

EDUCATION DEPARTMENT[281]

Adopted and Filed

Pursuant to the authority of Iowa Code section 256.7(5), the State Board of Education hereby amends Chapter 77, “Standards for Teacher Intern Preparation Programs,” Iowa Administrative Code.

Chapter 77 outlines the standards and program requirements that all alternative licensure educator preparation programs must meet in order to be accredited to prepare educators in Iowa. Compliance with these standards is required and is evaluated during each educator preparation program’s accreditation review. The standards are also applied in an annual reporting system. The current standards are in need of updating to remain current with research-based best practices in educator preparation, accountability and continuous program improvement. A team of 12 Iowa educators, Department of Education staff, and Board of Educational Examiners staff developed the changes that were proposed under Notice of Intended Action. A second team of 12 Iowa educators reviewed the proposed changes and provided feedback, which was incorporated into the submission. The proposed changes were vetted by educators and policy experts in Iowa and across the United States.

By statute, no waiver of these rules is permitted (Iowa Code section 256.7(3)).

Notice of Intended Action was published in the April 27, 2016, Iowa Administrative Bulletin as **ARC 2509C**. Public comments were allowed until 4:30 p.m. on May 17, 2016. A public hearing was held on that date. One person attended the hearing and provided a letter corroborating the person’s public comment. Additionally, two people wrote letters presenting information.

All information provided by the public in letters or in person was concerned with one issue: the use of student teaching and substitute teaching in lieu of an internship. The team that wrote the updated standards and the team that reviewed the updated standards considered the use of student teaching and substitute teaching at length. Both teams reached a consensus that the use of student teaching and substitute teaching was not to be included in updated Chapter 77. For this reason, no changes were made to the proposed amendments in response to these comments. However, since publication of the Notice, four nonsubstantive, technical changes have been made. For consistency, the phrase “teacher candidates” was changed to “teacher intern candidates” in the second sentence of 77.10(7), and the conjunction “and” was added to 77.8(2), 77.8(3) and 77.8(6).

After analysis and review of this rule making, no impact on jobs has been found.

These amendments are intended to implement Iowa Code chapter 256.

These amendments will become effective August 10, 2016.

The following amendments are adopted.

Each institution seeking approval of its ~~program of teacher intern preparation program~~ shall file evidence of the extent to which ~~it~~ the program meets the standards contained in this chapter by means of a written self-evaluation report and an evaluation conducted by the department. ~~For institutions not already offering practitioner preparation programs approved by the state board, the evaluation process shall include a site visit by representatives of the department and additional documentation as needed.~~ No waiver of the criteria or standards in this chapter shall be permitted. After the state board has approved the teacher intern preparation program filed by an institution, teacher intern candidates who complete the program and are recommended by the authorized official of that institution will be issued the appropriate license and endorsement(s).

and 281—79.6(256). Approval, if granted to institutions offering only teacher intern preparation programs, shall be for a term of seven years; however, approval for a lesser term may be granted by the state board if it determines conditions so warrant.

If approval is not granted, the applying institutions will be advised concerning the areas in which improvement or changes appear to be essential for approval. In this case, the institutions shall be given the opportunity to present factual information concerning their program at a regularly scheduled meeting of the state board, not beyond three months of the board’s initial decision. Following a minimum of six months after the board’s decision to deny approval, the institution may reapply when it is ready to show what actions have been taken to address the areas required for improvement.

A program may be granted conditional approval upon review of appropriate documentation. In such an instance, the program shall receive a full review after one year or, in the case of a new program, at the point at which candidates demonstrate mastery of standards for licensure.
