first reward came when he was made a member of the Twenty-first general assembly. He served with credit to himself and his constituency and was soon elected to the senate. He made many friends over the state during his political career.

Shortly after the close of his senatorial career he came to Indianola and engaged in the drug business, continuing to practice medicine. This after several years, he sold out

Tiring of this after several years, he sold out and devoted his entire time again to practice until in January 1905, when he again entered the legislature as a member of the Thirty-first general assembly.

In 1851 he married Miss L. Noble, also a native of Indiana, and of 13 children born to them, two, Mrs. S. J. Spaulding, of Des Moines, and Mrs. F. S. Burberry, of this city, with the aged widow survive.

The passing of this pioneer citizen leaves a sadness in the home and in the community, and his memory will long be cherished by a friendship reach- ing far beyond the borders of the county, in which he had been active for more than half a century.

The funeral occurred at the Presby- terian church at 3 p. m., Friday, July 5th, conducted by Rev. R. K. Porter, his pastor. Ex-Senator W. H. Berry, and Judge J. H. Henderson spoke on behalf of the aged doctor's host of friends in this city and county.

The business houses of the city clos- ed during the funeral hour and the church was packed with sympathetic friends. Interment was had in the Indianola cemetery.

We understand that in order to convince one man in this town that the Indianola company not owners of the water plant the individuals composing the company formerly proposed making the man a quit claim deed for the whole thing for a box of cigars. He bought the cigars but took them back when he found the deed forthcoming. It is water the people want and who owns the plant should make absolutely no difference.

School Notes.

During the last year or two a reading course has been adopted for the pupils of the public schools. Many of the pupils have been seeking to catch up with this reading during the summer months and have been besieging the city librarian for the books. At a meeting of the library board the first of the month the librarian was directed to buy the books in the reading course for the accomodation of the pupils of the school.

Dr. Mark A. Dashiell.

Dr. Mark A. Dashiell was born at Moore's Hill, Dearborn county, October 7, 1826. His father was a native of Baltimore, Md., and came to Indiana before it was a state. The doctor was one of fifteen children two brothers surviving him.

He graduated from the Indianapolis high school and later from a local academy in Indiana and finally from the Medical college of Indianapolis. He practiced medicine for two years in his native county.

He was united in marriage to Miss Louisiana, daughter of Dr. S. F. Noble, a prominent physician of Indianapolis, Dec. 18, 1851. He moved to Iowa in 1853, locating at Hartford, Warren county.

Twelve children were born to Dr. and Mrs. Dashiell. Seven passing in infancy and three after coming to years of maturity, namely Jessie, Noble and Mark. Two daughters, Mrs. Suel Spaulding, of Des Moines, and Mrs. F. S. Burberry, of Indianola, who with his devoted companion Mrs. Dashiell survive to mourn an irreparable loss.

He had only four grand children, Mrs. John Powers, Suel, Mark and Martha these the children of Noble Dashiell and one Louise the child of Mrs. Spaulding.

He united many years ago with the Presbyterian church of Hartford on a confession of his faith in Christ and united with the Presbyterian church of Indianola by letter in 1889, two years after coming to Indianola, and of which church he was a regular attendant, wise councilor, liberal supporter and faithful member until death.

For fifty years Dr. Dashiell resided continuously in Warren county being a pioneer physician and also lawmaker. As a physician he has attended more than 1000 births in Warren county and in those pioneer days no day was too cold no night too dark and no distance too great for him to reach the bedside of the sick and dying and much of which regardless of compensation enjoyed the rare distinction which he may have well been justly proud namely

S. pension examiners since 1863, being appointed by Abraham Lincoln.

The doctor was also active in political life and men of all parties loved to honor him regardless of his political faith. He served as representative in the twelfth general assembly. In 1872 he was elected to the state senate and serving for four years was re-elected in 1878 for another term. He was again called to be representative in the thirtieth and thirty-first general assemblies. He was always trusted and honored by his fellow lawmakers by being placed on important committees and chairman of many. He was chairman of the committee which presented the prohibition amendment to the legislature and then took the stump to advocate its passage. He served for ten years as trustee of the state industrial schools which he was largely instrumental in establishing. He was a prominent member of the pioneer lawmaker's association. He was vice president of the octogenarian association of the state also vice president of the state Hoosier's association.

But what is more than any of these or other public positions he was also a good private citizen, clean, trusted and true. Activity and integrity were two words which stamped his life. In the home he was a devoted husband as none knew so well as she who knew him best. An indulgent father whose daughters "rise up to call him blessed." "He being dead yet speaketh."

The ladies will deliver the tickets which were subscribed last chautauqua time whenever possible and doubtless many will desire to increase the number. To insure the management against loss there should be at least 1200 season tickets sold this year. The program merits the most liberal patronage. It includes some of the most important speakers and entertainers obtainable for chautauqua work. The management have tried to surpass all former programs and make this the banner year as this is their anniversary year.

The complete program will soon be out and citizens are requested to secure a bunch of these and mail them to their friends. Why not bring several thousand people to Indianola which would not otherwise be here. It can easily be done by co-operating with the management. All eyes should be turned toward Indianola during chautauqua time. The dates are Aug. 7 to 18 the best dates of the entire season. It is a time when the farmers can readily at-
