

HUMAN SERVICES DEPARTMENT[441]

Notice of Intended Action

Proposing rulemaking related to child development homes and providing an opportunity for public comment

The Department of Health and Human Services hereby proposes to rescind Chapter 110, “Child Development Homes,” and to adopt a new Chapter 110, “Child Care Homes with a Child Care Assistance Provider Agreement,” Iowa Administrative Code.

Legal Authority for Rulemaking

This rulemaking is proposed under the authority provided in Iowa Code section 234.6 and chapter 237A.

State or Federal Law Implemented

This rulemaking implements, in whole or in part, Iowa Code section 234.6 and chapter 237A.

Purpose and Summary

This proposed chapter was reviewed pursuant to Executive Order 10. During that review, it was determined that because there are many similarities between registered child development homes and child care homes with a child care provider agreement, the rules in 441—Chapter 120 could be integrated into Chapter 110, with specific rules for each category of child care home. By combining these rules into one chapter, the Department removed duplicative content and organized the new chapter in a way that the public can still find the information based on the type of child care home in question. This proposed chapter establishes registration procedures for child development homes. Included are application and renewal procedures, standards for providers, and procedures for compliance checks and complaint investigations. The proposed chapter also establishes procedures for child care homes that have a child care assistance provider agreement to receive child care assistance funds.

Regulatory Analysis

A Regulatory Analysis for this rulemaking was published in the Iowa Administrative Bulletin on July 22, 2026. A public hearing was held on the following date(s):

- August 11, 2026

Fiscal Impact

This rulemaking has no fiscal impact to the State of Iowa.

Jobs Impact

After analysis and review of this rulemaking, no impact on jobs has been found.

Waivers

Any person who believes that the application of the discretionary provisions of this rulemaking would result in hardship or injustice to that person may petition the Department for a waiver of the discretionary provisions, if any, pursuant to 441—Chapter 2504.

Public Comment

Any interested person may submit written or oral comments concerning this proposed rulemaking, which must be received by the Department no later than 4:30 p.m. on September 23, 2026. Comments should be directed to:

Review by Administrative Rules Review Committee

ITEM 1. Rescind 441—Chapter 110 and adopt the following **new** chapter in lieu thereof:

b. The child care assistance provider agreement will be denied or revoked if the department finds a hazard to the safety and well-being of a child and the provider cannot correct or refuses to correct the hazard, even though the hazard may not have been specifically listed under the health and safety rules. The child care assistance provider agreement may also be denied or revoked if the department determines that the provider has failed to comply with standards imposed by law and these rules.

110.11(3) Record checks.

a. State and national record checks. The department will conduct Iowa criminal history record and child abuse record checks for each registrant, substitute or staff member, anyone living in the home who is 14 years of age or older, and anyone having access to a child when the child is alone. The department will conduct national criminal history record checks, based on fingerprints, for each registrant, substitute or staff member, anyone living in the home who is 18 years of age or older, and anyone 18 years of age or older having access to a child when the child is alone. In accordance with Iowa Code section 726.23, minors under the age of 18 will not be subject to the fingerprint requirement.

(1) The purpose of these record checks is to determine whether a person has committed a transgression that prohibits or limits the person's involvement with child care.

(2) The department may also conduct criminal history record and child abuse record checks in other states and may conduct dependent adult abuse, sex offender registry, and other public or civil offense record checks in Iowa or other states.

b. Authorization. The person subject to record checks shall complete the Record Check Authorization form, Waiver Agreement form, federal fingerprint card, and any other forms required by the department of public safety to authorize the release of records.

c. Iowa records checks. Checks and evaluations of Iowa child abuse and criminal history records will be completed before the person's involvement with child care. Iowa records checks will be repeated at a minimum of every two years and when the department or the registrant becomes aware of any possible transgressions committed by that person. The department is responsible for the cost of conducting the Iowa records checks.

d. National criminal history record checks. Fingerprint-based checks of national criminal history records will also be completed before a person's involvement with child care. This requirement will be for an initial application for registration or a renewal application for registration. The national criminal history record check will be repeated for each person subject to the check every four years and when the department or registrant becomes aware of any new transgressions committed by that person in another state. The department is responsible for the cost of conducting the national criminal history record check.

(1) The registrant/provider is responsible for any costs associated with the taking of fingerprints of all persons subject to record checks and for submitting the fingerprints to the department so that the national criminal history record check can be completed. Fingerprints may be taken (rolled) by law enforcement agencies or by agencies or companies that specialize in taking fingerprints and are approved by the department.

(2) The department will provide fingerprints to the department of public safety no later than ten business days after receipt of the fingerprint cards. The department will submit the fingerprints on forms or in a manner prescribed by the department of public safety.

(3) The department may rely on the results of previously conducted national criminal history record checks when a person subject to a record check in one child development home or child care home submits a request for involvement with child care in another child development home or child care home, so long as the person's national criminal history record check is within the allowable four-year time frame. All initial or new applications shall require a new national criminal history record check.

e. Mandatory and mandatory time-limited prohibition. A person with any convictions or founded abuse reports as defined in Iowa Code section 237A.5(2) "i" is prohibited from involvement with child care.

f. Evaluation required. For all other transgressions, and as requested, the department will evaluate the transgression and make a decision about the person's involvement with child care.

(1) The person with the transgression shall complete and return the Record Check Evaluation form within ten calendar days of the date on the form. The department will use the information the person with the transgression provides on this form to assist in the evaluation. Failure of the person with the transgression to complete and return this form within ten calendar days of the date on the form shall result in denial or revocation of the registration certificate.

(2) The department may use information from the department's case records in performing the evaluation.

(3) When a person subject to a record check has a transgression that has been determined in a previous evaluation not to warrant prohibition of the person's involvement with child care and the person has no subsequent transgressions, an exemption from reevaluation of the latest record check is authorized. The person may commence employment with another child care facility in accordance with the department's previous evaluation. The exemption is subject to all of the following conditions:

1. The position with the subsequent employer is substantially the same or has the same job responsibilities as the position for which the previous evaluation was performed.

2. Any restrictions placed on the person's employment by the department in the previous evaluation shall remain applicable in the person's subsequent employment.

3. The person subject to the record check has maintained a copy of the previous evaluation and provides the evaluation to the subsequent employer or the previous employer provides to the subsequent employer the previous evaluation from the person's personnel file pursuant to the person's authorization. If a physical copy of the previous evaluation is not provided to the subsequent employer, the record check shall be reevaluated.

4. The subsequent employer may request a reevaluation of the record check and may employ the person while the reevaluation is being performed.

g. Evaluation decision. The department has final authority in determining whether prohibition of the person's involvement with child care is warranted and in developing any conditional requirements or corrective action plan.

(1) Within 30 calendar days of receipt of a completed record check evaluation, the department will make a decision on the person's involvement with child care.

(2) Within 30 calendar days of receipt of a completed record check evaluation, the department will mail to the person subject to an evaluation a record check decision that explains the decision reached regarding the evaluation of the transgression and a notice of decision.

(3) The department will issue a notice of decision prohibiting involvement with child care when the person subject to an evaluation fails to complete the record check evaluation within the ten-calendar-day time frame.

(4) If the department determines, through the record check evaluation process, that the person's prohibition of involvement with child care is warranted, the person shall be prohibited from involvement with child care. The department may identify a period of time after which the person may request that another record check and evaluation be performed.

(5) The department may permit a person who is evaluated to maintain involvement with child care if the person complies with the department's conditions relating to the person's involvement with child care, which may include completion of additional training or an individually designed corrective action plan, or both. For an employee of a registrant, these conditional requirements shall be developed with the registrant. All conditions placed on a person's involvement with child care shall be communicated, in writing, to both the person subject to the evaluation and the registrant.

(6) The department will reevaluate any transgressions where a state or federal law change requires different considerations of the transgression than had been previously applied.

h. Notice to parents of abuse in care. If there has been founded child abuse committed by an owner, director, or staff member of the child care facility or child care home, the department's administrator shall notify the parents, guardians, and legal custodians of each child for whom the facility or child care home provides care.

(1) The child care facility or child care home shall cooperate with the department in providing the names and addresses of the parent, guardian, or custodian of each child for whom the facility provides child care.

(2) This information shall be provided to the department within ten calendar days from the date of the initial request.

(3) Failure or refusal to provide the requested information may result in cancellation of the provider agreement.

110.11(4) If the department has denied or revoked a registration or child care assistance provider agreement because the provider has continually or repeatedly failed to operate in compliance with Iowa Code chapter 237A and this chapter, the person cannot own or operate a registered facility for a period of 12 months from the date of denial or revocation. The department will not act on an application for registration submitted by the applicant or provider during the 12-month period. The applicant shall be prohibited from involvement with child care unless the department specifically permits the involvement.

110.11(5) If a certificate of registration or child care assistance provider agreement is revoked, the department will notify the parent, guardian, or legal custodian of each child for whom the facility provides care. The provider shall cooperate with the department in providing the name and address of the parent, guardian, or legal custodian of each child for whom the facility provides child care.

110.11(6) Required notifications to the department. The provider shall, within ten days, notify the department of any of the following:

- a. Changes in assistants or substitutes;
- b. Changes in household membership;
- c. Address changes; and
- d. Criminal convictions.

110.11(7) No assistant, substitute, or co-provider shall be utilized in the care of children and no person shall be permitted to reside in the household until approved by the department.

110.11(8) If the provider does not notify the department of changes within ten days, the provider may be subject to revocation of registration or to recoupment of child care assistance provided, or both.

110.11(9) Notice of child development home revocation. A notice received by an owner or operator of a child development home initiating action to deny or revoke the home's registration shall be conspicuously posted where it can be read by parents or any member of the public. The letter shall remain posted until resolution of the action to deny or revoke an owner's or operator's certificate of registration.
