

**HUMAN SERVICES DEPARTMENT[441]**

**Adopted and Filed**

**Rulemaking related to Medicaid waiver services**

The Department of Health and Human Services hereby rescinds Chapter 83, “Medicaid Waiver Services,” Iowa Administrative Code, and adopts a new Chapter 83 with the same title.

*Legal Authority for Rulemaking*

This rulemaking is adopted under the authority provided in Iowa Code chapter 249A.

*State or Federal Law Implemented*

This rulemaking implements, in whole or in part, Iowa Code chapter 249A; 2005 Iowa Acts, chapter 167, section 13; and 2005 Iowa Acts, chapter 117, section 3.

*Purpose and Summary*

The purpose of this chapter is to describe and outline the provision of services under the Medicaid waiver program. Medicaid waiver services are services provided to maintain persons in their own homes or communities who would otherwise require care in a medical institution, including support for persons to seek and maintain employment in the community. Provision of these services must be cost-effective. Services are limited to certain targeted client groups for whom a federal waiver has been requested and approved. Services provided through the waivers are not available to other Medicaid recipients since the services are beyond the scope of the Medicaid State plan.

This chapter underwent a Red Tape Review pursuant to Executive Order 10. As a result of the Department’s review, the Department deleted redundant, restrictive, and outdated language and added dates certain. The revisions in this rulemaking are separate and distinct from changes the Department may make to its rules as a result of the upcoming waiver redesign process.

*Public Comment and Changes to Rulemaking*

Notice of Intended Action for this rulemaking was published in the Iowa Administrative Bulletin on December 24, 2025, as **ARC 9856C**. Public hearings were held on the following date:

- January 13, 2026

No one attended the public hearings.

The Department received a public comment from the National Board for Certification in Occupational Therapy that the Board, not the listed American Occupational Therapy Association, is the organization responsible for certifying occupational therapy practitioners in the United States. As such, the Department has corrected the reference in rule 441—83.60(249A).

The Department updated references to the Supports Intensity Scale® (SIS) assessment for use in the Intellectual Disability Waiver level of care assessments. Use of the SIS assessment ended on December 31, 2025. The tool used now for those level of care assessments is called the interRAI assessment tool.

The Department updated the term “physician assistant” to “physician associate” throughout pursuant to 2026 Iowa Acts, Senate File 2190.

The Department updated the waiver service caps to be current with the amounts as of the effective date of the rules.

The Department also updated references to 441—Chapter 7 to 441—Chapter 2506 to reflect modifications necessitated by the new Uniform Rules on Agency Procedure, which go into effect July 1, 2026.

The Department removed the definition of “case management services” from rule 441—83.81(249A) since the Iowa Code chapter referenced has been repealed.

*Adoption of Rulemaking*

This rulemaking was adopted by the Department on April 16, 2026.

*Fiscal Impact*

This rulemaking has no fiscal impact to the State of Iowa.

*Jobs Impact*

After analysis and review of this rulemaking, no impact on jobs has been found.

*Waivers*

Any person who believes that the application of the discretionary provisions of this rulemaking would result in hardship or injustice to that person may petition the Department for a waiver of the discretionary provisions, if any, pursuant to 441—Chapter 2504.

*Review by Administrative Rules Review Committee*

The Administrative Rules Review Committee, a bipartisan legislative committee which oversees rulemaking by executive branch agencies, may, on its own motion or on written request by any individual or group, review this rulemaking at its [regular monthly meeting](#) or at a special meeting. The Committee's meetings are open to the public, and interested persons may be heard as provided in Iowa Code section 17A.8(6).

*Effective Date*

This rulemaking will become effective on July 1, 2026.

The following rulemaking action is adopted:

ITEM 1. Rescind 441—Chapter 83 and adopt the following **new** chapter in lieu thereof:

b. Reserved.

c. Persons shall meet the eligibility requirements of the supplemental security income program except for the following:

Copies of the completed information submission tool for an individual are available to that individual from the individual’s case manager or MCO.

(1) The member’s designated case manager shall use the completed assessment to develop the comprehensive service plan as specified in 441—paragraph 90.4(1) “b.”

(2) Iowa Medicaid will be responsible for the initial determination of the member’s level of care certification. Iowa Medicaid or the member’s MCO will be responsible for annual redetermination of the level of care.

(3) Health and disability waiver services will not be provided when the person is an inpatient in a medical institution.

(4) The MCO must submit documentation to Iowa Medicaid for all reassessments, performed at least annually, that indicate a change in the member’s level of care. Iowa Medicaid will make a final determination for any reassessments that indicate a change in the level of care. e. To be eligible for interim medical monitoring and treatment services the member must be:

(1) Under the age of 21;

(2) Currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical intervention or intervention in a medical emergency during those services. h. To be eligible for the consumer choices option as set forth in 441—subrule 78.34(13), a person cannot be living in a residential care facility.

**83.2(2) Need for services.**

a. The member shall have a service plan approved by the department that is developed by the designated case manager. This service plan must be completed prior to services provision and annually thereafter.

The designated case manager will establish the interdisciplinary team for the member and, with the team, identify the member’s need for service based on the member’s needs and desires as well as the availability and appropriateness of services, using the following criteria:

(1) This service plan will be based, in part, on information in the completed information submission tool listed in paragraph 83.2(1) “d” and other supporting documentation as relevant. The designated case manager will have a face-to-face visit with the member at least quarterly.

(2) Service plans for persons aged 20 or under shall be developed to reflect use of all appropriate nonwaiver Medicaid services and so as not to replace or duplicate those services. The designated case manager shall list all nonwaiver Medicaid services in the service plan.

(3) Service plans for persons aged 20 or under that include home health or nursing services will not be approved until a home health agency has made a request to cover the member’s service needs through nonwaiver Medicaid services.

\$3,166.53	\$1,087.96	\$4,244.04

For members enrolled in the health and disability waiver in accordance with subrule 83.2(1), when a member turns 21 years of age, the average monthly cost of services received through 441—subrule 78.9(10) will be used to increase the monthly waiver budget in accordance with the following:

(1) The member must request the revised waiver budget through the member’s case manager no earlier than two months before, and no later than six months after, the member’s twenty-first birthday. A renewal request must be received annually no earlier than two months before, and no later than six months after, each subsequent birthday.

(2) The member’s waiver budget will be increased by the average monthly cost of state plan private duty nursing or personal care services for the member that was billed to and paid by Iowa Medicaid or an Iowa Medicaid-contracted MCO during the year in which the member is 20 years of age.

(3) Once the request is received by the department, the department will determine the average monthly cost pursuant to the claims data available at the time of the request. No subsequent claims data shall be considered.

(4) The revised waiver budget reflecting the average cost of state plan private duty nursing or personal care services will become effective on the later of the first day of the month of the member's twenty-first birthday or the first day of the month of the completed review.

(5) The revised waiver budget will extend up to the first of the month following the member's twenty-fifth birthday and will remain at the initially authorized amount for the member while aged 21 through 24.

c. Interim medical monitoring and treatment services must be needed because all usual caregivers are unavailable to provide care due to one of the following circumstances:

(1) Employment. Interim medical monitoring and treatment services are to be received only during hours of employment.

(2) Academic or vocational training. Interim medical monitoring and treatment services provided while a usual caregiver participates in postsecondary education or vocational training will be limited to 24 periods of no more than 30 days each per caregiver as documented by the service worker or targeted case manager. Time spent in high school completion, adult basic education, GED, or English as a second language does not count toward the limit.

(3) Absence from the home due to hospitalization, treatment for physical or mental illness, or death of the usual caregiver. Interim medical monitoring and treatment services under this subparagraph are limited to a maximum of 30 days.

(4) Search for employment.

1. Care during job search will be limited to only those hours the usual caregiver is actually looking for employment, including travel time.

2. Interim medical monitoring and treatment services may be provided under this paragraph only during the execution of one job search plan of up to 30 working days in a 12-month period, approved by the department service worker or targeted case manager pursuant to 441—subparagraph 170.2(2) "b"(5).

3. Documentation of job search contacts shall be furnished to the department service worker or targeted case manager.

#### **441—83.3(249A) Application.**

**83.3(1)** *Application for HCBS health and disability waiver services.* The application process as specified in rules 441—76.1(249A) through 441—76.6(249A) shall be followed.

**83.3(2)** *Application and services program limit.* The number of persons who may be approved for the HCBS health and disability waiver will be subject to the number of members to be served as set forth in the federally approved HCBS health and disability waiver. The number of members to be served is set forth at the time of each five-year renewal of the waiver or in amendments to the waiver approved by the Centers for Medicare and Medicaid Services (CMS). When the number of applicants exceeds the number of members specified in the approved waiver, the applicant's name will be placed on a waiting list maintained by Iowa Medicaid.

a. The department field office will enter all waiver applications into the institutional and waiver service and narrative system (IoWANS) to determine whether a payment slot is available.

(1) For applicants not currently receiving Medicaid, the department field office will make the entry by the end of the fifth working day after receipt of a completed application for health coverage and help paying costs or within five working days after receipt of disability determination, whichever is later.

(2) For current Medicaid members, the department field office will make the entry by the end of the fifth working day after receipt of a written request signed and dated by the applicant.

(3) A payment slot will be assigned to the applicant upon confirmation of an available slot.

(4) Once a payment slot is assigned, the department field office will give written notice to the applicant. The department will hold the payment slot for the applicant as long as reasonable efforts are being made to arrange services and the applicant has not been determined to be ineligible for the program. If services have not been initiated and reasonable efforts are no longer being made to arrange services, the slot will revert for use by the next person on the waiting list, if applicable. The applicant originally assigned the slot must reapply for a new slot.

b. If no payment slot is available, the department will enter persons on a waiting list according to the following:

(1) Applicants not currently eligible for Medicaid will be entered on the waiting list on the basis of the date a completed application for health coverage and help paying costs is received by the department or upon receipt of disability determination, whichever is later.

(2) Applicants currently eligible for Medicaid will be added to the waiting list on the basis of the date a request as specified in subparagraph 83.3(2)“a”(2) is received by the department.

(3) In the event that more than one application is received at one time, persons shall be entered on the waiting list on the basis of the month of birth, January being month one and the lowest number.

(4) Applicants who do not fall within the available slots will have their application rejected, and their names will be maintained on the waiting list. They will be contacted to reapply as slots become available based on their order on the waiting list so that the number of approved persons on the program is maintained. Iowa Medicaid will contact the department field office when a slot becomes available.

(5) Once a payment slot is assigned, the department field office will give written notice to the person within five working days. The department will hold the payment slot for 30 days for the person to file a new application. If an application has not been filed within 30 days, the slot will revert for use by the next person on the waiting list, if applicable. The person originally assigned the slot must reapply for a new slot.

c. The department field office will notify Iowa Medicaid within five working days of the receipt of an application and of any action on or withdrawal of an application.

**83.3(3) Approval of application.**

a. Applications for the HCBS health and disability waiver program will be processed in 30 days unless one or more of the following conditions exist:

(1) An application has been filed and is pending for federal supplemental security income benefits.

(2) The application is pending because the department has not received information that is beyond the control of the client or the department.

(3) The application is pending due to the disability determination process performed through the department.

(4) The application is pending because a level of care determination has not been made although the required assessment has been submitted to Iowa Medicaid.

(5) The application is pending because the required assessment has not been completed. When a determination is not completed 90 days from the date of application due to the lack of a completed assessment, the application will be denied.

b. Decisions will be mailed or given to the applicant on the date when income maintenance eligibility and level of care determinations are completed.

c. An applicant must be given the choice between HCBS health and disability waiver services and institutional care. The applicant, parent, guardian, or attorney in fact under a durable power of attorney for health care shall sign the assessment and indicate that the applicant has elected home- and community-based services.

d. Waiver services provided prior to approval of eligibility for the waiver cannot be paid.

e. A member may be enrolled in only one waiver program at a time. Costs for waiver services are not reimbursable while the member is in a medical institution (hospital or nursing facility) or residential facility. Services will not be simultaneously reimbursed for the same time period as Medicaid or other Medicaid waiver services.

**83.3(4) Effective date of eligibility.**

a. Deeming of parental or spousal income and resources ceases and eligibility will be effective on the date the income and resource eligibility and level of care determinations are completed but will not be earlier than the first of the month following the date of application.

b. The effective date of eligibility for the health and disability waiver for persons who qualify for Medicaid due to eligibility for the waiver services and to whom paragraphs 83.3(4)“a” and “c” do not apply is the date on which the income eligibility and level of care determinations are completed.

c. Eligibility for persons covered under subparagraph 83.2(1)“c”(3) will exist on the date the income and resource eligibility and level of care determinations are completed but will not be earlier than the first of the month following the date of application.

d. Eligibility continues until the member has been in a medical institution for 120 consecutive days for other than respite care. Members who are inpatients in a medical institution for 120 or more consecutive days for other than respite care will be terminated from health and disability waiver services and reviewed for eligibility for other Medicaid coverage groups. The member will be notified of that decision through a notice of decision. If the member returns home before the effective date of the notice of decision and the member's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

**83.3(5) Attribution of resources.** For the purposes of attributing resources as provided in rule 441—75.82(249A), the date on which the waiver applicant met the level of care criteria in a medical institution as established by the peer review organization will be used as the date of entry to the medical institution. Only one attribution of resources shall be completed per person. Attributions completed for prior institutionalizations will be applied to the waiver application.

**441—83.4(249A) Financial participation.** Persons must contribute their predetermined financial participation to the cost of health and disability waiver services or other Medicaid services, as applicable.

**83.4(1) Maintenance needs of the individual.** The maintenance needs of the individual will be computed by deducting an amount that is 300 percent of the maximum monthly payment for one person under supplemental security income (SSI) from the client's total income.

**83.4(2) Limitation on payment.** If the sum of the third-party payment and client participation equals or exceeds the reimbursement established by the service worker or targeted case manager for health and disability waiver services, Medicaid will make no payments to health and disability waiver service providers. However, Medicaid will make payments to other medical vendors, as applicable.

**441—83.5(249A) Redetermination.** A complete redetermination of eligibility for the health and disability waiver shall be completed at least once every 12 months or when there is significant change in the person's situation or condition. A redetermination of continuing eligibility factors shall be made in accordance with rules 441—76.17(249A) and 441—83.2(249A). A redetermination shall include verification of the existence of a current service plan meeting the requirements listed in rule 441—83.7(249A).

**83.5(1)** The department or the member's MCO will be responsible for annual redetermination of the level of care.

**83.5(2)** The MCO must submit documentation to the department for all reassessments, performed at least annually, that indicate a change in the member's level of care. The department will make a final determination for any reassessments that indicate a change in the level of care. If the level of care reassessment indicates no change in level of care, the member is approved to continue at the already established level of care.

**441—83.6(249A) Allowable services.** Services allowable under the health and disability waiver are homemaker, home health, adult day care, respite care, nursing, counseling, consumer-directed attendant care, interim medical monitoring and treatment, home and vehicle modification, personal emergency response system, home-delivered meals, nutritional counseling, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.34(249A).

**441—83.7(249A) Service plan.** A service plan shall be prepared for health and disability waiver members in accordance with 441—paragraph 90.4(1) "b." Service plans for both children and adults shall be completed every 12 months or when there is significant change in the person's situation or condition.

**83.7(1)** The service plan shall include the frequency of the health and disability waiver services and the types of providers that will deliver the services.

**83.7(2)** The service plan shall indicate whether the member has elected the consumer choices option. If the member has elected the consumer choices option, the service plan shall identify:

- a. The independent support broker selected by the member; and
- b. The financial management service selected by the member.

**83.7(3)** The service plan shall also list all nonwaiver Medicaid services.

**83.7(4)** The service plan shall identify a plan for emergencies and the supports available to the member in an emergency.

**441—83.8(249A) Adverse service actions.**

- d. Needed services are not available or received from qualifying providers.

- a. The provisions of 441—paragraph 130.5(2) “a,” “b,” “c,” “g,” or “h” apply.
- b. The costs of the health and disability waiver service for the person exceed the aggregate monthly costs established in paragraph 83.2(2) “b.”
- c. The member receives care in a hospital, nursing facility, or intermediate care facility for persons with an intellectual disability for 120 days in any one stay for purposes other than respite care.
- d. The member receives health and disability waiver services and the physical or mental condition of the member requires more care than can be provided in the member’s own home as determined by the designated case manager.
- e. Service providers are not available.

**83.8(3) Reduction.** Reduction of services will apply as specified in 441—paragraphs 130.5(3) “a” and “b.”

These rules are intended to implement Iowa Code sections 249A.3 and 249A.4.

a. The payment slots are available on a statewide basis. These slots will be available based on the prioritized need of an applicant pursuant to subrule 83.61(4).

b. When services are denied because the limit is reached, a notice of decision denying service based on the limit and stating that the person's name will be put on a waiting list will be sent to the person by the department.

**83.61(4) Securing a payment slot.** The department will determine whether a payment slot is available for each applicant for the HCBS intellectual disability waiver.

a. A payment slot will be assigned to the applicant upon confirmation of an available slot.

(1) Once a payment slot is assigned, the department will give written notice to the applicant.

(2) The department will hold the payment slot for the applicant as long as reasonable efforts are being made to arrange services and the applicant has not been determined to be ineligible for the program. If services have not been initiated and reasonable efforts are no longer being made to arrange services, the slot will revert for use by the next person on the waiting list, if applicable. The applicant originally assigned the slot must reapply for a new slot.

b. If no payment slot is available, the applicant will be placed on a statewide priority waiting list. The department will assess each applicant to determine the applicant's priority need. The assessment shall be made for all applicants who are on a waiting list maintained by the state or a county.

(1) Emergency need criteria are as follows:

1. The usual caregiver has died or is incapable of providing care, and no other caregivers are available to provide needed supports.

2. The applicant has lost primary residence or will be losing housing within 30 days and has no other housing options available.

3. The applicant is living in a homeless shelter and no alternative housing options are available.

4. There is founded abuse or neglect by a caregiver or others living within the home of the applicant, and the applicant must move from the home.

5. The applicant cannot meet basic health and safety needs without immediate supports.

(2) Urgent need criteria are as follows:

3. The caregiver is 55 years of age or older and has a chronic or long-term physical or psychological condition that limits the ability to provide care.

4. The applicant is living in temporary housing and plans to move within 31 to 120 days.

5. The applicant is losing permanent housing and plans to move within 31 to 120 days.

9. The applicant has behaviors that put others at risk.

10. The applicant is at risk of facility placement when needs could be met through community-based services.

(3) Applicants who meet an emergency need criterion will be placed on the priority waiting list based on the total number of criteria in subparagraph 83.61(4) "b"(1) that are met. If applicants meet an equal number of criteria, the position on the waiting list will be based on the date of application and the age of the applicant. The applicant who has been on the waiting list longer will be placed higher on the waiting list. If the application date is the same, the older applicant will be placed higher on the waiting list.

(4) Applicants who meet an urgent need criterion will be placed on the priority waiting list after applicants who meet emergency need criteria. The position on the waiting list will be based on the total number of criteria in subparagraph 83.61(4) "b"(2) that are met. If applicants meet an equal number of criteria, the position on the waiting list will be based on the date of application and the age of the applicant. The applicant who has been on the waiting list longer will be placed higher on the waiting list. If the application date is the same, the older applicant will be placed higher on the waiting list.

(5) Applicants who do not meet emergency or urgent need criteria will be placed lower on the waiting list than the applicants meeting urgent need criteria, based on the date of application. If the application date is the same, the older applicant will be placed higher on the waiting list.

(6) Applicants will remain on the waiting list until a payment slot has been assigned to them for use, they withdraw from the list, or they become ineligible for the waiver. If there is a change in an applicant's need, the applicant may contact the local department office and request that a new assessment be completed. The outcome of the assessment will determine placement on the waiting list as directed in this subrule.

c. To maintain the approved number of members in the program, persons will be selected from the waiting list as payment slots become available, based on their priority order on the waiting list.

(1) Once a payment slot is assigned, the department will give written notice to the person within five working days.

(2) The department will hold the payment slot for 30 days for the person to file a new application. If an application has not been filed within 30 days, the slot will revert for use by the next person on the waiting list, if applicable. The person originally assigned the slot must reapply for a new slot.

d. The state reserves payment slots each waiver year (July 1 to June 30) for use by children who must reside outside the family home in a residential-based supported community living licensed residential care facility. The state also reserves payment slots each waiver year (July 1 to June 30) for use by members living in an ICF/ID, nursing facility, or out-of-state placement, or transitioning from the Money Follows the Person Grant, who choose to access services in the intellectual disability waiver program and leave the ICF/ID, nursing facility, or out-of-state placement to live in the community.

(1) Applicants who currently reside in an ICF/ID or nursing facility and have resided in that setting for four or more months may request a reserved capacity slot through the intellectual disability waiver.

(2) Applicants will be allocated a reserved capacity slot on the basis of the date the request is received by the income maintenance worker or the waiver slot manager.

(3) In the event that more than one request for a reserved capacity slot is received at one time, applicants will be allocated the next available reserved capacity slot on the basis of the month of birth, January being month one and the lowest number.

(4) Persons who do not fall within the available reserved capacity slots will have the person's name maintained on the reserved capacity slot waiting list. As reserved capacity slots become available at the beginning of the next waiver year, persons will be selected from the reserved capacity slot waiting list to utilize the number of approved reserved capacity slots based on the person's order on the waiting list.

#### **441—83.62(249A) Application.**

**83.62(1)** *Application for HCBS intellectual disability waiver services.* The application process as specified in rules 441—76.1(249A) through 441—76.6(249A) will be followed.

##### **83.62(2)** *Approval of application.*

In these cases a decision will be made as soon as possible.

b. Decisions will be mailed or given to the applicant on the date when both service and income maintenance eligibility determinations are completed.

c. An applicant will be given the choice between HCBS waiver services and ICF/ID care. The case manager or worker will have the member or legal representative indicate the member's choice of care.

d. HCBS intellectual disability waiver services provided before eligibility for the waiver is approved will not be reimbursed by the HCBS waiver program.

e. Services provided when the person is a member of group foster care services or is an inpatient in a medical institution will not be reimbursed.

f. HCBS intellectual disability waiver services are not available in conjunction with other Medicaid waiver services or group foster care services.

c. The effective date of eligibility for the waiver for persons who qualify for Medicaid due to eligibility for the waiver services is the date on which the person is determined to meet criteria set forth in rule 441—83.61(249A) and when the eligibility factor set forth in 441—paragraph 75.6(4) "b" and, for married persons, in rule 441—75.82(249A) have been satisfied.

d. Eligibility continues until the member fails to meet eligibility criteria listed in rule 441—83.61(249A). Members who are inpatients in a medical institution for 120 consecutive days will receive a review by the interdisciplinary team to determine additional inpatient needs for possible termination from the HCBS program. Members will be reviewed for eligibility under other Medicaid coverage groups. The member or legal representative will participate in the review and receive formal notification of that decision through a notice of decision.

If the member returns home before the effective date of the notice of decision and the member's needs can still be met by the HCBS waiver services, the denial may be rescinded and eligibility may continue.

e. Eligibility and service reimbursement are effective through the last day of the month of the previous annual service plan staffing meeting and the corresponding long-term care need determination.

**83.62(4) Attribution of resources.** For the purposes of attributing resources as provided in rule 441—75.82(249A), the date on which the waiver applicant met the level of care criteria in a medical institution as established by the peer review organization will be used as the date of entry to the medical institution. Only one attribution of resources will be completed per person. Attributions completed for prior institutionalizations will be applied to the waiver application.

**441—83.63(249A) Client participation.** Persons who are eligible under the 300 percent group must contribute a predetermined client participation amount to the costs of the services.

**83.63(1) Computation of client participation.** Client participation will be computed by deducting an amount for the maintenance needs of the individual that is 300 percent of the maximum SSI grant for an individual from the client's total income.

**83.63(2) Limitation on payment.** If the sum of the third-party payment and client participation equals or exceeds the reimbursement for the specific HCBS waiver service, Medicaid will make no payments for the HCBS waiver service. However, Medicaid will make payments to other medical vendors.

**441—83.64(249A) Redetermination.** A redetermination of nonfinancial eligibility for HCBS intellectual disability waiver services will be completed at least once every 12 months. In years in which an interRAI assessment is not completed, the core standardized assessment contractor shall conduct a review in collaboration with the case manager, documenting any changes in the member's functional status since the previous interRAI or other full assessment. An information assessment tool will be completed annually for children under the age of six. A redetermination of continuing eligibility factors will be made when a change in circumstances occurs that affects eligibility in accordance with rule 441—83.61(249A).

**83.64(1)** The department or the member's MCO will be responsible for annual redetermination of the level of care.

**83.64(2)** The MCO must submit documentation to the department for all reassessments, performed at least annually, that indicate a change in the member's level of care. The department will make a final determination for any reassessments that indicate a change in the level of care. The Medicaid case manager must request in writing more than intermittent supported community living with a summary of services and service costs, and submit a written justification with the service plan. The rationale must contain sufficient information for the department's designee to make a decision regarding the need for supported community living beyond intermittent.

(1) For applicants not currently receiving Medicaid, the department field office will make the entry by the end of the fifth working day after receipt of a completed services application or within five working days after receipt of disability determination, whichever is later.

(2) For current Medicaid members, the department field office will make the entry by the end of the fifth working day after receipt of a written request signed and dated by the waiver applicant.

b. If no payment slot is available, the department will enter the applicant on a waiting list according to the following:

(1) Applicants not currently eligible for Medicaid will be entered on the waiting list on the basis of the date a completed health services application is received by the department or upon receipt of disability determination, whichever is later. Applicants currently eligible for Medicaid will be added to the waiting list on the basis of the date the applicant requests HCBS BI program services.

(2) In the event that more than one application is received at one time, applicants will be entered on the waiting list on the basis of the month of birth, January being month one and the lowest number.

c. Persons who do not fall within the available slots will have their applications rejected but their names will be maintained on the waiting list. As slots become available, persons will be selected from the waiting list to maintain the number of approved persons on the program based on their order on the waiting list.

d. Applicants who currently reside in a community-based neurobehavioral rehabilitation residential setting, an ICF/ID, a skilled nursing facility, or an ICF and have resided in that setting for four or more months may request a reserved capacity slot through the brain injury waiver.

(1) Applicants will be allocated a reserved capacity slot on the basis of the date the request is received by the income maintenance worker or the waiver slot manager.

(2) In the event that more than one request for a reserved capacity slot is received at one time, applicants will be allocated the next available reserved capacity slot on the basis of the month of birth, January being month one and the lowest number.

(3) Persons who do not fall within the available reserved capacity slots will have their names maintained on the reserved capacity slot waiting list. As reserved capacity slots become available at the beginning of the next waiver year, persons will be selected from the reserved capacity slot waiting list to utilize the number of approved reserved capacity slots based on their order on the waiting list.

e. The department will reserve a set number of funding slots each waiver year for emergency need for all applicants who are on the waiting list maintained by the state. Applicants may request an emergency need reserved capacity slot by submitting the completed home- and community-based services (HCBS) brain injury waiver emergency need assessment to the department.

(1) Emergency need criteria are as follows:

(3) Applicants who meet an emergency need criterion will be placed on the emergency reserved capacity priority waiting list based on the total number of criteria in subparagraph 83.82(3) “e”(1) that are met. If applicants meet an equal number of criteria, the position on the waiting list will be based on the date of application and the age of the applicant. The applicant who has been on the waiting list longer will be placed higher on the waiting list. If the application date is the same, the older applicant will be placed higher on the waiting list.

(4) Applicants who meet an urgent need criterion will be placed on the priority waiting list after applicants who meet emergency need criteria. The position on the waiting list will be based on the total number of criteria in subparagraph 83.82(3) “e”(2) that are met. If applicants meet an equal number of criteria, the position on the waiting list will be based on the date of application and the age of the applicant. The applicant who has been on the waiting list longer will be placed higher on the waiting list. If the application date is the same, the older applicant will be placed higher on the waiting list.

If there is a change in an applicant’s need, the applicant may contact the department and request that a new emergency needs assessment be completed. The outcome of the assessment will determine placement on the waiting list as directed in this subrule.

*f.* To maintain the approved number of members in the program, persons shall be selected from the waiting list as payment slots become available, based on their priority order on the waiting list.

(1) Once a payment slot is assigned, the department will give written notice to the person within five working days.

If an application has not been filed within 30 days, the slot will revert for use by the next person on the waiting list, if applicable. c. Eligibility for the waiver continues until the member fails to meet eligibility criteria listed in rule 441—83.82(249A). For a couple, client participation is determined as if each person were an individual.

**83.84(2) *Limitation on payment.*** If the sum of the third-party payment and client participation equals or exceeds the reimbursement for the specific brain injury waiver service, Medicaid will make no payments for the waiver service. However, Medicaid will make payments to other medical providers.

“*Psychiatric medical institution for children level of care*” means that the member has been diagnosed with a serious emotional disturbance and an independent team as identified in 441—subrule 85.10(3) has certified that ambulatory care resources available in the community do not meet the treatment needs of the recipient, that proper treatment of the recipient’s psychiatric condition

requires services on an inpatient basis under the direction of a physician, and that the services can reasonably be expected to improve the recipient's condition or prevent further regression so that the services will no longer be needed.

*“Serious emotional disturbance”* means a diagnosable mental, behavioral, or emotional disorder that (1) is of sufficient duration to meet diagnostic criteria for the disorder specified by DSM-5 and (2) has resulted in a functional impairment that substantially interferes with or limits a member's role or functioning in family, school, or community activities. “Serious emotional disturbance” does not include neurodevelopmental disorders, substance-related disorders, or conditions or problems classified in DSM-5 as “other conditions that may be a focus of clinical attention” unless these conditions co-occur with another diagnosable serious emotional disturbance.

**83.122(2) Diagnosis.** The member must be diagnosed with a serious emotional disturbance.

*a. Initial certification.* For initial application to the HCBS children's mental health waiver program, psychological documentation that substantiates a mental health diagnosis of serious emotional disturbance as determined by a mental health professional must be current within the 12-month period before the application date.

*b. Ongoing certification.* A mental health professional must complete an annual evaluation that substantiates a mental health diagnosis of serious emotional disturbance.

**83.122(3) Level of care.** The applicant must be certified as being in need of a level of care that, but for the waiver, would be provided in a psychiatric hospital serving children under the age of 21. The department or an MCO will certify the applicant's level of care annually based on information submitted on the interRAI Early Years for children aged 3 and under or on the interRAI - child and youth mental health (ChYMH) for those aged 4 to 20 and other supporting documentation as relevant. For those aged 12 to 18, the interRAI - adolescent supplement will also be completed in addition to the interRAI - ChYMH. The interRAI Early Years, interRAI - ChYMH and interRAI - adolescent supplement are available on request from the department. Copies of the completed information submission tool for an individual are available to that individual from the individual's case manager or MCO.

*b.* Be eligible under the special income level (300 percent) coverage group; or

*c.* Become eligible through application of the institutional deeming rules; or

*d.* Would be eligible for Medicaid if in a medical institution. For this purpose, deeming of parental or spousal income or resources ceases in the month after the month of application.

**83.122(5) Choice of program.** The applicant must choose HCBS children's mental health waiver services over institutional care, as indicated by the signature of the applicant's parent or legal guardian on the assessment.

**83.122(6) Need for service.** The member must have service needs that can be met under the children's mental health waiver program, as documented in the service plan developed in accordance with rule 441—83.127(249A).

c. At a minimum, each member must receive one billable unit of a children's mental health waiver service per calendar quarter.

d. A member may not receive children's mental health waiver services and foster family care services under 441—Chapter 202 at the same time.

e. A member may be enrolled in only one HCBS waiver program at a time.

**441—83.123(249A) Application.** The Medicaid application process as specified in rules 441—76.1(249A) through 441—76.6(249A) will be followed for an application for HCBS children's mental health waiver services.

**83.123(1) Program limit.** The number of persons who may be approved for the HCBS children's mental health waiver shall be subject to the number of members to be served as set forth in the federally approved HCBS children's mental health waiver. When the number of applicants exceeds the number of members specified in the approved waiver, the member's application will be rejected and the member's name shall be placed on a waiting list.

a. The local office will determine whether a payment slot is available by the end of the fifth working day after receipt of:

(1) A completed application for health services or help paying costs from a member who is not currently a Medicaid member; or

(2) A written request signed and dated by a Medicaid member's parent or legal guardian.

b. When a payment slot is available, the local office will enter the application into institutional and waiver authorization and narrative system (IoWANS) to begin the waiver approval process.

(1) The department will hold the payment slot for the member as long as reasonable efforts are being made to arrange services and the member has not been determined to be ineligible for the program.

(2) If services have not been initiated and reasonable efforts are no longer being made to arrange services, the slot will revert for use by the next member on the waiting list, if applicable. The member must reapply for a new slot.

c. If no payment slot is available, the department will enter the names of persons on a waiting list according to the following:

(1) The names of applicants not currently eligible for Medicaid shall be entered on the waiting list on the basis of the date a completed application for health services or help paying costs is received by the department;

(2) The names of Medicaid members will be added to the waiting list on the date as specified in paragraph 83.123(1)“a.”

(3) In the event that more than one application is received at one time, the names of members will be entered on the waiting list on the basis of the month of birth, January being month one and the lowest number.

d. Members whose names are on the waiting list will be contacted to reapply as slots become available, based on the order of the waiting list, so that the number of approved members on the program is maintained.

(1) Once a payment slot is assigned, the department will give written notice to the member within five working days.

(2) The department will hold the payment slot for 30 days for the member to file a new application.

(3) If an application has not been filed within 30 days, the slot will revert for use by the next member on the waiting list, if applicable. The member originally assigned the slot must reapply for a new slot.

e. The state reserves payment slots each waiver year (October 1 to September 30) for use by members living in a state of Iowa mental health institute (MHI), a psychiatric residential treatment facility (PRTF), or an out-of-state facility placement who choose to access services in the children's

mental health waiver program and leave the MHI, PRTF, or out-of-state placement to live within their family home. For the purpose of reserved capacity within the children's mental health waiver program, an MHI is defined in Iowa Code section 226.1 and a PRTF is defined in 42 CFR 483.352 as amended to July 1, 2026.

(1) Applicants who currently reside in an MHI, PRTF, or out-of-state placement and have resided in that setting for four or more months may request a reserved capacity slot through the children's mental health waiver program.

(2) Applicants will be allocated a reserved capacity slot on the basis of the date the request is received by the income maintenance worker or the waiver slot manager.

(3) In the event that more than one request for a reserved capacity slot is received at one time, applicants will be allocated the next available reserved capacity slot on the basis of the month of birth, January being month one and the lowest number.

(4) Persons who do not fall within the available reserved capacity slots will have their names maintained on the reserved capacity slot waiting list. As reserved capacity slots become available at the beginning of the next waiver year, persons will be selected from the reserved capacity slot waiting list to utilize the number of approved reserved capacity slots based on their order on the waiting list.

**83.123(2) *Approval of waiver eligibility.***

*a. Time limit.* Applications for the HCBS children's mental health waiver program will be processed within 30 days unless one or more of the following conditions exist:

(1) An application has been filed and is pending for federal SSI benefits.

(2) The application is pending because the department has not received information for a reason that is beyond the control of the member or the department.

(3) The application is pending because the assessment has not been completed. When a determination is not completed 90 days after the date of application due to the lack of a completed assessment, the application will be denied.

*b. Notice of decisions.* The department will mail or give decisions to the applicant on the dates when eligibility and level of care determinations are completed.

**83.123(3) *Effective date of eligibility.*** The effective date of a member's eligibility for children's mental health waiver services will be the first date that all of the following conditions exist:

*a.* All eligibility requirements are met; and

*b.* Eligibility and level of care determinations have been made.

**441—83.124(249A) Financial participation.** A member must contribute to the cost of children's mental health waiver services to the extent of the member's total income less 300 percent of the maximum monthly payment for one person under the federal SSI program.

**83.125(1) *Eligibility review.***

*a.* Every 12 months, the department will review a member's eligibility in accordance with procedures in rule 441—76.17(249A). The review will verify continuing eligibility factors as specified in rule 441—83.122(249A).

*b.* The department or an MCO will review the member's need for continued care annually and recertify the member's need for long-term care services, pursuant to rule 441—83.122(249A) and the appeal process in rule 441—83.129(249A), based on the completed information submission tool designated in subrule 83.122(3) and other supporting documentation as relevant.

*c.* The department or the member's MCO will be responsible for annual redetermination of the level of care.

*d.* The MCO must submit documentation to Iowa Medicaid for all reassessments, performed at least annually, that indicate a change in the member's level of care. The department will make a final determination for any reassessments that indicate a change in the level of care. If the level of care

reassessment indicates no change in level of care, the member is approved to continue at the already established level of care.

**83.125(2) Continuation of eligibility.** A member's waiver eligibility will continue until one of the following conditions occurs.

*a.* The member fails to meet eligibility criteria listed in rule 441—83.122(249A).

*b.* The member is an inpatient of a medical institution for 120 or more consecutive days.

(1) After the member has spent 120 consecutive days in a medical institution, the local office will terminate the member's waiver eligibility and review the member for eligibility under other Medicaid coverage groups. The local office will notify the member and the member's parents or legal guardian through a notice of decision.

(2) If the member returns home after 120 consecutive days, the member must reapply for children's mental health waiver services, and Iowa Medicaid must redetermine the member's level of care.

*c.* The member does not reside at the member's natural home for a period of 60 consecutive days. After the member has resided outside the home for 60 consecutive days, the local office will terminate the member's waiver eligibility and review the member for eligibility under other Medicaid coverage groups. The local office will notify the member and the member's parents or legal guardian through a notice of decision.

**83.125(3) Payment slot.** When a member loses waiver eligibility, the member's assigned payment slot will revert for use to the next member on the waiting list.

2. Family and community support services;
3. In-home family therapy; and
4. Respite care.

**441—83.127(249A) Service plan.** The member's case manager will prepare an individualized service plan for each member that meets the requirements set for case plans in rule 441—130.7(234).

**83.127(1)** The service plan will be developed through an interdisciplinary team process.

**83.127(2)** The service plan will be developed annually or when there is significant change in the member's situation or condition.

**83.127(3)** The service plan will be based on information in the completed information submission tool designated in subrule 83.122(3) and other supporting documentation as relevant.

**83.127(4)** The service plan will specify the type and frequency of the waiver services and the providers that will deliver the services.

**83.127(5)** The service plan will identify and justify any restriction of the member's rights.

**441—83.128(249A) Adverse service actions.**

**83.128(1) Denial.** An application for children's mental health waiver services will be denied when the department determines that:

*b.* The costs of the children's mental health waiver services for the member exceed the aggregate monthly costs established in paragraph 83.122(6) "b."

*c.* The member receives care in a hospital, nursing facility, psychiatric hospital serving children under the age of 21, or psychiatric medical institution for children for 120 days in any one stay.

*d.* The physical or mental condition of the member requires more care than can be provided in the member's own home, as determined by the member's case manager.

**83.128(3) Reduction.** Reduction of services will apply as specified in 441—paragraphs 130.5(3)“*a*” and “*b*.”
