If the state commissioner determines that there is an urgent need that an expenditure of moneys from the fund be used to update technology standards, the state commissioner may spend the moneys without convening the panel. In such instance, the state commissioner shall report that expenditure at the next meeting of the panel.

22.600(5) The panel shall create guidelines for loaning moneys from the fund to county commissioners for the updating of polling place technology. The guidelines shall be published on the state commissioner’s website. The panel shall not approve funding for the purchase of e-pollbooks that are not certified by the state commissioner pursuant to Iowa Code section 49.29 unless the e-pollbook’s certification has been waived by the state commissioner.

22.600(6) Before distributing or loaning funds, the panel shall consider the published guidelines, but may take additional factors into consideration. The panel shall not waive any information technology security standards, ~~but may waive other requirements~~. A majority vote of the panel members present is sufficient to approve funding.
