WAS A LOVELY RAIN

A Storm Passed Over Independence Last Night—Cooler Tonight and Friday Fair.

A storm passed over Independence yesterday afternoon about 7 o'clock. It was accompanied by a lovely rain. The wind was high and porch furniture jacked about and tumbled into the yards. Then the rain stopped and the sun came out and there was one of the beautiful sunsets for which June in this section is famous.

No storm damage is reported. A fuse was blown out in the big transformer which controls the lights for the west side of the square and this section was dark for about an hour and a half.
