## Prominent In Business Church, Political And Civic Circles.

Daniel Alanson Emery, 85, prominent in Ottumwa civic, church, political and business circles for more than half a century, died at 5:30 p. m. Friday after an extended illness.

In recent years he had resided with Mrs. Emery at Hotel Ottumwa. The family home for many years was at 441 North Market street.

Mr. Emery was president of the Peoples Building & Savings association, a firm he helped establish in 1892 and which he served as secretary until 1939, when he retired from active management. He was a past president of the Iowa State Building and Loan league.

### Pioneered Many Projects.

His career in Ottumwa includes a number of other pioneering accomplishments. He became interested in the Rotary club movement about 25 years ago and out of this interest grew the Ottumwa club. He was a charter member and served as president during its early days.

As a member of the former Wapello club, Mr. Emery became interested in a permanent home for the organization. He suggested that civic leaders join in promoting and financing a new hotel building, the club to lease one entire floor. While the latter plan never was accepted, the building was built in this way and Mr. Emery served as secretary of the corporation which owned the Hotel Ottumwa structure from the time the project was first organized until about four years ago.

### In Local Area 80 Years.

Mr. Emery resided in the Ottumwa vicinity approximately 80 of his 85 years. He was born in Ridgeville Corners, Ohio, June 18, 1858, the son of Josiah Bartlett and Mary Harper Emery. The

In Local Area 80 Years.  
Mr. Emery resided in the Ot-  
tumwa vicinity approximately 80  
of his 85 years. He was born in  
Ridgeville Corners, Ohio, June 18,  
1858, the son of Josiah Bartlett  
and Mary Harper Emery. The  
father died in 1861, while engaged  
in recruiting an Ohio company for  
the Union army. The widow and  
two sons came to Wapello county  
in 1863, where she bought a farm  
four miles south of Ottumwa.  
Mr. Emery attended rural and  
Ottumwa public schools. In 1881  
he was graduated from Highland  
college in Kansas. In 1882 he re-  
ceived a law degree from the Uni-  
versity of Iowa. He actively prac-  
ticed law for 10 years in Ottumwa,  
until he helped establish the loan  
association, and always maintained  
membership and active interest in  
the Wapello County Bar associa-  
tion. At the time of his death he  
was the dean of local attorneys.

**Active Public Career.**  
Mr. Emery had a public career  
that included one term as a mem-  
ber of the state house of repre-  
sentatives, in 1920-22; secretary  
of the state board of education,  
1909-1913; a member of the Ot-  
tumwa city council, 1892-93; and  
city police judge, 1916. He also  
was prominent in republican poli-  
tics, serving through the years on  
numerous party committees.

For many years he was asso-  
ciated with the Iowa national  
guard, being a chartered member  
of the original Co. G of the sec-  
ond regiment in 1884. He helped  
organize the company in that year  
and served in it for 17 years, ris-  
ing from private to captain. He  
served as regimental adjutant for  
five years. During the Spanish-  
American war he was brigade  
quartermaster at Camp McKinley,  
at Des Moines.

Mr. Emery also had a long rec-  
ord in Masonic circles, serving as  
an officer in various of the local  
lodges. He was a 32nd degree  
Scottish Rite Mason, a Knight  
Templar, and a Shriner.

**Leader In Church Work.**  
He was a member of the First  
Presbyterian church of Ottumwa  
for 80 years, and served at vari-  
ous times on its official boards. He  
was an honorary member of the  
board of elders at the time of his  
death. For 50 years he was sec-

tical" government consisting of  
himself as premier and a series of  
undersecretaries and experts to  
carry on the actual business of  
administration.  
The makeshift move obviously  
was forced by a flat refusal of  
any members of the six anti-  
fascist political parties led by  
Count Carlo Sforza to join in a  
united-front government as long  
as King Vittorio Emanuele re-  
mained on the throne.  
The men who will be associated  
with Badoglio in the "technical"  
government will play no political  
part and will not participate in  
any policymaking.

The king has temporarily sty-  
mied any moves to oust him by  
sitting tight and ignoring political  
crises on the grounds that it is  
impossible to form a representa-  
tive government until Rome is  
reached.

## Yanks In Daylight Bombing Of Germany

LONDON. (P) - United States  
heavy bombers, supported by a  
force of fighting planes, attacked  
targets in northwest Germany  
this morning, American air head-  
quarters announced.

The new daylight assault, which  
the Berlin radio hinted might have  
been made on the ports of Wil-  
helmshaven or Emden, kept up the  
pace of better than a raid every  
three days which the American  
airmen have set.

A Berlin broadcast said the big  
bombers flew over Helgoland  
light, the usual route to Ger-  
many's vital northern port cities.

The operation was the seventh  
searing aerial blow at Europe in  
the past six days, which have  
brought an impressive new inter-  
locking of the northern and south-  
ern air forces in telling attacks  
on the nazi supply arteries to  
Italy.

see what effect the deductions would have; for another the deductions themselves reduced sales. Then too, the July-September revenue and volume of sales usually drop off from the previous quarter. The reason is people generally spend quite a sum of money in that period on vacations—and this year was no exception."

Smith predicted revenue and sales in October-December this year will set a new record for a quarter. He reasons this way:

"Many people have been saving up for Christmas expenses, and they now know pretty well how the federal income tax deductions are affecting them. They still are getting good money and employment hasn't fallen off to any extent."

## Big Damage To Convoy, Says Berlin

BY D. HAROLD OLF

WASHINGTON (AP)—Republican national committee machines were busy turning out single-page memoranda to Chairman H. Spangler's eight-sheet memorandum" of October 25, 1944.

"Since this victory memorandum was issued, the 1943 election has come and gone, and it more than ever confirms the prospect of victory for 1944.

The supplement then lists state-by-state results.

"These results give the Republicans 26 governors in the outside the solid south states have 86,000,000—nearly two-thirds of the population—and have 266 electoral votes." (266 are to elect a president.)

Elaborating on the clear republican "trend" contained in the pre-election memorandum, Spangler supplement the republican of 1936, the poorest year, and the present way:

Senators  
Representatives  
Governors

State legislatures (controlled by G. O. P.)

Both the October 25 memorandum and the supplement mailed to republican papers and voters. The memorandum, accompanied by charts and maps, pointed out that the 1944 election will be won in the 38 states outside the south. It added that in 1936, when President Roosevelt carried the northern states by a majority of only 2,450,000, the total vote was over 1,250,000 more. That result, and voting trends indicated the "necessary is certain."

The supplement lists highlights of the recent voting.

"Kentucky elected the republican governor since 1940. Roosevelt carried by nearly 150,000.

In New York, a lieutenant governor was
