

RACING AND GAMING COMMISSION[491]

Adopted and Filed

Rulemaking related to pari-mutuel wagering, simulcasting and advance deposit wagering

The Racing and Gaming Commission hereby rescinds Chapter 8, “Pari-Mutuel Wagering, Simulcasting and Advance Deposit Wagering,” Iowa Administrative Code, and adopts a new Chapter 8 with the same title.

Legal Authority for Rulemaking

This rulemaking is adopted under the authority provided in Iowa Code section 99D.7 and Executive Order 10.

State or Federal Law Implemented

This rulemaking implements, in whole or in part, Iowa Code chapter 99D and Executive Order 10.

Purpose and Summary

In accordance with Executive Order 10, the Commission is rescinding Chapter 8 and adopting a new chapter in lieu thereof. Chapter 8 provides details and parameters for pari-mutuel wagering, simulcasting, advance deposit wagering, and alternative simulcast operators. The Commission is reviewing rules related to racing before 2026 to make repromulgated rules effective in time for the 2026 racing season, which is scheduled to start in May.

This rulemaking repromulgating Chapter 8 eliminates some outdated language; eliminates some definitions or other language that duplicated a statute; and avoids potentially conflicting standards for different types of online operators by making advance deposit wagering account registration subject to the same requirements as advance deposit sports wagering account registration.

Public Comment and Changes to Rulemaking

Notice of Intended Action for this rulemaking was published in the Iowa Administrative Bulletin on December 24, 2025, as **ARC 9801C**. Public hearings were held on the following date:

- January 13, 2026

No one attended the public hearings.

Three comments were received from industry stakeholders. In consideration of the comments, changes from the Notice have been made. The differences are within the scope of the subject matter announced in the Notice, are in character with the issues raised in the Notice, and are a logical outgrowth of the Notice and the comments submitted in response to it. A summary of each comment received, and the Commission’s response to it, is as follows.

Comment 1 (definition of “source market fee” and “host fee” in rule 491—8.1(99D)): The Notice proposed one definition for both “source market fee” and “host fee.” An industry stakeholder commented that these fees are not synonymous and refer to different amounts that are calculated differently. The Commission accepts this comment and the clarification it seeks. The rules have been changed to define “host fee” separately and delete the phrase “or host fee” from the definition of “source market fee.”

Comment 2 (“licensee” reference in the definition of “source market fee” in rule 491—8.1(99D)): The Notice proposed to remove the definition of “licensee” from Chapter 8 but retain the definition of “licensee account holder.” An industry stakeholder commented that after the removal of a specific definition for “licensee,” the definition of “source market fee” could cause confusion because it referred to the amount “returned to the licensee and the Iowa Horsemen’s Benevolent and Protective Association pursuant to the terms of a negotiated agreement.” Without a separate definition for “licensee,” the commenter questioned whether readers might think the agreement was required to be

with a licensee *account holder* (the definition remaining in the chapter). The Commission accepts this comment. Because the negotiated agreement described in the definition is between the racetrack located in Polk County and the Iowa Horsemen’s Benevolent and Protective Association, the definition has been changed to specifically mention the racetrack located in Polk County, rather than the more generic term “licensee.”

Comment 3 (grandfathering for previously created advance deposit wagering accounts under paragraph 8.6(2)“b”): The Notice proposed to make advance deposit wagering account registration subject to the same requirements as advance deposit sports wagering account registration. An industry stakeholder submitted a comment requesting that the Commission consider adding a grandfather clause exempting previously created advance deposit wagering accounts from the new account registration requirements. In other words, the industry stakeholder asserted accounts already in existence should not have to re-register under the new requirements after the rules take effect. The commenter also proposed specific grandfathering language. The Commission accepts this comment in part. Although the exact language proposed by the commenter was not utilized, the Commission agrees it is appropriate to set a date and provide that advance deposit wagering accounts created before that date are considered to have satisfied the account registration requirements. Accordingly, the rules have been changed to add an exception in paragraph 8.6(2)“b” providing that a person who registered an advance deposit wagering account before January 1, 2027, is considered to have satisfied the account registration requirements. Selecting January 1, 2027, as the operative date aligns with the license period for advance deposit wagering operators and allows several months after the rules’ effective date for operators to program, test, and launch any technological changes to their platforms that may be necessary to implement the new account registration requirements.

Adoption of Rulemaking

This rulemaking was adopted by the Commission on March 5, 2026.

Fiscal Impact

This rulemaking has no fiscal impact to the State of Iowa.

Jobs Impact

After analysis and review of this rulemaking, no impact on jobs has been found.

Waivers

Any person who believes that the application of the discretionary provisions of this rulemaking would result in hardship or injustice to that person may petition the Commission for a waiver of the discretionary provisions, if any, pursuant to 491—Chapter 1.

Review by Administrative Rules Review Committee

The Administrative Rules Review Committee, a bipartisan legislative committee which oversees rulemaking by executive branch agencies, may, on its own motion or on written request by any individual or group, review this rulemaking at its [regular monthly meeting](#) or at a special meeting. The Committee’s meetings are open to the public, and interested persons may be heard as provided in Iowa Code section 17A.8(6).

Effective Date

This rulemaking will become effective on May 6, 2026.

The following rulemaking action is adopted:

ITEM 1. Rescind 491—Chapter 8 and adopt the following **new** chapter in lieu thereof:

491—8.2(99D) General.

8.2(1) *Wagering.* Each facility must conduct wagering in accordance with applicable laws and these rules, employing a pari-mutuel system approved by the commission. The totalizator should be tested prior to and during the meeting as required by the commission. Annually, the facility will have an external audit, approved by the administrator, of the totalizator system. All systems of wagering other than pari-mutuel, such as bookmaking and auction-pool selling, are prohibited, and any person attempting to participate in prohibited wagering will be ejected or excluded from facility grounds.

8.2(2) *Records.* The facility must maintain records of all wagering so the commission may review such records for any contest, including the opening line, subsequent odds fluctuation, the amount and at which window wagers were placed on any betting interest, and such other information as may be required. Such wagering records will be retained by each facility for a period of time specified by the commission. The commission may require certain records to be made available to the wagering public at the completion of each contest. The facility must provide the commission with a list of the licensed individuals afforded access to pari-mutuel records and equipment at the wagering facility.

8.2(3) *Pari-mutuel tickets.* A pari-mutuel ticket is evidence of a contribution to the pari-mutuel pool operated by the facility and is evidence of the facility’s obligation to pay to the holder thereof such portion of the distributable amount of the pari-mutuel pool as is represented by such valid pari-mutuel

ticket. The facility cashes all valid winning tickets when presented for payment during the course of the meeting where sold and for a specified period after the last day of the meeting as provided in paragraph 8.2(4) "g."

a. A valid pari-mutuel ticket must have been issued by a pari-mutuel ticket machine operated by the facility, have been recorded as a ticket entitled to a share of the pari-mutuel pool, and contain imprinted information as to:

- (1) The name of the facility operating the meeting.
- (2) A unique identifying number or code.
- (3) Identification of the terminal at which the ticket was issued.
- (4) A designation of the performance for which the wagering transaction was issued.
- (5) The contest number for which the pool is conducted.
- (6) The type(s) of wagers represented.
- (7) The number(s) representing the betting interests for which the wager is recorded.
- (8) The amount(s) of the contributions to the pari-mutuel pool or pools for which the ticket is evidence.

b. No pari-mutuel ticket recorded or reported as previously paid, canceled, or nonexistent may be deemed a valid pari-mutuel ticket by the facility. The facility may withhold payment and refuse to cash any pari-mutuel ticket deemed not valid, except as provided in paragraph 8.2(4) "e."

8.2(4) *Pari-mutuel ticket sales.*

a. Pari-mutuel tickets cannot be sold by anyone other than a facility licensed to conduct pari-mutuel wagering.

b. No pari-mutuel ticket may be sold on a contest for which wagering has already been closed, and no facility is responsible for ticket sales entered into but not completed by issuance of a ticket before the totalizator is closed for wagering on such contest.

c. Claims pertaining to a mistake on an issued or unissued ticket must be made by the bettor prior to leaving the seller's window.

d. Payment on winning pari-mutuel wagers will be made on the basis of the order of finish as purposely posted and declared "official." Any subsequent change in the order of finish or award of purse money(s) as may result from a subsequent ruling by the stewards or administrator will not affect the pari-mutuel payoff. If an error in the posted order of finish or payoff figures is discovered, the official order of finish or payoff prices may be corrected and an announcement concerning the change will be made to the public.

e. The facility cannot satisfy claims on lost, mutilated, or altered pari-mutuel tickets without authorization from the administrator.

f. The facility has no obligation to enter a wager into a betting pool if unable to do so due to equipment failure.

g. Payment on valid pari-mutuel tickets will be made only upon presentation and surrender to the facility where the wager was made within 60 days following the close of the meeting during which the wager was made. Failure to present any such ticket within 60 days waives the right to receive payment.

8.2(5) *Claims for payment from pari-mutuel pool.* At a designated location, a written, verified claim for payment from a pari-mutuel pool will be accepted by the facility in any case where the facility has withheld payment or has refused to cash a pari-mutuel wager. The claim should be made on a form approved by the administrator and the claim attested to under penalty of perjury. The original of the claim will be forwarded to the administrator within 48 hours.

a. If a claim is made for payment of a mutilated pari-mutuel ticket that does not contain the total imprinted elements required in paragraph 8.2(3) "a," the facility will include a recommendation whether or not the mutilated ticket has sufficient elements to be positively identified as a winning ticket on the claim forwarded to the administrator.

b. When a claim is made for payment on a pari-mutuel wager, the administrator will adjudicate the claim and may order payment thereon from the pari-mutuel pool or by the facility, may deny the claim, or may make such other order as the administrator may deem proper.

8.2(6) *Payment for errors.* If an error occurs in the payment amounts for pari-mutuel wagers that are cashed or entitled to be cashed, and as a result of such error the pari-mutuel pool involved in the error is not correctly distributed among winning ticket holders, the following apply:

a. Verification is required to show that the amount of the commission, the amount in breakage, and the amount in payoffs are equal to the total gross pool. If the amount of the pool is more than the amount used to calculate the payoff, the underpayment will be added to the corresponding pool of the next contest. If an underpayment is discovered after the close of the meeting, the underpayment should be held in an interest-bearing account approved by the administrator until being added, together with accrued interest, to the corresponding pool of the next meet.

b. Any claim not filed with the facility within 30 days, inclusive of the date on which the underpayment was publicly announced, is waived, and the facility has no further liability therefor.

c. In the event the error results in an overpayment to winning wagers, the facility is responsible for such payment.

8.2(7) *Public notice.* Wagering rules, betting explanations relative to each time of pool offered, approximate odds, and the calculation of payoffs and distribution of pools approved by the commission must be readily available to the public. Signage may be conspicuously posted in the wagering area to direct patrons to the wagering area where this information can be viewed. The approximate odds for win pool betting and the probable payoff or amounts wagered, in total and on each betting interest, for other pools will be displayed to the wagering public at intervals and in a manner approved by the administrator. Official results and payoffs must be publicly displayed upon each contest being declared official.

8.2(8) *Canceled contests.* If a contest is canceled or declared “no contest,” refunds will be granted on valid wagers in accordance with these rules.

8.2(9) *Refunds.*

a. Notwithstanding other provisions of these rules, refunds of the entire pool are made on:

(1) Win pools, exacta pools, and first-half double pools offered in contests in which the number of betting interests has been reduced to fewer than two.

(2) Place pools, quinella pools, trifecta pools, first-half quinella double pools, first-half twin quinella pools, first-half twin trifecta pools, and first-half tri-superfecta pools offered in contests in which the number of betting interests has been reduced to fewer than three.

(3) Show pools, superfecta pools, and first-half twin superfecta pools offered in contests in which the number of betting interests has been reduced to fewer than four.

b. Authorized refunds are paid upon presentation and surrender of the affected pari-mutuel ticket.

8.2(10) *Coupled entries and mutuel fields.*

a. Contestants coupled in wagering as a coupled entry or mutuel field are considered part of a single betting interest for the purpose of price calculations and distribution of pools. Should any contestant in a coupled entry or mutuel field be officially withdrawn or scratched, the remaining contestants in that coupled entry or mutuel field remain valid betting interests and no refunds will be granted. If all contestants within a coupled entry or mutuel field are scratched, then tickets on such betting interests will be refunded, notwithstanding other provisions of these rules.

b. For the purpose of price calculations only, coupled entries and mutuel fields will be calculated as a single finisher, using the finishing position of the leading contestant in that coupled entry or mutuel field to determine order of placing. This rule applies to all circumstances, including situations involving a dead heat, except as otherwise provided by these rules.

8.2(11) *Pools dependent upon betting interests.* Unless the administrator otherwise provides, at the time the pools are opened for wagering, the facility:

a. May offer win, place, and show wagering on all contests.

b. May disallow show wagering on any contest with five or fewer betting interests scheduled to start.

c. May disallow place wagering on any contest with four or fewer betting interests scheduled to start.

- d. May disallow quinella wagering on any contest with three or fewer betting interests scheduled to start.
- e. May disallow quinella double wagering on any contests with three or fewer betting interests scheduled to start.
- f. May disallow exacta wagering on any contest with three or fewer betting interests scheduled to start.
- g. May disallow trifecta wagering on any contest with five or fewer betting interests scheduled to start. In addition, the stewards have the authority to cancel trifecta wagering at any time they determine an irregular pattern of wagering or determine that the conduct of the race would not be in the interest of the regulation of the pari-mutuel wagering industry or in the public confidence in racing. The stewards may approve smaller fields for trifecta wagering if extraneous circumstances are shown by the facility.
- h. May disallow superfecta and pentafecta wagering on any contest with seven or fewer betting interests scheduled to start.
- i. May disallow twin quinella wagering on any contests with three or fewer betting interests scheduled to start.
- j. May disallow twin trifecta wagering on any contests with seven or fewer betting interests scheduled to start, except as provided in paragraph 8.2(11) "g."
- k. May disallow tri-superfecta wagering on any contests with seven or fewer betting interests scheduled to start.
- l. May disallow twin superfecta wagering on any contests with seven or fewer betting interests scheduled to start.

8.2(12) *Prior approval for betting pools.*

- a. A facility that desires to offer new forms of wagering must apply in writing to the administrator and receive written approval prior to implementing the new betting pool.
- b. The facility may suspend previously approved forms of wagering with the prior approval of the administrator. Any carryover is held until the suspended form of wagering is reinstated. A facility may request approval of a form of wagering or separate wagering pool for specific requirements.

8.2(13) *Closing of wagering in a contest.*

- a. All wagering stops and all pari-mutuel machines are automatically locked at post time or at the actual start of the races.
- b. The facility will maintain, in good order, a system approved by the administrator for closing wagering.

8.2(14) *Facility/vendor employees.* All facility/vendor employees must report immediately to the administrator any known irregularities or wrongdoings by any person involving pari-mutuel wagering and cooperate in subsequent investigations.

8.2(15) *Unrestricted access.* The facility must permit the commission unrestricted access at all times to its facilities and equipment and to all books, ledgers, accounts, documents and records of the facility that relate to pari-mutuel wagering.

8.2(16) *Totalizator breakdown.* In the event of irreparable breakdown of the totalizator during the wagering on a race, the wagering on that race will be declared closed and the payoff will be computed on the sums wagered in each pool up to the time of the breakdown.

8.2(17) *Minimum wager and payoff.* The minimum wager to be accepted by any licensed facility for win, place and show wagering is \$2. The minimum payoff on a \$2 wager is \$2.10. For all other wagers, the minimum wager to be accepted by any licensed facility is \$1. The minimum payoff for a \$1 wager is \$1.05. Any deviation from these minimums must be approved by the administrator. In cases where a minus pool occurs, the facility is responsible for the payment of the minimum payoff and no breakage will be incurred from that pari-mutuel pool.

8.2(18) *Underage wagering prohibited.* No licensed operator may permit any person under the age of 21 to purchase or cash a pari-mutuel ticket.

8.2(19) *Emergency situations.* In the event of an emergency in connection with the mutuel department not covered in these rules, the pari-mutuel manager representing the facility should report the

problem to the stewards, and the stewards will render a full report to the administrator or administrator's designee within 48 hours.

8.2(20) *Commission mutuel representative.* The administrator may appoint an employee to serve as the commission's designated representative at each race meeting as provided in Iowa Code section 99D.19. In the absence of a specifically appointed representative, the board of stewards or simulcast steward will perform the functions and duties of the commission.

491—8.3(99D) Approval of pari-mutuel wagers.

8.3(1) *Pools permitted.* All pari-mutuel wagering pools approved by the commission are to be separately and independently calculated and distributed. Takeout is deducted from each gross pool as stipulated by Iowa Code section 99D.11. The remainder of the moneys in the pool will constitute the net pool for distribution as payoff on winning wagers.

8.3(2) *Pari-mutuel wagering submissions.* Prior to conducting a new pari-mutuel wager, a facility must submit written proposals for the wager, including but not limited to the wager type, calculation of payoff, refunds and distribution of pools. Proposals must be approved by the administrator or an administrator's designee prior to implementation.

491—8.4(99D) Simulcast wagering.

8.4(1) *General.*

a. Rules. All simulcasting must be transmitted live, and all wagering on simulcasting must be made in accordance with commission rules on pari-mutuel wagering. Commission rules in effect during live racing remain in effect during simulcasting where applicable.

b. Transmission. The method used to transmit sales transaction and data including but not limited to the odds, will pay, race results, and payoff prices must be approved by the commission, based upon the determination that provisions to secure the system and transmission are satisfactory. If the method relies on internet service to transmit, a backup internet service should be used in the event of transmission failure until all transactions are completed for the day.

c. Communication. A communication system between the host track and the receiving facility that will allow the totalizator operator and the commission representatives at the host track to communicate with the facility receiving the signal must be provided. The facility is responsible during the racing program's operating hours for reporting any problems or delays to the public.

d. Approval.

(1) All simulcasting, both interstate and intrastate, must be preapproved by the commission or commission representative. Each facility conducting simulcasting submits an annual written simulcast proposal to the commission with the application for license renewal.

(2) The commission representative, upon written request, may grant modifications to the annual simulcast proposal. The commission representative may approve or disapprove simulcast requests at the representative's discretion. Factors that may be considered include but are not limited to economic conditions of a facility, impact on other facilities, impact on the Iowa breeding industry, other gambling in the state, and any other considerations the commission representative deems appropriate.

(3) Once simulcast authority has been granted by the commission or commission representative, it is the affirmative responsibility of the facility granted simulcast authority to obtain all necessary permission from other jurisdictions and tracks to simulcast the pari-mutuel races. In addition, the burden of adhering to state and federal laws concerning simulcasting rests on the facility at all times.

8.4(2) *Simulcast host.*

a. Every host facility, if requested, may contract with an authorized receiver for the purpose of providing authorized users its simulcast. All contracts governing participation in interstate or intrastate pools must be submitted to the commission representative for prior approval. Contracts should be of such content and in such format as required by the commission representative.

b. A host facility is responsible for the content of the simulcast and should use all reasonable effort to present a simulcast that offers the viewers an exemplary depiction of each performance.

c. Unless otherwise permitted by the commission representative, every simulcast will contain in its video content a digital display of actual time of day, the name of the host facility from which the

simulcast originates, the number of the contest being displayed, and any other relevant information available to patrons at the host facility.

d. The host facility must maintain such security controls, including encryption over its uplink and communications systems, as directed or approved by the commission or commission representative.

e. Financial reports are submitted daily or as otherwise directed by the commission representative. Reports must be of such content and in such format as required by the commission representative.

8.4(3) *Authorized receiver:*

a. An authorized receiver provides:

(1) Adequate transmitting and receiving equipment of acceptable broadcast quality that does not interfere with the closed circuit TV system of the host facility for providing any host facility patron information.

(2) Pari-mutuel terminals, pari-mutuel odds displays, modems and switching units enabling pari-mutuel data transmissions, and data communications between the host and guest facilities.

(3) A voice communication system between each guest facility and the host facility providing timely voice contact among the commission representative, placing judges, and mutuel departments.

b. The guest facility and all authorized receivers must conduct pari-mutuel wagering pursuant to the applicable commission rules.

c. Not less than 30 minutes prior to the commencement of transmission of the performance of pari-mutuel contests, the guest facility should initiate a test program of its transmitter, encryption and decoding, and data communication to ensure proper operation of the system.

d. The guest facility should, in conjunction with the host facility or facilities for which it operates pari-mutuel wagering, provide the commission representative with a certified report of its pari-mutuel operations as directed by the commission representative.

e. Every authorized receiver must file with the commission an annual report of its simulcast operations and an audited financial statement.

f. The mutuel manager will notify the commission representative when the transfer of pools, pool totals, or calculations are in question, or if partial or total cancellations occur, and will suggest alternatives for continued operation. Should loss of video signal occur, wagering may continue with approval from the commission representative.

491—8.5(99D) Interstate common-pool wagering.

8.5(1) *General.*

a. All contracts governing participation in interstate common pools should be submitted to the commission representative for prior approval. Financial reports are submitted daily or as otherwise directed by the commission representative. Contracts and reports should be of such content and in such format as required by the commission representative.

b. Individual wagering transactions are made at the point of sale in the state where placed. Pari-mutuel pools are combined for computing odds and calculating payoffs but will be held separate for auditing and all other purposes.

c. Any surcharges or withholdings in addition to the takeout may be applied only in the jurisdiction otherwise imposing such surcharges or withholdings.

d. In determining whether to approve an interstate common pool that does not include the host facility or that includes contests from more than one facility, the commission representative will consider and may approve use of a bet type that is not utilized at the host facility, application of a takeout rate not in effect at the host facility, or other factors that are presented to the commission representative.

e. The content and format of the visual display of racing and wagering information at facilities in other jurisdictions where wagering is permitted in the interstate common pool need not be identical to the similar information permitted or required to be displayed under these rules.

8.5(2) *Guest state participation in interstate common pools.*

a. With the prior approval of the commission representative, pari-mutuel wagering pools may be combined with corresponding wagering pools in the host state or with corresponding pools established by one or more other jurisdictions.

b. The commission representative may permit adjustment of the takeout from the pari-mutuel pool so that the takeout rate in this jurisdiction is identical to that of the host facility or identical to that of other jurisdictions participating in a merged pool.

c. When takeout rates in the merged pools are not identical, the net-price calculation is the method by which the differing takeout rates are applied.

d. Rules established in the state of the host facility designated for a pari-mutuel pool apply.

e. The commission representative will approve agreements made between the facility and other participants in interstate common pools governing the distribution of breakage between the jurisdictions.

f. If, for any reason, it becomes impossible to successfully merge the bets placed into the interstate common pool, the facility will make payoffs in accordance with payoff prices that would have been in effect if prices for the pool of bets were calculated without regard to wagers placed elsewhere, except that, with the permission of the commission representative, the facility may alternatively determine either to pay winning tickets at the payoff prices at the host facility or to declare such accepted bets void and make refunds in accordance with the applicable rules.

8.5(3) *Host state participation in merged pools.*

a. With the prior approval of the commission representative, a facility licensed to conduct pari-mutuel wagering may determine that one or more of its contests be utilized for pari-mutuel wagering at guest facilities in other jurisdictions and may also determine that pari-mutuel pools in guest jurisdictions be combined with corresponding wagering pools established by it as the host facility or comparable wagering pools established by two or more jurisdictions.

b. When takeout rates in the merged pool are identical, the net-price calculation is the method by which the differing takeout rates are applied.

c. Rules of racing established for races held in this state also apply to interstate common pools unless the commission representative specifically determines otherwise.

d. The commission representative must approve agreements made between the facility and other participants in interstate common pools governing the distribution of breakage between the jurisdictions.

e. Any contract for interstate common pools entered into by the facility must contain a provision to the effect that if, for any reason, it becomes impossible to successfully merge the bets placed in another jurisdiction into the interstate common pool formed by the facility or if, for any reason, the commission representative or facility determines that attempting to effect transfer of pool data from the guest jurisdiction may endanger the facility's wagering pool, the facility will have no liability for any measure taken that may result in the guest's wagers not being accepted into the pool.

8.5(4) *Takeout rates in interstate common pools.*

a. With the prior approval of the commission representative, a facility wishing to participate in an interstate common pool may change its takeout rate so as to achieve a common takeout rate with all other participants in the interstate common pool.

b. A facility wishing to participate in an interstate common pool may request that the commission representative approve a methodology whereby host facility and guest facility jurisdictions with different takeout rates for corresponding pari-mutuel pools may effectively and equitably combine wagers from the different jurisdictions into an interstate common pool.
