Rule making related to pharmacy copayment

The Human Services Department hereby amends Chapter 79, “Other Policies Relating to Providers of Medical and Remedial Care,” Iowa Administrative Code.

Legal Authority for Rule Making

This rule making is adopted under the authority provided in Iowa Code section 249A.4.

State or Federal Law Implemented

This rule making implements, in whole or in part, Iowa Code section 249A.4.

Purpose and Summary

This amendment makes the pharmacy copayment a flat copayment of \$1 per prescription or refill. Consistent with federal regulations and state legislative requirement, the copayment will no longer be based on the preferred or nonpreferred status of the drug on the preferred drug list (PDL).

This amendment is technical in nature because this copayment policy of \$1 per prescription or refill has been in place to implement the federal final rule (CMS-2334-F) requirement. The copayment requirement provides that a nonpreferred drug copay must be limited to the amount of a preferred drug copay when the nonpreferred drug is deemed medically necessary by the prescribing provider. Since implementation of this final rule, all Medicaid drug copayments are the preferred amount of \$1 because a Medicaid member would not get a nonpreferred drug unless the drug was medically necessary.
