

**ARCHITECTURAL EXAMINING BOARD[193B]**

**Adopted and Filed**

**Rulemaking related to rules of conduct**

The Architectural Examining Board hereby rescinds Chapter 4, “Rules of Conduct,” Iowa Administrative Code, and adopts a new chapter with the same title.

*Legal Authority for Rulemaking*

This rulemaking is adopted under the authority provided in Iowa Code chapters 17A and 272C and section 544A.29.

*State or Federal Law Implemented*

This rulemaking implements, in whole or in part, Iowa Code chapters 17A, 272C and 544A.

*Purpose and Summary*

This chapter provides licensees and citizens with the rules of conduct for architects who are practicing architecture, in order to protect the public health, safety, and welfare by ensuring safe structures.

*Public Comment and Changes to Rulemaking*

Notice of Intended Action for this rulemaking was published in the Iowa Administrative Bulletin on January 10, 2024, as **ARC 7438C**. Public hearings were held on January 30 and 31, 2024, at 11:50 a.m. at 6200 Park Avenue, Suite 100, Des Moines, Iowa, and virtually. No one attended the public hearings. No public comments were received. Paragraph 4.1(3)“a” has been changed to provide additional guidance regarding agreement of compensation.

*Adoption of Rulemaking*

This rulemaking was adopted by the Board on March 21, 2024.

*Fiscal Impact*

This rulemaking has no fiscal impact to the State of Iowa.

*Jobs Impact*

After analysis and review of this rulemaking, no impact on jobs has been found.

*Waivers*

Any person who believes that the application of the discretionary provisions of this rulemaking would result in hardship or injustice to that person may petition the Department of Inspections, Appeals, and Licensing for a waiver of the discretionary provisions, if any, pursuant to 481—Chapter 6.

*Review by Administrative Rules Review Committee*

The Administrative Rules Review Committee, a bipartisan legislative committee which oversees rulemaking by executive branch agencies, may, on its own motion or on written request by any individual or group, review this rulemaking at its [regular monthly meeting](#) or at a special meeting. The Committee’s meetings are open to the public, and interested persons may be heard as provided in Iowa Code section 17A.8(6).

*Effective Date*

This rulemaking will become effective on May 22, 2024.

The following rulemaking action is adopted:

ITEM 1. Rescind 193B—Chapter 4 and adopt the following **new** chapter in lieu thereof:

CHAPTER 4  
RULES OF CONDUCT

**193B—4.1(544A,17A) Rules of conduct.** Failure by a licensee to adhere to the provisions of Iowa Code sections 272C.10 and 544A.13 and the following rules of conduct is grounds for disciplinary action.

**4.1(1) Definition.** The following definition applies as used in Iowa Code chapter 544A and this chapter of the architectural examining board rules, unless the context otherwise requires.

*“Responsible charge”* means the amount of control over and detailed professional knowledge of the content of technical submissions during their preparation as is ordinarily exercised by a licensed architect applying the necessary professional standard of care, including but not limited to an architect’s integration of information from manufacturers, suppliers, installers; the architect’s consultants, owners, contractors; or other sources the architect reasonably trusts that is incidental to and intended to be incorporated into the architect’s technical submissions if the architect has coordinated and reviewed such information. Other review, or review and correction, of technical submissions after they have been prepared by others does not constitute the exercise of responsible charge because the reviewer has neither control over nor detailed professional knowledge of the content of such submissions throughout their preparation.

**4.1(2) Competence.**

*a.* In practicing architecture, an architect will act with reasonable care and competence and will apply the technical knowledge and skill that is ordinarily applied by architects of good standing practicing in the same locality.

*b.* While an architect may rely on the advice of other professionals (e.g., attorneys, engineers and other qualified persons) as to the intent and meaning of all applicable state and municipal building laws and regulations, once having obtained such advice, an architect will not knowingly design a project in violation of these laws and regulations.

*c.* An architect may perform professional services only when the architect, together with those whom the architect may engage as consultants, is qualified by education, training and experience in the specific technical areas involved.

*d.* No person is permitted to practice architecture if, in the board’s judgment upon receipt of medical testimony or evidence, the person’s professional competence is substantially impaired by physical or mental disabilities.

**4.1(3) Conflict of interest.**

*a.* An architect may accept compensation for services from more than one party on a project if the circumstances are fully disclosed to and agreed to in writing by all interested parties in advance of payment of such compensation.

*b.* If an architect has any business association or direct or indirect financial interest that is substantial enough to influence the architect’s judgment in connection with the architect’s performance of professional services, the architect will fully disclose, in writing, to the client or employer the nature of the business association or financial interest, and if the client or employer objects to the association or financial interest, the architect will either terminate such association or interest or offer to give up the commission or employment.

*c.* An architect may not solicit or accept compensation from material or equipment suppliers in return for specifying or endorsing the products.

*d.* When acting as the interpreter of building contract documents and the judge of contract performance, an architect will render decisions impartially, favoring neither party to the contract.

**4.1(4) Full disclosure.**

a. When making public statements on architectural questions, an architect will disclose when compensation is being received for making the statements.

b. An architect will accurately represent to a prospective or existing client or employer the architect's qualifications, capabilities, and experience and the scope of the architect's responsibility in connection with work for which the architect is claiming credit.

c. If, in the course of work on a project, an architect becomes aware of a decision taken by the employer or client against the architect's advice that violates applicable state or municipal building laws and regulations and that may, in the architect's judgment, adversely affect the safety to the public of the finished project, the architect will:

(1) Report the decision to the local building inspector or other public official charged with enforcement of the applicable state or municipal building laws and regulations,

(2) Refuse to consent to the decisions, and

(3) In circumstances where the architect reasonably believes that other decisions will be taken, notwithstanding the architect's objection, terminate the architect's services with reference to the project.

d. An architect will not deliberately make a materially false statement or deliberately fail to disclose a material fact requested in connection with application for licensure or renewal of license.

e. An architect will not assist the application for licensure of a person known by the architect to be unqualified in respect to education, training, experience or character.

f. An architect possessing knowledge of a violation of these rules by another architect will report the knowledge to the board.

**4.1(5) Compliance with laws.**

a. An architect will not, in the conduct of architectural practice, knowingly violate any state or federal criminal law. A "conviction" for purposes of this paragraph and Iowa Code section 544A.13 means a conviction of a felony related to the profession or occupation of the licensee or the conviction of any felony that would affect the licensee's ability to practice the profession of architecture and includes the court's acceptance of a guilty plea, a deferred judgment from the time of entry of the deferred judgment until the time the defendant is discharged by the court without entry of judgment, or other finding of guilt by a court of competent jurisdiction. A copy of the record of conviction, guilty plea, deferred judgment, or other finding of guilt is conclusive evidence. A licensed architect will notify the board of a conviction within 30 days of the conviction.

b. An architect will neither make nor offer to make any payment or gift to a government official (whether elected or appointed) with the intent of influencing the official's judgment in connection with a prospective or existing project in which the architect is interested.

c. An architect will comply with the licensing laws and regulations governing the architect's professional practice in any United States jurisdiction.

d. An Iowa-licensed architect will report to the board in writing any revocation, suspension, license denial, or other disciplinary action taken by a licensing authority in any other state or jurisdiction within 30 days of the final action.

**4.1(6) Professional conduct.**

a. Each office engaged in the practice of architecture will have an architect resident regularly employed in that office having responsible charge of such work or, in the situation of work performed remotely, immediately available to furnish assistance or direction throughout the performance of the work.

b. An architect may only sign or seal drawings, specifications, reports or other professional work for which the architect has direct professional knowledge and direct supervisory control; provided, however, that in the case of the portions of professional work prepared by the architect's consultants, licensed under this or another professional licensing law of this jurisdiction, the architect may sign or seal that portion of the professional work if the architect has reviewed that portion, has coordinated its preparation and intends to be responsible for its adequacy.

c. An architect will neither offer nor make any gifts to any public official with the intent of influencing the official's judgment in connection with a project in which the architect is interested.

Nothing in this rule will bar an architect from providing architectural services as a charitable contribution.

d. An architect will not engage in conduct involving fraud or wanton disregard of the rights of others.

e. Architects will adhere to the appropriate standards of conduct as outlined in the NCARB Model Rules of Conduct, dated July 2018, incorporated herein by reference.

**4.1(7) Seal and certificate of responsibility.**

a. The seal under Iowa Code section 544A.28 includes:

- (1) An outside circle with a diameter of approximately 1¼ inches.
- (2) The name of the licensed architect and the words “Licensed Architect”.
- (3) The Iowa license number and the word “Iowa”.
- (4) The seal will substantially conform to the samples shown below:

b. A legible rubber stamp, electronic image or other facsimile of the seal may be used.

c. Each technical submission submitted to a client or any public agency, hereinafter referred to as the official copy, will contain an information block on its first page or on an attached cover sheet with application of a seal by the architect in responsible charge and an information block with application of a seal by each professional consultant contributing to the technical submission. The seal and original signature will be applied only to a final technical submission. Each official copy of a technical submission will be stapled, bound or otherwise attached together so as to clearly establish the complete extent of the technical submission. Each information block will display the seal of the individual responsible for that portion of the technical submission. The area of responsibility for each sealing professional will be designated in the area provided in the information block, so that responsibility for the entire technical submission is clearly established by the combination of the stated seal responsibilities. The information block will substantially conform to the sample shown below:

S E A L	<p>I hereby certify that the portion of this technical submission described below was prepared by me or under my direct supervision and responsible charge. I am a duly licensed architect under the laws of the state of Iowa.</p> <hr/> <p style="text-align: center;">Signature <span style="float: right;">Date</span></p> <p>Printed or typed name _____</p> <p>License number _____</p> <p>My license renewal date is June 30, _____.</p> <p>Pages or sheets covered by this seal: _____</p> <p>_____</p> <p>_____</p> <p>_____</p>
---------	---

*d.* The information requested in each information block must be typed or legibly printed in permanent ink or a secure electronic signature. An electronic signature as defined in or governed by Iowa Code chapter 554D meets the signature requirements of this rule if it is protected by a security procedure, as defined in Iowa Code section 554D.103(14), such as digital signature technology. It is the licensee's responsibility to ensure, prior to affixing an electronic signature to a technical submission, that security procedures are adequate to (1) verify that the signature is that of a specific person and (2) detect any changes that may be made or attempted after the signature of the specific person is affixed. The seal implies responsibility for the entire technical submission unless the area of responsibility is clearly identified in the information accompanying the seal.

*e.* The architect who signed the original submission is responsible for forwarding copies of all changes and amendments to the technical submission, which becomes a part of the official copy of the technical submission, to the public official charged with the enforcement of the state, county, or municipal building code.

*f.* An architect is responsible for the custody and proper use of the seal. Improper use of the seal is grounds for disciplinary action.

*g.* The seal appearing on any technical submission establishes prima facie evidence that said technical submission was prepared by or under the responsible charge of the individual named on that seal.

**4.1(8) Communications.** An architect will, when requested, respond to communications from the board within 30 days of the mailing of such communication by certified mail. Failure to respond to such communication may be grounds for disciplinary action against the architect.

**4.1(9) Architectural Experience Program supervisor.** The Architectural Experience Program supervisor, formerly known as the Intern Development Program supervisor, will timely respond to a request to verify experience hours reported to the National Council of Architectural Registration Boards' Architectural Experience Program when requested by NCARB, the board, or a subordinate, associate, or intern who is, or has been, supervised by the Architectural Experience Program supervisor.

This rule is intended to implement Iowa Code chapters 17A and 544A.
