n Bureau an Annual Drive Membership

Dallas County Farm Bureau a drive for membership this week on Monday, May 21. The drive will continue until May 29. During this five week period the organization plans to contact every farmer in Dallas County except where membership has already been done. The work for the week was completed last Thursday at a Farm Bureau membership meeting held in Dallas. At this time Mr. Hamilton, secretary of the state organization, was present.

In regard to the membership drive the Farm Bureau has issued the following statements:

The drive to unite farmers of Dallas County will be launched next week as a part of a nationwide campaign to counter attacks against Agricultural Price program and other problems which concern the farmer.

The farmer is to receive fair prices for his products, he will bring action through a cooperative type of program. Competition has become so strong that the farmer cannot afford to fight his own case alone. A farmer may not be as efficient, get high crop yields and reduce expenses; but if the price isn't right, he will finally be forced to discontinue his business.

Outstanding accomplishments have been attained through cooperation. The Farm Bureau organization through group action, is working to develop better farm facilities, develop better rural educational facilities, develop better roads and to bring about equality in agriculture.

A sound permanent solution to the farm problem is just as important to labor and industry as it is to the farmer. Equality in income and purchasing power must be maintained, not only for the welfare of American Agriculture, but for the general welfare of the country.

The membership drive is to start on May 25, Dallas county farmer will

Local Independent Score Three
Runs in Fifteenth Inning
to Win Game

In a fifteen inning game upon the Humboldt diamond Sunday afternoon the local Merchants baseball team came out winners in a close game by the count of 13 to 10.

A single placed cut over the infield by Brown, sent in to replace Nordine at 3rd, was probably the winning hit, as it drove in A. Bozich and Jones who were occupying 2nd and 3rd bases.

Kovich, local 1st baseman and Townsend, catcher for the losers, took the batting honors as they are both credited with one home run. Lefty,s came in the sixth inning with one man on and Townsend's came in the third with no men on base.

The game was a close one from the start until the finish with a tie up at the end of the ninth 10 apiece. Clem Hornich on the mound for the locals was relieved in the eighth inning after hurling a stellar game, by Nordine, who finished the game. Nordine is also to be complimented upon his showing. They allowed 22 hits during the game. Madrid collected 19 from Heitcomp, the losing hurler.

Madrid will go into action again Saturday when they play the Yale nine and Sunday when they play Templeton. Both games are out of the city.

The lineup for the Sunday game was:

Memorial Day, next Saturday, at 11 o'clock, there will be a special Memorial day address at Hopkins Grove. Rev. Robert Grigsby will bring the message. At 2:00 o'clock Rev. Elliott will speak at the Granger church. These are community meetings and we trust there will be a fine audience at each place. We really owe one day in the year to the memory of our soldiers—living and dead.

The preaching service next Sunday will be in the morning at Granger and in the evening at Hopkins Grove, with Sunday school at 10 o'clock at each church. We hope you will be in your accustomed place in time to be counted.

Plans are under way for Children's Day and also the Young people's anniversary at Granger. The church and its activities should be our first consideration. Let's make a special endeavor to keep up the interest all through the summer months.

The Penny supper last Saturday evening was another success with a fine crowd and lots of good things to eat.

Rev. Elliott assisted at the Judge James E. Mershon funeral last Thursday afternoon and on Friday evening officiated at the wedding of Miss Dorothy Whitman and Kenneth Potts of Des Moines, which was solemnized at the Elliott home on East 14th St., in the presence of fifteen guests. On Thursday evening of this week he will deliver the Commencement address at Menlo.

Wade. Mr. and Mrs. Callahan have one daughter, Winifred Imogene, who was born on the old Callahan homestead in Peoples township, June 27, 1896, and is now attending the Woodward high school.

Since 1911 the family have been residents of Woodward, having returned from Idaho in that year, and Mr. Callahan now holds a position with the Woodward Creamery Company. He also deals in real estate and has negotiated some profitable deals. He derives a gratifying addition to his income from one hundred and sixty acres of land which he owns in Winnebago county. The family reside in a handsome home in Woodward and have many friends in that city. Politically Mr. Callahan is a democrat and fraternally a member of Woodward Lodge, No. 460, I. O. O. F. He is a useful citizen, a true and faithful friend, a reliable business man and a patriotic American and has made a record which reflects honor upon him.

CAPTAIN MARION BROOKS.

Not only is Captain Marion Brooks one of the most prosperous landowners of Peoples township, Boone county, but he has participated in the public life of his district, having represented Boone county in the state legislature. Moreover, he has to his credit a military record which reflects great honor upon him. He was born in Whiteside county, Illinois, February 8, 1842, and is a son of Alphonso and Eliza Brooks, natives of New York, both of whom passed away in Peoples township, the former having attained the age of sixty years. In their family were five children, as follows: Franklin, of Whiteside county, Illinois; Mrs. Alice Shulters, of Boone, Iowa; Marion, of this review; Mrs. Elma Parks, of Boone county; and Harriet, who died at the age of eight years. All were born in Whiteside county, Illinois.

There Captain Brooks grew to manhood, attending the common schools and subsequently following farming. He enlisted in the Union army at Spring Hill, Illinois, September 20, 1861. As the Illinois regiments were complete at that time the members of his company were placed under the command of James Lane and were sent to Fort Leavenworth, Kansas. Lane was securing men for an expedition to New Mexico and there were about fifteen hundred in his band. They proceeded as far as Fort Riley, where they were disbanded, Captain Brooks' company returning to Fort Leavenworth. Colonel Martin of that place was then organizing the Eighth Kansas Regiment, and the company joined it. This regiment was part of the Army of the Cumberland and also of the Central Army and was at different times under the commands of Generals Sherman, Grant and Thomas. Captain Brooks was present at the battles of Corinth and Chickamauga and in eastern Tennessee, participated in the fighting at Strawberry Plain and Knoxville. His term of enlistment having expired, he again joined the army and saw active service at Kenesaw Mountain and Atlanta. After the battles around Atlanta, he was sent to Nashville under the command of General Stanley. His company was then ordered to San Antonio, Texas, where the Captain was honorably discharged in February, 1866. He commanded his company from the

first, although he did not receive his commission until after he had served about five months.

After the war he returned to the pursuits of private life in Illinois but came overland to Boone county March 7, 1867, and settled on section 16, Peoples township, acquiring land which he developed into a richly bearing farm. He has ever since given his attention to general agricultural pursuits and stock-raising and has been one of the most successful auctioneers of his part of the state. He now owns five hundred acres of choice land, upon which four sets of buildings are found. Such success as has come to him is well merited, for he has attained prosperity entirely through his own efforts.

On March 23, 1864, in Whiteside county, Illinois, Captain Brooks married Miss Louisa Matson, who was born in Illinois, January 4, 1844, and attended the schools in that state, where she grew to womanhood. Her parents died while she was yet quite young. Captain and Mrs. Brooks became the parents of five children, as follows: Mrs. Grant, of Rolfe, Iowa; C. W., of Wilton, North Dakota; Mrs. Myrtle McFarland, of Peoples township; Bradford M., also of that township; and Mrs. Loretta River, deceased. All were born and reared in Peoples township.

The Captain has always been a staunch adherent of the republican party, thoroughly believing in its principles and ideals and loyally supporting its candidates. He served as state representative of Boone county in the twenty-fourth and twenty-fifth general assemblies, ably taking care of the interests of his constituents and participating in important legislation which affected not only his district but the whole state. He has also held several minor offices in Peoples township. Mrs. Brooks is a member of the Baptist church, while her husband is connected with the Masons, being enrolled among the members of Peaceful Lodge, No. 454, A. F. & A. M., of Woodward. The Captain is one of the most highly respected and esteemed residents of his community and has many friends, all of whom speak most highly in regard to his achievements and those qualities of his character which have made possible his success.

WILLIAM H. RAYBOURN.

William H. Raybourn early became identified with the development and prosperity of Boone county and was for many years regarded as one of the leading farmers of Cass township, but is now practically living retired in Woodward. He was born in Kentucky on the 17th of October, 1837, and is a son of John and Mary (Mathias) Raybourn, also natives of that state. In 1838 the family removed to Indiana and settled in Marion county, where they made their home until 1852, which year witnessed their arrival in Iowa. The journey was made across the country by wagon and they settled in Albia, Monroe county, where the father died in 1853. Shortly afterward, in the same year, the mother and children removed to Polk county, this state, and she purchased a tract of forty acres near Madrid, which our subject cultivated for some time. In 1857 they came to Boone county, and here he secured a quarter section of land on section 6, Cass township. At that time the majority of the settlers were living along the Des Moines river
