Notice of Intended Action

Proposing rulemaking related to plumbing and mechanical systems application, licensure, and examination and providing an opportunity for public comment

The Department of Inspections, Appeals, and Licensing hereby proposes to rescind Chapter 29, “Plumbing and Mechanical Systems Board—Application, Licensure, and Examination,” Iowa Administrative Code, and to adopt a new chapter with the same title.

Legal Authority for Rulemaking

This rulemaking is proposed under the authority provided in Iowa Code sections 105.4 and 272C.3.

State or Federal Law Implemented

This rulemaking implements, in whole or in part, Iowa Code chapters 105 and 272C.

Purpose and Summary

This rulemaking proposes repromulgation of Chapter 29 and implements Iowa Code chapters 105 and 272C in accordance with the goals of Executive Order 10 (January 10, 2023). This rulemaking implements the requirements set forth in Iowa Code chapter 105 related to application for license, licensure, and examination requirements. The intended benefit of this chapter is to establish license types that are available, the general requirements and minimum qualifications for the licenses, and a procedure to obtain a license. The rules set forth the minimum qualifications needed to pass examination prior to licensing. The rules create steps on when and how to renew, reinstate or reactivate a license, detail when a license may be denied, and set forth the process for determining eligibility prior to the license application.

A public comment on the published Regulatory Analysis (IAB 11/1/23) was received from the International Association of Plumbing and Mechanical Officials requesting that paragraph 29.6(2)“a” be revised to clarify that the examination referenced therein is conducted either in person or online. The requested revision has been incorporated into the proposed rules.

Fiscal Impact

This rulemaking has no fiscal impact to the State of Iowa in an amount requiring a fiscal impact statement pursuant to Iowa Code section 17A.4(4).

Jobs Impact

After analysis and review of this rulemaking, no impact on jobs has been found.

Waivers

Any person who believes that the application of the discretionary provisions of this rulemaking would result in hardship or injustice to that person may petition the Department for a waiver of the discretionary provisions, if any, pursuant to 481—Chapter 6.

Public Comment

Any interested person may submit written comments concerning this proposed rulemaking. Written comments in response to this rulemaking must be received by the Department no later than 4:30 p.m. on January 31, 2024. Comments should be directed to:

29.7(5) Late renewal. A licensee has a one-month grace period after the expiration date of the license to renew without payment of a late fee.

b. A license remains valid for practice for up to two months past the expiration date of the license. After two months, the license lapses and becomes invalid for practice until the license is reinstated.

29.7(6) Reinstatement. A person seeking reinstatement of a lapsed license must submit an application for reinstatement electronically or on the forms provided by the board office and include all mandated documentation and fees.

a. A licensee who allows a license to lapse for more than two months but not more than 365 days may reinstate and renew the license upon payment of the late penalty fee in the amount specified in 641—Chapter 28 in addition to the renewal fee. A specialty, journeyman or master licensee must also meet the continuing education requirements as set forth in rule 641—30.2(105), unless no continuing education is mandated as specified in 641—subrule 23.8(3), 30.2(2), or 30.6(1).

d. A licensee who reinstates and renews a lapsed license is not entitled to a prorated renewal fee.

641—29.8(105) Waiver from examination for military service. The written examination requirements and prior experience requirements set forth in Iowa Code sections 105.18(2)“b”(1) and 105.18(2)“c” are waived for a journeyman license or master license if the applicant meets the requirements set forth in Iowa Code section 105.18(4).

641—29.9(105) Reactivation of an inactive license.

29.9(1) An inactive license is not valid for practice but must be renewed in accordance with rule 641—29.7(105). If an inactive license has not been timely renewed and becomes lapsed, the requirements for reinstatement of the license will have to be met. A person with an inactive license that is not lapsed who is seeking to reactivate the license shall:

a. Submit a written request to the board office for active license status; and

b. Pay the fee for an active license in the amount specified in 641—Chapter 28.

29.9(2) A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal period following reactivation.

641—29.10(105) Review of applications.

29.10(1) Upon receipt of a completed application, the board executive officer or designee has discretion to:

a. Authorize the issuance of the license, certification, or examination application.
b. Refer the application to a committee of the board for review and consideration when the board executive officer determines that matters raised in or revealed by the application are relevant in determining the applicant's qualifications for a license, certification, or examination. Matters that may justify referral to a committee of the board include, but are not limited to:

(1) Prior criminal history, which is reviewed and considered in accordance with Iowa Code chapter 272C and rule 641—29.13(105).

(2) Chemical dependence.

(3) Competency.

(4) Physical or psychological illness or disability.

(5) Judgments entered on, or settlements of, claims, lawsuits, or other legal actions related to the profession.

(6) Professional disciplinary history.

(7) Education or experience.

29.10(2) Following review and consideration of an application referred by the board executive officer, the committee may at its discretion:

a. Authorize the issuance of the license, certification, or examination application.

b. Recommend to the board denial of the license, certification, or examination application.

c. Recommend to the board issuance of the license or certification under certain terms and conditions or with certain limitations.

d. Refer the license, certification, or examination application to the board for review and consideration without recommendation.

29.10(3) Following review and consideration of a license, certification, or examination application referred by the committee, the board will:

a. Authorize the issuance of the license, certification, or examination application;

b. Deny the issuance of the license, certification, or examination application; or

c. Authorize the issuance of the license or certification under certain terms and conditions or with certain limitations.

29.10(4) The committee or board may require an applicant to appear for an interview before the committee or the full board as part of the application process.

641—29.11(105) Grounds for denial of an application. The board may deny an application for license, certification, or examination for any of the following reasons:

1. Failure to meet the requirements for license, certification, or examination as specified in these rules.

2. Failure to provide accurate and truthful information, or the omission of material information.

3. Pursuant to Iowa Code section 105.22, upon any of the grounds for which licensure may be revoked or suspended.

641—29.12(105) Use of criminal convictions in eligibility determinations and initial licensing decisions.

29.12(1) *License application.* Unless an applicant for licensure petitions the board for an eligibility determination, the applicant's convictions will be reviewed when the board receives a completed license application.

a. Full disclosure. An applicant must disclose all convictions on a license application. Failure to disclose all convictions is grounds for license denial or disciplinary action following license issuance.

b. Documentation and personal statement. An applicant with one or more convictions must submit the complete criminal record for each conviction and a personal statement regarding whether each conviction directly relates to the practice of the profession in order for the license application to be considered complete.

c. Rehabilitation. As part of the license application, an applicant will submit all evidence of rehabilitation that the applicant wishes to be considered by the board. The board may deny a license if the applicant has a disqualifying offense, unless the applicant demonstrates by clear and convincing evidence that the applicant is rehabilitated pursuant to Iowa Code section 272C.15. An applicant with one or more disqualifying offenses who has been found rehabilitated must still satisfy all other requirements for licensure.

d. Nonrefundable fees. Any application fees will not be refunded if the license is denied.

29.12(2) Eligibility determination. An individual who has not yet submitted a completed license application may petition the board for an eligibility determination. An individual with a conviction does not have to petition the board for an eligibility determination before applying for a license. To petition the board for an eligibility determination, a petitioner must submit all of the following:

a. A completed eligibility determination form, which is available on the board's website;

b. The complete criminal record for each of the petitioner's convictions;

c. A personal statement regarding whether each conviction directly relates to the practice of the profession and why the board should find the petitioner is rehabilitated;

d. All evidence of rehabilitation that the petitioner wants the board to consider; and

e. Payment of a nonrefundable fee in the amount of \$25.

29.12(3) Appeal. A petitioner found ineligible or an applicant denied a license because of a disqualifying offense may appeal the decision in the manner and time frame set forth in the board's written decision. A timely appeal will initiate a nondisciplinary contested case proceeding. The board's rules governing nondisciplinary contested case proceedings apply unless otherwise specified in this rule. If the petitioner fails to timely appeal, the board's written decision will become a final order.

a. Presiding officer. The presiding officer will be the board. However, any party to an appeal of a license denial or ineligibility determination may file a written request, in accordance with rule 641—33.10(17A), that the presiding officer be an administrative law judge. Additionally, the board may, on its own motion, request that an administrative law judge be assigned to act as presiding officer. When an administrative law judge serves as the presiding officer, the decision rendered will be a proposed decision.

b. Burden. The office of the attorney general will represent the board's initial ineligibility determination or license denial and has the burden of proof to establish that the petitioner's or applicant's convictions include at least one disqualifying offense. Upon satisfaction of this burden by a preponderance of the evidence by the office of the attorney general, the burden of proof shifts to the petitioner or applicant to establish rehabilitation by clear and convincing evidence.

c. Judicial review. A petitioner or applicant must appeal an ineligibility determination or a license denial in order to exhaust administrative remedies. A petitioner or applicant may only seek judicial review of an ineligibility determination or license denial after the issuance of a final order following a contested case proceeding. Judicial review of the final order following a contested case proceeding is in accordance with Iowa Code chapter 17A.

29.12(4) Future petitions or applications. If a final order determines a petitioner is ineligible, the petitioner cannot submit a subsequent petition for eligibility determination or a license application prior to the date specified in the final order. If a final order denies a license application, the applicant cannot submit a subsequent license application or a petition for eligibility determination prior to the date specified in the final order.

These rules are intended to implement Iowa Code chapters 105 and 272C.
