Notice of Intended Action

Proposing rule making related to foster family homes
and providing an opportunity for public comment

The Human Services Department hereby proposes to amend Chapter 113, “Licensing and Regulation of Foster Family Homes,” Iowa Administrative Code.

Legal Authority for Rule Making

This rule making is proposed under the authority provided in Iowa Code section 217.6.

State or Federal Law Implemented

This rule making implements, in whole or in part, Iowa Code section 217.6.

Purpose and Summary

The President signed the Bipartisan Budget Act of 2018, P.L. 115-123, into law on February 9, 2018. P.L. 115-123 includes the Families First Prevention Services Act (FFPSA) in Division E, Title VII. Section 50731 of the FFPSA directs the federal Department of Health and Human Services (HHS) to “identify reputable model licensing standards with respect to the licensing of foster family homes” (as defined in section 472(c)(1) of the Social Security Act). In response to this directive, the Children’s Bureau of HHS issued the National Model Foster Family Home Licensing Standards.

The proposed amendments pertain to the licensing and regulation of foster family homes and are required to align with the federal model licensing standards.

The following requirements are proposed to be added to the administrative rules:

- Applicants must be able to communicate with the licensing agency and health care and other service providers.
- At least one applicant in the home must have functional literacy; a level of reading, writing and calculation skills sufficient to function in the community in which an individual lives. An example for a foster parent would be to have the ability to read labels on medications in order to properly administer the medications to a child.
- Applicants and all household members must disclose any past or current mental health and/or substance abuse issues. The Department may require further documentation and/or evaluation to determine the suitability of the home.
- There must be at least one scheduled in-home, individual interview of each household member to observe family functioning and assess the family’s capacity to meet the needs of a child in foster care. The contracted agency will determine whether to interview or just observe each household member based on the household member’s age and development.
- All household members who are caregivers must have up-to-date whooping cough vaccines unless contrary to the person’s health.
- The contracted agency must obtain at least three references, including at least one from a relative and one from a nonrelative.
- The applicant’s home must meet the following standards concerning swimming pools, hot tubs and spas:
  o Swimming pools must have a barrier on all sides at least four feet high.
  o Swimming pools must have their methods of access through the barrier equipped with a safety device, such as a bolt lock.
  o Swimming pools must be equipped with a lifesaving device, such as a ring buoy.
  o If the swimming pool cannot be emptied after each use, the pool must have a working pump and filter system.
Hot tubs and spas must have safety covers that are locked when not in use.

The applicant’s home must meet the following standards concerning hazardous materials and first aid supplies:

- Applicants must prevent the child’s access, as appropriate for the child’s age and development, to all medications, poisonous materials, cleaning supplies, other hazardous materials and alcoholic beverages. All medications should be kept in a locked cabinet.
- Applicants must maintain first aid supplies as recommended by the American Red Cross.
- Assurances from applicants must be agreed upon including:
  - They will not use any corporal or degrading punishment on any child in the home.
  - They will not use any illegal substances, abuse alcohol by consuming it in excess amounts, or abuse legal prescription and nonprescription drugs by consuming them in excess amounts or using them contrary as indicated.

Weapons and ammunition must be separately stored, locked, unloaded and inaccessible to children. Currently, the rules require that weapons and firearms be maintained in a locked place such as a gun case. Federal requirements now specify the type of place and a list of weapons and ammunition that must be identified in the rule. The Model Licensing Standards were to be in effect April 1, 2019. The Department requested additional time from the federal Department of Health and Human Services (HHS) to implement the standards through administrative rules. Additional time was approved by HHS. The Department is moving forward with this rule making, since Iowa is out of compliance in several areas. Failure to meet the Model Family Home Foster Licensing Standards could result in the loss of Iowa’s IV-E federal funding.

**Fiscal Impact**

This rule making has no fiscal impact to the State of Iowa.

**Jobs Impact**

After analysis and review of this rule making, no impact on jobs has been found.

**Waivers**

Any person who believes that the application of the discretionary provisions of this rule making would result in hardship or injustice to that person may petition the Department for a waiver of the discretionary provisions, if any, pursuant to rule 441—1.8(17A,217).

Review by Administrative Rules Review Committee

The Administrative Rules Review Committee, a bipartisan legislative committee which oversees rule making by executive branch agencies, may, on its own motion or on written request by any individual or group, review this rule making at its regular monthly meeting or at a special meeting. The Committee’s meetings are open to the public, and interested persons may be heard as provided in Iowa Code section 17A.8(6).

The following rule-making actions are proposed:

ITEM 1. Amend 661—Chapter 278, title, as follows:

MILITARY SERVICE, AND VETERAN RECIPROCITY, AND SPOUSES OF ACTIVE DUTY SERVICE MEMBERS FOR FIRE EXTINGUISHING AND ALARM SYSTEMS CONTRACTORS AND INSTALLERS

ITEM 2. Adopt the following new definition of “Spouse” in rule 661—278.3(272C):

“Spouse” means a spouse of an active duty service member of the military forces of the United States.

ITEM 3. Amend rule 661—278.3(272C) as follows:

661—278.3(272C) Veteran and spouse of active duty service member reciprocity.

278.3(1) A veteran or a spouse with a fire protection or alarm system license in another jurisdiction may apply for licensure in Iowa through reciprocity, based on the reciprocity procedures for fire protection and alarm systems licensees as set out in the administrative rules in effect at the time that the military service application is made, and in compliance with any agreements with other jurisdictions regarding reciprocity. A fully completed licensure application submitted by a veteran or a spouse under this subrule is to be given priority and is expedited.

278.3(2) A licensure application shall contain all of the information required of all military service applicants for licensure who hold unrestricted licenses in other jurisdictions and who are applying for licensure by reciprocity. This information includes, but is not limited to, completion of all required forms, payment of applicable fees, disclosure of criminal or disciplinary history and, if applicable, a criminal history background check. In addition, the veteran applicant shall provide such documentation as is reasonably needed to verify the veteran’s applicant’s status as a veteran under Iowa Code section 35.1(2) or spouse of an active duty service member of the military forces of the United States.

278.3(3) Upon receipt of a fully completed licensure application, the division shall promptly determine if the licensing requirements of the jurisdiction where the veteran applicant is licensed are substantially equivalent to the licensing requirements in Iowa. The division shall make this determination based on information supplied by the veteran applicant and additional information the division may acquire from the applicable jurisdiction. The division may consider the following
factors in determining substantial equivalence: scope of practice, education and coursework, degree requirements, and postgraduate experiences.

278.3(4) The division shall promptly grant a license to the veteran applicant if the veteran applicant is licensed in the same or similar profession in another jurisdiction whose licensure requirements are substantially equivalent to the licensing requirements in Iowa, unless the veteran applicant is ineligible for licensure based on other grounds, such as the veteran's applicant's disciplinary or criminal history.

278.3(5) If the division determines that the licensing requirements of the jurisdiction in which the veteran applicant is licensed are not substantially equivalent to the licensing requirements in Iowa, the division shall promptly inform the veteran applicant of the additional experience, education, or examinations required for licensure in Iowa. Unless the veteran applicant is ineligible for licensure based on other grounds, such as disciplinary or criminal history, the following shall apply:

a. If the veteran applicant has not obtained the required certification for licensure, the veteran applicant may not be issued a provisional license but may request that the licensure application be placed in pending status for up to one year, or as mutually agreed upon, to provide the veteran applicant with the opportunity to satisfy the certification requirements.

b. If additional experience or education is required for the veteran applicant's qualifications to be considered substantially equivalent, the veteran applicant may request that the division issue a provisional license for a specified period of time, during which the veteran applicant will successfully complete the necessary experience or education. The division shall issue a provisional license for a specified period of time upon such conditions as the division deems reasonably necessary to protect the health, welfare, or safety of the public unless the division determines that the deficiency is of a character that the public health, welfare, or safety will be adversely affected if a provisional license is granted.

c. If a request for a provisional license is denied, the division shall notify the veteran applicant in writing, explaining the decision, and shall inform the veteran applicant of the steps the veteran applicant may take in order to receive a provisional license.

d. No change.

278.3(6) A veteran applicant who is aggrieved by the division's decision to deny an application for a reciprocal license or a provisional license or is aggrieved by the terms under which a provisional license will be granted may request a contested case (administrative hearing) and may participate in the contested case by telephone. A request for a contested case shall be made within 30 days of the issuance of the division's decision. There are no fees or costs assessed against the veteran applicant in connection with a contested case conducted pursuant to this subrule.

ITEM 4. Amend 661—Chapter 506, title, as follows:
MILITARY SERVICE, AND VETERAN RECIPROCITY, AND SPOUSES OF ACTIVE DUTY SERVICE MEMBERS FOR ELECTRICIANS AND ELECTRICAL CONTRACTORS

"Spouse" means a spouse of an active duty service member of the military forces of the United States.

A veteran or a spouse must pass any examinations required for licensure to be eligible for licensure through reciprocity. A fully completed application for licensure submitted by a veteran or a spouse under this subrule shall be given priority and shall be expedited.

506.3(2) An application shall contain all of the information required of all applicants for licensure who hold unrestricted licenses in other jurisdictions and who are applying for licensure by reciprocity, including, but not limited to, completion of all required forms, payment of applicable fees, disclosure of criminal or disciplinary histories and, if applicable, a criminal history background check. In addition, the applicant shall provide such documentation as is reasonably needed to verify the applicant’s status as a veteran under Iowa Code section 35.1(2) or spouse of an active duty service member of the military forces of the United States.

506.3(3) Upon receipt of a fully completed licensure application, the board shall promptly determine if the licensing requirements of the jurisdiction where the veteran applicant is licensed are substantially equivalent to the licensing requirements in Iowa. The board shall make this determination based on information supplied by the applicant and such additional information as the board may acquire from the applicable jurisdiction. The board may consider the following factors in determining substantial equivalence: scope of practice, education and coursework, degree requirements, and postgraduate experiences.

506.3(4) The board shall promptly grant a license to the veteran applicant if the veteran applicant is licensed in the same or similar profession in another jurisdiction whose licensure requirements are substantially equivalent to those required in Iowa, unless the applicant is ineligible for licensure based on other grounds, for example, the applicant’s disciplinary or criminal background.

506.3(5) If the board determines that the licensure requirements in the jurisdiction in which the veteran applicant is licensed are not substantially equivalent to those required in Iowa, the board shall promptly inform the veteran applicant of the additional experience, education, or examinations required for licensure in Iowa. Unless the applicant is ineligible for licensure based on other grounds, such as disciplinary or criminal background, the following shall apply:

a. If a veteran applicant has not passed the required examination(s) for licensure, the veteran applicant may not be issued a provisional license but may request that the application be placed in pending status for up to one year or as mutually agreed to provide the veteran applicant with the opportunity to satisfy the examination requirements.

b. to d. No change.

506.3(6) A veteran applicant who is aggrieved by the board’s decision to deny an application for a reciprocal license or a provisional license or is aggrieved by the terms under which a provisional license will be granted may request a contested case (administrative hearing) and may participate in a contested case by telephone. A request for a contested case shall be made within 30 days of issuance of the board’s decision. There shall be no fees or costs assessed against the military service applicant in connection with a contested case conducted pursuant to this subrule.

ECONOMIC DEVELOPMENT AUTHORITY [261]

Adopted and Filed

Rule making related to enhance Iowa board and CAT grants

Legal Authority for Rule Making

This rule making is adopted under the authority provided in Iowa Code section 15.106A.

State or Federal Law Implemented

This rule making implements, in whole or in part, Iowa Code chapter 15F and 2019 Iowa Acts, House File 305.

Purpose and Summary

2019 Iowa Acts, House File 305, amends portions of the Iowa Code that establish the Enhance Iowa Board, that establish the Board’s authority to adopt administrative rules, and that govern the allocation of Community Attraction and Tourism (CAT) funds.

House File 305 does three things. First, the legislation changes the duration of Board members’ terms from two-year terms to three-year terms. Second, the legislation strikes language that requires the Authority to adopt rules with the approval of the Enhance Iowa Board and makes it clear that the Enhance Iowa Board has the power to adopt administrative rules necessary to administer the programs established in Iowa Code chapter 15F, such as CAT and River Enhancement Community Attraction and Tourism (RECAT). Third, the legislation strikes language that allocates $100,000 of CAT funds for the purpose of marketing CAT projects. The funds previously allocated to marketing will now be available for CAT projects.

The legislation impacts rules in Chapter 211 and Chapter 214. The amendments adopted in this rule making make corresponding changes to bring the rules into conformity with the statute.

   b. The physician’s certification shall include a statement of the specific health care services and that the services can be provided in the individual’s own home. The certification shall be given on Form 470-0673, Physician’s Report, a form prescribed by the department or on a similar plan of care form presently used by public health agencies.
   c. and d. No change.

ITEM 2. Amend subrule 177.4(2) as follows:

177.4(2) Relationship to other programs. In-home health-related care shall be provided only when other existing programs cannot meet the client’s need. There shall be no duplication of services.

ITEM 3. Amend subrule 177.4(4) as follows:

177.4(4) Service plan. A complete service plan shall be prepared which includes the services needed, the plan for providing these services, and the health care plan defined in rule 441—177.6(249). The service plan shall be developed following consultation between the client’s service worker and case
manager to avoid all duplication of services. Consultation shall include current services provided to the client, payer sources, level of service needs, and service history.

ITEM 4. Amend subrule 177.4(10) as follows:
177.4(10) Application. Application for in-home health-related care shall be made on Form 470-2927 or 470-2927(S). Health Services Application, a form prescribed by the department. An eligibility determination shall be completed within 30 days from the date of the application, unless one or more of the following conditions exist:
   a. An application has been filed and is pending for federal supplemental security income benefits.
   b. The application is pending because the department has not received information, which is beyond the control of the client or the department.
   c. The application is pending due to the disability determination process performed through the department.
   d. The application is pending because Form 470-0636, Provider Agreement, the provider agreement has not been completed and completion is beyond control of the client. When Form 470-0636, Provider Agreement, cannot be completed due to the client’s failure to locate a provider, applications shall not be held pending beyond 60 days from the date of application.

ITEM 5. Amend subrule 177.5(2) as follows:
177.5(2) Health assessment. The provider shall obtain certification that the provider is physically and emotionally capable of providing assistance to another person who may have physical and emotional limitations.
   a. The certification shall be based on an examination performed by a physician or advanced registered nurse practitioner or by a physician assistant who is working under the direction of a physician. If the provider works for an agency, the practitioner performing the examination may not be employed by the same agency.
   b. The practitioner conducting the examination shall indicate the certification by signing Form 470-0672, Provider Health Assessment, the provider health assessment.
   c. The certification shall be submitted to the department service worker:
      (1) Before the provider agreement is signed, and
      (2) Annually thereafter.

ITEM 6. Amend subrule 177.6(3) as follows:
177.6(3) Review. The continuing need for in-home health care services shall be reviewed:
   a. At a minimum of every 60 days by the physician, including a written recertification of continuing appropriateness of the plan;
   b. At a minimum of every six months by the service worker, including a review of the total care plan and consultation with the client’s case manager to consider any change in the client’s payer sources, level of service needs, current services provided, and service history;
   c. At a minimum of every 60 days by the nurse who shall review the nursing plan; or
   d. More frequently if required by the physician, the service worker, or the nurse;
   e. Upon notification of initiation of waiver services.

ITEM 7. Amend subrule 177.9(3) as follows:
177.9(3) Provider agreement. The client and the provider shall enter into an agreement, using Form 470-0636, Provider Agreement, the provider agreement form, prior to the provision of service. Any reduction to the state supplemental assistance program shall be applied to the maximum amount paid by the department of human services as stated in the provider agreement by using Form 470-1999, Amendment the separate amendment to Provider Agreement, provider agreement form.

ITEM 8. Amend rule 441-177.11(249) as follows:

441—177.11(249) Termination. Termination of in-home health-related care shall occur under the following conditions:
   177.11(1) Request. Upon the request of the client or legal representative.
177.11(2) Care unnecessary. When the client becomes sufficiently self-sustaining to remain in the client’s own home with services that can be provided by existing community agencies as determined by the service worker.

177.11(3) Additional care necessary. When the physical or mental condition of the client requires more care than can be provided in the client’s own home as determined by the service worker.

177.11(4) Excessive costs. When the cost of care exceeds the maximum established in 177.4(3).

177.11(5) Other services utilized. When the service worker determines that other services can be utilized to better meet the client’s needs.

177.11(6) Terms of provider agreement not met. When it has been determined by the service worker that the terms of the provider agreement have not been met by the client or the provider, the state supplementary assistance payment may be terminated.

177.11(7) Qualified health care services absent. Qualified health care services are health care services supervised by a registered nurse and approved by a physician. When a registered nurse is not available to supervise the in-home service and health care plan, or when a physician or nurse practitioner is not available to review or approve the health care plan, the state supplementary assistance payment shall be terminated.

HUMAN SERVICES DEPARTMENT[441]

Adopted and Filed

Rule making related to aftercare amounts

Legal Authority for Rule Making

This rule making is adopted under the authority provided in Iowa Code section 234.46.

State or Federal Law Implemented

This rule making implements, in whole or in part, Iowa Code section 234.46.

Purpose and Summary

When Chapter 187 was recently amended, the new language was unclear. The Department believes there was an oversight when changes were made, and the result was that some participants may receive less financial support than was intended. This amendment corrects that error by clarifying that youth who previously received aftercare services may receive up to $300 per quarter in postservices funds, which was the intent of the original amendment. This is the amount available to each youth per the aftercare contract.

Public Comment and Changes to Rule Making

Notice of Intended Action for this rule making was published in the Iowa Administrative Bulletin on January 29, 2020, as ARC 4889C. No public comments were received. No changes from the Notice have been made.
Adoption of Rule Making

This rule making was adopted by the Council on Human Services on March 11, 2020.

Fiscal Impact

This rule making has no fiscal impact to the State of Iowa.

Jobs Impact

After analysis and review of this rule making, no impact on jobs has been found.

Waivers

Any person who believes that the application of the discretionary provisions of this rule making would result in hardship or injustice to that person may petition the Department for a waiver of the discretionary provisions, if any, pursuant to rule 441—1.8(17A,217).

Review by Administrative Rules Review Committee

The Administrative Rules Review Committee, a bipartisan legislative committee which oversees rule making by executive branch agencies, may, on its own motion or on written request by any individual or group, review this rule making at its regular monthly meeting or at a special meeting. The Committee’s meetings are open to the public, and interested persons may be heard as provided in Iowa Code section 17A.8(6).

Effective Date

This rule making will become effective on May 13, 2020.

The following rule-making action is adopted:

Amend subrule 187.3(7) as follows:

187.3(7) Postservices allowance. Youth 21 or 22 years of age who previously received aftercare services may receive postservices funds if they meet all of the following criteria:

a. The youth is participating in postservices as described in subrule 187.3(3).
b. A budget discussion has been completed timely by the youth with a self-sufficiency advocate.
c. The need has been identified in the individual self-sufficiency plan.
d. The postservices funds approved for the youth have not exceeded $600 for the previous 12-month period or $300 for a three-month period calculated from the date of initiation of postservices.

IOWA PUBLIC EMPLOYEES’ RETIREMENT SYSTEM[495]

Adopted and Filed

Rule making related to five-year review of rules

Legal Authority for Rule Making

This rule making is adopted under the authority provided in Iowa Code sections 97B.4 and 97B.15.

State or Federal Law Implemented

This rule making implements, in whole or in part, Iowa Code chapter 97B.

Purpose and Summary

This rule making is intended to conform rules with other rules and statutes or rescind rules that are outdated, redundant or inconsistent, or no longer in effect to meet the requirements of the statutory five-year review of rules for Chapters 11 to 15; to implement contribution rates for employers and regular and special service members beginning July 1, 2020; to reflect an Internal Revenue Service requirement verifying citizenship status; to add further clarity as to when a member’s first month of entitlement begins; to indicate that subrule 12.1(6) (renumbered as 12.1(4) herein) applies only to regular class members; to change the yearly multiplier to a quarterly multiplier as is current IPERS practice; to remove outdated language regarding average covered wages and clarify the way in which a computed year of wages is calculated; to strike obsolete language and add necessary language regarding vesting by service; to clarify that annual certifications of disability benefits are not necessary after a member meets IPERS normal retirement age; to provide for the trial work period as allowed by federal disability benefits; to acknowledge and reflect the reality that multiple medical appointments may not be able to be scheduled consecutively the same day and written notice will be the primary communication of appointment notification; to amend language to reflect current practice regarding precertification of medical eligibility for disability; to further delineate the continued requirements for qualification for special service disability benefits; to emphasize that IPERS designation of beneficiary forms may be filed online through the IPERS website; and to preserve and clearly state that the member receives the higher of two preretirement death benefit calculations. In addition, this rule making is intended to clarify that when there is no proper or valid beneficiary to whom a death benefit is to be paid, beneficiaries will be paid via the intestacy law of the State of Iowa; and to address the proper role of social security representative payees.

Public Comment and Changes to Rule Making

Notice of Intended Action for this rule making was published in the Iowa Administrative Bulletin on February 12, 2020, as ARC 4925C. A public hearing was held on March 5, 2020, at 9 a.m. at IPERS, 7401 Register Drive, Des Moines, Iowa. No one attended the public hearing. No public comments were received. Changes from the Notice have been made to correct cross references to reflect the restructuring of rules herein.

Adoption of Rule Making

This rule making was adopted by IPERS on March 20, 2020.

Fiscal Impact

IPERS’ enabling legislation requires employer and employee contribution rates for each member class to be updated every fiscal year.

Jobs Impact

After analysis and review of this rule making, IPERS believes the changes providing for the trial work period, as allowed by federal disability benefits, will positively impact disabled IPERS members returning to the workforce.
Waivers

Any person who believes that the application of the discretionary provisions of this rule making would result in hardship or injustice to that person may petition IPERS for a waiver of the discretionary provisions, if any.

Review by Administrative Rules Review Committee

The Administrative Rules Review Committee, a bipartisan legislative committee which oversees rule making by executive branch agencies, may, on its own motion or on written request by any individual or group, review this rule making at its regular monthly meeting or at a special meeting. The Committee’s meetings are open to the public, and interested persons may be heard as provided in Iowa Code section 17A.8(6).

Effective Date

This rule making will become effective on May 13, 2020.

The following rule-making actions are adopted:

ITEM 4. Adopt the following new paragraph 11.1(1)“g”:

g. An indication whether the member is a U.S. citizen, resident alien, or non-U.S. citizen.
ITEM 5. Amend paragraph 11.2(4)“a” as follows:
   a. Notwithstanding the foregoing, IPERS shall commence payment of a member’s retirement benefit under Iowa Code sections 97B.49A to 97B.491 (under Option 2) no later than the “required beginning date” specified under Internal Revenue Code Section 401(a)(9), even if the member has not submitted the application for benefits. If the lump sum actuarial equivalent could have been elected by the member, payments shall be made in such a lump sum rather than as a monthly allowance. The “required beginning date” is defined as the later of: (1) April 1 of the year following the year that the member attains the age of 70½, or (2) April 1 of the year following the year that the member actually terminates all employment with employers covered under Iowa Code chapter 97B.

ITEM 6. Amend subrule 11.3(1) as follows:
   11.3(1) General. A member shall submit a written application to IPERS setting forth the retirement date, provided the member has attained at least age 55 by the retirement date and the retirement date is after the member’s last day of service. A member’s first month of entitlement shall be no earlier than the first day of the first month after the member’s last day of service date of termination from employment or, if later, the month provided for under subrule 11.3(2). No payment shall be made for any month prior to the month the completed application for benefits is received by IPERS.

If a member files a retirement application but fails to select a valid first month of entitlement, IPERS will select by default the earliest month possible. A member may appeal this default selection by sending written notice of the appeal postmarked on or before 30 days after a notice of the default selection was mailed to the member. Notice of the default selection is deemed sufficient if sent to the member at the member’s address.

ITEM 7. Amend subrule 11.3(2) as follows:
   11.3(2) Additional FME provisions.

   a. Effective through December 31, 1992, the first month of entitlement of a member who qualifies for retirement benefits is the first month following the member’s date of termination or last day of leave, with or without pay, whichever is later.

   b. Effective January 1, 1993, the first month of entitlement of an employee who qualifies for retirement benefits shall be the first month after the employee is paid the last paycheck, if paid more than one calendar month after termination. If the final paycheck is paid within the month after termination, the first month of entitlement shall be the month following termination.

   c. Effective January 1, 2001, employees of a school corporation who are permitted by the terms of their employment contracts to receive their annual salaries in monthly installments over periods ranging from 9 to 12 months may retire at the end of a school year and receive trailing wages through the end of the contract year if they have completely fulfilled their contract obligations at the time of retirement. For purposes of this paragraph, “school corporation” means body politic described in Iowa Code sections 260C.16 (community colleges), 273.2 (area education agencies) and 273.1 (K-12 public schools). For purposes of this paragraph, “trailing wages” means previously earned wage payments made to such employees of a school corporation after the first month of entitlement. This exception does not apply to hourly employees, including those who make arrangements with their employers to hold back hourly wages for payment at a later date, to employees who are placed on sick or disability leave or leave of absence, or to employees who receive lump sum leave, vacation leave, early retirement incentive pay or any other lump sum payments in installments.

   For all employees of all IPERS-covered employers who terminate employment in January 2003, or later, if the final paycheck is paid within the same quarter or within one quarter after termination and wages are reported under the normal pay schedule, the first month of entitlement shall be the month following termination. However, if the last paycheck is paid more than one quarter after the termination, the first month of entitlement shall be the first month after the employee is paid the last paycheck. Under
no circumstances shall such trailing wages result in more than one quarter of service credit being added to retiring members’ earning records.

ITEM 8. Amend subrule 11.5(1) as follows:

11.5(1) Bona fide retirement—general. To receive retirement benefits, a member under the age of 70 must officially leave employment with all IPERS-covered employers, give up all rights as an employee, and complete a period of bona fide retirement. A period of bona fide retirement means four or more consecutive calendar months for which the member qualifies for monthly retirement benefit payments. The qualification period begins with the member’s first month of entitlement for retirement benefits as approved by IPERS. A member may not return to covered employment before filing a completed application for benefits. Notwithstanding the foregoing, the continuation of group insurance coverage at employee rates for the remainder of the school year for a school employee who retires following completion of services by that individual shall not cause that person to be in violation of IPERS’ bona fide retirement requirements.

A member will not be considered to have a bona fide retirement if the member is a school or university employee and returns to work with the employer after the normal summer vacation. In other positions, temporary or seasonal interruption of service which does not terminate the period of employment does not constitute a bona fide retirement. A member also will not be considered to have a bona fide retirement if the member has, prior to or during the member’s first month of entitlement, entered into verbal or written arrangements with the employer member’s former employer(s) to return to employment after the expiration of the four-month bona fide retirement period.

Effective July 1, 1990, a school employee will not be considered terminated if, while performing the normal duties, the employee performs for the same employer additional duties which take the employee beyond the expected termination date for the normal duties. Only when all the employee’s compensated duties cease for that employer will that employee be considered terminated.

The bona fide retirement period shall be waived for an elected official covered under Iowa Code section 97B.1A(8)“(a)”(1), and for a member of the general assembly covered under Iowa Code section 97B.1A(8)“(a)”(2), when the elected official or legislator notifies IPERS of the intent to terminate IPERS coverage for the elective office and, at the same time, terminates all other IPERS-covered employment prior to the issuance of the retirement benefit. Such an elected official or legislator may remain in the elective office and receive an IPERS retirement without violating IPERS’ bona fide retirement rules. If such elected official or legislator terminates coverage for the elective office and also terminates all other IPERS-covered employment but is then reemployed in covered employment, and has not received a retirement as of the date of hire, the retirement shall not be made. Furthermore, if such elected official or legislator is reemployed in covered employment, the election to revoke IPERS coverage for the elective position shall remain in effect, and the elected official or legislator shall not be eligible for new IPERS coverage for such elected position. The prior election to revoke IPERS coverage for the elected position shall also remain in effect if such elected official or legislator is reelected to the same position without an intervening term out of office.

The bona fide retirement period will be waived if the member has been elected to public office which term begins during the normal four-month bona fide retirement period. This includes elected officials who shall be covered under this chapter as defined in Iowa Code section 97B.1A. This waiver does not apply if the member was an elected official who was reelected to the same position for another term.

Effective July 1, 2000, a member does not have a bona fide retirement until all employment with covered employers, including employment which is not covered under this chapter, is terminated for at least one month, and the member does not return to covered employment for an additional three months. In order to receive retirement benefits, the member must file a completed application for benefits before returning to any employment with a covered employer.

Effective July 1, 2018, a member will not have a bona fide retirement if the member enters into a verbal or written arrangement to perform duties for the member’s former employer(s) as an independent contractor prior to or during the member’s first month of entitlement or performs any duties for the
member’s former employer(s) as an independent contractor prior to receiving four months of retirement benefits.

ITEM 9. Rescind subrule 11.5(2).

ITEM 10. Renumber subrules 11.5(3) to 11.5(5) as 11.5(2) to 11.5(4).

ITEM 11. Amend renumbered subrule 11.5(2) as follows:

11.5(2) Bona fide refund. For a member to be eligible for a lump sum refund, the member must terminate the member’s covered employment and incur a bona fide separation from service and remain out of employment for at least 30 days with all covered employers. The 30-day bona fide refund period shall be waived for an elected official covered under Iowa Code section 97B.1A(8)“a”(1), and for a member of the general assembly covered under Iowa Code section 97B.1A(8)“a”(2), when the elected official or legislator notifies IPERS of the intent to terminate IPERS coverage for the elective office and, at the same time, terminates all other IPERS-covered employment prior to the issuance of the refund. Such an official may remain in the elective office and receive an IPERS refund without violating IPERS’ bona fide refund rules. If such elected official terminates coverage for the elective office and also terminates all other IPERS-covered employment but is then reemployed in covered employment, and has not received a refund as of the date of hire, the refund shall not be made. Furthermore, if such elected official is reemployed in covered employment, the election to revoke IPERS coverage for the elective position shall remain in effect, and the public official shall not be eligible for new IPERS coverage for such elected position.

The prior election to revoke IPERS coverage for the elected position shall also remain in effect if such elected official is reelected to the same position without an intervening term out of office. The waiver granted in this subrule shall be applicable to such elected officials who were in violation of the prior bona fide refund rules on and after November 1, 2002, when such individuals have not repaid the previously invalid refund.

If a member takes a refund in violation of the bona fide refund requirements of Iowa Code section 97B.53(4), the member may return the refund during the bona fide retirement period and restore the member’s account. If the repayment is not made, the member shall receive no credit for the period covered by the refund. At retirement, the member may purchase, at actuarial cost, the service credit covered by the refund.

ITEM 12. Amend rule 495—11.7(97B) as follows:

495—11.7(97B) Overpayment of IPERS benefits.

11.7(1) and 11.7(2) No change.

11.7(3) Overpayment made to a person other than a retired member. A recipient other than a retired member, except a recipient listed in subrule 11.7(4) 11.5(2), shall receive written notice of overpayment, including the reason for the overpayment, the amount of the overpayment, and the opportunity to repay the overpayment in full without interest. If such a recipient repays an overpayment in full within 30 days after the date of the notice, there will be no interest charge. If such a recipient cannot repay an overpayment in full within 30 days after the date of the notice, interest shall be charged. If repayment in full cannot be made within 30 days, such a recipient shall make repayment arrangements subject to IPERS’ approval within 30 days of the written notice and request for repayment.

If the overpayment recipient cannot be located to receive notice of the overpayment at the recipient’s last-known address, IPERS shall, after trying to locate the person, consider the recipient to have waived entitlement to the quarters covered by the refund.

11.7(4) Overpayment made to a person who violates a bona fide severance period. If a recipient takes a refund and does not complete the required period of severance, the recipient shall receive a written notice of overpayment, including the reason for the overpayment, the amount of the overpayment, and the opportunity to repay the overpayment in full without interest. The recipient shall have 30 days after the date of notice to repay the full amount of the refund without interest. If the repayment is not made within 30 days after the date of notice, the person shall receive no credit for the period of employment covered by the refund and shall be required to buy back the refund at its actuarial cost if the member...
later decides that the member wants service credit for any portion of the period of employment covered by the refund.

11.7(4) Interest charges.
   a. Overpayment not fraudulent. If the overpayment of benefits, other than an overpayment that results from a violation described in subrule 11.7(4) 11.5(2), was not the result of wrongdoing, negligence, misrepresentation, or omission of the recipient, the recipient is liable to pay interest charges at the rate of 5 percent, or the rate IPERS determines, on the outstanding balance, beginning 30 days after the date of notice of the overpayment(s) is provided by IPERS.
   b. Overpayments in violation of Iowa Code section 97B.40 or 715A.8. If the overpayment of benefits, other than an overpayment that results from a violation described in subrule 11.7(4) 11.5(2), was the result of wrongdoing, negligence, misrepresentation, or omission of the recipient, the recipient is liable to pay interest charges at the rate of 7 percent on the outstanding balance, beginning on the date of the overpayment(s).
   c. Overpayments that result in a judgment. In addition to other remedies, IPERS may file a civil action to recover overpayments, and the interest rate may be set by the court.

11.7(5) Recovery of overpayment from a deceased recipient. If a recipient dies prior to the full repayment of an erroneous overpayment of benefits, IPERS shall be entitled to apply to the estate of the deceased to recover the remaining balance.

11.7(6) Offsets against amounts payable. IPERS may, in addition to other remedies and after notice to the recipient, request an offset against amounts owing to the recipient by the state according to the offset procedures pursuant to Iowa Code sections 8A.504 and 421.17.

11.7(7) Rights of appeal. A recipient who is notified of an overpayment and required to make repayments under this rule may appeal IPERS’ determination in writing to the CEO or CEO’s designee. The written request must explain the basis of the appeal and must be received by IPERS’ office within 30 days of overpayment notice pursuant to 495—Chapter 26.

11.7(8) Release of overpayment. IPERS may release a recipient from liability to repay an overpayment, in whole or in part, if IPERS determines that the receipt of overpayment is not the fault of the recipient, and that it would be contrary to equity and good conscience to collect the overpayment. No release of an individual recipient’s obligation to repay an overpayment shall stand as precedent for release of another recipient’s obligation to repay an overpayment.

ITEM 13. Amend subrule 12.1(2), catchwords, as follows:

12.1(2) Reduction for early retirement for regular class members.

ITEM 14. Amend subrule 12.1(3), catchwords, as follows:

12.1(3) Early retirement date for regular class members.

ITEM 15. Rescind subrules 12.1(4) and 12.1(5).

ITEM 16. Renumber subrules 12.1(6) and 12.1(7) as 12.1(4) and 12.1(5).

ITEM 17. Amend renumbered subrule 12.1(4) as follows:

12.1(4) Benefit formulas for members retiring on or after July 1, 1994 2012.
   a. For each active member retiring on or after July 1, 1994 2012, with four or more complete years of member status, the benefit formula will be equal to one-twelfth of an amount equal to 60 percent of the three-year average covered wage multiplied by a fraction of years of service.
   b. For all active and inactive members, the monthly retirement allowance shall be determined on the basis of the formula in effect on the date of the member’s retirement. If the member takes early retirement, the benefit shall be adjusted as provided in subrule 12.1(2).
   c. Effective July 1, 1996, through June 30, 1998, in addition to the 60 percent multiplier identified above, regular class members who retire with years of service in excess of 30 years shall have the percentage multiplier increased by 0.25 percent for each quarter of a year in excess of their “applicable years,” 30, not to exceed an increase of 5 percent. For regular members, “applicable years” means 30 years; for protection occupation members, “applicable years” means 25 years; for sheriffs, deputy sheriffs, and airport firefighters, “applicable years” means 22 years.
d. In addition to the 60 percent multiplier identified above, protection occupation members, sheriffs, and deputy sheriffs who retire with years of service in excess of 22 years shall have the percentage multiplier increased by .375 percent for each quarter of a year in excess of 22, not to exceed an increase of 12 percent.

d. Effective July 1, 1998, sheriffs, deputy sheriffs, and airport firefighters who retire with years of service in excess of their applicable years shall have their percentage multiplier increased by 1.5 percent for each year in excess of their applicable years, not to exceed an increase of 12 percent.

e. Effective July 1, 2000, the “applicable years” and increases in the percentage multiplier for years in excess of the applicable years for protection occupation members shall be determined under Iowa Code section 97B.49B(1), as set forth in paragraph “f” below.

f. For special service members covered under Iowa Code section 97B.49B, the applicable percentage and applicable years for members retiring on or after July 1, 2000, shall be determined as follows:

1. For each member retiring on or after July 1, 2000, and before July 1, 2001, 60 percent plus, if applicable, an additional .25 percent for each additional quarter of eligible service beyond 24 years of service (the “applicable years”), not to exceed 6 additional percentage points;

2. For each member retiring on or after July 1, 2001, and before July 1, 2002, 60 percent plus, if applicable, .25 percent for each additional quarter of eligible service beyond 23 years of service (the “applicable years”), not to exceed a total of 7 additional percentage points;

3. For each member retiring on or after July 1, 2002, and before July 1, 2003, 60 percent plus, if applicable, .25 percent for each additional quarter of eligible service beyond 22 years of service (the “applicable years”), not to exceed a total of 8 additional percentage points;

4. For each member retiring on or after July 1, 2003, 60 percent plus, if applicable, an additional .375 percent for each additional quarter of eligible service beyond 22 years of service (the “applicable years”), not to exceed a total of 12 additional percentage points.

f. Regular service does not count as “eligible service” in determining a special service member’s applicable percentage.

ITEM 18. Amend renumbered subrule 12.1(5) as follows:

12.1(5) Average covered wages for special service members and for wages of regular class members prior to July 2012.

a. “Three-year average covered wage” means a member’s covered calendar year wages averaged for the highest three years of the member’s service. However, if a member’s final quarter of a year of employment does not occur at the end of a calendar year, for the member’s final year of wages, IPERS may determine the wages for the third year by computing the final quarter or quarters of wages to complete the year. The computed year will be created when the final quarter or quarters reported are combined with a computed average quarter to complete the last year. The value of this average quarter will be computed by selecting the highest covered wage year not used in the computation of the three high years and dividing the covered salary by four quarters. This value will be combined with the final quarter or quarters to complete a full calendar year. If the member’s final quarter of wages will reduce the three-year average covered wage, it can be dropped from the computation. However, if the covered wages for that quarter are dropped, the service credit for that quarter will be forfeited as well. If the final quarter is the first quarter of a calendar year, those wages must be used in order to give the member a computed year. The computed year wages shall not exceed the Internal Revenue Service maximum covered wage in effect for that calendar year. Furthermore, for members whose first month of entitlement is January of 1999 or later, the computed year shall not exceed the member’s highest actual calendar year of covered wages by more than 3 percent. Effective July 1, 2007, a member’s high three-year average wage shall be the greater of (1) the member’s high three-year average covered wage based on covered wages reported through June 30, 2007; or (2) the member’s high three-year average covered wage after application of the antispiking control as described in paragraph (e) of 12.1(5) “b” below.

For members whose first month of entitlement is January 1995 or later, a full third year will be created when the final quarter or quarters reported are combined with a computed average quarter to complete
the last year. The value of this average quarter will be computed by selecting the highest covered wage year not used in the computation of the three high years and dividing the covered salary by four quarters. This value will be combined with the final quarter or quarters to complete a full calendar year. If the member’s final quarter of wages will reduce the three-year average covered wage, it can be dropped from the computation. However, if the covered wages for that quarter are dropped, the service credit for that quarter will be forfeited as well. If the final quarter is the first quarter of a calendar year, those wages must be used in order to give the member a computed year. The three-year average covered wage cannot exceed the highest maximum covered wages in effect during the member’s service.

If the three-year average covered wage of a member who retires on or after January 1, 1997, and before January 1, 2002, exceeds the limits set forth in paragraph “b” below, the longer period specified in paragraph “b” shall be substituted for the three-year averaging period described above. No quarters from the longer averaging period described in paragraph “b” shall be combined with the final quarter or quarters to complete the last year.

b. For the persons retiring during the period beginning January 1, 1997, and ending December 31, 2001, the three-year average covered wage shall be computed as follows:

(1) For a member who retires during the calendar year beginning January 1, 1997, and whose three-year average covered wage at the time of retirement exceeds $48,000, the member’s covered wages averaged for the highest four years of the member’s service or $48,000, whichever is greater.

(2) For a member who retires during the calendar year beginning January 1, 1998, and whose three-year average covered wage at the time of retirement exceeds $52,000, the member’s covered wages averaged for the highest five years of the member’s service or $52,000, whichever is greater.

(3) For a member who retires during the calendar year beginning January 1, 1999, and whose three-year average covered wage at the time of retirement exceeds $55,000, the member’s covered wages averaged for the highest six years of the member’s service or $55,000, whichever is greater.

(4) For a member who retires on or after January 1, 2000, but before January 1, 2001, and whose three-year average covered wage at the time of retirement exceeds $65,000, the member’s covered wages averaged for the highest six years of the member’s service or $65,000, whichever is greater. For the calendar year beginning January 1, 2001, the six-year wage averaging trigger shall be increased to $75,000.

(5) Effective January 1, 2002, the computation of average covered wages shall be as provided in paragraph 12.1(7)“a.”

For purposes of paragraph 12.1(7)“b.” the highest years of the member’s service shall be determined using calendar years and may be determined using one computed year. The computed year shall be calculated in the manner and subject to the restrictions provided in paragraph 12.1(7)“a.”

\[ \text{Antispiking limit on the growth of a member’s high three-year average.} \]

(1) to (6) No change.

d. Effective July 1, 2012, a nonvested regular class member’s average covered wage shall be the member’s five-year average covered wage calculated as provided in Iowa Code section 97B.1A(10A)“a.”

The “five-year average covered wage” means a member’s covered calendar year wages averaged for the highest five years of the member’s service. However, in the member’s final year of wages, IPERS may determine the wages for the fifth year by computing the final quarter or quarters of wages to complete the year. The computed year wages shall not exceed the Internal Revenue Service maximum covered wage in effect for that calendar year. Furthermore, the computed year shall not exceed the member’s highest actual calendar year of covered wages by more than 3 percent. A full fifth year will be created when the final quarter or quarters reported are combined with a computed average quarter to complete the last year. The value of this average quarter will be computed by selecting the highest covered wage year not used in the computation of the five high years and dividing the covered salary by four quarters. This value
will be combined with the final quarter or quarters of wages to complete a full calendar year. If the member’s final quarter of wages will reduce the five-year average covered wage, it can be dropped from the computation. However, if the covered wages for that quarter are dropped, the service credit for that quarter will be forfeited as well. If the final quarter is the first quarter of a calendar year, those wages must be used in order to give the member a computed year. The five-year average covered wage cannot exceed the highest Internal Revenue Service maximum covered wages in effect during the member’s service. In addition, the average five-year salary is restricted to an antispiking limit of 134 percent of the highest sixth year of wages.

ITEM 19. Amend subrule 12.2(1) as follows:

12.2(1) The initial monthly benefit for the retired member will be calculated utilizing the wages that have been reported as of the member’s retirement and subject to the requirements of subrule 12.1(2) 12.1(5). When the final quarter(s) of wages is reported for the retired member, a recalculation of benefits will be performed by IPERS to redetermine the member’s benefit amount. In cases where the recalculation determines that the benefit will be changed, the adjustment in benefits will be made retroactive to the first month of entitlement. The wages for the “computed year” shall not exceed the highest covered wage ceiling in effect during the member’s period of employment.

ITEM 20. Rescind rule 495—12.3(97B).

ITEM 21. Renumber rules 495—12.4(97B) to 495—12.10(97B) as 495—12.3(97B) to 495—12.9(97B).

ITEM 22. Amend renumbered paragraph 12.3(5)“c” as follows:

c. If the sum of the percentages obtained exceeds the applicable percentage multiplier for that member, the percentage obtained above for each class of service shall be subject to reduction so that the total shall not exceed the member’s applicable percentage multiplier in the order specified in paragraph 12.4(3)“c.” 12.3(3)“c.”

ITEM 23. Amend renumbered subrule 12.4(1) as follows:

12.4(1) For each member who is vested prior to July 1, 2012, and is retiring prior to July 1, 2012, with less than four complete years of service, not vested by service as defined in Iowa Code section 97B.1A(25) “d.” a monthly annuity shall be determined by applying the total reserve member and employer’s accumulated contributions as of the effective retirement date (plus any retirement dividends standing to the member’s credit on December 31, 1966) to the annuity tables in use by the system according to the member’s age (or member’s and contingent annuitant’s ages, if applicable). If the member’s retirement occurs before January 1, 1995, IPERS’ revised 6.50 percent tables shall be used. If the member’s retirement occurs after December 31, 1994, IPERS’ 6.75 percent tables shall be used. If the member’s retirement occurs after December 31, 2009, IPERS’ 7.50 percent tables shall be used. If the member’s retirement occurs after December 31, 2019, IPERS’ 7.00 percent tables shall be used.

ITEM 24. Amend renumbered subrule 12.4(2) as follows:

12.4(2) For each vested member for whom the present value of future benefits under Option 2 is less than the member reserve as of the effective retirement date, a monthly annuity shall be determined by applying the member reserve to the annuity tables in use by the system according to the member’s age (or member’s and contingent annuitant’s ages, if applicable). If the member’s retirement occurs before January 1, 1995, IPERS’ revised 6.50 percent tables shall be used. If the member’s retirement occurs after December 31, 1994, IPERS’ 6.75 percent tables shall be used.

ITEM 25. Rescind renumbered subrule 12.4(3).

ITEM 26. Renumber subrules 12.4(4) and 12.4(5) as 12.4(3) and 12.4(4).

ITEM 27. Amend renumbered subrule 12.4(3) as follows:

12.4(3) For calculations under subrule 12.5(4) 12.4(1), Options 2, 3, 4, 5 and 6 shall be calculated by dividing the member’s total reserve by the applicable Option 2, 3, 4, 5 or 6 annuity factor taken from the system’s tables to determine the monthly amount. For calculations under subrule 12.6(2) 12.4(2),
Options 2, 3, 4, 5 and 6 shall be calculated by dividing the member reserve by the applicable Option 2, 3, 4, 5 or 6 annuity factor taken from the system’s tables to determine the monthly amount.

ITEM 29. Renumber subrule 12.4(7) as 12.4(5).

ITEM 30. Recind renumbered subrule 12.6(1).

ITEM 31. Renumber subrules 12.6(2) to 12.6(7) as 12.6(1) to 12.6(6).

ITEM 32. Amend renumbered subrule 12.6(5) as follows:

12.6(5) Limit on reductions. For a member who has substantial non-covered employment, the application of the level payment choice factors shall reduce the monthly amount payable to a member at least 50 percent of the monthly amount that would have been payable under IPERS Option 2. Accordingly, payments before age 62 to such members shall be reduced in the same manner, with the corresponding adjustments made to death benefits.

ITEM 33. Amend renumbered subrule 12.7(1) as follows:

12.7(1) Effective July 1, 1998, the monthly benefit payments for a member under the age of 65 who has a bona fide retirement and is then reemployed in covered employment shall be reduced by 50 cents for each dollar the member earns in excess of the annual limit. Effective July 1, 2002, this reduction is not required until the member earns the amount of remuneration permitted for a calendar year for a person under the age of 65 before a reduction in federal social security retirement benefits is required, or earns $30,000, whichever is greater. The foregoing reduction shall apply only to IPERS benefits payable for the applicable year that the member has reemployment earnings and after the earnings limit has been reached. Said reductions shall be applied as provided in subrule 12.8(2) 12.7(2).

Effective January 1, 1991, this earnings limitation does not apply to covered employment as an elected official. A member aged 65 or older who has completed at least four full calendar months of bona fide retirement and is later reemployed in covered employment shall not be subject to any wage-earning disqualification.

ITEM 34. Amend renumbered subrule 12.7(2), introductory paragraph, as follows:

12.7(2) Beginning on or after July 1, 1996, the retirement allowance of a member subject to reduction pursuant to subrule 12.8(1) 12.7(1) shall be reduced as follows:

ITEM 35. Amend renumbered subrule 12.7(4) as follows:

12.7(4) In recomputing a retired member’s monthly benefit, IPERS shall use the following assumptions.

a. The member cannot change the option or beneficiary with respect to the reemployment period.

b. If the member would only qualify for a money purchase benefit under rule 495—12.5(97B) based solely on the period of reemployment, then the money purchase formula shall be used to compute the additional benefit amount due to the reemployment.

c. If the member would qualify for a non-money purchase retirement allowance based solely on the period of reemployment, the benefit formula in effect as of the first month of entitlement (FME) for the reemployment period shall be used. If the FME is July 1998 or later, and the member has more than 30 years of service, including both original and reemployment service, the percentage multiplier for the reemployment period only will be at the applicable percentage (up to 65 percent) for the total years of service.

d. If a period of reemployment would increase the monthly benefit a member is entitled to receive, the member may elect between the increase and a refund of the employee and employer contributions without regard to reemployment FME.

e. If a member previously elected IPERS Option 1, is eligible for an increase in the Option 1 monthly benefits, and elects to receive the increase in the member’s monthly benefits, the member’s Option 1 death benefit shall also be increased if the investment is at least $1,000. The amount of the increase shall be at least the same percentage of the maximum death benefit permitted with respect to the reemployment as the percentage of the maximum death benefit elected at the member’s original
retirement. In determining the increase in Option 1 death benefits, IPERS shall round up to the nearest $1,000. For example, if a member’s investment for a period of reemployment is $1,900 and the member elected at the member’s original retirement to receive 50 percent of the Option 1 maximum death benefit, the death benefit attributable to the reemployment shall be $1,000 (50 percent times $1,900, rounded up to the nearest $1,000). Notwithstanding the foregoing, if the member’s investment for the period of reemployment is less than $1,000, the benefit formula for a member who originally elected new IPERS Option 1 shall be calculated under IPERS Option 3.

f. A retired reemployed member whose reemployment FME precedes July 1, 1998, shall not be eligible to receive the employer contributions made available to retired reemployed members under Iowa Code section 97B.48A(4) effective July 1, 1998.

g. If a member requests a return of the employee and employer contributions made during a period of reemployment and have the service credit for the period of reemployment restored.

h. If a retired reemployed member selected IPERS Option 5 at retirement, and after the period of reemployment requests an increase in the member’s monthly allowance, at death all remaining guaranteed payments with respect to both periods of employment shall be paid in a commuted lump sum.

i. If a retired reemployed member selected IPERS Option 2 (or old IPERS Option 1) at retirement, and after the period of reemployment requests an increase in the member’s monthly allowance, at death the member’s monthly payments following the increase shall be prorated between the member’s two annuities to determine the amount of the member’s remaining accumulated contributions that may be paid as a death benefit.

j. A retired reemployed member who has attained the age of 70 may take an actuarial equivalent (AE) payment. However, such a member must terminate covered employment for at least 30 days before taking an additional AE payment.

Item 36. Amend renumbered subrule 12.8(3) as follows:

12.8(3) An AE payment under this rule shall be equal to the sum of the member’s and employer’s accumulated contributions and the retirement dividends standing to the member’s credit before December 31, 1966.

Item 37. Amend subrule 13.1(1) as follows:

13.1(1) For IPERS regular class members retiring because of a disability:

a. The member must be awarded federal social security benefits due to a disability which existed on or before the member’s first month of entitlement.

b. Effective July 1, 1990, the member may also qualify for the IPERS disability provision by being awarded, and commencing to receive, disability benefits through the federal Railroad Retirement Act, 45 U.S.C. Section 231 et seq., due to a disability which existed at the time of retirement.

c. The period for which up to 36 months of retroactive payments under Iowa Code section 97B.50(2) shall be paid is for up to 36 months preceding the month in which such completed application for IPERS disability is received by IPERS. In no event shall retroactive disability benefits payments under Iowa Code section 97B.50(2) precede the month the member actually receives the member’s first social security or railroad retirement disability payment. The member shall provide IPERS with a copy of the Social Security Administration or railroad retirement award letter showing dates of eligibility.

d. Continued qualification monitoring.

(1) For a member retiring due to a disability under Iowa Code section 97B.50(2), on or after July 1, 2009, the member shall provide IPERS with proof of continuing eligibility for federal social security disability benefits or railroad retirement disability benefits by June 30 of each calendar year, in order to continue qualification for IPERS disability benefits.

(2) For a member retiring due to a disability under Iowa Code section 97B.50A, the member shall provide IPERS complete copies of the member’s state and federal income tax returns, including all supporting schedules, by June 30 of each calendar year, in order to continue qualification for IPERS disability benefits.
IPERS shall suspend the disability benefits of any member if the records required under these subparagraphs are not timely provided.

(2) The annual certification of continued eligibility for federal social security disability benefits or railroad retirement disability benefits is not required as of the calendar year the member reaches normal retirement age as defined by Iowa Code section 97B.45, or for special service members aged 55, or sheriffs and deputies aged 50 with 22 years of service.

ITEM 38. Amend subrule 13.1(2) as follows:

13.1(2) If a member returns to covered employment after achieving a bona fide retirement, and is no longer eligible for social security or railroad disability benefits, the benefits being provided to the member under Iowa Code section 97B.50(2) “a” or “b” shall be suspended or reduced as follows. If the member has not attained the age of 55 upon reemployment, benefit payments shall be suspended in their entirety until the member subsequently terminates employment, applies for, and is approved to receive benefits under the provisions of Iowa Code chapter 97B. If the member has attained the age of 55 or older upon reemployment, the member shall continue to receive monthly benefits adjusted as follows. Monthly benefits shall be calculated under the same benefit option that was first selected, based on the member’s age, years of service, and the applicable reductions for early retirement as of the month that the member returns to covered employment. The suspension or reduction of benefits for returning to covered employment no longer applies as of the calendar year the member reaches normal retirement age, as defined by Iowa Code section 97B.45, or for special service members aged 55, or sheriffs and deputies aged 50 with 22 years of service. The member’s benefit shall also be subject to the applicable provisions of Iowa Code section 97B.48A pertaining to reemployed retired members.

ITEM 39. Amend subrule 13.2(3) as follows:

13.2(3) Scheduling of appointments. Upon receipt and forwarding of the application and sufficient medical records to the medical board, the disability retirement benefits officer shall establish an appointment for the applicant to be seen by the medical board in Iowa City. The member shall be notified by telephone and in writing of the appointment, and shall be given general instructions about where to go for the examinations. The appointment for the examinations shall be no later than 60 days after the completed application, including sufficient medical records, is provided. All examinations must be scheduled and completed on the same date. The member shall also be notified about the procedures to follow for reimbursement of travel expenses and lodging. Fees for physical examinations and medical records costs shall be paid directly by IPERS pursuant to its contractual arrangements with the medical providers required to implement Iowa Code section 97B.50A.

ITEM 40. Amend subrule 13.2(8) as follows:

13.2(8) General benefits provisions. Effective July 1, 2000, if an initial disability determination is favorable, benefits shall begin as of the date of the initial disability determination or, if earlier, the member’s last day on the payroll, but no more than six months of retroactive benefits are payable, subject to Iowa Code section 97B.50A(13). “Last day on the payroll” shall include any form of authorized leave time, whether paid or unpaid. If a member receives short-term disability benefits from the employer while awaiting a disability determination hereunder, disability benefits will accrue from the date the member’s short-term disability payments are discontinued. If an initial favorable determination is appealed, the member shall continue to receive payments pending the outcome of the appeal.

Any member who is awarded disability benefits under Iowa Code section 97B.50A and this rule shall be eligible to elect any of the benefit options available under Iowa Code section 97B.51. All such options shall be the actuarial equivalent of the lifetime monthly benefit provided in Iowa Code section 97B.50A(2) and (3).

The disability benefits established under this subrule shall be eligible for the favorable experience dividends payable under Iowa Code section 97B.49F(2).

If the award of disability benefits is overturned upon appeal, the member may be required to repay the amount already received or, upon retirement, have payments suspended or reduced until the appropriate amount is recovered.
IPERS shall, at the member’s written request, precertify a member’s medical eligibility through the procedures set forth in subrules 13.2(3) and 13.2(4), provided that IPERS shall have full discretion to request additional medical information and to redetermine the member’s medical eligibility if the member chooses not to apply for disability benefits at the time of the precertification. IPERS shall not pay for the costs of more than one such precertification per 12-month period.

ITEM 41. Amend subrule 13.2(13) as follows:

13.2(13) Reemployment/income monitoring. A member who retires under Iowa Code section 97B.50A and this rule shall be required to supply a copy of a complete set of the member’s state and federal income tax returns, including all supporting schedules, by June 30 of each calendar year, in order to continue qualification for IPERS special service disability benefits. IPERS may suspend the benefits of any such member if such records are not timely provided. This subrule does not apply to a member who is at least 55 years of age and would have completed 22 years of service if the member had remained in active special service employment.

Only wages and self-employment income shall be counted in determining a member’s reemployment comparison amount, as adjusted for health care coverage for the member and member’s dependents.

ITEM 42. Amend rule 495—14.1(97B) as follows:

495—14.1(97B) Internal Revenue Code limitations. The death benefits payable under Iowa Code sections 97B.51 and 97B.52 shall not exceed the maximum amount possible under Internal Revenue Code Section 401(a)(9).

To ensure that the limit is not exceeded, a member’s combined lump sum death benefit under Iowa Code sections 97B.52(1) and 97B.52(2) shall not exceed 100 times the Option 2 amount that would have been payable to the member at the member’s earliest normal retirement age. If a beneficiary of a special service member is eligible for an in-the-line-of-duty death benefit, any reduction required under this rule shall be taken first from a death benefit payable under Iowa Code section 97B.52(1). The “100 times” limit shall apply to active and inactive members. The death benefits payable under this chapter for a period of reemployment for a retired reemployed member who dies during the period of reemployment shall also be subject to the limits described in this rule.

The maximum claims period for IPERS lump sum death benefits shall not exceed the period required under Internal Revenue Code Section 401(a)(9), which may be less than five years for a member who dies after the member’s required beginning date, unless the beneficiary is a spouse. The claims period for all cases in which the member’s death occurs during the same calendar year in which a claim must be filed under this rule shall end April 1 of the year following the year of the member’s death.

A member’s beneficiary or heir may file a claim for previously forfeited death benefits. Interest, if any, for periods prior to the date of the claim will only be credited through the quarter that the death benefit was required to be forfeited by law. Interest for periods following the quarter of forfeiture will accrue beginning with the quarter that the claim for reinstatement is received by IPERS. For death benefits required to be forfeited in order to satisfy Section 401(a)(9) of the federal Internal Revenue Code, in no event will the forfeiture date precede January 1, 1988. IPERS shall not be liable for any excise taxes imposed by the Internal Revenue Service on reinstated death benefits.

Effective January 14, 2004, all claims for a previously forfeited death benefit shall be processed under the procedure set forth at rule 495—14.13(97B) 495—14.6(97B).

The system recognizes the validity of same gender marriages executed in Iowa on or after April 27, 2009, if the domestic relations order or other assignment otherwise meets the system’s minimum requirements for such orders; the system shall modify the tax treatment of distributions under such orders as required by the federal laws governing such distributions. IPERS shall adopt such rules and procedures as are deemed necessary to fully implement the provisions of this rule. The Iowa Supreme Court decision recognizing same gender marriages in Iowa specifically states that this recognition does not extend to same gender marriages of other states. The system recognizes the validity of same gender marriages based on the U.S. Supreme Court’s decision in United States v. Windsor, 133 S.Ct. 2675 (2013) and the
direction of Rev. Rul. 2013-17 and IRS Notice 2014-19. IPERS shall recognize the federal tax treatment of distributions as required by the sources listed in this paragraph.

ITEM 43. Amend subrule 14.3(1) as follows:

14.3(1) Designation of beneficiaries. To designate a beneficiary, the member must complete an IPERS designation of beneficiary form, which must be filed with IPERS. Members may also designate their beneficiary through the IPERS website. The designation of a beneficiary by a retiring member on the application for monthly benefits revokes all prior designation of beneficiary forms. IPERS may consider as valid a designation of beneficiary form filed with the member’s employer prior to the death of the member, even if that form was not forwarded to IPERS prior to the member’s death. If a retired member is reemployed in covered employment, the most recently filed beneficiary form shall govern the payment of all death benefits for all periods of employment. Notwithstanding the foregoing sentence, a reemployed IPERS Option 4 or 6 retired member may name someone other than the member’s contingent annuitant as beneficiary, but only for lump sum death benefits accrued during the period of reemployment and only if the contingent annuitant has died or has been divorced from the member before or during the period of reemployment unless a qualified domestic relations order (QDRO) directs otherwise. If a reemployed IPERS Option 4 or 6 retired member dies without filing a new beneficiary form, the death benefits accrued for the period of reemployment shall be paid to the member’s contingent annuitant, unless the contingent annuitant has died or been divorced from the member. If the contingent annuitant has been divorced from the member, any portion of the lump sum death benefits awarded in a QDRO shall be paid to the contingent annuitant as alternate payee, and the remainder of the lump sum death benefits shall be paid to the member’s estate or, if applicable, to the member’s heirs if no estate is probated.

ITEM 44. Amend subrule 14.3(3) as follows:

14.3(3) Change of beneficiary. The beneficiary may be changed by the member by filing a new designation of beneficiary form with IPERS. Members may also change their beneficiary through the IPERS website. The latest dated designation of beneficiary form on file shall determine the identity of the beneficiary. Payment of a refund to a terminated member cancels the designation of beneficiary on file with IPERS.

ITEM 45. Amend rule 495—14.4(97B) as follows:

495—14.4(97B) Applications for death benefits. Before death benefit payments can be made, application in writing must be submitted to IPERS with a copy of the member’s death certificate, or if a death certificate cannot be obtained, IPERS may rely on such resources as it has available, including but not limited to records from the Social Security Administration, bureau of health statistics, IPERS’ own internal records, or reports derived from other public records, and other departmental or governmental records to which IPERS may have access together with information establishing the claimant’s right to payment. A named beneficiary must complete an IPERS application for death benefits based on the deceased member’s account. If the claimant’s claim is based on dissolution of marriage that revoked the IPERS beneficiary designation, the claim must be processed pursuant to rule 495—14.17(97B) 495—14.16(97B).

ITEM 46. Amend rule 495—14.6(97B) as follows:

495—14.6(97B) Payment of the death benefit when no designation of beneficiary or an invalid designation of beneficiary form is on file. When no designation of beneficiary or an invalid designation of beneficiary form is on file with IPERS, payment shall be made in one of the following ways.

14.6(1) Where the estate is open, payment shall be made to the administrator or executor where said executor or administrator shall be duly appointed and serving under Iowa Code chapter 633 or 635.

14.6(2) Where no estate is probated or the estate is closed prior to the filing with IPERS of an application for death benefits, payment will be made to the surviving spouse. The following documents shall be presented as supporting evidence in accordance with the intestacy laws of the state of Iowa. If someone other than those identified pursuant to the intestacy laws of the state of Iowa claims entitlement
to a death benefit, an estate must be opened and the death benefit shall be payable to the administrator or executor of the estate.

a. Copy of the will, if any;

b. Copy of any letters of appointment; and

c. Copy of the court order closing the estate and discharging the executor or administrator.

14.6(3) Where no estate is probated or the estate is closed prior to the filing with IPERS of an application for death benefits and there is no surviving spouse, payment will be made to the heirs-at-law as determined by the intestacy laws of the state of Iowa.

14.6(4) Where a trustee has been named as designated beneficiary and is not willing to accept the death benefit or otherwise serve as trustee, IPERS may apply but is not required to apply to the applicable district court for an order to distribute the funds to the clerk of court on behalf of the beneficiaries of the member’s trust. Upon the issuance of an order and the giving of such notice as the court prescribes, IPERS may deposit the death benefit with the clerk of court for distribution. IPERS shall be discharged from all liability upon deposit with the clerk of court.

ITEM 47. Rescind rule 495—14.12(97B) and adopt the following new rule in lieu thereof:

495—14.12(97B) Preretirement death benefits.

14.12(1) Death prior to first month of entitlement. Where an active member, or an inactive member vested by service, dies prior to the first month of entitlement, the lump sum death benefit shall be the greater of the amount provided in subrule 14.12(3) or 14.12(4). Sole beneficiaries may elect, in lieu of the lump sum amount, to receive a single life annuity that is the actuarial equivalent of such lump sum amount. Where an inactive member, not vested by service, dies prior to the first month of entitlement, the lump sum death benefit shall be as provided in subrule 14.12(7).

14.12(2) Death benefits under Iowa Code section 97B.52(1).

a. Definitions.

“Accrued benefit” means the monthly amount that would have been payable to the deceased member under IPERS Option 2 at the member’s earliest normal retirement age, based on the member’s covered wages and service credits at the date of death. If a deceased member’s wage record consists of a combination of regular and special service credits, the monthly amount that would have been payable to the deceased member under Option 2 at the member’s earliest normal retirement age shall be determined separately for regular and special service credits, and then combined.

“Nearest age” means a member’s or beneficiary’s age expressed in whole years, after rounding for partial years of age. Ages shall be rounded down to the nearest whole year if less than six complete months have passed following the month of the member’s or beneficiary’s last birthday, and shall be rounded up if six complete months or more have passed following the month of the member’s or beneficiary’s last birthday.

b. Process for applying.

(1) A claim for a single life annuity under this subrule must be filed as follows:

1. A nonspouse beneficiary must file a claim for a single life annuity within 12 months of the member’s death.

2. A beneficiary who is a surviving spouse must file a claim for a single life annuity within 12 months of the member’s death, or by the date that the member would have attained the age of 72, whichever period is later.

(2) Elections to receive the lump sum amount or single life annuity shall be irrevocable once the first payment is made.

(3) No further benefits will be payable following the death of any beneficiary who qualifies and elects to receive the single life annuity provided under this subrule.

(4) The provisions of this subrule shall not apply to members who died before January 1, 2001.

14.12(3) Accumulated contributions lump sum benefit. An accumulated contribution lump sum death benefit is equal to the accumulated contributions of the member plus the product of an amount equal to the highest year of covered wages of the deceased member and the number of years of membership service divided by the “applicable denominator,” as provided in Iowa Code section
97B.52(1)“a.” The calculation of the highest year of covered wages shall use the highest calendar year of covered wages reported to IPERS.

14.12(4) Present value lump sum. A lump sum death benefit equal to the present value of the member’s accrued benefit is calculated as follows:

a. IPERS shall calculate a member’s retirement benefit at earliest normal retirement age under IPERS Option 2, based on the member’s covered wages and service credits at the date of death and the retirement benefit formula in effect in the month following the date of death.

b. For purposes of determining the “member date of death annuity factor” under the conversion tables supplied by IPERS’ actuary, IPERS shall assume that “age” means the member’s nearest age at the member’s date of death.

c. For purposes of determining the “member unreduced retirement annuity factor” under the conversion tables supplied by IPERS’ actuary, IPERS shall assume that “age” means the member’s nearest age at the member’s earliest normal retirement date. If a member had already attained the member’s earliest normal retirement date, IPERS shall assume that “age” means the member’s nearest age at the date of death.

14.12(5) Single life annuity benefit. Procedures and assumptions for converting the actuarial equivalent of a lump sum death benefit to a single life annuity are as follows:

a. For purposes of determining the “age of beneficiary annuity factor” under the conversion tables supplied by IPERS’ actuary, IPERS shall assume that “age” means the beneficiary’s nearest age as of the beneficiary’s first month of entitlement.

b. A beneficiary’s first month of entitlement is the month after the date of the member’s death.

c. Effective for claims filed after June 30, 2004, no retroactive payments of the single life annuity shall be made under this subrule.

d. Effective for claims filed after June 30, 2004, the beneficiary whose single life annuity is less than $600 per year shall be able to receive only the lump sum payment under this rule.

e. Any sole beneficiary who is eligible for and elects to receive a single life annuity under this subrule shall also qualify for the favorable experience dividend (FED) payments authorized under rule 495—15.2(97B), subject to the requirements of that rule.

14.12(6) Retired reemployed members and aged 70 members who retire without terminating employment. Preretirement death benefits for retired reemployed members and aged 70 members who retire without terminating employment shall be calculated as follows:

a. For beneficiaries of such members who elect IPERS Option 4 or 6 at retirement, IPERS shall recomput (for retired reemployed members) or recalculate/recompute (for aged 70 members who retired without terminating employment) the member’s monthly benefits as though the member had elected to terminate employment as of the date of death, to have the member’s benefits adjusted for postretirement wages, and then lived into the recomputation or recalculation/recomputation (as applicable) first month of entitlement.

b. The recomputation provided under paragraph 14.12(6)”a” shall apply only to beneficiaries of members who elected IPERS Option 4 or 6, where the member’s monthly benefit would have been increased by the period of reemployment, and is subject to the limitations of Iowa Code sections 97B.48A, 97B.49A, 97B.49B, 97B.49C, 97B.49D, and 97B.49G. The recalculation/recomputations provided under paragraph 14.12(6)”a” shall apply only to beneficiaries of members who elected IPERS Option 4 or 6, where the member’s monthly benefit would have been increased by the period of employment after the initial retirement, and is subject to the limitations of Iowa Code sections 97B.49A, 97B.49B, 97B.49C, 97B.49D, and 97B.49G. In all other cases, including cases where members previously received a lump sum payment under Iowa Code section 97B.48(1) in lieu of a monthly retirement allowance, preretirement death benefits under this paragraph shall be the lump sum amount equal to the accumulated employee and accumulated employer contributions.

c. Beneficiaries of members who had elected IPERS Option 4 or 6 may also elect to receive the accumulated employer and accumulated employee contributions described in paragraph 14.12(6)”b” in lieu of the increased monthly annuity amount. Notwithstanding paragraph 14.12(6)”b” above, if the member elected IPERS Option 5 at retirement, the lump sum amount payable under this paragraph shall
be the greater of the applicable commuted lump sum or the accumulated employee and accumulated employer contributions.

14.12(7) Inactive member, not vested by service death benefit.

a. For deaths occurring after June 30, 2004, and before July 1, 2012, for inactive members who have less than 16 quarters of service credit, preretirement death benefits shall be provided solely under Iowa Code section 97B.52(1) “a,” and shall only be payable in lump sum amounts. For purposes of this paragraph, an inactive member is a member as defined under Iowa Code section 97B.1A(12).

b. For deaths occurring after June 30, 2012, preretirement death benefits shall be provided solely under Iowa Code section 97B.52(1) “a” and shall only be payable in lump sum amounts for inactive members who are not vested by service. For purposes of this paragraph, an inactive member is a member as defined under Iowa Code section 97B.1A(12).

ITEM 49. Renumber rules 495—14.14(97B) to 495—14.17(97B) as 495—14.13(97B) to 495—14.16(97B).

ITEM 50. Amend renumbered rule 495—14.16(97B) as follows:

495—14.16(97B) Beneficiary revocation pursuant to Iowa Code section 598.20B, dissolution of marriage. IPERS is not liable for the payment of death benefits to a beneficiary pursuant to a beneficiary designation that has been revoked or reinstated by a divorce, annulment, or remarriage before IPERS receives the written notice set forth in subrule 14.17(1) 14.16(1). Furthermore, IPERS shall only be liable for payments made after receipt of such written notice if the written notice is received at least ten calendar days prior to the payment.

14.16(1) and 14.16(2) No change.

14.16(3) Administration. Upon receipt of written notice that meets the requirements of subrules 14.17(1) 14.16(1) and 14.17(2) 14.16(2):

a. to d. No change.

14.16(4) No change.

ITEM 51. Amend rule 495—20.1(97B) as follows:

495—20.1(97B) Recognition of agents.

20.1(1) Recognition of agents in general. When a member or beneficiary desires to be represented by an agent before the system, the member or beneficiary shall designate in writing, using a power of attorney form or other acceptable legal form, the name of a representative and the nature of the business the representative is authorized to transact. Other acceptable legal form can be a guardianship, conservatorship, other similar court order that appoints an agent to act upon behalf of a member or beneficiary, or social security representative payee documents for the individual so designated. An agent can be an institution or facility acting upon the member’s or beneficiary’s behalf. Such designation on the part of the member or beneficiary shall constitute for IPERS sufficient proof of the acceptability of the individual to serve as the member’s or beneficiary’s agent.

20.1(2) Payment to members or beneficiaries with a recognized agent. When it appears that the interest of a member or beneficiary would be served, IPERS may recognize an agent to represent the member or beneficiary in the transaction of the affairs with IPERS. Recognition may be obtained through the filing with IPERS of a copy of the guardianship, trusteeship, power of attorney, conservatorship, other similar court order which appoints an agent to act upon behalf of a member or beneficiary, or social security representative payee documents by the individual so designated. Such persons, agents have all the rights and obligations of the member or beneficiary unless the document creating the agency relationship limits this authority as it pertains to the system. Notwithstanding the foregoing, none of the foregoing representatives, no agent shall have the right to name the representative agent as the member’s or beneficiary’s beneficiary unless approved to do so by a court having jurisdiction of the matter, or unless expressly authorized to do so in a power of attorney executed by the member or beneficiary.
20.1(3) Revocation or suspension of power of attorney. Any person serving as an agent by power of attorney under this rule can have the agency relationship rescinded by the member or beneficiary by notifying IPERS verbally or in writing. A power of attorney shall be suspended and given no effect when the system receives written proof of the appointment of a guardian, conservator, or court order that appoints an agent to act upon behalf of the member or beneficiary. The power of attorney shall be reinstated when the system receives written proof that a guardianship, conservatorship, or court order appointing an agent no longer exists, has expired, or is invalid.

20.1(4) Revocation of other representative agents. Any person, institution, or facility serving as a representative an agent under a guardianship, or conservatorship, or social security representative payee may not be have its agency relationship revoked unless by court order or notice from the social security administration in writing.

20.1(5) Social security representative payees. The system shall accept the federal social security administration’s appointment of a person, facility, or institution to act upon a member’s or beneficiary’s behalf only with regard to the deposit of system benefits. The appointment of a person, facility, or institution by the federal social security administration shall be suspended and given no effect when the system receives written proof of the appointment of a guardian, conservator, or court order that appoints an agent to act upon behalf of the member or beneficiary. A power of attorney or court order will take precedence over the federal social security administration’s appointment of a person, facility, or institution to act upon a member’s or beneficiary’s behalf.

20.1(6) Agent standards. A person, facility, or institution serving in the capacity of an agent shall act in the best interests of the member or beneficiary. Payments made to the agent on behalf of the member or beneficiary will be used for the direct benefit of the member or beneficiary. The failure to serve in the best interests of the member or beneficiary will cause discontinuance of the agency relationship and may serve as the basis for legal action by IPERS, the member, or the beneficiary.

PUBLIC HEALTH DEPARTMENT[641]

Adopted and Filed

Rule making related to volunteer health care provider program

Legal Authority for Rule Making

This rule making is adopted under the authority provided in Iowa Code section 135.24.

State or Federal Law Implemented

This rule making implements, in whole or in part, Iowa Code section 135.24.

Purpose and Summary

A quality improvement (QI) group was formed to evaluate the Volunteer Health Care Provider Program (VHCPP). The group consists of representatives from the Department, the Boards of Medicine and Nursing, and the Dental Board and representatives from Free Clinics of Iowa. These amendments are an outcome of this QI process.

These amendments streamline the program administration without adding additional risk to the State for its role in providing legal representation for VHCPP participants in the event of a claim. These amendments:

1. Update the definition of “health care facility” to reflect current terminology.
2. Include new definitions for “license,” “permanent site” and “temporary site.”
3. Change the individual volunteer health care provider eligibility application and agreement. The changes focus on licensing the provider applicant for those practices for which the provider is licensed and which are covered in subrule 88.5(1) as allowable activities. The requirement to identify a particular clinic in the provider agreement is removed since that requirement is not included in the Iowa Code. An individual clinic that will use the individual volunteer health care provider services will have to check the provider VHCPP agreement to ensure that the services align with the clinic’s VHCPP-covered services.
4. Change the protected clinic eligibility requirements as follows:
   - The clinic shall provide a list of providers only when the Department asks for one. It is anticipated that this request will be made when a claim is filed for a service provided at the clinic.
   - The clinic will only be covered for services provided by providers under the categories noted in rule. The Department does not need to have the list, because it changes. It is the responsibility of the clinic to track this for the clinic’s own protection.
5. Change the rule for the sponsor entities and protected clinics as follows:
   - The requirement that the application include the exact days and times of service provision is removed. The liability coverage will be for one hour prior to the provision of covered services through one hour after the provision of covered services and will be noted in the VHCPP agreement.
   - A requirement to identify a site as a permanent site or temporary site is added. This change informs a subsequent rule on the length of agreements and how an acknowledgment and approval process for identified changes in the locations of temporary sites would be handled differently from a change in the location of a permanent site, which would necessitate an agreement amendment.
6. Revise the terms of agreement as follows:
   - The length of the agreement is changed from two years to five years to lessen the administrative burden.
   - How the Department will handle changes to temporary sites versus how it will handle changes to permanent sites for approvals and amendments to VHCPP agreements is specified.

The various criteria may not have the same importance in each instance, and other factors may present themselves in the consideration of an application for a license. The criteria are not listed in order of priority. After the initial consideration for issuing a license, applicable criteria need only be considered when an applicant has demonstrated a deficiency.

1.7(1) Compliance. The commission will consider whether or not the applicant is and has been in compliance with the terms and conditions specified in Iowa Code section 99D.9 or 99F.4. The commission will also consider whether the proposed facility is in compliance with applicable state and local laws regarding fire, health, construction, zoning, and other similar matters.

The commission will consider whether the proposed operation would ensure that gaming is and sports wagering are conducted with a high degree of integrity in Iowa and that the officers, directors, partners, or shareholders of the operation are of good repute and moral character. The commission shall decide what weight and effect evidence about an officer, director, partner, or shareholder should have in the determination of whether there is substantial evidence that the individual is not of good reputation and character. For the purposes of this chapter, the term “directors” shall also include managers of limited liability companies and the term “shareholders” shall also include members of limited liability companies.

      (2) All correspondence between the licensee and any of its customers who are applicants or licensees under Iowa Code chapter 99E.
      (3) Financial records of all transactions with players and all other licensees under these regulations.
   b. Record retention. The records listed in paragraph 14.14(2) “a” shall be retained as required by 491—subrule 5.4(14).

14.14(3) Violation of laws or regulations. Violation of any provision of any laws of the state or of the United States of America or of any rules of the commission may constitute an unsuitable method of operation, subjecting the licensee to limiting, conditioning, restricting, revoking or suspending the license, or fining the licensee, or any combination of the above. The commission has the discretion to suspend fantasy sports contest operations of its licensees by written order if necessary.

These rules are intended to implement Iowa Code chapters 99D, 99E and 99F.

Rule making related to updates to federal regulations

Legal Authority for Rule Making

This rule making is adopted under the authority provided in Iowa Code sections 307.12, 321.188, 321.449 and 321.450.

State or Federal Law Implemented

This rule making implements, in whole or in part, Iowa Code sections 307.27, 321.188, 321.449 and 321.450.
The amendments are part of the regular, annual update by the Department to adopt the most recent updates to the federal regulations published by the Federal Motor Carrier Safety Administration (FMCSA) and the Pipeline and Hazardous Materials Safety Administration (PHMSA).

Iowa Code section 321.188 requires the Department to adopt rules to administer commercial driver’s licenses in compliance with certain portions of 49 Code of Federal Regulations (CFR) Part 383.

Iowa Code section 321.449 requires the Department to adopt rules consistent with the Federal Motor Carrier Safety Regulations (FMCSR) promulgated under United States Code, Title 49, and found in 49 CFR Parts 385 and 390 to 399.

Iowa Code section 321.450 requires the Department to adopt rules consistent with the Federal Hazardous Materials Regulations (HMR) promulgated under United States Code, Title 49, and found in 49 CFR Parts 107, 171 to 173, 177, 178 and 180.

Commercial vehicles transporting goods in interstate commerce are subject to the FMCSR on the effective dates specified in the Federal Register (FR). Commercial vehicles transporting hazardous materials in interstate commerce or transporting certain hazardous materials intrastate are subject to the HMR on the effective dates specified in the FR. The adoption of the federal regulations by the Department will extend the enforcement of the regulations to commercial vehicles operated intrastate unless exempted by statute.

The amendments to Chapter 520 adopt the current CFR dated October 1, 2019, for 49 CFR Parts 107, 171, 172, 173, 177, 178, 180, 385 and 390 to 399.

The amendment to Chapter 529 adopts the current CFR dated October 1, 2019, for 49 CFR Parts 365 to 368 and 370 to 379.

The amendment to Chapter 607 adopts the current CFR dated October 1, 2019, for certain portions of 49 CFR Part 383.

Proposed federal regulations are published in the FR to allow a period for public comment, and after adoption, the final regulations are published in the FR.

To ensure the consistency required by statute, the Department adopts the specified parts of 49 CFR as adopted by the United States Department of Transportation.

The following paragraphs provide a specific description of the amendments to the FMCSR and the HMR that have become final and effective since the 2018 edition of the CFR and that affect Chapters 520, 529 and 607:

Amendments to the FMCSR and Federal HMR

Parts 171-173, 178 and 180 (FR Vol. 83, No. 216, Pages 55792-55811, 11-7-18)
This final rule amends the HMR in response to 19 petitions for rule making submitted by the regulated community to update, clarify, streamline, or provide relief from various HMR. By adopting these deregulatory amendments, the PHMSA is allowing more efficient and effective ways of transporting hazardous materials in commerce while maintaining an equivalent level of safety. Effective date: December 7, 2018.

Parts 107 and 171 (FR Vol. 83, No. 228, Pages 60733-60754, 11-27-18)
This final rule amends the HMR in accordance with the federal Civil Penalties Inflation Adjustment Act to apply the 2018 inflation adjustment to civil penalty amounts. A civil penalty may be imposed under federal law on persons violating federal Department of Transportation regulations, including persons who knowingly violate the HMR. Effective date: November 27, 2018.

Part 390 (FR Vol. 83, No. 233, Pages 62505-62508, 12-4-18)
This final rule extends the compliance date of the May 27, 2015, final rule titled “Lease and Interchange of Vehicles; Motor Carriers of Passengers,” from January 1, 2019, to January 1, 2021. This extension of the compliance date was necessary to provide the FMCSA time to consider all comments raised regarding this rule making. Effective date: January 1, 2021.

Part 383 (FR Vol. 83, No. 245, Pages 65564-65571, 12-21-18)
This final rule amends FMCSA regulations to allow states the option of issuing a commercial learner’s permit (CLP) with an expiration date of up to one year from the date of initial issuance. This rule making
TRANSPORTATION DEPARTMENT[761](cont’d)

simply codifies an exemption previously granted by FMCSA to state driver’s licensing agencies allowing them to issue a CLP with an expiration date of one year. Effective date: February 19, 2019.

Part 367 (FR Vol. 83, No. 248, Pages 67124-67131, 12-28-18)
This final rule amends FMCSA regulations to reduce the annual registration fees collected from motor carriers, motor private carriers of property, brokers, freight forwarders, and leasing companies for the Unified Carrier Registration Plan and Agreement for the registration years 2019, 2020 and thereafter as set forth in the regulation. Effective date: December 28, 2018.

Part 107 (FR Vol. 84, No. 31, Pages 3993-4001, 02-14-19)
This final rule amends the HMR to align with the federal Office of Management and Budget’s uniform administrative requirements, cost principles and audit requirements for federal grants, including the hazardous materials grants program and the hazardous materials emergency preparedness grant. Effective date: March 18, 2019.

Part 385 (FR Vol. 84, No. 130, Pages 32323-32326, 07-08-19)
This final rule revises FMCSA regulations relating to hazardous material safety permits to incorporate by reference the April 1, 2018, edition of the Commercial Vehicle Safety Alliance’s guidance related to out-of-service criteria for commercial highway vehicles transporting transuranic (uranium) materials and highway route-controlled quantities of radioactive materials. The out-of-service criteria provide uniform enforcement tolerances for roadside inspections to enforcement personnel nationwide. Effective date: July 8, 2019.

Part 383 (FR Vol. 84, No. 141, Pages 35335-35339, 07-23-19)
This final rule amends FMCSA regulations to revise the list of offenses permanently disqualifying a person from operating a commercial motor vehicle to include a felony conviction for using a commercial motor vehicle while committing an offense involving a severe form of human trafficking. This regulation change will also require a change to the list of disqualifying offenses in Iowa Code section 321.208 to implement the requirement, and the Department is proposing to amend that Code section during the 2020 Iowa Legislative Session. Effective date: September 23, 2019. Compliance date: September 23, 2022.

Parts 107 and 171 (FR Vol. 84, No. 147, Pages 37059-37079, 07-31-19)
This final rule amends the HMR in accordance with the federal Civil Penalties Inflation Adjustment Act to apply the 2019 inflation adjustment to civil penalty amounts. A civil penalty may be imposed under federal law on persons violating federal Department of Transportation regulations, including persons who knowingly violate the HMR. Effective date: July 31, 2019.

Part 390 (FR Vol. 84, No. 157, Pages 40272-40296, 08-14-19)
This final rule narrows the applicability of the May 27, 2015, final rule titled “Lease and Interchange of Vehicles; Motor Carriers of Passengers,” by excluding certain contracts and other agreements between motor carriers of passengers that have active passenger carrier operating authority registrations with FMCSA from the definition of “lease” and the associated regulatory requirements. For passenger carriers that remain subject to the leasing and interchange requirements, FMCSA returns the bus marking requirement to its July 1, 2015, requirement, but with the slight modification to add references to leased vehicles. FMCSA also revises the exception for the delayed writing of a lease during certain emergencies and removes the 24-hour lease notification requirement from the regulations. Effective date: October 15, 2019.

Part 395 (FR Vol. 84, No. 177, Pages 48077-48081, 09-12-19)
This final rule amends FMCSA regulations applicable to restart provisions for hours of service of drivers of property-carrying commercial motor vehicles. The amendments removed provisions requiring that a 34-hour restart include two periods between 1 a.m. and 5 a.m. and limiting use of restart to once every 168 hours. In a series of federal appropriations acts, Congress suspended these provisions, pending completion of a study comparing the effects of the restart provisions both prior to and after the regulation change. The study found that there were no statistically significant benefits from the restart rule, and thus, the rules were voided by Congress. This amendment merely removes the voided requirement from the regulations. Effective date: September 12, 2019.

This final rule amends FMCSA regulations by making technical changes to correct inadvertent errors and omissions, remove or update obsolete references, and improve the clarity and consistency of certain regulatory provisions. Effective date: September 30, 2019.

Public Comment and Changes to Rule Making

Notice of Intended Action for this rule making was published in the Iowa Administrative Bulletin on February 12, 2020, as ARC 4895C. No public comments were received.

However, the Department has made one change from the Notice. A previous rule making amending Chapter 607, which will become effective April 15, 2020, added a new paragraph 607.10(1)“c” and relettered existing paragraph 607.10(1)“c” as paragraph 607.10(1)“d.” Because of the relettering of that paragraph, Item 5 has been revised to reflect the correct citation of paragraph 607.10(1)“d.”

Adoption of Rule Making

This rule making was adopted by the Department on March 18, 2020.

Fiscal Impact

The fiscal impact statement cannot be determined. The federal regulations adopted by this rule making were subject to fiscal impact review by either the Federal Motor Carrier Safety Administration or the Pipeline and Hazardous Materials Safety Administration when the regulations were enacted and were determined not to be cost-prohibitive.

Jobs Impact

The amendments may have a slight impact on motor carrier operations. However, the amendments should not negatively impact jobs or employment opportunities because the amendments align the rules to federal regulations and bring uniformity and consistency to the industry, which should have a positive impact on employment.

Waivers

Various portions of the federal regulations and Iowa statutes allow some exceptions when the exceptions will not adversely impact the safe transportation of commodities on the nation’s highways. Granting additional exceptions for drivers and the motor carrier industry in Iowa would adversely impact the safety of the traveling public in Iowa.

Review by Administrative Rules Review Committee

The Administrative Rules Review Committee, a bipartisan legislative committee which oversees rule making by executive branch agencies, may, on its own motion or on written request by any individual or group, review this rule making at its regular monthly meeting or at a special meeting. The Committee’s meetings are open to the public, and interested persons may be heard as provided in Iowa Code section 17A.8(6).

Effective Date

This rule making will become effective on May 13, 2020.

The following rule-making actions are adopted:

ITEM 1. Amend paragraph 520.1(1)“a” as follows:
TRANSPORTATION DEPARTMENT[761](cont’d)

ITEM 2. Amend paragraph 520.1(1)“b” as follows:

ITEM 3. Amend rule 761—520.5(321) as follows:

761—520.5(321) Safety fitness.

520.5(1) New motor carrier safety audits. Peace officers in the office of motor vehicle enforcement of the Iowa department of transportation shall perform safety audits of new motor carriers and shall have the authority to enter a motor carrier’s place of business for the purpose of performing these audits. These audits shall be performed in compliance with 49 CFR Part 385 and shall be completed within 18 months from the day the motor carrier commences business.

520.5(2) Motor carrier compliance reviews. Peace officers in the office of motor vehicle enforcement of the Iowa department of transportation shall perform compliance reviews of motor carriers and shall have the authority to enter a motor carrier’s place of business for the purpose of performing these compliance reviews. These compliance reviews shall be performed in compliance with 49 CFR Part 385.

This rule is intended to implement Iowa Code sections 321.449 and 321.450.

ITEM 4. Amend rule 761—529.1(327B) as follows:

Copies of this publication are available from the state law library or through the Internet at www.fmcsa.dot.gov.

ITEM 5. Amend paragraph 607.10(1)“d” as follows:

d. The following portions of 49 CFR Part 383 (October 1, 2018 2019):

3. Subpart G—Required Knowledge and Skills.

TRANSPORTATION DEPARTMENT[761]

Adopted and Filed

Rule making related to driver improvement program

The Department of Transportation hereby amends Chapter 615, “Sanctions,” Iowa Administrative Code.

Legal Authority for Rule Making

This rule making is adopted under the authority provided in Iowa Code sections 307.12 and 321.210 and 2012 Iowa Acts, Senate File 2218, section 5.
State or Federal Law Implemented

This rule making implements, in whole or in part, Iowa Code sections 321.210 and 321.372(3).

Purpose and Summary

This rule making amends Chapter 615 to allow a person convicted of a first offense for unlawfully passing a school bus under Iowa Code section 321.372(3) to be eligible for the driver improvement program, established in rule 761—615.43(321), in lieu of a driver’s license suspension. Currently, a person who is convicted of a first-time offense for unlawfully passing a school bus faces a 30-day driver’s license suspension.

Since the rule establishing license suspension was adopted, it has been reported to the Department that there is difficulty in charging and convicting a person of this offense because of the accompanying driver’s license suspension penalty and associated requirement that the person hold SR-22 insurance for two years following the suspension. The Department believes that allowing a person convicted of a first-time offense for unlawfully passing a school bus to attend the driver improvement program in lieu of a driver’s license suspension will address some of the difficulties with achieving convictions for this offense by offering a consequence that is more in line with other first-time traffic violation convictions. Also, allowing a person with a first-time offense to take a driver improvement course in lieu of license suspension promotes rehabilitating driver behavior, rather than simply punishing drivers or pushing drivers out of the driver system. A driver who attends a driver improvement course will still be subject to a probationary driving period and will be subject to a driver’s license sanction if the driver commits a violation during the probationary period. Furthermore, a driver who fails to attend or successfully complete the driver improvement course will be subject to a driver’s license suspension.

The driver improvement program is a course offered at community colleges throughout the state on a regular basis. The course is eight hours long with evening and weekend options available. The purpose of the course is to examine attitudes and behaviors in relation to driving, to focus on teaching drivers how behind-the-wheel attitudes affect driving behavior, and to give participants the opportunity to reflect on driving behavior and make a commitment to positively alter the participant’s daily driving experience.

Public Comment and Changes to Rule Making

Notice of Intended Action for this rule making was published in the Iowa Administrative Bulletin on January 29, 2020, as ARC 4884C. No public comments were received. No changes from the Notice have been made.

Adoption of Rule Making

This rule making was adopted by the Department on March 10, 2020.

Fiscal Impact

In state fiscal year 2019, the Department issued 492 driver’s license suspensions for a first-time offense of unlawfully passing a school bus. Each time the Department suspends a person’s driver’s license for this type of conviction, the Department is required to assess a $200 civil penalty under Iowa Code section 321.218A. Furthermore, each time a person reinstates the person’s driver’s license after a suspension, the Department is required to assess a $20 reinstatement fee under Iowa Code section 321.191. Accordingly, if 492 persons a year attended the driver improvement course in lieu of having the person’s driver’s license suspended, that would result in $98,400 less going to the juvenile detention home fund annually ($200 × 492 = $98,400) and $9,840 less going to the statutory allocations fund annually ($20 × 492 = $9,840).

Jobs Impact

After analysis and review of this rule making, no impact on jobs has been found.
Waivers

Any person who believes that the person’s circumstances meet the statutory criteria for a waiver may petition the Department for a waiver under 761—Chapter 11.

Review by Administrative Rules Review Committee

The Administrative Rules Review Committee, a bipartisan legislative committee which oversees rule making by executive branch agencies, may, on its own motion or on written request by any individual or group, review this rule making at its regular monthly meeting or at a special meeting. The Committee’s meetings are open to the public, and interested persons may be heard as provided in Iowa Code section 17A.8(6).

Effective Date

This rule making will become effective on May 13, 2020.

The following rule-making actions are adopted:

ITEM 1. Amend subparagraph 615.17(2)“d”(1) as follows:
(1) 30 days for a first conviction unless otherwise provided in subparagraph 615.43(1)”a”(4).

ITEM 2. Adopt the following new subparagraph 615.43(1)”a”(4):
(4) A person who is convicted of a first offense violation of Iowa Code section 321.372(3) or a similar ordinance of any political subdivision.
To protect public health and promote efficient government operations during the COVID-19 outbreak, the format of a public hearing on a notice of intended action (NOIA) scheduled and published in the Iowa Administrative Bulletin (IAB) may be changed, without further publication in the IAB, from an in-person hearing at a physical location to a hearing conducted solely via telephonic or electronic means. For information on whether the format of a public hearing as published in the IAB has changed and how to participate telephonically or electronically in such a hearing, see the internet site of the relevant agency or contact the agency directly using the contact information published in the NOIA. STATE HEMP PLAN APPROVAL

Pursuant to 2019 Iowa Acts, Senate File 599, the Secretary of Agriculture certifies that the United States Department of Agriculture has approved a state plan as described in Iowa Code section 204.3, as enacted in that division of the Act, effective March 19, 2020.

Except as provided in subsection 2 of section 18 of the Act, the provisions of Iowa Code chapter 204 are hereby implemented, including administration and enforcement by the Department of Agriculture and Land Stewardship, the Department of Public Safety, and local law enforcement agencies, effective on the publication date of the Iowa Administrative Bulletin (IAB), April 8, 2020.

ARC 4989C, an Adopted and Filed Emergency rule making to rescind Chapter 96, “Hemp,” Iowa Administrative Code, and to adopt in lieu thereof a new Chapter 96 with the same title, was published in the IAB on March 11, 2020. The rule making contains the approved state plan rules. In addition to its adoption on an emergency basis, the rule making was also initiated through the normal rule-making process and was published under Notice of Intended Action as ARC 4988C in the IAB on March 11, 2020, to allow for public comment.
