PHIL KOHLHAAS
Succumbs Here;
Funeral Held

Funeral services for Phillip J. Kohlhaas, 72, well-known Algona business man, were held Saturday at 9:30 a.m. in St. Cecilia's Catholic church. A Solemn Requiem High Mass was said, with Msgr. P. P. Gearen, celebrant, Fr. Robert Thiele, deacon and Fr. Alver Behrens, sub-deacon. Burial followed at Calvary cemetery and Hamilton Funeral Home was in charge of arrangements.

Honorary pallbearers were Harry Bode, Joe Lowe, Al Agena, Charles Murtagh, T. H. Chrischilles and Luke Linnan. Active pallbearers were six nephews, Raymond, David and Leo Harig, Arnold Stuflick, Arthur Kohlhaas and Roland Lickteig.

Mr Kohlhaas, active for many years until ill health forced his retirement, died early Thursday morning in his home at 312 No. Garfield street following a lengthy illness.

Phillip J. Kohlhaas, son of Casper and Eva Mallinger Kohlhaas, was born Aug. 4, 1887 at St. Joe. He was married to Adelaide Harig May 4, 1915 in St. Cecilia's Catholic church.

Mr Kohlhaas and his brother, the late Frank Kohlhaas, owned and operated the Chevrolet garage here for many years. He later was in the real estate business and also did much work as a drainage engineer. He served as state representative in the legislature of Iowa during the thirties.

He was an active member of the Algona Knights of Columbus, a long-time member of the Kiwanis club here and served on the board of trustees of St. Cecilia's Catholic church for the past 35 years, and was very active in parish affairs.

Several months ago his illness forced his retirement from business. His office was in the Kossuth Mutual Insurance building.

Besides his wife, Mr Kohlhaas is survived by two daughters, Anita Rose Kohlhaas, Minneapolis, and Betty (Mrs Dale Brand), Clarion; four sons, Vernon, Washington, D. C., Robert, Falls Church, Virginia, Dean, Tacoma Park, Md., and Phillip V., Philadelphia, Pa.; two brothers, John, Algona, and Connie, Livermore; a sister Dena Kohlhaas, Algona; and 12 grandchildren. The Algona Appeal

ESTABLISHED 1863

Entered as second class matter at the postoffice at Algona, Iowa, Nov. 1, 1932, under Act of Congress of March 3, 1879.

ALGONA, IOWA, TUESDAY, MAY 10, 1933

5 Injured In 8 Areas

5 Years For Larceny

Berga Rasmussen, 25, Hutchinson, Minn., was sentenced to five years in the state penitentiary at Fort Madison after a plea of guilty to a charge of larceny in the daytime from a building in district court here Friday morning.

Judge Joseph Hand sentenced Rasmussen and Sheriff Ralph Lindhorst, whose investigation of a break-in near Swea City Monday, May 2, resulted in the Minnesota man's arrest, took him to Fort Madison the following day.

Rasmussen might also be wanted by Minnesota authorities after he served his sentence in Iowa. He was on parole for auto theft at the time of his latest crime and also stole a car during the last escapade at New Ulm.

The Minnesotan was tried here after he entered the farm home of Ralph Angle, 5 1/2 miles north of Swea City, May 2, and stole a small table model radio. He then filled the stolen auto with gasoline from Angle's gas barrel before heading for Fort Dodge where he was apprehended on information from Lindhorst at 4 p.m. the same day. The car was also found at Fort Dodge and later returned to its owner.

Lindhorst's rapid action in rounding up Rasmussen followed talks with persons in the Swea City area and radio messages to police departments at Mason City and Fort Dodge.

Rasmussen had no trouble gaining entrance at the Angle home. He went in through the unlocked front door, took the radio, which he later sold, and left. Mr Angle, who saw the auto in the yard from a distance as he worked in a field, had no idea the stranger had entered the house. Mrs Angle is employed during the day at Swea City. Discovery of the theft was made about noon and reported to Lindhorst immediately. Less than four hours later, Rasmussen was in custody.

Wins A \$300 Scholarship From Pioneer

Jason Etherington, 17, of Algona, was today presented a \$300 college scholarship, awarded by the Pioneer Hi-Bred Corn Company, Des Moines.

Etherington was one of 20 young Iowans and one Minnesotan to receive recognition. The scholastic awards are given annually to sons and daughters of company employees.

To be eligible, a student must have a scholastic standing in the upper one-half of his or her high school class, obtain a score in the top 30 percent — based on national averages — in the Otis General Intelligence Examination and possess abilities and characteristics likely to bring success in college.

Etherington is currently attending Algona Community High School. He plans to major in education upon entering Iowa State University this fall.

Etherington is the son of Mr and Mrs Clifford Etherington, Algona.

Hunting Area Near Burt Will Be Ready Soon

The body will be taken to his home Wednesday and Rosary will be said there in a day, the body was born at West Bend July 10, 1911. Michael F. Pfeffer was a

Farm & Home section goes exclusively in this area to Upper Des Moines subscribers, each month.

M. F. Pfeffer Dies; Funeral Here Friday

Michael F. Pfeffer, 48, well-known Algona bachelor farmer, succumbed to a heart condition at St. Ann hospital here this morning (Tuesday). Mr Pfeffer had been ill for the past 10 days.

Funeral services for Mr Pfeffer will be held in St. Cecilia's Catholic church at 9:30 a.m. Friday with Msgr. P. P. Gearen officiating. Burial will be at Calvary cemetery and Hamilton Funeral Home is in charge of arrangements.

The body will be taken to his home Wednesday and Rosary will be said there in a day, the body was born at West Bend July 10, 1911. Michael F. Pfeffer was a

94 Block Curb, Gutter Tabled In \$\$ Dispute

The Algona city council, meeting in special session late Friday afternoon, tabled the city's proposed 94-block curb and gutter project, possibly until next year.

A tie vote, with three council members favoring tabling the project for the time being, and three in favor of going ahead now, was broken when Mayor C. C. Shierk voted for the tabling action. It was the first time in many a moon that the mayor has voted to break a tie.

The special session was called during a regular meeting Apr. 27 when no decision could be reached on proposed plans for curb and gutter work in the city.

At least a dozen property owners were present at Friday's meeting. All favored curb and gutter, but some want to wait and catch up on present special assessment taxes on previous projects, including sewer, etc.

The only real question brought up by property owners was why should they pay \$2.39 per foot for curb and gutter (outside engineer's estimated cost) when a local contractor, Ed Bowman, has talked about doing the same type of work for \$2 per foot. That's a difference of \$25.74 on the short side of a 66-foot lot.

Bowman pointed out at the earlier meeting that he had purchased \$1136 worth of steel forms necessary for curb and gutter installation, in anticipation of completing about 20 blocks as he did a year ago. At the present time, none of the city officials are certain whether Bowman can go ahead and install curb and gutter by the block this summer or not. A ruling on the matter is forthcoming.

Chances are, minimum cost to any property owner for the new curb and gutter, if and when it is installed, will run at least \$157.74, plus a share of the corner in the property owner's half-block.

Tabled as it is, the proposed project may not be acted upon for some time. The fact that it will take at least four weeks for an engineering firm to survey the areas, plus waiting time to make the project legal.

Anna Fandel Rites Thursday At Whittemore

New Short-Office

Sheriff Ralph Lindhorst, of the new radio installed recently is received and is prepared. The new radio equipment Wood, the state radio receiver radios in cars driven by the sheriff. The old radio equipment, lost some of its power and Flashfoto-Engraving).

A 10-year old landmark, with many persons never saw, in northeast corner of the sheriff's outer office in the Kossuth county courthouse has disappeared. Gone, but surely not forgotten the old radio, and in its place stands an impressive-looking brand-new transmitter and receiver combination.

Installed by Fay Medhurst Storm Lake, the new Motorola outfit will give improved reception and transmission in sheriff's office for the first time in many a moon.

There were two major reasons for installation of the new radio. First of all, the old radio which had received and transmitted thousands of messages since had become obsolete and was requiring expensive repairs. Secondly, it was mandatory, the old unit be replaced as the FCC will require narrow band radio in the near future and retired unit could not have been adapted to the new usage.

Sheriff Ralph Lindhorst at Friday that during recent years the old radio could not be used in his auto, or in the auto of deputy, Don Wood, in the night. It was very inconvenient.

Both radios, the old and new, are 100 watt units, but
