The presiding officer must, however, ensure that such assistance does not impact the independence and fairness of the contested case hearing process.

7.8(5) Closed to public. Contested case hearings are closed to the public, and unless otherwise provided by state or federal law, only the parties, their representatives, permissible intervenors, and witnesses may be present for a contested case hearing in the absence of mutual agreement of the parties.

7.8(6) Administration of appeals. Except as otherwise provided in this chapter or other applicable federal or state law, discretion in the conduct and administration of appeals is vested in the contested case hearing presiding officer.

7.8(7) Contested cases with no factual dispute. If the parties in a contested case agree that there is no dispute of material fact, the parties may present all admissible evidence either by stipulation, or as otherwise agreed, in lieu of an evidentiary hearing. If an agreement is reached, the parties shall jointly submit a schedule for submission of the record, briefs and oral arguments to the presiding officer for approval. If the parties cannot agree, any party may file and serve a motion for summary judgment pursuant to the rules governing such motions.

441—7.9(17A) Miscellaneous rules governing contested case hearings.

7.9(1) Ex parte communication. Ex parte communications between the presiding officer and person or party in connection with any issue of fact or law in the contested case proceeding is prohibited except as permitted by Iowa Code section 17A.17. All of the provisions of Iowa Code section 17A.17 apply.

7.9(2) Default. If a party fails to appear at a scheduled hearing or prehearing conference without good cause as determined by the presiding officer, the party's appeals may be denied and dismissed or may be heard and ruled upon, consistent with Iowa Code section 17A.12(3). Defaulting parties may file a timely motion to vacate, which shall be granted if the presiding officer determines good cause has been shown.

7.9(3) Withdrawal. An appellant may submit a withdrawal of a fair hearing request at any time prior to hearing through any of the methods identified in subrule 7.5(1), except for programs listed in subrule 7.5(4). For programs listed in subrule 7.5(4), a written request may be submitted via the department's

website, by mail, in person, or through other commonly available electronic means (such as email or facsimile). Unless otherwise provided, a withdrawal shall be with prejudice.

7.9(4) Medical assessment. For Medicaid enrollees engaged in an appeal involving medical issues, the department may request, at the department's own expense, that the appellant submit to an appropriate medical assessment. The presiding officer shall order such assessment upon sufficient showing of necessity.

7.9(5) Standard of review. In child abuse appeals, the criteria and level of deference by which the presiding officer shall render a decision is based on a preponderance of evidence.

7.9(6) Interpreters. The department shall provide translation and interpretation services to appellants, if requested. In all cases when an appellant is illiterate or semiliterate, the presiding officer shall advise the appellant of the appellant's rights to the satisfaction of the appellant's understanding.

7.9(7) Persons living with disabilities. Persons living with disabilities shall be provided assistance through the use of auxiliary aids and services at no cost to the individual in accordance with the Americans with Disabilities Act (as amended to December 31, 2023) and Section 504 of the Rehabilitation Act (as amended, effective October 1, 2016).

441—7.10(17A) Proposed decision.

7.10(1) Contents. The presiding officer shall issue a written proposed decision to all parties clearly identifying the issues on appeal, holding, findings of fact, conclusions of law, and order. The findings of fact shall cite and be based exclusively on the record as defined by Iowa Code section 17A.12(6). The conclusions of law shall be limited to the contested issues of fact, policy or law and shall identify the specific provisions of law that support the ultimate conclusion.

7.10(2) Access to record. After receiving the proposed decision, appellants shall be given reasonable access to the record at a convenient place and time.

441—7.11(17A) Director's review.

7.11(1) Time. Parties, including the department, may appeal the proposed decision to the director.

a. A request for director's review shall be in writing and postmarked or received within 14 calendar days of the date on which the proposed decision was issued, except as provided for under paragraph 7.11(1) "b." A request for director's review may be accompanied by a brief written summary of the arguments in favor of director's review.

b. A managed care organization appealing a proposed decision reversing an adverse benefit determination shall request director's review within 72 hours from the date it received notice of the proposed decision.

7.11(2) Grant or denial of review. The department has full discretion to grant or deny a request for review. In addition, the director may initiate review of a proposed decision on the director's own motion at any time on or before the thirtieth day following the issuance of the proposed decision.

When the department grants a request for director's review, the appeals section shall notify the parties and enclose a copy of the request. All other parties shall have 14 calendar days from the date of notification to submit further written arguments or objections for consideration upon review.

7.11(3) Cross-appeal. When a party requests director's review in accordance with subrule 7.11(1), the remaining parties shall have 14 calendar days from that date to submit cross-requests for director's review. The party originally seeking director's review shall have 14 calendar days from the date of the cross-request for director's review to submit further written arguments or objections for consideration upon review.

7.11(4) Limited record. Director's review shall be limited to the issues and record before the contested case hearing presiding officer.

7.11(5) Oral arguments. Upon specific request, the director may, at the director's discretion, permit parties to present oral arguments with the parties' requests for director's review.

441—7.12(17A) Final decisions.

7.12(1) *No appeal or denial of director review.* If there is no timely appeal from or review of the proposed decision, the presiding officer's proposed decision becomes the final decision of the agency.

7.12(2) *Timelines.*

a. The department or director will issue a final decision within the timelines prescribed by federal or state law. For all appeals for which there is no federal or state timeliness standard, the department or director will issue a final decision on or before the ninetieth day from the date the department receives an appeal request.

b. Except as otherwise provided by state or federal law, the time frames for a final decision provided under this rule may be tolled when:

- (1) The appellant requests a delay;
- (2) The appellant fails to take a required action; or
- (3) There is an administrative or other emergency beyond the department's control.

c. DIAL shall document in the record the reasons for any delay and the requesting party.

7.12(3) *Written notice of final decision.* The parties to the appeal shall be provided written notice of the department's final decision. The department shall also notify the appellant of the appellant's right to seek judicial review, where applicable.

441—7.13(17A) Expedited review.

7.13(1) *Expedited review criteria.* Appellants to a medical assistance appeal may, at any time, file with the department a request for expedited review of the appeal. Expedited review shall be granted when the department determines, or a provider acting on behalf or in support of an appellant indicates, that taking the time for a standard resolution could seriously jeopardize the party-in-interest's life, physical or mental health, or ability to attain, maintain, or regain maximum function.

7.13(2) *Managed care expedited proceedings.*

a. If the appellant is granted an expedited review pursuant to subrule 73.12(2), all subsequent proceedings shall also be expedited without an additional request if the appeal request indicates that the managed care organization appeal was expedited and provides the basis for expedited relief.

b. When review is expedited pursuant to paragraph 7.13(2) "a," the presiding officer shall issue a proposed decision as expeditiously as the enrollee's health condition requires, but no later than three working days after the department receives from the managed care organization the case file and information for any appeal of a denial of a service that, as indicated by the managed care organization:

- (1) Meets the criteria for expedited resolution but was not resolved within the time frame for expedited resolution; or
- (2) Was resolved within the time frame for expedited resolution but reached a decision wholly or partially adverse to the enrollee.

7.13(3) *Medicaid eligibility, nursing facility transfers or discharges, or preadmission and annual resident review expedited proceedings.* For expedited appeals related to Medicaid eligibility, nursing facility transfers or discharges, or preadmission and annual resident review requirements, the presiding officer shall issue a proposed decision as expeditiously as possible, but no later than seven working days after the department receives a request for expedited fair hearing.

7.13(4) *Medicaid-covered benefits or services expedited proceedings.* For expedited appeals related to Medicaid-covered benefits or services, the presiding officer shall issue a proposed decision as expeditiously as possible, but no later than provided in paragraph 7.13(2) "b."

7.13(5) *Final decision for expedited proceeding.* The department shall issue its final decision in accordance with this rule, except as provided by subrule 7.12(2).

7.13(6) *Notification if expedited relief is granted or denied.* The department shall notify the appellant as expeditiously as possible whether the request for expedited relief is granted or denied. Such notice must be provided orally or through electronic means to the extent consistent with federal and state law. If oral notice is provided, the department shall follow up with written notice, which may be through electronic means to the extent consistent with federal and state law.

441—7.14(17A) Effect.

7.14(1) If the contested case hearing presiding officer's proposed decision is favorable to an enrollee in a Medicaid appeal, the department must promptly make corrective payments retroactive to the date an incorrect action was taken, and, if appropriate, provide for admission or readmission of an individual to a facility. If the presiding officer reverses a decision of a managed care organization to deny, limit, or delay services that were not furnished while the appeal was pending, the managed care organization must authorize or provide the disputed services promptly and as expeditiously as the enrollee's health condition requires, but no later than 72 hours from the date the managed care organization receives notice reversing the determination.

7.14(2) Unless there is contravening federal or state law, all final decisions shall be put into effect within seven days of the issuance of the final decision.

441—7.15(17A) Calculating time. In computing any time period specified in this chapter, the period:

1. Excludes the day of the event that triggers the period;
2. Includes every day of the time period (including Saturdays, Sundays, and holidays on which the department is closed); and
3. Includes the last day of the period, but if the last day is a Saturday, Sunday, or legal holiday, the period continues to run until the end of the next day that is not a Saturday, Sunday, or legal holiday.

441—7.16(17A) Authorized representatives.

7.16(1) Regulations. The provisions of this rule only apply to the extent the standards expressed in this rule are not in conflict with other state or federal law.

7.16(2) Designation of authority. Legally recognized delegations of authority, such as guardianships, applicable designations of power of attorney, or similar designations, shall be sufficient for a delegate to serve as authorized representative under this chapter. A person who is not designated a legally recognized delegation of authority but who otherwise seeks to act as an authorized representative for an individual in an appeal under this chapter shall provide a written, signed designation of authority to the department with the request for appeal. The designation must provide the scope of the representation, applicable waivers for the release of confidential information, and any temporal or other limitations on the scope of representation. An authorized representative of a party-in-interest only represents the party-in-interest and has no independent right to appeal by virtue of the authorized representative's representation.

7.16(3) Written designation. For persons other than attorneys seeking to act as authorized representative of a party-in-interest in a Medicaid managed care appeal, the authorized representative's written designation of authority pursuant to subrule 7.16(2) shall be Form 470-5526, Authorized Representative for Managed Care Appeals. This form is required for all managed care appeals, including those handled through the expedited appeals process. Failure to provide the form or legal documentation may result in denial of the appeal request.

7.16(4) Appearance by attorney. Legal counsel appearing on behalf of any person in a proceeding under this chapter shall enter an appropriate written appearance.

441—7.17(17A) Continuation and reinstatement of benefits.

7.17(1) Programs for which no federal or state law applies. For all assistance programs for which there is no contravening federal or state law, benefits or services shall not be suspended, reduced, restricted, or discontinued, nor shall a license, registration, certification, approval, or accreditation be revoked or other adverse action taken pending a final decision when:

- a. An appeal is filed before the effective date of the intended action; or
- b. The appellant requests a hearing within ten days of receipt of a notice to suspend, reduce, restrict, or discontinue benefits or services. The date on which the notice is received is considered to be five days after the date on the notice, unless the appellant shows the notice was not received within the five-day period.

7.17(2) Sole issue is state or federal law or policy. Benefits or services continued pursuant to subrule 7.17(1) may be suspended, reduced, restricted, or discontinued if the presiding officer determines at the

contested case hearing that the sole issue is one of state or federal law or policy and the department has notified the enrollee in writing that services are to be suspended, reduced, restricted, or discontinued pending the proposed decision.

7.17(3) *Recoup cost of services or benefits.* The department or managed care organization may recoup the cost of benefits or services provided pursuant to this chapter if the adverse action appealed from is affirmed, consistent with state and federal law.

441—7.18(17A) Emergency adjudicative proceedings.

7.18(1) *Necessary emergency action.* When and to the extent necessary to prevent or avoid immediate danger to the public health, safety, or welfare, and consistent with state and federal law, a contested case hearing presiding officer may issue a written order to suspend a license in whole or in part, order the cessation of any continuing activity, order affirmative action, or take other action within the jurisdiction of the department by emergency adjudicative order. In determining the necessity of such an action, the presiding officer shall consider factors including, but not limited to, the following:

a. Whether there has been sufficient investigation and evidentiary support to ensure the order is proceeding based on reliable information;

b. Whether the specific circumstances giving rise to the potential order have been specifically identified and determined to be continuing;

c. Whether the person who is required to comply with the emergency adjudicative order may continue to engage in other activities without risk of immediate danger to the public health, safety, or welfare;

d. Whether imposition of monitoring requirements or other interim safeguards would be sufficient to protect the public health, safety, or welfare; and

e. Whether the specific action contemplated is necessary to avoid the immediate danger.

7.18(2) *Issuance of order.* An emergency adjudicative order shall contain, or shall be expeditiously followed by, a written analysis, including findings of fact, conclusions of law, and policy reasons to justify the order. The agency shall provide written notice that best ensures prompt, reliable delivery. Such order shall be immediately delivered to the persons required to comply with the order.

7.18(3) *Completion of proceedings.* Upon issuance of an order under this rule, the department shall proceed as quickly as reasonably practicable to complete any proceedings that would be required if the matter did not involve an immediate danger. An order issued under this rule shall include notice of the date on which proceedings under this chapter are to be completed. After issuance of an order under this rule, continuance of further proceedings under this chapter shall only be granted in compelling circumstances upon application in writing. Before issuing an emergency adjudicative order, the presiding officer shall consider factors including, but not limited to, the following:

a. Whether there has been sufficient investigation and evidentiary support to ensure the order is proceeding based on reliable information;

b. Whether the specific circumstances giving rise to the potential order have been specifically identified and determined to be continuing;

c. Whether the person who is required to comply with the emergency adjudicative order may continue to engage in other activities without risk of immediate danger to the public health, safety, or welfare;

d. Whether imposition of monitoring requirements or other interim safeguards would be sufficient to protect the public health, safety, or welfare; and

e. Whether the specific action contemplated is necessary to avoid the immediate danger.

441—7.19(17A) Supplemental Nutrition Assistance Program (SNAP) administrative disqualification hearings. The department acts on alleged intentional program violations either through an administrative disqualification hearing or referral to a court of appropriate jurisdiction. An individual accused of an intentional program violation may waive the individual's right to an administrative disqualification hearing in accordance with the procedures outlined in this rule and in 7 CFR 273.16(e) and (f) as amended to December 8, 2021.

7.19(1) When a case is referred for an administrative disqualification hearing, the appeals section shall mail written notification to the individual that the individual can waive the right to an administrative disqualification hearing by signing and returning Waiver of Right to an Administrative Disqualification Hearing.

7.19(2) By signing Waiver of Right to an Administrative Disqualification Hearing, the individual:

- a.* Waives the right to an administrative disqualification hearing;
- b.* Consents to the SNAP disqualification period designated Waiver of Right to an Administrative Disqualification Hearing, and a reduction of benefits for the period of disqualification; and
- c.* Acknowledges that remaining household members, if any, may be held responsible for repayment of the resulting claim.

7.19(3) An administrative disqualification hearing shall be scheduled if the individual does not sign and mail or fax Waiver of Right to an Administrative Disqualification Hearing, to the appeals section within ten days of receipt of the written notification stating the individual can waive the right to an administrative disqualification hearing. The date on which the written notification is received is considered to be five days after the date on the notification, unless the individual shows the notification was not received within the five-day period.

7.19(4) An individual who waives the right to an administrative disqualification hearing will be subject to the same penalties as an individual found to have committed an intentional program violation in an administrative disqualification hearing.

7.19(5) No further administrative appeal procedure exists after an individual waives the individual's right to an administrative disqualification hearing and a disqualification penalty has been imposed. The disqualification penalty shall not be changed by a subsequent fair hearing decision.

441—7.20 to 7.40 Reserved.

DIVISION II
APPEALS BASED ON THE COMPETITIVE PROCUREMENT BID PROCESS

441—7.41(17A) Scope, bidder and applicability. The rules in Division II apply to appeals based on the department's competitive procurement bid process. A bidder is an entity that submits a proposal in response to a solicitation issued through the department's competitive procurement process.

441—7.42(17A) Requests for timely filing of an appeal. Any bidder that receives either a notice of disqualification or a notice of award, and has first exhausted the reconsideration process, is considered an aggrieved party and may file a written appeal with the department.

7.42(1) An aggrieved party in a competitive procurement must seek reconsideration of a disqualification or a notice of award prior to filing any appeal. The request for reconsideration must be received by the department within five calendar days of the date of either a disqualification notice or notice of award, exclusive of Saturdays, Sundays and legal state holidays. The department will expeditiously address the request for reconsideration and issue a decision on the reconsideration. If the party seeking reconsideration continues to be an aggrieved party following receipt of the decision on reconsideration, the aggrieved party may file an appeal within five calendar days of the date of the department's decision on reconsideration, exclusive of Saturdays, Sundays and legal state holidays.

7.42(2) The written appeal shall state the grounds upon which the appellant challenges the department's decision.

7.42(3) The day after the department's decision on reconsideration is issued is the first day of the period in which the appeal may be filed. The mailing address is: Department of Health and Human Services, Appeals Section, 1305 East Walnut Street, Des Moines, Iowa 50319-0114. Appeals may also be sent by email or in-person delivery.

When an appeal is submitted through an electronic delivery method, such as electronic mail or facsimile, the appeal is filed on the date it is submitted. The electronic delivery method shall record the date and time the appeal request was submitted. If there is no date recorded by the electronic delivery method or the appeal was filed via in-person delivery, the date of filing is the date the appeal is stamped

received by the agency. Receipt date of all appeals shall be documented by the office where the appeal is received.

When the time limit for filing falls on a holiday or a weekend, the time will be extended to the next workday.

441—7.43(17A) Bidder appeals. The bidder appeal shall be a contested case proceeding and shall be conducted in accordance with the provisions of Division II. Division I of this chapter does not apply to competitive procurement bid appeals, unless otherwise noted.

7.43(1) Hearing time frame. The presiding officer shall hold a hearing on the bidder appeal within 60 days of the date the notice of appeal was received by the department.

7.43(2) Registration. Upon receipt of the notice of appeal, the department shall register the appeal.

7.43(3) Acknowledgment. Upon receipt of the notice of appeal, the department shall send a written acknowledgment of receipt of the appeal to the appellant, representative, or both.

7.43(4) Granting a hearing. The department shall determine whether an appellant may be granted a hearing and the issues to be discussed at the hearing in accordance with the applicable rules, statutes or federal regulations or request for proposal.

a. The appeals of those appellants who are granted a hearing shall be certified to the department of inspections, appeals, and licensing for the hearing to be conducted. The department shall indicate at the time of certification the issues to be discussed at the hearing.

b. Appeals of those appellants that are denied a hearing shall not be closed until a letter is sent to the appellant and the appellant's representative advising of the denial of the hearing and the basis upon which that denial is made. Any appellant that disagrees with a denial may present additional information relative to the reason for denial and request reconsideration by the department over the denial.

7.43(5) Hearing scheduled. For those records certified for hearing, the department of inspections, appeals, and licensing shall establish the date, time, method and place of the hearing, with due regard for the convenience of the appellant as set forth in the department of inspections, appeals, and licensing rules in 481—Chapter 10 unless otherwise designated by federal or state statute or regulation.

7.43(6) Method of hearing. The department of inspections, appeals, and licensing shall determine whether the appeal hearing is to be conducted in person, by videoconference or by teleconference call. The parties to the appeal may participate from multiple sites for videoconference or teleconference hearings. Any appellant is entitled to an in-person hearing if the appellant requests one. All parties shall be granted the same rights during a teleconference hearing as specified in rule 441—7.8(17A).

7.43(7) Reschedule requests. Requests made by the appellant or the department to set another date, time, method or place of hearing shall be made to the department of inspections, appeals, and licensing, except as otherwise noted. The granting of the requests will be at the discretion of the department of inspections, appeals, and licensing. All requests concerning the scheduling of a hearing shall be made to the department of inspections, appeals, and licensing directly.

7.43(8) Notification. For those appeals certified for hearing, the department of inspections, appeals, and licensing shall send a notice to the appellant at least ten calendar days in advance of the hearing date.

a. The notice shall comply with Iowa Code section 17A.12(2), and include a statement that opportunity shall be afforded to all parties to respond and present evidence on all issues involved and to be represented by counsel at their own expense.

b. A copy of this notice shall be made available to the department employee who took the action and to any other parties to the appeal.

441—7.44(17A) Procedures for bidder appeal.

7.44(1) Discovery. The parties shall serve any discovery requests upon other parties at least 30 days prior to the date set for the hearing. The parties must serve responses to discovery at least 15 days prior to the date set for the hearing.

7.44(2) Witnesses and exhibits. The parties shall contact each other regarding witnesses and exhibits at least ten days prior to the date set for the hearing. The parties must meet prior to the hearing regarding the evidence to be presented in order to avoid duplication or the submission of extraneous materials.

7.44(3) Amendments to notice of appeal. The aggrieved bidder may amend the grounds upon which the bidder challenges the department's award no later than 15 days prior to the date set for the hearing.

7.44(4) If the hearing is not conducted in person, the parties must deliver all exhibits to the office of the presiding officer at least three days prior to the time the hearing is conducted.

7.44(5) The presiding officer shall issue a proposed decision in writing that includes findings of fact and conclusions of law stated separately. The decision shall be based on the record of the contested case and shall conform to Iowa Code chapter 17A. The presiding officer shall send the proposed decision to the appellant and representative by mail.

7.44(6) The record of the contested case shall include all materials specified in Iowa Code section 17A.12(6).

441—7.45(17A) Stay of agency action for bidder appeal.

7.45(1) *When a stay may be requested.*

a. Any party appealing the issuance of a notice of disqualification or notice of award may petition for stay of the decision pending its review. The petition for stay shall be filed with the notice of appeal, shall state the reasons justifying a stay, and shall be accompanied by an appeal bond equal to 120 percent of the contract value.

b. Any party adversely affected by a final decision and order may petition the department for a stay of that decision and order pending judicial review. The petition for stay shall be filed with the director within five days of receipt of the final decision and order and shall state the reasons justifying a stay.

7.45(2) *When a stay is granted.* In determining whether to grant a stay, the director shall consider the factors listed in Iowa Code section 17A.19(5)“c.”

7.45(3) *Vacation.* A stay may be vacated by the issuing authority upon application of the department or any other party.

441—7.46(17A) Request for review of the proposed decision. A request for review of the proposed decision shall follow the provisions outlined in rule 441—7.11(17A).

441—7.47(17A) Other procedural considerations.

7.47(1) *Consolidation—severance.* The provisions regarding consolidation and severance in rule 481—10.10(10A,17A) apply.

7.47(2) *Rights of appellants during hearings.* All rights afforded appellants at rule 441—7.8(17A) shall apply.

441—7.48(17A) Appeal record.

7.48(1) The appeal record shall consist of all items specified in Iowa Code section 17A.16.

7.48(2) The party that requests a transcription of the proceedings shall bear the cost.

441—7.49(17A) Pleadings. The provisions regarding pleadings in rule 481—10.11(10A,17A) apply.

441—7.50(17A) Ex parte communications. The rules regarding ex parte communications specified in subrule 7.9(1) and Iowa Code section 17A.17 apply.

441—7.51(17A) Right of judicial review. The rules regarding right of judicial review specified in subrule 7.12(3) and Iowa Code section 17A.19 apply.

These rules are intended to implement Iowa Code chapter 17A.

ITEM 6. Rescind 441—Chapter 9 and adopt the following **new** chapter in lieu thereof:

CHAPTER 9

PUBLIC RECORDS AND FAIR INFORMATION PRACTICES

441—9.1(17A,22) Statement of policy, purpose and scope of chapter.

9.1(1) The purpose of this chapter is to facilitate public access to open records. It also seeks to facilitate department determinations with respect to the handling of confidential records and the implementation of the fair information practices Act. The department is committed to the policies set forth in Iowa Code chapter 22; department staff shall cooperate with members of the public in implementing the provisions of that chapter.

These rules also implement the federal Health Insurance Portability and Accountability Act (HIPAA) regulations at 45 CFR Parts 160 and 164 as amended to March 26, 2013. These rules set forth the standards the department must meet to protect the privacy of protected health information. The department is a hybrid entity for purposes of HIPAA. The rules on protected health information apply only to those parts of the department that are considered part of the covered entity.

9.1(2) This chapter does not:

- a. Require the agency to index or retrieve records which contain information about individuals by that person's name or other personal identifier.
- b. Make available to the general public records which would otherwise not be available under the public records law, Iowa Code chapter 22.
- c. Govern the maintenance or disclosure of, notification of, or access to records in the possession of the agency which are governed by the rules of another agency.
- d. Apply to grantees, including local governments or subdivisions thereof, administering state-funded programs.
- e. Make available records compiled by the agency in reasonable anticipation of court litigation or formal administrative proceedings. The availability of such records to the general public or to any subject individual or party to such litigation or proceedings shall be governed by applicable constitutional principles, statutes, rules of discovery, evidentiary privileges, and applicable rules of the agency.
- f. Require the agency to create, compare or procure a record solely for the purpose of making it available.

441—9.2(17A,22) Definitions. As used in this chapter:

"Business associate" means the same as defined in 45 CFR §160.103 as amended to March 26, 2013.

"Client" means a person who has applied for or received services or assistance from the department.

"Confidential record" in these rules means a record which is not available as a matter of right for examination and copying by members of the public under applicable provisions of law. Confidential records include records or information contained in records that the agency is prohibited by law from making available for examination by members of the public, and records or information contained in records that are specified as confidential by Iowa Code section 22.7, or other provision of law, but that may be disclosed upon order of a court, the lawful custodian of the record, or by another person duly authorized to release the record. Mere inclusion in a record of information declared confidential by an applicable provision of law does not necessarily make that entire record a confidential record.

"Covered entity" means the same as defined in 45 CFR §160.103 as amended to March 26, 2013.

"Custodian" means the director of the department or the director's designee.

"Data aggregation" is the same as defined in 45 CFR §164.501 as amended to March 26, 2013.

"Designated record set" is the same as defined in 45 CFR §164.501 as amended to March 26, 2013, including:

1. The medical records about subjects that are maintained for facilities;
2. The enrollment, payment, and eligibility record systems maintained for Medicaid; or
3. The enrollment, payment, and eligibility record systems maintained for the hawki program that are used, in whole or in part, by the hawki program to make decisions about subjects.

For purposes of this definition, the term "record" means the same as defined in 45 CFR §164.501 as amended to March 26, 2013.

"Disclosure" means the same as defined in 45 CFR §160.103 as amended to March 26, 2013.

"Facility" or *"facilities"* means, with respect to HIPAA rules about health information, one or more of these department institutions: Cherokee Mental Health Institute, Glenwood Resource Center, Independence Mental Health Institute, and Woodward Resource Center.

“*Health care*” means the same as defined in 45 CFR §160.103 as amended to March 26, 2013.

“*Health care clearinghouse*” means the same as defined in 45 CFR §160.103 as amended to March 26, 2013.

“*Health care operations*” for covered entities in the department has the same definition as that stated in 45 CFR §164.501 as amended to March 26, 2013.

“*Health care provider*” means the same as defined in 45 CFR §160.103 as amended to March 26, 2013.

441—9.3(17A,22) Requests for access to records.

9.3(1) Location of record. A request for access to a record should be directed to the Director’s Office, 321 East 12th Street, Des Moines, Iowa 50319. If a request for access to a record is misdirected, department personnel will promptly forward the request to the department’s records officer.

9.3(2) Office hours. Open records shall be made available during all customary office hours, which are 8 a.m. to 4:30 p.m. daily, excluding Saturdays, Sundays and legal holidays.

9.3(3) Request for access. Requests for access to open records may be made in writing, in person, or by telephone. Requests shall identify the particular records sought by name or description. Mail or telephone requests shall include the name, address, and telephone number of the person requesting the information.

9.3(4) Response to requests. Access to an open record will be provided upon request unless the size or nature of the request makes prompt access infeasible. If the size or nature of the request for access to an open record requires time for compliance, the custodian shall comply with the request as soon as feasible. Access to an open record may be delayed for one of the purposes authorized by Iowa Code section 22.8(4) or 22.10(4).

The custodian of a record may deny access to the record by members of the public only on the grounds that such a denial is warranted under Iowa Code sections 22.8(4) and 22.10(4), or that it is a confidential record, or that its disclosure is prohibited by a court order. Access by members of the public to a confidential record is limited by law and, therefore, may generally be provided only in accordance with the provisions of rule 441—9.4(17A,22) and other applicable provisions of law.

9.3(5) Security of record. No person may, without permission from the custodian, search or remove any record from department files. Examination and copying of department records shall be supervised by the custodian or a designee of the custodian. Records shall be protected from damage and disorganization.

9.3(6) Copying. A reasonable number of copies of an open record may be made in the department office. If photocopy equipment is not available in the department office where an open record is kept, the custodian shall permit its examination in that office and shall arrange to have copies promptly made elsewhere.

9.3(7) Fees. The department may charge fees as permitted by Iowa Code chapter 22. The department will publish a fee schedule for open records on its website. The department may charge a fee for the cost of preparing an explanation or summary of health information. The department and the subject requesting the information shall agree to the amount of any fee imposed before the department prepares the explanation or summary.

441—9.4(17A,22) Access to confidential records. Under Iowa Code section 22.7 or other applicable provisions of law, the lawful custodian may disclose certain confidential records to one or more members of the public. Other provisions of law authorize or require the custodian to release specified confidential records under certain circumstances or to particular persons. In requesting the custodian to permit the examination and copying of such a confidential record, the following procedures apply and are in addition to those specified for requests for access to records in rule 441—9.3(17A,22).

9.4(1) Proof of identity. A person requesting access to a confidential record may be required to provide proof of identity or authority to secure access to the record.

9.4(2) Requests. The custodian may require a request to examine and copy a confidential record to be in writing. A person requesting access to such a record may be required to sign a certified statement or affidavit enumerating the specific reasons justifying access to the confidential record and to provide any proof necessary to establish relevant facts.

9.4(3) Notice to subject of record and opportunity to obtain injunction. Except as provided in 441—subrule 175.41(2), after the custodian receives a request for access to a confidential record, and before the custodian releases such a record, the custodian may make reasonable efforts to notify promptly any person who is a subject of that record, is identified in that record, and whose address or telephone number is contained in that record. To the extent such a delay is practicable and in the public interest, the custodian may give the subject of such a confidential record to whom notification is transmitted a reasonable opportunity to seek an injunction under Iowa Code section 22.8, and indicate to the subject of the record the specific period of time during which disclosure will be delayed for that purpose.

9.4(4) Request denied. When the custodian denies a request for access to a confidential record, the custodian shall promptly notify the requester. If the requester indicates to the custodian that a written notification of the denial is desired, the custodian shall promptly provide such a notification that is signed by the custodian and that includes:

- a. The name and title or position of the custodian responsible for the denial; and
- b. A citation to the provision of law vesting authority in the custodian to deny disclosure of the record and a brief statement of the reasons for the denial to this requester.

9.4(5) Request granted. Except as provided in 441—subrule 175.41(2), when the custodian grants a request for access to a confidential record, the custodian shall notify the requester or the person who is to receive the information and include any limits on the examination and copying of the record.

9.4(6) Records requiring special procedures. Special procedures are required for access to:

- a. Child abuse information. Access to child abuse information is obtained according to rules 441—175.41(235A) and 441—175.42(235A).
- b. Dependent adult abuse information. Access to adult abuse information is governed by rule 441—176.9(235A).

441—9.5(17A,22) Requests for treatment of a record as a confidential record and its withholding from examinations. The custodian may treat a record as a confidential record and withhold it from examination only to the extent that the custodian is authorized by Iowa Code section 22.7, another applicable provision of law, or a court order, to refuse to disclose that record to members of the public.

9.5(1) Persons who may request. Any person who would be aggrieved or adversely affected by disclosure of a record and who asserts that Iowa Code section 22.7, another applicable provision of law, or a court order, authorizes the custodian to treat the record as a confidential record, may request the custodian to treat that record as a confidential record and to withhold it from public inspection.

9.5(2) Request. A request that a record be treated as a confidential record and be withheld from public inspection shall be in writing and shall be filed with the custodian.

a. The request must set forth the legal and factual basis justifying such confidential record treatment for that record, and the name, address, and telephone number of the person authorized to respond to any inquiry or action of the custodian concerning the request.

b. A person requesting treatment of a record as a confidential record may also be required to sign a certified statement or affidavit stating the specific reasons justifying the treatment of that record as a confidential record and to provide any proof necessary to establish relevant facts.

c. Requests to temporarily treat a record as a confidential record shall specify the precise period of time for which that treatment is requested.

d. A person filing such a request shall, if possible, provide a copy of the record in question from which those portions for which such confidential record treatment has been requested have been deleted. If the original record is being submitted to the department by the person requesting confidential treatment at the time the request is filed, the person shall indicate conspicuously on the original record that all or portions of it are confidential.

9.5(3) Failure to request. Failure of a person to request confidential record treatment for a record does not preclude the custodian from treating it as a confidential record. However, if a person who has submitted business information to the department does not request that it be withheld from public

inspection under Iowa Code section 22.7(3) and 22.7(6), the custodian of records containing that information may proceed as if that person has no objection to its disclosure to members of the public.

9.5(4) *Timing of decision.* A decision by the custodian with respect to the disclosure of a record to members of the public may be made when a request for its treatment as a confidential record that is not available for public inspection is filed, or when the custodian receives a request for access to the record by a member of the public.

9.5(5) *Request granted or deferred.* If a request for such confidential record treatment is granted, or if action on such a request is deferred, a copy of the record from which the matter in question has been deleted and a copy of the decision to grant the request or to defer action upon the request will be made available for public inspection in lieu of the original record. If the custodian subsequently receives a request for access to the original record, the custodian will make reasonable and timely efforts to notify any person who has filed a request for its treatment as a confidential record that is not available for public inspection of the pendency of that subsequent request.

9.5(6) *Request denied and opportunity to seek injunction.* If a request that a record be treated as a confidential record and be withheld from public inspection is denied, the custodian shall notify the requester in writing of that determination and the reasons therefor. On application by the requester, the custodian may engage in a good faith, reasonable delay in allowing examination of the record so that the requester may seek injunctive relief under the provisions of Iowa Code section 22.8, or other applicable provision of law. However, such a record shall not be withheld from public inspection for any period of time if the custodian determines that the requester had no reasonable grounds to justify the treatment of that record as a confidential record. The custodian shall notify requester in writing of the time period allowed to seek injunctive relief or the reasons for the determination that no reasonable grounds exist to justify the treatment of that record as a confidential record. The custodian may extend the period of good faith, reasonable delay in allowing examination of the record so that the requester may seek injunctive relief only if no request for examination of that record has been received, or if a court directs the custodian to treat it as a confidential record, or to the extent permitted by another applicable provision of law, or with the consent of the person requesting access.

9.5(7) *Requesting privacy protection for protected health information.*

a. Requesting restrictions on protected health information use or disclosure. Subjects may complete a Request to Restrict Use or Disclosure of Health Information form. The department will follow the requirements of 45 CFR §164.522 as amended to March 26, 2013, in responding to these requests.

b. Requesting the receipt of communications of protected health information by alternative means or at alternative locations. Subjects may complete a Request to Change How Health Information Is Provided form. The department will follow the requirements of 45 CFR §164.522 as amended to March 26, 2013, in responding to these requests. For Medicaid and hawki, the subject is required to clearly indicate the reason for requesting the confidential communication. Facilities shall not require the subject to explain the basis for the request as a condition of providing confidential communications.

441—9.6(17A,22) Procedure by which additions, dissents, or objections may be entered into certain records.

9.6(1) *All programs.* Except as otherwise provided by law, a subject may file a request with the custodian to review, and to have a written statement of additions, dissents, or objections entered into, a record containing personally identifiable information pertaining to that subject. However, the subject is not authorized to alter the original copy of the record or to expand the official record of any department proceeding.

a. The subject shall send the request to review such a record or the written statement of additions, dissents, or objections to the department.

b. The request to review such a record or the written statement of additions, dissents, or objections must be dated and signed by the subject, and shall include the current address and telephone number of the subject or the subject's representative.

9.6(2) Additional procedures for protected health information. The department will follow the protected health information right to amend standards as outlined in 45 CFR §164.526 as amended to March 26, 2013. A subject shall submit a request for amendment to the department on a Request to Amend Health Information form published on the department's website. The subject shall provide a reason to support the requested amendment.

441—9.7(17A,22,228) Consent to disclosure by the subject of a confidential record. To the extent permitted by any applicable provision of law, the subject of a confidential record may have a copy of the portion of that record concerning the subject disclosed to a third party. A request for such a disclosure must be in writing and must identify the particular record or records to be disclosed, the particular person or class of persons to whom the record may be disclosed, and the time period during which the record may be disclosed. The subject of the record and, where applicable, the person to whom the record is to be disclosed may be required to provide proof of identity. Appearance of counsel before the department on behalf of a person who is the subject of a confidential record is deemed to constitute consent for the department to disclose records about that person to the person's attorney. No confidential information about clients of the department shall be released without the client's consent, except as otherwise provided by law. Release of confidential information includes granting access to or allowing the copying of a record, providing information either in writing or orally, or acknowledging information to be true or false.

9.7(1) Release forms.

a. Releases allowing the department to provide confidential information. Subjects should complete the Authorization for the Department to Release Information for releases that do not involve protected health information.

b. Releases allowing the department to provide confidential information, including protected health information. When consent or authorization for use or disclosure of health information is required, the department shall use Form 470-3951, Authorization to Obtain or Release Health Care Information, or a HIPAA authorization form from another source that meets HIPAA requirements. The department shall not require a subject to sign a HIPAA authorization form as a condition of treatment, payment, enrollment in a health plan, or eligibility for benefits. The department as a health care provider may require a subject to sign a HIPAA authorization form for the use or disclosure of protected health information for research, as a condition of the subject's receiving research-related treatment. A subject may revoke a HIPAA authorization at any time, provided that the revocation is in writing using the Request to End an Authorization form, except to the extent that the department has taken action in reliance thereon.

(2) Except as provided in subparagraph 9.7(1) "c"(1), department staff shall release mental health or substance abuse information only with authorization on the Consent to Obtain and Release Information form, a form from another source that meets requirements of law, or as otherwise allowed by law.

c. Releases allowing the department to obtain confidential information from a third party. The department is required to obtain confidential information from third parties. The department may make these requests only when the client has authorized the release on one of the following forms or when otherwise provided by law:

- (1) Authorization for Release of Information.
- (2) Household Member Questionnaire.
- (3) Bank or Credit Union Information.
- (4) Addendum for Application and Review Forms for Release of Information.
- (5) Request for School Verification.
- (6) Employer's Statement of Earnings.
- (7) Verification of Educational Financial Aid.
- (8) Financial Institution Verification.
- (9) Authorization to Obtain or Release Health Care Information.

d. Releases for photographs and recordings. The department uses Authorization to Take and Use Photographs, and Authorization to Take and Use Photographs of Minor or Ward forms, for permission to

use photographs in department publications. The department shall obtain authorization from the subject or person responsible (such as a guardian, custodian, or personal representative) for the subject before taking photographs or making any type of recording for any purpose other than those specifically allowed by law or for internal use within an institution.

9.7(2) Exceptions to use of release forms.

a. Public official. A letter from the subject to a public official which seeks the official's intervention on behalf of the subject in a matter that involves the department shall be treated as an authorization to release information upon receipt of appropriate authorization from the client to do so. The department shall release only the minimum amount of information necessary about the subject to the official to resolve the matter.

b. Medical emergency. Department staff may authorize release of confidential information to medical personnel in a medical emergency if the subject is unable to give or withhold consent. As soon as possible after the release of information, the subject shall be advised of the release.

c. Abuse information. Consent to release information is not required to gather information for investigations of child abuse or dependent adult abuse.

9.7(3) Opportunity for subject to agree or object. This subrule describes when the department may use or disclose protected health information, without a written authorization, to persons involved in the subject's care and for notification purposes. However, the department shall give the subject an opportunity to agree or object, unless this requirement is waived as specified in paragraph 9.7(3) "e."

a. Involvement in the subject's care. The department may, in accordance with paragraphs 9.7(3) "c," "e," and "f," disclose protected health information that is directly relevant either to a subject's care or to payment related to the subject's care, provided payment is relevant to the person's involvement in the subject's care. The person involved must be:

- (1) A family member;
- (2) Another relative;
- (3) A close personal friend of the subject; or
- (4) Any other person identified by the subject.

b. Notification purposes. The department may use or disclose protected health information to notify, or assist in notifying, identifying or locating a family member, a personal representative of the subject, or another person responsible for the care of the subject of the subject's location, general condition or death. For disaster relief purposes, the use or disclosure shall be in accordance with paragraph 9.7(3) "f."

c. Uses and disclosures with the subject present. If the subject is present for, or available before, a use or disclosure permitted by this subrule and has the capacity to make health care decisions, the department may use or disclose the protected health information if the department:

- (1) Obtains the subject's agreement;
- (2) Provides the subject with the opportunity to object to the disclosure, and the subject does not express an objection; or
- (3) Reasonably infers from the circumstances, based on the exercise of professional judgment, that the subject does not object to the disclosure.

d. Informing the subject. The department may orally inform the subject of and obtain the subject's oral agreement or objection to a use or disclosure permitted by this subrule.

e. Limited uses and disclosures when the subject is not present. When the subject is not present, or the opportunity to agree or object to the use or disclosure cannot practicably be provided because of the subject's incapacity or an emergency circumstance, the department may, in the exercise of professional judgment, determine that disclosure is in the best interest of the subject.

(1) When the department determines that disclosure is in the subject's best interest, the department may disclose only the protected health information that is directly relevant to the person's involvement with the subject's health care.

(2) The department may use professional judgment and its experience with common practice to make reasonable inferences of the subject's best interest in allowing a person to act on behalf of the

subject to pick up filled prescriptions, medical supplies, X-rays, or other similar forms of protected health information.

f. For disaster relief purposes. The department may use protected health information or disclose protected health information to a public or private organization authorized by law or by its charter to assist in disaster relief efforts for the purpose of coordinating with these organizations the uses or disclosures permitted by paragraph 9.7(3)“b.” The requirements in paragraphs 9.7(3)“c” and “d” apply to these uses and disclosures to the extent that the department, in the exercise of professional judgment, determines that the requirements do not interfere with the ability to respond to the emergency circumstances.

441—9.8(17A,22) Notice to suppliers of information. When the department requests a person to supply information about that person, the department shall notify the person of how the information will be used, which persons outside the department might routinely be provided this information, which parts of the requested information are required and which are optional, and the consequences of a failure to provide the information requested. This notice may be given in these rules, on the written form used to collect the information, on a separate fact sheet or letter, in brochures, in formal agreements, in contracts, in handbooks, in manuals, verbally, or by other appropriate means. The notice shall generally be given at the first contact with the department and need not be repeated. Where appropriate, the notice may be given to a person’s legal or personal representative. Notice may be withheld in an emergency or where it would compromise the purpose of a department investigation.

441—9.9(17A,22) Release to subject.

9.9(1) Access by subjects to protected health information. The department will follow the access of individuals to protected health information standards as outlined in 45 CFR §164.524 as amended to February 6, 2014. Subjects shall submit all requests for access to the department using the Request for Access to Health Information form. If the department does not maintain the protected health information that is the topic of the subject’s request for access, and the department knows where the requested information is maintained, the department shall inform the subject where to direct the request for access.

9.9(2) Reserved.

441—9.10(17A,22) Use and disclosure without consent of the subject. Open records are routinely disclosed without the consent of the subject. To the extent allowed by law, the department may also use and disclose confidential information without the consent of the subject or the subject’s representative.

9.10(1) Internal use. Confidential information may be disclosed to employees and agents of the department as needed for the performance of their duties. The custodian of the record shall determine what constitutes legitimate need to use confidential records.

9.10(2) Audits and health oversight activities.

a. Audits. Information concerning program expenditures and client eligibility is released to staff of the state executive and legislative branches who are responsible for ensuring that public funds have been managed correctly. Information is also released to auditors from federal agencies when those agencies provide program funds.

Only information collected in the family investment program, the child care assistance program, the food assistance program, the refugee resettlement program, or the child support recovery program may be shared under these agreements.

c. To meet federal income and eligibility verification requirements, the department has entered into agreements with the department of workforce development, the United States Internal Revenue Service, and the United States Social Security Administration. The department obtains information regarding persons whose income or resources are considered in determining eligibility and the amount of benefits for the family investment program, refugee cash assistance, child care assistance, food assistance, Medicaid, state supplementary assistance and foster care. Identifying information regarding clients of these programs is released to these agencies. The information received may be used for eligibility and benefit determinations.

d. To meet federal requirements under the Immigration Reform and Control Act of 1986 (IRCA) relating to the Systematic Alien Verification for Entitlements (SAVE) program, the department has entered into an agreement with the Bureau of Citizenship and Immigration Service (BCIS). Under the agreement, the department exchanges information necessary to verify alien status for the purpose of determining eligibility and the amount of benefits for the family investment program, refugee cash assistance, food assistance, Medicaid, state supplementary assistance and foster care assistance. Identifying information regarding these subjects is released to the BCIS. The information received may be used for eligibility and benefit determinations.

e. The department has entered into an agreement with the department of workforce development to provide services to family investment program clients participating in the PROMISE JOBS program as described at 441—Chapter 93. Information necessary to carry out these duties shall be shared with the department of workforce development, as well as with its subcontractors.

f. The department has entered into an agreement with the department of education, vocational rehabilitation, disability determination services, to assist with Medicaid disability determinations.

g. The department has entered into an agreement with the department of education to share information that assists both schools and department clients in carrying out the annual verification process required by the United States Department of Agriculture, Food and Nutrition Service. That federal agency requires the department of education and local schools to verify eligibility of a percentage of the households approved for free-meal benefits under the school lunch program. When a department office receives a written request from the local school, the department office responds in writing with the current family investment program and food assistance program status of each recipient of free meals listed in the request. Other client-specific information is made available only with written authorization from the client.

a. The department may disclose protected health information in the course of any judicial or administrative proceeding in response to an order of a court or administrative tribunal, provided that the department discloses only the protected health information expressly authorized by the order and the court makes the order knowing that the information is confidential.

b. When a court subpoenas information that the department is prohibited from releasing, the department shall advise the court of the statutory and regulatory provisions against disclosure of the information and shall disclose the information only on order of the court.
