### OBITUARIES.

**Died--**At Libertyville, Jefferson County, Iowa, on Wednesday, the 14th inst., of Chronic Diarrhoea, Dr. PETER WALKER, aged 48 years and 9 months.

Dr. Walker, at the time of his death, was First Assistant Surgeon of the 30th Regiment of Iowa Volunteers, and contracted the sickness of which he died, while in the discharge of his duties in that capacity. About two weeks previous to his death he returned from Helena for the purpose of regaining his health, but was suddenly called from a life of usefulness to his final rest. He has been known to the citizens of this county as a practitioner of medicine, and in various other spheres of usefulness, for about 20 years. In the fall of 1861 he was elected a Representative in our State Legislature, and in his connection with that body sustained the character of an industrious member and an able debater. But few members stood higher in the confidence and esteem of those who knew him in his position as a member of that body. — But few men possessed a brighter and more varied natural talent than Dr. Walker, and whatever subject he was called upon to discuss, whether ecclesiastical, political, or connected with his chosen profession, he was always able to bring to bear upon it a commanding genius and a ready store of thought and investigation.

Dr. Walker was a native of Ohio. He leaves a widow and six children to mourn his death. We regret that we have not the material at hand for a more extended sketch of the life of the deceased.

**Died--**At the residence of his mother in Kyngerville, Gallia Co., Ohio, Nov. 15th, 1862, Mr. JOSEPH WARREN SISSON, in the 24th year of his age.

He was a volunteer in the army of the Union—a member of Co. E, 2d Iowa. This Regiment's flag was the first to float within the walls of Ft. Don.
