**But 1905 Promises to Establish  
Some New High  
Records.**

It was shown by the statement of Sioux City bank clearings for 1904, issued today by the clearing house, that for the year as a whole Sioux City practically equalled the record of 1903, while in the latter part of the year business made a big leap forward. In the last five months of 1904 the bank clearings showed a total gain of \$3,790,000 over the same months of 1903. This, with the opening of the Armour plant, and the excellent crop of the past season, is taken by all to mean that business, as indicated by the clearings, is again on the upward trend and that 1905 will see some new records.

Following are the clearings by months for 1903 and 1904:

**The Clearings by Months.**

|                   | 1903.               | 1904.               |

| <b>Total.....</b> | <b>\$79,821,433</b> | <b>\$66,532,055</b> |

"The bank clearings of Sioux City may be taken as a good index to the business done here during the year, and reports of the Sioux City clearing house have been legitimate throughout the year," said W. P. Manley, president of the Security National bank, today.

**Banks Don't Swap Checks.**

"The banks here never 'swap' checks just to increase the clearings, and all items are proper. There are numerous items which other clearing houses admit, which we do not."

Business conditions have been better than last year only within the last five months. In the spring of 1903 various causes caused a slight depression. In 1903 the clearings for April were over \$2,000,000 greater than this year. In February and March of this year the clearings were from \$1,500,000 to \$2,000,000 behind what they were the year before. The summer this year practically held its own. But in August the city began to gain. The first increase was shown in August, amounting to nearly \$1,000,000. The September gain over the year before was about \$200,000, while the October gain was \$1,660,000. The clearings for November and December, 1903, were \$11,957,534, while this year they amounted to \$13,474,248. Last spring the business men were handicapped by two successive poor crops, while the good yields of this year quickly affected business last fall.

**SIoux CITY WILL  
NOT FORGET 1904**

(Continued from Page 1, 5th column.)

International Harvester company's new building.

J. H. Osborne, commissioner of the Commercial club, has been active the past twelve months and has a good deal to show for his work. Five new factories have been brought to Sioux City, the largest, the Skidmore company of Leeds, capitalized at \$150,000, for the manufacture of scales. Another large concern is the Sioux City Casket company, capitalized at \$100,000; the Wixel Manufacturing company, making hay loaders and sundries; the Iowa Foundry company, and the Sioux City Produce company. The Farmers Tribune was induced to come from Des Moines, and the Trade Pilot, a commercial paper, was started.

Perhaps more junkets were made during the past year under the auspices of the Commercial club than in any previous year. The largest was a two-days' trip through northwest Iowa, southeastern Minnesota and eastern South Dakota. The trip was made in a special train and undoubtedly added to Sioux City's jobbing territory. Other trips were to the Sioux Falls carnival, the South Dakota state fair at Yankton, the carnivals at LeMars, Hawarden and Onawa.

**JAMES BARRETT DEAD.**

**Former Representative Died of Heart Paralysis at an Early Hour Today.**

James Barrett, one of the best known citizens of Sioux City and representative from Woodbury county for two terms, died at his home, 611 Virginia street, this morning at 4:30 o'clock of paralysis of the heart. The funeral will be held Monday afternoon at 2:30 o'clock at the First Baptist church, Rev. J. F. Watts officiating. The interment will be in the Floyd cemetery.

At 1 o'clock Mrs. Barrett was awakened by the groans of her husband. She called a doctor at once, but all efforts to save his life were unavailing, and he expired at 4:30 o'clock.

The deceased man left no family. He was a native of England and was born in Portsmouth.

**Special Announcement.**

To the many friends and patients of Kroeger's Sanitarium and Medical Institution: I wish to say that, in accordance with the wishes of the late Rev. Father Wm. Kroeger, M. D., the business will be conducted and continued along the same lines as it has been conducted in the past.

The same medicines, formulas and treatments will be used in the future that have made the institution famous in the past. Dr. Louisa M. Mentele, graduate, assistant, consultant, consultant and business partner of the late Rev. Dr. Wm. Kroeger, will continue the business. The opening will be on Monday, January 3, 1905. Patients will do well to write at once and arrange for their dates and number that they may receive the best treatment on arrival. Dr. Mentele, Consulting Partner.
